Pac-West Telecomm Announces Settlement of Cash Tender Offer and Closing of Financing Transaction with Deutsche Bank

On December 19, 2003, Pac-West Telecomm, Inc., a California corporation ("Pac-West," or the "Company"), issued a press release announcing the successful settlement of its previously announced cash tender offer and consent solicitation and closing of its previously announced \$40.0 million debt and equity private placement financing with Deutsche Bank AG - London, acting through DB Advisors, LLC, as investment advisor.

Ravi Brar, Pac-West's CFO, said, "We are pleased to have successfully concluded these transactions which we believe have strengthened Pac-West's financial and competitive positions. We are also pleased to be partnering with Deutsche Bank, a world-class strategic partner who shares our vision and endorses our business model. These transactions are a continuation of the capital restructuring efforts undertaken over the past two years to reduce both our total amount and cost of debt. Pac-West has been at a competitive disadvantage to other telecom providers who have utilized bankruptcy proceedings to restructure debt loads. We are proud that we have been able to work with our bondholders and shareholders to achieve a more competitive capital structure, which in addition to the most comprehensive network in California, and industry leading Five-Star Customer Service levels, make Pac-West Telecomm and even more compelling alternative.

In connection with the tender offer and consent solicitation, Pac-West purchased \$59.0 million in aggregate principal amount of its Series B 13.5% Senior Notes due 2009. Following settlement of the tender offer and consent solicitation, Pac-West has been advised by the depository for the tender offer and consent solicitation that it has remaining outstanding about \$36.1 million in aggregate principal amount of its senior notes. In conjunction with the tender offer, Pac-West also solicited consents to effect certain proposed amendments to the indenture governing the senior notes. These amendments to the indenture governing the senior notes, which are now effective, eliminated most of the indenture's principal restrictive covenants and amended certain other provisions contained in the indenture.

The financing transaction involved the purchase by Deutsche Bank of a floating rate, pay-in-kind senior secured note in the principal amount of \$40.0 million, which will mature in 2006 but is extendable for up to an additional 18 months at the option of Deutsche Bank. The note, which is secured by Pac-West's assets, will accrue interest at a rate equal to LIBOR plus 50 basis points. In addition, in the connection with the financing, Pac-West has granted to Deutsche Bank 3-year warrants to purchase 26,666,667 million shares of Pac-West's common stock at an exercise price of \$1.50 per share, the issuance of which were approved by Pac-West's shareholders at a special meeting of the shareholders held on December 18, 2003. If Deutsche Bank extends the maturity date of the senior secured note, the term of the warrant will be extended to the same date. In addition, Pac-West granted to Deutsche Bank certain registration rights in connection with the issuance of the warrants.
