PROXY STATEMENT

This Proxy Statement is furnished to the shareholders of First Interstate BancSystem, Inc. (the "Company" or "FIBS") in connection with the solicitation of proxies of the Company's shareholders by the Board of Directors to be voted at the Annual Meeting of Shareholders (the "Annual Meeting") of the Company to be held on May 17, 2002 at 8:00 a.m., Mountain Time, at the Sheraton Hotel, 27 North 27th Street, Billings, MT 59101, or any adjournment or adjournments thereof.

February 28, 2002 (the "Record Date") is the Record Date for determining the holders of record of shares of the Common Stock of the Company (the "Common Stock") entitled to notice of and to vote at the Annual Meeting of the Company and any adjournments thereof.

The mailing of the Proxy Statement to shareholders of the Company commenced on or about April 15, 2002. The Company's Annual Report on Form 10-K (the "Annual Report"), which includes audited financial statements for the fiscal year ended December 31, 2001, is being mailed to shareholders of the Company simultaneously with this Proxy Statement.

INFORMATION CONCERNING SOLICITATION AND VOTING

Only holders of record of Common Stock at the close of business on the Record Date are entitled to vote at the Annual Meeting. A quorum for the purposes of conducting business at the Annual Meeting is a majority of the outstanding shares of Common Stock entitled to vote. As of the Record Date, the Company had 7,844,056 shares of Common Stock outstanding and entitled to vote. Holders of Common Stock are entitled to one vote per share of Common Stock at the Annual Meeting.

Edgar Filing: FIRST INTERSTATE BANCSYSTEM INC - Form DEF 14A

All proxies that are properly executed and received in a timely manner will be voted in accordance with the instructions noted thereon. Any proxy which does not specify to the contrary will be voted in favor of the directors nominated by management. A shareholder granting a proxy in the form enclosed has the right to revoke it any time before it is voted by filing with the Secretary of the Company an instrument of revocation or by voting or delivering a later executed proxy at the Annual Meeting.

If a shareholder abstains from voting on any matter, the Company intends to count the abstention as present for purposes of determining whether a quorum is present at the Annual Meeting for the transaction of business. Additionally, the Company intends to count broker "non-votes" as present for purposes of determining the presence or absence of a quorum for the transaction of business. A "non-vote" occurs when a nominee does not have discretionary voting power, and has not received instructions from the beneficial owner. Therefore, abstentions and broker "non-votes" have the same effect as votes against the proposals.

When a quorum is present in the election of directors, the nominees receiving the greatest number of votes will be elected to the Company's Board of Directors. With respect to any other matter which may properly come before the Annual Meeting, unless a greater number of votes is required by law or by the Company's Articles of Incorporation, a matter will be approved by the shareholders if the votes cast in favor of the matter exceed the votes cast in opposition.

1

PROPOSAL ONE ELECTION OF DIRECTORS

In accordance with the Company's amended Bylaws, the number of directors of the Company shall be at least five and not more than eighteen. There are currently eighteen directors. The Board is divided into three groups with staggered three-year terms. Robert H. Waller's term as director ends May 17, 2002. The Company does not presently plan to elect a replacement for Mr. Waller.

The Board of Directors has nominated for election as directors, James W. Haugh, C. Gary Jennings, Robert L. Nance, Dan S. Scott and Thomas W. Scott. All nominees are current members of the Board of Directors of the Company.

Unless authority to vote is withheld, the person named in the enclosed Form of Proxy will vote the shares represented by such proxy for the election of the nominees named herein. If, at the time of the Annual Meeting, any nominee shall become unavailable for any reason for election as a director, the person entitled to vote the proxy will vote for the election of such substitute(s) as the Board of Directors may recommend. At this time, the Board of Directors knows of no reason why any nominee might be unavailable to serve.

EMPLOYMENT CONTRACTS

Under an Employment Agreement (the "Agreement") dated May 18, 1998, Lyle R. Knight is employed as President and Chief Operating Officer of the Company for a ten year period ending May 18, 2008. During the term of the Agreement, Mr. Knight is entitled to base compensation and additional benefits as are customarily offered to Company executives. Pursuant to the terms of the Agreement, the Company is required to pay specified benefits if Mr. Knight is involuntarily terminated without cause or elects termination in the event of a change in control.

Upon early termination by the Company without cause, Mr. Knight is entitled to receive severance pay equal to five times his base salary then in effect, bonus compensation and reimbursement of all premiums for group health insurance coverage for a period not exceeding five years. In the event of a change in control, Mr. Knight may elect to terminate the Agreement by giving 90 days written notice at any time on or after the first anniversary, but on or

Edgar Filing: FIRST INTERSTATE BANCSYSTEM INC - Form DEF 14A

prior to the second anniversary of the change in control. Upon proper termination of the Agreement, Mr. Knight is entitled to severance pay as described above.

In the event Mr. Knight is unable to perform his duties due to physical or mental disability, the Company may, at its option, terminate the Agreement. Upon termination of the Agreement, Mr. Knight is entitled to reimbursement of all premiums for group health insurance coverage for a period not to exceed five years.

The Agreement also restricts Mr. Knight's right to compete against the Company for a period of five years from the date of termination.

ENDORSEMENT SPLIT DOLLAR BENEFIT

The Company has obtained life insurance policies covering certain selected executive officers. Under these policies, the Company receives the net cash surrender value if the policy is terminated, or receives all benefits payable upon death of the insured. An endorsement split dollar agreement has been executed with each of the selected executive officers whereby a portion of the policy death benefit is payable to their designated beneficiary. The endorsement split dollar agreement will provide post retirement coverage for those selected key officers meeting specified retirement qualifications. The Company has entered into this type of endorsement split dollar agreement with Lyle R. Knight, Edward Garding, Terrill R. Moore and Robert A. Jones.

11

STOCK OPTION AND STOCK APPRECIATION RIGHTS PLAN

The Company has two non-qualified stock option plans for executive officers and certain other officers of the Company: the 2001 Stock Option Plan ("2001 Plan") and Stock Option and Stock Appreciation Rights Plan ("Old Plan"). Both the 2001 Plan, adopted by the Company in July 2001, and the Old Plan provide for granting of stock options which may be exercised within a maximum period of ten years from the date of grant. The Old Plan provides for granting SARs in tandem with options granted, however, in December 1998, the Company determined that future grants of stock options under the Old Plan would no longer include SARs and all outstanding SARs would be converted to stock options at the grantees' election. Subsequent to May 2001, the Company discontinued the granting of stock option awards under the Old Plan entirely.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

James R. Scott, Homer A. Scott, Jr., John M. Heyneman, Jr., Terry W. Payne and James W. Haugh serve on the Compensation Committee of the Board of Directors. James R. Scott and Homer A. Scott, Jr. received compensation from FIBS for services rendered in 2001.

INDEMNIFICATION

Officers and directors of FIBS are entitled to indemnification under the Montana Business Corporation Act and pursuant to a Resolution of the Board of Directors dated January 12, 1987. A summary of the indemnification provision in such resolution follows:

Edgar Filing: FIRST INTERSTATE BANCSYSTEM INC - Form DEF 14A

Pursuant to a resolution of the Board of Directors dated January 12, 1987, and under the authority of Section 35-1-414 of the Montana Business Corporation Act, the Company shall indemnify each director and officer of the Company (including former officers and directors) and each agent of the Company serving as a director or officer of a Bank, serving at the specific direction or request of the Company (but only to the extent that such director, officer or agent is not indemnified by the Bank or by insurance provided by the Company), against judgments, penalties, fines, settlements and reasonable expenses actually and reasonably paid by such director, officer or agent by reason of the fact that he or she is or was a director or officer of the Company or such Bank, to the extent provided by and subject to the limitations of the Montana Business Corporation Act.

BOARD COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

Compensation Policy. The Company's executive compensation policy is designed to establish an appropriate relationship between executive pay and the Company's annual performance, its long-term growth objectives and its ability to attract and retain qualified executive officers. The Compensation Committee (the "Committee") attempts to achieve these goals by integrating competitive annual base salaries with (a) bonuses based on corporate performance and on the achievement of specified performance objectives, and (b) key officer options awarded through the Company's stock option plans. The Committee believes that cash compensation in the form of salary and bonus provides Company executives with short-term rewards for success in operations, and that long-term compensation through the award of stock options encourages growth in management stock ownership which leads to expansion of management's stake in the long-term performance and success of the Company.

Base Salary. The Committee approved 2001 base salaries of executive officers. In determining the base salary of each executive officer, the Company relied on industry surveys of salaries paid to executive officers of financial institutions with comparable asset size and similar operating regions to that of FIBS. The Committee set the base salaries of the Company's executive officers within a reasonable range of the salaries reflected in surveys.

12

Bonuses. Annual incentives for the executive officers are intended to reflect the Company's belief that management's contribution to return on assets and shareholders' equity comes from maximizing earnings and the quality of those earnings. Awards are based on the attainment of specified performance objectives, and the bonus amount is determined as a percentage of the recipient's base salary. For 2001, executive officers were assigned bonus amounts ranging from 36% to 55% of their base salaries. The varying percentages reflect the Committee's belief that as an executive officer's duties and responsibilities in the Company increase, the officer will be increasingly responsible for the performance of the Company. Accordingly, a significant portion of the officer's compensation should be incentive compensation. Actual bonuses payable depend on the level of achievement of specified performance objectives established for each executive officer. Performance objectives evaluated in determining 2001 executive officer bonuses included attainment of return on equity and related growth in earnings per share goals. In addition, selected executive officers were responsible for the continuation of a Company-wide sales and service culture, initiation of a formal succession planning process, continuation of the strategic planning process and management of capital investments.

Edgar Filing: FIRST INTERSTATE BANCSYSTEM INC - Form DEF 14A

Stock Options. The executive officers as well as certain other officers of the Company and its subsidiaries were granted options under the Company's stock option plans to purchase a specified number of shares of FIBS Common Stock. The number of shares each officer was granted an option to purchase was based primarily on the individual's ability to influence the Company's long term growth and profitability as well as the number of options previously granted. The Committee believes stock option grants afford a desirable long term compensation method because they closely ally the interest of management with shareholder value and the grants of stock options are the best way to link directly the financial interest of management with those of shareholders. Options granted in 2001 vest over a three-year period and are exercisable within a period of ten years from the date of grant.

Compensation of Chief Executive Officer. In 2001, the Company paid Thomas W. Scott, Chief Executive Officer of the Company, a salary of \$335,000, and he received a bonus of \$175,000. The Company also granted to him options to buy 9,000 shares of the FIBS' Common Stock at the most recent minority appraised value per share. Mr. Scott's compensation package was determined to be appropriate by the Committee based on compensation surveys for chief executive officers of financial institutions of comparable size, type and profile, achievement of work plan objectives and improvements in the Company's financial performance from 2001. Mr. Scott's compensation package, including bonus and number of options granted, was higher than those granted to other executives of the Company in recognition of his responsibilities and his performance in his position. Financial performance indicators and work plan objectives reviewed in establishing Mr. Scott's compensation package include attainment of return on equity goals and related growth in earnings per share, continuation of a Company-wide sales and service culture, initiation of a formal succession planning process, continuation of the strategic planning process and management of capital investments.

COMPLIANCE WITH SECTION 16(a) OF THE SECURITIES EXCHANGE ACT OF 1934 ("EXCHANGE ACT")

As of December 31, 2001, the Company did not have a class of equity securities registered under the Exchange Act, therefore, officers, directors and shareholders owning more than 10% of the common stock were not required to file any reports pursuant to Section 16 of the Exchange Act. The Company will file a registration statement for the registration of its common stock under the Exchange Act prior to April 30, 2002. At such time officers, directors and shareholders owning more than 10% of the common stock will be required to file reports concerning their beneficial ownership of the Company's common stock pursuant to Section 16 of the Exchange Act.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

Edgar Filing: FIRST INTERSTATE BANCSYSTEM INC - Form DEF 14A

The Company has had, and expects to have in the future, banking transactions in the ordinary course of business with related parties, including business with directors, officers, stockholders and their associates, on the same terms as those prevailing at the same time for comparable transactions with unrelated persons and that did not involve more than a normal risk of collectibility or present other unfavorable features. To the extent that such transactions consisted of extensions of credit to Company executive officers and directors and to certain members of the Scott family, such extensions of credit were made in the ordinary course of business, were made on substantially the same terms, including interest rates and collateral on loans, as those prevailing at the same time for comparable transactions with unrelated persons and did not involve more than a normal risk of collectibility or present other unfavorable features. Loans to FIBS' executive officers, directors and their related interests represented approximately 10.1% of the Company's shareholders' equity as of December 31, 2001.

The Company purchases property and casualty insurance from Terry Payne & Co., Inc., an insurance agency owned by Terry W. Payne, a director of the Company. The Company paid insurance premiums of \$279,440 to Terry Payne & Co., Inc. in 2001.

The Company is the anchor tenant in a commercial building in which the Company's principal executive offices and largest banking office are located in Billings, Montana. The building is owned by a joint venture partnership in which FIB is one of the two partners, owning a 50% interest in the partnership. The other 50% interest in the partnership is owned by a company in which Joel T. Long, a director of the Company, owns beneficially an equity interest of approximately 33%. Indebtedness of the partnership (\$8.3 million as of December 31, 2001) is recourse to the partners and guaranteed by the Company. The Company paid rent to the partnership of \$1.5 million in 2001.

In January 2002, the Company entered into a lease for the use of a Citation 550 aircraft with a company wholly-owned by Thomas W. Scott, President and Chief Executive Officer of the Company. Under the terms of the lease, the Company pays \$1,250 per hour for its use of the aircraft. Thomas W. Scott reimburses the Company for fixed costs related to his personal use of the aircraft at the same rate.

In February 2002, the Company sold a Cessna 340 aircraft to Dan S. Scott, a director of the Company, for fair value determined by independent appraisal of \$375,000.
