PROXY STATEMENT

This proxy statement relates to the solicitation by the Board of Directors of Hillenbrand Industries, Inc. (the "Company"), 700 State Route 46 East, Batesville, Indiana 47006-8835, telephone (812) 934-7000, of proxies for use at the annual meeting of the Company's shareholders to be held at the Sherman House, 35 South Main Street, Batesville, Indiana 47006-0067, on Thursday, February 13, 2003, at 10:00 a.m., local time (Eastern Standard Time), and at any adjournments of the meeting. This proxy statement and the enclosed form of proxy were mailed initially to shareholders on or about January 13, 2003. All shares represented by these proxies will be voted at this meeting in accordance with instructions given by shareholders. Where no instructions are given the shares will be voted (1) in favor of the election of the Board of Directors' nominees for four directors; (2) in favor of the ratification of the appointment of PricewaterhouseCoopers LLP as independent auditors of the Company; and (3) in the discretion of the proxy holder upon such other business as may properly come before the meeting.

The purpose of the annual meeting is to vote upon the matters set forth above. The Board of Directors is not aware of any other business that may come before the meeting.

VOTING

The close of business on December 17, 2002, has been fixed as the record date for determining which shareholders are entitled to notice of and to vote at the annual meeting. On December 17, 2002, there were 61,703,410 shares of the Company's common stock issued and outstanding. Each share of common stock is entitled to one vote with respect to every matter submitted to a vote at the meeting. Votes cast by proxy, whether by proxy card, telephone or the internet, or in person at the annual meeting will be tabulated by the election inspectors appointed for the meeting. If you submit your proxy by telephone or via the internet, you should not return your proxy card. Instructions for submitting

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

proxies by telephone or the internet are set forth on the enclosed proxy card. If you choose to submit your proxy by mail, please sign, date and return the proxy card in the envelope provided. A proxy may be revoked at any time before it is voted at the meeting by submitting written notice of revocation to the Secretary of the Company or by submitting another timely proxy by telephone, internet or mail. If you hold shares through a broker or other custodian, please check the voting instructions used by that broker or custodian.

VOTES NECESSARY TO ADOPT PROPOSALS. Directors are elected by a plurality of the votes cast by shareholders entitled to vote at a meeting at which a quorum is present. Ratification of the appointment of the auditors and any other matter that comes before the meeting will be approved if the votes cast favoring the action exceed the votes cast opposing the action.

A majority of the shares issued and outstanding constitutes a quorum. Under Indiana law, once a share is represented for any purpose at a meeting it is deemed present for quorum purposes for the remainder of the meeting. Abstentions, broker non-votes and instructions on a proxy to withhold authority to vote for one or more of the director nominees will result in fewer votes being cast with respect to a particular issue or nominee. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular matter because the broker does not have discretionary voting power for that matter and has not received instructions from the beneficial owner. In the absence of such instructions, brokers have discretionary voting power for matters such as the election of directors and the ratification of auditors but not for certain other matters.

1

ELECTION OF DIRECTORS

The Articles of Incorporation and the Code of By-laws of the Company provide that members of the Board of Directors shall be classified with respect to the terms that they shall serve by dividing them into three classes. Each class consists of three members. At the upcoming annual meeting, one member of the Board of Directors in Class II shall be elected for a one-year term expiring at the 2004 annual meeting, and three members in Class I shall be elected for three-year terms expiring at the 2006 annual meeting, or until their successors are duly elected and qualified. The remaining two directors in Class II and three directors in Class III were each previously elected to three-year terms expiring at the 2004 and 2005 annual meetings, respectively. On May 16, 2002, Peter F. Coffaro, Edward S. Davis and Leonard Granoff announced their resignations from the Board of Directors of the Company. Following the announcement of these resignations, the Code of By-laws of the Company was amended to reduce the number of Class I members from four to three and to increase the number of Class II members from two to three. On May 17, 2002, Rolf A. Classon and Charles E. Golden were elected by the Board of Directors to fill the two vacant positions in Class I, and Peter H. Soderberg was elected by the Board of Directors to fill the vacancy in Class II.

Unless authority is withheld, all shares represented by proxies submitted pursuant to this solicitation will be voted in favor of electing as directors the nominees listed for the terms indicated. If any of these nominees should be unable to serve, shares represented by proxies may be voted for a substitute nominee selected by the Board of Directors, or the Board of Directors may amend the Code of By-laws of the Company to reduce the number of directors.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE ELECTION TO THE BOARD OF DIRECTORS OF EACH OF THE NOMINEES NAMED BELOW.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Under Section 16(a) of the Securities Exchange Act of 1934, the Company's directors, its executive officers and any person holding more than ten percent of the Company's common stock are required to file with the Securities and Exchange Commission initial reports of ownership and reports of changes in ownership of common stock of the Company. The Company is required to report in this proxy statement any failure to file or late filing occurring during the ten-month period ended September 30, 2002. Based solely on a review of filings furnished to the Company and other information from reporting persons, the Company believes that all of these filing requirements were satisfied by its

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

directors, executive officers and ten percent beneficial owners except that John A. Hillenbrand II filed one late report for one transaction and W August Hillenbrand filed three late reports for six transactions.

ABOUT THE BOARD OF DIRECTORS (INCLUDING DIRECTOR COMPENSATION)

CORPORATE GOVERNANCE MATTERS

Both the Board of Directors and management at the Company firmly embrace good and accountable corporate governance and believe that an attentive, performing Board is a tangible competitive advantage. With that commitment, the Company began its efforts to improve the operation and processes of its Board of Directors significantly in advance of recent corporate governance developments. Director compensation has always comprised cash and stock based compensation. A non-Chief Executive Officer director has held the position of Chairman of the Board since April 1989. In early 2001, efforts to modify the composition of the Board began, with an emphasis on independence and the mix of characteristics, experiences and diverse perspectives and skills most appropriate for the Company. In April 2002, the Board established position specifications, including performance criteria, for itself, the Chairman of the Board and the Chief Executive Officer and in May 2002, as part of the planned transition of the membership of our Board, the Company welcomed to the board three independent directors who are proven leaders with significant experience in the health care industry. Non-Hillenbrand family directors now outnumber family members on the Board for the first time in Company history. Moreover, in September 2002, the Board of Directors of the Company approved additional measures to ensure continued high standards for corporate governance. Specifically, the Board took the following actions, among others:

- o The Board approved Corporate Governance Standards for the Board of Directors. Among other matters, these Standards:
 - o confirm that the Board of Directors has established standing committees, each with a charter approved by the Board, to address certain key areas. These committees are the Board's previously existing Audit Committee, Finance Committee and Compensation and Management Development Committee (formerly named the

Compensation Committee) and a Nominating/Corporate Governance Committee formed at the time of the adoption of the Corporate Governance Standards;
 - o provide that, within two years following SEC approval of the independence requirements contained in the New York Stock Exchange's proposed new listing standards, at least a majority of the directors of the Company shall be independent;
 - o provide for an annual determination by the Board of Directors regarding the independence of each director;

- o provide that the Audit Committee, Nominating/Corporate Governance Committee and Compensation and Management Development Committee will consist entirely of independent directors;
- o provide for an annual assessment by the Nominating/Corporate Governance Committee of the Board's effectiveness as a whole as well as the effectiveness of the individual directors and the Board's various Committees, including a review of the mix of skills, core competencies and qualifications of members of the Board, which should reflect expertise in one or more of the following areas: accounting and finance, healthcare, international business, mergers and acquisitions, leadership, business and management, strategic planning, government relations, investor relations, executive leadership development and executive compensation; and
- o provide that the non-management directors regularly shall conduct executive sessions without participation by any employees of the Company.

The full text of the Corporate Governance Standards approved by the Board of Directors is attached to this proxy statement as Appendix A.

- o The Board made a determination of the independence of each of the Company's directors based on the standards set forth in the Corporate Governance Standards described above and elected only independent directors as members of the Audit Committee, Nominating/Corporate Governance Committee and Compensation and Management Development Committee. See "--Determinations with Respect to Independence of Directors" below.
- o The Board created a Nominating/Corporate Governance Committee and approved a written charter for this committee. o The Board renamed the Compensation Committee as the Compensation and Management Development Committee and approved a revised written charter for this committee.
- o The Board approved a revised written charter for the Audit Committee, a copy of which is attached to this proxy statement as Appendix B.
- o The Board suspended operations of the Executive Committee of the Board of Directors.
- o The Board approved a revised Code of Ethical Business Conduct covering, among other matters, conflicts of interest, corporate opportunities, confidentiality, protection and proper use of the Company's assets, fair dealing, compliance with laws, including insider trading laws, accuracy and reliability of the Company's books and records and reporting of illegal or unethical behavior. This Code applies to all directors, officers and other employees of the Company,

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

including the Company's principal executive officer, principal financial officer and principal accounting officer. At such time as the Securities and Exchange Commission adopts final rules

7

implementing provisions of the Sarbanes-Oxley Act of 2002 requiring disclosures regarding whether companies maintain "codes of ethics", the Board of Directors will review whether the Company's Code of Ethical Business Conduct constitutes a "code of ethics" within the meaning of those final rules and make any appropriate amendments to the Code. All members of the Board of Directors and all officers of the Company and its subsidiaries have read and certified their compliance with the Code without exception.

- o The Board approved a policy mandating that the Company's outside financial auditors not perform any non-audit business consulting functions other than tax consulting.

Consistent with the Company's commitment to corporate governance, the Board and management believe that the foregoing measures, and others that have been taken, place the Company in compliance with existing as well as proposed new listing requirements of the New York Stock Exchange, the Sarbanes-Oxley Act of 2002 and related rules of the Securities and Exchange Commission. Copies of the Company's Corporate Governance Standards, Code of Ethical Business Conduct and Board committee charters are filed as exhibits to the Company's Transition Report on Form 10-K for the period from December 2, 2001 to September 30, 2002 and are available on the Company's website at www.hillenbrand.com. Also available on the Company's website are position specifications adopted by the Board in April 2002 for the positions of Chief Executive Officer, Chairman of the Board of Directors and other members of the Board of Directors.

DETERMINATIONS WITH RESPECT TO INDEPENDENCE OF DIRECTORS

As noted above, the Corporate Governance Standards adopted by the Board of Directors require the Board of Directors to make an annual determination regarding the independence of each of the Company's directors and provide standards for making these determinations which are consistent with the proposed listing standards of the New York Stock Exchange. The Board made these determinations for each member of the Board in September 2002.

As set forth in the Company's Corporate Governance Standards, a director will be independent only if the Board of Directors determines, based on a consideration of all relevant facts and circumstances, that the director has no material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) that represents a potential conflict of interest or otherwise interferes with a director's exercise of his or her independent judgment from management and the Company. In assessing the materiality of a director's relationship with the Company and each director's independence, the Board must consider the issue of materiality not only from the standpoint of the director but also from that of the persons or organizations with which the director has an affiliation. Material relationships can include, among others, commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. In assessing a director's independence, the Board shall also consider the director's ownership, or affiliation with the owner, of less than a controlling amount of voting securities of the Company. The Board cannot

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

conclude that a director is independent if he or she falls into one of the following categories:

- o the director is, or within the last five years has been, employed by the Company or any of its subsidiaries;
- o the director is, or within the past five years has been, affiliated with or employed by a present or former auditor of the Company (or an affiliate);
- o the director is, or within the past five years has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs such director;

8

- o the director has a spouse, parent, child, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law or other person who shares his or her home (collectively, an "immediate family member") that falls into one of the foregoing three categories; provided, however, that the disqualification of one director from being independent pursuant to this provision shall not automatically disqualify any other director on the Board who is an immediate family member of such disqualified director but the disqualification of an immediate family member shall be one of the facts and circumstances considered by the Board in assessing such other director's independence; or
- o the director owns, or is affiliated with the owner, of a controlling amount of voting stock of the Company.

To assist in the Board's determinations, each director completed materials designed to identify any relationships that could affect the director's independence. On the basis of these materials and the standards described above, the Board determined that each of Ray J. Hillenbrand, Rolf A. Classon, Charles E. Golden and Peter H. Soderberg are independent. With respect to each of Messrs. Classon, Golden and Soderberg, the Board determined that they were independent because no relationship was identified that would automatically bar them from being characterized as independent, no other relationship between any of them and the Company or any of its subsidiaries, whether or not material, was identified and none of them beneficially owns more than 1% of the Company's outstanding common stock. With respect to Ray J. Hillenbrand, the Board examined the following relationships involving Mr. Hillenbrand, which constituted all of the relationships involving Mr. Hillenbrand that were identified to the Board:

- o Mr. Hillenbrand's past use, as described below, of Company aircraft without charge. In evaluating this relationship, the Board considered that, in 2002, Mr. Hillenbrand reimbursed the Company for his use of Company aircraft in 2001 and agreed to reimburse the Company for such costs in future periods. Based on these cost reimbursements, the Board determined that the use of the aircraft was not material to either Mr. Hillenbrand or the Company.
- o Mr. Hillenbrand's service as an officer and trustee of the John A. Hillenbrand Foundation, a charitable foundation to which the Company contributed \$150,000 in 2001 and \$500,000 in

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

2002. In evaluating this relationship, the Board considered that, in August 2002, Mr. Hillenbrand resigned from all positions with this foundation. On this basis, the Board determined that this relationship was not material to either Mr. Hillenbrand or the Company.

- o Mr. Hillenbrand's beneficial ownership of approximately 3.3% of the Company's outstanding Common Stock. The Board determined that this ownership did not constitute a controlling interest in the Company.
- o The fact that the Board determined that Mr. Hillenbrand's brother, John A. Hillenbrand II, who is also a Board member, is not independent under the standards described above. The Board determined that Mr. Hillenbrand had exercised in the past and could be expected to exercise in the future business judgment independent from John A. Hillenbrand II.

The Board concluded that, based on all of the relevant facts and circumstances, none of these relationships constituted a material relationship with the Company that represents a potential conflict of interest or otherwise interferes with Mr. Hillenbrand's exercise of his independent judgment from management and the Company.

9

Also on the basis of the standards described above and the materials submitted by the directors, the Board determined that none of Frederick W. Rockwood, Daniel A. Hillenbrand, John A. Hillenbrand II, W August Hillenbrand and John C. Hancock meets the standards for independence. Accordingly, none of these non-independent directors serves on the Audit, Compensation and Management Development or Nominating/Corporate Governance Committees of the Board of Directors.

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

As of December 17, 2002, and since September 4, 2002, the Board of Directors has the following standing committees: a Compensation and Management Development Committee, a Finance Committee, an Audit Committee and a Nominating/Corporate Governance Committee. Prior to September 4, 2002, it had an Executive Committee, a Finance Committee, an Audit Committee and a Compensation Committee. During the ten-month period ended September 30, 2002, the Board of Directors of the Company held five meetings. During this period, no member of the Board of Directors attended fewer than 75% of the aggregate of the number of meetings of the full Board of Directors and the number of meetings of the committees on which he served, in each case during the time of his service, except that Rolf A. Classon attended one of the two meetings of each of the full Board of Directors, the Audit Committee and the Compensation and Management Development Committee held during the period from his election to September 30, 2002.

On September 4, 2002, the operations of the Executive Committee were suspended. Prior to that date, the Committee consisted of John C. Hancock, Ray J. Hillenbrand (Chairman) and Frederick W. Rockwood. This Committee advised the Chief Executive Officer on business decisions of significant impact and on the business in general. Subject to limitations provided by law or the Code of By-laws, the Executive Committee exercised the power and authority of the Board of Directors as was necessary during the intervals between meetings of the Board. The Executive Committee did not meet during the ten-month period ended

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

September 30, 2002.

As of December 17, 2002, and since September 4, 2002, the Finance Committee of the Board of Directors consists of Daniel A. Hillenbrand, Charles E. Golden, W August Hillenbrand, Frederick W. Rockwood and John A. Hillenbrand II (Chairman). From May 17, 2002 until September 4, 2002, the Finance Committee consisted of Daniel A. Hillenbrand, Charles E. Golden, W August Hillenbrand and Ray J. Hillenbrand (Chairman). Prior to May 17, 2002, the Committee consisted of Daniel A. Hillenbrand, John A. Hillenbrand II, W August Hillenbrand, Ray J. Hillenbrand (Chairman) and Frederick W. Rockwood. The Finance Committee assists the Board of Directors in matters related to the capital structure of the Company and is responsible for overseeing the investment of the Company's assets pending utilization in the Company's operations. During the ten-month period ended September 30, 2002, the Finance Committee held three meetings.

As of December 17, 2002, and since September 4, 2002, the Audit Committee consists of Charles E. Golden (Chairman), Rolf A. Classon, Ray J. Hillenbrand and Peter H. Soderberg. From May 17, 2002 until September 4, 2002, the Committee consisted of Rolf A. Classon, Charles E. Golden, John C. Hancock (Chairman), John A. Hillenbrand II, Ray J. Hillenbrand and Peter H. Soderberg. Until May 17, 2002, the Committee consisted of Peter F. Coffaro, Leonard Granoff, John C. Hancock (Chairman), John A. Hillenbrand II and Ray J. Hillenbrand. The Audit Committee has general oversight responsibilities with respect to the Company's financial reporting and financial controls. It annually reviews the Company's financial reporting process, its system of internal controls regarding accounting, legal and regulatory compliance and ethics that management or the Board has established and the internal and external audit processes of the Company. During the ten-month period ended September 30, 2002, the Audit Committee held six meetings.

10

On September 4, 2002, the Board of Directors renamed its Compensation Committee as the Compensation and Management Development Committee. As of December 17, 2002, and since September 4, 2002, the Compensation and Management Development Committee consists of Rolf A. Classon (Chairman), Ray J. Hillenbrand and Peter H. Soderberg. From May 17, 2002 until September 4, 2002, the Committee consisted of Rolf A. Classon, John C. Hancock (Chairman), John A. Hillenbrand II and Peter H. Soderberg. Prior to May 17, 2002, the Committee consisted of Peter F. Coffaro, Leonard Granoff, John C. Hancock (Chairman) and Ray J. Hillenbrand. The Compensation and Management Development Committee assists the Board in ensuring that the officers and key management of the Company are effectively compensated in terms of salaries, supplemental compensation and other benefits that are internally equitable and externally competitive. The Committee is also responsible for assessing annually the adequacy and suitability of the compensation package for members of the Board of Directors and for reviewing and assessing the talent development and succession management actions concerning the officers and key employees of the Company. During the ten-month period ended September 30, 2002, the Compensation and Management Development Committee held six meetings.

On September 4, 2002, the Board of Directors established the Nominating/Corporate Governance Committee, which consists of Rolf A. Classon, Charles E. Golden, Ray J. Hillenbrand (Chairman) and Peter H. Soderberg. The Nominating/Corporate Governance Committee assists the Board of Directors in ensuring that the Company is operated in accordance with prudent and practical corporate governance standards, ensuring that the Board achieves its objective of having a majority of its members be independent as soon as practicable and from time to time in accordance with New York Stock Exchange and other

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

regulations and assessing the effectiveness of and identifying candidates for the Board of Directors. The Nominating/Corporate Governance Committee did not hold any meetings during the ten-month period ended September 30, 2002. However, the nominees for director at the annual meeting of shareholders have been recommended to the Board of Directors and shareholders by the Nominating/Corporate Governance Committee, with director nominees on the Committee abstaining from the discussion and vote on their respective nominations. Procedures for nomination by shareholders of persons for election to the Board of Directors are set forth in the Company's Code of By-laws.

COMPENSATION OF DIRECTORS

During the ten-month period ended September 30, 2002, with the exception of the Chairman, each director who was not a salaried officer or employee of the Company received an annual retainer of \$25,000 and a fee of \$3,500 for each Board of Directors meeting attended. Effective September 4, 2002, the retainer for the Chairman was increased from \$100,000 to \$150,000 annually. Directors who are not salaried officers or employees who were members of the Executive, Finance, Audit or Compensation and Management Development Committee received \$1,500 for each committee meeting attended. Additionally, the chairman of each of the committees received an additional annual retainer of \$5,000. Directors were reimbursed for expenses incurred as a result of attendance at Board or committee meetings. Directors of the Company may defer receipt of directors' fees otherwise payable to them by the Company and invest these fees in common stock of the Company under the Hillenbrand Industries Directors' Deferred Compensation Plan. Under the Company's Stock Incentive Plan, each non-employee director receives a non-qualified stock option to purchase 4,000 shares of common stock each year, all of which vest twelve months after the grant date and expire in ten years. Additionally, Ray J. Hillenbrand, in his capacity as the Chairman of the Board and lead director, will receive an additional non-qualified stock option to purchase 6,000 shares of common stock each year. Non-employee directors are also eligible to participate in the Company's group term life insurance program in which premiums are paid by the Company. Death benefits, which are age related, range from \$45,000 to \$150,000.

On July 10, 2001, Peter F. Coffaro, Edward S. Davis, Leonard Granoff and John C. Hancock were each awarded 4,112 phantom shares of common stock under the Company's Director Phantom Stock Plan. One-half

11

of the phantom shares vested immediately and one-half vested on December 31, 2001. The phantom shares are an unsecured obligation of the Company and are payable in common stock of the Company following the resignation of these directors from the Board. Dividends paid on the Company's common stock are deemed to have been paid on the director's phantom shares and are deemed to be reinvested in phantom stock. On May 16, 2002, Peter F. Coffaro, Edward S. Davis and Leonard Granoff were paid 4,166 shares each under this Plan following their resignation from the Board.

CERTAIN RELATIONSHIPS AND RELATED TRANSACTIONS

The Company owns and operates jet aircraft in connection with its business. The Company generally limits usage of these aircraft to former and current Chairmen of the Board and Chief Executive Officers of the Company for personal purposes to the extent they are not being utilized for Company business. During the ten-month period ended September 30, 2002, the Company's average cost of operating these aircraft was \$2,609 per hour. While the Company does not charge for the use of its aircraft for personal purposes, it does

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

report as taxable income to the Internal Revenue Service the value of the transportation services rendered based upon Internal Revenue Service formulas. Effective for fiscal year 2003, the Compensation and Management Development Committee of the Board has provided for use of Company aircraft for personal purposes only by the Chief Executive Officer, and not by other executive officers, and the Chief Executive Officer's personal use is limited to fifty hours per year. The table below sets forth certain information regarding the use of the Company's aircraft by directors and executive officers for personal purposes during the ten-month period ended September 30, 2002:

NAME	POSITION	NUMBER OF HOURS USED	COST TO THE C \$2,609 PE
W August Hillenbrand	Director	31.40	\$ 81,923
Daniel A. Hillenbrand	Director	39.80	\$ 103,838
Ray J. Hillenbrand	Chairman of the Board	39.85	\$ 103,969
Frederick W. Rockwood	President and Chief Executive Officer	28.35	\$ 73,965

(1) This amount was reimbursed to the company.

As previously disclosed, Daniel A. Hillenbrand, a former Chairman of the Board of the Company, had a ten-year Consulting Agreement with the Company that expired by its stated terms on May 31, 1999. Pursuant to a memorandum agreement between Mr. Hillenbrand and a former Chief Executive Officer of the Company, the Company confirmed that Mr. Hillenbrand's compensation payments under the consulting Agreement would cease as of May 31, 1999 but that certain benefits thereunder would continue for the remainder of his life. As a result, the Company continues to pay premiums on a \$5 million joint life insurance policy, pay health insurance premiums on a policy covering Mr. Hillenbrand and his wife, reimburse Mr. Hillenbrand for medical expenses that are not covered by insurance, provide an office, a secretary and an automobile to Mr. Hillenbrand, together with payment of related miscellaneous expenses, make supplemental pension fund benefit payments and permit Mr. Hillenbrand to use the Company's corporate aircraft for personal purposes. During the ten-month period ended September 30, 2002, these benefits aggregated approximately \$230,700 (excluding amounts attributable to use of the Company's aircraft for personal purposes as disclosed above).

As previously disclosed, during 2000, W August Hillenbrand and the Company entered into an agreement relating to Mr. Hillenbrand's retirement as Chief Executive Officer of the Company on December 2, 2000. Under that agreement, Mr. Hillenbrand agreed to render consulting services to, and refrain from competing with, the Company through September 18, 2005. In addition to his annual consulting fee of approximately \$907,700, which resulted in payments of approximately \$733,100 during the ten-month period ended September 30, 2002, Mr. Hillenbrand is also entitled to receive a package of benefits similar to those

afforded to Daniel A. Hillenbrand. Mr. Hillenbrand's permitted use of the Company's corporate aircraft for individual personal purposes is on the same

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

basis as the Company's executive officers' personal use. Because the Compensation and Management Development Committee of the Board has provided for use of Company aircraft for personal purposes only by the Chief Executive Officer, and not by other executive officers, and the Chief Executive Officer's personal use is limited to fifty hours per year, Mr. Hillenbrand's personal use of Company aircraft will be limited to fifty hours per year. During the ten-month period ended September 30, 2002, these benefits aggregated approximately \$230,700 (excluding amounts attributable to use of the Company's aircraft for personal purposes as disclosed above).

In addition, Messrs. Daniel A. Hillenbrand and W August Hillenbrand rely upon Company personnel to handle the payroll and related tax filings for their household employees. They also purchase various goods and services through the Company from certain of the Company's local vendors. Advances made by the Company in connection with these matters were repaid as the expenses were incurred. The Company no longer makes advances for these expenses, but instead the funds to cover the expenses are drawn from accounts pre-funded by these directors. While neither Hillenbrand reimburses the Company for the time spent by Company personnel on his personal matters, the fully absorbed costs of such services during the ten-month period ended September 30, 2002 were nominal.

Various members of the Hillenbrand extended family, including those who are members of the Company's Board of Directors, other than Ray J. Hillenbrand, rent the Company's corporate retreat facilities, which formerly were part of the Hillenbrand family farm, for an aggregate of approximately two weeks during the summer vacation period and at several other times during the year. During the ten-month period ended September 30, 2002, the extended Hillenbrand family reimbursed the Company approximately \$54,400 for such usage based upon the fully absorbed costs of the facility. In addition, members of the Hillenbrand extended family, including those who are members of the Company's Board of Directors, other than Ray J. Hillenbrand, occasionally used the family farm on a cost-free basis. The Company estimates that the fully absorbed cost of such additional usage did not exceed \$2,800 during the ten-month period ended September 30, 2002.

During the ten-month period ended September 30, 2002, the Company contributed \$500,000 to The John A. Hillenbrand Foundation, a public charitable foundation formed in 1950 to promote religious, educational and/or charitable activities in the City of Batesville and the County of Ripley, Indiana. W August Hillenbrand, John A. Hillenbrand II and Daniel A. Hillenbrand, directors of the Company, are officers and directors of the foundation. Ray J. Hillenbrand resigned from all positions held with the Foundation on August 1, 2002.

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

Frederick W. Rockwood was awarded 20,000 deferred stock shares on October 5, 1999, which vested on October 5, 2002. Scott K. Sorensen was awarded 10,000 deferred stock shares on March 1, 2001, 5,000 of which vested January 1, 2002 and 5,000 of which vested on January 1, 2003. David L. Robertson was awarded 5,000 deferred stock shares on October 5, 1999, which vested on October 5, 2002, and he was awarded 1,500 deferred stock shares on January 17, 2001, which will vest on January 17, 2004. Kenneth A. Camp was awarded 1,500 deferred

14

stock shares on January 17, 2001, which will vest on January 17, 2004. R. Ernest Waaser was awarded 1,500 deferred stock shares on March 8, 2001, which vested on January 1, 2003. Dividends paid on the Company common stock will be deemed to have been paid with regard to the deferred stock shares awarded and deemed to be reinvested in Company common stock at the market value on the date of such dividend, and will be paid in additional shares on the vesting date of the underlying award.

- (3) Options were granted pursuant to the Company's Stock Incentive Plan during the ten-month period ended September 30, 2002. Options granted in the fiscal years ended December 1, 2001 and December 2, 2000 were granted pursuant to the Company's 1996 Stock Option Plan.
- (4) The amounts appearing in this column are the values for the ten-month period ending September 30, 2002, and fiscal years ended December 1, 2001 and December 2, 2000 of the performance shares earned under the Senior Executive Compensation Program for the 2000-2002, 1999-2001 and 1998-2000 performance cycles, respectively. During 2001, the Company decided to cease awards under this component of the Program and offered executives the opportunity to receive a prorated payment in Company shares in exchange for termination of outstanding awards. The December 1, 2001 values include the following prorated amounts paid in connection with termination of the 2000-2002 and 2001-2003 cycles: Mr. Rockwood, \$1,332,295; Mr. Sorensen, \$179,600; Mr. Robertson, \$333,465; Mr. Camp, \$327,261; and Mr. Waaser, \$182,513.
- (5) All Other Compensation earned or allocated in the ten-month period ended September 30, 2002 is as follows:

NAME	401(k) CONTRIBUTIONS	SPLIT DOLLAR LIFE INSURANCE BENEFITS
----	-----	-----
Frederick W. Rockwood	\$6,000	\$ 71,297
Scott K. Sorensen	\$6,000	\$ 6,702
David L. Robertson	\$5,814	\$ 6,777
Kenneth A. Camp	\$6,000	\$ 7,104
R. Ernest Waaser	\$6,000	\$ 9,742

The value of the Split Dollar Life Insurance Benefits is calculated as the corporate premium paid less the present value of that amount at rollout.

OPTION GRANTS IN LAST FISCAL YEAR (FOR TEN-MONTH PERIOD ENDED SEPTEMBER 30, 2002)

The following table sets forth certain information concerning stock option grants to the named executive officers during the ten-month period ended September 30, 2002.

INDIVIDUAL GRANTS				
NAME	NUMBER OF SECURITIES UNDERLYING OPTIONS GRANTED (#) (1)	PERCENT OF TOTAL OPTIONS GRANTED TO EMPLOYEES IN FISCAL YEAR	EXERCISE OR BASE PRICE (\$/SHARE)	EXPIRATION DATE
Frederick W. Rockwood	25,000	11.39%	\$ 61.49	4/9/20
Scott K. Sorensen	10,000	4.56%	\$ 61.49	4/9/20
David L. Robertson	5,000	2.28%	\$ 61.49	4/9/20

R. Ernest Waaser	9,000	4.10%	\$ 61.49	4/9/20

- (1) All options were granted pursuant to the Company's Stock Incentive

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

Plan. The options were granted at an exercise price equal to the fair market value of the Company's common stock on the date of grant. The options were granted for terms of ten years, and vest one-third on each of the first three anniversaries of the date of grant. In the event of a change of control of the Company, the unvested portions of the options will be subject to accelerated vesting.

- (2) Option values were calculated on the basis of the Black-Scholes option pricing model. Options were assumed to be exercised 6.00 years after the date of grant. Other assumptions used for the valuations are a risk-free interest rate of 4.70%, stock price volatility of .2637 and annual dividend yield of 1.55%. The actual value realized by an officer from exercise of the options will depend on the market value of the Company's common stock on the dates the options are exercised.

AGGREGATED OPTION EXERCISES IN LAST FISCAL YEAR AND FISCAL YEAR-END OPTION VALUES (FOR TEN-MONTH PERIOD ENDED SEPTEMBER 30, 2002)

The following table sets forth certain information concerning option exercises during the ten-month period ended September 30, 2002 by the named executive officers and unexercised options held by such officers as of September 30, 2002:

NAME	SHARES ACQUIRED ON EXERCISE	VALUE REALIZED	NUMBER OF SECURITIES UNDERLYING UNEXERCISED OPTIONS AT FISCAL YEAR-END		EXE

SPLIT DOLLAR LIFE INSURANCE PLAN

The Hillenbrand Industries Split Dollar Life Insurance Plan covers key employees and retirees of the company and provides split dollar pre- and post-retirement coverage. Under this plan pre-retirement employee death benefits range from \$600,000 to \$5,000,000. At retirement the coverage is scheduled to be reduced by 50%. Each covered participant owns an individual policy and the premium is a shared responsibility between

the participant and the Company. The Company pays the majority of the premiums subject to a collateral assignment agreement with the participant owner of the

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

policy. The policy matures at age 65 or after the participant has been in the plan for 15 years, whichever is later. At policy maturity or termination the Company's cash value share, up to its cumulative premium payments on the policy, is transferred from the policy back to the Company. The remaining cash value is controlled by the participant owner of the policy. The Hillenbrand Industries Split Dollar Life Insurance Plan and related premium payment schedule were in place prior to the effective date of the Sarbanes-Oxley Act of 2002, and no material modifications to the plan or premium payments have been made since the Act's effective date. The Company is currently assessing the implications for the plan of the Sarbanes-Oxley Act.

AGREEMENTS WITH EXECUTIVE OFFICERS

During 2001, the Company entered into Change in Control Agreements (the "Agreements") with certain officers, including Frederick W. Rockwood, Scott K. Sorensen, David L. Robertson, Kenneth A. Camp and R. Ernest Waaser. The Agreements are intended to encourage continued employment by the Company of its key management personnel and to allow such personnel to be in a position to provide assessment and advice to the Board of Directors regarding any proposed Change in Control without concern that such personnel might be unduly distracted by the uncertainties and risks created by a proposed Change in Control.

The Agreements provide for payment of specified benefits upon the Company's termination of the executive's employment (other than on account of death, disability, retirement or "cause") in anticipation of or within two years (three years in the case of Mr. Rockwood) after a Change in Control, or upon the executive's termination of employment for "good reason" within two years (three years in the case of Mr. Rockwood) after a Change in Control. Mr. Rockwood's Agreement also provides for the payment of the specified benefits in the event he terminates employment for any reason during the 30-day period following the first anniversary of the Change in Control. The benefits to be provided by the Company upon a Change in Control under any of the above circumstances are: (i) a lump sum payment in cash equal to two times (three times in the case of Mr. Rockwood) the executive's annual base salary; (ii) continued health and medical insurance for the executive and his dependents and continued life insurance coverage for the executive for 24 months (36 months in the case of Mr. Rockwood), with the right to purchase continued medical insurance (at COBRA rates) from the end of this period until the executive reaches retirement age; (iii) a cash payment in lieu of certain perquisites; and (iv) an increase to the monthly pension benefit otherwise payable to the executive calculated by giving him credit for two additional years of age and service (or, in the case of Mr. Rockwood, the years of age and service he would have earned had he continued in employment through December 31, 2005, if greater). In addition, upon a Change in Control, whether or not the executive's employment is terminated, all outstanding stock options, restricted stock and deferred stock awards will become fully vested and the executive will be deemed to have earned all outstanding short-term incentive compensation and performance share compensation awards to the extent such awards would have been earned if all performance targets for the relevant period were achieved 100%. Mr. Rockwood's Agreement provides that if he receives payments that would be subject to the excise tax on excess parachute payments imposed by Section 4999 of the Internal Revenue Code, he will be entitled to receive an additional "gross-up" payment in an amount necessary to put him in the same after-tax position as if such excise tax had not been imposed. The Agreements for the other named executive officers provide for a similar "gross-up" payment, except that if the value of all "parachute payments" to an executive does not exceed 120% of the maximum "parachute payment" that could be paid to him without giving rise to the excise tax, the payments otherwise called for by the Agreement will be reduced to the maximum amount which would not give rise to the excise tax. Assuming a Change in Control had occurred on September 30, 2002, the named executive officers would have received cash lump sum payments upon a termination of employment covered by the Agreements in approximately the following amounts: Frederick W. Rockwood -

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

\$4,114,000; Scott K. Sorensen - \$1,248,000; David L. Robertson - \$918,000; Kenneth A. Camp - \$1,070,000 and R. Ernest Waaser -

17

\$1,103,000. The preceding amounts do not take into account the "gross-up" payments, enhanced pension benefits, insurance benefits, and the vesting of stock option, restricted stock and deferred stock awards.

Under the Agreements, a "Change in Control" is defined generally as (i) the acquisition of beneficial ownership of 35% or more of the voting power of all Company voting securities by a person or group at a time when such ownership is greater than that of the members of the Hillenbrand Family; (ii) the consummation of certain mergers or consolidations; (iii) the failure of a majority of the members of the Company's Board of Directors to consist of Current Directors (defined as any director on the date of the Agreements and any director whose election was approved by a majority of the then-Current Directors); (iv) the consummation of a sale of substantially all of the assets of the Company; or (v) the date of approval by the shareholders of the Company of a plan of complete liquidation of the Company.

PENSION PLAN

The Hillenbrand Industries, Inc. Pension Plan (the "Pension Plan") and a supplemental pension plan cover officers of the Company and other employees. Directors of the Company who are not employees of the Company or one of its subsidiaries are not eligible to participate in these plans. Contributions to the Pension Plan by the Company are made on an actuarial basis, and no specific contributions are determined or set aside for any individual. The Company does not make contributions to the supplemental plan.

Employees, including officers of the Company, who retire under the Pension Plan receive fixed benefits calculated by means of a formula that takes into account the highest average annual calendar year base salary earned over five consecutive years and the employee's years of service. The following table shows approximate representative pension benefits under the Pension Plan and the supplemental plan based on a single life annuity commencing at age 65 for the compensation and years of service indicated:

The credited years of service under the Pension Plan and the supplemental pension plan as of December 31, 2002 for the officers named in the table are as follows: Frederick W. Rockwood - 25 years; Scott K. Sorensen - 7 years; David L. Robertson - 21 years; Kenneth A. Camp - 22 years; and R. Ernest Waaser - 2 years.

The Internal Revenue Code limits the amount of benefits which may be paid under a qualified pension plan, such as the Company's Pension Plan. The supplemental pension plan is a non-qualified, unfunded pension plan for senior executives through which the Company pays the amounts which could not otherwise be paid under the Pension Plan because of the limitations established by the Internal Revenue Code. Benefits under the Pension Plan and supplemental plan are not subject to deductions for Social Security or other offset amounts.

(1) Under the Hillenbrand Industries Stock Award Program, which has not been approved by security holders, shares of common stock have been granted to certain key employees. All shares granted under this program are contingent upon continued employment over specified terms. During 1999, 45,000 shares were granted under this program, 20,000 of which were canceled for lack of continued employment. During 2001, an additional 56,500 shares were granted under this program, 6,000 of which have been canceled. Dividends, payable in stock accrue on the grants and are subject to the same specified terms as the original grants. Shares granted in 1999 had a fair value of \$27.75 per share and those in 2001 had a range of fair values from \$44.38 to \$50.85. Of these grants, 5,000 shares became vested on January 1, 2002, with an additional 25,000 shares scheduled to vest on October 5, 2002, 6,500

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

shares on January 1, 2003 and 39,000 shares on January 17, 2004. Accrued dividends related to the grants will also vest accordingly.

- (2) Non-Hillenbrand family members of the Board of Directors were awarded 16,448 phantom shares of common stock in 2001 with a fair value of \$57.44 per share under the Hillenbrand Director Phantom Stock Plan which has not been approved by security holders. One half of these shares vested on July 10, 2001 and the other half vested on December 31, 2001. Dividends accrued under the plan, payable in stock, vested under these same provisions. As of September 30, 2002 there were 4,201 shares vested and payable.
- (3) Members of the Board of Directors may elect to defer fees earned and invest them in common stock of the Company under the Hillenbrand Industries Directors' Deferred Compensation Plan, which has not been approved by security holders. A total of 16,728 deferred shares are payable as of September 30, 2002 under this program.

COMPENSATION AND MANAGEMENT DEVELOPMENT COMMITTEE'S REPORT

The Compensation and Management Development Committee of the Board of Directors has prepared the following report for inclusion in this proxy statement. This report sets forth the compensation policies applicable to the Company's executive officers and the relationship of corporate performance to executive compensation.

COMPENSATION PHILOSOPHY

The Company's compensation programs reflect a long-standing and strongly held belief in performance-oriented compensation. The elements that are integral to the design and operation of the Company's compensation administration and plan designs include:

19

- o creating long term shareholder value as the cornerstone of the Company's compensation philosophy;
- o linking compensation programs to the achievement of business strategies in each subsidiary;
- o having financial objectives at the subsidiary level that reflect the performance expectations of the Company for that entity; and
- o emphasizing variable pay rather than fixed compensation.

Performance expectations reflect the Company's commitment to achieve goals. When expectations are met or exceeded, variable compensation should be paid; when expectations are not met, variable compensation should not be paid.

Through the end of 2001, the compensation package for the senior executives of the Company was comprised of base salary, an annual cash incentive opportunity, a three-year performance share opportunity, perquisites, stock options, and other benefits that are generally available in companies of similar size. At the end of 2001, the Committee discontinued the performance share element of the compensation program.

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

During 2002, the Committee engaged a nationally recognized independent compensation and benefits consulting firm to evaluate the effectiveness of the Company's compensation and benefit programs and to provide the Committee with additional expertise in the evaluation of the Company's compensation practices. The compensation consulting firm evaluates proposals made by the Company to the Committee to assure independence in the review, approval or rejection of compensation changes recommended by the Company. This firm works directly for the Committee and performs no services to the Company other than those directed by the Committee.

COMPENSATION ELEMENTS

1. BASE SALARY

At the senior executive level, base salaries are conservative when compared with companies of similar size and financial performance. Emphasis in the Company's compensation programs is placed on variable or "at risk" compensation rather than on base salary. The Committee reviews the base salaries of the executive officers on an annual basis. Adjustments to base salaries result from an assessment of the performance contributions of each executive in relationship to that executive's scope of responsibility. The Committee also examines the overall competitive position of the base salaries of its executive officers in relation to companies of similar size and financial performance. The Committee maintains an appropriate balance of other compensation elements, i.e., short-term incentive compensation, perquisite compensation, long-term incentive compensation, and other benefit programs including life insurance and pension benefits. The Company rewards the creation of sustainable long-term shareholder value.

The 2002 salary of Frederick W. Rockwood reflects his promotion to President and Chief Executive Officer of the Company at the beginning of fiscal 2001. Effective July 1, 2002 the Board of Directors acted on the recommendation of the Committee to increase the base salary of Mr. Rockwood by 5.0%. Prior to making the adjustment the Committee reviewed the year to date performance of each of the subsidiaries, the financial performance of the Company, and the performance contributions of Mr. Rockwood in relationship to performance objectives, such as achievement of shareholder value targets, and made an assessment of the degree to which he was contributing to the creation of long term shareholder value. The Committee also reviewed competitive compensation information provided by the Committee's independent compensation consulting firm prior to recommending to the Board of Directors the adjustment to Mr. Rockwood's base salary.

20

The Committee's independent compensation consulting firm provided marketplace competitive information regarding base salaries of other executive officers. The base salaries of executive officers of the Company were compared with those of other diversified manufacturing firms, and with base salary practices of companies who have generated total shareholder returns similar to those of the Company. Other executive officers were granted adjustments to their base salaries at the same time based both upon their performance contributions, such as attainment of continuous improvement in their areas of responsibility and management of cash flow during the preceding twelve months, and upon marketplace comparisons. Adjustments to the base salaries of the other executive officers were also determined by the Committee. Executive officers may elect to defer all or a portion of their base salary to be paid at the end of the deferral period in cash with interest accrued at the prime rate.

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

2. PERQUISITES

Executive officers of the Company are eligible for perquisite compensation in an amount equal to 10% of the participant's base salary (or such other limits as may be imposed by the Committee). Perquisite compensation may be used to pay for supplemental health care, insurance benefits, financial planning assistance, club membership fees or Company common stock. All or a portion of perquisite compensation may be deferred to be paid in cash at the end of the deferral period.

3. INCENTIVE COMPENSATION

a. SHORT TERM INCENTIVE COMPENSATION

Under the terms of the Senior Executive Compensation Program, the Committee establishes specific financial objectives, and may establish non-financial objectives, for each subsidiary and for the Company overall. Each subsidiary is measured and rewarded based upon its performance contributions, and the Company is measured and rewarded based upon the performance of the Company and its subsidiaries overall. Short-term financial performance objectives are established annually at levels which generally represent significant improvement over prior years' earnings and cash flow results. The Committee established these objectives to maintain the appropriate balance between the short and long term performance expectations of shareholders.

The amount of short-term incentive compensation is determined by first establishing a performance base ("Performance Base") that must be achieved before any short-term incentive compensation is available and a target ("Target") for the Company and each subsidiary. The Performance Base and Target for each company are directly related to net income and, to a lesser extent, cash flow of that company.

Under the terms of the Program, short term incentive compensation opportunity is equal to 60% of base salary for the Chief Executive Officer and President of the Company; 50% of base salary in the case of the Chief Financial Officer of the Company and chief executive officers of the subsidiaries; 40% of base salary for most other corporate or subsidiary senior executives; and 30% for all other executive participants. For executive officers of the Company during the ten-month period ended September 30, 2002, the plan provided for short term incentive compensation ranging from 0% of the above scale upon achievement of the Performance Base, 100% of the above scale upon achievement of the Target and up to 300% of the above scale for surpassing the Target, according to a formula recommended by the Chief Executive Officer of the Company and approved by the Committee. The amounts of short-term incentive compensation paid to the Company's Chief Executive Officer and Vice Presidents and chief executive officers of the subsidiaries are recommended by the Chief Executive Officer of the Company and approved by the Committee. The amounts of short-term incentive compensation paid to other participants who are employees of the Company are established and approved by the Chief Executive Officer of the Company and the amounts of short-term incentive compensation paid to participants who are employees of subsidiaries of the Company are established by the chief executive officer of such subsidiary.

Short-term incentive compensation is calculated for each senior executive participant at the end of each fiscal year. Short-term incentive compensation is payable in cash after forty days, but within seventy-five days, after the end of the fiscal year. All or a portion of short term incentive

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

compensation may be deferred by the employee and invested either in cash or common stock to be paid at the end of the deferral period.

Executive officers of the Company were awarded cash bonuses in December 2002 based upon the achievement of net income and cash flow objectives established by the Committee at the beginning of the ten-month period ended September 30, 2002. Because the Target performance of the Company was exceeded, Frederick W. Rockwood earned the maximum short-term incentive compensation payment, under the Program. In addition, based on the results of the Company and his personal performance, the Committee approved an additional discretionary bonus in the amount of \$140,004 to Mr. Rockwood.

b. LONG TERM INCENTIVE COMPENSATION

At the end of 2001, the Compensation Committee reviewed the compensation programs for executives of the Company and its subsidiaries and determined to cease future awards under the long-term, three-year cycle component of the Senior Executive Compensation Program, and it authorized the payout of all existing awards by offering executives the opportunity to receive a prorated payment through the end of 2001 in exchange for termination of all outstanding awards under the long-term component of the Program. The Compensation Committee will continue to review whether adjustments are advisable to the other components of the compensation packages for senior executives, adjusting the level of stock option grants and short-term incentive compensation, or adopting alternative long-term incentives.

c. STOCK OPTIONS AND DEFERRED STOCK

The Company's Stock Incentive Plan, which was approved by the Company's shareholders in 2002, provides for the opportunity to grant stock options to officers, other key employees and non-employee directors to help align those individuals' interests with those of shareholders, to motivate executives to make strategic long-term decisions, and to better enable the Company to attract and retain capable directors and executive personnel.

Officers and other key employees were granted stock options during the ten-month period ended September 30, 2002. These options vest over a three year period. In connection with its evaluation of the Stock Incentive Plan, the Committee utilized the services of an independent consulting compensation firm to provide marketplace competitive information as well as the practices of companies who have generated similar total shareholder returns.

From time to time, the Company has made deferred stock awards to executives of the company for various reasons, as presented in footnote 2 of the Summary Compensation Table.

* * *

Section 162(m) of the Internal Revenue Code limits tax deductibility of certain executive compensation in excess of \$1 million per year unless certain requirements are met. The Senior Executive Compensation Program, and the Stock Incentive Plan are designed to meet these requirements. The Stock Incentive Plan will enable the Committee to grant awards, which satisfy the Section 162(m) requirements as well as those which do not. The policy of the Committee related to these requirements is to maintain a compensation program, which maximizes the creation of long-term shareholder value. The Committee's intention is to comply with the requirements of Section 162(m) except in those limited cases where the Committee believes shareholder interests are best served by another approach. The grants of certain deferred stock awards in 2001 did not satisfy the requirements of Section 162(m).

Respectfully submitted to the Company's shareholders by the
Compensation and Management Development Committee of the Board of Directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER
PARTICIPATION

From May 17, 2002 until September 4, 2002, the Compensation Committee consisted of Messrs. Rolf A. Classon, John C. Hancock (Chairman), John A. Hillenbrand II and Peter H. Soderberg. Prior to May 17, 2002, the Committee consisted of Peter F. Coffaro, Leonard Granoff, John C. Hancock (Chairman) and Ray J. Hillenbrand. Effective September 4, 2002, the Committee was renamed as the Compensation and Management Development Committee. This Committee now consists of Rolf A. Classon (Chairman), Ray J. Hillenbrand, and Peter H. Soderberg. Daniel A. Hillenbrand was Chief Executive Officer of the Company until April 11, 1989, and Chairman of the Board of the Company until January 17, 2001. Ray J. Hillenbrand has served as Chairman of the Board of the Company since January 17, 2001. W August Hillenbrand was Chief Executive Officer of the Company until December 2, 2000. For a discussion regarding certain relationships and related transactions involving certain of the directors who were members of this committee during the ten-month period ended September 30, 2002, see "About the Board of Directors (Including Director Compensation - Certain Relationships and Related Transactions."

COMPANY STOCK PERFORMANCE

The following graph for the fiscal years ended on the Saturday closest to November 30 of 1997 through 2001 and the ten-month period ended September 30, 2002 compares the cumulative total return for common stock of the Company with the S & P 500 and S&P 500 Health Care Equipment Index. In prior years, the Company used the S&P 500 Manufacturing (Diversified Industrial) Index rather than the S&P 500 Health Care Equipment Index. During 2002, S&P discontinued publishing the Manufacturing (Diversified Industrial) Index and now includes the Company in its Health Care Equipment classification, which the Company considers a more appropriate classification given the nature of the Company's business. Accordingly, the Company has elected to use the S&P 500 Health Care Equipment Index this year and going forward. For comparison, the Company has included in the graph below the total return of the group of companies that formerly comprised the S&P 500 Manufacturing (Diversified Industrial) Index: 3M Company, Crane Company, Danaher Corp., Eaton Corp., Honeywell International Inc., Illinois Tool Works, ITT Industries, Inc., Johnson Controls, Inc., Parker-Hannifin Corp., Textron Inc., Thermo Electron Corp., Tyco International Ltd., and United Technologies Corp.

AUDIT COMMITTEE'S REPORT

The Audit Committee of the Board of Directors (the "Committee") is composed of four directors, each of whom satisfies the definition of independent director as established in the New York Stock Exchange existing and proposed new Listing Standards. The Committee operates under a written charter adopted by the Board of Directors which was reviewed and revised during the ten-month period ended September 30, 2002 and is attached as Appendix B to this Proxy Statement.

Management is responsible for the Company's internal controls, financial reporting process and compliance with laws and regulations and ethical business standards. The independent auditors are responsible for performing an independent audit of the Company's consolidated financial statements in accordance with generally accepted auditing standards and the issuance of a report thereon. The Audit Committee's responsibility is to monitor and oversee these processes.

In this context, the Committee has reviewed and discussed the consolidated financial statements with management and PricewaterhouseCoopers LLP ("PwC"), the Company's independent auditors. Management represented to the Committee that the Company's consolidated financial statements were prepared in

24

accordance with generally accepted accounting principles. PwC discussed with the Committee matters required to be discussed by Statement on Auditing Standards No. 61 (Communication with Audit Committees).

PwC also provided to the Committee the letter required by Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees). PwC informed the Audit Committee that it was independent with respect to the Company within the meaning of the securities acts administered by the Securities and Exchange Commission and the requirements of the Independence Standards Board, and PwC discussed with the Committee that firm's independence with respect to the Company.

Based upon the Committee's discussions with management and PwC and the Committee's review of the representation of management and the report of PwC to the Committee, the Committee recommended that the Board of Directors include the

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

audited consolidated financial statements in the Company's Transition Report on Form 10-K for the transition period from December 2, 2001 to September 30, 2002.

In addition, the Committee has discussed with the Chief Executive Officer and the Chief Financial Officer of the Company the certifications required to be given by such officers in connection with the Company's Transition Report on Form 10-K pursuant to the Sarbanes-Oxley Act of 2002 and Securities and Exchange Commission rules adopted thereunder, including the subject matter of such certifications and the procedures followed by such officers and other management in connection with the giving of such certifications.

RATIFICATION OF APPOINTMENT OF AUDITORS

Subject to shareholder ratification, the Audit Committee of the Board of Directors of the Company has appointed the firm of PricewaterhouseCoopers LLP ("PwC"), certified public accountants, as independent auditors to make an examination of the consolidated financial statements of the Company for its fiscal year ending September 30, 2003. PwC served as the independent auditors of the Company for the ten-month period ended September 30, 2002. A representative of PwC will be present at the annual meeting with an opportunity to make a statement, if he so desires, and will be available to respond to appropriate questions.

AUDIT FEES

In aggregate, PwC fees billed for professional services rendered in the audit of the Company's annual consolidated financial statements for the ten-month period ended September 30, 2002 and in reviewing interim consolidated financial statements, as included in quarterly reports on Form 10-Q for that ten-month period, were \$1,180,227.

FINANCIAL INFORMATION SYSTEMS DESIGN AND IMPLEMENTATION FEES

During the ten-month period ended September 30, 2002, PwC did not render any information technology services to the Company relating to financial information systems design and implementation.

25

ALL OTHER FEES

In aggregate, PwC billed the Company \$2,228,448 in fees for all non-audit and non-financial information systems design and implementation services rendered by PwC for the ten-month period ended September 30, 2002. These services included a variety of federal, state and international tax consulting projects, statutory audits of a number of the Company's insurance operations, employee benefit plan audits, transaction services consulting, routine consulting on various financial reporting matters and various other

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

consultations. The Audit Committee considered whether the non-audit services provided by PwC to the Company are compatible with PwC's independence.

THE BOARD OF DIRECTORS RECOMMENDS THAT THE SHAREHOLDERS VOTE FOR THE RATIFICATION OF THE APPOINTMENT OF PRICEWATERHOUSECOOPERS LLP AS INDEPENDENT AUDITORS OF THE COMPANY.

COST OF SOLICITATION

The entire cost of solicitation of proxies by the Board of Directors will be borne by the Company. In addition to the use of the mails, proxies may be solicited by personal interview, facsimile, telephone, electronic communication and telegram by directors, officers and employees of the Company. The Company expects to reimburse brokers or other persons for their reasonable out-of-pocket expenses in forwarding proxy material to beneficial owners.

SHAREHOLDER PROPOSALS

In order for shareholder proposals submitted pursuant to Rule 14a-8 under the Securities Exchange Act of 1934 to be presented at the Company's 2004 annual meeting of shareholders and included in the Company's proxy statement and form of proxy relating to that meeting, such proposals must be submitted to the Secretary of the Company at the Company's principal offices in Batesville, Indiana not later than September 9, 2003.

In addition, the Company's Code of Bylaws provides that for business to be brought before a shareholders' meeting by a shareholder or for nominations to the Board of Directors to be made by a shareholder for consideration at a shareholders' meeting, notice thereof must be received by the Secretary of the Company at the Company's principal offices not later than 100 days prior to the anniversary of the immediately preceding annual meeting, or not later than November 5, 2003 for the 2004 annual meeting of shareholders. The notice must also provide certain information set forth in the Code of Bylaws.

26

INCORPORATION BY REFERENCE

Notwithstanding anything to the contrary set forth in any of the Company's previous or future filings under the Securities Act of 1933, as amended, or the Securities Exchange Act of 1934, as amended, that incorporates this proxy statement by reference, the Audit Committee's Report and its Charter, the Compensation and Management Development Committee's Report and the graph Comparison of Five Year Cumulative Total Return shall not be incorporated by reference into any such filings.

HILLENBRAND INDUSTRIES, INC.
(the "COMPANY")
CORPORATE GOVERNANCE STANDARDS

FOR

BOARD OF DIRECTORS

(As approved by Board of Directors on September 4, 2002)

The following corporate governance standards established by the Board of Directors provide a structure within which directors and management can effectively pursue the Company's objectives for the benefit of its shareholders and other constituencies. The Company's business is managed under the direction of the Board, but the conduct of the Company's business has been delegated by the Board to the Company's senior management team.

1. The Board will consider all major decisions of the Company. However, the Board has established the following standing Committees so that certain important areas can be addressed in more depth than may be possible in a full Board meeting: Audit Committee, Nominating/Corporate Governance Committee, Compensation and Management Development Committee and Finance Committee. Each standing Committee has a specific charter that has been approved by the Board.
2. Within two years following the approval by the Securities and Exchange Commission of the independence requirements for directors that have been proposed by the New York Stock Exchange, at least a majority of the directors of the Company shall be independent, as determined pursuant to numbered paragraph 3 below.
3. The Board must affirmatively determine annually, based on a consideration of all relevant facts and circumstances, whether each director has any material relationship with the Company (either directly or as a partner, shareholder or officer of an organization that has a relationship with the Company) that represents a potential conflict of interest or otherwise interferes with a director's exercise of his or her independent judgment from management and the Company. If so, such director cannot be considered independent. In assessing the materiality of a director's relationship with the Company and each director's independence, the Board shall consider the issue of materiality not only from the standpoint of the director but also from that of the persons or organizations with which the director has an affiliation. Material relationships can include, among others, commercial, industrial, banking, consulting, legal, accounting, charitable and familial relationships. In assessing a director's independence, the Board shall also consider the director's ownership, or affiliation with the owner, of less than a controlling amount of voting securities of the Company. The basis for the Board's determination that a relationship is not material shall be disclosed in the Company's annual proxy statement. The Board cannot conclude that a director is independent if he or she falls into one of the following categories:

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

- o the director is, or within the last five years has been, employed by the Company or any of its subsidiaries;

A-1

- o the director is, or within the past five years has been, affiliated with or employed by a present or former auditor of the Company (or an affiliate);
- o the director is, or within the past five years has been, part of an interlocking directorate in which an executive officer of the Company serves on the compensation committee of another company that employs such director;
- o the director has a spouse, parent, child, sibling, mother-in-law, father-in-law, son-in-law, daughter-in-law, brother-in-law, sister-in-law or other person who shares his or her home (collectively, an "immediate family member") that falls into one of the foregoing three categories; provided, however, that the disqualification of one director from being independent pursuant to this provision shall not automatically disqualify any other director on the Board who is an immediate family member of such disqualified director but the disqualification of an immediate family member shall be one of the facts and circumstances considered by the Board in assessing such other director's independence; or
- o the director owns, or is affiliated with the owner, of a controlling amount of voting stock of the Company.

Moreover, the Board discourages the following types of transactions with or on behalf of non-officer directors:

- o the making of substantial charitable contributions to any organization in which a director is affiliated;
 - o the entering into of consulting contracts with (or providing other indirect forms of compensation to) directors; or
 - o the entering into of other compensatory arrangements with directors that may raise questions about their independence.
4. The Audit Committee, the Nominating/Corporate Governance Committee and the Compensation and Management Development Committee of the Board will consist entirely of independent directors.
 5. Each member of the Board will act in accordance with the criteria for selection and discharge the responsibilities set forth in the Position Specifications(1) for a director of the Company.
 6. In addition to evaluations to be performed by the Compensation and Management Development Committee, the Board will evaluate the performance of the Company's Chief Executive Officer and certain other senior management positions at least annually in meetings of independent directors that are not attended by the Chief Executive Officer. As a general rule, the Chief Executive Officer should not also hold the position of Chairman of the Board. However, if, with the Board's approval, the Chief Executive Officer also holds the position of Chairman of the Board, the Board will elect a non-executive Vice

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

Chairman (or a non-executive director who is the Lead Director). The Vice Chairman or Lead Director will preside at meetings to evaluate the performance of the Chief Executive Officer.

7. Every year the Board will engage management in a discussion of the Company's strategic direction and, based on that discussion, set the Company's strategic direction and review and approve a three-year strategic framework and a one-year business plan.

- (1) See Position Specification for Member of Board of Directors of Hillenbrand Industries, Inc.

A-2

8. On an ongoing basis during each year, the Board will monitor the Company's performance against its annual business plan and against the performance of its peers. In this connection, the Board will assess the impact of emerging political, regulatory and economic trends and developments on the Company. The Board will hold periodic meetings devoted primarily to the review of the Company's strategic plan and business plan and its performance against them.
9. The Nominating/Corporate Governance Committee will annually assess the Board's effectiveness as a whole as well as the effectiveness of the individual directors and the Board's various Committees, including a review of the mix of skills, core competencies and qualifications of members of the Board, which should reflect expertise in one or more of the following areas: accounting and finance, healthcare, international business, mergers and acquisitions, leadership, business and management, strategic planning, government relations, investor relations, executive leadership development, and executive compensation. In order to make these assessments, the Nominating/Corporate Governance Committee shall solicit annually the opinions of each director regarding the foregoing matters. Ineffective directors shall be replaced as promptly as practicable and inefficient Committees of the Board shall be restructured or eliminated promptly.
10. Directors are expected to own shares of common stock of the Company. The Board of Directors may from time to time adopt, revise or terminate director stock ownership guidelines.

Directors are encouraged to limit the number of directorships that they hold in public companies so that they can devote sufficient time to the discharge of their responsibilities to each public company for which they serve as a director, including the Company. The members of the several Board committees shall be elected by the Board at the annual meeting of the Board to serve until the next annual meeting of the Board or until their successors shall be duly elected and qualified. Unless the Chair of any Committee is elected by the Board, the members of the Committee may designate a Chair by majority vote of the Committee membership. The several Committee Chairs will periodically report the Committee's findings and conclusions to the Board. Upon termination of or significant change in a member of the Board's principal employment, he or she shall notify the Chairman of the Board and tender his or her resignation from the Board, which may be rejected by the Board if the change in status is satisfactory and the Board believes that the director will continue to be a valuable contributor

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

to the Board.

11. Succession planning and management development will be reviewed annually by the Chief Executive Officer with the Board.
12. All executive officers are expected to own shares of the Company's common stock, in addition to their shares of restricted stock and options to purchase common stock.
13. Incentive compensation plans will link executive compensation directly and objectively to measured financial and non-financial goals set in advance by the Compensation and Management Development Committee.
14. Shareholders of the Company will be given an opportunity to vote on the adoption and amendment of all equity-compensation plans. Brokers may not vote a customer's shares on any equity compensation plan unless the broker has received that customer's instructions to do so.
15. Subject to limited exceptions permitted by law, the Company will not directly or indirectly grant loans to executive officers or directors of the Company that are not available to outsiders.

A-3

16. Stock options will not be repriced, that is, the exercise price for options will not be lowered even if the current fair market value of the underlying shares is below their exercise price.
17. Analyses and empirical data that are important to the directors' understanding of the business to be conducted at a meeting of the Board or any Committee will be distributed, to the extent practicable, in writing to all members in advance of the meeting. Management will make every reasonable effort to assure that this material is both concise and in sufficient detail to provide a reasonable basis upon which directors may make an informed business decision. In many cases, significant items requiring Board or Committee approval may be reviewed in one or more meetings, with the intervening time being used for clarification and discussion of relevant issues. Outside directors shall be encouraged to provide input into the development of Board and Committee meeting agenda.
18. Directors shall have complete access to the Company's management. It is assumed that directors will exercise reasonable judgment to assure that contact of this sort is not distracting to the business operations of the Company and that any such contact, if in writing, will be copied to the Chief Executive Officer and the Chairman of the Board. Furthermore, the Board encourages the Chief Executive Officer to bring managers into Board meetings from time to time who: (a) can provide additional insight into the items being discussed because of personal involvement in these areas, and/or (b) represent potential members of future senior management that the Chief Executive Officer believes should be given exposure to the Board.
19. The Chief Executive Officer or other appointed members of the senior management team shall report to the Compensation and Management Development Committee once a year regarding the adequacy and suitability of the Company's Board compensation package in relation to other comparable U.S. companies. Changes in Board compensation, if any, should be suggested by the Compensation and Management Development

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

Committee and approved only after a full discussion among the members of the Board.

20. The Board is responsible for the enactment and approval of changes in the Company's Code of Business Conduct and Ethics ("Policy Statement"). The Board's Audit Committee has responsibility for the oversight of the implementation and administration of the Policy Statement, the review and assessment at least annually of the effectiveness of the Policy Statement and the recommendation to the Board of suggested changes in the Policy Statement.

21. While the Board will review from time to time its compensatory arrangements with its non-officer, non-employee directors, the Board believes that the form and amount of the Company's current compensatory arrangements with its non-officer, non-employee directors summarized below are both customary and appropriate:

- o Annual retainer of \$150,000, payable quarterly, to the Chairman and Lead Director of the Board;
- o Annual retainer of \$25,000, payable quarterly to all other non-officer, non-employee;
- o \$3,500 fee for attending in person each meeting of the Board and \$1,000 fee for each additional day spent at a Board meeting, in each case payable at the conclusion of the meeting;
- o Annual retainer of \$5,000 for serving as chairperson of the Board's Nominating/Corporate Governance, Audit, Finance and Compensation and Management Development Committees, payable quarterly;

A-4

- o \$1,500 fee for attending in person each meeting of the Nominating/Corporate Governance, Finance, Audit and Compensation and Management Development Committees, payable at the conclusion of the meeting;
- o \$1,500 fee for attending in person any other ad hoc committee of the Board, other than one held before, during or after a Board meeting, payable at the conclusion of the meeting;
- o 50% of usual meeting fee for attending a Board or committee meeting by telephone, payable at the conclusion of the meeting;
- o Reimbursement for reasonable costs and expenses in attending Board and committee meetings; and
- o Automatic annual grant of options to purchase 4,000 shares of the Company's common stock at fair market value on the date of grant pursuant to the Company's Stock Incentive Plan, with such number of shares subject to options being 10,000 for the Chairman and Lead Director of the Board .

22. The Board's Compensation and Management Development Committee shall from time to time review and propose adoption by the Board of revisions

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

to the Company's current compensatory arrangements with its non-officer directors and members of the Board's various committees.

23. The Board will consider from time to time its optimum size and will increase or decrease from time to time, as appropriate, the number of its members.
24. The Board is committed to the continuing orientation and training of new and incumbent directors at the Board and Committee levels.
25. The non-management directors regularly shall conduct executive sessions without participation by any employees of the Company and shall designate and publicly disclose the name of a director who will preside at regularly scheduled meetings of the non-management directors.
26. While the information needed for the Board's decision making generally will be found within the Company, from time to time the Board may seek legal or other expert advice from sources independent of management. Generally such advice will be sought with the knowledge and concurrence of the Chief Executive Officer. Accordingly, the Board shall have the sole authority to engage, compensate, oversee and terminate external independent consultants, counsel and other advisors as it determines necessary to carry out its responsibilities. The Company shall provide appropriate funding (as determined by each committee) for payment of compensation to advisors engaged by the Board.
27. Likewise, each committee of the Board shall have the sole authority to engage, compensate, oversee and terminate external independent consultants, counsel and other advisors as it determines necessary to carry out its duties, including the resolution of any disagreements between management and the auditor regarding financial reporting. The Company shall provide appropriate funding (as determined by each committee) for payment of compensation to advisors engaged by the committees.
28. These Corporate Governance Standards have been developed and approved by the Board. The Board will review at least annually the practices incorporated into these Corporate Governance Standards by comparing them to the standards identified by leading governance authorities and the evolving needs of the Company and determine whether these Corporate Governance Standards should be updated. These

A-5

Corporate Governance Standards shall be published in the Company's Proxy Statement or Annual Report to shareholders.

HILLENBRAND INDUSTRIES, INC. (THE "COMPANY")

AUDIT COMMITTEE CHARTER

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

(As approved by Board of Directors on September 4, 2002)

MISSION STATEMENT

The Audit Committee ("Committee") shall assist the Board of Directors of the Company ("Board") in fulfilling its oversight responsibilities regarding financial reports and financial controls of the Company. In discharging that role, the Committee shall review the Company's financial reporting process, its system of internal controls regarding accounting, legal and regulatory compliance and ethics that management or the Board, as the case may be, have established and the internal and external audit processes of the Company. The Committee will endeavor to maintain effective working relationships with the Board, management, and the internal and external auditors. Each Committee member will maintain an understanding of the requirements of membership which are necessary to meet and fulfill Committee responsibilities.

ORGANIZATION

The Board shall arrange that:

1. The Committee shall be comprised of at least three members of the Board, each of whom must meet the independence criteria set forth in the Company's Corporate Governance Standards for the Board of Directors at all times during his or her tenure on the Committee. A director who meets the independence criteria mandated for Committee members, but who also holds 20% or more of the Company's stock (or who is a general partner, controlling shareholder or officer of any such holder) cannot chair, or be a voting member of, the Committee. No member of the Committee may (a) accept, other than in his or her capacity as a member of the Committee, the Board or any other committee of the Board, any consulting, advisory or other compensatory fee from the Company or (b) be an affiliated person⁽¹⁾ of the Company or any of its subsidiaries.
2. All members of the Committee should possess, at a minimum, basic financial literacy, as such qualification is interpreted by the Board, or acquire such literacy within a reasonable period of time from joining the Committee. At the present time, the Board interprets "financial literacy" to mean the ability to read and understand audited and unaudited consolidated financial statements (including the related notes) and monthly operating statements of the sort released or prepared by the Company, as the case may be, in the normal course of its business.
3. The Chair shall be available, capable, qualified and competent in dealing with financial and related issues and shall have accounting or related financial management expertise. At least one member of the Committee shall be a financial expert who shall have, through education and experience as a public accountant or auditor or a principal financial officer, comptroller or principal accounting officer (or other position involving the performance of similar functions) of a public reporting company,

- (1) To be defined by the Securities and Exchange Commission; however, compliance with the independence requirements of the New York Stock Exchange should satisfy this requirement.

- o an understanding of generally accepted accounting principles and financial statements;
 - o experience in (i) the preparation of or auditing of financial statements of a generally comparable public reporting company and (ii) the application of generally accepted accounting principles in connection with the accounting for estimates, accruals and reserves;
 - o experience with internal accounting controls;
 - o an understanding of the audit committee function; and
 - o such other experience as may be required to meet any additional requirements promulgated by the Securities and Exchange Commission pursuant to Section 407 of the Sarbanes-Oxley Act of 2002.
4. No director shall be appointed to the Committee who is currently serving on the audit committees of three or more other public companies unless the Board determines that such simultaneous service would not impair the ability of such member to serve on the Committee and such determination is disclosed in the Company's annual proxy statement.
5. The members of the Committee shall be designated by the Board at the annual meeting of the Board to serve until the next annual meeting of the Board or until their successors shall be duly elected and qualified. Unless a Chair is designated by the Board, the members of the Committee may designate a Chairman by majority vote of the Committee membership.
6. Committee meetings shall be held not less than quarterly, usually in conjunction with the Company's regular quarterly Board meetings. The Committee may choose to meet more frequently, if needed.

ROLES AND RESPONSIBILITIES

The Committee's responsibility is oversight, and it and the Board recognize that the Company's management is responsible for preparing the Company's financial statements. Additionally, the Committee recognizes that financial management, the internal audit staff, and the external auditors, have more knowledge and more detailed information about the Company than do the members of the Committee. Consequently, in carrying out its oversight responsibilities the Committee is not providing any expert or special assurance as to the Company's financial statements or any professional certification of the financial statements prepared by management or the audit work performed by the internal or external auditors.

In this regard, the following functions shall be the common recurring activities of the Committee in carrying out its oversight function. These functions are set forth as a guide with the understanding that the Committee may diverge from this guide as appropriate under any particular set of circumstances.

FINANCIAL REPORTING

The Committee shall:

1. Review with management and the external auditors any financial statement issues and the results of the audit.

B-2

2. Review management's disposition of proposed significant audit adjustments as identified by the external auditors.
3. Inquire into the fairness of the statements and disclosures by requesting explanations from management and from the internal and external auditors on whether:
 - o Generally accepted accounting principles have been consistently applied.
 - o There are any significant or unusual events or transactions.
 - o The Company's financial and operating controls are functioning effectively.
 - o The Company's financial statements contain adequate and appropriate disclosures.
4. Review with the external auditors their views as to the quality of the Company's accounting principles and financial reporting practices.
5. Review and discuss with management and the external auditors the Company's annual audited financial statements and recommend to the Board the inclusion of the Company's audited financial statements in its Annual Report on Form 10-K.
6. Prior to the Company's filing of each Annual Report on Form 10-K and Quarterly Report on Form 10-Q, review and discuss with management and the external auditors the content of such filing, including the disclosures under "Management's Discussion and Analysis of Financial Condition and Results of Operations" and review any exceptions to the certifications required of the Chief Executive Officer and Chief Financial Officer in connection with such filings. The Committee shall also discuss with the external auditors the matters required to be brought to the Committee's attention by Statement on Auditing Standards No. 61, as well as other matters that should be communicated to the Committee by the external auditors.
7. Discuss with management, prior to their dissemination, earnings press releases, as well as financial information and earnings guidance provided to analysts and rating agencies, provided that, if it is not otherwise practicable for the entire Committee to review revisions to earnings guidance, such review may be performed by the Chairman of the Committee.

INTERNAL CONTROL

The Committee shall:

1. Review with management, as well as internal and external auditors, the Company's business risk management process, including the adequacy of the Company's overall control environment and controls in selected areas representing significant financial and business risk.
2. Require that the internal and external auditors and management keep the Committee informed about any significant fraud, illegal acts, or

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

deficiencies in internal control, and similar significant matters.

3. Create an opportunity that significant findings and recommendations made by the internal and external auditors can be received and discussed on a timely basis.

B-3

4. Gain an understanding of whether internal control recommendations made by internal and external auditors have been implemented by management.
5. Inquire as to the extent to which internal and external auditors review computer systems and applications and the security of such systems and applications.

INTERNAL AUDIT

1. The Committee shall review as often as it deems necessary but at least annually:
 - o The annual audit plan, activities and organizational structure of the internal audit function.
 - o The qualifications of the internal audit function and, when necessary, participate in the appointment, replacement, reassignment, or dismissal of the Director of Internal Audit.
 - o The effectiveness of the internal audit function.
2. The Committee shall also review periodically as it deems appropriate the reports prepared by the internal audit staff and management's responses to such reports.

EXTERNAL AUDIT

1. The Committee shall review:
 - o The external auditors' proposed audit scope and approach.
 - o The performance of the external auditors.
2. The Committee shall have the direct responsibility for and the sole authority to engage, compensate, oversee and terminate the Company's external auditors (subject, where applicable, to shareholder ratification), including the resolution of any disagreements between management and the Company's external auditors regarding financial reporting. The Company shall provide appropriate funding (as determined by the Committee) for payment of compensation to the Company's external auditors.
3. The Committee must approve in advance any non-audit services performed by the Company's external auditors, including tax services. Notwithstanding the foregoing, the Company's external auditors may not provide the following services to the Company: bookkeeping or other services related to the accounting records or financial statements of the Company; financial information systems design and implementation; appraisal or valuation services, fairness opinions or contribution-in-kind reports; actuarial services; internal audit outsourcing services; management functions or human resources; broker

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

or dealer, or investment adviser or investment banking services; legal services and expert services unrelated to the audit; and any other service that the applicable federal oversight regulatory authority determines, by regulation, is impermissible. Any non-audit service approved by the Committee and performed by the Company's external auditors must be disclosed to investors in the Company's reports on Form 10-K and Form 10-Q.

4. The lead (or coordinating) audit partner and the audit review partner associated with the Company's external auditors must be changed at least every five years.
5. The Committee cannot engage external auditors to perform audit services for the Company if the Company's Chief Executive Officer, Chief Financial Officer, Chief Accounting Officer or any person in

B-4

an equivalent position was employed by such external auditors within one year preceding the initiation of the audit.

6. The Committee shall, at least annually, use its best efforts to obtain and review a report from the external auditors addressing: (a) the auditors internal quality-control procedures; (b) any material issues raised by the most recent internal quality-control review, or peer review, of the external auditors; (c) any inquiry or investigation by governmental or professional authorities, within the preceding five years, respecting one or more independent audits carried out by the external auditors and any steps taken to deal with such issues; and (d) the independence of the external auditors, including a discussion of any relationships or services that may impact their objectivity and independence.

OTHER RESPONSIBILITIES

The Committee shall:

1. Meet at least quarterly, with the external auditors, Director of Internal Audit, and management in separate executive sessions to discuss any matters that the Committee or these groups believe should be discussed privately.
2. Update the Board about Committee activities and make appropriate recommendations, as often as the Board deems appropriate.
3. Annually review and assess the continuing adequacy of this Charter and the performance of the members of the Committee and, if appropriate, recommend changes for the approval of the Board.
4. Prepare a report to shareholders to be included in the Company's proxy statements as required by the Securities and Exchange Commission.
5. Perform any other activities consistent with this Charter, the Company's Code of By-laws and governing law, as the Committee or the Board deems necessary, appropriate or desirable.
6. As appropriate, obtain advice and assistance from outside legal, accounting or other advisors without the necessity for prior authorization by the Board.

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

7. Establish policies for the hiring by the Company of present or former employees of the Company's external auditors.

ETHICAL, LEGAL AND REGULATORY COMPLIANCE

The Committee shall:

1. Review and assess at least annually the Company's Code of Business Conduct and Ethics (the "Policy Statement"), recommend changes in the Policy Statement as conditions warrant and confirm that management has established a system to monitor compliance with the Policy Statement by officers and relevant employees of the Company.
2. Review management's monitoring of the Company's compliance with the Policy Statement, and confirm that management has a review system in place to maximize the likelihood that the Company's financial statements, reports and other financial information disseminated to governmental organizations and the public satisfy applicable legal requirements.
3. Review, with the Company's counsel, legal and regulatory compliance matters including corporate securities trading policies.

B-5

4. Review, with the Company's counsel, any legal or regulatory matter that could have a significant impact on the Company's financial statements.
5. The Committee shall establish procedures for (a) the receipt, retention and treatment of complaints received by the Company regarding accounting, internal accounting controls or auditing matters and (b) the confidential, anonymous submission by employees of the Company regarding questionable accounting or auditing matters.

OPERATIONS

The Committee shall conduct its operations in accordance with the procedures set forth in Article 4 of the Company's Code of By-Laws applicable to the operations of the Board, except to the extent that such procedures are modified or superseded by the terms of this Charter. The Committee shall have the authority to adopt such additional procedures for the conduct of its business as are not inconsistent with those referred to in the preceding sentence. Except as otherwise expressly provided herein, the Committee shall have no authority to delegate its responsibilities to any subcommittee.

GENERAL LIMITATIONS

The Board recognizes that the members of the Committee will discharge the foregoing oversight responsibilities by evaluating (a) reports given to them, (b) presentations made to them and (c) other significant financial reporting decisions which are reported to them by management, internal auditors and external auditors. Within the bounds of sound business judgment and assessment, and to the extent permitted by the Indiana Business Corporation Law, each member of the Committee shall be entitled to rely on the integrity of the individuals and organizations from whom they receive such information. In discharging his or her duties as a member of the Committee, each member is entitled to rely on information, opinions, reports or statements, including financial statements and other financial data, that is prepared and presented by either (i) one or more

Edgar Filing: HILLENBRAND INDUSTRIES INC - Form DEF 14A

officers or employees of the Company who the member reasonably believes to be reliable and competent in the matters presented or (ii) legal counsel, external independent auditors or other persons as to the matters the member reasonably believes are within the person's professional or expert competence. The Committee may also retain independent counsel, accountants or others, as it deems appropriate. Furthermore, in fulfilling their responsibilities hereunder, it is recognized that members of the Committee are not full-time employees of the Company and are not, and do not hold themselves out to be, accountants or auditors by profession or experts in the fields of accounting or auditing.
