By doing so, you will ensure that your shares are represented and voted at the Annual Meeting. If you decide to attend, you can still vote your shares in person if you wish. Please let us know whether you plan to attend the Annual Meeting by indicating your plans when prompted over the Internet voting system or the telephone or (if you have received a paper copy of the proxy materials) by marking the appropriate box on the proxy card sent to you.

Proxy Statement

This proxy statement is being made available to the holders of the common stock, par value \$0.01 per share, of L-3 Communications Holdings, Inc. (the “Common Stock”) in connection with the solicitation of proxies for use at the Annual Meeting to be held at the Ritz-Carlton New York, Battery Park, located at Two West Street, New York, New York at 2:30 p.m., Eastern Daylight Time, on Tuesday, April 29, 2008.

RECORD DATE

Our Board of Directors has fixed the close of business on March 3, 2008 as the Record Date for the Annual Meeting. Only stockholders of record at the Record Date are entitled to notice of and to vote at the Annual Meeting or at any adjournments or postponements thereof, in person or by proxy. At the Record Date, there were 122,483,203 shares of our Common Stock outstanding and entitled to vote at the Annual Meeting. On March 17, 2008, we either mailed you a notice (the “Notice”) notifying each Stockholder entitled to vote at the Annual Meeting how to vote online and how to electronically access a copy of this proxy statement, our Summary Annual Report and our Annual Report on Form 10-K for the year ended December 31, 2007 (together referred to as the “Proxy Materials”) or mailed you a complete set of the Proxy Materials. If you have not received, but would like to receive, printed copies of these documents, including a proxy card in paper format, you should follow the instructions for requesting such materials contained in the Notice.

PROXIES

The proxies are solicited on behalf of our Board of Directors for use at the Annual Meeting and any adjournments or postponements of the Annual Meeting, and the expenses of solicitation of proxies will be borne by us. The solicitation will be made primarily via the Internet and by mail, but our officers and regular employees may also solicit proxies by telephone, telegraph, facsimile, or in person. We also have retained Georgeson Inc. to assist in soliciting proxies. L-3 expects to pay Georgeson approximately \$10,000 plus expenses in connection with its solicitation of proxies. Each holder of Common Stock is entitled to one vote for each share of our Common Stock held by such holder. The holders in person or by proxy of a majority of the Common Stock entitled to be voted at the Annual Meeting shall constitute a quorum.

Each Stockholder may appoint a person (who need not be a stockholder) other than the persons named in the proxy to represent him or her at the Annual Meeting by completing another proper proxy. In either case, such completed proxy should be returned in the envelope provided to you for that purpose (if you have requested or received a paper copy of the Proxy Materials) or should be delivered to our Corporate Secretary at 600 Third Avenue, New York, New York 10016, not later than 5:00 p.m., Eastern Daylight Time, on Monday, April 28, 2008.

Any proxy delivered pursuant to this solicitation is revocable at the option of the person(s) executing the proxy upon our receipt, prior to the time the proxy is voted, of a duly executed instrument revoking it, or of a duly executed proxy bearing a later date, or in the case of death or incapacity of the person(s) executing the proxy, of written notice of such death or incapacity, or by such person(s) voting in person at the Annual Meeting. Unless revoked, all proxies representing shares entitled to vote that are delivered pursuant to this solicitation will be voted at the Annual Meeting and, where a choice has been specified on the proxy card, will be voted in accordance with such specification. Where

a choice has not been specified on the proxy card, the proxy will be voted in accordance with the recommendations of our Board of Directors.

Assuming a quorum is present, a majority of the shares of Common Stock entitled to vote and present in person or represented by proxy at the Annual Meeting is required for the election of

directors, the selection of the independent registered public accounting firm and the approval of both the L-3 Communications Holdings, Inc. 2008 Long Term Performance Plan (“2008 Plan”) and the L-3 Communications Holdings, Inc. 2008 Directors Stock Incentive Plan (“2008 Directors Plan”). For each of the above proposals, abstentions and instances where brokers are prohibited from exercising discretionary authority for beneficial owners who have not returned a proxy (so-called “broker non-votes”) will be counted for purposes of determining a quorum. However, in determining whether the 2008 Plan and 2008 Directors Plan have been approved by the stockholders, abstentions and “broker non-votes” will be counted as votes against the approval of the 2008 Plan and the 2008 Directors Plan. In addition, for the election of directors and the selection of the independent registered public accounting firm, abstentions will be counted as votes against the election of directors and the selection of the independent registered public accounting firm.

VOTING IN PERSON

If you are a stockholder of record and prefer to vote your shares at the Annual Meeting, you must bring proof of identification along with your Notice or the admission ticket attached to your proxy card if you received a paper copy. You may vote shares held in street name at the Annual Meeting only if you obtain a signed proxy from the record holder (broker or other nominee) giving you the right to vote the shares.

Even if you plan to attend the Annual Meeting, we encourage you to vote in advance by Internet, telephone or (if you received a paper copy of the Proxy Materials) by mail so that your vote will be counted even if you later were to decide not to attend the Annual Meeting. Voting your proxy by the Internet, telephone or mail will not limit your right to vote at the Annual Meeting if you later decide to attend in person. If you own your shares of our Common Stock through a bank, brokerage firm or other record holder and wish to vote in person at the Annual Meeting, you must request a “legal proxy” from your bank or broker or obtain a proxy from the record holder.

Proposal 2. Approval of the L-3 Communications Holdings, Inc. 2008 Long Term Performance Plan

On February 5, 2008, the Board of Directors authorized and approved the L-3 Communications Holdings, Inc. 2008 Long Term Performance Plan (the "2008 Plan"). The purpose of the 2008 Plan is to benefit the Company's stockholders by encouraging high levels of performance by individuals who contribute to the success of the Company and its subsidiaries and to enable the Company and its subsidiaries to attract, motivate, retain and reward talented and experienced individuals. This purpose is to be accomplished by providing eligible individuals with an opportunity to obtain or increase a proprietary interest in the Company and/or by providing eligible individuals with additional incentives to join or remain with the Company and its subsidiaries. The Company has reserved 5,000,000 shares of Common Stock for issuance under the 2008 Plan, subject to approval of the 2008 Plan by the stockholders. A copy of the 2008 Plan is attached hereto as Exhibit A.

If the 2008 Plan is approved by the stockholders, it will become effective as of April 29, 2008 and no additional shares will be issued under the 1999 Long Term Performance Plan. Unless terminated earlier by the Company's Board of Directors, the 2008 Plan will terminate on April 29, 2018.

The 2008 Plan is hereby proposed for approval by the stockholders. The affirmative vote of the holders of a majority of the shares present or represented and entitled to vote at the Annual Meeting will be necessary to approve the 2008 Plan.

DESCRIPTION OF THE 2008 PLAN

ELIGIBILITY

Awards under the 2008 Plan may be granted to any employee, including any officer, of the Company or any of its subsidiaries or to any other individual who provides services to or on behalf of the Company or any of its subsidiaries, subject to the discretion of the Committee (as defined below) to determine the particular employees and other individuals who, from time to time, will be selected to receive awards. As of December 31, 2007, we employed approximately 64,600 employees.

TYPES OF AWARDS

Awards under the 2008 Plan may be in the form of non-qualified stock options, incentive stock options, stock appreciation rights (SARs), restricted stock and other share-based awards, such as performance-based awards. Awards may be granted singly or in combination with other awards, consistent with the terms of the 2008 Plan. Each award will be evidenced by an award agreement entered into between the Company and the recipient setting forth the specific terms and conditions applicable to that award. Awards under the 2008 Plan generally will be nontransferable by a holder (other than by will or the laws of descent and distribution) and rights thereunder generally will be exercisable during the holder's lifetime only by the holder, except that awards, other than awards of incentive stock options, may be transferred to and exercised by a family member or family members of a participant or transferred to an irrevocable trust established for the benefit a participant's family members during the participant's lifetime. The maximum term of unvested or unexercised awards under the 2008 Plan is ten years from the initial grant date.

Stock options authorized under the 2008 Plan are rights to purchase a specified number of shares of the Common Stock at an exercise price of not less than the fair market value of the Common Stock on the grant date during the period set forth in the individual participant's award agreement. Dividends and dividend equivalents may not be paid on unissued shares underlying option awards. Stock options that are granted as incentive stock options will be granted

with such additional terms as are necessary to satisfy the applicable requirements of Section 422 of the U.S. Internal Revenue Code of 1986, as amended from time to time (the “Code”). The fair market value of the Common Stock for which incentive stock options are exercisable for the first time by an optionee during any calendar year can not exceed \$100,000 (measured as of the grant date) under current tax laws. Other awards are not limited in this manner.

9

Table of Contents

SARs may be granted on a freestanding basis, in relation to a stock option or in “tandem” with a stock option, such that the exercise of either the option or the SAR cancels the recipient’s rights under the tandem award with respect to the number of shares so exercised. SARs entitle the recipient to receive, upon exercise of the SAR, an amount (payable in cash and/or Common Stock or other property) equal to the amount of the excess, if any, of the fair market value of a share of the Common Stock on the date the SAR is exercised (or some lesser ceiling amount) over the base price of the SAR (or the exercise price of an option, if the SAR is granted in tandem with an option), which cannot be less than the fair market value of a share of the Common Stock on the date the SAR was awarded (or the exercise price of a related stock option). Dividends and dividend equivalents may not be paid on unissued shares underlying SARs.

Restricted stock is Common Stock issued to the recipient, typically for minimal lawful consideration and subject to certain risks of forfeiture and restrictions and limitations on transfer, the vesting of which may depend on individual or corporate performance, continued service or other criteria.

Other incentive awards might include minimum ownership stock, phantom stock or units, performance stock or units, bonus stock or units, dividend equivalent units, similar securities or rights and other awards payable in or with a value derived from or a price related to the fair market value of the Common Stock, payable in Common Stock and/or cash, all on such terms as the Committee may approve. Such awards may be granted, become vested or be payable based upon the continued employment of a participant, or upon the attainment of specified corporate or individual performance goals (as in the case of performance stock or units).

Under Section 162(m) of the Code (“Section 162(m)”), the Company may not deduct certain compensation over \$1,000,000 in any year to the Chief Executive Officer or any of the four other most highly compensated executive officers of the Company unless, among other things, this compensation qualifies as “performance-based compensation” under Section 162(m), and the material terms of the plan for such compensation are approved by stockholders. With reference to awards intended to qualify as performance-based compensation under Section 162(m), the material terms of the 2008 Plan include the eligible class of participants, the performance goal or goals and the maximum annual amount payable thereunder to any individual participant.

The eligible class of persons for performance-based awards under the 2008 Plan is all employees of the Company and its subsidiaries. Awards that are intended to qualify as performance-based awards under the 2008 Plan (other than stock options and SARs) may be granted only in accordance with the performance-based requirements of Section 162(m), as set forth below.

The performance goals for performance-based awards under the 2008 Plan are any one or a combination of earnings per share, return on equity, return on invested capital, total stockholder return and cash flow or any other performance goal or goals that the Committee, in its discretion, establishes in accordance with the requirements of Section 162(m). Specific performance periods (which may overlap with performance periods under outstanding performance-based awards), weightings of more than one performance goal and target levels of performance upon which actual payments will be based, as well as the award levels payable upon achievement of specified levels of performance, will be determined by the Committee not later than the applicable deadline under Section 162(m) and in any event at a time when achievement of such targets is substantially uncertain. These variables may change from award to award. To the extent set forth in an individual participant’s award agreement, appropriate adjustments to the performance goals and targets in respect of performance-based awards may be made by the Committee based upon objective criteria in the case of (i) a change in corporate capitalization, a corporate transaction or a complete or partial corporate liquidation, (ii) any extraordinary gain or loss under generally accepted accounting principles or (iii) any material change in accounting policies or practices affecting the Company and/or the performance goals or targets. The Company believes that specific performance targets (when established) may constitute confidential business information, the

disclosure of which may adversely affect the Company or mislead the public.

The Committee must certify the achievement of the applicable performance goals and the actual amount payable to each participant under the performance-based awards prior to payment. The Committee may retain discretion to reduce, but not increase, the amount payable under a performance-based award to any participant, notwithstanding the achievement of targeted performance goals. Awards may be accelerated in the event of the employee's death, permanent disability or retirement or in the event of a Change in Control of the Company, as described below.

The Committee also has the authority to grant awards under the 2008 Plan in substitution for or as the result of the assumption of stock incentive awards held by employees of other entities who become employees of the Company or a subsidiary as a result of a merger or acquisition of the entity.

Awards may be granted in connection with the surrender or cancellation of previously granted awards, or may be amended, under such terms and conditions, including numbers of shares and exercise price, exercisability or termination, that are the same as or different from the existing awards, all as the Committee may approve, except that no such grant or amendment may effect a repricing of the original award.

ADMINISTRATION; CHANGE IN CONTROL

The 2008 Plan provides that it shall be administered by the Compensation Committee (or subcommittee thereof) or another committee of the Board of Directors ("Committee"), constituted so as to permit awards under the 2008 Plan to comply with the "non-employee director" provisions of Rule 16b-3 under the Exchange Act and the "outside director" requirements of Section 162(m). The Committee has the authority within the terms and limitations of the 2008 Plan to designate recipients of awards, determine or modify (so long as it does not effect a repricing of the original award) the form, amount, terms, conditions, restrictions, and limitations of awards, including vesting provisions (subject to applicable limitations described below with respect to restricted stock), terms of exercise of an award, expiration dates and the treatment of an award in the event of the retirement, disability, death or other termination of a participant's employment with the Corporation, and to construe and interpret the 2008 Plan. Such authority includes (subject to the limitations of the 2008 Plan) the discretion to accelerate vesting, extend the term or waive termination provisions or other restrictive conditions of outstanding awards.

The Committee is authorized to include specific provisions in award agreements relating to the treatment of awards in the event of a "Change in Control" of the Company and is authorized to take certain other actions in such an event. Change in Control under the 2008 Plan is defined generally to include: (i) a change in ownership involving a majority of the outstanding voting securities of the Company, (ii) a sale of all or substantially all of the assets of the Company or L-3 Communications Corporation or any successor thereto, (iii) certain changes, during any period of 24 months or less, of 50 percent or more of the members of its Board of Directors, or (iv) in the Committee's sole discretion on a case-by-case basis with respect to outstanding awards to affected employees, the sale of a subsidiary, division or business unit.

The Committee may delegate to the officers or employees of the Company the authority to execute and deliver such instruments and documents and to take actions necessary, advisable or convenient for the effective administration of the 2008 Plan. It is intended generally that the awards under the 2008 Plan and the 2008 Plan itself comply with and be interpreted in a manner that, in the case of participants who are subject to Section 16 of the Exchange Act and for whom (or whose awards) the benefits of Rule 16b-3 are intended, satisfies the applicable requirements of Rule 16b-3 so that such persons will be entitled to the benefits of Rule 16b-3 or other exemptive rules under that Section. Similarly and as described further below, it is intended generally that the awards under the 2008 Plan will not be granted, deferred, accelerated, extended, modified or paid in a manner that would result in the participant incurring any tax liability under Section 409A of the Code. The 2008 Plan provides that neither the Company nor any member

of the Board of Directors or of the Committee shall have any liability to any person for any action taken or not taken in good faith under the 2008 Plan.

AMENDMENT AND TERMINATION

The Board of Directors has the authority to amend, suspend or discontinue the 2008 Plan at any time, subject to any stockholder approval that may be required under applicable law and provided that no such action will affect any outstanding award in any manner adverse to the participant without the consent of the participant. Notwithstanding the foregoing, any amendment that would (i) materially increase the benefits accruing to any participant, (ii) materially increase the aggregate number of shares of Common Stock or other equity interests that may be issued under the 2008 Plan, or (iii) materially modify the requirements as to eligibility for participation in this 2008 Plan, shall be subject to stockholder approval. In addition, stockholder approval may be required to satisfy tax rules applicable to performance-based compensation under Section 162(m) or to subsequent grants of incentive stock options, or to satisfy other applicable legal requirements. Because the Committee retains the discretion to set and change the specific targets for each performance period under a performance-based award intended to be exempt from Section 162(m), stockholder ratification of the performance goals will be required, in any event, at five-year intervals in the future to exempt awards granted under the 2008 Plan from the limitations on deductibility thereunder.

AUTHORIZED SHARES; OTHER PROVISIONS; NON-EXCLUSIVITY

The maximum number of shares of the Common Stock that may be issued in respect of awards under the 2008 Plan may not exceed 5,000,000 shares. In addition, (i) the maximum number of shares of Common Stock that may be issued pursuant to “full value” awards (i.e., all awards excluding stock options and SARs) is 2,500,000, (ii) the maximum number of shares of Common Stock that may be issued pursuant to incentive stock option awards (i.e., stock options granted in accordance with Section 422 of the Code) is 3,000,000, and (iii) the maximum number of shares of Common Stock that may be issuable (or payable in cash by reference to such shares) pursuant to all awards granted during a calendar year to any individual participant is 500,000. With respect to performance-based awards, (i) the maximum number of shares of Common Stock that may be issuable (or payable in cash by reference to such shares) to any participant over the life of the 2008 Plan may not exceed 5% of the Company’s total outstanding shares of Common Stock and (ii) the maximum number of shares of Common Stock that may be issuable (or payable in cash by reference to such shares) pursuant to all awards (including stock options and SARs) granted during a calendar year to any individual participant is 500,000.

The number and kind of shares available for grant and the shares subject to outstanding awards (as well as individual share limits on awards and exercise prices of awards) shall be adjusted to reflect the effect of a stock dividend, stock split, recapitalization, merger, consolidation, reorganization, combination or exchange of shares, extraordinary dividend or other distribution or other similar transaction. Any unexercised or undistributed portion of any expired, cancelled, terminated or forfeited award, or any alternative form of consideration under an award that is not paid in connection with the settlement of any portion of an award, will again be available for award under the 2008 Plan, whether or not the participant has received benefits of ownership (such as dividends or dividend equivalents or voting rights) during the period in which the participant’s ownership was restricted or otherwise not vested. However, the following shares of Common Stock shall not become available for reissuance under the 2008 Plan: (i) shares tendered by participants as full or partial payment to the Company upon exercise of stock options or other awards granted under the 2008 Plan; (ii) shares of Common Stock reserved for issuance upon the grant of SARs, to the extent the number of reserved shares exceeds the number of shares actually issued upon exercise of the SARs; and (iii) shares withheld by, or otherwise remitted to, the Company to satisfy a participant’s tax withholding obligations upon the lapse of restrictions on restricted stock or the exercise of stock options or SARs or upon any other payment or issuance of shares under any other award granted under the 2008 Plan. With respect to the individual share limits on performance-based awards, awards that are cancelled will be counted against the applicable limits to the extent required by Section 162(m).

UPON APPROVAL OF THE 2008 PLAN BY THE STOCKHOLDERS, THE COMPANY INTENDS TO REGISTER UNDER THE SECURITIES ACT OF 1933 THE 5,000,000 SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE UNDER THE 2008 PLAN.

Full payment for shares purchased on exercise of any option or received under any other award, along with payment of any required tax withholding, must be made at the time of such exercise in cash or, if permitted by the Committee, in shares of Common Stock delivered by the participant or withheld from an award, or any combination thereof, or pursuant to such “cashless exercise” procedures as may be permitted by the Committee.

Except as specifically provided under an individual participant’s award agreement approved by the Committee, the minimum vesting period for awards of restricted stock is three years from the grant date (or one year in the case of restricted stock awards that are performance-based awards) and may not be accelerated to an earlier date except in the event of the participant’s death, permanent disability or retirement or in the event of a Change in Control. The 2008 Plan does not impose any minimum vesting periods on other types of awards, and the Committee may establish the vesting requirements (if any) for such awards in its sole discretion. However, shares of Common Stock acquired after exercise of an option may not, in the ordinary course, be sold before the expiration of six months from the grant date.

The 2008 Plan is not exclusive and does not limit the authority of the Company, the Board of Directors or the Committee to grant awards or authorize any other compensation, with or without reference to the Common Stock, under any other plan or authority.

FEDERAL INCOME TAX CONSEQUENCES

The following is a general description of federal income tax consequences to participants and the Company relating to nonqualified and incentive stock options and certain other awards that may be granted under the 2008 Plan. This discussion does not purport to cover all tax consequences relating to stock options and other awards.

An optionee will not recognize income upon the grant of a nonqualified stock option to purchase shares of Common Stock. Upon exercise of the option, the optionee will recognize ordinary compensation income equal to the excess of the fair market value of the Common Stock on the date the option is exercised over the option price for such Common Stock. The tax basis of the Common Stock acquired by exercising an option in the hands of the optionee will equal the option price for the Common Stock plus the amount of ordinary compensation income the optionee recognizes upon exercise of the option, and the holding period for the Common Stock will commence on the day the option is exercised. An optionee who sells Common Stock acquired by exercising an option will recognize capital gain or loss measured by the difference between the tax basis of the Common Stock and the amount realized on the sale. Such gain or loss will be long-term if the Common Stock is held for more than 12 months after exercise, and short-term if held for 12 months or less after exercise. The Company or a subsidiary will be entitled to a deduction equal to the amount of ordinary compensation income recognized by the optionee. The deduction will be allowed at the same time the optionee recognizes the income.

An optionee will not recognize income upon the grant of an incentive stock option to purchase shares of Common Stock, and will not recognize income upon exercise of the option, provided such optionee was an employee of the Company or a subsidiary at all times from the grant date until three months prior to exercise (or one year prior to exercise in the event of disability). Generally, the amount by which the fair market value of the Common Stock on the date of exercise exceeds the option price will be includable in alternative minimum taxable income for purposes of determining alternative minimum tax and such amount will be added to the tax basis of such Common Stock for purposes of determining alternative minimum taxable income in the year the Common Stock is sold. Where an

optionee who has exercised an incentive stock option sells the shares acquired upon exercise more than two years after the grant date and more than one year after exercise, long-term capital gain or loss will be recognized equal to the difference between the sales price and the option price. An optionee who sells such shares within two years after the grant date or within one year after

13

Table of Contents

exercise will recognize ordinary compensation income in an amount equal to the lesser of (i) the difference between the fair market value of the shares on the date of exercise and the amount paid for the shares, or (ii) the excess of the amount realized on the sale over the adjusted basis in the shares. Any remaining gain or loss will be treated as a capital gain or loss. The Company or a subsidiary will be entitled to a deduction equal to the amount of ordinary compensation income recognized by the optionee in this case. The deduction will be allowable at the same time the optionee recognizes the income.

The current federal income tax consequences of other awards authorized under the 2008 Plan generally follow certain basic patterns: SARs are taxed to the individuals and deductible by the Company in substantially the same manner as nonqualified stock options; and nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value of the Common Stock over the purchase price (if any) at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the grant date); in each of the foregoing cases, the Company will generally have (at the time the participant recognizes income) a corresponding deduction.

If, as a result of a Change in Control event, a participant's stock options or SARs or other rights become immediately exercisable, or restrictions immediately lapse on an award, or cash, shares or other benefits covered by another type of award are immediately vested or issued, the additional economic value, if any, attributable to the acceleration or issuance may be deemed a "parachute payment" under Section 280G of the Code. In such case, the participant may be subject to a 20% non-deductible excise tax as to all or a portion of such economic value, in addition to any income tax payable. The Company will not be entitled to a deduction for that portion of any parachute payment that is subject to the excise tax.

Notwithstanding any of the foregoing discussions with respect to the deductibility of compensation under the 2008 Plan, Section 162(m) would render non-deductible to the Company certain compensation in excess of \$1,000,000 in any year to the Named Executive Officers, unless such excess compensation is "performance-based" (as defined in Section 162(m)) or is otherwise exempt from Section 162(m). The applicable conditions of an exemption for a performance-based compensation plan include, among others, a requirement that the stockholders approve the material terms of the plan. Stock options, SARs and certain (but not all) other types of awards may be granted to qualify for the exemption for performance-based compensation under Section 162(m).

The American Jobs Creation Act of 2004 introduced a new section of the Code ("Section 409A") covering certain nonqualified deferred compensation arrangements. Section 409A generally establishes new rules that must be followed with respect to covered deferred compensation arrangements in order to avoid the imposition of an additional 20% tax (plus interest) on the service provider who is entitled to receive the deferred compensation. Certain awards that may be granted under the 2008 Plan may constitute "deferred compensation" within the meaning of and subject to Section 409A. The 2008 Plan is intended to be interpreted and operated in accordance with Section 409A, including any regulations or guidance issued by the Treasury Department, and contains a number of provisions intended to avoid the imposition of additional tax on the 2008 Plan participants under Section 409A. The Board of Directors may amend the 2008 Plan, and the Committee may amend outstanding awards thereunder, while preserving the intended benefits of awards granted under the 2008 Plan to avoid the imposition of an additional tax under Section 409A. In addition, no award under the 2008 Plan can be granted, deferred, accelerated, extended, paid out or modified under the 2008 Plan in a manner that would result in the imposition of an additional tax under Section 409A on a participant. If a payment with respect to an award would result in tax liability to the participant under 409A, the Company will not make the payment when otherwise required and instead will make the payment on the first day that payment would not result in the tax liability.

The Board of Directors Recommends a Vote FOR Approval of the L-3 Communications Holdings, Inc. 2008 Long Term Performance Plan.

14

Proposal 3. Approval of the L-3 Communications Holdings, Inc. 2008 Directors Stock Incentive Plan

On February 5, 2008, the Board of Directors authorized and approved the L-3 Communications Holdings, Inc. 2008 Directors Stock Incentive Plan (the "2008 Directors Plan"). The purpose of the 2008 Directors Plan is to promote the long-term financial interests and growth of the Company by attracting and retaining non-employee directors with the training, experience and ability to enable them to make a substantial contribution to the success of the Company's business, and to further the alignment of interests of non-employee directors with those of the stockholders of the Company through opportunities for increased Common Stock, or stock-based, ownership in the Company. The Company has reserved 300,000 shares of Common Stock for issuance under the 2008 Directors Plan, subject to approval of the 2008 Directors Plan by the stockholders. A copy of the 2008 Directors Plan is attached hereto as Exhibit B.

If the 2008 Directors Plan is approved by the stockholders, it will become effective as of April 29, 2008 and no additional shares will be issued under the 1998 Directors Stock Option Plan for Non-Employee Directors of L-3 Communications Holdings, Inc. Unless terminated earlier by the Company's Board of Directors, the 2008 Directors Plan will terminate on April 29, 2018.

The 2008 Directors Plan is hereby proposed for approval by the stockholders. The affirmative vote of the holders of a majority of the shares present or represented and entitled to vote at the Annual Meeting will be necessary to approve the 2008 Directors Plan.

DESCRIPTION OF THE 2008 DIRECTORS PLAN

ELIGIBILITY

Awards under the 2008 Directors Plan may be granted only to non-employee directors of the Company. As of December 31, 2007, we had eight non-employee directors.

TYPES OF AWARDS

Awards under the 2008 Directors Plan may be in the form of non-qualified stock options, restricted stock, restricted stock units and minimum ownership stock. Awards may be granted singly or in combination with other awards, consistent with the terms of the 2008 Directors Plan. Each award will be evidenced by an award agreement entered into between the Company and the recipient setting forth the specific terms and conditions applicable to that award. Awards under the 2008 Directors Plan generally will be nontransferable by a holder (other than by will or the laws of descent and distribution) and rights thereunder generally will be exercisable during the holder's lifetime only by the holder, except that awards may be transferred to and exercised by a family member or family members of a participant or transferred to an irrevocable trust established for the benefit a participant's family members during the participant's lifetime. The maximum term of unvested or unexercised awards under the 2008 Directors Plan is ten years from the initial grant date.

Stock options are rights to purchase a specified number of shares of the Common Stock at an exercise price of not less than the fair market value of the Common Stock on the grant date during the period set forth in the individual participant's award agreement. Stock options authorized under the 2008 Directors Plan are not intended to comply with the requirements of Section 422 of the Code. Dividends and dividend equivalents may not be paid on unissued shares underlying option awards.

Restricted stock is Common Stock issued to the recipient, typically for minimal lawful consideration and subject to certain risks of forfeiture and restrictions and limitations on transfer, the vesting of which may depend on continued service or other criteria.

A restricted stock unit is an award of bookkeeping credits that automatically convert into shares of Common Stock upon satisfaction of a stated vesting period or requirement. Restricted stock units are not outstanding shares of Common Stock and do not entitle a participant to voting or other rights with respect to Common Stock; provided, however, that the applicable award agreement may provide for the payment of dividend equivalents on unissued shares of Common Stock underlying an award of restricted stock units, on either a current or deferred or contingent basis, and either in cash or in additional shares of Common Stock.

15

Minimum ownership stock is an award of shares of Common Stock that are issued to the participant in lieu of cash compensation otherwise payable to the participant in order to satisfy the Company's applicable stock ownership guidelines from time to time in effect. Minimum ownership stock shall not be subject to any vesting period or requirement, but may be subject to restrictions on transfer and/or such other restrictions on incidents of ownership as the Committee may determine. Such restrictions are not expected to constitute a substantial risk of forfeiture for federal income tax purposes.

Awards may be granted in connection with the surrender or cancellation of previously granted awards, or may be amended, under such terms and conditions, including numbers of shares and exercise price, exercisability or termination, that are the same as or different from the existing awards, all as the Committee may approve, except that no such grant or amendment may effect a repricing of the original award and no amendment may modify an outstanding award in a manner that is adverse to the participant without the participant's consent.

ADMINISTRATION; CHANGE IN CONTROL

The 2008 Director Plan provides that it shall be administered by the Committee or subcommittee thereof, constituted so as to permit awards under the 2008 Director Plan to comply with the "non-employee director" provisions of Rule 16b-3 under the Exchange Act. The Board of Directors has the authority within the terms and limitations of the 2008 Director Plan (including the authority to delegate such authority in whole or in part to the Committee) to designate recipients of awards and to determine the timing, form and amount of shares of Common Stock subject to such awards. The Committee has the authority within the terms and limitations of the 2008 Director Plan to determine or modify (so long as it does not effect a repricing of the original award) the terms, conditions, restrictions and limitations of awards, including vesting provisions, terms of exercise of an award, expiration dates and the treatment of an award in the event of the retirement, disability, death or other termination of a participant's service as a non-employee director of the Corporation, and to construe and interpret the 2008 Directors Plan. Such authority includes (subject to the limitations of the 2008 Directors Plan) the discretion to accelerate vesting, extend the term or waive termination provisions or other restrictive conditions of outstanding awards.

The Committee is authorized to include specific provisions in award agreements relating to the treatment of awards in the event of a "Change in Control" of the Company and is authorized to take certain other actions in such an event. Change in Control under the 2008 Director Plan is defined generally to include: (i) a change in ownership involving a majority of the outstanding voting securities of the Company, (ii) a sale of all or substantially all of the assets of the Company or L-3 Communications Corporation or any successor thereto, or (iii) certain changes, during any period of 24 months or less, of 50 percent or more of the members of its Board of Directors.

The Committee may delegate to certain officers of the Company its duties under the 2008 Directors Plan subject to such conditions and limitations as the Committee may prescribe, except that under no circumstances may any such duties be delegated (including the authority to approve the grant of an award) except as permitted under applicable law. It is intended generally that the awards under the 2008 Directors Plan and the 2008 Directors Plan itself comply with and be interpreted in a manner that satisfy the applicable requirements of Rule 16b-3, so that the participants will be entitled to the benefits of Rule 16b-3 or other exemptive rules under that Section. The 2008 Directors Plan provides that no member of the Committee shall have any liability to any person for any action taken or not taken in good faith under the 2008 Directors Plan.

AMENDMENT AND TERMINATION

The Board of Directors has the authority to amend, suspend or discontinue the 2008 Directors Plan at any time, subject to stockholder approval that may be required under applicable law. Notwithstanding the foregoing, no such

action may be taken that would modify an outstanding award in a manner that is adverse to the participant without the participant's consent, change the requirements relating to the Committee, or (without obtaining stockholder approval) extend the term of the 2008 Director Plan.

16

AUTHORIZED SHARES; OTHER PROVISIONS; NON-EXCLUSIVITY

The number of shares of the Common Stock that may be issued in respect of awards under the 2008 Directors Plan may not exceed 300,000 shares. The number of shares available for grant and the shares subject to outstanding awards (as well as individual exercise prices of awards) shall be adjusted to reflect the effect of a stock dividend, stock split, recapitalization, merger, consolidation, reorganization, combination or exchange of shares, extraordinary dividend or other distribution or other similar transaction. Any unexercised or undistributed portion of any expired, cancelled, terminated or forfeited award, or any alternative form of consideration under an award that is not paid in connection with the settlement of any portion of an award, will again be available for award under the 2008 Directors Plan, whether or not the participant has received benefits of ownership (such as dividends or dividend equivalents or voting rights) during the period in which the participant's ownership was restricted or otherwise not vested. However, the following shares of Common Stock shall not become available for reissuance under the 2008 Directors Plan: (i) shares tendered by participants as full or partial payment to the Company upon exercise of stock options and (ii) shares withheld by, or otherwise remitted to, the Company to satisfy a participant's tax withholding obligations in connection with an award.

UPON APPROVAL OF THE 2008 DIRECTORS PLAN BY THE STOCKHOLDERS, THE COMPANY INTENDS TO REGISTER UNDER THE SECURITIES ACT OF 1933 THE 300,000 SHARES OF COMMON STOCK AUTHORIZED FOR ISSUANCE UNDER THE 2008 DIRECTORS PLAN.

Full payment for shares purchased on exercise of any option or received under any other award, along with payment of any required tax withholding, must be made at the time of such exercise in cash or, if permitted by the Committee, in shares of Common Stock delivered by the participant or withheld from an award, or any combination thereof, including such "cashless exercise" procedures as may be permitted by the Committee. Any payment required in respect of other awards may be in such amount and in any lawful form of consideration as may be authorized by the Committee.

The 2008 Directors Plan does not impose minimum vesting periods on any types of awards, and the Committee may establish the vesting requirements (if any) for awards in its sole discretion. However, shares of Common Stock acquired after exercise of an option may not, in the ordinary course, be sold before the expiration of six months from the grant date.

The 2008 Directors Plan is not exclusive and does not limit the authority of the Company, the Board of Directors or the Committee to grant awards or authorize any other compensation, with or without reference to the Common Stock, under any other plan or authority.

FEDERAL INCOME TAX CONSEQUENCES

The following is a general description of Federal income tax consequences to participants and the Company relating to nonqualified stock options and certain other awards that may be granted under the 2008 Directors Plan. This discussion does not purport to cover all tax consequences relating to stock options and other awards.

An optionee will not recognize income upon the grant of a nonqualified stock option to purchase shares of Common Stock. Upon exercise of the option, the optionee will recognize ordinary compensation income equal to the excess of the fair market value of the Common Stock on the date the option is exercised over the option price for such Common Stock. The tax basis of the Common Stock acquired by exercising an option in the hands of the optionee will equal the option price for the Common Stock plus the amount of ordinary compensation income the optionee recognizes upon exercise of the option, and the holding period for the Common Stock will commence on the day the option is

exercised. An optionee who sells Common Stock acquired by exercising an option will recognize capital gain or loss measured by the difference between the tax basis of the Common Stock and the amount realized on the sale. Such gain or loss will be long-term if the Common Stock is held for more than 12 months after exercise and short-term if held for 12 months or less after exercise. The Company will be entitled to a deduction equal to the amount of ordinary compensation income recognized by the optionee. The deduction will be allowed at the same time the optionee recognizes the income.

17

Nontransferable restricted stock subject to a substantial risk of forfeiture results in income recognition equal to the excess of the fair market value of the Common Stock over the purchase price (if any) at the time the restrictions lapse (unless the recipient elects to accelerate recognition as of the grant date); in such case, the Company will generally have (at the time the participant recognizes income) a corresponding deduction.

A restricted stock unit should not result in income recognition for a participant until the participant is no longer subject to a substantial risk of forfeiture and receives a distribution of Common Stock. The amount of the income shall be equal to the fair market value of the Common Stock on the date that the shares of Common Stock are delivered to the participant. In such case, the Company will generally have (at the time the participant recognizes income) a corresponding deduction.

Minimum ownership stock will not be subject to a substantial risk of forfeiture so it is expected to result in income recognition equal to the excess of the fair market value of the Common Stock over the purchase price (if any) at the time of the grant of the award. The Company will generally have a corresponding deduction at the same time.

If, as a result of a change in control event, a participant's stock options or other rights become immediately exercisable, or restrictions immediately lapse on an award, or cash, shares or other benefits covered by another type of award are immediately vested or issued, the additional economic value, if any, attributable to the acceleration or issuance may be deemed a "parachute payment" under Section 280G of the Code. In such case, the participant may be subject to a 20% non-deductible excise tax as to all or a portion of such economic value, in addition to any income tax payable. The Company will not be entitled to a deduction for that portion of any parachute payment that is subject to the excise tax.

The American Jobs Creation Act of 2004 introduced a new section of the Code ("Section 409A") covering certain nonqualified deferred compensation arrangements. Section 409A generally establishes new rules that must be followed with respect to covered deferred compensation arrangements in order to avoid the imposition of an additional 20% tax (plus interest) on the service provider who is entitled to receive the deferred compensation. Certain awards that may be granted under the 2008 Directors Plan may constitute "deferred compensation" within the meaning of and subject to Section 409A. The 2008 Directors Plan is intended to be interpreted and operated in accordance with Section 409A, including any regulations or guidance issued by the Treasury Department, and contains a number of provisions intended to avoid the imposition of additional tax on the 2008 Directors Plan participants under Section 409A. The Board of Directors may amend the 2008 Directors Plan, and the Committee may amend outstanding awards thereunder, while preserving the intended benefits of awards granted under the 2008 Directors Plan to avoid the imposition of an additional tax under Section 409A. In addition, no award under the 2008 Directors Plan can be granted, deferred, accelerated, extended, paid out or modified under the 2008 Directors Plan in a manner that would result in the imposition of an additional tax under Section 409A on a participant. If a payment with respect to an award would result in tax liability to the participant under 409A, the Company will not make the payment when otherwise required and instead will make the payment on the first day that payment would not result in the tax liability.

Proposal 4. Selection of Independent
Registered Public Accounting Firm

The Audit Committee of the Board of Directors has selected PricewaterhouseCoopers LLP to act as our independent registered public accounting firm for the fiscal year ending December 31, 2008, and a proposal to ratify this selection will be submitted to the stockholders at the Annual Meeting. PricewaterhouseCoopers LLP has acted as our independent registered public accounting firm since our formation in 1997, and the Audit Committee and the Board of Directors believe it is desirable and in our best interests to continue to retain that firm. Representatives of PricewaterhouseCoopers LLP will be present at the Annual Meeting. Such representatives will have the opportunity to make a statement if they desire to do so and are expected to be available to respond to appropriate questions.

If the foregoing proposal is not approved by the holders of a majority of the shares represented at the Annual Meeting, the selection of our independent registered public accounting firm will be reconsidered by the Audit Committee and the Board of Directors.

The Board of Directors and Certain Governance Matters

Our Board of Directors directs the management of our business and affairs, as provided by Delaware law, and conducts its business through meetings of the Board of Directors and four standing committees: the Executive, Audit, Nominating/Corporate Governance and Compensation Committees. In addition, from time to time, special committees may be established under the direction of the Board of Directors when necessary to address specific issues.

The Board of Directors has affirmatively determined that all of the directors, other than Mr. Strianese, including those who serve on the Executive, Audit, Nominating/Corporate Governance and Compensation Committees of the Board of Directors, have no material relationship with us, either directly or as a partner, stockholder, or officer of an organization that has a relationship with us. Therefore, all of our directors, other than Mr. Strianese, are “independent” for purposes of the NYSE listing standards. In connection with its determination that Mr. Millard and Professor Canizares are independent directors, the Board of Directors considered the fact that we conducted business with Massachusetts Institute of Technology, or MIT, where Mr. Millard is a trustee and Professor Canizares is employed as a full time professor. During 2007, we retained MIT to provide research and development on our behalf, and MIT purchased equipment from us. Payments made to, or received from, MIT were less than 1% of MIT’s or L-3’s annual consolidated gross revenues during its last completed fiscal year. Mr. Millard and Professor Canizares did not have any material direct or indirect interest in these transactions and Professor Canizares recused himself from all decisions regarding L-3. In addition, in connection with its determination that Mr. Millard is independent, the Board of Directors considered the fact that Mr. Millard is employed by Lehman Brothers Inc. and the Board of Directors engaged Lehman Brothers Inc. as a broker in connection with our Common Stock share repurchase program. In reaching this determination the Board of Directors considered the fact that Mr. Millard was not involved in our decision to retain Lehman Brothers Inc. as our broker and Mr. Millard did not receive any direct or indirect benefit due to the commission fees paid to Lehman Brothers Inc. In 2007, Lehman Brothers Inc. received commission fees of approximately \$150,000 from L-3.

Mr. Millard serves as a director, trustee or in a similar capacity (but not as an executive officer or employee) for one or more non-profit organizations to whom we have made charitable contributions. Contributions to these organizations were less than \$100,000 during their last completed fiscal years and were below the thresholds set forth under our categorical standards of director independence.

In addition, the Board of Directors has determined that Professor Canizares and Messrs. Corcoran and Simon, members of the Audit Committee, are “independent” for purposes of Section 10A(m)(3) of the Securities and Exchange Act of 1934.

Pursuant to the requirements of the NYSE, the Board of Directors has adopted Corporate Governance Guidelines that meet or exceed the independence standards of the NYSE. Also, as part of our Corporate Governance Guidelines, the Board of Directors has adopted categorical standards to assist it in evaluating the independence of each of its directors. The categorical standards, which are set forth as Exhibit C to this proxy statement, are intended to assist the Board of Directors in determining whether or not certain relationships between our directors and us, either directly or as a partner, stockholder or officer of an organization that has a relationship with us, are “material relationships” for purposes of the NYSE independence standards. The categorical standards establish thresholds at which such relationships are deemed not to be material. Our Corporate Governance Guidelines, which include our categorical standards of independence, can be obtained through our Web site at <http://www.L-3com.com>.

Directors are expected to attend board meetings and meetings of the committees on which they serve and to spend the time needed, and meet as frequently as necessary, in order to properly discharge their responsibilities. In addition, to

the extent reasonably practicable, directors are expected to attend stockholder meetings. During the fiscal year ended December 31, 2007, the Board of Directors held eleven regularly scheduled meetings and one special meeting. Each director attended at least 75% of the combined number of meetings of the Board of Directors and meetings of committees on which he served during the past fiscal year. All of our current directors attended our annual

stockholders meeting in April 2007. In accordance with applicable NYSE listing requirements, our independent directors hold regular executive sessions at which management, including the President and Chief Executive Officer, is not present. Mr. Millard, our Non-Executive Chairman of the Board of Directors, presides at the regularly held executive sessions of the independent directors.

Executive Committee

The Executive Committee currently consists of Messrs. Cohen, Corcoran and Millard (Chairman). This committee did not meet during 2007. The Executive Committee may exercise most board powers during the period between board meetings.

Audit Committee

The Audit Committee currently consists of Professor Canizares and Messrs. Corcoran (Chairman) and Simon. This committee met thirteen times during 2007. The Audit Committee is generally responsible for, among other things:

- selecting, appointing, compensating, retaining and terminating our independent registered public accounting firm;
- overseeing the auditing work of any independent registered public accounting firm employed by us, including the resolution of any disagreement between management and the independent registered public accounting firm regarding financial reporting, for the purpose of preparing or issuing an audit report or performing other audit, review or attest services;
- pre-approving audit, other audit, audit-related and permitted non-audit services to be performed by the independent registered public accounting firm and related fees;
- meeting with our independent registered public accounting firm to review the proposed scope of the annual audit of our financial statements and to discuss such other matters that it deems appropriate;
- reviewing the findings of the independent registered public accounting firm with respect to the annual audit;
- meeting to review and discuss with management and the independent registered public accounting firm our periodic financial reports prior to our filing them with the Securities and Exchange Commission (SEC) and reporting annually to the Board of Directors with respect to such matters;
- reviewing with our financial and accounting management, the independent registered public accounting firm and internal auditor the adequacy and effectiveness of our internal control over financial reporting, financial reporting process and disclosure controls and procedures; and
- reviewing the internal audit function.

The Board of Directors has determined that all of the members of the Audit Committee are financially literate and meet the independence requirements mandated by the NYSE listing standards, Section 10A(m)(3) of the Securities and Exchange Act of 1934 and our independence standards.

In addition, the Board of Directors has determined that Mr. Simon is an “audit committee financial expert,” as defined by Item 407(d)(5) of Regulation S-K.

Compensation Committee

The Compensation Committee currently consists of Messrs. Cohen (Chairman), Millard, Shalikashvili and Washkowitz. This committee, which had five meetings during 2007, is responsible for administering our 1998 Directors Stock Option Plan for Non-Employee Directors and our 1999 Long Term Performance Plan. In addition, if approved by stockholders, this committee will administer the L-3 Communications Holdings, Inc. 2008 Long Term Performance Plan and the L-3 Communications Holdings, Inc. 2008 Directors Stock Incentive Plan.

This committee is also responsible for, among other functions:

- reviewing and approving corporate goals and objectives relevant to the Chief Executive Officer compensation;
- evaluating the performance of the Chief Executive Officer in light of these corporate goals and objectives and, either as a committee or together with other independent directors (as directed by the Board of Directors), determining and approving the annual salary, bonus, stock options and other benefits, direct and indirect, of the Chief Executive Officer based on such evaluation;
- reviewing and making recommendations to the Board of Directors with respect to non-Chief Executive Officer compensation, L-3's incentive compensation and equity-based plans that are subject to the approval of the Board of Directors, and overseeing the activities of the individuals responsible for administering those plans;
- reviewing, discussing and approving the compensation discussion and analysis section contained in this proxy statement; and
- reviewing and approving all equity compensation plans of L-3 that are not otherwise subject to the approval of L-3's stockholders.

In fulfilling its responsibilities, the committee can delegate any or all of its responsibilities to a subcommittee of the committee. For a discussion concerning the processes and procedures for determining executive and director compensation and the role of executive officers and compensation consultants in determining or recommending the amount or form of compensation, see Compensation Discussion and Analysis beginning on page 30 and Compensation of Directors beginning on page 54.

The Board of Directors has determined that all of the members of the Compensation Committee meet the independence requirements mandated by the NYSE listing standards and the rules of the SEC in each case as they are applicable to serving on the Compensation Committee, and our standards of independence. In addition, all members of the Compensation Committee other than Mr. Millard qualify as "outside directors" under Section 162(m) of the Code. Mr. Millard, who may not qualify as an "outside director" under 162(m), abstains from actions by the Compensation Committee with respect to compensation awards that are intended to qualify as performance-based awards under Section 162(m). For more of a discussion concerning section 162(m), see Compensation Discussion and Analysis — Other Factors Affecting Compensation on page 39.

Nominating/Corporate Governance Committee

The Nominating/Corporate Governance Committee currently consists of Messrs. Shalikashvili, Simon, Washkowitz (Chairman) and White. This committee, which met four times during 2007, monitors corporate governance policies and procedures and serves as the Nominating Committee for the Board of Directors.

The primary functions performed by this committee include, among other responsibilities:

- developing, recommending and monitoring corporate governance policies and procedures for L-3 and the Board of Directors;
- recommending to the Board of Directors criteria for the selection of new directors;
- identifying and

recommending to the Board of Directors individuals to be nominated as directors;

candidates recommended by stockholders in a timely manner;

necessary and appropriate inquiries into the backgrounds and qualifications of possible candidates;

Table of Contents

The Nominating/Corporate Governance Committee will consider candidates for nomination as a director recommended by stockholders, directors, officers, third party search firms and other sources. In identifying candidates for membership on the Board of Directors, the Nominating/Corporate Governance Committee takes into account (i) minimum individual qualifications, such as strength of character, mature judgment, industry knowledge or experience and an ability to work collegially with the other members of the Board of Directors and (ii) all other factors it considers appropriate. After conducting an initial evaluation of a candidate, the committee will interview that candidate if it believes the candidate might be suitable to be a director and may also ask the candidate to meet with other directors and management. If the Nominating/Corporate Governance Committee believes a candidate would be a valuable addition to the Board of Directors, it will recommend to the full Board of Directors that candidate's election.

The Nominating/Corporate Governance Committee will review all candidates in the same manner, regardless of the source of the recommendation. Individuals recommended by stockholders for nomination as a director will be considered in accordance with the procedures described under Stockholder Proposals and Nominations on page 24 of this proxy statement.

The Board of Directors has determined that all of the members of the Nominating/Corporate Governance Committee meet the independence requirements mandated by the applicable NYSE listing standards applicable to serving on the Nominating/Corporate Governance Committee and our standards of independence.

Compensation Discussion and Analysis

Oversight of L-3's Executive Compensation Practices

L-3's executive compensation program is administered by the Compensation Committee of the Board of Directors, referred to in this section as the "Committee." The Committee is responsible for, among other functions: (i) reviewing and approving corporate goals and objectives relevant to the President and Chief Executive Officer's compensation and evaluating the performance of the President and Chief Executive Officer in light of these corporate goals and objectives; (ii) reviewing and making recommendations to the Board of Directors with respect to the compensation of other executive officers, and L-3's equity incentive plans and other incentive compensation that are subject to the approval of the Board of Directors; (iii) overseeing the activities of the individuals responsible for administering these incentive compensation and equity-based plans; and (iv) either as a Committee or together with the other independent directors, determining and approving the total compensation for the President and Chief Executive Officer based on an evaluation of his performance. The Committee charter can be found on L-3's Web site, <http://www.L-3com.com> under the "Investor Relations" tab by selecting "Corporate Governance."

The Committee also has the sole authority to select and/or retain outside counsel, compensation and benefits consultants, or any other consultants to provide it with advice and assistance in connection with the execution of its responsibilities. The Committee retains an outside consulting firm that reports directly to the Committee to assist it in the evaluation of L-3's executive compensation program. Mercer (US) Inc. ("Mercer") currently advises the Committee on a variety of issues, including compensation strategy, market benchmarking, executive pay trends and developments, and the review of L-3's incentive compensation plans and potential design modifications.

Objectives of Executive Compensation Program

L-3 is one of the largest aerospace and defense contractors in the United States. Our executive compensation program is designed to drive L-3's mission, which is to maximize stockholder value while providing compensation that is competitive and encourages strong operational and financial performance. The specific objectives of our executive compensation program include the following:

- Alignment — to align the interests of executives and stockholders through equity-based compensation awards;
- Retention — to attract, retain and motivate highly qualified, high performing executives to lead our continued growth and success. Many of our executives are often presented with other professional opportunities, and we offer a variety of compensation components in order to compete to retain our executives' services. L-3 provides fair and competitive pay relative to comparably-sized organizations in order to be competitive in our industry; and
- Performance — to provide rewards commensurate with performance by emphasizing variable compensation that is dependent upon the executive's achievements and L-3's performance.

In order to achieve these specific objectives, the executive compensation program is guided by the following core principles:

- rewards under annual and long-term incentive plans are based upon L-3's short-term and longer-term financial results and enhancing stockholder value through stock appreciation and the payment of dividends;

officer pay is set at competitive levels to attract, retain and motivate highly talented individuals who are necessary for L-3 to achieve its goals, objectives and overall financial success;

- named executive

Program Overview

We use a variety of components in our executive pay program. The following chart provides an overview of our compensation and benefits programs and why each of these particular elements is included.

Element	Purpose	Characteristics	Base Salaries	Compensate executives for their level of responsibility and sustained individual performance. Also helps attract and retain strong talent.
Annual Incentives	Promote the achievement of L-3's annual corporate and business unit financial goals, as well as individual goals.	Performance-based cash opportunity; amount earned will vary based on company, business unit and individual results.	Fixed component; eligibility for annual merit increases based on sustained individual performance.	
Long-Term Incentives	Promote the achievement of (i) share price appreciation, (ii) intermediate term results and (iii) retention of key executives.	Performance-based equity and cash opportunity; amounts earned/realized will vary from the targeted grant-date fair value based on actual financial and stock price performance.		
Retirement Plans	Provide an appropriate level of replacement income upon retirement. Also provide an incentive for a long-term career with L-3, which is a key objective.	Fixed component; however, retirement contributions tied to pay will vary based on performance.		

Factors Considered When Setting Executive Compensation

When making pay determinations for named executive officers, the Committee considers a variety of factors including, among others: (i) L-3's actual performance against its business plan and also relative to its prior year performance, (ii) overall company performance and size relative to industry peers, (iii) individual executive performance and expected contribution to L-3's future success, (iv) changes in economic conditions and the external marketplace and (v) in the case of named executive officers other than the President and Chief Executive Officer, the recommendation of Mr. Strianese, L-3's President and Chief Executive Officer. Ultimately, the Committee, taking into account the advice of Mercer, the Committee's consultant, uses its business judgment when determining precisely how much to pay our named executive officers. The Committee evaluates each named executive officer's performance during the year based on company performance, leadership qualities, business responsibilities, and long-term potential to enhance stockholder value. Mercer's opinions are also taken into consideration in deciding what salary, bonus, long-term incentives and other benefits and severance to give each executive in order to meet L-3's objectives.

In developing the pay recommendations and resulting levels for each named executive officer, Mercer presents peer group pay practices, compensation survey data and general industry pay practices to the Committee and the President and Chief Executive Officer, as described below. The President and Chief Executive Officer develops pay recommendations for the other named executive officers, which are discussed and, as appropriate, approved by the Committee. Other than the recommendations made by the President and Chief Executive Officer with respect to the compensation of the other named executive officers, the named executive officers do not participate in the setting of compensation for themselves. The President and Chief Executive Officer does not participate in the setting of his own compensation.

In setting total compensation, a consistent approach is generally applied for all of L-3's named executive officers. Exceptions to our policies are made, as appropriate, to address critical business and personal needs.

Table of Contents

Factors Considered

In setting compensation for the named executive officers, the Committee considers the following:

- Cash versus non-cash compensation. The Committee considers an appropriate balance between cash and non-cash compensation. Base salary, annual incentives and a portion of the performance units are cash-based. Stock options, restricted stock units and a portion of the performance units are equity-based;
- Prior year's compensation. The Committee considers the prior year's bonuses and long-term incentive awards when approving bonus payouts or equity grants;
- Performance and competitive practices. On an annual basis, and in connection with setting executive compensation packages for the named executive officers, the Committee reviews L-3's operating income growth; earnings before interest, taxes, depreciation and amortization growth; earnings per share growth; free cash flow growth; operating margin growth; net income to free cash flow conversion; sales growth; and total stockholder return. In addition, the Committee considers peer group pay practices and emerging market trends. No specific weighting is assigned to these factors when setting compensation levels, nor are particular targets set for any particular factor. Total compensation from year to year can vary significantly based on L-3's and the individual executive's performance; and
- Application of discretion. The Committee evaluates numerous factors, including executive and company performance, and uses its discretion and informed judgment when determining the appropriate compensation levels.

To establish market benchmarks, pay is reviewed among a group of leading aerospace and defense companies ("peer group") that have global operations and a diversified business. The peer group information is developed for the Committee by Mercer.

For 2007, the Committee used a peer group that consisted of the following companies:

Alliant Techsystems, Inc.

Lockheed Martin Corporation The Boeing Company Northrop Grumman Corporation General Dynamics Corporation Precision Castparts Corporation Goodrich Corporation Raytheon Company Harris Corporation Rockwell Collins, Inc. Honeywell International, Inc. Sequa Corporation ITT Corporation United Technologies Corporation

The Committee believes that the group, taken as a whole, is appropriate for comparison purposes.

The Committee also reviews competitive compensation levels prepared by Mercer using the most appropriate compensation surveys available, including surveys from Mercer, Hewitt Associates, Inc., Towers Perrin, and Watson Wyatt Worldwide, Inc. Compensation survey data provides information on pay levels for a broader group of companies than the peer group, across all industries. The named executive officers at L-3 are compared to executives of similar positions and responsibilities at companies across a variety of industries. Companies included in the review of competitive compensation levels are selected based on revenue, as executive compensation levels typically are positively correlated with company size.

Total Compensation Mix

As discussed above, L-3's executive compensation package emphasizes a performance-based annual bonus and long-term incentive award opportunities. As a result, a majority of the named executive officers' compensation is dependent upon the performance of the named executive officer and L-3. The following table sets forth the allocation among base salary, annual bonus and long-term incentive awards for 2007 for L-3's named executive officers.

32

Table of Contents

Element President and

CEO Average of 4 other named

executive officers Base salary 11 % 25 % Performance-based compensation – Annual bonus 28 %
 35 % – Long-term incentive (expected value at grant) 61 % 40 %

The Committee feels that the allocation of pay elements shown above achieves an appropriate balance of short-term vs. long-term compensation, as well as fixed vs. variable compensation. The Committee believes that the greater weighting placed on performance-based compensation, especially long-term incentives, encourages an appropriate degree of risk-taking and aligns the named executive officers' financial interests with those of our stockholders.

Base Salary

Base salary provides an executive with a steady income stream and is based upon his or her level of responsibility, experience, individual performance and contribution to our overall success. Competitive base salaries, in conjunction with other pay components, enable L-3 to attract and retain highly talented executives. The Committee typically sets base salaries for named executive officers at the median of market levels. However, base salaries will vary in practice based upon an individual's level of responsibility, prior experience, and performance over time.

Salaries are reviewed annually with any adjustments made after considering peer group practices for similar positions and individual factors, such as competencies, skills, experience and performance. The Committee generally approves salary increases for executives in March of each year, which become generally effective in April of each year. We also give executives promotional salary increases when new roles are assumed. On January 18, 2007, Ralph G. D'Ambrosio was promoted from Vice President of Finance and Principal Accounting Officer to Vice President, Chief Financial Officer, and Principal Accounting Officer. In connection with his promotion, his annual salary was increased from \$315,000 to \$475,000. On January 1, 2007, Carl E. Vuono received a promotional salary increase in connection with assuming increased responsibilities as Group President of the L-3 Services Group effective October 1, 2006.

For 2007, the President and Chief Executive Officer's salary was not increased. The following base salary adjustments for the other named executive officers were approved by the Committee, based on a number of factors, including the recommendation of the President and Chief Executive Officer and relevant market data provided by Mercer. The President and Chief Executive Officer's recommendation was based in part on competitive market data provided by management's outside compensation consultant, Towers Perrin, which was provided to the Committee in connection with his recommendation.

Annual Incentive Plan

The Annual Incentive Plan provides all executives, including named executive officers, the opportunity to earn annual cash bonuses based on the performance of L-3 and the executive. A significant percentage of named executive officers'

compensation is composed of these annual bonuses. Bonuses are paid in cash following the year in which they are earned. Bonuses earned for 2007 were paid in March 2008.

L-3's financial performance is evaluated within the context of peer group performance. No specific targets are set for any performance measures that the Committee reviews annually and bonuses paid to the named executive officers are fully discretionary, except as set forth in the following paragraph.

33

Table of Contents

In connection with determining the amounts for 2007 bonuses for each named executive officer, the Committee considered: (i) the Company's (or in the case of Group Presidents, the applicable group's) 2007 financial performance against its business plan and also relative to its prior year performance; (ii) the significant accomplishments and overall leadership of the executive; (iii) the prior year's compensation for the executive; (iv) in the case of named executive officers other than the President and Chief Executive Officer, the bonus recommendation of the President and Chief Executive Officer; (v) competitive market pay levels for the executive; and (vi) in the case of Ms. Karelis, the requirement under her offer letter to pay her a minimum 2007 bonus of \$550,000. Based on these factors, the Committee approved the following 2007 cash bonuses for the named executive officers:

Executive Officer	2007 Bonus Amount	Named	2007 Bonus Amount	Named
Michael T. Strianese	\$ 2,500,000	Ralph G. D'Ambrosio	\$ 600,000	
Kathleen E. Karelis	\$ 550,000	Carl E. Vuono	\$ 925,000	Robert W. Drewes
				\$ 925,000

Long-Term Incentives

Long-term incentives are intended to align the interests of the named executive officers and stockholders by linking a meaningful portion of executive pay to long-term stockholder value creation and financial success over a multi-year period. Long-term incentives are also provided to facilitate Common Stock ownership by L-3's named executive officers and other senior executives. The Committee considers individual and company performance when determining long-term incentive opportunities.

In 2007, long-term incentives were awarded to named executive officers in the form of stock options, performance units and restricted stock units. This combination of incentives was approved based on Mercer's recommendation to diversify long-term incentives to reflect current market practices. Prior to 2007, named executive officers generally received long-term incentives solely in the form of stock options. As part of the new program, stock options are granted to reward executives for long-term share price appreciation, performance units are granted to reward employees for intermediate term results, and restricted stock units are granted to enhance retention.

After considering recommendations made by Mercer, the Committee set the 2007 target opportunity for each named executive officer as follows:

Executive Officer	Target Amount	Named	Target Amount	Named
Michael T. Strianese	\$ 5,500,000	Ralph G. D'Ambrosio	\$ 800,000	Kathleen E. Karelis
E. Karelis	\$ 800,000	Carl E. Vuono	\$ 900,000	Robert W. Drewes
				\$ 900,000

Based on these target levels, total 2007 direct compensation (salary, bonus and long-term incentives) for the President and Chief Executive Officer was between the 50th and 75th percentiles for his position relative to competitive market data, while total 2007 direct compensation for the other named executive officers, on average, was between the 50th and 75th percentiles for their positions relative to competitive market data.

Table of Contents

The Committee, based upon the advice of Mercer, established the following target mix, to balance, in its judgment, the goals of share price appreciation, intermediate term results and retention, and to reflect market practice in the industry:

To determine the number of shares or units underlying each award, stock options are valued using the Black-Scholes method of stock option valuation used by L-3 for financial reporting purposes, restricted stock units are valued at the date-of-grant value, and performance units are valued at the date-of-grant target value.

Stock Options. The Committee believes that stock options align the interests of L-3's executives with those of L-3's stockholders since stock options only provide value to executives if the price of our Common Stock increases after the stock options are granted. During 2007, named executive officers received stock option grants with the following characteristics:

Nonqualified stock options that have an exercise price equal to the closing price of L-3 stock on the grant date;
in equal annual increments over a three-year period; and
after the grant date.

- Generally vest
- Expire ten years

Restricted Stock or Restricted Stock Units. Restricted stock units were introduced as a regular component of the long-term incentive program during 2007. These awards may also be made to recognize increased responsibilities or special contributions, to attract new executives, to retain executives or to recognize certain other special circumstances. During 2007, named executive officers received restricted stock unit grants with the following characteristics:

stock units that automatically convert into shares of our Common Stock on the vesting date;
years from the grant date; and
equivalents during the vesting period.

- Restricted
- Generally vest three
- Receive dividend

Performance Units. Performance units were introduced as a regular component of the long-term incentive program during 2007. Each performance unit has a target value on the grant date equal to a share our Common Stock. The final value of each unit will vary based upon (i) the level of performance achieved over the associated performance period in relation to a pre-determined performance goal established by the Committee and (ii) the value of our Common Stock price at the end of the performance period. Units issued under the program are payable in either cash or shares of our Common Stock as determined by the Committee. Performance measures used under this plan are intended to reinforce stockholder value creation. The measures selected for the 2007 performance units were relative Total Stockholder Return (TSR) and growth in diluted Earnings Per Share (EPS) during the 2.5-year period beginning July 1, 2007 and ending December 31, 2009. These measures

Table of Contents

were chosen because they are aligned with stockholder value creation either directly (TSR) or indirectly (growth in diluted EPS). Associated weightings and goals are as follows:

• Relative

TSR — weighted 50%: This measure compares our percentile ranking in TSR to the TSR of each of the other companies in the S&P 1500 Aerospace & Defense Index (A&D Index), in accordance with the table below. The A&D Index was selected in 2007 as it provides for a larger group of companies than the peer group against which to compare L-3 TSR performance. In addition, the TSR performance of the A&D Index is publicly disclosed, and thus provides an objective method to allow for the relative comparison of L-3 performance. Interpolation between points in the table occurs on a straight-line basis. TSR is defined as price change in our Common Stock plus dividends, divided by our Common Stock price at the beginning of the performance period. Dividends are assumed to be reinvested.

		Performance Levels			
Relative TSR	Unit Multiplier	Maximum	> 74th percentile	200 %	63rd percentile
100 %	Threshold	40th percentile	50 %	Below Threshold	< 40th percentile
					150 % Target
					50th percentile
					0 %

• Growth in

Diluted EPS — weighted 50%: This measure compares our compounded annual growth rate in diluted EPS (adjusted to exclude certain unusual or nonrecurring items) to internal performance objectives. In establishing target performance levels, L-3 considers its business plan and information provided to stockholders and analysts.

		Performance Levels			
EPS					
Growth					
Rate Cumulative					
EPS Required Unit					
Multiplier	Maximum	≥ 15%	≥ \$17.26	200 %	12%
\$15.29	75 %	Threshold	8%	\$14.98	50 %
				Below Threshold	< 8%
					< \$14.98
					0 %

Note: Cumulative EPS based on 2006 diluted EPS of \$5.05, excluding certain litigation and stock-based charges.

As discussed above, for the 2007 award, a performance period of 2.5 years was established. The amount earned at the end of the 2.5-year performance period may be more or less than the target based upon our actual performance over the period.

Performance units earned based on TSR results are payable in cash and units earned based on EPS results are payable in our Common Stock. The Committee believes that providing a meaningful portion of the incentives payable in our Common Stock encourages share ownership among the executive participants.

Performance falling between any of the identified points of TSR or growth in diluted EPS in the charts above will result in an interpolated vesting (e.g., an 11% EPS Growth Rate will yield a unit multiplier of 125%).

Long-Term Incentive Grant Practices. The Committee approves all long-term incentive awards to named executive officers at in-person or telephonic meetings. Long-term incentive awards are generally granted to named executive officers on an annual basis at the first Committee meeting held following the release of our second quarter earnings results. It is the Committee's general policy to grant long-term incentive awards to named executive officers either (i) during window periods we establish following quarterly announcements of historical earnings results or (ii) at Committee

Table of Contents

meetings held in connection with or following new hires or promotions. The exercise price of any option granted by the Committee is the NYSE closing price on the date that the Committee approves the awards. We do not have a program, plan or practice to grant equity-based awards to any employees in coordination with the release of material nonpublic information.

Other Pay Elements

The named executive officers are eligible to participate in the same benefits and severance offered to other senior executives. These include:

Retirement benefits;

compensation;

arrangements; and

-
- Deferred
- Change in control
- Perquisites.

Retirement Benefits

L-3 provides retirement benefits as part of a competitive pay package to attract and retain employees. Most of L-3's named executive officers are eligible to participate in the L-3 Communications Corporation Pension Plan, a tax-qualified defined benefit plan, and a nonqualified Supplemental Executive Retirement Plan (SERP). Mr. Drewes participates in the L-3 Integrated Systems Retirement Plan and the SERP. Mr. Vuono does not participate in any pension plan or SERP. No employee contributions are required in order to participate in L-3's defined benefit plans.

The SERP is designed to provide retirement benefits based on age, service with L-3, base salary and annual incentive payouts. In addition, the SERP provides benefits that make up for benefits not accrued under the traditional pension/retirement plans due to certain limits imposed by the Internal Revenue Code. The amount of the retirement benefit is based on the highest base salary plus bonus for five out of the ten most recent years, or 60 months out of the most recent 120 months, depending upon the plan, and years of credited service.

Most of L-3's executives also participate in a 401(k) plan under which L-3 matches 80% of an employee's contributions up to 5% of his or her base salary, subject to any limitations imposed by ERISA. For Mr. Drewes, Integrated Systems matches 100% of his contributions up to 4% of his eligible compensation and makes an annual contribution of one-half of one percent of earnings up to \$1,125. For Mr. Vuono, MPRI makes a discretionary match and a discretionary annual contribution that can vary from year to year. For 2007, the discretionary match was 100% of his contributions up to 3% of eligible compensation and the discretionary contribution will be approximately \$1,400. The 401(k) plan also allows for catch-up employee contributions which are matched at the same percentage as other employee contributions.

Retirement benefits are designed such that the amount a named executive officer would receive with 30 years of employment by L-3 equals approximately 45% to 55% of his or her final average pay (base salary and bonus).

For a more detailed discussion of L-3's retirement plans, see the 2007 Pension Benefits table and the discussion that follows beginning on page 46 of this proxy statement.

Deferred Compensation

In order to provide employees with additional savings opportunities, which helps L-3 attract and retain employees, L-3 provides a deferred compensation plan. This plan allows for voluntary deferrals by executives, including named executive officers, of up to 50% of salary and 100% of annual cash incentive awards into an unfunded, non-qualified account. We do not make any contribution to any named executive officer's account. Deferred amounts receive interest at the prime rate.

37

Table of Contents

Employment and Severance Arrangements

L-3 does not have any employment agreements with its named executive officers. L-3 also does not have any formal arrangements that provide for severance to named executive officers other than in connection with a change in control and, in the case of Ms. Karelis, in connection with a termination of employment by the Company without cause. For a further discussion, see Change in Control Arrangements below and Potential Payments Upon Change in Control or Termination of Employment on pages 51-53.

Change in Control Arrangements

In order to preserve morale and productivity and encourage retention in the face of the disruptive impact of an actual or rumored change in control, we provide a bridge to future employment in the event a named executive officer's job is eliminated as a consequence of a change in control. L-3's Change of Control Severance Plan is intended to align executive and stockholder interests by enabling executives to consider corporate transactions that are in the best interests of the stockholders and other constituents without undue concern over whether the transactions may jeopardize the executive's own employment. The plan provides a lump sum payment and benefits continuation as a result of a termination of employment by the Company without cause or by the employee for good reason during the two years following a change in control, plus protection for pre-change in control terminations that occur at the request of an acquirer or otherwise in anticipation of a change in control. The lump sum payment (severance amount) for each named executive officer is a multiple of base salary and average annual bonus for the three years prior to the year of termination, plus unpaid bonus for the current year earned through the termination date. The multiple for our President and Chief Executive Officer, Chief Financial Officer and General Counsel is 3.0 and the multiple for the other named executive officers is 2.5. Upon a change in control, all unvested equity awards vest immediately ("single trigger" treatment of equity). Based upon the advice of Mercer, the Committee believes this is a common practice in the broad marketplace.

For all named executive officers, if the Change in Control severance payment, when aggregated with all other Change in Control payments, would subject the named executive officer to an excise tax under Section 280G of the Code, then the severance payment will be reduced to the highest amount for which no excise tax would be due, only if the reduced amount is greater than the unreduced amount net of the excise tax.

For a discussion of amounts that would be realized by L-3's named executive officers upon a Change in Control, see Potential Payments Upon Change in Control or Termination of Employment on pages 51-53.

Perquisites

In order to facilitate the attraction and retention of highly qualified executives, we provide named executive officers with certain other benefits that we believe are consistent with current market practices. In 2007, the named executive officers were eligible for an executive physical, supplemental life insurance and participation in an executive medical plan.

In addition, for security purposes, the President and Chief Executive Officer is provided with a company car and security driver and has access to L-3's fractionally-owned aircraft for occasional personal use. The President and CEO is required to reimburse L-3 for any incremental cost incurred by L-3 in connection with his personal use of the aircraft and did so in 2007. The incremental cost incurred by L-3 for the President and Chief Executive Officer's use of the company car and security driver is disclosed in the Summary Compensation Table.

Table of Contents

Stock Ownership Guidelines

In 2007, the Committee approved stock ownership guidelines for its named executive officers and a number of other senior executives. The Committee believes that executives should accumulate a meaningful level of ownership in L-3 shares over time and that such ownership will further reinforce stockholder value creation. The stock ownership guidelines are as follows:

• President and CEO: 5X base salary • Group Presidents, CFO, General Counsel: 3X base salary • Other Participants: 1X or 2X base salary

The Committee will review progress towards guideline achievement annually. Those subject to ownership guidelines have five years from becoming subject to the guidelines to achieve the required ownership percentages. After the five-year acquisition period, if executives have not met the applicable guideline, annual bonuses will be paid 100% in L-3 shares that cannot be sold until the guideline is satisfied.

“Stock ownership” is defined to include 100% of shares held outright, stock equivalents (e.g., stock units), shares held in benefit plans and unvested restricted stock; and 50% of the value of vested, “in-the-money” stock options.

Other Factors Affecting Compensation

We make reasonable efforts to maximize the tax deductibility of compensation paid to named executive officers and to achieve favorable accounting treatment, provided that it does not conflict with intended plan design or program objectives.

Limitations on Deductibility of Compensation. Section 162(m) of the Code generally limits the tax deductibility of compensation paid by a public company to its chief executive officer and certain other highly compensated executive officers (“covered employees”) to \$1 million in the year the compensation becomes taxable to the executive. There is an exception to the limit on deductibility for performance-based compensation that meets certain requirements.

The Committee considers the impact of this rule when developing and implementing its executive compensation programs. The Committee also believes that it is important to preserve flexibility in administering compensation programs in a manner designed to promote varying corporate goals. Accordingly, the Committee has not adopted a policy that all compensation must qualify as deductible under Section 162(m). Amounts paid under any of our compensation programs, including salaries, bonuses and equity-based awards, may not qualify as performance-based compensation excluded from the limitation on deductibility. Our deferred compensation plan permits compensation deferred under the plan to be exempt from the limit on tax deductibility.

Accounting and Tax Considerations. L-3 considers the accounting implications of all aspects of its executive compensation program. For example, awards to named executive officers of restricted stock units and performance units payable in shares of our Common Stock qualify for favorable (i.e., fixed as opposed to variable) accounting treatment under Statement of Financial Accounting Standards (SFAS) No. 123R, Share-Based Payments, (SFAS 123R). However, accounting treatment is just one of many factors considered by the Committee when designing compensation plans and making pay determinations.

Represents the equity compensation expense calculated in accordance with SFAS 123R and recognized in the Company's financial statements for 2007 and 2006 with respect to equity awards for restricted stock and restricted stock units granted in 2007 and 2006 and prior years, which are amortized over a 3 year period, and performance units granted in 2007 (whether payable in shares or cash), which are amortized over a 2.5-year period. The assumptions used in the valuation model for the performance units with performance targets based on Total Stockholder Return are substantially similar to the assumptions used in the stock option valuation model, other than with respect to the

risk-free interest rate, which is based on U.S. Treasuries with a maturity matching the remaining measurement period, and no holding period. For a discussion of the general terms of restricted stock, restricted stock units and performance units, see Compensation Discussion and Analysis on pages 35-36 and Potential Payments Upon Change In Control or Termination of Employment on page 51. (2) Represents the equity compensation expense calculated in accordance with SFAS 123R and recognized in the Company's financial statements for 2007 and 2006 for stock option awards granted in 2007 and 2006 and prior years. See Notes 2 and 16 to the audited consolidated financial statements included in L-3's 2007 Annual Report on Form 10-K for a discussion of the assumptions used in calculating equity compensation expense in connection with these stock option equity awards. Equity compensation expense excludes the charge we recorded in the 2006 second quarter in connection with our voluntary review of our historical stock-based compensation award practices. See Note 3 to the audited consolidated financial statements included in L-3's 2007 Annual Report on Form 10-K for a discussion of this charge. For a discussion of the general terms of our stock options, see Compensation Discussion and Analysis on page 35 and Potential Payments Upon Change In Control or Termination of Employment on page 51. (3) Amounts in this column reflect the increase in the actuarial value of defined benefit plans during 2007 and 2006, as applicable. For Mr. Vuono, amounts represent above-market earnings on non-qualified deferred compensation. Mr. Vuono does not participate in any company defined benefit plan. Actuarial value computations are based on SFAS No. 87, Employers' Accounting for Pensions assumptions, which are discussed in Note 18 to the audited consolidated financial statements included in L-3's 2007 Annual Report filed on Form 10-K.

The amounts disclosed represent the number of shares of our Common Stock issuable (or payable in cash) assuming achievement of the specific Threshold, Target or Maximum levels of performance established by the Compensation Committee for these measures over this period. See Compensation Discussion and Analysis — Long-Term Incentives — Performance Units on pages 35-36 for a further discussion of the performance units. (1) Options generally vest in equal, annual increments over a three-year period starting with the grant date. For a discussion concerning the effect of a change in control or termination of employment on outstanding stock option awards, see Potential Payments Upon Change in Control or Termination of Employment on page 51. (2) Represents restricted stock or restricted stock units, which generally vest over a three year period following the grant date. Each restricted stock unit automatically converts into one share of our Common Stock on the vesting date. For a discussion concerning the effect of a change in control or termination of employment on outstanding restricted stock or unit awards, see Potential Payments Upon Change in Control or Termination of Employment on page 51. (3) The market value is based on the closing price of our Common Stock on December 31, 2007 of \$105.94 multiplied by the number of shares or units. (4) Reflects the number of shares of our Common Stock issuable assuming achievement of the Maximum level of performance in respect of performance units whose performance targets are based on growth in diluted Earnings Per Share. The Maximum level of performance is reported for these units based on the Company's 2007 fiscal year performance (i.e., the Company's performance for that portion of the 2007 fiscal year falling within the performance period) measured against the performance targets in accordance with applicable securities regulations. For a further discussion of our performance units, see Compensation Discussion and Analysis — Long-Term Incentives — Performance Units on pages 35-36. For a discussion concerning the effect of a change in control or termination of employment on performance unit awards, see Potential Payments Upon Change in Control or Termination of Employment on page 51. (5) Reflects the number of shares of our Common Stock payable in cash (based on the closing price of our Common Stock at the end of the performance period) assuming achievement of the Target level of performance in respect of performance units whose performance targets are based on relative Total Stockholder Return. The Target level of performance is reported for these units based on the Company's 2007 fiscal year performance (i.e., the Company's performance for that portion of the 2007 fiscal year falling within the performance period) measured against the performance targets in accordance with applicable securities regulations. For a further discussion of our performance units, see Compensation Discussion and Analysis — Long-Term Incentives — Performance Units on pages 35-36. For a discussion concerning the effect of a change in control or termination of employment on performance unit awards, see Potential Payments Upon Change in Control or Termination of Employment on page 51.

	L-3 Communications Corporation Supplemental Executive Retirement Plan	9.08 (4)	1,282,023	—	

(1) The present values of the accumulated benefits in the table were determined using the same assumptions that were used for financial reporting as of December 31, 2007, including a 6.50% discount rate and post-retirement mortality in accordance with the RP-2000 Combined Mortality table. We used age 65, the normal retirement age under the pension plans and the supplemental executive retirement plans, to determine the present value of the accumulated benefits in the table. For the assumptions used in calculating the present value of the accumulated benefits, see Note 18 to the audited consolidated financial statements included in L-3's 2007 Annual Report on Form 10-K. (2) Includes 6.42 years of service provided by Mr. Strianese as an employee of Loral Corporation and Lockheed Martin Corporation because L-3 assumed the pension benefit obligations relating to all employees transferred from Lockheed Martin Corporation in connection with L-3's formation in 1997. The years of credited service in excess of actual years of service provided to L-3 resulted in an increase to the present value of accumulated benefits for Mr. Strianese as of December 31, 2007 under the L-3 Communications Corporation Pension Plan and the L-3 Communications Corporation Supplemental Executive Retirement Plan of \$97,548 and \$542,902, respectively. (3) Mr. Vuono does not participate in the L-3 Communications Corporation Pension Plan or the L-3 Communications Corporation Supplemental Executive Retirement Plan. (4) Includes 3.25 years of service provided by Mr. Drewes as an employee of Raytheon Company (Raytheon) because the L-3 Integrated Systems Retirement Plan considers service at Raytheon for all employees transferred in connection with L-3's acquisition of the Aircraft Integration Systems business in March 2002. The years of credited service in excess of actual years of service provided to L-3 resulted in an increase to the present value of accumulated benefits for Mr. Drewes as of December 31, 2007 under the L-3 Integrated Systems Retirement Plan and the L-3 Communications Corporation Supplemental Executive Retirement Plan of \$105,810 and \$458,874, respectively.

The present value of the accumulated benefits for each of the named executives shown in the table above reflects the present value of the benefits earned under each of the pension plans as of December 31, 2007. The pension benefits that are the basis for the present values of the accumulated benefits shown are calculated using the executive's final average compensation (salary and bonus and

specific inclusions and exclusions that vary by plan) of the five highest years out of the last ten years employed by L-3, including the year of retirement and years of creditable service under each of the plans as of December 31, 2007.

A more complete discussion of the material factors useful to an understanding of each plan is presented below.

Qualified Pension Plans

to the average of the wage levels at which social security tax is applied for each year during the 35-year period ending in the year the participant reaches social security retirement age.

payment options including a single life annuity (normal form for single participants), a qualified 50% joint and survivor annuity (normal form for married participants), other joint and survivor options, period certain options and level income options.

Table of Contents

Vesting
 Employees are fully vested after five years of service, and there is no partial vesting.

Estimated Primary Social Security Benefit The Estimated Primary Social Security Benefit represents an estimate of the unreduced amount that will be received annually from social security at age 65 or a participant's age at retirement, if later.

Benefit
 Plan Formula The annual pension benefit is equal to the greater of (i) 1.8% for each of the first 20 years of benefit service plus 1.2% for each year of benefit service in excess of 20 years, multiplied by the difference between the FAE and the Estimated Primary Social Security Benefit, or (ii) the period of service as a salaried employee multiplied by \$492.

Early
 Retirement Reduction Factors For those participants that are eligible to retire early, there is no reduction for retirements beginning at age 60 or over.

Supplemental Plans

The Supplemental Executive Retirement Program (SERP) has the same provisions as the Qualified Pension Plans. However, this plan takes into consideration earnings above the annual IRS earnings limit and provides a non-qualified benefit to those participants based on those earnings in excess of the IRS limit or the Section 415 benefit limits.

Change of Control Severance Plan

On August 15, 2006, our Board of Directors approved a Change of Control Severance Plan for executive officers, non-executive officers and other corporate employees. The Board of Directors based its approval on the recommendation of its Compensation Committee, composed solely of independent directors. The Compensation Committee's recommendation was based, in part, on consultations with Mercer, its outside compensation consultant that reports directly to the Compensation Committee, and was not in anticipation of, or in response to, any particular transaction or process.

Under this plan, executive officers, non-executive officers and other corporate employees will be entitled to severance benefits if their employment is terminated in connection with or following a change in control of L-3. The following chart sets forth the material terms of the program with respect to our named executive officers:

<p>Period Two years following the occurrence of a change in control. In addition, the program will cover terminations that become effective prior to the occurrence of a change in control, if such termination has been effected (i) upon the request of the acquirer or (ii) otherwise in anticipation of the change in control.</p>	<p>Protection</p>
<p>Requirements Severance payments are required following termination by us without cause or termination by the eligible officer or employee for good reason during the protection period.</p>	<p>Payout</p>
<p>Counsel — three times</p>	<p>Severance Benefits Lump sum payment equal to a multiple of annual salary and three-year average bonus:</p> <ul style="list-style-type: none"> •Chief Executive Officer, Chief Financial Officer and General •Senior Vice Presidents and Group Presidents — two and a half times
<p>Bonus for Year of Change in Control/Termination Pro rata bonus based on number of months worked in the year of termination and three year average bonus (or actual, if performance is determinable).</p>	
<p>Benefits/Perquisites Continuation Continuation of medical and life insurance benefits at the same cost to the executive, or cash equal to any increased premiums, for the same periods as the severance multiple.</p>	
<p>Covenants Non-compete and non-solicit covenants for one-year period following termination of employment.</p>	<p>Restrictive</p>
<p>Amendment and Termination of the Plan Prior to the occurrence of a change in control, the Compensation Committee may amend or terminate the program at any time upon 90 days written notice.</p>

(1)

Qualified Retirement is defined as a termination of employment that satisfies all of the following: (i) the executive terminates employment more than one year after the grant date of the applicable equity award, (ii) the executive terminates employment on or after attaining age 65 and completing at least five years of continuous service, (iii) the executive is not subject to termination for cause by the Company at the time of the employee's termination and (iv) the executive is available for consultation following the termination of employment at the reasonable request of the Company. (2) In connection with a change in control, the Compensation Committee has the discretion to increase this payment (but not above the benefit payable for the Maximum level of performance achievement) to the extent (if any) that the Committee is able to assess that the Company's progress towards achievement of the applicable performance measures, at or prior to the change in control, exceeds the Target performance level requirement as adjusted to reflect the reduced service period.

The following table quantifies the payments under our severance arrangements, equity compensation plans and supplemental pension plan that would be made assuming that a change in control, death or disability occurred on December 31, 2007. Payments under other plans do not change as a result of a change in control or termination of employment, and quantification of those payments are found elsewhere in this Proxy Statement under 2007 Pension Benefits on pages 46-48 and 2007 Nonqualified Deferred Compensation on page 49 or are paid under plans available generally to salaried employees that do not discriminate in scope, terms or operation in favor of executive officers.

(1) Severance, medical, life insurance premiums and outplacement benefits in connection with a change in control are payable only if the named executive officer is involuntarily terminated (other than for cause, death or disability) or voluntarily terminates employment for good reason in anticipation of, or during the two-year period following, the change in control. For purposes of calculating the amount of these benefits in connection with a change in control, we assumed that such a termination of employment occurred on December 31, 2007. Receipt of these benefits is conditioned upon the named executive officer's execution of an agreement with Company containing confidentiality, 12-month non-competition and 12-month non-solicitation covenants and a customary release of all claims against the Company. For a further discussion, see Change of Control Severance Plan on page 50. (2) As discussed in Change of Control Severance Plan on page 50, the change in control severance amount for each named executive officer is a multiple of base salary and average annual bonus for the three years prior to the year of termination, plus unpaid bonus for the current year earned through the termination date. In the event that the severance payment, when aggregated with all other change in control payments, would subject the named executive officer to an excise tax under IRS regulations, then the severance payment will be reduced to the highest amount for which no excise tax would be due, only if the reduced amount is greater than the unreduced amount net of the excise tax. (3) Medical benefits are based on a multiple of the 2007 medical benefits insurance premium plus a \$10,000 annual executive reimbursement allowance. (4) Under our Change of Control Severance Plan, a named executive officer is entitled to reasonable outplacement services from a provider selected by the executive and paid for by the Company. The amount disclosed represents the Company's reasonable estimate of the cost to provide this benefit. (5) The value attributable to the acceleration of unvested stock options is based upon the number of unvested stock options multiplied by the difference between the closing price for our Common Stock on December 31, 2007 (\$105.94) and the per share exercise price of the option. (6) As disclosed above, in the event of any termination of employment other than death or disability, unvested option awards (or all option awards, in the case of a termination for cause) are forfeited. Accordingly, option awards are not quantified in the table above with respect to any termination of employment event other than death or disability. (7) The value attributable to the acceleration of unvested restricted stock (units) is based upon the number of unvested shares (or units) of restricted stock multiplied by the closing price for our Common Stock on December 31, 2007 (\$105.94). (8) As disclosed above, in the event of the named executive officer's qualified retirement, the restricted stock (units) are not paid until the end of the original vesting period. In the event of any other termination of employment other than death or disability, the restricted stock (units) are forfeited. Accordingly, the restricted stock (units) are not quantified in the table above with respect to any termination of employment event other than death or disability. (9) The value attributable to the acceleration of performance units is based upon the prorated number of shares issuable (or payable in cash) assuming a Target level of performance achievement multiplied by the closing price for our Common Stock on December 31, 2007 (\$105.94). As disclosed above, the Compensation Committee has the discretion to increase the number of shares issuable or payable up to the prorated number of shares issuable or payable assuming the Maximum level of performance achievement based on the Committee's assessment of the Company's progress towards achievement of the applicable performance measures at or prior to the change in control. (10) As disclosed above, in the event of the named executive officer's death, disability, qualified retirement or termination by the Company without cause, the performance units are not paid until the end of the original performance period based on actual performance, prorated to reflect the executive's reduced service period. In the event of any other termination of employment, the performance units are forfeited. Accordingly, the performance units are not quantified in the table above with respect to any termination of employment event. (11) The Supplemental Plan pays benefits in a lump sum upon a change in control, and in an annuity upon termination of employment. ERISA regulations for Qualified Plans require that an interest rate different than the rate used for financial reporting purposes be used to determine benefits paid out in a lump-sum. The supplemental plan uses lump sum factors from the Qualified Plan, so this results in an enhanced benefit received upon a change in control compared to the benefits received in the case of voluntary termination, normal retirement, or involuntary not-for-cause termination. The amounts disclosed represent the enhancement received upon a change in control. In the case of any other termination, no enhanced benefit is received under the Supplemental Plan and, accordingly, no amounts relating to payments under the Supplemental Plan in the

case of such terminations are included in the table above. For a further discussion, see the 2007 Pension Benefits table included in this proxy statement on page 46. (12) Under her offer letter, Ms. Karelis is entitled to 12 months of salary continuation in the amount of \$650,000 in the event her employment is terminated involuntarily, other than for cause or as a result of a change in control, upon her execution of a signed waiver and release of all claims against the Company. These payments are not included in the amounts reported above.

Compensation of Directors

Directors who are also employees of L-3 do not receive compensation for their services as directors. The following table shows non-employee director compensation for 2007 as determined by our Board of Directors, upon the recommendation of the Compensation Committee.

	Annual
board retainer	\$ 50,000
Annual Audit Committee chairperson retainer	\$ 15,000
Annual Compensation Committee chairperson retainer	\$ 7,500
Annual Nominating/Corporate Governance Committee chairperson retainer	\$ 7,500
Annual non-employee board chairperson retainer	\$ 50,000
Payment per board meeting attended	\$ 1,500
Payment per Audit Committee meeting attended	\$ 2,000
Payment per Compensation, Nominating/Corporate Governance or Executive Committee meeting attended	\$ 1,500
Payment per Telephonic Committee meeting attended(1)	\$ 1,000
Annual stock option grant	\$ 90,000 (2)(3)

(1) This includes telephonic Board, Executive, Audit, Compensation and Nominating/Corporate Governance Committee meetings. (2) Each non-employee director is entitled to receive, on the first business day of each April, options to purchase an amount of L-3 shares resulting in the options having a Black-Scholes value of \$90,000 on the grant date. All stock options generally vest in equal annual increments over a three-year period and have an exercise price per share equal to the closing price of our Common Stock on the grant date. For 2007, each non-employee director received on April 2, 2007 an option to purchase 3,193 shares at an exercise price of \$87.81 per share. (3) The number of options granted to each non-employee director was determined using a Black-Scholes stock option pricing model as approved by the Compensation Committee based on assumptions derived from Mercer's standard stock option pricing methodology, resulting in a grant date fair value of \$28.19. The grant date fair value calculated by the Company for financial statement reporting purposes in accordance with SFAS 123R resulted in a grant date fair value of \$24.94. The difference in grant date fair values is primarily due to different holding period assumptions. The Mercer standard option pricing methodology uses a ten year expected holding period assumption (i.e., the full term of the option award) compared to a seven year expected holding period assumption used by the Company for financial statement reporting purposes in accordance with SFAS 123R.

With respect to the compensation described above (other than the annual stock option grant), each non-employee director may elect to receive all such compensation in cash, our Common Stock or a combination thereof.

The Board of Directors has also established a company stock ownership guideline of three times the annual retainer amount (i.e., \$150,000) for each non-employee director. The guideline is currently in effect, but each current or future director has until the later of July 11, 2010 or five years after the date such director is elected to the Board of Directors to achieve the minimum level of ownership. Directors whose ownership is below or falls below the guideline after that time will receive all retainers and meeting fees in shares of our Common Stock that cannot be sold until the guideline requirement is satisfied.

Certain Relationships and Related Transactions

The Board of Directors has adopted a written policy and written procedures for the review, approval and monitoring of transactions involving L-3 and “related persons.” For the purposes of the policy, “related persons” include executive officers, directors and director nominees or their immediate family members, or stockholders owning five percent or greater of our outstanding Common Stock.

The related person transaction policy requires:

- that any transaction in which a related person has a material direct or indirect interest and which exceeds \$120,000, such transaction referred to as a “related person” transaction, and any material amendment or modification to a related person transaction, be reviewed and approved or ratified by any committee of the Board of Directors composed solely of independent directors who are disinterested or by the disinterested members of the Board of Directors; and
- that any employment relationship or transaction involving an executive officer and any related compensation must be approved by the Compensation Committee of the Board of Directors or recommended by the Compensation Committee to the Board of Directors for its approval.

In connection with the review and approval or ratification of a related person transaction:

- management must disclose to the Committee or disinterested directors, as applicable, the material terms of the related person transaction, including the approximate dollar value of the amount involved in the transaction, and all the material facts as to the related person’s direct or indirect interest in, or relationship to, the related person transaction;

- management must advise the Committee or disinterested directors, as applicable, as to whether the related person transaction complies with the terms of our agreements governing our material outstanding indebtedness that limit or restrict our ability to enter into a related person transaction;

- management must advise the Committee or disinterested directors, as applicable, as to whether the related person transaction will be required to be disclosed in our SEC filings. To the extent required to be disclosed, management must ensure that the related person transaction is disclosed in accordance with SEC rules; and

- management must advise the Committee or disinterested directors, as applicable, as to whether the related person transaction constitutes a “personal loan” for purposes of Section 402 of the Sarbanes-Oxley Act of 2002.

In addition, the related person transaction policy provides that the Compensation Committee, in connection with any approval or ratification of a related person transaction involving a non-employee director or director nominee, should consider whether such transaction would compromise the director or director nominee’s status as an “independent,” “outside,” or “non-employee” director, as applicable, under the rules and regulations of the SEC, NYSE and Internal Revenue Code.

During 2007, we did not enter into any transactions with related persons that were subject to the Board of Directors’ related person transaction policy.

SECTION 1. Purpose.

The purpose of this Plan is to benefit the Corporation's stockholders by encouraging high levels of performance by individuals who contribute to the success of the Corporation and its Subsidiaries and to enable the Corporation and its Subsidiaries to attract, motivate, retain and reward talented and experienced individuals. This purpose is to be accomplished by providing eligible individuals with an opportunity to obtain or increase a proprietary interest in the Corporation and/or by providing eligible individuals with additional incentives to join or remain with the Corporation and its Subsidiaries.

(b) Rules of Construction. For purposes of this Plan and the Award Agreements, unless otherwise expressly provided or the context otherwise requires, the terms defined in this Plan include the plural and the singular, and pronouns of either gender or neuter shall include, as appropriate, the other pronoun forms.

SECTION 3. Eligibility.

Any one or more Awards may be granted to any Employee, or any non-Employee who provides services to or on behalf of the Corporation or any of its Subsidiaries, who is designated by the Committee to receive an Award.

SECTION 4. Awards.

(a) Type of Awards. The Committee may from time to time grant any of the following types of Awards, either singly, in tandem or in combination with other Awards:

(1) Nonqualified Stock Options. A Nonqualified Stock Option is an Award in the form of an option to purchase Stock that is not intended to comply with the requirements of Code Section 422. The exercise price of each Nonqualified Stock Option granted under this Plan shall not be less than the Fair Market Value of the Stock on the date that the Option is granted.

(2) Incentive Stock Options. An Incentive Stock Option is an Award in the form of an option to purchase Stock that is intended to comply with the requirements of Code Section 422 or any successor section thereof. The exercise price

of each Incentive Stock Option granted under this Plan shall not be less than the Fair Market Value of the Stock on the date the Option is granted. If a Participant on the date an Incentive Stock Option is granted owns, directly or indirectly within the meaning of Code Section 424(d), stock possessing more than ten percent (10%) of the total combined voting power of all classes of stock of the Corporation, the exercise price per share of the Incentive Stock Option shall not be less than one hundred and ten percent (110%) of the Fair Market Value per share of the Stock at the time of grant, and such Incentive Stock Option shall not be exercisable after the expiration of five (5) years from the date such Incentive Stock Option is granted. To the extent that the aggregate Fair Market Value of Stock

with respect to which one or more incentive stock options first become exercisable by a Participant in any calendar year exceeds \$100,000, taking into account both Stock subject to Incentive Stock Options under this Plan and stock subject to incentive stock options under all other plans of the Corporation or of other entities referenced in Code Section 422(d)(1), the options shall be treated as Nonqualified Stock Options. For this purpose, the Fair Market Value of the Stock subject to options shall be determined as of the date the Options were granted.

(3) **Stock Appreciation Rights.** A Stock Appreciation Right is an Award in the form of a right to receive, upon surrender of the right, but without other payment, an amount based on the appreciation in the value of the Stock or the Option over a base price established in the Award, payable in cash, Stock or such other form or combination of forms of payout, at times and upon conditions (which may include a Change in Control), as may be approved by the Committee. The minimum base price of a Stock Appreciation Right granted under this Plan shall not be less than the Fair Market Value of the underlying Stock on the date the Stock Appreciation Right is granted.

(4) **Restricted Stock.** Restricted Stock is an Award of issued shares of Stock of the Corporation (other than Minimum Ownership Stock) that are subject to restrictions on transfer and/or such other restrictions on incidents of ownership as the Committee may determine.

(5) **Other Share-Based Awards.** The Committee may from time to time grant Awards under this Plan that provide the Participants with Stock or the right to purchase Stock, or provide other incentive Awards (including, but not limited to, Minimum Ownership Stock, phantom stock or units, performance stock or units, bonus stock, dividend equivalent units, or similar securities or rights) that have a value derived from the value of, or an exercise or conversion privilege at a price related to, or that are otherwise payable in shares of Stock. The Awards shall be in a form determined by the Committee, provided that the Awards shall not be inconsistent with the other express terms of this Plan applicable to such Awards.

(b) **Special Performance-Based Awards.** Without limiting the generality of the foregoing, any of the type of Awards listed in Section 4(a) may be granted as awards that satisfy the requirements for “performance-based compensation” within the meaning of Code Section 162(m) (“Performance-Based Awards”), the grant, vesting, exercisability or payment of which may depend on the degree of achievement of the Performance Goals relative to preestablished targeted levels for the Corporation or any of its Subsidiaries, divisions or other business units. Performance-Based Awards shall be subject to the requirements of clauses (1) through (7) below, except that notwithstanding anything contained in this Section 4(b) to the contrary, any Option or Stock Appreciation Right intended to qualify as a Performance-Based Award shall not be subject to the requirements of clauses (2), (4), (5) and (6) below (with such Awards hereinafter referred to as a “Qualifying Option” or a “Qualifying Stock Appreciation Right”, respectively). An Award that is intended to satisfy the requirements of this Section 4(b) shall be designated as a Performance-Based Award at the time of grant.

(1) **Eligible Class.** The eligible class of persons for Awards under this Section 4(b) shall be all Employees.

(2) **Performance Goals.** The performance goals for any Awards under this Section 4(b) (other than Qualifying Options and Qualifying Stock Appreciation Rights) shall be, on an absolute or relative basis, one or more of the Performance Goals. The specific performance target(s) with respect to Performance Goal(s) must be established by the Committee in advance of the deadlines applicable under Code Section 162(m) and while the performance relating to the Performance Goal(s) remains substantially uncertain.

(3) **Individual Limits.** The maximum number of shares of Stock or Share Units that are issuable under Options, Stock Appreciation Rights, Restricted Stock or other Awards (described under Section 4(a)(5)) that are granted as

Performance-Based Awards to any Participant shall not exceed five percent of the total shares outstanding of the Corporation during the life of the Plan, either individually or in the aggregate, subject to adjustment as provided in Section 7. The maximum number of shares of Stock and Share Units issuable or payable pursuant to all

A-4

Table of Contents

Performance-Based Awards (including Qualifying Options and Qualifying Stock Appreciation Rights) granted during a calendar year to any Employee shall be 500,000, subject to adjustment as provided in Section 7. Awards that are cancelled during the year shall be counted against these limits to the extent required by Code Section 162(m).

(4) **Committee Certification.** Before any Performance-Based Award under this Section 4(b) (other than Qualifying Options and Qualifying Stock Appreciation Rights) is paid, the Committee must certify in writing (by resolution or otherwise) that the applicable Performance Goal(s) and any other material terms of the Performance-Based Award were satisfied; provided, however, that a Performance-Based Award may be paid without regard to the satisfaction of the applicable Performance Goal in the event of the Participant's death, permanent disability or retirement or in the event of a Change in Control as provided in Section 7(b).

(5) **Terms and Conditions of Awards. Committee Discretion to Reduce Performance Awards.** The Committee shall have discretion to determine the conditions, restrictions or other limitations, in accordance with the terms of this Plan and Code Section 162(m), on the payment of individual Performance-Based Awards under this Section 4(b). To the extent set forth in an Award Agreement, the Committee may reserve the right to reduce the amount payable in accordance with any standards or on any other basis (including the Committee's discretion), as the Committee may impose.

(6) **Adjustments for Material Changes.** To the extent set forth in an Award Agreement, in the event of (i) a change in corporate capitalization, a corporate transaction or a complete or partial corporate liquidation, or (ii) any extraordinary gain or loss or other event that is treated for accounting purposes as an extraordinary item under generally accepted accounting principles, or (iii) any material change in accounting policies or practices affecting the Corporation and/or the Performance Goals or targets, the Committee shall make adjustments to the Performance Goals and/or targets, applied as of the date of the event, and based solely on objective criteria, so as to neutralize, in the Committee's judgment, the effect of the event on the applicable Performance-Based Award.

(7) **Interpretation.** Except as specifically provided in this Section 4(b), the provisions of this Section 4(b) shall be interpreted and administered by the Committee in a manner consistent with the requirements for exemption of Performance-Based Awards granted to Executive Officers as "performance-based compensation" under Code Section 162(m) and regulations and other interpretations issued by the Internal Revenue Service thereunder.

SECTION 5. Shares of Stock and Share Units Available Under Plan.

(a) **Aggregate Limits on Shares and Share Units.** (i) The maximum number of shares of Stock that may be issued pursuant to all Awards under the Plan is 5,000,000, (ii) the maximum number of such shares of Stock that may be issued pursuant to all Awards of Incentive Stock Options is 3,000,000, and (iii) the maximum number of shares of Stock and Share Units that may be issuable or payable pursuant to all Awards granted during a calendar year to any Participant shall be 500,000, in each case subject to adjustment as provided in this Section 5 or Section 7.

(b) **Sublimit on Full Value Awards.** The maximum number of shares of Stock that may be issued pursuant to Awards under the Plan other than Options and Stock Appreciation Rights is 2,500,000, subject to adjustment as provided in this Section 5 or Section 7.

(c) **Reissue of Shares and Share Units.** Any unexercised, unconverted or undistributed portion of any expired, cancelled, terminated or forfeited Award, or any alternative form of consideration under an Award that is not paid in connection with the settlement of an Award or any portion of an Award, shall again be available for Awards under Sections 5(a) and (b), as applicable, whether or not the Participant has received benefits of ownership (such as

dividends or dividend equivalents or voting rights) during the period in which the Participant's ownership was restricted or otherwise not vested. To the extent an Award is settled in cash in lieu of issuing shares of Stock subject thereto, such shares shall be deemed to constitute Cash Units (and not shares of Stock issued pursuant to an Award) for purposes of the limits set forth in Sections 5(a) and (b). For the avoidance of doubt, the following

A-5

Table of Contents

shares of Stock shall not become available for reissuance under the Plan: (1) shares tendered by Participants as full or partial payment to the Corporation upon exercise of Options or other Awards granted under the Plan; (2) shares of Stock reserved for issuance upon the grant of Stock Appreciation Rights, to the extent the number of reserved shares exceeds the number of shares actually issued upon exercise of the Stock Appreciation Rights; and (3) shares withheld by, or otherwise remitted to, the Corporation to satisfy a Participant's tax withholding obligations upon the lapse of restrictions on Restricted Stock or the exercise of Options or Stock Appreciation Rights or upon any other payment or issuance of shares under any other Award granted under the Plan.

(d) Interpretive Issues. Additional rules for determining the number of shares of Stock or Share Units authorized under this Plan may be adopted by the Committee, as it deems necessary or appropriate.

(e) Treasury Shares; No Fractional Shares. The Stock which may be issued (which term includes Stock reissued or otherwise delivered) pursuant to an Award under this Plan may be treasury or authorized but unissued Stock or Stock acquired, subsequently or in anticipation of a transaction under this Plan, in the open market or in privately negotiated transactions to satisfy the requirements of this Plan. No fractional shares shall be issued but fractional interests may be accumulated.

(f) Consideration. The Stock issued under this Plan may be issued (subject to Section 10(d)) for any lawful form of consideration, the value of which equals the par value of the Stock or such greater or lesser value as the Committee, consistent with Sections 10(d) and 4(a)(1), (2) and (3), may require.

(g) Purchase or Exercise Price; Withholding. The exercise or purchase price (if any) of the Stock issuable pursuant to any Award and any withholding obligation under applicable tax laws shall be paid at or prior to the time of the delivery of such Stock in cash or, subject to the Committee's express authorization and the restrictions, conditions and procedures as the Committee may impose, any one or combination of (i) cash, (ii) the delivery of shares of Stock, or (iii) a reduction in the amount of Stock or other amounts otherwise issuable or payable pursuant to such Award. In the case of a payment by the means described in clause (ii) or (iii) above, the Stock to be so delivered or offset shall be determined by reference to the Fair Market Value of the Stock on the date as of which the payment or offset is made.

(h) Cashless Exercise. The Committee may also permit the exercise of the Award and payment of any applicable withholding tax in respect of an Award by delivery of written notice, subject to the Corporation's receipt of a third party payment in full in cash (or in such other form as permitted under Section 5(g)) for the exercise price and the applicable withholding at or prior to the time of issuance of Stock, in the manner and subject to the procedures as may be established by the Committee.

SECTION 6. Award Agreements.

Each Award under this Plan shall be evidenced by an Award Agreement in a form approved by the Committee setting forth the number of shares of Stock or Share Units, as applicable, subject to the Award, and the price (if any) and term of the Award and, in the case of Performance-Based Awards, the applicable Performance Goals, if any. The Award Agreement shall also set forth (or incorporate by reference) other material terms and conditions applicable to the Award as determined by the Committee consistent with the limitations of this Plan.

(a) Incorporated Provisions. Award Agreements shall be subject to the terms of this Plan and shall be deemed to include the following terms:

(1) Transferability: An Award shall not be assignable nor transferable, except by will or by the laws of descent and distribution, and during the lifetime of a Participant the Award shall be exercised only by such Participant or by his or her guardian or legal representative, except that Awards, other than Incentive Stock Options, may be transferred to and thereafter exercised by a family member or family members of a Participant, or transferred to an irrevocable trust or trusts (or other similar estate planning entity or entities) established for the benefit of a Participant and/or one or more of the Participant's family members, during the Participant's lifetime. The designation of a Beneficiary hereunder shall not constitute a transfer prohibited by the foregoing provisions.

A-6

(2) **Rights as Stockholder:** A Participant shall have no rights as a holder of Stock with respect to any unissued securities covered by an Award until the date the Participant becomes the holder of record of these securities. Except as provided in Section 7, no adjustment or other provision shall be made for dividends or other stockholder rights, except to the extent that the Award Agreement provides for dividend equivalents or similar economic benefits.

(3) **Withholding:** The Participant shall be responsible for payment of any taxes or similar charges required by law to be withheld from an Award or an amount paid in satisfaction of an Award and these obligations shall be paid by the Participant on or prior to the payment of the Award. In the case of an Award payable in cash, the withholding obligation shall be satisfied by withholding the applicable amount and paying the net amount in cash to the Participant. In the case of an Award paid in shares of Stock, a Participant shall satisfy the withholding obligation as provided in Section 5(g) or Section 5(h).

(4) **Option Holding Period:** Subject to the authority of the Committee under Section 7, and except as otherwise provided by the Committee or as allowed under Rule 16b-3 of the Exchange Act, a minimum six-month period shall elapse between the date of initial grant of any Option and the sale of the underlying shares of Stock, and the Corporation may impose legend and other restrictions on the Stock issued on exercise of the Options to enforce this requirement; provided, however, that such limitation shall not apply to the extent provided by the Committee on account of the Participant's death, permanent disability or retirement or in the event of a Change in Control as provided in Section 7(b).

(5) **Maximum Term of Awards.** No Award that contemplates exercise or conversion may be exercised or converted to any extent, and no other Award that defers vesting, shall remain outstanding and unexercised, unconverted or unvested more than ten years after the date the Award was initially granted.

(b) **Other Provisions.** Award Agreements may include other terms and conditions as the Committee shall approve, including but not limited to the following:

(1) **Termination of Employment:** A provision describing the treatment of an Award in the event of the retirement, disability, death or other termination of a Participant's employment with or services to the Company, including any provisions relating to the vesting, exercisability, forfeiture or cancellation of the Award in these circumstances, subject, in the case of Performance-Based Awards, to the requirements for "performance-based compensation" under Code Section 162(m).

(2) **Vesting; Effect of Termination; Change in Control:** Any other terms consistent with the terms of this Plan as are necessary and appropriate to effect the Award to the Participant, including but not limited to the vesting provisions, any requirements for continued employment, any other restrictions or conditions (including performance requirements) of the Award, and the method by which (consistent with Section 7) the restrictions or conditions lapse, and the effect on the Award of a Change in Control. Unless otherwise provided by the Committee in the applicable Award Agreement, (1) the minimum vesting period for Awards of Restricted Stock shall be three years from the date of grant (or one year in the case of Restricted Stock Awards that are Performance-Based Awards) and (2) the vesting period of an Award of Restricted Stock may not be accelerated to a date that is within such minimum vesting period except in the event of the Participant's death, permanent disability or retirement or in the event of a Change in Control.

(3) **Replacement and Substitution:** Any provisions permitting or requiring the surrender of outstanding Awards or securities held by the Participant in whole or in part in order to exercise or realize rights under or as a condition precedent to other Awards, or in exchange for the grant of new or amended Awards under similar or different terms; provided, that except in connection with an adjustment contemplated by Section 7, no such provisions of an Award

Agreement shall permit a “Repricing” as defined in Section 8(d).

(4) Dividends: Any provisions providing for the payment of dividend equivalents on unissued shares of Stock or unpaid Share Units underlying an Award, on either a current or

A-7

Table of Contents

deferred or contingent basis, and either in cash or in additional shares of Stock; provided that dividend equivalents may not be paid with respect to Awards of Options or Stock Appreciation Rights.

(c) **Contract Rights, Forms and Signatures.** Any obligation of the Corporation to any Participant with respect to an Award shall be based solely upon contractual obligations created by this Plan and an Award Agreement. No Award shall be enforceable until the Award Agreement has been signed on behalf of the Corporation by an Executive Officer (other than the recipient) or his or her delegate. By accepting receipt of the Award Agreement, a Participant shall be deemed to have accepted and consented to the terms of this Plan and any action taken in good faith under this Plan by and within the discretion of the Committee, the Board of Directors or their delegates. Unless the Award Agreement otherwise expressly provides, there shall be no third party beneficiaries of the obligations of the Corporation to the Participant under the Award Agreement.

SECTION 7. Adjustments; Change in Control; Acquisitions.

(a) **Adjustments.** If there shall occur any recapitalization, stock split (including a stock split in the form of a stock dividend), reverse stock split, merger, combination, consolidation, or other reorganization or any extraordinary dividend or other extraordinary distribution in respect of the Stock (whether in the form of cash, Stock or other property), or any split-up, spin-off, extraordinary redemption, or exchange of outstanding Stock, or there shall occur any other similar corporate transaction or event in respect of the Stock, or a sale of substantially all the assets of the Corporation as an entirety, then the Committee shall, in the manner and to the extent, if any, as it deems appropriate and equitable to the Participants and consistent with the terms of this Plan, and taking into consideration the effect of the event on the holders of the Stock:

(1) proportionately adjust any or all of:

(A) the number and type of shares of Stock and Share Units which thereafter may be made the subject of Awards (including the specific maxima and numbers of shares of Stock or Share Units set forth elsewhere in this Plan),

(B) the number and type of shares of Stock, other property, Share Units or cash subject to any or all outstanding Awards,

(C) the grant, purchase or exercise price, or conversion ratio of any or all outstanding Awards, or of the Stock, other property or Share Units underlying the Awards,

(D) the securities, cash or other property deliverable upon exercise or conversion of any or all outstanding Awards,

(E) subject to Section 4(b), the performance targets or standards appropriate to any outstanding Performance-Based Awards, or

(F) any other terms as are affected by the event; and/or

(2) provide for:

(A) an appropriate and proportionate cash settlement or distribution, or

(B) the substitution or exchange of any or all outstanding Awards, or the cash, securities or property deliverable on exercise, conversion or vesting of the Awards.

Notwithstanding the foregoing, in the case of an Incentive Stock Option, no adjustment shall be made which would cause this Plan to violate Section 424(a) of the Code or any successor provisions thereto, without the written consent of the Participant adversely affected thereby. The Committee shall act prior to an event described in this paragraph (a) (including at the time of an Award by means of more specific provisions in the Award Agreement) if deemed necessary or appropriate to permit the Participant to realize the benefits intended to be conveyed by an Award in respect of the Stock in the case of an event described in paragraph (a).

(b) Change in Control. The Committee may, in the Award Agreement, provide for the effect of a Change in Control on an Award. Such provisions may include, but are not limited to any one or

A-8

Table of Contents

more of the following with respect to any or all Awards: (i) the specific consequences of a Change in Control on the Awards; (ii) a reservation of the Committee's right to determine in its discretion at any time that there shall be full acceleration or no acceleration of benefits under the Awards; (iii) that only certain or limited benefits under the Awards shall be accelerated; (iv) that the Awards shall be accelerated for a limited time only; or (v) that acceleration of the Awards shall be subject to additional conditions precedent (such as a termination of employment following a Change in Control).

In addition to any action required or authorized by the terms of an Award, the Committee may take any other action it deems appropriate to ensure the equitable treatment of Participants in the event of or in anticipation of a Change in Control, including but not limited to any one or more of the following with respect to any or all Awards: (i) the acceleration or extension of time periods for purposes of exercising, vesting in, or realizing gain from, the Awards; (ii) the waiver of conditions on the Awards that were imposed for the benefit of the Corporation, (iii) provision for the cash settlement of the Awards for their equivalent cash value, as determined by the Committee, as of the date of the Change in Control; or (iv) such other modification or adjustment to the Awards as the Committee deems appropriate to maintain and protect the rights and interests of Participants upon or following the Change in Control. The Committee also may accord any Participant a right to refuse any acceleration of exercisability, vesting or benefits, whether pursuant to the Award Agreement or otherwise, in such circumstances as the Committee may approve.

Notwithstanding the foregoing provisions of this Section 7(b) or any provision in an Award Agreement to the contrary, if any Award to any Insider is accelerated to a date that is less than six months after the date of the Award, the Committee may prohibit a sale of the underlying Stock (other than a sale by operation or law in exchange for or through conversion into other securities), and the Corporation may impose legend and other restrictions on the Stock to enforce this prohibition.

(c) **Change in Control Definition.** For purposes of this Plan, with respect to any Award other than an Award issued pursuant to an Award Agreement that separately defines the term "change in control," a change in control shall include and be deemed to occur upon the following events:

- (1) The acquisition by any person or group (including a group within the meaning of Section 13(d)(3) or 14(d)(2) of the Exchange Act), other than the Corporation or any of its Subsidiaries, of beneficial ownership (within the meaning of Rule 13d-3 under the Exchange Act) of a majority of the combined voting power of the Corporation's then outstanding voting securities, other than by any employee benefit plan maintained by the Corporation;
- (2) The sale of all or substantially all of the assets of the Corporation or of L-3 Communications Corporation or any successor thereto;
- (3) The election, including the filling of vacancies, during any period of 24 months or less, of 50 percent or more, of the members of the Board, without the approval of Continuing Directors, as constituted at the beginning of such period. "Continuing Directors" shall mean any director of the Company who either (i) is a member of the Board on the date of grant of the relevant Award, or (ii) is nominated for election to the Board by a majority of the Board which is comprised of Directors who were, at the time of such nomination, Continuing Directors; or
- (4) In the Committee's sole discretion on a case-by-case basis and solely with respect to Awards granted to Employees of a Subsidiary of the Corporation, or of a business unit or division of the Corporation or such Subsidiary, (i) the sale of all or substantially all of the assets of such Subsidiary, business unit or division or (ii) the sale (including without limitation by way of merger) of a majority of the combined voting power of such Subsidiary's then outstanding voting securities.

A-9

(d) Business Acquisitions. Awards may be granted under this Plan on the terms and conditions as the Committee considers appropriate, which may differ from those otherwise required by this Plan to the extent necessary to reflect a substitution for or assumption of stock incentive awards held by employees of other entities who become employees of the Corporation or a Subsidiary as the result of a merger of the employing entity with, or the acquisition of the property or stock of the employing entity by, the Corporation or a Subsidiary, directly or indirectly.

SECTION 8. Administration.

(a) Committee Authority and Structure. This Plan and all Awards granted under this Plan shall be administered by the Compensation Committee of the Board or such other committee of the Board or subcommittee of the Compensation Committee as may be designated by the Board and constituted so as to permit this Plan to comply with the disinterested administration requirements of Rule 16b-3 under the Exchange Act and the “outside director” requirement of Code Section 162(m). The members of the Committee shall be designated by the Board. A majority of the members of the Committee (but not fewer than two) shall constitute a quorum. The vote of a majority of a quorum or the unanimous written consent of the Committee shall constitute action by the Committee.

(b) Selection and Grant. The Committee shall have the authority to determine the individuals (if any) to whom Awards will be granted under this Plan, the type of Award or Awards to be made, and the nature, amount, pricing, timing, and other terms of Awards to be made to any one or more of these individuals, subject to the terms of this Plan.

(c) Construction and Interpretation. The Committee shall have the power to interpret and administer this Plan and Award Agreements, and to adopt, amend and rescind related rules and procedures. All questions of interpretation and determinations with respect to this Plan, the number of shares of Stock, Stock Appreciation Rights, or units or other Awards granted, and the terms of any Award Agreements, the adjustments required or permitted by Section 7, and other determinations hereunder shall be made by the Committee and its determination shall be final and conclusive upon all parties in interest. In the event of any conflict between an Award Agreement and any non-discretionary provisions of this Plan, the terms of this Plan shall govern.

(d) Express Authority to Change Terms of Awards. The Committee may, at any time, alter or amend any or all Award Agreements under this Plan in any manner that would be authorized for a new Award under this Plan, including but not limited to any manner set forth in Section 9 (subject to any applicable limitations thereunder), except that no amendment or cancellation of an Award may effect a Repricing of such Award, except in connection with an adjustment pursuant to Section 7. A “Repricing” means any of the following: (i) changing the terms of an Award to lower its exercise price or base price, (ii) cancelling an Award with an exercise price or base price in exchange for other Awards with a lower exercise price or base price, or (iii) cancelling an Award with an exercise price or base price at a time when such price is equal to or greater than the Fair Market Value of the underlying Stock in exchange for other Awards, cash or property. Without limiting the Committee’s authority under this plan (including Sections 7 and 9), but subject to any express limitations of this Plan (including the prohibitions on Repricing set forth in this Section 8(d)), the Committee shall have the authority to accelerate the exercisability or vesting of an Award, to extend the term or waive early termination provisions of an Award (subject to the maximum ten-year term under Section 6(a)(5)), and to waive the Corporation’s rights with respect to an Award or restrictive conditions of an Award (including forfeiture conditions), in any case in such circumstances as the Committee deems appropriate.

(e) Rule 16b-3 Conditions; Bifurcation of Plan. It is the intent of the Corporation that this Plan and Awards hereunder satisfy and be interpreted in a manner, that, in the case of Participants who are or may be Insiders, satisfies any applicable requirements of Rule 16b-3, so that these persons will be entitled to the benefits of Rule 16b-3 or other

exemptive rules under Section 16 under the Exchange Act and will not be subjected to avoidable liability thereunder as to Awards intended to be entitled to the benefits of Rule 16b-3. If any provision of this Plan or of any Award would otherwise frustrate or conflict with the intent expressed in this Section 8(e), that provision to the extent possible shall be interpreted and deemed amended so as to avoid such conflict. To the extent of any remaining

irreconcilable conflict with this intent, the provision shall be deemed disregarded as to Awards intended as Rule 16b-3 exempt Awards. Notwithstanding anything to the contrary in this Plan, the provisions of this Plan may at any time be bifurcated by the Board or the Committee in any manner so that certain provisions of this Plan or any Award Agreement intended (or required in order) to satisfy the applicable requirements of Rule 16b-3 are only applicable to Insiders and to those Awards to Insiders intended to satisfy the requirements of Rule 16b-3.

(f) Delegation and Reliance. The Committee may delegate to the officers or employees of the Corporation the authority to execute and deliver those instruments and documents, to do all acts and things, and to take all other steps deemed necessary, advisable or convenient for the effective administration of this Plan in accordance with its terms and purpose, except that the Committee may not delegate any discretionary authority to grant or amend an award or with respect to substantive decisions or functions regarding this Plan or Awards as these relate to the material terms of Performance-Based Awards to Executive Officers or to the timing, eligibility, pricing, amount or other material terms of Awards to Insiders. In making any determination or in taking or not taking any action under this Plan, the Board and the Committee may obtain and may rely upon the advice of experts, including professional advisors to the Corporation. No director, officer, employee or agent of the Corporation shall be liable for any such action or determination taken or made or omitted in good faith.

(g) Exculpation and Indemnity. Neither the Corporation nor any member of the Board of Directors or of the Committee, nor any other person participating in any determination of any question under this Plan, or in the interpretation, administration or application of this Plan, shall have any liability to any party for any action taken or not taken in good faith under this Plan or for the failure of an Award (or action in respect of an Award) to satisfy Code requirements as to incentive stock options or to realize other intended tax consequences, to qualify for exemption or relief under Rule 16b-3 or to comply with any other law, compliance with which is not required on the part of the Corporation.

SECTION 9. Amendment and Termination of this Plan.

The Board of Directors may at any time amend, suspend or discontinue this Plan, subject to any stockholder approval that may be required under applicable law. Notwithstanding the foregoing, no such action by the Board or the Committee shall, in any manner adverse to a Participant other than as expressly permitted by the terms of an Award Agreement, affect any Award then outstanding and evidenced by an Award Agreement without the consent in writing of the Participant or a Beneficiary, a Participant's family member or a trust (or similar estate planning entity) established for the benefit of a Participant and/or one or more of the Participant's family members entitled to an Award. Notwithstanding the above, any amendment that would (i) materially increase the benefits accruing to any Participant or Participants hereunder, (ii) materially increase the aggregate number of shares of Stock, Share Units or other equity interest(s) that may be issued hereunder, or (iii) materially modify the requirements as to eligibility for participation in this Plan, shall be subject to shareholder approval.

SECTION 10. Miscellaneous.

(a) Unfunded Plans. This Plan shall be unfunded. Neither the Corporation nor the Board of Directors nor the Committee shall be required to segregate any assets that may at any time be represented by Awards made pursuant to this Plan. Neither the Corporation, the Committee, nor the Board of Directors shall be deemed to be a trustee of any amounts to be paid or securities to be issued under this Plan.

(b) Rights of Employees.

(1) No Right to an Award. Status as an Employee shall not be construed as a commitment that any one or more Awards will be made under this Plan to an Employee or to Employees generally. Status as a Participant shall not entitle the Participant to any additional Award.

(2) No Assurance of Employment. Nothing contained in this Plan (or in any other documents related to this Plan or to any Award) shall confer upon any Employee or Participant

A-11

any right to continue in the employ or other service of the Corporation or any Subsidiary or constitute any contract (of employment or otherwise) or limit in any way the right of the Corporation or any Subsidiary to change a person's compensation or other benefits or to terminate the employment or services of a person with or without cause.

(c) **Effective Date; Duration.** This Plan has been adopted by the Board of Directors of the Corporation. This Plan shall become effective upon and shall be subject to the approval of the stockholders the Corporation. This Plan shall remain in effect until any and all Awards under this Plan have been exercised, converted or terminated under the terms of this Plan and applicable Award Agreements. Notwithstanding the foregoing, no Award may be granted under this Plan after April 29, 2018; provided, however, that any Award granted prior to such date may be amended after such date in any manner that would have been permitted hereunder prior to such date.

(d) **Compliance with Laws.** This Plan, Award Agreements, and the grant, exercise, conversion, operation and vesting of Awards, and the issuance and delivery of shares of Stock and/or other securities or property or the payment of cash under this Plan, Awards or Award Agreements, are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal insider trading, registration, reporting and other securities laws and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may be necessary or, in the opinion of counsel for the Corporation, advisable in connection therewith. Any securities delivered under this Plan shall be subject to such restrictions (and the person acquiring such securities shall, if requested by the Corporation, provide such evidence, assurance and representations to the Corporation as to compliance with any of such restrictions) as the Corporation may deem necessary or desirable to assure compliance with all applicable legal requirements.

(e) **Section 409A.** Notwithstanding other provisions of the Plan or any Award Agreements thereunder, no Award shall be granted, deferred, accelerated, extended, paid out or modified under this Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Participant. In the event that it is reasonably determined by the Board or Committee that, as a result of Section 409A of the Code, payments in respect of any Award under the Plan may not be made at the time contemplated by the terms of the Plan or the relevant Award agreement, as the case may be, without causing the Participant holding such Award to be subject to taxation under Section 409A of the Code, the Company will make such payment on the first day that would not result in the Participant incurring any tax liability under Section 409A of the Code; which, if the Participant is a "specified employee" within the meaning of the Section 409A, shall be the first day following the six-month period beginning on the date of Participant's termination of Employment.

(f) **Applicable Law.** This Plan, Award Agreements and any related documents and matters shall be governed by, and construed in accordance with, the laws of the State of New York and applicable Federal law.

(g) **Non-Exclusivity of Plan.** Nothing in this Plan shall limit or be deemed to limit the authority of the Corporation, the Board or the Committee to grant awards or authorize any other compensation, with or without reference to the Stock, under any other plan or authority.

of the Plan 1. Purpose

The L-3 Communications Holdings, Inc. 2008 Directors Stock Incentive Plan (the “Plan”) is designed:

- (a) to promote the long-term financial interests and growth of L-3 Communications Holdings, Inc. (the “Corporation”) and its Subsidiaries by attracting and retaining Non-Employee Directors with the training, experience and ability to enable them to make a substantial contribution to the success of the Corporation’s business; and
- (b) to further the alignment of interests of Non-Employee Directors with those of the stockholders of the Corporation through opportunities for increased stock, or stock-based, ownership in the Corporation.

2.

Definitions

As used in the Plan, the following words shall have the following meanings:

- (a) “Award” means any award granted pursuant to Section 3.

- (h) “Fair Market Value” means, unless otherwise defined in an Award Agreement, the closing price of the Common Stock as reported on the composite tape of New York Stock Exchange issues (or if, at the date of determination, the Common Stock is not so listed or if the principal market on which it is traded is not the New York Stock Exchange, such other reporting system as shall be selected by the Committee) on the relevant date, or, if no sale of the Common Stock is reported for that date, the next preceding day for which there is a reported sale. The Committee shall determine the Fair Market Value of any security that is not publicly traded, using criteria as it shall determine, in its sole direction, to be appropriate for the valuation.

(i) “Non-Employee Director” means a director of the Corporation who is not (i) an employee of the Corporation or any of its Subsidiaries, (ii) a director, officer or employee of any entity that owns, beneficially or of record, directly or indirectly, 10% or more of the Common Stock outstanding on the date of grant of the Award or (iii) a person that owns, beneficially or of record, directly or indirectly, 10% or more of the Common Stock outstanding on the date of grant of the Award.

3. Awards

(a) Type of Awards. Participants may be granted any of the following types of Awards, either singly, in tandem or in combination with other Awards, at such times and for such number of shares of Common Stock as shall be determined from time to time by the Board of Directors (and/or the Committee to the extent such authority is delegated thereto in whole or in part by the Board of Directors):

(1) Options. An Option is an Award in the form of an option to purchase shares of Common Stock that is not intended to comply with requirements of Section 422 of the Code. The exercise price of each Option granted under this Plan shall not be less than the Fair Market Value of the Common Stock on the date that the Option is granted. No dividend equivalents may be paid on unissued shares of Common Stock underlying an Award of Options.

(2) Restricted Stock. Restricted Stock is an Award of issued shares of Common Stock (other than Minimum Ownership Stock) that are subject to restrictions on transfer and/or such other restrictions on incidents of ownership as the Committee may determine. Unless otherwise provided by the Committee in the applicable Award Agreement, the vesting period for Awards of Restricted Stock shall be three years following date of grant.

(3) Restricted Stock Units. A Restricted Stock Unit is an Award of bookkeeping credits that automatically convert into shares of Common Stock upon satisfaction of a stated vesting period or requirement. Restricted Stock Units are not outstanding shares of Common Stock and do not entitle a Participant to voting or other rights with respect to Common Stock; provided, however, that the applicable Award Agreement may provide for the payment of dividend equivalents on unissued shares of Common Stock underlying an Award of Restricted Stock Units, on either a current or deferred or contingent basis, and either in cash or in additional shares of Common Stock.

(4) Minimum Ownership Stock. Minimum Ownership Stock is an Award of shares of Common Stock that are issued to the Participant in lieu of cash compensation otherwise payable to the Participant in order to satisfy the Corporation's applicable stock ownership guidelines from time to time in effect. Minimum Ownership Stock shall not be subject to any vesting period or requirement, but may be subject to restrictions on transfer and/or such other restrictions on incidents of ownership as the Committee may determine.

(b) At or prior to the time of the grant of each Award the Committee shall determine, and shall include or incorporate by reference in the Award Agreement, such other conditions or restrictions on the grant or exercise of the Award as the Committee deems appropriate.

4. Shares

of Common Stock Subject to the Plan

(a) Subject to the provisions of Section 8 and this Section 4, the maximum number of shares of Common Stock that may be issued pursuant to all Awards under the Plan is 300,000. Any unexercised, unconverted or undistributed portion of any expired, cancelled, terminated or forfeited Award, or any alternative form of consideration under an Award that is not paid in connection with the settlement of an Award or any portion of an Award (including any shares under an Award that are not issued in consideration for a cash settlement of equivalent value), shall again be available for Awards under the Plan, whether or not the Participant has received benefits of ownership (such as dividends or dividend equivalents or voting rights) during the period in which the Participant's ownership was restricted or otherwise not vested. For the avoidance of doubt, the following shares of Common Stock shall not become available for reissuance under the Plan: (1) shares tendered by Participants as full or partial payment to the Corporation upon exercise of Options and (2) shares withheld by, or otherwise remitted to, the Corporation to satisfy a Participant's tax withholding obligations in connection with an Award.

(b) Shares of Common Stock deliverable under the terms of the Plan may be, in whole or in part, authorized and unissued shares of Common Stock, or issued shares of Common Stock held in the Corporation's treasury, or both.

B-2

Table of Contents

(c) The Corporation shall at all times reserve a number of shares of Common Stock (authorized and unissued shares of Common Stock, issued shares of Common Stock held in the Corporation's treasury, or both) equal to the maximum number of shares of Common Stock that may be subject to outstanding Award grants and future Award grants under the Plan.

5.

Administration of the Plan

(a) The Plan shall be administered by the Committee or a subcommittee appointed by the Committee. The Committee may adopt its own rules of procedure, and action of a majority of the members of the Committee taken at a meeting, or action taken without a meeting by unanimous written consent, shall constitute action by the Committee. The Committee shall have the power and authority to administer, construe and interpret the Plan, to make rules for carrying it out and to make changes in such rules. Any such interpretations, rules and administration shall be consistent with the basic purposes of the Plan.

(b) The participating members of the Committee administering the Plan shall include only those members of the Committee who are "Non-Employee Directors" (as defined in Rule 16b-3 promulgated under the Exchange Act).

(c) Unless in contravention to any laws, rules and regulations governing the Plan, including the Exchange Act, the Committee may delegate to the chief executive officer and to other senior officers of the Corporation its duties under the Plan subject to such conditions and limitations as the Committee shall prescribe; provided that under no circumstances may the chief executive officer or any other senior officer be delegated any authority (including the authority to approve or award the grant of an Award), except as permitted under New York and Delaware law.

(d) The Committee may employ attorneys, consultants, accountants, appraisers, brokers or other persons in respect of the administration of the Plan, who may be employees of the Corporation or outside advisers to the Corporation. The Committee, the Corporation, and the officers and directors of the Corporation shall be entitled to rely upon the advice, opinions or valuations of any such persons. All actions taken and all interpretations and determinations made by the Committee in good faith shall be final and binding upon all Participants, the Corporation and all other interested persons. No member of the Committee shall be personally liable for any action, determination or interpretation made in good faith with respect to the Plan or Award grants, and all members of the Committee shall be fully protected, indemnified and held harmless by the Corporation with respect to any such action, determination or interpretation.

6.

Eligibility

Award grants may be made under this Plan only to Non-Employee Directors of the Corporation. The terms, conditions and limitations of each Award granted under the Plan shall be set forth or incorporated by reference in an Award Agreement, in a form approved by the Committee, consistent, however, with the terms of the Plan; provided, however, that such Award Agreement shall contain or incorporate by reference provisions dealing with the treatment of Awards (including forfeiture or acceleration of vesting of all or a portion of the Award) in the event of the termination, death or disability of a Participant, or a change in control of the Corporation.

7.

Limitations and Conditions

- (a) No Award that contemplates exercise or conversion may be exercised or converted to any extent, and no other Award that defers vesting shall remain outstanding and unexercised, unconverted or unvested, more than ten years after the date the Award was initially granted.
- (b) Nothing contained herein shall affect the right of the Corporation or its directors or stockholders to remove any Non-Employee Director in accordance with the Certificate of Incorporation, By-laws of the Corporation or applicable law.
- (c) Other than by will or by the laws of descent and distribution, no benefit under the Plan shall be subject in any manner to anticipation, alienation, sale, transfer, assignment, pledge, encumbrance, or charge, and any attempt to do so shall be void, except that Awards may be transferred to and

B-3

exercised by a family member or family members of a Participant, or transferred to an irrevocable trust or trusts (or other similar estate planning entity or entities) established for the benefit of a Participant and/or one or more of the Participant's family members. No such benefit shall, prior to receipt thereof by the Participant, be in any manner or subject to attachment, satisfaction or discharge of the debts, contracts, liabilities, engagements, or obligations arising in respect of torts of the Participant. The designation of a beneficiary hereunder shall not constitute a transfer prohibited by the foregoing provisions.

(d) A Participant shall have no rights as a holder of Common Stock with respect to any unissued securities covered by an Award until the date the Participant becomes the holder of record of these securities. Except as provided in Section 8, no adjustment or other provision shall be made for dividends or other stockholder rights, except to the extent that the Award Agreement provides for dividend equivalents or similar economic benefits.

(e) During the lifetime of a Participant, an election as to benefits and/or the exercise of Awards may be made only by such Participant or by his or her guardian, trustee or other legal representative, except that Awards may be transferred to and exercised by a family member or family members of a Participant, or transferred to an irrevocable trust or trusts (or other similar estate planning entity or entities) established for the benefit of a Participant and/or one or more of the Participant's family members.

(f) Absent express provisions to the contrary, any grant of Awards under this Plan shall not be deemed compensation for purposes of computing benefits or contributions under any retirement plan of the Corporation or its Subsidiaries and shall not affect any benefits under any other benefit plan of any kind now or subsequently in effect under which the availability or amount of benefits is related to level of compensation. This Plan is not a "Retirement Plan" or "Welfare Plan" under the Employee Retirement Income Security Act of 1974, as amended.

(g) Unless the Committee determines otherwise, no benefit, Award or other promise under the Plan shall be secured by any specific assets of the Corporation or any of its Subsidiaries, nor shall any assets of the Corporation or any of its Subsidiaries be designated as attributable or allocated to the satisfaction of the Corporation's obligations under the Plan or any applicable Award Agreement.

8.

Adjustments

If there shall occur any recapitalization, stock split (including a stock split in the form of a stock dividend), reverse stock split, merger, combination, consolidation, or other reorganization or any extraordinary dividend or other extraordinary distribution in respect of the Common Stock (whether in the form of cash, Common Stock or other property), or any split up, spin off, extraordinary redemption, or exchange of outstanding Common Stock, or there shall occur any other similar corporate transaction or event in respect of the Common Stock, or a sale of substantially all the assets of the Corporation as an entirety, then the Committee shall, in the manner and to the extent, if any, as it deems appropriate and equitable to the Participants and consistent with the terms of this Plan, and taking into consideration the effect of the event on the holders of the Common Stock:

(a) proportionately adjust any or all of:

(1) the number and type of shares of Common Stock which thereafter may be made the subject of Awards (including the specific maxima and numbers of shares of Common Stock set forth elsewhere in this Plan),

- (2) the number and type of shares of Common Stock, other property or cash subject to any or all outstanding Awards,
- (3) the grant, purchase or exercise price, or conversion ratio of any or all outstanding Awards, or of the Common Stock or other property underlying the Awards,
- (4) the securities, cash or other property deliverable upon exercise or conversion of any or all outstanding Awards, or
- (5) any other terms as are affected by the event; and/or

B-4

Table of Contents

(b) provide for:

- (1) an appropriate and proportionate cash settlement or distribution, or
- (2) the substitution or exchange of any or all outstanding Awards, or the cash, securities or property deliverable on exercise, conversion or vesting of the Awards.

The Committee shall act prior to an event described in this Section 8 (including at the time of an Award by means of more specific provisions in the Award Agreement) if deemed necessary or appropriate to permit the Participant to realize the benefits intended to be conveyed by an Award in respect of the Common Stock in the case of an event described in this Section 8.

in Control

9. Change

The Committee may, in the Award Agreement, provide for the effect of a Change in Control (as defined in the L-3 Communications Holdings, Inc. 2008 Long Term Performance Plan, as amended or replaced from time to time) on an Award. Such provisions may include, but are not limited to any one or more of the following with respect to any or all Awards: (i) the specific consequences of a Change in Control on the Awards; (ii) a reservation of the Committee's right to determine in its discretion at any time that there shall be full acceleration or no acceleration of benefits under the Awards; (iii) that only certain or limited benefits under the Awards shall be accelerated; (iv) that the Awards shall be accelerated for a limited time only; or (v) that acceleration of the Awards shall be subject to additional conditions precedent (such as a termination of employment following a Change in Control).

In addition to any action required or authorized by the terms of an Award, the Committee may take any other action it deems appropriate to ensure the equitable treatment of Participants in the event of or in anticipation of a Change in Control, including but not limited to any one or more of the following with respect to any or all Awards: (i) the acceleration or extension of time periods for purposes of exercising, vesting in, or realizing gain from, the Awards; (ii) the waiver of conditions on the Awards that were imposed for the benefit of the Corporation, (iii) provision for the cash settlement of the Awards for their equivalent cash value, as determined by the Committee, as of the date of the Change in Control; or (iv) such other modification or adjustment to the Awards as the Committee deems appropriate to maintain and protect the rights and interests of Participants upon or following the Change in Control. The Committee also may accord any Participant a right to refuse any acceleration of exercisability, vesting or benefits, whether pursuant to the Award Agreement or otherwise, in such circumstances as the Committee may approve.

Notwithstanding the foregoing provisions of this Section 9 or any provision in an Award Agreement to the contrary, if any Award is accelerated to a date that is less than six months after the date of the Award, the Committee may prohibit a sale of the underlying Common Stock (other than a sale by operation of law in exchange for or through conversion into other securities), and the Corporation may impose legend and other restrictions on the Common Stock to enforce this prohibition.

10.

Amendment and Termination

(a) The Committee shall have the authority to make such amendments to any terms and conditions applicable to outstanding Awards as are consistent with this Plan; provided that, except for adjustments under Section 8 hereof, no such action shall modify any such Award in a manner adverse to the Participant without the Participant's consent;

provided further that, no amendment or cancellation of an Award may effect a Repricing of such Award, except in connection with an adjustment pursuant to Sections 8 or 9. A “Repricing” means any of the following: (i) changing the terms of an Award to lower its exercise price or base price, (ii) cancelling an Award with an exercise price or base price in exchange for other Awards with a lower exercise price or base price, or (iii) cancelling an Award with an exercise price or base price at a time when such price is equal to or greater than the Fair Market Value of the underlying Common Stock in exchange for other Awards, cash or property.

(b) The Board of Directors may at any time amend, suspend or terminate this Plan, subject to any stockholder approval that may be required under applicable law. Notwithstanding the foregoing,

B-5

Table of Contents

no such action, other than an action under Section 8 or 9 hereof, may be taken that would modify an outstanding Award in a manner adverse to the Participant without the Participant's consent, change the requirements relating to the Committee, or (without obtaining stockholder approval) extend the term of the Plan.

11.

Purchase or Exercise Price; Withholding

The exercise or purchase price (if any) of the Common Stock issuable pursuant to any Award and the withholding obligation, if any, under applicable tax laws shall be paid at or prior to the time of the delivery of such Common Stock in cash or, subject to the Committee's express authorization and the restrictions, conditions and procedures as the Committee may impose, any one or combination of (i) cash, (ii) the delivery of shares of Common Stock, or (iii) a reduction in the amount of Common Stock or other amounts otherwise issuable or payable pursuant to such Award. In the case of a payment by the means described in clause (ii) or (iii) above, the Common Stock to be so delivered or offset shall be determined by reference to the Fair Market Value of the Common Stock on the date as of which the payment or offset is made.

12.

Effective Date; Duration

This Plan has been adopted by the Board of Directors of the Corporation. This Plan shall become effective upon and shall be subject to the approval of the stockholders of the Corporation. Subject to Section 10(b), this Plan shall remain in effect until any and all Awards under this Plan have been exercised, converted or terminated under the terms of this Plan and applicable Award Agreements. Notwithstanding the foregoing, no Award may be granted under this Plan after April 29, 2018; provided, however, that any Award granted prior to such date may be amended after such date in any manner that would have been permitted hereunder prior to such date.

13.

Governing Law

The validity, interpretation, construction and performance of this Plan and all Award Agreements hereunder shall be governed by, and construed in accordance with, the laws of the State of New York.

14.

Severability

If any provisions of this Plan or any applicable Award Agreement shall be held by a court of competent jurisdiction to be invalid or unenforceable, the remaining provisions hereof shall continue to be fully effective.

15. Section

409A

Notwithstanding other provisions of the Plan or any Award Agreements thereunder, no Award shall be granted, deferred, accelerated, extended, paid out or modified under this Plan in a manner that would result in the imposition of an additional tax under Section 409A of the Code upon a Participant. In the event that it is reasonably determined by the Board or Committee that, as a result of Section 409A of the Code, payments in respect of any Award under the Plan may not be made at the time contemplated by the terms of the Plan or the relevant Award agreement, as the case may be, without causing the Participant holding such Award to be subject to taxation under Section 409A of the Code,

the Company will make such payment on the first day that would not result in the Participant incurring any tax liability under Section 409A of the Code.

16. Option

Holding Period

Subject to the authority of the Committee under Sections 8 and 9, and except as otherwise provided by the Committee or as allowed under Rule 16b-3 of the Exchange Act, a minimum six month period shall elapse between the date of initial grant of any Option and the sale of the underlying shares of Common Stock, and the Corporation may impose legend and other restrictions on the Common Stock issued on exercise of the Options to enforce this requirement; provided, however, that such limitation shall not apply to the extent provided by the Committee on account of the Participant's death, permanent disability or retirement or in the event of a Change in Control.

17. Compliance

with Laws; Exculpation and Indemnity

This Plan, Award Agreements, and the grant, exercise, conversion, operation and vesting of Awards, and the issuance and delivery of shares of Common Stock and/or other securities or property or the payment of cash under this Plan, Awards or Award Agreements, are subject to compliance with all applicable federal and state laws, rules and regulations (including but not limited to state and federal insider trading, registration, reporting and other securities laws and federal margin requirements) and to such approvals by any listing, regulatory or governmental authority as may be necessary or, in the opinion of counsel for the Corporation, advisable in connection therewith. Any securities delivered under this Plan shall be subject to such restrictions (and the person acquiring such securities shall, if requested by the Corporation, provide such evidence, assurance and representations to the Corporation as to compliance with any of such restrictions) as the Corporation may deem necessary or desirable to assure compliance with all applicable legal requirements.

Neither the Corporation nor any member of the Board of Directors or of the Committee, nor any other person participating in any determination of any question under this Plan, or in the interpretation, administration or application of this Plan, shall have any liability to any party for any action taken or not taken in good faith under this Plan or for the failure of an Award (or action in respect of an Award) to realize intended tax consequences, to qualify for exemption or relief under Rule 16b-3 or to comply with any other law, compliance with which is not required on the part of the Corporation.

18. Non

Exclusivity of Plan

Nothing in this Plan shall limit or be deemed to limit the authority of the Corporation, the Board or the Committee to grant awards or authorize any other compensation, with or without reference to the Common Stock, under any other plan or authority.

EXHIBIT C

L-3 Communications Holdings, Inc.

CATEGORICAL STANDARDS FOR DIRECTOR INDEPENDENCE

When making “independence” determinations, the Board of Directors shall broadly consider all relevant facts and circumstances, as well as any other facts and considerations specified by the NYSE, by law or by any rule or regulation of any other regulatory body or self-regulatory body applicable to L-3. When assessing the materiality of a director’s relationship with L-3, the Board of Directors shall consider the issue not merely from the standpoint of the director, but also from that of persons or organizations with which the director has an affiliation. Material relationships can include commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships (among others).

The Board of Directors has established the following guidelines to assist it in determining director “independence”:

A. A director will not be independent if, within the preceding three years: (i) the director was employed by L-3 or an immediate family member of the director was employed by L-3 as an executive officer; (ii) the director or an immediate family member of the director received, during any twelve-month period within such three-year period, more than \$100,000 in direct compensation from L-3, other than director and committee fees and pension or other forms of deferred compensation for prior service (provided that such compensation is not contingent in any way on continued service); or (iii) the director or an immediate family member of the director was employed as an executive officer of another company where any of L-3’s present executive officers at the same time served on that company’s compensation committee.

B. Additionally, a director will not be independent if:

(1) (A) The director or an immediate family member is a current partner of a firm that is L-3’s internal or external auditor; (B) the director is a current employee of such a firm; (C) the director has an immediate family member who is a current employee of such a firm and who participates in the firm’s audit, assurance or tax compliance (but not tax planning) practice; or (D) the director or an immediate family member of the director was within the last three years (but is no longer) a partner or employee of such a firm and personally worked on L-3’s audit within that time; or

(2) The director is a current employee, or an immediate family member is a current executive officer, of a company that has made payments to, or received payments from, L-3 for property or services in an amount which, in any of the last three fiscal years, exceeds the greater of \$1 million, or 2% of such other company’s consolidated gross revenues.

C. The following commercial or charitable relationships will not be considered to be material relationships that would impair a director’s independence: (i) if an L-3 director is a current employee, or whose immediate family member is a current executive officer, of another company that makes payments to, or receives payment from, L-3 for property or services in an amount which, for each of the last three fiscal years, are less than the greater of \$1,000,000 or two percent of the consolidated gross revenues of such other company; (ii) if an L-3 director beneficially owns, or is an employee of another company that beneficially owns less than 10% of L-3’s common equity; (iii) if an L-3 director is a current employee of another company to which L-3 is indebted, and the total amount of the indebtedness is less than one percent of the total consolidated assets of the company he or she serves as a current employee; and (iv) if an L-3

director serves as an executive officer, director or trustee of a tax exempt organization, and L-3's contributions to such tax exempt organization, during any of the preceding three years, are less than the greater of \$1,000,000 or one percent of such tax exempt organization's consolidated gross revenues.
