**Employment Contracts and Termination of Employment / Change-in-Control Arrangements**

The Company entered into an employment agreement with Charles D. Winston on January 1, 2000 and an amendment to such agreement on February 26, 2002, pursuant to which the Company agreed to employ Mr. Winston as the CEO until December 31, 2003 and to pay him certain benefits upon the termination of his employment without cause, prior to such date, which benefits are further detailed in the severance agreement referenced below. In addition, the employment agreement provides for Mr. Winston to perform consulting services for the Company for a two (2) year period commencing on January 1, 2004, at 50% of his base salary for the last year of his employment agreement. The Company and Mr. Winston expect to enter into a second amendment to Mr. Winston's employment agreement which will extend the term of his employment until December 31, 2005 and the time period for providing consulting services to the Company to a two (2) year period commencing on January 1, 2006.

In addition, the Company has entered into severance agreements with certain members of its executive management team, including the Named Executive Officers. The agreements supercede previously executed severance agreements and all of the agreements provide for a severance payment if employment with the Company is terminated without cause or upon or following defined change of control events. The severance agreement with Mr. Winston was entered into on May 24, 2001 and amended on February 26, 2002. The effective date for each of the agreements with Messrs. Swain and Pelsue and Ms. Palmer is May 24, 2001. Ms. Casal's resignation as V.P., General Counsel effective January 31, 2003 did not trigger the terms of a severance agreement, now terminated, entered into between she and the Company effective as of May 24, 2001.

The severance agreement entered into with Mr. Winston is coterminous with his employment agreement and is not subject to renewal; while the severance agreements entered into with Messrs. Swain and Pelsue and Ms. Palmer continue for a minimum term of three years from their respective effective dates and will automatically extend for periods of one year after the initial term unless the Company or the executive gives notice at least ninety days prior to the expiration of the current period that the agreement will not be extended. Under the severance agreements the payment in the event of termination without cause is equal to a minimum of one year and a maximum of two years of the sum of (a) annual base salary; (b) targeted annual bonus; (c) prorated portion of the annual bonus; and (d) the cost of certain employment benefits, except that with respect to Mr. Winston the payment is equal to a minimum of two years and a maximum of three years of the sum of (a)-(d). If the termination of employment occurs upon or following a defined change of control of the Company, the payment is equal to three times the sum of (a)-(d), except that with respect to Mr. Winston the payment is equal to four times the sum of (a)-(d). Also, pursuant to these agreements all unvested options then held shall immediately vest, provided that such options shall expire upon the earlier of (i) three years or the remainder of the option term in the event of a change of control, or (ii) six months or the remainder of the option term in the event of a termination for cause. Most of these agreements provide that a payment would be increased in the event that it would subject the officer to an excise tax as a parachute payment under the U.S. Federal Tax Code. The increase would be equal to the additional tax liability imposed on the executive as a result of the payment.

**Compensation Committee Interlocks and Insider Participation**

The current members of the Compensation Committee of the Board of Directors are Messrs. Black, Pond and Virgilio. None of the members of the Compensation Committee is or has at any time in the past been an officer or employee of the Company or any of its subsidiaries. No executive officer of the Company served on the compensation committee, or as a director, of another entity, one of whose executive officers served on the Company's Compensation Committee or on its Board of Directors in fiscal 2002.

**Report of Compensation Committee on Executive Compensation**

The executive compensation policy of the Company has as its goals the following:

to provide executives with compensation that is fair and competitive in the market place;

**Table of Contents**

to incentivize executives to meet and exceed financial and other strategic objectives; and

to raise the perspectives of executives from simply increasing the size of the Company to taking a strategic path toward increasing shareholder value.

*Base Salary.* Base salaries are determined on an individual basis taking into consideration the individual's position in the Company, the individual's ability to contribute to the Company's performance and amounts paid by technology companies of similar size for comparable positions.

*Annual Bonus.* Each executive officer has the opportunity to earn an annual bonus. The amount of the bonus is tied to the individual's performance and the achievement of specific goals and objectives which, in some cases, may be difficult to quantify. Cash bonuses may also, at the discretion of the Compensation Committee, be used to recognize other significant contributions of an executive to the overall success of the Company's objectives. All cash bonuses are paid at the discretion and upon the approval of the Compensation Committee. The amount of the potential bonuses varies based upon the executive officer's position in the Company, ability to impact Company performance and contribute to the Company's objectives, and degree of responsibility.

*Long Term Incentives.* Executives may participate in the Company's stock option plans (the Plans). The Plans are administered by the Compensation Committee which designates the individuals who are to be granted options, the number of options to be granted and other terms and conditions of the options. The number of stock options granted to executive officers is based upon the same factors as are relevant in setting their salaries and annual bonuses.

*Chief Executive Officer's Compensation.* During the year ended December 31, 2002, Charles D. Winston served as the Company's Chief Executive Officer. In setting the Chief Executive Officer's salary and target bonus for the year ended December 31, 2002, the Committee reviewed salaries and bonuses paid to other chief executive officers of technology companies of similar size and considered his ability to impact the achievement of the Company's objectives. For the year ended December 31, 2002, Mr. Winston's target bonus was 70% of his base salary and an option to purchase 200,000 common shares was granted to Mr. Winston in 2002 with an exercise price of \$8.350 per share.
