### Execution of Revolving Credit and Term Loan Facility

On November 15, 2007, Navios entered into a Revolving Credit and Term Loan Facility for \$260 million (the “Facility”) in connection with its initial public offering and the completion of the purchase of certain of its vessels. The Facility was made by and between Navios, Commerzbank AG and DVB Bank AG, as lenders, and DVB Bank AG as agent, swap bank, joint-arranger and security trustee, and Commerzbank AG as payment agent, account bank, joint-arranger and swap bank. The Facility is a revolving facility for up to four years and converts to a term facility for up to 6.5 years thereafter so that final maturity will be 10 years. The interest rate is LIBOR plus a margin of between 0.8% and 1.25% depending on the loan to value ratio. Obligations under the Facility are secured by first priority mortgages covering each of Navios’ vessels and other collateral and are guaranteed by each vessel-owning subsidiary. The Facility contains certain operating restrictive covenants, as well as compliance requirements and maintenance of certain financial ratios. A copy of the Facility is furnished as Exhibit 99.1 to this Report and is incorporated herein by reference.
