To the Stockholders of Ameritrade Holding Corporation:

On behalf of the board of directors, we are pleased to deliver to you our proxy statement concerning the acquisition by Ameritrade of the U.S. retail securities brokerage business of TD Waterhouse Group, Inc., or TD Waterhouse, from The Toronto-Dominion Bank, or TD. We believe the combination will give Ameritrade the scale, breadth and financial strength to further enhance its position as a leader in the securities brokerage industry.

In the transaction:

We will acquire the U.S. retail securities brokerage business of TD Waterhouse from TD in exchange for the issuance of 193,600,000 shares of Ameritrade common stock, which will represent approximately 32% of our post-transaction outstanding shares, and \$20,000 in cash.

We will change our name to TD Ameritrade Holding Corporation.

We will pay a special cash dividend of \$6.00 per share to Ameritrade stockholders, subject to Ameritrade obtaining adequate financing, and we will adjust outstanding equity awards granted to our directors and employees to preserve the pre-dividend economic value of the awards. The special dividend is a condition to the completion of the transaction and we will pay it only if the transaction is completed.

We will sell our Canadian brokerage business, Ameritrade Canada, Inc., to TD for \$60 million in cash.

Following the completion of the acquisition of TD Waterhouse, TD will commence a tender offer, at a price of not less than \$16 per share (on an ex-dividend basis), to increase its beneficial ownership of TD Ameritrade voting securities to 39.9%. J. Joe Ricketts may elect to participate as a co-bidder in the tender offer to increase his beneficial ownership to up to 29%.

We have entered into a new stockholders agreement with TD and J. Joe Ricketts, our Chairman and Founder, and certain stockholders of Ameritrade affiliated with Mr. Ricketts, which contains various provisions relating to the governance of TD Ameritrade following the completion of the transaction, including board composition, stock ownership, transfers by TD and Mr. Ricketts and his affiliates, voting and other matters, and we will amend our certificate of incorporation and bylaws to reflect the provisions of the stockholders agreement.

Our board of directors has unanimously approved the transaction after careful deliberation. We will hold a special meeting of stockholders at _____ at _____, on _____, 2005, to obtain the approval of Ameritrade stockholders of (1) the issuance of the shares of Ameritrade common stock, (2) the amendment and restatement of our certificate of incorporation, (3) the amendment and restatement of two of our stock plans to reserve additional shares of Ameritrade common stock for future issuance (which, due to a corresponding decrease in the number of shares reserved for issuance under Ameritrade's 1998 Stock Option Plan, will result in no net additional shares being reserved for issuance), and (4) the adjournment of the special meeting if necessary to permit further solicitation of proxies.

We encourage you to carefully review this proxy statement, which contains important information concerning Ameritrade, TD and TD Waterhouse, the proposed transaction and the proposals to be voted upon by stockholders at the special meeting. In addition, the section entitled Risk Factors beginning on page 30 contains a description of risks that you should consider in evaluating the proposals relating to the transaction.

Our board of directors unanimously recommends that you vote **FOR** each of the proposals described in this proxy statement. We cannot complete the proposed acquisition of TD Waterhouse unless each of the proposals for the issuance of Ameritrade common stock to TD and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, is approved. Accordingly, a vote against the proposal relating to the issuance of Ameritrade common stock to TD or the proposal relating to the amendment and restatement of our certificate of incorporation or any of the related sub-proposals will have the same effect as a vote against the transaction. The approval of the amendment and restatement of our stock plans is not required to complete the

transaction.

In connection with this transaction, J. Joe Ricketts and certain of his affiliates, entities affiliated with TA Associates and entities affiliated with Silver Lake Partners, which collectively own approximately 34% of the outstanding shares of Ameritrade common stock as of September 2, 2005, have agreed to vote their shares in favor of the issuance of Ameritrade common stock to TD and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals.

Your vote is very important. Whether or not you plan to attend the special meeting, please submit your proxy promptly by telephone or via the Internet in accordance with the instructions on the enclosed proxy card or by completing, dating and returning your proxy card in the enclosed envelope. Returning the proxy card or otherwise submitting your proxy does not deprive you of your right to attend the special meeting and vote in person.

We are very excited about this transaction and believe it will accelerate Ameritrade's long-term strategy and growth. Thank you for your support.

Sincerely,

Joseph H. Moglia
Chief Executive Officer
Ameritrade Holding Corporation

TO BE HELD ON _____, 2005**

To Our Stockholders:

A special meeting of stockholders of Ameritrade Holding Corporation will be held at _____, local time, on _____, 2005 at _____, to consider and vote upon the proposals listed below and any other matters that may properly come before the special meeting or any adjournment or postponement of the special meeting.

Proposal No. 1: A proposal to approve the issuance of 193,600,000 shares of Ameritrade common stock (subject to adjustment for any stock dividends, stock splits or reclassifications) to The Toronto- Dominion Bank, or TD, and/or one or more of TD's affiliates, in accordance with the agreement of sale and purchase by and between TD and Ameritrade, which provides for the acquisition by Ameritrade of all of the capital stock of TD Waterhouse Group, Inc., or TD Waterhouse, a wholly owned subsidiary of TD.

2A a proposal to approve provisions restricting the authority of TD Ameritrade to implement anti-takeover measures that would potentially conflict with the terms of the stockholders agreement entered into in connection with the proposed acquisition of TD Waterhouse;

2B a proposal to approve the increase of the authorized number of shares of common stock, \$0.01 par value per share, of TD Ameritrade from 650,000,000 to 1,000,000,000;

2C a proposal to approve a provision which prohibits action by written consent of stockholders of TD Ameritrade;

Proposal No. 3: A proposal to approve an amendment and restatement of the Ameritrade Holding Corporation 1996 Long-Term Incentive Plan to reserve an additional 19,000,000 shares of Ameritrade common stock for future issuance under the 1996 Long-Term Incentive Plan. Subject to the approval of Proposal

No. 4 and the corresponding reduction in the 1998 Stock Option Plan share reserve will therefore result in no net additional shares being reserved for issuance.

Proposal No. 4: A proposal to approve an amendment and restatement of the Ameritrade Holding Corporation 1996 Directors Incentive Plan to reserve an additional 1,000,000 shares of Ameritrade common stock for future issuance under the 1996 Directors Incentive Plan.

Proposal No. 5: A proposal to adjourn the special meeting of stockholders to a later date or dates if necessary to permit further solicitation of proxies on all matters if there are not sufficient votes at the time of the special meeting to approve Proposal No. 1 relating to the issuance of Ameritrade common stock to TD or Proposal No. 2 relating to the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals.

The close of business on _____, 2005 has been fixed as the record date for determining those Ameritrade stockholders entitled to vote at the special meeting. Accordingly, only stockholders of record at the close of business on that date are entitled to notice of, and to vote at, the special meeting or any adjournment or postponement of the special meeting.

If Ameritrade stockholders wish to approve the acquisition of TD Waterhouse, they must approve Proposal No. 1 relating to the issuance of Ameritrade common stock to TD and Proposal No. 2 relating to the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals included in Proposal No. 2.

The Ameritrade board of directors recommends that you vote in favor of each of the above proposals (including each of the related sub-proposals under Proposal No. 2). Each member of our board of directors has advised us that he intends to vote all of the shares of Ameritrade common stock held, directly or indirectly, by him in favor of each of the above proposals and sub-proposals.

Your vote is very important. Whether or not you plan to attend the special meeting, please submit your proxy promptly by telephone or via the Internet in accordance with the instructions on the accompanying proxy card, or by completing, dating and returning your proxy card in the enclosed envelope. A failure to submit a proxy by telephone, via the Internet or by mail or to vote in person at the special meeting will have the same effect as a vote against the acquisition of TD Waterhouse.

QUESTIONS AND ANSWERS

QUESTIONS AND ANSWERS ABOUT THE SPECIAL MEETING AND RELATED MATTERS

Q1: What is the transaction?

A1: Ameritrade Holding Corporation, or Ameritrade, has entered into a definitive agreement of sale and purchase to acquire all of the capital stock of TD Waterhouse Group, Inc., or TD Waterhouse, from The Toronto-Dominion Bank, or TD. In this proxy statement, we refer to the agreement of sale and purchase as the share purchase agreement. In connection with the acquisition of all of the capital stock of TD Waterhouse:

Ameritrade will issue 193,600,000 shares of Ameritrade common stock to TD, and/or one or more of TD's affiliates, in accordance with the terms of the share purchase agreement and pay \$20,000 in cash in exchange for the outstanding capital stock of TD Waterhouse.

Ameritrade will change its name to TD Ameritrade Holding Corporation.

Ameritrade will pay a special cash dividend of \$6.00 per share to its stockholders, subject to Ameritrade obtaining adequate financing, and Ameritrade will adjust its outstanding equity awards to preserve the pre-dividend economic value of the awards. The special dividend is a condition to the completion of the transaction and we will pay it only if the transaction is completed.

Ameritrade will sell its Canadian brokerage business, Ameritrade Canada, Inc., to TD for \$60 million in cash, subject to certain adjustments.

Prior to the completion of the transaction, TD Waterhouse will complete (1) the distribution to TD of any excess capital of TD Waterhouse above a specified minimum capital level (which includes a cash amount equal to \$1.00 per share of Ameritrade common stock to be retained by TD Waterhouse to fund a portion of the special dividend) and (2) the transfer of all of its non-U.S. and non-brokerage businesses to TD, so that at the time of completion of the acquisition of TD Waterhouse, TD Waterhouse will retain only its U.S. retail securities brokerage business.

Ameritrade has entered into a new stockholders agreement with TD and Ameritrade's Chairman and Founder J. Joe Ricketts, his wife and certain trusts for the benefit of their family, collectively referred to in this proxy statement as the Ricketts holders, which contains various provisions relating to the governance of TD Ameritrade following the completion of the transaction, including board composition, stock ownership, transfers by TD and the Ricketts holders, voting and other matters, and Ameritrade is proposing to make certain changes to its certificate of incorporation and bylaws to give effect to and facilitate the provisions of the stockholders agreement.

Following the completion of the acquisition of TD Waterhouse:

TD will initially beneficially own approximately 32% of the outstanding voting securities of TD Ameritrade.

TD will commence a tender offer, at a price of not less than \$16 per share (on an ex-dividend basis), to increase its beneficial ownership of TD Ameritrade voting securities to 39.9%. J. Joe Ricketts may elect to participate as a co-bidder in the tender offer to increase his beneficial ownership of TD Ameritrade voting securities to up to 29%.

Subject to certain exceptions, none of TD, J. Joe Ricketts, so long as he is serving as a director of TD Ameritrade, or any of their respective affiliates may participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. (or, solely in the case of Mr. Ricketts and his affiliates, in Canada) to retail traders, individual investors and registered investment advisors.

Table of Contents

TD Ameritrade will be prohibited from participating in or owning any portion of a business that competes with TD in the securities brokerage industry in Canada, and from owning a bank or similar financial institution.

Q2: What am I being asked to vote on?

A2: You are being asked to vote to approve the issuance of 193,600,000 shares of Ameritrade common stock under the share purchase agreement between Ameritrade and TD.

You are also being asked to vote to approve the amendment and restatement of our certificate of incorporation, including each of the amendments to the certificate of incorporation listed below:

provisions restricting the authority of TD Ameritrade to implement anti-takeover measures that would potentially conflict with the terms of the stockholders agreement entered into in connection with the acquisition of TD Waterhouse;

an increase in the authorized number of shares of common stock, \$0.01 par value per share, of TD Ameritrade from 650,000,000 to 1,000,000,000;

a provision which prohibits action by written consent of stockholders of TD Ameritrade;

an increase in the size of our board of directors from nine members to twelve members for so long as the corporate governance provisions of the stockholders agreement entered into in connection with the proposed acquisition of TD Waterhouse remain in effect, and thereafter allowing the size of our board of directors to be determined by the board of directors;

a provision setting forth procedures for the nomination or appointment of outside independent directors to the TD Ameritrade board of directors and the maintenance of an outside independent directors committee and a non-TD directors committee; and

a provision which allocates corporate opportunities between TD Ameritrade and TD and which otherwise modifies the existing corporate opportunities provision of the certificate of incorporation.

We are also asking you to approve the amendment and restatement of our 1996 Long-Term Incentive Plan and our 1996 Directors Incentive Plan to reserve an additional 20,000,000 shares of Ameritrade common stock for future issuance under these plans. Subject to the approval of the proposed share reserve increase by our stockholders, the board of directors of Ameritrade has approved a corresponding reduction of 20,000,000 shares in the share reserve under Ameritrade's 1998 Stock Option Plan. The share reserve increase under our 1996 Long-Term Incentive Plan and our 1996 Directors Incentive Plan and the corresponding reduction in the 1998 Stock Option Plan share reserve will therefore result in no net additional shares being reserved for issuance.

Finally, you are being asked to vote on a proposal to adjourn the special meeting of stockholders to a later date or dates if necessary to permit further solicitation of proxies on all proposals if there are not sufficient votes at the time of the special meeting to approve the issuance of Ameritrade common stock to TD or the amendment and restatement of our certificate of incorporation, including each related sub-proposal.

Q3: Why is Ameritrade seeking stockholder approval of the amendment and restatement of its 1996 Long-Term Incentive Plan and its 1996 Directors Incentive Plan?

A3: The board of directors of Ameritrade has determined, contingent upon stockholder approval, to increase the share reserve under Ameritrade's 1996 Long-Term Incentive Plan by 19,000,000 shares and to increase the share reserve under Ameritrade's 1996 Directors Incentive Plan by 1,000,000 shares. This will help ensure that Ameritrade (1) has a reasonable number of shares available to grant incentive awards under the 1996 Long-Term Incentive Plan and the 1996 Directors Incentive Plan and (2) has the most flexibility with respect to the types of incentive awards which may be granted. Subject to the approval of the proposed share reserve increase by

Table of Contents

Ameritrade's stockholders, the board of directors of Ameritrade has also approved a corresponding reduction of 20,000,000 shares in the share reserve under Ameritrade's 1998 Stock Option Plan.

As a result of these changes, the share reserve increase of 19,000,000 shares under the 1996 Long-Term Incentive Plan and the share reserve increase of 1,000,000 shares under the 1996 Directors Incentive Plan will consist entirely of shares previously authorized for issuance under the 1998 Stock Option Plan. The share increase under the 1996 Long-Term Incentive Plan and the 1996 Directors Incentive Plan and the corresponding reduction in the 1998 Stock Option Plan share reserve will therefore result in no net additional shares being reserved for issuance under Ameritrade stock plans.

Q4: What vote of Ameritrade stockholders is required in connection with each of the proposals?

A4: A quorum, consisting of the holders of a majority of the issued and outstanding shares of Ameritrade common stock as of the record date of the special meeting, must be present in person or by proxy before any action may be taken at the special meeting. Abstentions will be treated as shares that are present for purposes of determining the presence of a quorum.

The affirmative vote of the holders of a majority of the shares of Ameritrade common stock present in person or represented by proxy and voting on the matter is required to approve the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement.

The affirmative vote of the holders of a majority of the outstanding shares of Ameritrade common stock entitled to vote at the special meeting is required to approve our amended and restated certificate of incorporation, including each of the related sub-proposals described in Q&A 2 above.

The affirmative vote of the holders of a majority of the shares of Ameritrade common stock present in person or represented by proxy and voting on the matter is required to approve each of the proposals related to the amended and restated stock plans and the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies on the issuance of Ameritrade common stock in accordance with the terms of the share purchase agreement or the amendment and restatement of our certificate of incorporation, including each related sub-proposal.

The completion of the acquisition of TD Waterhouse is conditioned upon the approval of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation (including each of the related sub-proposals). As a result, a vote against the proposal relating to the issuance of Ameritrade common stock to TD, the proposal relating to the amendment and restatement of our certificate of incorporation (or any of the related sub-proposals) will effectively be a vote against the acquisition of TD Waterhouse. The completion of the acquisition of TD Waterhouse is not conditioned upon the approval of the proposals relating to the amendment and restatement of our stock plans.

In connection with the acquisition of TD Waterhouse, the Ricketts holders, certain entities affiliated with TA Associates, or the TA holders, and certain entities affiliated with Silver Lake Partners, or the SLP holders, have agreed to vote their shares in favor of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals. As of September 2, 2005, the Ricketts holders, the TA holders and the SLP holders collectively owned approximately 34% of the outstanding shares of Ameritrade common stock.

Q5: Do I need to send in my stock certificates if the transaction is completed?

A5: No. You will not be required to exchange your certificates representing shares of Ameritrade common stock in connection with this transaction.

Table of Contents

Q6: What happens if I do not vote?

A6: The proposal to approve the amendment and restatement of our certificate of incorporation requires the affirmative vote of the holders of a majority of the outstanding shares of Ameritrade common stock. Because of this vote requirement and because the approval of this proposal is required to complete the acquisition of TD Waterhouse, failure to vote on the proposal to approve our amended and restated certificate of incorporation, including any of the related sub-proposals, is effectively a vote against the proposal and therefore a vote against the acquisition of TD Waterhouse.

The failure to vote on the proposals to approve the issuance of Ameritrade common stock to TD, the amendment and restatement of our 1996 Long-Term Incentive Plan and 1996 Directors Incentive Plan, and the adjournment of the special meeting if necessary to permit further solicitation of proxies will have no effect on the outcome of those proposals so long as there is a quorum present at the special meeting. However, the failure to vote on these proposals, by failing to either submit a proxy or attend the special meeting, may make it more difficult to establish a quorum at the special meeting.

Q7: What do I need to do now?

A7: After carefully reading and considering the information contained in this proxy statement, please submit your proxy by telephone or via the Internet in accordance with the instructions set forth in the enclosed proxy card, or fill out, sign and date the proxy card, and then mail your signed proxy card in the enclosed prepaid envelope as soon as possible so that your shares may be voted at the special meeting. See *The Special Meeting How to Vote Your Shares* beginning on page 36.

Q8: If my shares are held in street name by my broker, will my broker vote my shares for me?

A8: You should instruct your broker to vote your shares. If you do not instruct your broker, your broker will not have the authority to vote your shares for the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement, the amendment and restatement of our certificate of incorporation, including any of the related sub-proposals, the amendment and restatement of the 1996 Long-Term Incentive Plan and the 1996 Directors Incentive Plan.

Because of the vote requirements discussed in Q&A 4 and Q&A 6 above, broker non-votes, where the broker does not vote for or against a proposal, will have the same effect as votes cast against the proposal to approve the amendment and restatement of our certificate of incorporation (including the related sub-proposals) and, therefore, will have the same effect as votes against the acquisition of TD Waterhouse. However, broker non-votes will have no effect on the approval of the other proposals discussed in Q&A 4 and Q&A 6 above.

Please check with your broker and follow the voting procedures your broker provides. Your broker will advise you whether you may submit voting instructions by telephone or via the Internet. See *The Special Meeting Broker Non-Votes* and *The Special Meeting Quorum and Required Votes* beginning on pages 37 and 38, respectively.

Q9: May I change my vote after I have submitted a proxy by telephone or via the Internet or mailed my signed proxy card?

A9: Yes. You may change your vote at any time before your proxy is voted at the special meeting. You can do this in several ways. You can send a written notice stating that you want to revoke your proxy, or you can complete and submit a new proxy card. If you choose either of these methods, you must submit your notice of revocation or your new proxy card to the Corporate Secretary of Ameritrade (Ameritrade Holding Corporation, Attention: Corporate Secretary, 4211 S. 102nd Street, Omaha, NE 68127).

You can also change your vote by submitting a proxy at a later date by telephone or via the Internet, in which case your later-submitted proxy will be recorded and your earlier proxy revoked.

Table of Contents

You can also attend the special meeting and vote in person. Simply attending the special meeting, however, will not revoke your proxy; you must vote at the special meeting.

If you have instructed a broker to vote your shares, the preceding instructions do not apply, and you must follow the voting procedures received from your broker to change your vote.

Q10: If I want to attend the special meeting, what do I do?

A10: You should come to _____, at _____ local time, on _____, 2005. Stockholders of record as of the record date for the special meeting (_____, 2005) can vote in person at the special meeting. If your shares are held in street name, then you are not the stockholder of record and you must ask your broker, bank or other nominee holder how you can vote at the special meeting.

Q11: Who can help answer my additional questions about this transaction?

A11: If you have questions about this transaction, you should contact:

QUESTIONS AND ANSWERS ABOUT THE SPECIAL DIVIDEND

Q1: What is a special dividend?

A1: A dividend is a distribution by a company to its stockholders of cash, stock or property. A company's board of directors may from time to time declare a dividend, payable to stockholders quarterly, semiannually or annually, or on a one-time basis. A one-time or non-recurring dividend is commonly referred to as a special dividend.

Q2: What is the special dividend that was announced by Ameritrade on June 22, 2005 in connection with the acquisition of TD Waterhouse?

A2: The dividend Ameritrade announced on June 22, 2005 is a special cash dividend of \$6.00 per share that will be payable only if sufficient funds are available for the dividend and such declaration and payment is permitted by applicable law and if the acquisition of TD Waterhouse is completed. It is important to note that the Ameritrade board of directors has not yet declared the proposed special dividend. Please see Q&A 3 below regarding the declaration date. TD will effectively fund \$1.00 per share of the special dividend. Ameritrade will be required to borrow approximately \$1.6 to \$2.0 billion to fund the special dividend.

Q3: What dates are relevant to the receipt of the special dividend, when will those dates be determined and when will they occur for the special dividend?

A3: Whether a stockholder is entitled to the special dividend will depend on several significant dates determined in accordance with applicable rules of the Nasdaq National Market. These dates include the declaration date, the record date, the closing date, the payable date and the ex-dividend date. Each of these dates is described below.
Declaration date This is the date on which a board of directors (1) decides that the company will pay a dividend and (2) sets the record date and the payable date for the dividend.

Record date This is the date set by a company for the purpose of determining its stockholders of record and the stock outstanding on the record date. The dividend is paid only on stock outstanding on the record date. We expect that the record date for the special dividend will be a date at least 10 calendar days after the declaration date and approximately 10 business days before the expected closing date of the acquisition of TD Waterhouse.

Table of Contents

Closing date This is the date that the acquisition of TD Waterhouse will be completed.

Payable date This is the date that a company pays the dividend. Please note that the actual receipt of the dividend by stockholders entitled to the dividend may take several days following the payable date. We expect that the payable date for the special dividend will be on the closing date of the acquisition of TD Waterhouse or the first trading day after the closing date.

Ex-dividend date or ex-date This is the date on and after which the stock trades in the Nasdaq National Market or on a stock exchange without the right to receive the declared dividend. We expect that the ex-dividend date will be the first trading day after the payable date.

Please keep in mind that the special dividend is contingent on the completion of the proposed acquisition of TD Waterhouse.

Q4: Who is entitled to the special dividend?

A4: Because shares of Ameritrade common stock sold in the market after the record date and on or before the payable date include the right to receive the special dividend, if you purchase shares of Ameritrade common stock in the market on or before the payable date (whether or not you owned the shares on the record date) and hold those shares until after the market opens on the ex-dividend date, you will receive the special dividend on those shares. Accordingly,

If you sell shares of Ameritrade common stock in the market before the ex-dividend date (whether or not you owned the shares on the record date), you will not be entitled to the special dividend with respect to those shares.

If you buy shares of Ameritrade common stock in the market on or after the ex-dividend date, you will not be entitled to the special dividend with respect to those shares.

Your market trade does not need to settle by the payable date in order to receive the special dividend. Rather, if you buy shares of Ameritrade common stock in the market on or before the payable date and hold those shares until after the market opens on the ex-dividend date, you will receive the special dividend on those shares.

The treatment of shares subject to stock options granted by Ameritrade to its employees or directors is not addressed in this Q&A 4. See Q&A 6 below for questions and answers related to stock options granted by Ameritrade and held by Ameritrade employees or directors.

The special dividend is contingent on the closing of the acquisition of TD Waterhouse.

Q5: What happens to a company's stock price after a dividend is paid?

A5: In theory, and disregarding other events and conditions that may affect financial markets and the price of a company's stock, when a company pays a special dividend, its stock price declines on the ex-dividend date to reflect the payment of the dividend. However, we cannot predict whether our stock price will decline in such a manner.

Q6: Are holders of stock options and other equity awards granted by Ameritrade entitled to receive the dividend?

A6: Stock options held by Ameritrade employees or directors are not entitled to cash dividends because dividends are paid on shares of stock outstanding as of the record date. Shares of stock underlying stock options that have not been exercised are not outstanding on the record date and therefore would not be entitled to the proposed special dividend.

However, we believe it is appropriate that holders of outstanding equity awards be treated fairly with respect to the special dividend, and in accordance with the terms of our stock plans, we will adjust any outstanding equity awards under the plans to preserve the pre-dividend economic value of the awards after payment of the proposed special dividend.

Table of Contents

Q7: Will I owe taxes on the proposed special dividend?

A7: A portion of the special dividend will be treated as qualified dividend income to the extent paid out of Ameritrade's current or accumulated earnings and profits, as determined under the Internal Revenue Code of 1986, as amended, or the Code, for the calendar year in which the special dividend is paid. The portion of the special dividend that will be taxable as qualified dividend income will not be determined until after December 31 of the year in which the special dividend is paid. With the assumption that current market conditions continue through the end of calendar year 2005, and that the special dividend is paid by December 31, 2005, based on preliminary estimates of Ameritrade's earnings and profits for tax purposes, it is anticipated that between approximately 25% to 30% of the special dividend received by each holder of Ameritrade common stock will be treated as qualified dividend income for United States federal income tax purposes. The portion of the special dividend that will be taxable as qualified dividend income may be more or less than these estimated percentages, depending on the actual results of Ameritrade's operations through the close of the 2005 calendar year, if the special dividend is paid in 2005, or the 2006 calendar year, if the special dividend is paid in 2006. Any portion of the special dividend in excess of each holder's pro rata share of Ameritrade's earnings and profits will be treated first as a tax-free return of capital up to each holder's basis in its shares of Ameritrade common stock, with any remainder treated as a capital gain. A non-corporate United States holder of Ameritrade common stock may be eligible to be taxed at a 15% (or lower) federal income tax rate on any portion of the special dividend constituting qualified dividend income for United States federal income tax purposes, provided that a minimum holding period and other requirements are satisfied. The 15% (or lower) tax rate for qualified dividend income is available only if the shares of Ameritrade common stock have been held for at least 61 days during the 121-day period beginning 60 days before the ex-dividend date.

Non-United States holders of Ameritrade common stock will generally be subject to withholding on the gross amount of the special dividend at a rate of 30% or such lower rate as may be specified by an applicable income tax treaty.

Because individual tax circumstances vary, you should consult your own tax advisor as it relates to your particular tax situation.

QUESTIONS AND ANSWERS ABOUT THE TENDER OFFER

Q1: What is the tender offer?

A1: Following the closing of the acquisition of TD Waterhouse, TD will initially beneficially own approximately 32% of the outstanding voting securities of TD Ameritrade. Following the closing of the acquisition of TD Waterhouse, TD will commence a tender offer, at a price of no less than \$16 per share (on an ex-dividend basis) to increase its beneficial ownership of TD Ameritrade voting securities to 39.9%. J. Joe Ricketts may elect to participate as a co-bidder in the tender offer to increase his beneficial ownership to up to 29% of TD Ameritrade voting securities. TD will not be obligated to offer to pay more than \$16 per share. Following the closing of the acquisition of TD Waterhouse, TD and J. Joe Ricketts, if he elects to participate as a co-bidder in the tender offer, will provide TD Ameritrade stockholders with additional information regarding the tender offer.

Q2: Can TD change the price per share of the tender offer?

A2: The tender offer is subject to a minimum price per share of \$16. However, TD may, at its discretion, increase the price per share that it offers.

Table of Contents

Q3: Will TD buy all shares that are tendered?

A3: The tender offer will not be subject to any minimum condition on the number of shares tendered. Subject to the other conditions of the tender offer being satisfied and the proration described in the following sentence, TD will purchase any shares that are tendered even if the number of shares tendered is less than the number TD offers to buy. If the number of shares of TD Ameritrade common stock tendered is greater than the number TD offers to buy, TD will purchase the shares pro rata, which means that a stockholder who accepts the offer will have only a portion of such stockholder's shares bought by TD.

*This summary highlights selected information from this proxy statement. It does not contain all of the information that may be important to you. The Transaction (see page 40)

Ameritrade and TD entered into an agreement of sale and purchase, which provides for the acquisition by Ameritrade of the U.S. retail securities brokerage business of TD Waterhouse from TD, which will result in a combined company named TD Ameritrade Holding Corporation, or TD Ameritrade. We refer to the agreement of sale and purchase as the *share purchase agreement* in this proxy statement. In this transaction, Ameritrade will issue 193,600,000 shares of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and pay TD \$20,000 in cash in exchange for the outstanding capital stock of TD Waterhouse. Following the completion of the transaction, TD will initially beneficially own approximately 32% of the outstanding voting securities of TD Ameritrade. In connection with the transaction, we will pay a special cash dividend of \$6.00 per share to our stockholders, subject to Ameritrade obtaining adequate financing. The special dividend is a condition to the completion of the transaction and we will pay it only if the transaction is completed. TD will effectively fund \$1.00 per share of the special dividend. Ameritrade will be required to borrow approximately \$1.6 to \$2.0 billion to fund the special dividend.

Prior to the completion of the transaction, TD Waterhouse will complete the transfer of all of its non-U.S. and non-brokerage businesses to TD and retain only its U.S. retail securities brokerage business. TD Waterhouse will also distribute to TD any excess capital of TD Waterhouse above a specified minimum capital level (which includes a cash amount equal to \$1.00 per Ameritrade share to be retained by TD Waterhouse to fund a portion of the special dividend).

In connection with entering into the share purchase agreement, Ameritrade also entered into a stockholders agreement with TD and the Ricketts holders, which contains various provisions relating to the governance of TD Ameritrade following the completion of the transaction, including board composition, stock ownership, transfers by TD and the Ricketts holders, voting and other matters, and Ameritrade is proposing to make certain changes to its certificate of incorporation and bylaws to give effect to and facilitate the provisions of the stockholders agreement. See *Certain Agreements Related to the Acquisition of TD Waterhouse* *Stockholders Agreement* beginning on page 91 for a further discussion of the stockholders agreement.

Ameritrade and several of its stockholders, including the Ricketts holders, have also entered into a voting agreement and an amended and restated registration rights agreement. Each Ameritrade stockholder who signed the voting agreement agreed to vote their shares of Ameritrade common stock in favor of the proposals to issue Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, and against competing proposals, subject to certain exceptions. Under the terms of the amended and restated registration rights agreement, the Ricketts holders and certain other existing Ameritrade stockholders will continue to be entitled to require, and TD will become entitled to require, TD Ameritrade to register their securities of TD Ameritrade under applicable securities laws.

Ameritrade and TD also entered into a trademark license agreement and have agreed to enter into a services agreement and a money market deposit account agreement. The trademark license agreement

Table of Contents

generally requires Ameritrade to use the TD trademark and logo as part of Ameritrade's corporate identity, TD Ameritrade, following the completion of the acquisition of TD Waterhouse. The money market deposit account agreement provides for the availability of money market deposit accounts to TD Ameritrade clients, and the services agreement provides for the availability of money market funds to TD Ameritrade clients. See Certain Agreements Related to the Acquisition of TD Waterhouse beginning on page 90 for a further discussion of these agreements.

Ameritrade has also agreed, under the terms of an agreement of sale and purchase among Ameritrade, Datek Online Holdings Corp., TD and TD Waterhouse Canada Inc., dated June 22, 2005, or the Canadian purchase agreement, to sell all of the capital stock of Ameritrade Canada, Inc. to TD Waterhouse Canada Inc. in exchange for \$60 million in cash, subject to certain adjustments.

Following the completion of the acquisition of TD Waterhouse, TD will commence a tender offer, at a price of not less than \$16 per share (on an ex-dividend basis), to increase its beneficial ownership of TD Ameritrade voting securities to 39.9%. J. Joe Ricketts may elect to participate as a co-bidder in the tender offer to increase his beneficial ownership of TD Ameritrade voting securities to up to 29%.

Subject to certain exceptions described in further detail in Certain Agreements Related to the Acquisition of TD Waterhouse Stockholders Agreement Non-Competition Covenants (beginning on page 95) none of J. Joe Ricketts, so long as he is serving as a director of TD Ameritrade, TD or any of their respective affiliates may participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. (or, solely in the case of Mr. Ricketts and his affiliates, in Canada) to retail traders, individual investors and registered investment advisors. If TD acquires indirectly such a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to TD Ameritrade at its appraised fair value as determined in accordance with the terms of the stockholders agreement entered into in connection with the proposed acquisition of TD Waterhouse. If TD Ameritrade decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years. In addition, TD Ameritrade will be prohibited from participating in or owning any portion of a business that competes with TD in the securities brokerage industry in Canada, and from owning a bank or similar financial institution.

Adoption of the Proposed Amendments to Ameritrade Stock Plans (see pages 108 and 114)

The board of directors believes that Ameritrade must offer a competitive equity incentive program if it is to continue to successfully attract and retain the best possible candidates for positions of responsibility within Ameritrade. The board of directors expects that the 1996 Long-Term Incentive Plan and the 1996 Directors Incentive Plan will continue to be important factors in attracting, retaining and rewarding the high caliber employees and independent directors essential to our success and in motivating these individuals to strive to enhance our growth and profitability.

The board of directors of Ameritrade has determined, contingent upon stockholder approval, to increase the share reserve under Ameritrade's 1996 Long-Term Incentive Plan by 19,000,000 shares and to increase the share reserve under Ameritrade's 1996 Directors Incentive Plan by 1,000,000 shares. This will help ensure that Ameritrade (1) has a reasonable number of shares available to grant incentive awards under the 1996 Long-Term Incentive Plan and the 1996 Directors Incentive Plan and (2) has the most flexibility with respect to the types of incentive awards which may be granted. Subject to the approval of the proposed increases to the share reserves under the two 1996 stock plans by Ameritrade's stockholders, the board of directors of Ameritrade has also approved a corresponding reduction of 20,000,000 shares in the share reserve under Ameritrade's 1998 Stock Option Plan. The share increase under the two 1996 plans and the corresponding reduction in the 1998 plan share reserve will result in no net additional shares being reserved for issuance under Ameritrade stock plans.

Material U.S. Federal Income Tax Consequences of the Acquisition of TD Waterhouse to Holders of Ameritrade Common Stock (see page 62)

Ameritrade's purchase of all of the capital stock of TD Waterhouse and sale of all of the capital stock of Ameritrade Canada will not result in the recognition of gain or loss by holders of Ameritrade common stock.

A portion of the special dividend will be treated as qualified dividend income to the extent paid out of Ameritrade's current or accumulated earnings and profits, as determined under the Code, for the calendar year in which the special dividend is paid. The portion of the special dividend that will be taxable as qualified dividend income will not be determined until after December 31 of the year in which the special dividend is paid. With the assumption that current market conditions continue through the end of calendar year 2005, and that the special dividend is paid by December 31, 2005, based on preliminary estimates of Ameritrade's earnings and profits for tax purposes, it is anticipated that between approximately 25% to 30% of the special dividend received by each holder of Ameritrade common stock will be treated as qualified dividend income for United States federal income tax purposes. The portion of the special dividend that will be taxable as qualified dividend income may be more or less than these estimated percentages, depending on the actual results of Ameritrade's operations through the close of the 2005 calendar year, if the special dividend is paid in 2005, or the 2006 calendar year, if the special dividend is paid in 2006. Any portion of the special dividend in excess of each holder's pro rata share of Ameritrade's earnings and profits will be treated first as a tax-free return of capital up to each holder's basis in its shares of Ameritrade common stock, with any remainder treated as a capital gain.

A non-corporate United States holder of Ameritrade common stock may be eligible to be taxed at a 15% (or lower) federal income tax rate on any portion of the special dividend constituting qualified dividend income for United States federal income tax purposes, provided that a minimum holding period and other requirements are satisfied. The 15% (or lower) tax rate for qualified dividend income is available only if the shares of Ameritrade common stock have been held for at least 61 days during the 121-day period beginning 60 days before the ex-dividend date.

Non-United States holders of Ameritrade common stock will generally be subject to withholding on the gross amount of the special dividend at a rate of 30% or such lower rate as may be specified by an applicable income tax treaty.

Because individual tax circumstances vary, you should consult your own tax advisor as it relates to your particular tax situation.

Ameritrade's Financial Advisor has Delivered an Opinion that, as of June 22, 2005, the Consideration to be Paid by Ameritrade in the Acquisition of TD Waterhouse was Fair, from a Financial Point of View, to Ameritrade (see page 50)

In deciding to approve the acquisition of TD Waterhouse, Ameritrade's board of directors and a special committee of the board, which was formed to review, investigate and analyze a possible transaction with TD and other strategic alternatives, considered the oral opinion of Citigroup Global Markets Inc., which we refer to in this proxy statement as Citigroup, delivered on June 22, 2005, which was subsequently confirmed in writing, that, as of that date and based upon and subject to the assumptions, limitations and considerations set forth in the opinion, the consideration to be paid by Ameritrade in the acquisition of TD Waterhouse was fair, from a financial point of view, to Ameritrade. The written opinion of Citigroup is attached as Appendix B to this proxy statement. We urge Ameritrade stockholders to read the Citigroup opinion carefully and in its entirety. Citigroup's opinion was provided for the information of the Ameritrade board of directors and its special committee in their evaluation of the proposed acquisition of TD Waterhouse and was limited solely to the fairness from a financial point of view as of the date of the opinion of the consideration to be paid by Ameritrade in the acquisition of TD Waterhouse. Citigroup's opinion did not constitute a recommendation of the acquisition of TD Waterhouse to the Ameritrade board of directors or its special committee and Citigroup makes no recommendation to any stockholder regarding how such stockholder should vote or act on any matters relating to the acquisition of

Table of Contents

TD Waterhouse, including whether any stockholder should tender shares of Ameritrade common stock in the tender offer to be made by TD following consummation of the acquisition of TD Waterhouse and in which J. Joe Ricketts may participate as a co-bidder.

Ameritrade Executive Officers and Directors have Financial and Other Interests in the Transaction that may be Different from or in Addition to Your Interests (see page 60)

When you consider our board of directors' recommendation to vote in favor of the proposals presented in this proxy statement, you should be aware that some of Ameritrade's executive officers and directors have interests in the acquisition of TD Waterhouse that may be different from, or in addition to, the interests of other Ameritrade stockholders.

We expect that Mr. Moglia will continue to serve as Chief Executive Officer of TD Ameritrade and that J. Joe Ricketts will continue to serve as Chairman of TD Ameritrade. Ameritrade is currently negotiating a new employment agreement with Mr. Moglia with respect to his continued employment. In addition, Ameritrade may negotiate and enter into, prior to the closing, and after consultation with TD, new or amended employment agreements with other executive officers.

In connection with the acquisition of TD Waterhouse, directors and executive officers of Ameritrade, who beneficially own approximately 125,509,352 shares of Ameritrade common stock as of September 2, 2005 will receive an aggregate of approximately \$753.1 million as a result of the payment of proposed special dividend of \$6.00 per share assuming the timely exercise of all vested options. The beneficial ownership of directors and executive officers of Ameritrade includes options to purchase 15,011,909 shares of Ameritrade common stock exercisable within 60 days of September 2, 2005. In particular, based on J. Joe Ricketts's beneficial ownership of Ameritrade common stock as of September 2, 2005, Mr. Ricketts will receive approximately \$535.9 million as a result of the payment of the proposed special dividend, assuming timely exercise of all vested options.

In connection with the proposed special dividend, Ameritrade will adjust outstanding equity awards under its stock option plans to preserve the pre-dividend economic value of the award after payment of the special dividend. As of September 2, 2005, directors and executive officers of Ameritrade collectively held options (vested and unvested) to purchase 16,414,002 shares of common stock. These options will be adjusted unless exercised prior to the ex-dividend date.

In addition, under the terms of the stockholders agreement entered into in connection with the proposed acquisition of TD Waterhouse, the Ricketts holders will have, among other things, specified rights relating to board representation and the ability to acquire additional TD Ameritrade securities to maintain their ownership position. In particular, the Ricketts holders may designate three directors for election, following the closing of the acquisition of TD Waterhouse, and may participate in a tender offer with TD, such that upon completion of the tender offer, the Ricketts holders may beneficially own up to 29% of the outstanding voting securities of TD Ameritrade. The Ricketts holders also have the right to approve candidates for the outside independent director positions on the TD Ameritrade board of directors. See "Certain Agreements Related to the Acquisition of TD Waterhouse - Stockholders Agreement" beginning on page 91. As of September 2, 2005, the Ricketts holders collectively owned approximately 26% of the outstanding shares of Ameritrade common stock.

Further, pursuant to the terms of the amended and restated registration rights agreement, the Ricketts holders and other Ameritrade directors or their affiliates will continue to be entitled to require TD Ameritrade to register their securities of TD Ameritrade under applicable securities laws. See "Certain Agreements Related to the Acquisition of TD Waterhouse - Amended and Restated Registration Rights Agreement" beginning on page 96.

The Ameritrade board of directors was aware of these interests when it approved the issuance of Ameritrade common stock in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation and determined that the transactions contemplated by the share purchase agreement were fair to, and in the best interests of, Ameritrade and its stockholders.

Following the transaction, the TD Ameritrade board of directors will consist of twelve members, five of whom will be designated by TD, three of whom will be designated by the Ricketts holders, one of whom will be the chief executive officer of TD Ameritrade, and three of whom will be outside independent directors, who will initially be designated from among Ameritrade's current independent directors (or will

Table of Contents

be new directors designated by those existing independent directors, subject to the consent of TD and the Ricketts holders) and thereafter will be designated by the existing outside independent directors of TD Ameritrade, subject to the consent of TD and the Ricketts holders. The initial designees of the Ricketts holders will be J. Joe Ricketts, J. Peter Ricketts and Thomas S. Ricketts, each of whom is currently a member of the Ameritrade board of directors. The right of each of TD and the Ricketts holders to designate directors is subject to their maintenance of specified ownership thresholds of TD Ameritrade common stock. The TD Ameritrade board of directors will continue to be classified into three classes, with each class serving staggered, three-year terms. TD and the Ricketts holders have agreed to vote their shares to maintain these directors. Following the completion of the acquisition of TD Waterhouse, we expect that TD Ameritrade will qualify as a controlled company for purposes of NASD Rule 4350(c) and, as such, will be exempt from specified director independence requirements of The Nasdaq Stock Market that would otherwise be applicable to Ameritrade. See *The Transaction Directors and Management Following the Acquisition of TD Waterhouse* beginning on page 61.

In addition, it is expected that Joseph H. Moglia will continue as the Chief Executive Officer of TD Ameritrade, J. Joe Ricketts will continue as the Chairman of TD Ameritrade and W. Edmund Clark, the President and Chief Executive Officer of TD, will serve as Vice Chairman of the TD Ameritrade board of directors.

The following additional proposals will also be voted on at the special meeting:

A proposal to adjourn the special meeting of stockholders to a later date or dates if necessary to permit further solicitation of proxies on all proposals if there are not sufficient votes at the time of the special meeting to approve the proposals relating to the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement or the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals.

Approval of these additional proposals is not a condition to the completion of the acquisition of TD Waterhouse.

At the special meeting, Ameritrade stockholders will also be asked to consider and vote on any other matters that may properly come before the special meeting or any adjournment or postponement of the special meeting.

Record Date; Shares Entitled to Vote. Ameritrade has fixed the close of business on _____, 2005 as the record date for the determination of holders of Ameritrade common stock entitled to notice of and to vote at the special meeting and any adjournment or postponement of the special meeting. At the close of business on the record date for the special meeting, there were _____ shares of Ameritrade common stock outstanding and entitled to vote. Each share of Ameritrade common stock entitles its holder to one vote at the special meeting on all matters properly presented at the meeting.

Required Votes. The affirmative vote of the holders of a majority of the outstanding shares of Ameritrade common stock entitled to vote at the special meeting is necessary to approve the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals. The affirmative vote of the holders of a majority of the shares present in person or represented by proxy and voting on the applicable matter is necessary to approve the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement, the amended and restated stock plans and the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies. **The approval of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the approval of the amendment and restatement of our certificate of incorporation (including each of the related sub-proposals) are conditions to the completion of the acquisition of TD Waterhouse.**

The Ameritrade board of directors has unanimously determined that the acquisition of TD Waterhouse is fair to and in the best interests of Ameritrade and its stockholders and has declared advisable the share purchase agreement and the transactions contemplated by the share purchase agreement. The Ameritrade board of directors also has unanimously approved the amendment and restatement of our certificate of incorporation. The board of directors has approved the amended and restated stock plans.

In connection with the acquisition of TD Waterhouse, the Ricketts holders, the TA holders, and the SLP holders have agreed to vote their shares in favor of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals. As of September 2, 2005, the

Table of Contents

Ricketts holders, the TA holders and the SLP holders collectively owned approximately 34% of the outstanding shares of Ameritrade common stock.

The Ameritrade board of directors unanimously recommends that you vote *FOR* approval of the proposed issuance of Ameritrade common stock to TD, the proposed amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, the amendment and restatement of our stock plans and the adjournment of the special meeting if necessary to permit further solicitation of proxies. The Share Purchase Agreement (see page 69)

The share purchase agreement is described beginning on page 69 and is attached as Appendix A to this proxy statement. We urge you to read the share purchase agreement in its entirety because this document is the legal document governing the proposed acquisition of TD Waterhouse.

Consideration to be Paid in the Transaction. Upon the terms and conditions contained in the share purchase agreement, Ameritrade will purchase from TD all of the capital stock of TD Waterhouse in exchange for 193,600,000 shares of Ameritrade common stock and \$20,000 in cash. Immediately after the completion of the transaction, TD will beneficially own approximately 32% of the outstanding voting securities of TD Ameritrade.

Closing Date Capital Adjustment. The share purchase agreement contains a closing date capital adjustment mechanism that is designed to ensure that a specified level of tangible value will be contributed to the combined entity by both TD Waterhouse and Ameritrade upon the closing of the transaction. Under the closing date capital adjustment, Ameritrade may be required to pay TD additional consideration in the event the closing date net tangible book value of Ameritrade is below a specified level or the closing date net tangible book value of TD Waterhouse is above a specified level. Similarly, TD may be required to make capital contributions to Ameritrade in the event the closing date net tangible book value of TD Waterhouse is below a specified level or the closing date net tangible book value of Ameritrade is above a specified level.

Reorganization. Prior to the consummation of the transactions contemplated by the share purchase agreement, TD Waterhouse will complete the transfer of all of its non-U.S. and non-brokerage businesses to TD, so that at the time of completion of the acquisition of TD Waterhouse, TD Waterhouse will retain only its U.S. retail securities brokerage business, and TD Waterhouse will also distribute to TD any excess capital of TD Waterhouse above a specified minimum capital level (which will include a cash amount equal to \$1.00 per share of Ameritrade common stock to be retained by TD Waterhouse to fund a portion of the special dividend). We refer to these transactions collectively as the Reorganization in this proxy statement.

Sale of Ameritrade Canada. In connection with the consummation of the transactions contemplated by the share purchase agreement, Ameritrade has also agreed to sell all of the capital stock of Ameritrade Canada, Inc. to TD Waterhouse Canada Inc. in exchange for \$60 million in cash, subject to certain adjustments. See Certain Agreements Related to the Acquisition of TD Waterhouse Ameritrade Canada Purchase Agreement beginning on page 97.

The Special Dividend. Under the terms of the share purchase agreement, the Ameritrade board of directors will declare a special dividend of \$6.00 per share if sufficient funds are available for the dividend and such declaration and payment is permitted by applicable law, which will be payable only if the acquisition of TD Waterhouse is completed. The Ameritrade board will declare the special dividend prior to the closing date of the acquisition of TD Waterhouse, and the special dividend will have a record date prior to the closing date. It is a condition to Ameritrade's and TD's obligations to consummate the acquisition of TD Waterhouse that Ameritrade (1) has available to it sufficient funds, and is permitted under applicable law, to pay the special dividend, and (2) has duly declared the special dividend. TD will effectively fund \$1.00 per share of the special dividend by means of its agreement to cause TD Waterhouse to be capitalized as of the record date for the special dividend with cash in an amount at

Table of Contents

least equal to the product of \$1.00 multiplied by the number of outstanding shares of Ameritrade common stock as of a date that is within three business days of the record date, and to cause TD Waterhouse to maintain this minimum capitalization until the closing.

Completion of the Acquisition of TD Waterhouse is Subject to Conditions. The respective obligations of each of Ameritrade and TD to consummate the acquisition of TD Waterhouse are subject to the satisfaction or waiver of the following conditions:

receipt of the required approval of the Ameritrade stockholders of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals;

the receipt and continued effectiveness of required regulatory approvals;

the absence of any injunction or other legal restraint or prohibition against the acquisition of TD Waterhouse or the consummation of the other transactions contemplated by the share purchase agreement;

the completion of the Reorganization; and

as described above, the availability of sufficient funds, and the ability under applicable law, to pay the special dividend and the declaration of the special dividend.

Ameritrade's obligation to consummate the acquisition of TD Waterhouse is subject to the satisfaction or waiver of the following conditions:

the accuracy of the representations and warranties of TD as of the date of the share purchase agreement and as of the closing date, other than, in most cases, those failures to be true and correct that would not result or reasonably be expected to result, individually or in the aggregate, in a material adverse effect on TD Waterhouse;

performance in all material respects by TD of the obligations required to be performed by it at or prior to the closing date;

each of the stockholders agreement, the trademark license agreement, the services agreement and the money market deposit account agreement being in full force and effect and the representations and warranties of TD in each such agreement being true and correct in all material respects and TD having performed in all material respects all obligations required to be performed by it thereunder, if any, at or prior to the closing date; and

receipt of a copy of the resolutions duly adopted by the board of directors (or a duly authorized committee thereof) of TD authorizing the execution, delivery and performance by TD of the share purchase agreement.

TD's obligation to consummate the sale of TD Waterhouse is subject to the satisfaction or waiver of the following conditions:

the accuracy of the representations and warranties of Ameritrade as of the date of the share purchase agreement and as of the closing date, other than, in most cases, those failures to be true and correct that would not result or reasonably be expected to result, individually or in the aggregate, in a material adverse effect on Ameritrade;

performance in all material respects by Ameritrade of the obligations required to be performed by it at or prior to the closing date;

each of the stockholders agreement, the amended and restated registration rights agreement, the trademark license agreement, the services agreement and the money market deposit account agreement being in full force and effect and the representations and warranties of Ameritrade in each such agreement being true and correct in all material respects and Ameritrade having

Table of Contents

performed in all material respects all obligations required to be performed by it thereunder, if any, at or prior to the closing date;

all necessary actions having been taken, including the execution, acknowledgement and filing of the amended and restated certificate of incorporation with the Secretary of State of the State of Delaware, such that, as of the closing, (1) the amended bylaws of Ameritrade as required by the share purchase agreement and the amended and restated certificate of incorporation are in effect as the duly adopted bylaws and certificate of incorporation of Ameritrade, and (2) the Ameritrade board of directors is constituted in accordance with the terms of the stockholders agreement; and

receipt of a copy of the resolutions duly adopted by the board of directors (or a duly authorized committee thereof) of Ameritrade authorizing the execution, delivery and performance by Ameritrade of the share purchase agreement.

The Share Purchase Agreement May Be Terminated under Certain Circumstances. The share purchase agreement may be terminated at any time prior to the closing, by action taken or authorized by the board of directors of the terminating party or parties, whether before or after approval of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation by the Ameritrade stockholders, in any of the following ways:

by mutual written consent of Ameritrade and TD;

by either Ameritrade or TD if:

any governmental entity which must grant a required regulatory approval required to complete the acquisition of TD Waterhouse has denied such approval and this denial has become final and nonappealable or a governmental entity has issued a final nonappealable order prohibiting the consummation of the transactions contemplated by the share purchase agreement;

the closing has not occurred on or before March 31, 2006, except that (1) neither TD nor Ameritrade may terminate the share purchase agreement for this reason if its breach of any obligation under the share purchase agreement has resulted in the failure of the closing to occur by that date and (2) TD may not terminate the share purchase agreement for this reason if as of March 31, 2006 the Reorganization has not been completed but all of the other closing conditions have been satisfied or waived on or prior to such date;

there is a breach by the other party of the share purchase agreement which would prevent satisfaction of a closing condition and the breach cannot be cured prior to the closing or is not cured prior to 30 days after receipt of written notice of the breach, but neither Ameritrade nor TD may terminate the share purchase agreement for this reason if it is then in material breach of the share purchase agreement; or

the stockholders of Ameritrade fail to give the necessary approval of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement or the amendment and restatement of our certificate of incorporation (including each of the related sub-proposals) at the Ameritrade special meeting; by TD, if Ameritrade shall have breached its obligations in any material respect with respect to calling and giving notice of, and using all reasonable efforts to convene and hold, the Ameritrade special meeting, and shall not have cured such breach within five business days following written notice from TD of the breach; and

by TD, if any of the following events occur:

Ameritrade's board of directors, or any committee thereof, has publicly withdrawn, modified or qualified in any manner adverse to TD its recommendation of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement or the

Table of Contents

amendment and restatement of our certificate of incorporation (or any of the related sub-proposals) or has adopted a resolution to do so;

Ameritrade's board of directors fails to make or reaffirm (publicly, if so requested) its recommendation in favor of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement or the amendment and restatement of our certificate of incorporation (including each of the related sub-proposals) within five business days after TD requests in writing that such recommendation be made or reaffirmed (except that the five business day time period may be extended if a third party has made an acquisition proposal with respect to Ameritrade);

Ameritrade's board of directors or any committee thereof approves or publicly recommends any acquisition proposal with respect to Ameritrade;

Ameritrade executes any agreement or contract accepting any acquisition proposal with respect to Ameritrade; or

A third party commences a tender or exchange offer relating to securities of Ameritrade and Ameritrade does not inform its security holders within ten business days after such commencement that the Ameritrade board of directors unconditionally recommends rejection of such tender or exchange offer.

Ameritrade May Be Required to Pay a Termination Fee Under Some Circumstances. If the share purchase agreement is terminated under specified circumstances, including circumstances involving a change in recommendation by Ameritrade's board of directors, Ameritrade will be required to pay TD a termination fee of \$97 million. The termination fee could discourage other companies from seeking to acquire or merge with Ameritrade.

The Voting Agreement (see page 90)

In connection with the execution of the share purchase agreement, the Ricketts holders, the TA holders, the SLP holders and TD entered into a voting agreement pursuant to which, among other things, the parties to the voting agreement agreed, solely in their capacity as stockholders, to vote their shares of Ameritrade common stock in favor of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation (including each of the related sub-proposals) and against competing proposals, unless Ameritrade has effected a change in recommendation with respect to the proposed acquisition of TD Waterhouse as permitted under the share purchase agreement.

The Stockholders Agreement (see page 91)

Concurrently with entering into the share purchase agreement, Ameritrade, the Ricketts holders and TD entered into a stockholders agreement. The stockholders agreement contains certain governance arrangements and various provisions relating to board composition, stock ownership, transfers by TD and the Ricketts holders, voting and other matters. The stockholders agreement is included as Appendix F to this proxy statement, and we urge you to read it in its entirety.

Governance of TD Ameritrade. The stockholders agreement provides that following consummation of the acquisition of TD Waterhouse, the board of directors of TD Ameritrade will consist of twelve members, five of whom will be designated by TD, three of whom will be designated by the Ricketts holders, one of whom will be the chief executive officer of TD Ameritrade, and three of whom will be outside independent directors, who will initially be designated from among Ameritrade's current independent directors (or will be new directors designated by those existing independent directors, subject to the consent of TD and the Ricketts holders) and thereafter will be designated by the existing outside independent directors of TD Ameritrade, subject to the consent of TD and the Ricketts holders. Following the completion of the acquisition of TD Waterhouse, the number of directors designated by TD and the Ricketts holders will depend on their maintenance of specified ownership thresholds of TD Ameritrade

Table of Contents

common stock and may increase or decrease from time to time based on those ownership thresholds, but will never exceed five (in the case of TD) or three (in the case of the Ricketts holders). The TD Ameritrade board of directors will continue to be classified into three classes, with each class serving staggered three-year terms. Subject to applicable laws and certain conditions, TD Ameritrade will cause each committee of its board of directors (other than the outside independent director committee and a committee of the board of directors comprised solely of all directors who are not TD directors) to initially consist of two of the directors designated by TD, one of the directors designated by the Ricketts holders, and two of the outside independent directors. These levels of committee representation are subject to adjustment from time to time based on TD's and the Ricketts holders' maintenance of specified ownership thresholds. The parties to the stockholders agreement each agreed to vote their shares of TD Ameritrade common stock in favor of, and TD Ameritrade agreed that it would solicit votes in favor of, each director nominated for election in the manner provided for in the stockholders agreement.

Tender Offer and Share Ownership. The stockholders agreement provides that following consummation of the acquisition of TD Waterhouse, TD (and J. Joe Ricketts, if he elects to participate as a co-bidder) will commence a cash tender offer pursuant to which TD will offer to purchase a number of shares of TD Ameritrade common stock such that, upon successful completion of the offer, TD will beneficially own 39.9% of the outstanding voting securities of TD Ameritrade. If J. Joe Ricketts elects to participate in the tender offer, he may offer to purchase up to the number of shares of TD Ameritrade common stock such that, upon successful completion of the tender offer, the Ricketts holders collectively own 29% of the outstanding voting securities of TD Ameritrade. The offer price will be no less than \$16 per share and the offer will not be subject to any minimum condition on the number of shares tendered. The stockholders agreement further provides that following the acquisition of TD Waterhouse and the completion of the tender offer, TD may acquire additional shares of TD Ameritrade common stock only up to an aggregate beneficial ownership interest of 39.9% of the outstanding voting securities of TD Ameritrade for a period of three years following completion of the acquisition of TD Waterhouse, and up to an aggregate beneficial ownership of 45% for the remaining term of the stockholders agreement, and the Ricketts holders may acquire additional shares of TD Ameritrade common stock only up to an aggregate ownership interest of 29% of the outstanding TD Ameritrade common stock. The stockholders agreement also provides that TD will not, subject to certain exceptions, solicit proxies with respect to TD Ameritrade common stock. Despite the limitations on TD's ownership described above, the stockholders agreement permits TD to make a non-public proposal to the TD Ameritrade board of directors to acquire additional shares pursuant to a tender offer or merger for 100% of the outstanding voting securities of TD Ameritrade and to complete such a transaction, subject to the approval of independent directors and holders of a majority of the outstanding shares of TD Ameritrade common stock not affiliated with TD.

Right to Purchase Securities. In addition, TD and the Ricketts holders will have the right to purchase up to their respective proportionate share of future issuances of TD Ameritrade common stock, other than in connection with TD Ameritrade stock issued as consideration in an acquisition by TD Ameritrade and certain other issuances specified in the stockholders agreement. If TD Ameritrade proposes to issue shares as consideration in an acquisition, TD Ameritrade will discuss in good faith with TD and the Ricketts holders alternative structures in which a portion of such shares would be sold to TD or the Ricketts holders, with the proceeds of such sale used to fund the acquisition.

The stockholders agreement further provides that if TD Ameritrade engages in discussions with a third party that could result in the acquisition by such party of 25% of the voting securities or consolidated assets of TD Ameritrade, TD Ameritrade must offer TD the opportunity to participate in parallel discussions with TD Ameritrade regarding a comparable transaction.

Transfer Restrictions. The stockholders agreement generally prohibits TD and the Ricketts holders from transferring shares of TD Ameritrade common stock, absent approval of the independent directors, to any holder of 5% or more of the outstanding shares of TD Ameritrade, subject to certain exceptions. For so long as TD and TD Ameritrade constitute the same audit client, TD will not engage the auditor of TD Ameritrade, and TD Ameritrade will not engage the auditors of TD, to provide any non-audit services.

Table of Contents

Information Rights. Subject to confidentiality and nondisclosure obligations, TD, for so long as it owns at least 15% of the outstanding shares of TD Ameritrade common stock, will be entitled to access to and information regarding TD Ameritrade's business, operations and plans as TD may reasonably require to appropriately manage and evaluate its investment in TD Ameritrade and to comply with its obligations under U.S. and Canadian laws.

Obligation to Repurchase Shares. If, at any time after the completion of the acquisition of TD Waterhouse, TD Ameritrade issues shares of its common stock pursuant to any compensation or similar program or arrangement, then TD Ameritrade will, subject to certain exceptions, use its reasonable efforts to repurchase a corresponding number of shares of its common stock in the open market within 120 days after any such issuance.

Non-Competition Covenants. Subject to specified exceptions described in further detail below in *Certain Agreements Related to the Acquisition of TD Waterhouse* Stockholders Agreement Non-Competition Covenants (beginning on page 95) the stockholders agreement generally provides that none of TD, J. Joe Ricketts, so long as he is a director of TD Ameritrade, or any of their respective affiliates may participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. (or, solely in the case of Mr. Ricketts and his affiliates, in Canada) to retail traders, individual investors and registered investment advisors. If TD acquires indirectly such a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to TD Ameritrade at its appraised fair value as determined in accordance with the terms of the stockholders agreement. If TD Ameritrade decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years. Mr. Ricketts, TD and their affiliates will be permitted under the terms of the stockholders agreement to own a passive investment representing less than 2% of a class of equity securities of a competing business so long as the class of equity securities is traded on a national securities exchange in the U.S. or the Toronto Stock Exchange or quoted on the Nasdaq National Market. TD also will be permitted to engage in certain activities in the ordinary course of its banking and securities businesses. In addition, Ameritrade has agreed that it will not hold or acquire control of a bank or similar depository institution except (1) incidentally in connection with the acquisition of an entity not principally engaged in the banking business or (2) in the event that TD does not hold control of any bank or similar depository institution which is able to offer money market deposit accounts to clients of TD Ameritrade as a designated sweep vehicle or TD has indicated that it is not willing to offer such accounts to clients of TD Ameritrade through one or more of any banks or similar depository institutions it controls.

Termination of the Stockholders Agreement. The stockholders agreement will terminate (1) with respect to the Ricketts holders, when their aggregate ownership of TD Ameritrade common stock falls below approximately 4%, and (2) upon the earliest to occur of (a) the consummation of a merger or tender offer where TD acquires 100% of the TD Ameritrade common stock, (b) the tenth anniversary of the consummation of the acquisition of TD Waterhouse, (c) the date on which TD's ownership of TD Ameritrade common stock falls below approximately 4% of the outstanding voting securities of TD Ameritrade, (d) the commencement by a third party of a tender offer or exchange offer for not less than 25% of TD Ameritrade common stock unless the TD Ameritrade board recommends against such tender offer or exchange offer and continues to take steps to oppose such tender offer or exchange offer, (e) the approval by the TD Ameritrade board of a business combination that would result in another party owning 25% of the voting securities or consolidated assets of TD Ameritrade or which would otherwise result in a change of control of TD Ameritrade, or (f) the acquisition of 20% of the voting securities of TD Ameritrade by a third party. For a period of up to one year following a termination under (2)(d), (2)(e) or (2)(f) above, TD and the Ricketts holders will be prohibited from acquiring shares of TD Ameritrade common stock that would cause, in the case of TD, its aggregate ownership to exceed 45% (39.9% in the first three years following the completion of the acquisition of TD Waterhouse) or, in the case of the Ricketts holders, 29%, except pursuant to a tender offer or merger for 100% of the outstanding shares of TD Ameritrade common stock approved by the holders of a majority of the outstanding shares of TD Ameritrade common stock (other than the Ricketts holders and TD). In addition, during that one-year

Table of Contents

period, the provisions of the stockholders agreement relating to the designation of directors and certain other provisions will remain in effect.

Regulatory Approvals Required for the Acquisition of TD Waterhouse (see page 65)

TD and Ameritrade are required, under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, to notify and furnish required information to the Antitrust Division of the U.S. Department of Justice and to the U.S. Federal Trade Commission prior to completing the acquisition of TD Waterhouse. We and TD have made these filings, but the acquisition of TD Waterhouse cannot be completed until the required waiting period has expired or been earlier terminated.

TD and Ameritrade have furnished certain information to the NASD regarding the acquisition of TD Waterhouse in compliance with applicable requirements under NASD Membership and Registration Rules. The change of equity ownership of TD's and Ameritrade's broker-dealer subsidiaries resulting from the acquisition of TD Waterhouse requires NASD approval.

TD and Ameritrade have furnished certain information to the New York Stock Exchange regarding the acquisition of TD Waterhouse in compliance with applicable requirements under New York Stock Exchange Membership Rules. The closing of the acquisition of TD Waterhouse is subject to the furnished information being posted in the New York Stock Exchange's weekly bulletin to members. The furnished information must be posted for two consecutive weeks before the closing of the acquisition of TD Waterhouse can occur.

Under the Canadian Bank Act, TD is required to obtain the prior approval of the Canadian Minister of Finance to acquire beneficial ownership of more than 10% of the voting shares of Ameritrade, or to subsequently acquire any shares that would result in an increase in the size of its investment. TD has applied for the required approvals.

Accounting Treatment of the Acquisition of TD Waterhouse (see page 64)

The acquisition of TD Waterhouse will be accounted for using the purchase method of accounting under Statement of Financial Accounting Standards No. 141, *Business Combinations*. Ameritrade is the acquiring entity. Under the purchase method of accounting, the aggregate cost of the acquired entity, TD Waterhouse, will be allocated to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values, with any excess being recognized as goodwill. Under Statement of Financial Accounting Standards No. 142, *Goodwill and Other Intangible Assets*, goodwill will not be amortized, but will be subject to an impairment test at least annually.

Table of Contents**Comparative Historical and Pro Forma Per Share Data**

The following table presents historical per share data for Ameritrade and TD Waterhouse and pro forma per share data of TD Ameritrade after giving effect to the acquisition of TD Waterhouse, the sale of Ameritrade Canada, the Reorganization and the special dividend. The TD Ameritrade pro forma per share data was derived by combining information from the historical consolidated financial statements of Ameritrade and TD Waterhouse using the purchase method of accounting for the acquisition of TD Waterhouse. See *Where You Can Find More Information* beginning on page 188 and *TD Waterhouse Management's Discussion and Analysis of Financial Condition and Results of Operations* beginning on page 162. You should not rely on the pro forma per share data as being necessarily indicative of actual results had the acquisition of TD Waterhouse occurred in the past, or of future results.

The pro forma per share data does not reflect revenue opportunities and cost savings that we expect to realize after the acquisition of TD Waterhouse. No assurance can be given with respect to the estimated revenue opportunities and operating cost savings that are expected to be realized as a result of the acquisition of TD Waterhouse. The pro forma per share data does not reflect restructuring or exit costs that may be incurred by Ameritrade or TD Waterhouse in connection with the acquisition of TD Waterhouse.

Table of Contents**Summary Selected Historical Consolidated Financial Data of TD Waterhouse**

The following information is being provided to aid in your analysis of the financial aspects of the acquisition of TD Waterhouse. TD Waterhouse derived this financial information from audited consolidated financial statements of TD Waterhouse for fiscal years 2002 through 2004 and from unaudited consolidated financial statements for fiscal years ended 2000 and 2001 and for the six months ended April 30, 2005 and April 30, 2004. The consolidated financial statements for the fiscal years 2000 and 2001 have not been restated for the July 1, 2002 acquisition of the full service brokerage and financial planning operations of TD Securities, Inc. and TD Investment Services, Inc., which was accounted for as a merger of entities under common control, because it was impracticable to obtain the required information. In the opinion of TD Waterhouse's management, the unaudited consolidated interim period information reflects all adjustments, consisting only of normal recurring adjustments, necessary for a fair statement of the results of operations and financial condition as of and for the six months ended April 30, 2005 and April 30, 2004. Results for interim periods should not be considered indicative of results for any other periods or for the year.

This information is only a summary. You should read it along with TD Waterhouse's historical audited and unaudited consolidated financial statements contained in this proxy statement and related notes and the section titled TD Waterhouse Management's Discussion and Analysis of Financial Condition and Results of Operations beginning on page 162 of this proxy statement.

RISK FACTORS

In addition to the other information included or incorporated by reference in this proxy statement, you should carefully consider the matters described below relating to the proposed acquisition of TD Waterhouse in deciding whether to vote for approval of the proposals presented in this proxy statement. Additional risks and uncertainties not presently known to Ameritrade or that are not currently believed to be material, if they occur, also may adversely affect the proposed acquisition of TD Waterhouse and Ameritrade and TD Waterhouse as a combined company.

Although Ameritrade expects that the acquisition of TD Waterhouse will result in benefits to Ameritrade, the combined company may not realize those benefits because of integration difficulties and other challenges.

The failure of the combined company to meet the challenges involved in integrating the operations of Ameritrade and TD Waterhouse successfully or otherwise to realize any of the anticipated benefits of the acquisition of TD Waterhouse, including anticipated cost savings and additional revenue opportunities, could seriously harm the results of operations of the combined company. Realizing the benefits of the acquisition of TD Waterhouse will depend in part on the integration of technology, operations and personnel. The integration of the companies is a complex, time-consuming and expensive process that, without proper planning and effective and timely implementation, could significantly disrupt the businesses of Ameritrade and TD Waterhouse.

The challenges involved in this integration include the following:

demonstrating to the clients of Ameritrade and to the clients of TD Waterhouse that the acquisition of TD Waterhouse will not result in adverse changes in client service standards or business focus and helping clients conduct business easily with the combined company;

consolidating and rationalizing technology platforms and administrative infrastructures;

combining product offerings;

coordinating sales and marketing efforts to effectively communicate the capabilities of the combined company;

integrating and rationalizing settlement and account and order management systems;

preserving marketing and other important relationships of both Ameritrade and TD Waterhouse and resolving potential conflicts that may arise;

integrating and rationalizing TD Waterhouse's branch operations to serve the combined client base of TD Ameritrade;

minimizing the diversion of management attention from ongoing business concerns; and

combining the corporate cultures, maintaining employee morale and retaining key employees.

The combined company may not successfully integrate the operations of Ameritrade and TD Waterhouse in a timely manner, or at all, and the combined company may not realize the anticipated benefits or synergies of the acquisition of TD Waterhouse to the extent, or in the timeframe, anticipated. The anticipated benefits and synergies include cost savings associated with anticipated restructurings and other operational efficiencies, greater economies of scale and revenue enhancement opportunities. However, these anticipated benefits and synergies assume a successful integration and are based on projections, which are inherently uncertain, and other assumptions. Even if integration is successful, anticipated benefits and synergies may not be achieved. In addition to the integration risks discussed above, the combined company's ability to realize these benefits and synergies could be adversely impacted by practical or legal constraints on its ability to combine operations or implement workforce reductions.

Table of Contents***The market price of TD Ameritrade common stock may decline as a result of the acquisition of TD Waterhouse.***

The market price of TD Ameritrade common stock may decline as a result of the acquisition of TD Waterhouse if, among other things, the integration of the Ameritrade and TD Waterhouse businesses is unsuccessful, if the operational cost savings estimates are not realized, if the transaction costs related to the acquisition of TD Waterhouse are greater than expected or if the financing of the special dividend is on unfavorable terms. The market price also may decline if we do not achieve the perceived benefits of the acquisition of TD Waterhouse as rapidly or to the extent anticipated by financial or industry analysts or if the effect of the acquisition of TD Waterhouse on TD Ameritrade's financial results is not consistent with the expectations of financial or industry analysts. In addition, as is typical in such circumstances, we anticipate that the market price of our common stock will decline following the payment of the special dividend.

TD and the Ricketts holders will exercise significant influence over TD Ameritrade.

When the acquisition of TD Waterhouse is completed, TD will own approximately 32%, and the Ricketts holders will own approximately 18%, of the outstanding shares of Ameritrade common stock. Following the completion of the acquisition of TD Waterhouse, TD will commence a tender offer with the goal of increasing its ownership to 39.9% of the outstanding shares of Ameritrade common stock. J. Joe Ricketts may elect to participate as a co-bidder in the tender offer with TD or otherwise purchase shares of TD Ameritrade common stock, such that the Ricketts holders own up to 29% of the outstanding shares of Ameritrade common stock. TD will be permitted under the terms of the stockholders agreement to acquire up to 39.9% of the outstanding shares of TD Ameritrade common stock during the three years following the closing, up to 45% of the outstanding shares of TD Ameritrade common stock for the remainder of the term of the stockholders agreement (a maximum of 10 years following the closing) and an unlimited number of shares of Ameritrade following the termination of the stockholders agreement. As a result, TD and the Ricketts holders generally will have the ability to significantly influence the outcome of any matter submitted for the vote of TD Ameritrade stockholders. The stockholders agreement also provides that TD will designate five of the twelve members of the TD Ameritrade board of directors and the Ricketts holders will designate three of the twelve members of the TD Ameritrade board of directors, subject to adjustment based on their respective ownership positions in TD Ameritrade. Accordingly, TD and the Ricketts holders generally will be able to significantly influence the outcome of all matters that come before the TD Ameritrade board. As a result of their significant interest in TD Ameritrade, TD or the Ricketts holders may have the power, subject to applicable law, to significantly influence actions that might be favorable to TD or the Ricketts holders, but not necessarily favorable to other TD Ameritrade stockholders. In addition, the ownership position and governance rights of TD and the Ricketts holders could discourage a third party from proposing a change of control or other strategic transaction concerning TD Ameritrade. As a result, the common stock of TD Ameritrade could trade at prices that do not reflect a takeover premium to the same extent as do the stocks of similarly situated companies that do not have a stockholder with an ownership interest as large as TD's and the Ricketts holders' combined ownership interest.

Conflicts of interest may arise between TD Ameritrade and TD, which may be resolved in a manner that adversely affects TD Ameritrade's business, financial condition or results of operations.

Conflicts of interest may arise between TD Ameritrade and TD in areas relating to past, ongoing and future relationships, including corporate opportunities, potential acquisitions or financing transactions, sales or other dispositions by TD of its interests in TD Ameritrade and the exercise by TD of its influence over the management and affairs of TD Ameritrade. It is expected that after the acquisition of TD Waterhouse a significant number of the directors on the TD Ameritrade board will be persons who are also officers or directors of TD or its subsidiaries. Service as a director or officer of both TD Ameritrade and TD or its other subsidiaries could create conflicts of interest if such directors or officers are faced with decisions that could have materially different implications for TD Ameritrade and for TD. Our post-transaction amended

Table of Contents

and restated certificate of incorporation will contain provisions relating to avoidance of direct competition between TD Ameritrade and TD. The parties have not established any other formal procedures for TD Ameritrade and TD to resolve potential or actual conflicts of interest between them. There can be no assurance that any of the foregoing conflicts will be resolved in a manner that does not adversely affect the business, financial condition or results of operations of TD Ameritrade. In addition, the provisions of the stockholders agreement related to non-competition are subject to numerous exceptions and qualifications and may not prevent TD Ameritrade and TD from competing with each other to some degree in the future.

Ameritrade will incur significant indebtedness in connection with the transaction.

In connection with payment of the special dividend, Ameritrade will be required to borrow approximately \$1.6 to \$2.0 billion. It is a condition to the completion of the transaction that Ameritrade shall have available to it sufficient funds, and shall be permitted under applicable law, to pay the special dividend, and that Ameritrade declares the dividend. Although Ameritrade currently expects that such financing will be available on commercially reasonable terms, there can be no assurance of this. Following the completion of the acquisition of TD Waterhouse, TD Ameritrade's ability to meet its cash requirements, including its debt service obligations, will be dependent upon its future performance, which will be subject to financial, business and other factors affecting its operations, many of which are or may be beyond TD Ameritrade's control. Ameritrade cannot provide assurance that its business will generate sufficient cash flows from operations to fund these cash requirements and debt service obligations. If TD Ameritrade is unable to meet its cash requirements from operations, it would be required to fund these cash requirements by alternative financing. The degree to which it may be leveraged as a result of the indebtedness incurred in connection with payment of the special dividend or otherwise could materially and adversely affect its ability to obtain financing for working capital, acquisitions or other purposes, could make it more vulnerable to industry downturns and competitive pressures or could limit its flexibility in planning for, or reacting to, changes and opportunities in its industry, which may place it at a competitive disadvantage. There can be no assurance that TD Ameritrade would be able to obtain alternative financing, that any such financing would be on acceptable terms or that it would be permitted to do so under the terms of existing financing arrangements, including those entered into in connection with the payment of the special dividend. In the absence of such financing, TD Ameritrade's ability to respond to changing business and economic conditions, make future acquisitions, react to adverse operating results, meet its debt service obligations, or fund required capital expenditures, could be materially and adversely affected.

Some directors and executive officers of Ameritrade have interests in the acquisition of TD Waterhouse that may differ from the interests of Ameritrade stockholders including, if the acquisition of TD Waterhouse is completed, the receipt of financial and other benefits.

When considering our board of directors' recommendation to vote in favor of the proposals presented in this proxy statement, you should be aware that Ameritrade's executive officers and directors have interests in the acquisition of TD Waterhouse that may be different from, or in addition to, your interests.

For example, Ameritrade is currently negotiating a new employment agreement with Mr. Moglia with respect to his continued employment as our Chief Executive Officer. In addition, Ameritrade may negotiate and enter into prior to the closing, and after consultation with TD, new or amended employment agreements with other executive officers.

In connection with the acquisition of TD Waterhouse, directors and executive officers of Ameritrade, who beneficially own approximately 125,509,352 shares of Ameritrade common stock as of September 2, 2005 will receive an aggregate of approximately \$753.1 million as a result of the payment of proposed special dividend of \$6.00 per share assuming the timely exercise of all vested options. The beneficial ownership of directors and executive officers of Ameritrade includes options to purchase 15,011,909 shares of Ameritrade common stock exercisable within 60 days of September 2, 2005. In connection with the proposed special dividend, Ameritrade will adjust outstanding equity awards under its stock option plans to preserve the pre-dividend economic value of the awards after payment of the special dividend. As of

Table of Contents

September 2, 2005, directors and executive officers of Ameritrade collectively held options (vested and unvested) to purchase 16,414,002 shares of common stock. These options will be adjusted unless exercised prior to the ex-dividend date.

In addition, under the terms of the stockholders agreement, the Ricketts holders will have, among other things, specified rights relating to board representation and the ability to acquire additional Ameritrade common stock to maintain their ownership position. J. Joe Ricketts may also elect, following the closing of the acquisition of TD Waterhouse, to participate in a tender offer with TD, such that upon completion of the tender offer, the Ricketts holders may own up to 29% of the outstanding voting securities of TD Ameritrade.

Further, under the terms of the amended and restated registration rights agreement, the Ricketts holders and some of the other Ameritrade directors or their affiliates will continue to be entitled to registration rights with respect to their securities of TD Ameritrade. See *The Transaction Interests of Ameritrade's Executive Officers and Directors in the Transaction* beginning on page 60.

The acquisition of TD Waterhouse is subject to the receipt of consents and approvals from government entities that may not be received or that may impose conditions that could have an adverse effect on TD Ameritrade following the completion of the acquisition.

Ameritrade and TD cannot complete the acquisition of TD Waterhouse unless they receive various consents, orders, approvals and clearances from antitrust and other authorities in the U.S. and Canada. While Ameritrade and TD believe that they will receive the requisite regulatory approvals from these authorities, there can be no assurance of this. In addition, these authorities may impose conditions on the completion of the acquisition of TD Waterhouse or require changes to the terms of the acquisition of TD Waterhouse. For example, the authorities may require divestiture of certain assets as a condition of closing of the acquisition of TD Waterhouse. Neither TD nor Ameritrade is obligated to agree to divest material assets in order to obtain regulatory approval of the proposed acquisition of TD Waterhouse. While TD and Ameritrade do not currently expect that any such conditions or changes would be imposed, there can be no assurance that they will not be, and such conditions or changes could have the effect of delaying completion of the acquisition of TD Waterhouse or imposing additional costs on or limiting the revenues of Ameritrade following the acquisition of TD Waterhouse, any of which may have an adverse effect on Ameritrade following the acquisition of TD Waterhouse. See *The Transaction Regulatory Matters Related to the Acquisition of TD Waterhouse* beginning on page 65 and *Share Purchase Agreement Conditions to the Acquisition of TD Waterhouse* beginning on page 85.

The stock price and business of Ameritrade may be adversely affected if the acquisition of TD Waterhouse is not completed.

If the acquisition of TD Waterhouse is not completed, the price of Ameritrade common stock may decline to the extent that the current market price of Ameritrade common stock reflects market expectations that the acquisition of TD Waterhouse will be completed. In addition, Ameritrade's business and operations may be harmed to the extent that there is client and employee uncertainty surrounding the future strategy of Ameritrade on a standalone basis. Completion of the acquisition of TD Waterhouse is subject to several closing conditions, including obtaining requisite regulatory and Ameritrade stockholder approvals, and Ameritrade and TD may be unable to obtain such approvals on a timely basis or at all. If the acquisition of TD Waterhouse is not completed, Ameritrade would not derive the strategic benefits expected to result from the acquisition of TD Waterhouse. Ameritrade would also be required to pay significant costs incurred in connection with the acquisition of TD Waterhouse, whether or not the acquisition of TD Waterhouse is completed. Moreover, under specified circumstances described in the section entitled *Share Purchase Agreement Effect of Termination* beginning on page 87 of this proxy statement, Ameritrade may be required to pay TD a termination fee of \$97 million in connection with the termination of the share purchase agreement.

Proposal No. 1: a proposal to approve the issuance of 193,600,000 shares of Ameritrade common stock to TD, and/or one or more of TD's affiliates, in accordance with the terms of the share purchase agreement;

Proposal No. 2: a proposal to approve the amendment and restatement of the certificate of incorporation of Ameritrade, with the following sub-proposals:

2A a proposal to approve provisions restricting the authority of TD Ameritrade to implement anti-takeover measures that would potentially conflict with the terms of the stockholders agreement entered into in connection with the proposed acquisition of TD Waterhouse;

2B a proposal to approve the increase of the authorized number of shares of common stock, \$0.01 par value per share, of TD Ameritrade from 650,000,000 to 1,000,000,000;

2C a proposal to approve a provision which prohibits action by written consent of stockholders of TD Ameritrade;

2D a proposal to approve a provision increasing the size of the board of directors from nine members to twelve members for so long as the corporate governance provisions of the stockholders agreement entered into in connection with the proposed acquisition of TD Waterhouse remain in effect, and thereafter to allow the size of the board of directors to be determined by the board of directors;

Proposal No. 3: a proposal to approve an amendment and restatement of the Ameritrade Holding Corporation 1996 Long-Term Incentive Plan to reserve an additional 19,000,000 shares of Ameritrade common stock for future issuance under the 1996 Long-Term Incentive Plan;

Proposal No. 4: a proposal to approve an amendment and restatement of the Ameritrade Holding Corporation 1996 Directors Incentive Plan to reserve an additional 1,000,000 shares of Ameritrade common stock for future issuance under the 1996 Directors Incentive Plan; and

The approval of Proposal No. 1 for the issuance of Ameritrade common stock and Proposal No. 2 for the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, is a condition to the completion of the acquisition of TD Waterhouse. Accordingly, if

Table of Contents

Ameritrade stockholders wish to approve the acquisition of TD Waterhouse, they must approve Proposal No. 1 relating to the approval of the issuance of Ameritrade common stock and Proposal No. 2 relating to the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals.

At the special meeting, Ameritrade stockholders will also be asked to consider and vote on any other matters that may properly come before the special meeting or any adjournment or postponement of the special meeting.

At this time, the Ameritrade board of directors is unaware of any matters, other than those set forth above, that may properly come before the special meeting.

Record Date; Shares Outstanding and Entitled to Vote

The close of business on _____, 2005 has been fixed by Ameritrade as the record date for the determination of holders of Ameritrade common stock entitled to notice of and to vote at the special meeting and any adjournment or postponement of the special meeting. At the close of business on the record date for the special meeting, there were _____ shares of Ameritrade common stock outstanding and entitled to vote. Each share of Ameritrade common stock entitles its holder to one vote at the special meeting on all matters properly presented at the meeting.

How to Vote Your Shares

Stockholders of record may submit a proxy by telephone, via the Internet or by mail or vote by attending the special meeting and voting in person.

Submitting a Proxy by Telephone: You can submit a proxy for your shares by telephone until 11:59 p.m. Eastern Standard Time on _____, 2005 by calling the toll-free telephone number on your proxy card. Telephone proxy submission is available 24 hours a day. Easy-to-follow voice prompts allow you to submit a proxy for your shares and confirm that your instructions have been properly recorded. Our telephone proxy submission procedures are designed to authenticate stockholders by using individual control numbers. **IF YOU SUBMIT A PROXY BY TELEPHONE, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**

Submitting a Proxy via the Internet: You can submit a proxy via the Internet until 11:59 p.m. Eastern Standard Time on _____, 2005 by accessing the web site listed on your proxy card and following the instructions you will find on the web site. Internet proxy submission is available 24 hours a day. As with telephone proxy submission, you will be given the opportunity to confirm that your instructions have been properly recorded. **IF YOU SUBMIT A PROXY VIA THE INTERNET, YOU DO NOT NEED TO RETURN YOUR PROXY CARD.**

Submitting a Proxy by Mail: If you choose to submit a proxy by mail, simply mark the enclosed proxy card, date and sign it, and return it in the postage paid envelope provided.

If your shares are held in the name of a bank, broker or other nominee, you will receive instructions from the holder of record that you must follow for your shares to be voted. Please follow their instructions carefully. Also, please note that if the holder of record of your shares is a broker, bank or other nominee and you wish to vote in person at the special meeting, you must request a legal proxy from your bank, broker or other nominee that holds your shares and present that proxy and proof of identification at the special meeting.

How to Change Your Vote

You will have the power to revoke your proxy at any time before it is exercised by:

delivering to the Corporate Secretary of Ameritrade prior to the special meeting a written notice of revocation by mail to 4211 South 102nd Street, Omaha, Nebraska 68127;

Table of Contents

delivering to the Corporate Secretary of Ameritrade prior to the special meeting a properly executed proxy with a later date by mail to 4211 South 102nd Street, Omaha, Nebraska 68127;

submitting a proxy on a later date by telephone or via the Internet (only your last telephone or Internet proxy will be counted); or

attending the special meeting and voting in person.

Attendance at the special meeting will not, in and of itself, constitute revocation of a proxy.

If your shares of Ameritrade common stock are held by a bank, broker or other nominee, you must follow the instructions provided by the bank, broker or other nominee if you wish to change your vote.

Counting Your Vote

If you provide specific voting instructions, your shares will be voted as instructed. If you hold shares in your name and sign and return a proxy card or submit a proxy by telephone or via the Internet without giving specific voting instructions, your shares will be voted **FOR** approval of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement, **FOR** approval of the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, **FOR** approval of the amendment and restatement of the 1996 Long-Term Incentive Plan and 1996 Directors Incentive Plan and **FOR** approval of the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies on all matters if there are not sufficient votes at the time of the special meeting to approve the proposals relating to the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals.

At this time, we are unaware of any matters, other than set forth above, that may properly come before the special meeting. If any other matters properly come before the special meeting, the persons named as proxies will vote in accordance with their judgment with respect to such matters.

Proxies solicited may be voted only at the special meeting and any adjournment or postponement of the special meeting and will not be used for any other meeting.

Broker Non-Votes

Any broker non-votes submitted by brokers or nominees in connection with the special meeting will not be counted for purposes of determining the number of votes cast on a proposal, but will be treated as present for quorum purposes. Broker non-votes are shares held by brokers or nominees as to which voting instructions have not been received from the beneficial owners or the persons entitled to vote those shares and the broker or nominee does not have discretionary voting power under rules applicable to broker-dealers. Under these rules, the proposal to approve the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement, the proposal to approve the amendment and restatement of our certificate of incorporation, including the related sub-proposals and the proposals to approve the amended and restated stock plans are not items on which brokerage firms may vote in their discretion on behalf of their clients if such clients have not furnished voting instructions within ten days of the special meeting. The proposals to approve the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amended and restated stock plans are required to be approved by the holders of a majority of the shares of Ameritrade common stock present or represented by proxy and voting on the applicable matter and therefore abstentions and broker non-votes will have no effect on these proposals. Similarly, because of the vote required for the proposal to adjourn the special meeting, abstentions and broker non-votes will have no effect on this proposal. However, the proposal to approve the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, is required to be approved by the holders of a majority of the outstanding shares of Ameritrade common stock (regardless of whether such holders are present in person or represented by proxy at the special meeting). Therefore, abstentions and broker non-

Table of Contents

votes will have the same effect as a vote against the proposal to approve the amendment and restatement of our certificate of incorporation, including the related sub-proposals, at the special meeting.

Quorum and Required Votes

A quorum, consisting of the holders of a majority of the issued and outstanding shares of Ameritrade common stock as of the record date of the special meeting, must be present in person or by proxy before any action may be taken at the special meeting. Abstentions will be treated as shares that are present for purposes of determining the presence of a quorum.

Proposal No. 1: The affirmative vote of the holders of a majority of the shares of Ameritrade common stock present in person or represented by proxy and voting on the matter is necessary to approve the issuance of Ameritrade common stock to TD, and/or one or more of TD's affiliates, in accordance with the terms of the share purchase agreement. **The approval of Proposal No. 1 is a condition to completion of the acquisition of TD Waterhouse, and thus a vote against this proposal effectively will be a vote against the acquisition of TD Waterhouse.**

Proposal No. 2: The required vote to approve the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, is the affirmative vote of the holders of a majority of the outstanding shares of Ameritrade common stock entitled to vote at the special meeting. The amendment and restatement of our certificate of incorporation, including all of the related sub-proposals, is an integral part of a single transaction agreed to by TD and Ameritrade and reflected in the share purchase agreement. **The approval of Proposal No. 2 (including each of the related Sub-Proposal Nos. 2A through 2F) is a condition to completion of the acquisition of TD Waterhouse, and thus a vote against this proposal (or against any of Sub-Proposal Nos. 2A through 2F) effectively will be a vote against the acquisition of TD Waterhouse.**

Proposal No. 3: The affirmative vote of the holders of a majority of the shares of Ameritrade common stock present in person or represented by proxy and voting on the matter is necessary to approve the amendment and restatement of the 1996 Long-Term Incentive Plan.

Proposal No. 4: The affirmative vote of the holders of a majority of the shares of Ameritrade common stock present in person or represented by proxy and voting on the matter is necessary to approve the amendment and restatement of the 1996 Directors Incentive Plan.

Proposal No. 5: The affirmative vote of the holders of a majority of the shares of Ameritrade common stock present in person or represented by proxy and voting on the matter is required to approve the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies on all matters if there are not sufficient votes at the time of the special meeting to approve Proposal No. 1 or Proposal No. 2, including each of the related sub-proposals.

The directors and executive officers of Ameritrade and their respective affiliates collectively owned approximately 30% of the outstanding shares of Ameritrade common stock as of September 2, 2005 (inclusive of shares subject to stock options which may be exercised within 60 days following that date). Each member of the board of directors of Ameritrade has advised Ameritrade that he intends to vote all of the shares of Ameritrade common stock held, directly or indirectly, by him in favor of each of the above proposals (including each of the related sub-proposals). See "Stock Ownership of Certain Beneficial Owners and Management of Ameritrade" beginning on page 184.

The Ricketts holders, the TA holders and SLP holders, which collectively own approximately 34% of the outstanding shares of Ameritrade common stock as of September 2, 2005, have agreed to vote their shares in favor of the issuance of Ameritrade common stock to TD and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals. Several members of our board of directors are affiliated with the Ricketts holders and entities affiliated with Silver Lake Partners.

Table of Contents

As of the close of business on the record date for the special meeting, TD did not beneficially own any shares of Ameritrade common stock and, to the knowledge of TD, none of its directors or executive officers beneficially owned any shares of Ameritrade common stock.

Solicitation of Proxies

Ameritrade will pay for all costs incurred by it in connection with the solicitation of proxies from its stockholders on behalf of its board of directors. In addition to solicitation by mail, the directors, officers and employees of Ameritrade, TD and their respective subsidiaries may solicit proxies from stockholders of Ameritrade in person or by telephone, telegram, facsimile or other electronic methods without additional compensation other than reimbursement for their actual expenses.

Ameritrade has retained MacKenzie Partners, Inc., a professional proxy solicitation firm, to assist it in the solicitation of proxies for the special meeting. Ameritrade will pay MacKenzie Partners a fee of approximately \$12,500 for its services, plus reimbursement for reasonable out-of-pocket expenses.

Arrangements also will be made with brokerage firms and other custodians, nominees and fiduciaries for the forwarding of solicitation material to the beneficial owners of stock held of record by such persons, and Ameritrade will reimburse such custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses in connection therewith.

Recommendation of the Board of Directors

The Ameritrade board of directors has unanimously approved the issuance of Ameritrade common stock to TD, and/or one or more of its affiliates, in accordance with the terms of the share purchase agreement, and the amendment and restatement of our certificate of incorporation. The compensation committee of the board of directors has unanimously approved the amended and restated stock plans. Based on Ameritrade's reasons for the acquisition of TD Waterhouse described in this proxy statement, the Ameritrade board of directors believes that the issuance of Ameritrade common stock and the transactions contemplated by the share purchase agreement are fair to, and in the best interests of, Ameritrade's stockholders and recommends that you vote **FOR** approval of the issuance of Ameritrade common stock to TD, and/or one or more of TD's affiliates, in accordance with the terms of the share purchase agreement. The Ameritrade board of directors also recommends that you vote **FOR** approval of the amendment and restatement of our certificate of incorporation, or any of the related sub-proposals, **FOR** approval of the amendment and restatement of the 1996 Long-Term Incentive Plan and the 1996 Directors Incentive Plan and **FOR** approval of the proposal to adjourn the special meeting if necessary to permit further solicitation of proxies on all matters if there are not sufficient votes at the time of the special meeting to approve the proposals relating to the issuance of Ameritrade common stock to TD, and/or one or more of TD's affiliates, in accordance with the terms of the share purchase agreement, the amendment and restatement of our certificate of incorporation, or any of the related sub-proposals.

THE TRANSACTION

Background of the Transaction

We regularly assess the competitive position of our products and services, technology and information systems, and of the online brokerage industry. Our industry has experienced significant consolidation in recent years and we believe that to remain competitive and enhance stockholder value it will be necessary for us to increase our scale and client base. To achieve these objectives, we have completed seven acquisitions since September 2001, including our combination with Datek Online Holdings Corp., which we completed in September 2002. We continuously explore and evaluate strategic opportunities and business scenarios as a part of our ongoing evaluation of changes in the marketplace, seeking opportunities to strengthen our business. As part of this process, our board of directors and management periodically consider and evaluate potential acquisition and consolidation opportunities that would further our strategic objectives and provide us with the opportunity to supplement our core business with complementary businesses and product and service offerings.

Beginning in April 2003, we engaged in preliminary discussions with TD to explore a possible strategic combination of Ameritrade and TD Waterhouse. After entering into a confidentiality agreement on May 7, 2003, representatives of each company conducted mutual preliminary due diligence investigations, exchanged term sheets and held meetings to discuss various aspects of a potential transaction. However, these preliminary discussions were concluded in December 2003, without agreement on the economic and other key parameters of a potential transaction.

Beginning in May 2004, J. Joe Ricketts, Chairman and Founder of Ameritrade, and W. Edmund Clark, President and Chief Executive Officer of TD, met on several occasions and had multiple telephone conversations to discuss their perspectives on the online brokerage market, the respective businesses of Ameritrade and TD Waterhouse and the potential for reinitiating discussions regarding a possible strategic combination of the Ameritrade and TD Waterhouse businesses.

From May 2004 to the end of September 2004, J. Joe Ricketts, together with Scot Galliher, a financial advisor engaged by Mr. Ricketts, met on several occasions with Mr. Clark and representatives of Goldman, Sachs & Co., TD's financial advisor, to discuss basic principles of a transaction in which Ameritrade would acquire TD Waterhouse. During this period, Mr. Ricketts periodically advised individual members of the Ameritrade board of directors regarding his communications with TD.

In October 2004, senior members of Ameritrade management commenced discussions with senior members of TD management regarding a general overview of their respective businesses and potential synergies that might be derived from a potential combination. Following these meetings, on November 7, 2004, we entered into a confidentiality agreement with TD to facilitate further discussions and the related exchange and use of confidential information. On that same date, senior members of our management held a meeting with senior members of TD management, as well as Mr. Galliher and representatives of Goldman, Sachs & Co. At this meeting, the parties discussed economic and valuation concepts and issues relating to a potential business combination, including potential synergy opportunities and integration issues. These discussions continued to be general in nature, but the parties agreed to spend the next several weeks focusing on developing a financial model for valuing the Ameritrade and TD Waterhouse businesses.

From November 2004 through December 2004, senior members of Ameritrade management and TD management continued to exchange preliminary financial information and to discuss potential synergies. In addition, at board meetings on November 18, 2004 and December 10, 2005, J. Joe Ricketts provided the Ameritrade board of directors with updates on the preliminary discussions with TD.

On January 19, 2005, Joseph H. Moglia, Chief Executive Officer of Ameritrade, met with Mitchell H. Caplan, Chief Executive Officer of E*TRADE Financial Corporation, at an industry conference and discussed consolidation in the online brokerage industry and each of their respective businesses.

Table of Contents

From December 2004 through January 2005, J. Joe Ricketts and Mr. Galliher continued discussions with Mr. Clark and representatives of Goldman, Sachs & Co. regarding terms and conditions of a potential transaction involving Ameritrade and TD. These discussions resulted in a draft non-binding term sheet for a potential strategic transaction involving Ameritrade and TD that TD delivered to Mr. Ricketts and his advisors on January 27, 2005. Mr. Ricketts subsequently provided that term sheet to the Ameritrade board of directors.

Mitchell and Michael Fleisher, both of whom the board of directors determined to be independent directors with respect to the potential transaction, to serve as members of the special committee. The board of directors authorized the special committee to review, evaluate, investigate and negotiate the terms of a possible transaction with TD, and any alternative transaction, and to determine whether the transaction with TD, or an alternative transaction, is fair to, and in the best interests of, Ameritrade and its stockholders.

The Ameritrade special committee held meetings on February 10, 2005, February 13, 2005 and February 15, 2005 to discuss the selection of a financial adviser and legal counsel to assist it and the full board of directors in performing their obligations with respect to evaluating the potential transaction with TD, or any alternative transaction. advisors. Mr. Mitchell described on behalf of the special committee the proposed changes to the draft term sheet. He advised the board of directors that he had informed TD of his concerns.

On March 25, 2005 and April 3, 2005, the Ameritrade special committee held meetings to discuss with its advisors J. Ameritrade's Reasons for the Transaction

The Ameritrade board of directors has determined that the share purchase agreement, the amendment and restatement of our certificate of incorporation, the other agreements entered into in connection with the share purchase agreement and the transactions contemplated by all of these agreements are fair to, and in the best interests of, Ameritrade and its stockholders. In approving these agreements and the transactions contemplated by them, the Ameritrade board of directors consulted with its financial advisors with respect to the financial aspects and fairness of the acquisition of TD Waterhouse to Ameritrade from a financial point of view and with its legal counsel as to its fiduciary duties and the terms of the share purchase agreement and the other agreements entered into in connection with the share purchase agreement, including the stockholders agreement and the amendment and restatement of our certificate of incorporation. In reaching its determination to approve these agreements and the transactions contemplated by these agreements, the Ameritrade board of directors, with advice from the special committee of the Ameritrade board of directors, Ameritrade's executive officers and Ameritrade's financial and legal advisors, considered a number of factors, including the following material factors:

The board of directors' knowledge of Ameritrade's business, operations, financial condition and prospects and of TD Waterhouse's business, operations, financial conditions and prospects, taking into account the results of Ameritrade's due diligence review of TD Waterhouse, discussions with management of TD Waterhouse and TD and the presentations and evaluation of Ameritrade's financial advisor.

The board of directors' knowledge of the current and prospective environment in which Ameritrade and TD Waterhouse operate, including political and economic conditions, the competitive environment, the market for potential acquisitions and the likely effect of these factors on Ameritrade's and TD Waterhouse's potential growth, development, productivity, profitability and strategic options.

The board of directors' assessment that the acquisition of TD Waterhouse is reasonably likely to enhance Ameritrade's strategic goal of increasing the scale of Ameritrade's business and expanding its operations into the long-term investor market, which is expected to reduce volatility in Ameritrade's business, increase Ameritrade's exposure to higher-growth brokerage markets and fill out the suite of services Ameritrade offers to its clients so as to provide a more attractive comprehensive brokerage solution.

The work of the special committee of the board of directors and its views regarding the terms and financial aspects of the transaction provided to the board of directors;

The significant synergy opportunities identified by Ameritrade management in connection with the acquisition of TD Waterhouse, including expected cost savings and increased revenue opportunities, and the timeline for achievement of these synergies projected by Ameritrade management following its due diligence investigation of TD Waterhouse.

The experience of Ameritrade's management in implementing previous acquisitions and substantially achieving or surpassing projected integration and synergy targets and timelines, and the

Table of Contents

expectation that the combined company following the acquisition of TD Waterhouse would continue to be managed by Ameritrade's experienced senior executives.

The financial terms of the acquisition of TD Waterhouse, including the immediate liquidity to be provided to Ameritrade stockholders through the special dividend and the tender offer to be made by TD (and J. Joe Ricketts at his election), together with the realization of the synergy opportunities projected in connection with the acquisition of TD Waterhouse and the ability of Ameritrade's stockholders to continue to participate in any future growth of Ameritrade.

The board of directors' understanding of the other strategic alternatives likely to be available to Ameritrade, including the terms of an alternative transaction proposed by E*TRADE following discussions between Ameritrade and E*TRADE.

The stockholder and regulatory approvals required in connection with the acquisition of TD Waterhouse and the other terms of the share purchase agreement, and the likelihood that, once the share purchase agreement had been entered into, the acquisition of TD Waterhouse would be completed if the issuance of Ameritrade common stock in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation were approved by our stockholders and the acquisition of TD Waterhouse were approved by applicable regulatory agencies.

The terms of the stockholders agreement, including provisions providing for restrictions on the acquisition and transfer of Ameritrade common stock by TD and the Ricketts holders, and the requirements to be followed by TD in seeking to effect certain going private transactions with respect to Ameritrade.

The financial analysis presented by Citigroup, as financial advisor to Ameritrade, and the opinion delivered by Citigroup to the effect that, as of June 22, 2005, and based upon and subject to the assumptions made, matters considered and limitations set forth in the opinion, the consideration to be paid by Ameritrade pursuant to the share purchase agreement was fair to Ameritrade from a financial point of view. See *The Transaction Opinion of Ameritrade's Financial Advisor* beginning on page 50.

In the course of its deliberations, the Ameritrade board of directors also considered a variety of risks and other potentially negative factors concerning the acquisition of TD Waterhouse, including the following:

The fact that TD would hold approximately 32% of the outstanding TD Ameritrade common stock upon consummation of the acquisition of TD Waterhouse and would be permitted to acquire, subject to certain qualifications, up to 39.9% of the outstanding TD Ameritrade common stock during the three years from the closing, up to 45% for the remainder of the term of the stockholders agreement (a maximum of 10 years following the closing) and an unlimited number of shares of TD Ameritrade common stock following the termination of the stockholders agreement. In this regard, the Ameritrade board of directors considered the impact this could have on the willingness of a third party to propose a strategic transaction with Ameritrade in the future.

The terms of the share purchase agreement restricting Ameritrade's solicitation of third party acquisition proposals and providing for Ameritrade's payment of a termination fee to TD in specified events and the terms of the voting agreement entered into by certain Ameritrade stockholders, all of which the Ameritrade board of directors understood, while required by TD as a condition to TD's willingness to enter into the share purchase agreement, could affect the willingness of a third party to propose a competing business transaction with Ameritrade.

The terms of the stockholders agreement imposing restrictions on the board composition and corporate governance of Ameritrade following the acquisition of TD Waterhouse and providing for certain rights of TD and the Ricketts holders to purchase Ameritrade securities to maintain their ownership percentage.

Table of Contents

The possibility that the synergies and other financial and strategic benefits expected to be achieved in the acquisition of TD Waterhouse would not be obtained on a timely basis or at all.

The risks and costs that could be borne by Ameritrade if the acquisition of TD Waterhouse is not completed, including the diversion of management and employee attention during the period after the signing of the share purchase agreement, potential employee attrition and the potential effect on Ameritrade's business and client relations. In that regard, under the share purchase agreement, Ameritrade must conduct its business in the ordinary course and is subject to a variety of other restrictions on the conduct of its business prior to completion of the acquisition of TD Waterhouse or termination of the share purchase agreement, which may delay or prevent Ameritrade from undertaking business opportunities that may arise.

The foregoing discussion of the information considered by Ameritrade's board of directors is not exhaustive, but includes the material factors that Ameritrade's board of directors considered in approving and recommending the issuance of Ameritrade common stock in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation. In view of the wide variety of factors considered by Ameritrade's board of directors in connection with its evaluation of the acquisition of TD Waterhouse and the complexity of these factors, the Ameritrade board of directors did not consider it practical to, nor did it attempt to, quantify, rank or otherwise assign any specific or relative weights to the specific factors that it considered in reaching its decision. The board of directors discussed the factors described above, including asking questions of Ameritrade's senior management and legal and financial advisor, and unanimously determined that the acquisition of TD Waterhouse was in the best interests of Ameritrade and its stockholders. In considering the factors described above, individual directors may have assigned different weights to different factors. Ameritrade's board of directors relied on the experience and expertise of Ameritrade's financial advisor for quantitative analysis of the financial terms of the acquisition of TD Waterhouse. See below under "The Transaction" "Opinion of Ameritrade's Financial Advisor" beginning on page 50.

The above explanation of the reasoning of Ameritrade's board of directors and all other information presented in this section is forward-looking in nature and, therefore, should be read in light of the factors discussed under "Cautionary Statement Concerning Forward-Looking Statements" beginning on page 34.

For the reasons set forth above, Ameritrade's board of directors has approved the share purchase agreement, the other agreements entered into in connection with the share purchase agreement and the transactions contemplated by those agreements, has concluded that the transactions are advisable and in the best interests of Ameritrade and its stockholders and unanimously recommends that Ameritrade stockholders vote for the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals.

Opinion of Ameritrade's Financial Advisor

Ameritrade and a special committee of the board retained Citigroup to act as financial advisor in connection with the acquisition of TD Waterhouse. Pursuant to Citigroup's engagement letter with Ameritrade and the special committee, Citigroup rendered to the Ameritrade board of directors and the special committee on June 22, 2005 an oral opinion, which was subsequently confirmed by delivery of a written opinion, to the effect that, as of the date of the opinion and based upon and subject to the considerations and limitations set forth in the opinion, Citigroup's work described below and other factors it deemed relevant, the consideration to be paid by Ameritrade in the acquisition of TD Waterhouse was fair, from a financial point of view, to Ameritrade.

The full text of Citigroup's opinion, which sets forth the assumptions made, general procedures followed, matters considered and limits on the review undertaken, is included as Appendix B to this proxy statement and is incorporated into this proxy statement by reference. The summary of Citigroup's opinion set forth below is qualified in its entirety by reference to the full text of the opinion. **Holders of Ameritrade common stock are urged to read Citigroup's opinion carefully and in its entirety.**

Table of Contents

Citigroup's opinion was provided for the information of the Ameritrade board of directors and the special committee in their evaluation of the proposed acquisition of TD Waterhouse and was limited solely to the fairness of the consideration to be paid by Ameritrade in the acquisition of TD Waterhouse from a financial point of view as of the date of the opinion. Neither Citigroup's opinion nor its related analyses constituted a recommendation of the acquisition of TD Waterhouse to the Ameritrade board of directors or the special committee. Citigroup makes no recommendation to any stockholder regarding how such stockholder should vote or act on any matters relating to the acquisition of TD Waterhouse, including whether any stockholder should tender shares of Ameritrade common stock in the tender offer to be made by TD following consummation of the acquisition of TD Waterhouse and in which J. Joe Ricketts may participate as a co-bidder.

In arriving at its opinion, Citigroup reviewed the share purchase agreement, the Canadian purchase agreement, the stockholders agreement and the voting agreement and held discussions with senior officers, directors and other representatives and advisors of Ameritrade and senior officers and other representatives of TD and TD Waterhouse concerning the business, operations and prospects of Ameritrade and TD Waterhouse. Citigroup examined publicly available business and financial information relating to Ameritrade and TD Waterhouse, as well as financial forecasts and other information and data relating to Ameritrade and TD Waterhouse which were provided to or otherwise reviewed by or discussed with Citigroup by the respective managements of Ameritrade, TD and TD Waterhouse, including information relating to the potential strategic implications and operational benefits anticipated by the managements of Ameritrade, TD and TD Waterhouse to result from the acquisition of TD Waterhouse, including adjustments to the forecasts and other information and data relating to TD Waterhouse discussed with Citigroup by the management of Ameritrade. Citigroup reviewed the financial terms of the acquisition of TD Waterhouse as set forth in the share purchase agreement in relation to, among other things:

current and historical market prices and trading volumes of Ameritrade common stock;

the historical and projected earnings and other operating data of Ameritrade and TD Waterhouse; and

the capitalization and financial condition of Ameritrade and TD Waterhouse.

Citigroup considered, based upon publicly available information and information provided by the management of Ameritrade, the financial terms of other transactions that Citigroup considered relevant in evaluating the acquisition of TD Waterhouse and analyzed financial, stock market and other publicly available information relating to the businesses of other companies whose operations Citigroup considered relevant in evaluating those of Ameritrade and TD Waterhouse. Citigroup also evaluated the pro forma financial effects of the acquisition of TD Waterhouse on Ameritrade. In addition to the foregoing, Citigroup conducted such other analyses and examinations and considered such other information and financial, economic and market criteria as Citigroup deemed appropriate in arriving at its opinion.

In rendering its opinion, Citigroup assumed and relied, without independent verification, upon the accuracy and completeness of all financial and other information and data publicly available or provided to or otherwise reviewed by or discussed with it and upon the assurances of the managements of Ameritrade, TD and TD Waterhouse that they were not aware of any relevant information that was omitted or that remained undisclosed to Citigroup. With respect to financial forecasts and other information and data relating to Ameritrade and TD Waterhouse provided to or otherwise reviewed by or discussed with it, and, in the case of potential pro forma effects of, and strategic implications and operational benefits resulting from, the acquisition of TD Waterhouse, Citigroup was advised by the respective managements of Ameritrade, TD and TD Waterhouse that such forecasts and other information and data were reasonably prepared on bases reflecting the best currently available estimates and judgments of the managements of Ameritrade, TD and TD Waterhouse as to the future financial performance of Ameritrade and TD Waterhouse and assumed, with the consent of the Ameritrade board of directors and the special committee, that the financial results (including the potential strategic implications and operational benefits anticipated to result from the acquisition of TD Waterhouse) reflected in such forecasts and other information and data will be realized in the amounts and at the

times projected. Citigroup assumed, with

the consent of the Ameritrade board of directors and the special committee, that the acquisition of TD Waterhouse will be consummated in accordance with its terms, without waiver, modification or amendment of any material term, condition or agreement and that, in the course of obtaining the necessary regulatory or third party approvals, consents and releases for the acquisition of TD Waterhouse, no delay, limitation, restriction or condition will be imposed that would have an adverse effect on Ameritrade or TD Waterhouse or the contemplated benefits of the acquisition of TD Waterhouse. Citigroup also assumed that the Canadian share purchase will be consummated in accordance with the terms of the Canadian purchase agreement.

Citigroup's opinion relates to the relative values of Ameritrade and TD Waterhouse after giving effect to the Canadian share purchase and the Reorganization. Citigroup did not express any opinion as to the price at which the Ameritrade common stock will trade at any time. Citigroup did not make and was not provided with an independent evaluation or appraisal of the assets or liabilities (contingent or otherwise) of Ameritrade or TD Waterhouse, nor did Citigroup make any physical inspection of the properties or assets of Ameritrade or TD Waterhouse.

Citigroup was familiar with the discussions that the management of Ameritrade engaged in with E*TRADE regarding a possible merger with E*TRADE. Citigroup expressed no view as to, and its opinion did not address, the relative merits of the acquisition of TD Waterhouse as compared to any alternative business strategies or transactions that might exist for Ameritrade or the effect of any other transaction in which Ameritrade might engage, including any transaction with E*TRADE. Citigroup's opinion relates solely to the fairness, from a financial point of view, as of June 22, 2005, of the consideration to be paid by Ameritrade in the acquisition of TD Waterhouse, and does not address any other matter, including the terms of the Canadian share purchase, the stockholders agreement or the tender offer to be made by TD following the consummation of the acquisition of TD Waterhouse and in which J. Joe Ricketts may participate as a co-bidder and Citigroup expressed no view as to the price per share of Ameritrade common stock to be paid pursuant to the tender offer or whether any Ameritrade stockholder should tender shares of Ameritrade common stock in the tender offer. Citigroup's opinion was necessarily based upon information available to it, and financial, stock market and other conditions and circumstances existing, as of the date of its opinion.

In connection with rendering its opinion, Citigroup made a presentation to the Ameritrade board of directors and the special committee on June 22, 2005 with respect to the material financial analyses performed by Citigroup in evaluating the fairness of the consideration to Ameritrade as of the date of Citigroup's opinion. The following is a summary of that presentation. The summary includes information presented in tabular format. In order to understand fully the financial analyses used by Citigroup, these tables must be read together with the text of each summary. The tables alone do not constitute a complete description of the financial analyses. The following quantitative information, to the extent it is based on market data, is, except as otherwise indicated, based on market data as it existed at or prior to June 21, 2005, and is not necessarily indicative of current or future market conditions.

References to fiscal years refer to actual September fiscal years for Ameritrade and references to September fiscal years refer to twelve-month periods ended September 30 for each of TD Waterhouse, The Charles Schwab Corporation and E*TRADE.

Indicated Transaction Multiples

Citigroup calculated various multiples resulting from the acquisition of TD Waterhouse. These calculations were based on financial analyses and forecasts for TD Waterhouse prepared by Ameritrade management after giving pro forma effect to the Reorganization. Citigroup calculated the multiple of the implied transaction value based on the closing price of Ameritrade common stock on May 4, 2005 (the last trading day prior to press reports regarding E*TRADE's proposal to merge with Ameritrade) and June 21, 2005 to TD Waterhouse's September fiscal 2005 estimated revenue, pre-tax income prior to advertising expense and net income and to TD Waterhouse's September fiscal 2006 estimated net income. Citigroup also calculated the multiple of the implied transaction value to September fiscal 2005 and

September fiscal 2006 estimated net income assuming fully phased-in pre-tax cost and revenue synergies of \$378 million and \$200 million, respectively.

The following table presents the results of these calculations:

Comparable Companies Analysis

Citigroup reviewed market values and trading multiples for the following three publicly held companies in the on-line brokerage industry and compared them with financial data for TD Waterhouse prepared by Ameritrade management, which gave pro forma effect to the Reorganization:

The Charles Schwab Corporation

E*TRADE; and

Ameritrade.

All multiples were based on closing stock prices on May 4, 2005, the last trading day before press reports regarding E*TRADE's proposal to merge with Ameritrade. The forecasted financial information used by Citigroup for the selected comparable companies in the course of this analysis was based on information it obtained from Institutional Brokers Estimate System, or IBES, estimates. Given that the multiples derived from this comparable companies analysis for The Charles Schwab Corporation and E*TRADE were based on Wall Street consensus estimates, the forecasted financial information used by Citigroup for Ameritrade also was based on Wall Street consensus estimates. IBES is a database owned and operated by Thomson Financial, which contains estimated and actual earnings, cash flows, dividends, sales and pre-tax income data for companies in the U.S., Europe, Asia and emerging markets.

For each of the selected comparable companies, Citigroup derived and compared, among other things: the ratio of price to last twelve months earnings, September fiscal 2005 estimated earnings, next twelve months estimated earnings, and September fiscal 2006 estimated earnings;

the ratio of firm value to September fiscal 2005 and September fiscal 2006 estimated revenue; and

the ratio of firm value to September fiscal 2005 and September fiscal 2006 estimated earnings before interest, taxes, depreciation and amortization (EBITDA).

Based on this analysis, Citigroup derived a reference range for the implied equity value of TD Waterhouse, after giving pro forma effect to the Reorganization, of approximately \$1.3 billion to \$1.5 billion. Citigroup calculated that this range of implied equity value would result in implied equity ownership by TD in the combined company, calculated by dividing the implied equity valuation by the sum of Ameritrade's market capitalization as of May 4, 2005 and the implied equity valuation, of approximately 23% to 25%.

Precedent Transactions Analysis

Citigroup reviewed multiples of price paid to last twelve months revenues and number of funded accounts based upon non-public information provided by Ameritrade regarding five acquisition transactions in the on-line brokerage industry. Based upon this information and financial data for TD Waterhouse prepared by Ameritrade management, Citigroup derived a reference range for the implied equity value of TD Waterhouse, after giving pro forma effect to the Reorganization, of approximately \$1.6 billion to \$2.3 billion. Citigroup calculated that this range of implied equity value would result in a range of implied equity ownership by TD in the combined company, calculated by dividing the implied equity valuation by the sum of Ameritrade's market capitalization as of May 4, 2005 and the implied equity valuation, of approximately 26% to 34%. Based upon the transaction multiples for the single precedent transaction Citigroup believed to be most comparable to the acquisition of TD Waterhouse, Citigroup derived a reference range for the implied equity value of TD Waterhouse of approximately \$2.7 billion to \$3.2 billion, which would result in a range of implied equity ownership by TD in the combined company of approximately 38% to 42%. Based upon the transaction multiples for all precedent transactions reviewed by Citigroup, Citigroup derived a reference range for the implied equity value of TD Waterhouse of approximately \$1.6 billion to \$2.3 billion, which would result in a range of implied equity ownership by TD in the combined company of approximately 26% to 34%.

Discounted Cash Flow Analysis

Citigroup performed a discounted cash flow analysis to calculate the estimated present value of the standalone unlevered, after-tax free cash flows that TD Waterhouse could generate over September fiscal 2005 through September fiscal 2009 based upon estimated financial data for TD Waterhouse prepared by Ameritrade management, which gave pro forma effect to the Reorganization. Citigroup also performed a discounted cash flow analysis to calculate the estimated present value of the unlevered, after-tax free cash flows that TD Waterhouse could generate over the same period taking into account 100% of approximately \$378 million in annual cost savings synergies estimated by Ameritrade management to result from the acquisition of TD Waterhouse, phased-in at 33.8% in fiscal 2006, 87.5% in fiscal 2007 and 100% in fiscal

Table of Contents

2008. In addition, Citigroup performed a discounted cash flow analysis to calculate the estimated present value of the unlevered, after-tax free cash flows that TD Waterhouse could generate over the same period taking into account 100% of approximately \$378 million in annual cost savings synergies, phased-in as described above, and approximately \$161 million in annual revenue synergies (net of attrition) estimated by Ameritrade management to result from the acquisition of TD Waterhouse, phased-in at 56.6% in fiscal 2006, 97.1% in fiscal 2007 and 100% in fiscal 2008.

In each case, Citigroup calculated a range of estimated terminal values by applying a range of terminal net income multiples of 13.5x - 15.5x to TD Waterhouse's September fiscal 2009 estimated net income. The present value of the cash flows and terminal values were calculated using discount rates ranging from 13.2% to 15.2%. This analysis indicated the following approximate implied equity value reference ranges for TD Waterhouse and implied equity ownership ranges for TD in the combined company as compared to the actual equity ownership of TD following the acquisition of TD Waterhouse.

	Implied Equity Value Reference Range (\$ in millions)	Implied TD Equity Ownership Range	Actual TD Equity Ownership Following Acquisition of TD Waterhouse
TD Waterhouse Standalone	\$ 1,700 - \$1,800	28% - 29%	32%
TD Waterhouse with 100% of Cost Synergies	\$ 3,900 - \$4,300	47% - 49%	32%
TD Waterhouse with 100% of Cost and Revenue Synergies	\$ 4,900 - \$5,400	52% - 55%	32%

Contribution Analysis

Based upon historical operating and financial information for the 12 months ended March 2005 and Ameritrade and TD Waterhouse management estimates of future operating and financial information for fiscal 2005 for Ameritrade and September fiscal 2005 for TD Waterhouse, in each case after giving effect to the Canadian share purchase and the Reorganization, respectively, Citigroup reviewed the implied ownership percentages of TD in the combined company based upon the relative contribution of TD Waterhouse to the combined company on a pro forma basis in terms of daily average revenue trades (DARTs), client accounts, revenue, pre-tax income and pre-tax income prior to advertising expense. Citigroup compared the results of this analysis with implied ownership percentages in the combined company for TD derived from the analyses described above under Comparable Companies Analysis, Precedent Transactions Analysis and Discounted Cash Flow Analysis.

Citigroup calculated the overall mean of the implied TD ownership percentages based upon the foregoing analysis, without taking into account any cost savings or revenue synergies. Citigroup also calculated this overall mean applying to TD Waterhouse 50% and 100%, respectively, of the approximate \$3.4 billion estimated present value of the approximately \$378 million in annual cost savings synergies, phased-in at 33.8% in fiscal 2006, 87.5% in fiscal 2007 and 100% in fiscal 2008, and approximately \$161 million in annual revenue synergies (net of attrition) estimated by Ameritrade management to result from the acquisition of TD Waterhouse, phased-in at 56.6% in fiscal 2006, 97.1% in fiscal 2007 and 100% in fiscal 2008, based upon a terminal multiple of 14.5x fiscal 2009 total after-tax synergies and a discount rate of 14.2%.

Pro Forma Merger Analysis

Citigroup analyzed the pro forma impact of the acquisition of TD Waterhouse on projected earnings per share (EPS) for Ameritrade, based upon earnings estimates prepared by Ameritrade management. The effect on EPS was calculated using various assumptions, including the following:

the transaction closing date is September 30, 2005;

incurrence of approximately \$1.9 billion in indebtedness to pay the special dividend;

approximately \$378 million in annual pre-tax cost savings synergies, phased-in at 33.8% in fiscal 2006, 87.5% in fiscal 2007 and 100% in fiscal 2008, and approximately \$161 million in annual pre-tax revenue synergies (net of attrition), phased-in at 56.6% in fiscal 2006, 97.1% in fiscal 2007 and 100% in fiscal 2008;

100% of available cash flow (determined based on Ameritrade management estimates) is used to pay-down indebtedness, and 99% of any remaining cash flow is used to repurchase shares of Ameritrade common stock; and

amortization expense of approximately \$38.1 million pre-tax per year of purchase price attributed to identifiable intangibles over 20 years.

Table of Contents

For each of fiscal years 2006, 2007 and 2008, Citigroup compared the EPS of Ameritrade common stock to the EPS, on both a GAAP basis and a cash basis, of the combined company common stock using the foregoing assumptions. The following table sets forth the results of this analysis:

	GAAP Basis Accretion/ (Dilution)	Cash Basis Accretion/ (Dilution)
2006E EPS	(10.6)%	(6.8)%
2007E EPS	17.8%	20.5%
2008E EPS	25.1%	27.3%

Internal Rate of Return Analysis

Based upon estimated financial data for TD Waterhouse, after giving effect to the Reorganization, prepared by Ameritrade management, Citigroup calculated Ameritrade's internal rate of return over the four fiscal years ended 2009 assuming a transaction value of approximately \$2.9 billion based on the closing price of the Ameritrade common stock of \$14.82 on June 21, 2005. Citigroup calculated internal rates of return (IRR) by applying a range of terminal net income multiples of 13.5x to 15.5x to estimated fiscal 2009 net income (1) without synergies, (2) assuming 100% of cost savings synergies, and (3) assuming 100% of cost savings and revenue synergies.

The following table sets forth the results of this analysis:

	IRR Range	
	13.5x Terminal Multiple	15.5x Terminal Multiple
No Synergies	(1.5)%	1.5%
Cost Savings Only	27.9%	31.7%
Cost Savings and Revenue Synergies	36.8%	40.8%

Current Equity Value Analysis

Based upon an implied market capitalization of Ameritrade of approximately \$4.4 billion and an implied transaction value of approximately \$2.1 billion, in each case based upon the closing price of Ameritrade common stock of \$10.78 on May 4, 2005, and taking into account the present value of the fully phased-in cost savings and revenue synergies estimated by Ameritrade management described under Contribution Analysis above and assuming that \$5.00 per share of the special dividend will be funded with debt, Citigroup calculated an illustrative value per share of Ameritrade common stock of \$18.93, giving effect to the special dividend and the acquisition of TD Waterhouse. Citigroup also calculated an illustrative value per share of Ameritrade common stock of \$19.28, assuming the acquisition by TD of additional shares of Ameritrade common stock, resulting in TD owning 39.9% of the outstanding shares of TD Ameritrade common stock, pursuant to the contemplated post-closing tender offer.

Present Value of Potential Stock Price Analysis

Citigroup calculated an illustrative present value per share of Ameritrade common stock of \$19.57 based upon Ameritrade management's forecast fiscal 2008 earnings per share, Ameritrade's multiple of price to next 12 months earnings per share as of May 6, 2005, a discount rate of 14.5% and an assumed special dividend of \$6.00 per share. Citigroup also calculated an illustrative value per share of \$19.93, assuming the acquisition by TD of additional shares of Ameritrade common stock, resulting in TD owning 39.9% of the outstanding shares of TD Ameritrade common stock, pursuant to the contemplated post-closing tender offer.

premiums to market prices per share paid in acquisitions of minority stakes of 21 public companies since 1995, 17 Dutch Auction self-tender offers since 2002 and four fixed price partial tender offers since July, 2003.

Based on the analyses described above, Citigroup determined that the consideration to be paid by Ameritrade in the acquisition of TD Waterhouse was fair, from a financial point of view, as of the date of the opinion, to Ameritrade.

Citigroup's advisory services and opinion were provided for the information of the Ameritrade board of directors and the special committee in connection with their evaluation of the proposed acquisition of TD Waterhouse and did not constitute a recommendation of the acquisition of TD Waterhouse to the Ameritrade board of directors or the special committee or a recommendation to any stockholder regarding how such stockholder should vote or act on any matters relating to the acquisition of TD Waterhouse, including whether any stockholder should tender shares of Ameritrade common stock in the tender offer to be made by TD following consummation of the acquisition of TD Waterhouse and in which J. Joe Ricketts may participate as a co-bidder.

The preceding discussion is a summary of the material financial analyses furnished by Citigroup to the Ameritrade board of directors and the special committee, but it does not purport to be a complete description of the analyses performed by Citigroup or of its presentation to the Ameritrade board of directors and the special committee. The preparation of financial analyses and fairness opinions is a complex process involving subjective judgments and is not necessarily susceptible to partial analysis or summary description. Citigroup made no attempt to assign specific weights to particular analyses or factors considered, but rather made qualitative judgments as to the significance and relevance of all the analyses and factors considered and determined to give its fairness opinion as described above. Accordingly, Citigroup believes that its analyses, and the summary set forth above, must be considered as a whole, and that selecting portions of the analyses and of the factors considered by Citigroup, without considering all of the analyses and factors, could create a misleading or incomplete view of the processes underlying the analyses conducted by Citigroup and its opinion. With regard to the comparable companies and precedent transactions analyses summarized above, Citigroup selected comparable public companies and precedent transactions on the basis of various factors, including size and similarity of the line of business of the relevant entities; however, no company utilized in these analyses is identical to TD Waterhouse and no precedent transaction is identical to the acquisition of TD Waterhouse. As a result, these analyses are not purely mathematical, but also take into account differences in financial and operating characteristics of the subject companies and other factors that could affect the acquisition of TD Waterhouse or public trading value of the subject companies to which TD Waterhouse is being compared.

Table of Contents

In its analyses, Citigroup made numerous assumptions with respect to Ameritrade, TD, TD Waterhouse, industry performance, general business, economic, market and financial conditions and other matters, many of which are beyond the control of Ameritrade, TD and TD Waterhouse. Any estimates contained in Citigroup's analyses are not necessarily indicative of actual values or predictive of future results or values, which may be significantly more or less favorable than those suggested by these analyses. Estimates of values of companies do not purport to be appraisals or necessarily to reflect the prices at which companies may actually be sold. Because these estimates are inherently subject to uncertainty, none of Ameritrade, TD, TD Waterhouse, the Ameritrade board of directors, the special committee, Citigroup or any other person assumes responsibility if future results or actual values differ materially from the estimates.

Citigroup's analyses were prepared solely as part of Citigroup's analysis of the fairness of the consideration to be paid by Ameritrade in the acquisition of TD Waterhouse and were provided for the information of the Ameritrade board of directors and the special committee in that connection. The opinion of Citigroup was only one of the factors taken into consideration by the Ameritrade board of directors and the special committee in making its determination to approve the purchase agreement and the acquisition of TD Waterhouse. See *The Transaction Ameritrade's Reasons for the Transaction* beginning on page 48.

Citigroup is an internationally recognized investment banking firm engaged in, among other things, the valuation of businesses and their securities in connection with mergers and acquisitions, restructurings, leveraged buyouts, negotiated underwritings, competitive biddings, secondary distributions of listed and unlisted securities, private placements and valuations for estate, corporate and other purposes. Ameritrade and the special committee selected Citigroup to act as their financial advisor in connection with the acquisition of TD Waterhouse on the basis of Citigroup's international reputation and Citigroup's familiarity with Ameritrade and TD Waterhouse.

Pursuant to its engagement letter with Ameritrade and the special committee, Ameritrade agreed to pay Citigroup a fee of \$7.5 million, of which \$240,000 became payable upon execution of the February 13, 2005 engagement letter, \$500,000 became payable upon execution of the May 11, 2005 engagement letter and \$2 million of which became payable upon execution of the share purchase agreement and delivery of Citigroup's opinion. The balance is payable promptly upon consummation of the acquisition of TD Waterhouse. Ameritrade has also agreed to indemnify Citigroup against specific liabilities and expenses relating to or arising out of its engagement, including liabilities under the federal securities laws. Citigroup and its affiliates in the past have provided services to Ameritrade, TD and their respective affiliates unrelated to the acquisition of TD Waterhouse, for which services Citigroup and its affiliates have received compensation including, without limitation, advising Ameritrade on its acquisition of National Discount Brokers Corporation from Deutsche Bank in 2001 and on its acquisition of Datek in 2002, acting as a joint bookrunner on a \$543 million secondary offering of Ameritrade stock in 2003, executing secondary market transactions for selling stockholders of Ameritrade in 2004, executing derivative structures in 2001 and 2003, acting as underwriter in connection with the initial public offering of TD Waterhouse in 1999, and acting as financial advisor to a special committee of the board of directors of TD Waterhouse in connection with the tender offer by TD and Waterhouse Holdings, Inc. for all of the outstanding shares of TD Waterhouse in 2001. Subsequent to Ameritrade's announcement of its proposed acquisition of TD Waterhouse and Citigroup's rendering of its opinion, Ameritrade requested Citigroup to assist it in raising debt financing in connection with the special dividend and for other corporate purposes, and Citigroup is acting as sole bookrunner in connection with the offering by Ameritrade of approximately \$2 billion of debt financing. In the ordinary course of its business, Citigroup and its affiliates may actively trade or hold the securities of Ameritrade and TD for its own account or for the account of its clients and, accordingly, may at any time hold a long or short position in such securities. Subsequent to Ameritrade's announcement of its proposed acquisition of TD Waterhouse and Citigroup's rendering of its opinion, Citigroup was approached by TA Associates with respect to a possible forward sale transaction involving shares of our stock held by TA Associates. Ameritrade has approved the participation by Citigroup (or an affiliate of Citigroup) in the execution of any such hedging transaction. In addition, Citigroup and its

Table of Contents

affiliates (including Citigroup Inc. and its affiliates) may maintain relationships with Ameritrade, TD and their respective affiliates.

Interests of Ameritrade's Executive Officers and Directors in the Transaction

When you are considering our board of directors' recommendation to vote in favor of the proposals (and sub-proposals) presented in this proxy statement, you should be aware that Ameritrade's directors and executive officers have interests in the transactions contemplated by the acquisition of TD Waterhouse which may be in addition to, or different from, your interests. The Ameritrade board of directors was aware of these factors and considered them, among other matters, in approving the share purchase agreement, the transactions contemplated thereby and the proposed amendment and restatement of Ameritrade's certificate of incorporation. These interests are described below.

New or Amended Employment Agreements

We expect that Mr. Moglia will continue to serve as Chief Executive Officer of TD Ameritrade and that J. Joe Ricketts will continue to serve as Chairman of TD Ameritrade. Ameritrade is currently negotiating a new employment agreement with Mr. Moglia with respect to his continued employment. In addition, Ameritrade may negotiate and enter into, prior to the closing, and after consultation with TD, new or amended employment agreements with other executive officers.

Stockholders Agreement and Registration Rights Agreement

Under the terms of the stockholders agreement, the Ricketts holders have, among other things, specified rights relating to board representation and the ability to acquire additional TD Ameritrade securities to maintain their share ownership, including the right to purchase up to their respective proportionate share of future issuances of TD Ameritrade common stock, other than in connection with TD Ameritrade common stock issued as consideration in an acquisition by TD Ameritrade and certain other issuances specified in the stockholders agreement. The Ricketts holders also have the right to approve candidates for the outside independent director positions on the TD Ameritrade board of directors.

Furthermore, under the terms of the amended and restated registration rights agreement, specified Ameritrade directors or their affiliates, including J. Joe Ricketts, and the SLP holders, which are affiliated with Glenn H. Hutchins and Michael J. Bingle, will continue to be entitled to registration rights with respect to their securities of TD Ameritrade. In addition, upon the withdrawal of certain of those affiliated entities from the registration rights agreement, the Ricketts holders will receive additional registration rights with respect to their Ameritrade common stock. Ameritrade has also agreed to provide the Ricketts holders and certain entities affiliated with Glenn H. Hutchins and Michael J. Bingle with "piggy back" registration rights, such that if at any time Ameritrade proposes to file a registration statement with respect to any offering of its securities for its own account or for the account of any stockholder who holds its securities (subject to certain exceptions), then Ameritrade must give written notice of such proposed filing to all holders of registrable securities, and such notice shall offer the holders of such registrable securities the opportunity to register such number of registrable securities as each such holder may request in writing.

Ownership of Ameritrade Common Stock

In connection with the acquisition of TD Waterhouse, directors and executive officers of Ameritrade, who beneficially own approximately 125,509,352 shares of Ameritrade common stock as of September 2, 2005 will receive an aggregate of approximately \$753.1 million as a result of the payment of the proposed special dividend of \$6.00 per share assuming the timely exercise of all vested options. The beneficial ownership of directors and executive officers of Ameritrade includes options to purchase 15,011,909 shares of Ameritrade common stock exercisable within 60 days of September 2, 2005. In particular, based on J. Joe Ricketts' beneficial ownership of Ameritrade common stock as of September 2, 2005, Mr. Ricketts will receive approximately \$535.9 million as a result of the payment of the proposed special dividend, assuming timely exercise of all vested options.

Table of Contents

In connection with the proposed special dividend, Ameritrade will adjust outstanding equity awards under its stock option plans to preserve the pre-dividend economic value of the award after payment of the special dividend. As of September 2, 2005, directors and executive officers of Ameritrade collectively held options (vested and unvested) to purchase 16,414,002 shares of common stock. These options will be adjusted unless exercised prior to the ex-dividend date.

In addition, following the closing of the acquisition of TD Waterhouse, J. Joe Ricketts, if he elects to participate as a co-bidder with TD, will commence a tender offer, at a price of at least \$16 per share (on an ex-dividend basis), for a number of shares of TD Ameritrade common stock such that, upon successful completion of the offer, J. Joe Ricketts and his affiliates will collectively own up to 29% of the outstanding TD Ameritrade common stock.

Other than as set forth above, no director or executive officer of Ameritrade has any direct or indirect material interest in the acquisition of TD Waterhouse, except insofar as ownership of Ameritrade common stock might be deemed such an interest. See *Stock Ownership of Certain Beneficial Owners and Management of Ameritrade* beginning on page 184.

Directors and Management of TD Ameritrade Following the Acquisition of TD Waterhouse

Composition of TD Ameritrade Board of Directors Following the Completion of the Transaction

Ameritrade's board of directors is currently comprised of eight directors and divided into three classes, with each class serving a staggered three-year term. Following the completion of the acquisition of TD Waterhouse, the board of directors of TD Ameritrade will continue to be classified into three classes, with each class serving staggered, three-year terms. The board of directors will consist of 12 members, and the persons to be nominated for election as directors of TD Ameritrade will be designated as follows:

the Ricketts holders will have the right to designate three directors, initially J. Joe Ricketts, J. Peter Ricketts and Thomas S. Ricketts (each of whom will be assigned to a different class of directors, as designated by the Ricketts holders);

TD will initially have the right to designate five directors (one of whom will be a class I director, two of whom will be class II directors and two of whom will be class III directors, as designated by TD);

the individual serving as chief executive officer of TD Ameritrade, who will initially be Joseph H. Moglia (who will be a class I director); and

three of the directors will be outside independent directors, who will initially be Michael D. Fleisher, Glenn H. Hutchins, and Michael J. Bingle (each of whom will be assigned to a different class of directors, as mutually agreed among themselves prior to the closing of the acquisition of TD Waterhouse).

The right of each of TD and the Ricketts holders to designate directors is subject to their maintenance of specified ownership thresholds of TD Ameritrade common stock as set forth in the stockholders agreement. The stockholders agreement also sets forth procedures by which outside director vacancies will be filled. See *Proposal No. 1: The Issuance of Shares Under the Share Purchase Agreement - Certain Agreements Related to the Acquisition of TD Waterhouse - Stockholders Agreement* beginning on page 91.

Controlled Company Exemption

Following the completion of the acquisition of TD Waterhouse, we expect that TD Ameritrade will qualify as a controlled company, as that term is defined by Rule 4350(c) of the NASD Marketplace Rules. A controlled company is a company of which more than 50% of the voting power is held by an individual, group or another company. Immediately after the completion of Ameritrade's acquisition of TD Waterhouse, TD and the Ricketts holders will collectively own more than 50% of the voting power of the outstanding common stock of TD Ameritrade. Accordingly, we believe that TD Ameritrade will be

Table of Contents

exempt from the requirements of NASD Rule 4350(c) that would otherwise require TD Ameritrade to have:

a majority of independent directors;

a compensation committee composed solely of independent directors;

a nominating committee composed solely of independent directors;

compensation of our executive officers determined by a majority of independent directors or a compensation committee composed solely of independent directors; and

director nominees selected, or recommended for the board of directors selection, either by a majority of the independent directors or a nominating committee composed solely of independent directors.

Management of TD Ameritrade following the Acquisition of TD Waterhouse

We expect that Mr. Moglia will continue to serve as Chief Executive Officer of TD Ameritrade, that J. Joe Ricketts will continue to serve as Chairman of TD Ameritrade and that W. Edmund Clark will serve as Vice Chairman of TD Ameritrade.

Certain Material U.S. Federal Income Tax Consequences

The following is a summary of the material U.S. federal income tax consequences of the acquisition of TD Waterhouse, including the special dividend, which are applicable to holders of Ameritrade common stock. This summary is based on the provisions of the Code, the Treasury Regulations promulgated thereunder, judicial decisions, administrative rulings and other legal authorities, all as of the date hereof and all of which are subject to change, possibly with retroactive effect. This summary does not address all of the U.S. federal income tax consequences that may be relevant to a holder of Ameritrade common stock, including holders who, in light of their particular circumstances, may be subject to special rules, including, without limitation, mutual funds, retirement plans, financial institutions, partnerships or other pass through entities for U.S. federal income tax purposes, tax-exempt organizations, insurance companies, dealers in securities, traders who mark to market, expatriates, stockholders who hold their Ameritrade common stock as part of a straddle, hedge or conversion transaction, corporations that accumulate earnings to avoid U.S. federal income tax, controlled foreign corporations, passive foreign investment companies and stockholders who are subject to the alternative minimum tax. This discussion assumes that stockholders hold their Ameritrade common stock as capital assets within the meaning of Section 1221 of the Code. In addition, the discussion does not address any aspect of state, local, non-U.S. or other federal taxation that may be applicable to a particular holder of Ameritrade common stock.

EACH HOLDER OF AMERITRADE COMMON STOCK SHOULD CONSULT HIS, HER OR ITS OWN TAX ADVISORS TO DETERMINE THE UNITED STATES FEDERAL INCOME TAX CONSEQUENCES APPLICABLE TO SUCH HOLDER AS A RESULT OF THE ACQUISITION OF TD WATERHOUSE, INCLUDING THE SPECIAL DIVIDEND, AND ANY STATE, LOCAL, NON-UNITED STATES OR OTHER FEDERAL TAX CONSEQUENCES RELEVANT TO SUCH HOLDER AS A RESULT OF THE ACQUISITION OF TD WATERHOUSE, INCLUDING THE SPECIAL DIVIDEND.

If a partnership holds Ameritrade common stock, the tax treatment of a partner will generally depend on the status of the partners and the activities of the partnership. If you are a partner of a partnership holding Ameritrade common stock, you should consult your tax advisor.

Table of Contents

For purposes of the following discussion, a U.S. holder is a holder of Ameritrade common stock who, for U.S. federal income tax purposes, is:

a citizen or resident of the U.S.;

a corporation or other entity taxable as a corporation for U.S. federal income tax purposes, created or organized in or under the laws of the U.S. or of any state or under the laws of the District of Columbia;

an estate, the income of which is subject to federal income taxation regardless of its source; or

a trust (1) whose administration is under the primary supervision of a U.S. court and with respect to which one or more U.S. persons have the authority to control all substantial decisions of the trust or (2) has a valid election in effect under applicable U.S. Treasury Regulations to be treated as a U.S. person.

A non-U.S. holder is a person (other than a partnership) that is not a U.S. holder.

The Acquisition of TD Waterhouse and the Sale of Ameritrade Canada

Ameritrade's purchase of all of the capital stock of TD Waterhouse pursuant to the share purchase agreement will not result in the recognition of gain or loss by holders of Ameritrade common stock. Similarly, Ameritrade's sale of all of the capital stock of Ameritrade Canada to TD Waterhouse Canada Inc. pursuant to the Canadian purchase agreement will not result in the recognition of gain or loss by holders of Ameritrade common stock.

The Special Dividend

Taxation of U.S. Holders

A portion of the special dividend will be treated as qualified dividend income to the extent paid out of Ameritrade's current or accumulated earnings and profits, as determined under the Code, for the calendar year in which the special dividend is paid. The portion of the special dividend that will be taxable as qualified dividend income will not be determined until after December 31 of the year in which the special dividend is paid. With the assumption that current market conditions continue through the end of calendar year 2005, and that the special dividend is paid by December 31, 2005, based on preliminary estimates of Ameritrade's earnings and profits for tax purposes, it is anticipated that between approximately 25% to 30% of the special dividend received by each holder of Ameritrade common stock will be treated as qualified dividend income for United States federal income tax purposes. The portion of the special dividend that will be taxable as qualified dividend income may be more or less than these estimated percentages, depending on the actual results of Ameritrade's operations through the close of the 2005 calendar year, if the special dividend is paid in 2005, or the 2006 calendar year, if the special dividend is paid in 2006. Any portion of the special dividend in excess of each holder's pro rata share of Ameritrade's earnings and profits will be treated first as a tax-free return of capital up to each holder's basis in its shares of Ameritrade common stock, with any remainder treated as a capital gain.

A non-corporate U.S. holder of Ameritrade common stock may be eligible to be taxed at a 15% (or lower) federal income tax rate on any portion of the special dividend constituting qualified dividend income for U.S. federal income tax purposes, provided that a minimum holding period and other requirements are satisfied. The 15% (or lower) tax rate for qualified dividend income is available only if the shares of Ameritrade common stock have been held for at least 61 days during the 121-day period beginning 60 days before the ex-dividend date.

U.S. holders that are domestic corporations may generally be eligible for a dividends received deduction with respect to the portion of the special dividend constituting a dividend for U.S. federal income tax purposes, subject to certain limitations.

Table of Contents

The portion of the special dividend that is treated as a dividend for U.S. federal income tax purposes may also be considered extraordinary depending on the facts and circumstances of the holder. Treatment of the dividend as extraordinary may affect an individual U.S. holder's characterization of the sale of its Ameritrade common stock and a corporate holder's basis in its Ameritrade common stock.

Generally, information reporting requirements will apply to the payment of the special dividend, and the payor of the special dividend will be required to collect backup withholding at a rate of 28%, unless the U.S. holder provides the payor with its correct taxpayer identification number and certifies that such holder is not subject to or is exempt from backup withholding. Certain U.S. holders, including corporations, are generally exempt from backup withholding. Backup withholding is not an additional tax and any amounts withheld under the backup withholding rules from a payment to a U.S. holder will be allowed as a credit against such holder's U.S. federal income tax liability, if any, and may entitle the holder to a refund provided that such holder furnishes the required information to the IRS in a timely manner.

Taxation of Non-U.S. Holders

The special dividend will generally be subject to withholding of U.S. federal income tax on a gross basis at a rate of 30% or such lower rate as may be specified by an applicable income tax treaty between the U.S. and the non-U.S. holder's country of tax residence, unless the special dividend is treated as effectively connected with the conduct by the non-U.S. holder of a U.S. trade or business. In order for a lower withholding rate to apply pursuant to an applicable income tax treaty, the non-U.S. holder must provide the payor with certification on IRS Form W-8BEN, Certificate of Foreign Status of Beneficial Owner for U.S. Tax Withholding, establishing such holder's non-U.S. status and beneficial ownership of the Ameritrade common stock and claiming a reduced rate of dividend withholding. The non-U.S. holder must generally include a U.S. taxpayer identification number on the IRS Form W-8BEN. If the special dividend is effectively connected with a U.S. trade or business, the non-U.S. holder will be exempt from withholding and will instead be subject to tax on a net basis (that is, after allowance of deductions) at graduated rates and may also be subject to an additional branch profits tax at a rate of 30% or such lower rate as may be specified by an applicable income tax treaty. In order to claim such an exemption, the non-U.S. holder must provide the payor with certification on IRS Form W-8ECI, Certificate of Foreign Person's Claim for Exemption From Withholding on Income Effectively Connected With the Conduct of a Trade or Business in the U.S.

Non-U.S. holders that are intermediaries or partnerships must provide the payor with IRS Form W-8IMY, Certificate of Foreign Intermediary, Foreign Partnership, or Certain U.S. Branches for U.S. Tax Withholding, certifying that such holder is assuming primary responsibility for withholding and reporting pursuant to an agreement with the Internal Revenue Service, or establishing that such holder is not the beneficial owner of the Ameritrade common stock and is using the IRS Form W-8IMY to transmit the appropriate forms of the beneficial owners.

Non-U.S. holders that provide the payor with an IRS Form W-8ECI, IRS Form W-8BEN or IRS Form W-8IMY are generally exempt from the backup withholding requirements applicable to U.S. holders. Such forms may be obtained from the payor or from www.irs.gov.

Non-U.S. holders are strongly urged to consult their own tax advisors regarding their eligibility for reduced rates of withholding pursuant to an applicable income tax treaty and the certification requirements for claiming such reduced withholding rates.

Anticipated Accounting Treatment

The acquisition of TD Waterhouse will be accounted for using the purchase method of accounting under Statement of Financial Accounting Standards No. 141, *Business Combinations*. Ameritrade is the acquiring entity. Under the purchase method of accounting, the aggregate cost of the acquired entity, TD Waterhouse, will be allocated to the tangible and intangible assets acquired and liabilities assumed based on their estimated fair values, with any excess being recognized as goodwill. Under Statement of Financial Accounting Standards No. 142, *Goodwill and Other Intangible Assets*, goodwill will not be amortized, but will be subject to an impairment test at least annually.

Table of Contents

Regulatory Matters Related to the Acquisition of TD Waterhouse

TD and Ameritrade are required, under the Hart-Scott-Rodino Antitrust Improvements Act of 1976, to notify and furnish required information to the Antitrust Division of the U.S. Department of Justice and to the U.S. Federal Trade Commission prior to completing the acquisition of TD Waterhouse. We and TD have made these filings, but the acquisition of TD Waterhouse cannot be completed until the required waiting period (and any extension thereto) has expired or been earlier terminated.

TD and Ameritrade have furnished certain information to the NASD regarding the acquisition of TD Waterhouse in compliance with applicable requirements under NASD Membership and Registration Rules. The change of equity ownership of TD's and Ameritrade's broker-dealer subsidiaries resulting from the acquisition of TD Waterhouse requires NASD approval.

TD and Ameritrade have furnished certain information to the New York Stock Exchange regarding the acquisition of TD Waterhouse in compliance with applicable requirements under New York Stock Exchange Membership Rules. The closing of the acquisition of TD Waterhouse is subject to the furnished information being posted in the New York Stock Exchange's weekly bulletin to members. The furnished information must be posted for two consecutive weeks before the closing of the acquisition of TD Waterhouse can occur.

Under the Canadian Bank Act, TD is required to obtain the prior approval of the Canadian Minister of Finance to acquire beneficial ownership of more than 10% of the voting shares of Ameritrade, or to subsequently acquire any shares that would result in an increase in the size of its investment. TD has applied for the required approvals.

No Appraisal Rights

Under applicable law, Ameritrade stockholders do not have the right to an appraisal of the value of their shares in connection with the acquisition of TD Waterhouse.

Litigation Relating to the Transaction

In May 2005, four putative stockholder class action lawsuits were filed in the Court of Chancery of the State of Delaware against Ameritrade and the members of its board of directors. The complaints allege that the directors breached their fiduciary duties by, among other things, refusing to consider a business combination proposal from E*TRADE. The plaintiffs bring the lawsuits on behalf of themselves and other stockholders of Ameritrade and seek declaratory and injunctive relief, and unspecified damages. The four cases are captioned: *Judith Friedman v. J. Joe Ricketts, et al.*; *Margaret Carroll v. Ameritrade Holding Corporation, et al.*; *Irgun Shiurai Torah v. Ameritrade Holding Corporation, et al.*; and *Mirfred Partners LLC v. J. Joe Ricketts, et al.* By order entered May 31, 2005, the cases have been consolidated under the caption *In re Ameritrade Holding Corp. Shareholders Litigation*, Consolidated Civil Action No. 1346-N (Del. Ch.). Under the order, plaintiffs are to file a consolidated amended complaint and Ameritrade and its directors are not required to respond to the original complaints. To date, the plaintiffs have not filed a consolidated amended complaint. Ameritrade and the members of its board of directors believe that the lawsuits are without merit and intend to vigorously defend against them.

Treatment of TD Equity Awards Held by TD Waterhouse Employees

TD has agreed to retain and continue to expense and administer all outstanding options to acquire TD common shares that TD Waterhouse employees have been granted prior to the closing. However, with respect to restricted stock units relating to TD common shares which are to be settled in cash and which were granted by TD to TD Waterhouse employees, TD has agreed to transfer the vested liability with respect to such restricted stock units, and a corresponding offsetting hedge, to Ameritrade at closing so that Ameritrade will become responsible, up to a specified amount, for the liability associated with the unvested restricted stock units. TD has agreed to continue to administer the restricted stock unit program at its own expense after the closing.

Table of Contents

THE SPECIAL DIVIDEND

Under the terms of the share purchase agreement, the Ameritrade board of directors will declare a special dividend of \$6.00 per share if sufficient funds are available for the dividend and such declaration and payment is permitted by applicable law, which will only be payable if the acquisition of TD Waterhouse is completed. The board will declare the special dividend prior to the closing date, and the special dividend will have a record date prior to the closing date of the acquisition of TD Waterhouse. It is a condition to Ameritrade's and TD's obligation to consummate the acquisition of TD Waterhouse that Ameritrade (1) has available to it sufficient funds, and is permitted under applicable law, to pay the special dividend, and (2) has duly declared the special dividend.

The dates described below are the key dates relating to the declaration and payment of the special dividend.

Declaration date This is the date on which Ameritrade's board of directors (1) decides that Ameritrade will pay the special dividend and (2) sets the record date and the payable date for the special dividend.

Record date This is the date set by Ameritrade for the purpose of determining its stockholders of record and the stock outstanding on the record date. The special dividend will be paid only on shares of Ameritrade common stock outstanding on the record date. We expect that the record date for the proposed special dividend will be a date at least 10 calendar days after the declaration date and approximately 10 business days before the expected closing date of the acquisition of TD Waterhouse.

Payable date This is the date that Ameritrade will pay the special dividend. Please note that the actual receipt of the dividend by Ameritrade stockholders entitled to the special dividend may take several days following the payable date. We expect that the payable date for the special dividend will be the closing date of the acquisition of TD Waterhouse or the first trading day after the closing date.

Ex-dividend date or ex-date This is the date on and after which Ameritrade common stock trades in the Nasdaq National Market without the right to receive the special dividend. We expect that the ex-dividend date will be the first trading day after the payable date.

Because shares of Ameritrade common stock sold in the market after the record date and on or before the payable date include the right to receive the special dividend, if you purchase shares of Ameritrade common stock in the market on or before the payable date (whether or not you owned the shares on the record date) and hold those shares until after the market opens on the ex-dividend date, you will receive the special dividend on those shares. Accordingly,

If you sell shares of Ameritrade common stock in the market before the ex-dividend date (whether or not you owned the shares on the record date), you will not be entitled to the special dividend with respect to those shares.

If you buy shares of Ameritrade common stock in the market on or after the ex-dividend date, you will not be entitled to the special dividend with respect to those shares.

Your market trade does not need to settle by the payable date in order to receive the special dividend. Rather, if you buy shares of Ameritrade common stock in the market on or before the payable date and hold those shares until after the market opens on the ex-dividend date, you will receive the special dividend on those shares.

Stock options held by Ameritrade employees or directors are not entitled to cash dividends because dividends are paid on shares of stock outstanding as of the record date. Shares of stock underlying stock options that have not been exercised are not outstanding on the record date and therefore would not be entitled to the proposed special dividend. However, we believe it is appropriate that holders of outstanding equity awards be treated fairly with respect to the special dividend, and in accordance with the terms of our stock plans, we will adjust outstanding equity awards under the plans to preserve the pre-dividend economic value of the awards after payment of the proposed special dividend.

Table of Contents

In order to fund the special dividend, Ameritrade is permitted under the terms of the share purchase agreement to incur indebtedness for borrowed money of up to \$5.00 multiplied by the number of outstanding shares of Ameritrade common stock as of the record date for the special dividend. Ameritrade agreed to use all reasonable efforts to obtain adequate and appropriate financing facilities and other debt funding sources to provide the cash necessary to pay that portion of the special dividend not funded by other Ameritrade available excess cash or the TD capital contribution described below, in each case on terms reasonably acceptable to TD. Ameritrade further agreed to use all reasonable efforts to have such committed financing facilities and other debt funding sources available for drawdown by no later than the closing date, satisfy all conditions to such drawdown on a timely basis, and take all other corporate actions as may be necessary under applicable law to pay the special dividend.

TD agreed (1) to cause TD Waterhouse to be capitalized as of the record date for the special dividend with cash in an amount at least equal to the product of \$1.00 multiplied by the number of outstanding shares of Ameritrade common stock as of a date that is within three business days of the record date and (2) to cause TD Waterhouse to maintain that minimum cash capitalization until the closing. TD's obligation to capitalize TD Waterhouse is conditioned upon receipt of notice from Ameritrade at least 10 business days prior to the declaration of the special dividend.

**PROPOSAL NO. 1
THE ISSUANCE OF SHARES UNDER THE
SHARE PURCHASE AGREEMENT**

Under the terms of the share purchase agreement, Ameritrade will acquire the U.S. retail securities brokerage business of TD Waterhouse. In connection with this acquisition, Ameritrade will issue 193,600,000 shares of Ameritrade common stock to TD, and/or one or more of TD's affiliates, in accordance with the terms of the share purchase agreement, subject to adjustment for stock dividends, stock splits or reclassifications (the Ameritrade Stock Issuance), and pay TD \$20,000 in cash in exchange for the outstanding capital stock of TD Waterhouse. Stockholders of Ameritrade are being asked to approve the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement.

The affirmative vote of the holders of a majority of the shares of Ameritrade common stock present in person or represented by proxy and voting on the matter is required to approve the Ameritrade Stock Issuance. The approval of Proposal No. 1 is a condition to the completion of the acquisition of TD Waterhouse, and thus a vote against Proposal No. 1 effectively will be a vote against the acquisition of TD Waterhouse.

The Ameritrade board of directors has unanimously approved the Ameritrade Stock Issuance. Based on Ameritrade's reasons for the acquisition of TD Waterhouse described in this proxy statement, the board of directors of Ameritrade believes that the Ameritrade Stock Issuance and the transactions contemplated by the share purchase agreement are in the best interests of Ameritrade and its stockholders and unanimously recommends that you vote *FOR* approval of the Ameritrade Stock Issuance.

For a more detailed description of the share purchase agreement and the transactions contemplated thereby, see the sections entitled *The Share Purchase Agreement* beginning on page 69.

Table of Contents**THE SHARE PURCHASE AGREEMENT**

The following is a summary of selected provisions of the share purchase agreement, including the effects of those provisions. While Ameritrade and TD believe this description covers the material terms of the share purchase agreement, it may not contain all of the information that is important to you and is qualified in its entirety by reference to the share purchase agreement, which is attached as Appendix A to this proxy statement and is incorporated by reference in this proxy statement. We urge you to read the entire share purchase agreement carefully.

The description of the share purchase agreement in this proxy statement has been included to provide you with information regarding its terms. The share purchase agreement contains representations and warranties made by and to Ameritrade and TD as of specific dates. The statements embodied in those representations and warranties were made for purposes of that contract between the parties and are subject to specified exceptions and qualifications agreed to by the parties in connection with negotiating the terms of that contract. In addition, certain representations and warranties were made as of a specified date and may be subject to contractual standards of materiality different from those generally applicable to Ameritrade or TD, or may have been agreed to for the purpose of allocating risk between the parties rather than establishing matters as facts.

Consideration to be Paid in the Transaction

Upon the terms and conditions contained in the share purchase agreement, Ameritrade will purchase from TD all of the capital stock of TD Waterhouse in exchange for 193,600,000 shares of Ameritrade common stock and \$20,000 in cash. The shares of Ameritrade common stock issued in connection with the acquisition of TD Waterhouse will represent approximately 32% of the outstanding shares of Ameritrade after giving effect to the acquisition of TD Waterhouse.

If, between the date of the share purchase agreement and the closing, Ameritrade pays a dividend in shares of Ameritrade common stock, subdivides, splits or combines the then-outstanding shares of Ameritrade common stock or issue additional shares of Ameritrade common stock by reclassification of such shares, then the number of shares of common stock to be issued to TD will be appropriately adjusted to provide TD the same economic effect as contemplated by the share purchase agreement prior to the relevant event.

Closing Date Capital Adjustment

The share purchase agreement contains a closing date capital adjustment mechanism, described below, that is designed to ensure that a specified level of tangible value will be contributed to the combined entity by both TD Waterhouse and Ameritrade upon the closing of the transaction. Pursuant to the closing date capital adjustment, Ameritrade may be required to pay TD additional consideration in the event the closing date net tangible book value, as defined below, of Ameritrade is below a specified level or the closing date net tangible book value of TD Waterhouse is above a specified level. Similarly, TD may be required to make capital contributions to Ameritrade in the event the closing date net tangible book value, as defined below, of TD Waterhouse is below a specified level or the closing date net tangible book value of Ameritrade is above a specified level.

Under the terms of the share purchase agreement, within 60 days after the closing date, Ameritrade is required to prepare and deliver to TD balance sheets dated as of the closing date for TD Waterhouse and the following subsidiaries of TD Waterhouse: National Investor Services Corp., TD Waterhouse Investor Services, Inc. and TD Waterhouse Capital Markets, Inc., or collectively, the business subsidiaries, on a consolidated basis (the

TD Waterhouse Closing Date Balance Sheet) and for Ameritrade and its subsidiaries on a consolidated basis (the Ameritrade Closing Date Balance Sheet). The balance sheets will be prepared in accordance with GAAP, subject to certain exceptions specified in the share purchase agreement. The TD Waterhouse Closing Date Balance Sheet will be accompanied by a statement showing the closing date net tangible book value, and targeted closing date net tangible book value, described below, of TD Waterhouse and the business subsidiaries, in each case calculated in accordance with the terms of the share purchase agreement. The Ameritrade Closing Date Balance Sheet will be accompanied

Table of Contents

by a statement showing the closing date net tangible book value and targeted closing date net tangible book value of Ameritrade and its subsidiaries, in each case calculated in accordance with the terms of the share purchase agreement. The share purchase agreement provides mechanisms to address any disputes between TD and Ameritrade relating to those closing date balance sheets and accompanying statements.

For purposes of the closing date capital adjustment, the

closing date net tangible book value, with respect to TD Waterhouse or Ameritrade, means the amount equal to (1) total stockholders equity *minus* (2) the sum of (a) goodwill (net of accumulated amortization) and (b) other intangible assets (net of accumulated amortization and, in the case of Ameritrade, the balance of the related deferred tax liability associated with the Datek client relationship intangible asset), in each case of TD Waterhouse and the business subsidiaries (on a consolidated basis) or Ameritrade and its consolidated subsidiaries (on a consolidated basis), as applicable, as of the closing date; and

targeted closing date net tangible book value means,

(1) in the case of TD Waterhouse, an amount equal to 6% of the aggregate debits (calculated for each registered broker-dealer as of any given date on the same basis as the amount set forth in Box 4470 of the Form X-17A-5 that is completed by such entity) as of the closing date, of the business subsidiaries *plus* the product of \$1.00 and the aggregate number of shares of Ameritrade common stock outstanding as of the record date of the special dividend and (2) in the case of Ameritrade, an amount equal to 6% of the aggregate debits (calculated for each registered broker-dealer as of any given date on the same basis as the amount set forth in Box 4470 of the Form X-17A-5 that is completed by such entity), as of the closing date, of each of its subsidiaries that is a registered broker-dealer.

If TD Waterhouse's closing date net tangible book value is less than its targeted closing date net tangible book value, TD will pay to Ameritrade as a contribution to capital an amount in cash equal to the excess of TD Waterhouse's targeted closing date net tangible book value over its closing date net tangible book value, plus an amount calculated as if interest accrued on the excess amount computed at the daily effective fed funds rate as published by the Federal Reserve for the period from the closing date to but excluding the date of such payment. If TD Waterhouse's closing date net tangible book value is greater than its targeted closing date net tangible book value, Ameritrade shall pay TD an amount in cash as additional consideration equal to the excess of TD Waterhouse's closing date net tangible book value over its targeted closing date net tangible book value, plus an amount calculated as if interest accrued on the excess amount computed at the fed funds rate for the period from the closing date to but excluding the date of such payment.

If Ameritrade's closing date net tangible book value is less than its targeted closing date net tangible book value, Ameritrade will pay to TD an amount in cash as additional consideration calculated in accordance with the following formula:

$$C = (A/B) \times A$$

where:

- A = the excess of Ameritrade's targeted closing date net tangible book value over its closing date net tangible book value;
- B = 1 minus TD's ownership percentage in TD Ameritrade immediately following the closing, taking into account only the shares issued to TD at the closing (expressed as a decimal); and
- C = cash payment from Ameritrade to TD.

Ameritrade will also pay TD an amount as if interest accrued on the cash payment amount at the fed funds rate for the period from the closing date to but excluding the date of such payment.

Table of Contents

If Ameritrade's closing date net tangible book value is greater than its targeted closing date net tangible book value, TD will pay to Ameritrade as a capital contribution an amount in cash calculated in accordance with the following formula:

$$C = (A/B) \times A$$

where:

- A = the excess of Ameritrade's closing date net tangible book value over its targeted closing date net tangible book value;
- B = 1 minus TD's ownership percentage in TD Ameritrade immediately following the closing, taking into account only the shares issued to TD at the closing (expressed as a decimal); and
- C = capital contribution from TD to Ameritrade.

TD will also pay Ameritrade an amount as if interest accrued on the capital contribution amount at the fed funds rate for the period from the closing date to but excluding the date of such payment.

Any amounts to be paid by Ameritrade or TD must be paid within 60 days of the final determination of those amounts.

Closing

Unless the parties agree otherwise, the acquisition of TD Waterhouse will close at the offices of Wilson Sonsini Goodrich & Rosati, Professional Corporation, 12 East 49th Street, New York, New York, on the third business day after the satisfaction or waiver of all closing conditions except for the conditions that, by their terms, are to be satisfied at the closing. Ameritrade Stockholders Meeting and Duty to Recommend. The share purchase agreement requires Ameritrade to call and hold a special meeting of its stockholders to approve the Ameritrade Stock Issuance and the amendment and restatement of our certificate of incorporation. The Ameritrade board of directors has agreed to recommend that Ameritrade's stockholders vote in favor of approval of the Ameritrade Stock Issuance and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, and to not publicly withdraw, modify or qualify in any manner adverse to TD such recommendation (which we refer to in this proxy statement as a change in Ameritrade recommendation), except that Ameritrade's board of directors may effect a change in Ameritrade recommendation if and only to the extent that:

Ameritrade has not materially breached its obligations to (1) promptly (but in no event more than two business days) notify TD following the receipt of any acquisition proposal, or of any inquiry which Ameritrade concludes in good faith has a reasonable possibility of leading to an acquisition proposal, advise TD of the material terms thereof (including the identity of the person making such acquisition proposal or inquiry in respect thereof), (2) keep TD apprised of any related developments and (3) furnish TD with copies of related documents as described in more detail under **No Solicitation** ;

The Ameritrade board of directors, after consultation with outside counsel and acting upon the recommendation of the special committee of the Ameritrade board of directors, determines in good faith that the failure to effect a

change in Ameritrade recommendation would be inconsistent with the board's fiduciary duties under applicable law; and

Table of Contents

Ameritrade has received, on or after June 22, 2005, an unsolicited bona fide written acquisition proposal (as described below) from a third party which its board of directors concludes in good faith constitutes a superior proposal (as described below), after

giving at least five business days notice to TD of its intention to effect a change in Ameritrade recommendation, specifying the material terms and conditions of the superior proposal and furnishing TD a copy of the relevant proposed transaction agreement, if any, and all other material documents relating to such superior proposal; and

negotiating in good faith with TD during this period of not less than five business days to make such adjustments in the terms and conditions of the share purchase agreement so that the acquisition proposal ceases to be a superior proposal after giving effect to any adjustments which may be offered by TD in connection with these negotiations.

For purposes of the share purchase agreement,

an acquisition proposal means a proposal, offer or transaction (other than a proposal or offer made by TD or its affiliates) relating to, or to effect, (1) a merger, reorganization, share exchange, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction involving Ameritrade or any of its subsidiaries, other than any such merger, share exchange, consolidation or other business combination resulting in or involving (a) the purchase or other acquisition by, or the sale or issuance to, any person of securities representing (or convertible into or exchangeable for securities that would represent) less than 15% of the total voting power of Ameritrade or any of its subsidiaries or (b) the purchase or sale of assets representing less than 15% of the aggregate fair market value of the consolidated assets (including stock of Ameritrade's subsidiaries) of Ameritrade and its subsidiaries, taken as a whole or (2) any purchase or sale of assets representing 15% or more of the aggregate fair market value of the consolidated assets (including stock of Ameritrade's subsidiaries) of Ameritrade and its subsidiaries, taken as a whole, or (3) any purchase or sale (by merger or otherwise) of, or tender or exchange offer for, securities of Ameritrade that, if consummated, would result in any person beneficially owning securities representing 15% or more of the total voting power of Ameritrade or any of its significant subsidiaries (as defined in Rule 1-02 of Regulation S-X); and

a superior proposal means a bona fide written acquisition proposal which the Ameritrade board of directors (acting upon the recommendation of the special committee) concludes in good faith, after consultation with its outside financial and legal advisors, and taking into account all legal, financial, regulatory and other aspects of the proposal and the person making the proposal (including any break-up fees, expense reimbursement provisions and conditions to consummation), (1) is more favorable to the stockholders of Ameritrade, from a financial point of view, than the transactions contemplated by the share purchase agreement (taking into account the Ameritrade board of directors' good faith assessment of the prospective synergies and cost savings anticipated to be realized from and following the acquisition of TD Waterhouse and the other transactions contemplated thereby) and (2) is fully financed or reasonably capable of being fully financed and otherwise reasonably capable of being completed on the terms proposed; provided that for purposes of this definition of superior proposal, the term acquisition proposal shall have the meaning assigned to such term above, except that in the definition of acquisition proposal above, the reference to 15% in clauses (1)(b) and (2) shall be deemed to be a reference to 70%, the reference to 15% in clauses (1)(a) and (3) shall be deemed to be a reference to 40%, and to qualify as an acquisition proposal under clauses (1)(a) or (3) a transaction must involve voting securities only of Ameritrade and not of its subsidiaries or significant subsidiaries, as the case may be (other than indirectly through the acquisition of voting securities of Ameritrade) (it being understood that an acquisition proposal need only meet any of clauses (1), (2) or (3) of the definition thereof (as modified by the foregoing proviso) in order to be eligible to be determined to be a superior proposal as provided above).

Table of Contents

No Solicitation. The share purchase agreement precludes Ameritrade and its subsidiaries, and requires Ameritrade to use all reasonable efforts to preclude its and its subsidiaries' respective directors, officers, employees, agents and representatives from, directly or indirectly:

initiating, soliciting or knowingly encouraging or facilitating any inquiries or the making of any proposals or offers from any person relating to, or a transaction to effect, an acquisition proposal;

having any discussions with, or providing any confidential information or data to, any person relating to an acquisition proposal, or engaging in any negotiations concerning an acquisition proposal, or knowingly facilitating any effort or attempt to make or implement an acquisition proposal;

approving or recommending, or publicly proposing to approve or recommend, any acquisition proposal;

executing or entering into, or approving or recommending, or publicly proposing to approve or recommend, any letter of intent, agreement in principle, merger agreement, asset purchase or share exchange agreement, option agreement or other similar agreement related to any acquisition proposal;

granting any approval pursuant to Section 203(a)(1) or Section or 203(a)(3) of the Delaware General Corporation Law removing the restrictions on business combinations contained therein; or

publicly proposing or agreeing to do any of the foregoing.

However, if Ameritrade receives an unsolicited bona fide acquisition proposal prior to obtaining the required approval of the stockholders of Ameritrade of the Ameritrade Stock Issuance and the amendment and restatement of our certificate of incorporation, Ameritrade may participate in negotiations or discussions with, or provide confidential information or data to, the person making that acquisition proposal if:

Ameritrade's board of directors (acting upon the recommendation of the special committee) concludes in good faith that the acquisition proposal constitutes or is reasonably likely to result in a superior proposal;

Ameritrade's board of directors (acting upon the recommendation of the special committee), after consultation with outside counsel, determines in good faith that the failure to take those actions would be inconsistent with the board's fiduciary duties under applicable law;

prior to providing any confidential information to the person making the inquiry or proposal, Ameritrade enters into a confidentiality agreement with the person making the inquiry or proposal having terms that are no less favorable to Ameritrade than those in the confidentiality agreement between TD and Ameritrade; and

Ameritrade provides TD with a copy of any confidential information or data provided to such person making the inquiry or proposal to the extent not previously provided or made available to TD.

Ameritrade has agreed to, and to cause its subsidiaries to, and will use all reasonable efforts to cause its and their respective directors, officers, employees, agents and representatives to, immediately cease, from and after June 22, 2005, and cause to be terminated, any activities, discussions or negotiations with any persons other than TD with respect to any acquisition proposal and to use all reasonable efforts to enforce any standstill, confidentiality or similar agreement relating to any acquisition proposal, including by requiring other parties to promptly return or destroy any confidential information previously furnished and by using all reasonable efforts if reasonably requested by TD to seek injunctions or other equitable remedies to prevent or restrain any breaches of such agreements and to enforce specifically the terms and provisions of such agreements in a court of competent jurisdiction.

Ameritrade has also agreed to promptly (but in no event more than two business days) following the receipt of any acquisition proposal, or of any inquiry which Ameritrade concludes in good faith has a reasonable probability of leading to an acquisition proposal, advise TD of the material terms of the proposal, including the identity of the person

making the proposal, keep TD apprised of any related

developments, discussions and negotiations on a current basis (and, in any event, within 48 hours of such developments, discussions or negotiations), and furnish TD with a copy of any proposed transaction agreements and related documents with or from the person making such acquisition proposal or inquiry in respect thereof promptly after the receipt by Ameritrade of such agreements. Ameritrade has further agreed to provide TD with at least 48 hours prior notice (or such lesser prior notice as is provided to the Ameritrade board of directors) of any meeting of the Ameritrade board of directors at which meeting the board of directors is reasonably expected to consider an acquisition proposal.

All Reasonable Efforts Covenant. Ameritrade and TD have agreed to use all reasonable efforts to take, or cause to be taken all actions necessary, to comply with all legal requirements with respect to the transactions contemplated by the share purchase agreement as promptly as practicable and to obtain (and to cooperate with the other party to obtain) any governmental or third-party approvals required in connection with the acquisition of TD Waterhouse and the other transactions contemplated by the share purchase agreement. However, except as described in the following paragraph, neither Ameritrade nor TD is required to dispose or hold separate any material assets or categories of assets of Ameritrade or TD Waterhouse, accept the imposition of any material limitation or restriction on the ability of Ameritrade or TD Waterhouse to freely conduct their business or own such assets, hold separate any of the shares of TD Waterhouse common stock or accept any limitation on the ability of Ameritrade to exercise full rights of ownership of the shares of TD Waterhouse common stock.

In the event that the Commissioner of Competition (Canada) applies, threatens in writing to apply, or advises TD or Ameritrade that it proposes to apply to the Competition Tribunal (Canada) for an order (including an injunction) with respect to the transactions contemplated in the share purchase agreement, TD and Ameritrade have agreed to negotiate in good faith with each other, and confer with the Commissioner of Competition (Canada) to arrange for the consummation of the transactions contemplated by the share purchase agreement subject to the holding separate of Ameritrade Canada by the parties following the closing (and prior to consummation of the transactions contemplated by the Canadian purchase agreement). If the parties are unable to reach agreement with the Commissioner of Competition (Canada) regarding such a hold separate transaction, then Ameritrade has agreed to dispose of Ameritrade Canada prior to the closing on commercially reasonable terms.

Employee Benefit Plans. Ameritrade and TD have agreed that, during the period prior to the closing, they will cooperate to ensure the continuity of their workforces and that in particular TD Waterhouse will not terminate, prior to the closing, any of its employees for any reason other than unsatisfactory performance or misconduct. In addition, Ameritrade and TD have agreed that during a specified transition period beginning on the closing (and ending on the later of the first anniversary of the closing or the date thirty days after the clearing conversion of all TD Waterhouse client accounts), Ameritrade will provide each former TD Waterhouse employee retained by Ameritrade through the transition period or any portion thereof with (1) base salary or wage and commission levels and bonus compensation at least equal to that provided by TD Waterhouse prior to the closing, and (2) other employee benefits, including defined contribution pension benefits and equity based compensation, that are no less favorable in the aggregate than such benefits provided by Ameritrade after the closing to similarly situated Ameritrade employees.

Ameritrade has further agreed to assume all liabilities and obligations under certain termination protection agreements entered into between TD, TD Waterhouse and certain key TD Waterhouse employees which provide for severance and additional benefits in the event such employees are terminated after the closing. TD Waterhouse has agreed to terminate, prior to the closing, its formal severance plan and Ameritrade has agreed to adopt and maintain, for the transition period, a severance plan or arrangement, which will provide levels of severance or termination pay and other termination benefits, that are no less favorable than that provided by TD Waterhouse prior to the closing. In addition, during the transition period, any former TD Waterhouse employee that is terminated will be entitled to a pro-rata portion of any applicable TD Waterhouse quarterly or annual bonus then in effect.

We expect that Mr. Moglia will continue to serve as Chief Executive Officer of TD Ameritrade, that J. Joe Ricketts will continue to serve as Chairman of TD Ameritrade and that W. Edmund Clark will serve as Vice Chairman of TD Ameritrade. Ameritrade is currently negotiating a new employment

agreement with Mr. Moglia with respect to his continued employment. In addition, Ameritrade may negotiate and enter into, prior to the closing, and after consultation with TD, new or amended employment agreements with other executive officers.

Ameritrade has also agreed to give each former TD Waterhouse employee full credit for service with TD and TD Waterhouse for purposes of eligibility, vesting, benefit entitlement and accrual under the employee benefit plans of Ameritrade after the closing. Ameritrade has also agreed to (1) waive all pre-existing conditions, exclusions and waiting periods with respect to participation and coverage requirements under any welfare benefit plan maintained by Ameritrade after the closing, to the extent such former TD Waterhouse employees were not subject to such pre-existing condition, exclusion and waiting period under the comparable TD or TD Waterhouse benefit plan, and (2) provide each former TD Waterhouse employee with credit for any co-payments and deductibles paid prior to the closing in satisfying any applicable deductible or out-of-pocket requirements under any welfare plans that such former TD Waterhouse employees are eligible to participate in after the closing. Ameritrade and TD have agreed to take all actions which are deemed necessary prior to the closing to adopt amendments to each of their respective health care plans to provide that terminated employees who are receiving payments under a severance arrangement sponsored by Ameritrade or TD Waterhouse shall remain eligible for health care benefits during the payment period of such severance benefits.

TD has agreed to retain and continue to expense and administer all outstanding options to acquire TD stock that TD Waterhouse employees have been granted prior to the closing. However, with respect to restricted stock units which are to be settled in cash and which were granted by TD and TD Waterhouse to TD Waterhouse employees, TD has agreed to transfer the vested liability with respect to such restricted stock units, and a corresponding offsetting hedge, to Ameritrade at closing so that Ameritrade will become responsible, up to a specified amount, for the liability associated with the unvested restricted stock units. TD has agreed to continue to administer the restricted stock unit program at its own expense after the closing.

Ameritrade may take such actions as it deems necessary to adjust all outstanding Ameritrade equity compensation awards held by any Ameritrade employee or director in order to ensure that all such equity awards maintain their intrinsic value, as determined prior to the payment of the special dividend, to account for the payment of such special dividend.

All then-active TD Waterhouse employees will be fully vested in their account balances under the TD Waterhouse 401(k)/profit sharing plan as of the closing date. In the event that the TD Waterhouse 401(k)/profit sharing plan is terminated or merged into the Ameritrade 401(k) plan, all former TD Waterhouse employees will be eligible to participate in the Ameritrade 401(k) plan on the first entry date after having satisfied the eligibility requirements under the Ameritrade 401(k) plan.

Ameritrade has also agreed to pay to TD \$300,000 in exchange for TD retaining all liability and responsibility for the administration and provision of retiree medical benefits to any former TD Waterhouse employee who may be entitled to these benefits.

TD has agreed to be responsible for all costs, liabilities and expenses with respect to employee and employee benefits costs of TD Waterhouse employees who work at TD Waterhouse's Canadian call center. However, Ameritrade has agreed to reimburse TD for any costs incurred by TD resulting from the termination pay, severance pay or the employer portion of any payments required for continuation of health benefit coverage to any such terminated Canadian call center employee during the specified transition period after the closing.

Intercompany Matters. TD has agreed to take such action as is necessary to ensure that, subject to certain exceptions, any arrangements, or transactions between TD or any of its subsidiaries (other than TD Waterhouse and the business subsidiaries), on the one hand, and TD Waterhouse and the business subsidiaries, on the other hand, may be terminated by Ameritrade upon the closing on not more than 30 days' notice and without the payment of any financial penalty or fee or obligation of further reimbursement.

Financing and Other Actions for Special Dividend. Ameritrade has agreed to use all reasonable efforts to arrange for adequate and appropriate financing facilities and other debt funding sources to provide the cash necessary to pay that portion of the special dividend not funded by other Ameritrade available excess cash or by TD's contribution of cash in an amount at least equal to the product of \$1.00 multiplied by the number of outstanding shares of Ameritrade common stock, in each case on terms reasonably acceptable to TD. Ameritrade will use all reasonable efforts to (1) have such committed financing facilities and other debt funding sources available for drawdown by no later than the closing date, (2) satisfy all conditions to such drawdown on a timely basis, and (3) take all other corporate actions as may be necessary under applicable law to pay the special dividend. Prior to the closing date, the Ameritrade board of directors will declare the special dividend if sufficient funds are available and such declaration and payment is permitted by applicable law.

Fees and Expenses. Except as otherwise expressly provided in the share purchase agreement, Ameritrade and TD have agreed that all costs and expenses incurred in connection with the share purchase agreement and the transaction contemplated by the share purchase agreement shall be paid by the party incurring such expense.

Notification of Certain Matters. Ameritrade and TD have each agreed to give prompt notice to the other of any representation or warranty made by it in the share purchase agreement becoming untrue or inaccurate, or any failure to comply with or satisfy in any material respect any covenant, condition or agreement to be complied with or satisfied by it under the share purchase agreement, in each case where the respective party could not satisfy the closing conditions with respect to representations and warranties or performance of obligations.

Governance of Ameritrade. Ameritrade has agreed, subject to receipt of the required vote of the stockholders of Ameritrade, to take all action necessary to (1) cause the amended and restated certificate of incorporation of Ameritrade to be duly executed, acknowledged and filed with the Secretary of State of the State of Delaware effective as of the closing, (2) cause the persons designated in accordance with the stockholders agreement to constitute the full board of directors of Ameritrade as of the closing and to be assigned to the applicable class of directors in the manner provided in the stockholders agreement (see *Certain Agreements Related to the Acquisition of TD Waterhouse Stockholders Agreement* beginning on page 91), (3) cause J. Joe Ricketts to be appointed as Chairman, and W. Edmund Clark to be appointed as Vice Chairman, of the Ameritrade board of directors, provided that such individuals are designated as directors in accordance with clause (2), (4) cause Joseph H. Moglia to continue as Chief Executive Officer of Ameritrade, provided that Mr. Moglia has not previously terminated his employment with Ameritrade and (5) cause the bylaws of Ameritrade as of the closing to be amended and restated in the form of the Post-Transaction Bylaws.

Reorganization. TD shall use all reasonable efforts to complete the Reorganization prior to or concurrent with the effective time of the closing. TD has further agreed to prepare, and deliver to Ameritrade by September 20, 2005 a written reorganization report setting forth TD's calculation, as of the effective date (or dates) of the Reorganization, of (x) the fair market value of TD Waterhouse Bank, N.A., or TD Waterhouse Bank, CTUSA, Inc., TD Waterhouse Canadian Call Center Inc., TD Waterhouse U.S. Holding Company, Inc., TD Waterhouse Sub Limited, TD Waterhouse Investor Services (Hong Kong) Inc., TD Waterhouse Canada Inc., 1489299 Ontario Limited, BondDesk Canada ULC, Drewmark, Inc., R. J. Thompson Holdings, Inc., InfoComp International, Inc. and TD Waterhouse European Acquisition Corporation, collectively, the excluded subsidiaries, and any other assets transferred to TD, (y) TD Waterhouse's basis in the excluded subsidiaries and the other assets transferred to TD, and (z) an estimate of the anticipated tax liability (including withholding taxes) attributable to the Reorganization. TD has engaged KPMG LLP to prepare a valuation of the excluded subsidiaries and the other assets transferred to TD and has agreed that the tax calculations contained in the reorganization report shall be based upon, and consistent with in all respects, the information contained in such valuation.

Completion of Ameritrade Canada Transaction. In the event the Canadian purchase agreement is terminated prior to the consummation of the sale of Ameritrade Canada to TD, then within one year of

the closing date of the Ameritrade Stock Issuance, Ameritrade has agreed to use best efforts to dispose of Ameritrade Canada to a person that is not an affiliate of Ameritrade.

Tax Matters. TD and Ameritrade have agreed to reasonably cooperate in preparing and filing all returns of TD Waterhouse and the business subsidiaries for all taxable periods ending on or before, or which include periods prior to, the closing date, including maintaining and making available to each other all records necessary in connection with taxes relating to TD Waterhouse and the business subsidiaries and in resolving all disputes and audits with respect to taxes relating to TD Waterhouse and the business subsidiaries.

Sweep Account Services. Within 60 days after the date of the share purchase agreement, TD has agreed to submit to the NYSE and the NASD for their review the money market deposit account agreement with respect to the TD Waterhouse FDIC-insured sweep product to be provided following the closing.

No Solicitations by TD. Provided that Ameritrade has not effected a change in Ameritrade's recommendation, TD and its affiliates have agreed not to solicit or engage in (other than with Ameritrade) any discussions, and will immediately cease any activities, discussions or negotiations with any persons other than Ameritrade, regarding a possible sale of TD Waterhouse and the business subsidiaries or other type of similar transaction, business combination, recapitalization, liquidation, dissolution or similar transaction involving TD Waterhouse or any of the business subsidiaries.

TD Waterhouse 2004 Audited Financials. TD has agreed to use all reasonable efforts to cause to be prepared and delivered to Ameritrade, as promptly as practicable and in no event later than the 60th day following the date of the share purchase agreement, the audited consolidated balance sheet, statement of income, statement of retained earnings and statement of cash flows for TD Waterhouse as of October 31, 2004.

Outsourcing Agreement; Website Matters. TD and Ameritrade have agreed to commence good faith negotiations, promptly following the date of the share purchase agreement, regarding (1) the terms of a formal outsourcing arrangement to be entered into by TD Waterhouse Investor Services, Inc. and TD Waterhouse Bank, N.A. pursuant to which, as of the closing date or a later date agreed to by TD and Ameritrade, TD Waterhouse Investor Services, Inc. will outsource, and TD Waterhouse Bank, N.A. will perform, various banking services, (2) the re-direction of Internet traffic from the TD address <tdwaterhouse.com> to either the address <tdameritrade.com> or another Internet address chosen by Ameritrade and (3) TD's phase-out of its <tdwaterhouse.com> address, in each case to be effective as of the closing date or as promptly thereafter as practicable.

Canadian Call Center. TD has agreed, during the period from the date of the share purchase agreement and continuing until 30 days after the closing, to (1) give Ameritrade and TD Waterhouse access to TD Waterhouse's Canadian Call Center and (2) cause the Canadian Call Center to carry on its business, and provide services, support and information to TD Waterhouse and the business subsidiaries, in substantially the same manner as conducted prior to the date of the share purchase agreement.

Ameritrade Bank. Ameritrade has agreed to withdraw or not file, as applicable, any applications for permits or approvals relating to the formation of Ameritrade Bank and shall not take any action to qualify Ameritrade Bank or any other affiliate of Ameritrade as an insured depository institution.

Available Capital. As of the record date with respect to the special dividend, TD will effectively fund \$1.00 per share of the special dividend, by means of its agreement to cause TD Waterhouse to be capitalized with cash in an amount at least equal to the product of \$1.00 and the aggregate number of shares of Ameritrade common stock outstanding as of a date that is within three business days of such record date, based on information provided to TD by Ameritrade and shall cause TD Waterhouse to maintain such cash capitalization until the closing.

Indemnification of Directors and Officers. From and after the closing, TD has agreed to indemnify, defend and hold harmless current and former officers, directors or employees of TD Waterhouse or any of the business subsidiaries against all losses that are paid in settlement of or in connection with any claim, action or investigation to the extent arising out of the fact that such person is or was a director, officer or

employee of TD Waterhouse or any business subsidiary, pertaining to any matter existing or occurring at or prior to the closing and whether asserted or claimed prior to, or at or after, the closing, in each case to the full extent that TD Waterhouse or such business subsidiary would have been permitted under applicable law and its constituent documents to indemnify such person.

Certain Other Covenants. The share purchase agreement contains additional covenants, including covenants relating to the filing of this proxy statement, cooperation regarding filings and proceedings with governmental and other agencies and organizations and obtaining required consents and the sharing of information regarding Ameritrade's and TD's businesses.

Conditions to the Acquisition of TD Waterhouse

Conditions to Each Party's Obligations. The respective obligations of each of Ameritrade and TD to consummate the acquisition of TD Waterhouse are subject to the satisfaction or waiver on or prior to the closing date of the following conditions:

receipt of the required approval of the Ameritrade stockholders of the Ameritrade Stock Issuance and the amendment and restatement of our certificate of incorporation (including each of the related sub-proposals);

the receipt and continued effectiveness of required regulatory approvals (as described under "The Transaction Regulatory Matters Related to the Acquisition of TD Waterhouse" beginning on page 65);

the absence of any injunction or other legal restraint or prohibition against the acquisition of TD Waterhouse or the consummation of the other transactions contemplated by the share purchase agreement;

the completion of the Reorganization; and

Ameritrade shall have available to it sufficient funds, the ability, under applicable law, to pay the special dividend, and the special dividend shall have been duly declared.

Conditions to Obligation of Ameritrade. The obligation of Ameritrade to consummate the acquisition of TD Waterhouse is subject to the satisfaction or waiver on or prior to the closing date of the following conditions:

the representations and warranties of TD being true and correct as of the date of the share purchase agreement and as of the closing date (except that certain representations and warranties will be read without materiality or material adverse effect qualifications), other than, in most cases, those failures to be true and correct that would not result or reasonably be expected to result, individually or in the aggregate, in a material adverse effect on TD Waterhouse;

performance in all material respects by TD of the obligations required to be performed by it at or prior to the closing date;

each of the stockholders agreement, the trademark license agreement, the services agreement and the money market deposit account agreement being in full force and effect (or becoming in full force and effect as of the closing) and the representations and warranties of TD in each such agreement being true and correct in all material respects and TD having performed in all material respects all obligations required to be performed by it thereunder, if any, at or prior to the closing date; and

the representations and warranties of Ameritrade being true and correct as of the date of the share purchase agreement and as of the closing date (except that certain representations and warranties will be read without materiality or material adverse effect qualifications), other than, in most cases, those failures to be true and correct that would not result or reasonably be expected to result, individually or in the aggregate, in a material adverse effect on Ameritrade;

performance in all material respects by Ameritrade of the obligations required to be performed by it at or prior to the closing date;

receipt of a copy of the resolution or resolutions duly adopted by the board of directors (or a duly authorized committee thereof) of Ameritrade authorizing the execution, delivery and performance by Ameritrade of the share purchase agreement.

Termination

The share purchase agreement may be terminated at any time prior to the closing, by action taken or authorized by the board of directors of the terminating party or parties, whether before or after approval of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, including all related sub-proposals, by the Ameritrade stockholders, in any of the following ways:

by mutual written consent of Ameritrade and TD;

by either Ameritrade or TD if:

any governmental entity which must grant a required regulatory approval required to complete the Share Purchase has denied such approval and this denial has become final and nonappealable or a governmental entity has issued a final nonappealable order prohibiting the consummation of the transactions contemplated by the share purchase agreement;

the closing has not occurred on or before March 31, 2006, except that (1) neither TD nor Ameritrade may terminate the share purchase agreement for this reason if its breach of any obligation under the share purchase agreement has resulted in the failure of the closing to occur by that date, and (2) TD may not terminate the share purchase agreement for this reason if as of March 31, 2006 the Reorganization has not been completed but all of the other closing conditions have been satisfied or waived on or prior to such date;

there is a breach by the other party of the share purchase agreement which would prevent satisfaction of a closing condition and the breach cannot be cured prior to the closing or is not cured prior to 30 days after

receipt of written notice of the breach, but neither Ameritrade nor TD may terminate the share purchase agreement for this reason if it itself is then in material breach of the share purchase agreement; or

the stockholders of Ameritrade fail to give the necessary approval of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, at the Ameritrade special meeting; by TD, if Ameritrade shall have breached its obligations in any material respect with respect to calling and giving notice of, and using all reasonable efforts to convene and hold, the Ameritrade stockholders meeting, and shall not have cured such breach within five business days following written notice from TD of the breach; and

by TD, if any of the following events occurs, each a Triggering Event:

Ameritrade's board of directors, or any committee thereof, has publicly withdrawn, modified or qualified in any manner adverse to TD its recommendation of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, or any of the related sub-proposals, or has duly adopted a resolution to do so;

Ameritrade's board of directors fails to make or reaffirm (publicly, if so requested) its recommendation in favor of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement and the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, within five business days after TD requests in writing that such recommendation be made or reaffirmed (except that the five business day time period may be extended if a third party has made an acquisition proposal with respect to Ameritrade);

Ameritrade's board of directors or any committee thereof approves or publicly recommends any acquisition proposal;

Ameritrade executes any agreement or contract accepting any acquisition proposal; or

a third party commences a tender or exchange offer relating to securities of Ameritrade and Ameritrade does not inform its security holders within ten business days after such commencement that the Ameritrade board of directors unconditionally recommends rejection of such tender or exchange offer.

Effect of Termination

If the share purchase agreement is validly terminated, the agreement will become void without any liability on the part of any of the parties unless a party is in willful breach of the share purchase agreement. However, the provisions of the share purchase agreement relating to broker's and finder's fees, the payment of fees and expenses (including the termination fee and transaction expense reimbursement provisions discussed below) and the confidentiality obligations of the parties will continue in effect notwithstanding termination of the share purchase agreement.

A termination fee of \$97 million will be paid by Ameritrade to TD as follows:

if TD terminates the share purchase agreement because a Triggering Event has occurred, then Ameritrade will pay TD the termination fee of \$97 million on the second business day following such termination; or

if:

either party terminates the share purchase agreement because the stockholders of Ameritrade reject the Ameritrade Stock Issuance or the amendment and restatement of the certificate of incorporation (including any sub-proposal relating to the amendment and restatement of the certificate of incorporation) at the Ameritrade special meeting; or

TD terminates the share purchase agreement because Ameritrade has breached its obligations in any material respect with respect to calling and giving notice of, and using all reasonable efforts to convene and hold, the Ameritrade stockholders meeting, and has not cured such breach within

Table of Contents

five business days following written notice of such breach from TD specifying in reasonable detail the nature of such breach; and

in either such case

an acquisition proposal with respect to Ameritrade has been publicly announced or otherwise communicated or disclosed to the Ameritrade board of directors or one or more of the executive officers of Ameritrade (or any person has publicly announced or otherwise so communicated, disclosed or reiterated an intention, whether or not conditional, to make an acquisition proposal) at any time prior to the date of Ameritrade's stockholders meeting;

then Ameritrade shall reimburse TD for its documented out-of-pocket transaction expenses, not to exceed \$7,500,000, on or before the second business day following such termination, and if within 12 months after such termination Ameritrade or any of its subsidiaries enters into a definitive agreement with respect to, or consummates, an Acquisition (as defined below), then Ameritrade shall pay the termination fee of \$97 million, less the transaction expenses previously paid, on the date of such execution or consummation.

For the purposes of the preceding paragraph only, the term Acquisition, with respect to Ameritrade, shall mean any of the following transactions (other than the transactions contemplated by the share purchase agreement): (1) a merger, reorganization, share exchange, consolidation, business combination, recapitalization or similar transaction involving Ameritrade or any of its subsidiaries in which the holders of Ameritrade common stock immediately preceding such transaction hold less than 65% of the aggregate outstanding voting power or equity interests in (A) the surviving or resulting entity of such transaction and (B) the ultimate parent thereof (if any), (2) a sale or other disposition by Ameritrade of assets representing in excess of 35% of the aggregate fair market value of Ameritrade's consolidated assets (including stock of its subsidiaries) immediately prior to such sale, or (3) the acquisition by any person (including by way of a tender offer or an exchange offer or issuance of securities by Ameritrade to such person), directly or indirectly, of beneficial ownership or a right to acquire beneficial ownership of Ameritrade's securities as a result of which such person beneficially owns, or has the right to acquire, (x) 35% or more of the total voting power or equity interests of Ameritrade (excluding any such voting power or equity interests which such person, or any other person forming a group with such first person, beneficially owned as of June 22, 2005) or (y) 50% or more of the total voting power or equity interests of Ameritrade (without the exclusion referred to in clause (x) above).

Indemnification

From and after the closing date, TD has agreed to indemnify Ameritrade for all costs, damages, expenses, taxes or penalties, and reasonable attorney's fees, arising out of or in connection with, resulting from or caused by, among other things: (1) the Reorganization; (2) the excluded subsidiaries (including any actions taken by, or the operations of the business of, or taxes of, any excluded subsidiary); (3) any breach of any of the representations and warranties made by TD to Ameritrade in the share purchase agreement or in any certificate or other writing delivered by TD to Ameritrade pursuant to the share purchase agreement; (4) any breach by TD of any covenant or agreement of TD contained in the share purchase agreement; (5) any pre-closing taxes of TD Waterhouse and (6) other specified matters.

From and after the closing date, Ameritrade has agreed to indemnify TD for all costs, damages, expenses, taxes or penalties, and reasonable attorney's fees, arising out of or in connection with, resulting from or caused by: (1) any breach of any of the representations and warranties made by Ameritrade to TD in the share purchase agreement or in any certificate or other writing delivered by Ameritrade to TD pursuant thereto; (2) any breach by Ameritrade of any covenant or agreement of Ameritrade contained in the share purchase agreement; and (3) any pre-closing taxes of Ameritrade.

Neither Ameritrade nor TD will be liable for any claim for indemnification with respect to any breach of any representation or warranty, unless and until the aggregate amount of indemnifiable losses (taking into account only claims in excess of \$100,000) which may be recovered exceeds \$24,000,000, whereupon the indemnifying party shall be obligated to pay in full all amounts but only to the extent such aggregate damages are in excess of \$15,000,000. Neither Ameritrade nor TD shall be entitled to indemnification with respect to any breach of any representation or warranty for aggregate damages in excess of \$600,000,000.

Table of Contents

The indemnification provided in the share purchase agreement is generally the exclusive post-closing remedy available to any party thereto with respect to any breach of any representation, warranty, covenant or agreement in the share purchase agreement, or otherwise in respect of the transactions contemplated by the share purchase agreement, other than for fraud or intentional breach.

Amendments, Extension and Waivers

Any provision of the share purchase agreement may be amended, extended or waived before the closing by a written instrument signed, in the case of an amendment, by each party to the share purchase agreement or, in the case of an extension or waiver, by each party against whom the extension or waiver is to be effective, but after the required approval of the Ameritrade stockholders has been obtained, no amendment may be made that requires the further approval of the stockholders of Ameritrade unless that further approval is obtained.

CERTAIN AGREEMENTS RELATED TO THE ACQUISITION OF TD WATERHOUSE

The following is a summary of selected provisions of the voting agreement, the stockholders agreement, the amended and restated registration rights agreement, the Canadian purchase agreement, the trademark license agreement, the services agreement and the money market deposit account agreement, which Ameritrade has entered or will enter into in connection with the acquisition of TD Waterhouse. While Ameritrade and TD believe this summary covers the material terms of the agreements, it may not contain all of the information that is important to you. The summaries of the voting agreement and the stockholders agreement are qualified in their entirety by reference to those agreements, copies of which are included as Appendices E and F to this proxy statement. We have also filed copies of the amended and restated registration rights agreement, the Canadian purchase agreement and the trademark license agreement as exhibits to a current report on Form 8-K that we filed on September 12, 2005. You should read those agreements because they, and not this proxy statement, are the legal documents that govern the matters described in this section and they will give you a more complete understanding.

Voting Agreement

Concurrently with entering into the share purchase agreement, the Ricketts holders, the TA holders and the SLP holders, TD and Ameritrade (solely for purposes of certain sections contained therein) entered into the voting agreement, pursuant to which, among other things, the parties to the voting agreement who are stockholders of Ameritrade agreed, solely in their capacity as stockholders, to vote all of their shares of Ameritrade common stock in favor of the issuance of Ameritrade common stock to TD in accordance with the terms of the share purchase agreement, the amendment and restatement of our certificate of incorporation, including each of the related sub-proposals, and the election of directors designated in accordance with the share purchase agreement and against competing proposals or other actions that would impede the acquisition of TD Waterhouse, unless Ameritrade has effected a change in recommendation with respect to the proposed acquisition of TD Waterhouse as permitted under the share purchase agreement.

The parties to the voting agreement who are stockholders of Ameritrade (other than the Ricketts Grandchildren Trust) have granted specified officers of TD irrevocable proxies to vote or execute written consents with respect to all of the shares of Ameritrade common stock owned by such parties to the voting agreement, in the event that such parties do not vote their shares as required by the voting agreement including additional shares of Ameritrade common stock subsequently acquired by the parties to the voting agreement, unless Ameritrade has effected a change in recommendation with respect to the proposed acquisition of TD Waterhouse as permitted under the share purchase agreement. The proxy is exercisable only in the event that such parties do not vote their shares as required by the voting agreement.

The parties to the voting agreement who are stockholders of Ameritrade have agreed, subject to certain exceptions, they will not:

initiate, solicit or knowingly encourage or facilitate any inquiries or the making of any proposals or offers from any person relating to, or to effect, an acquisition proposal;

participate in any discussions with, or provide any confidential information or data to, any person relating to an acquisition proposal, or engage in any negotiations concerning an acquisition proposal, or knowingly facilitate any effort or attempt to make or implement an acquisition proposal;

approve or recommend, or publicly propose to approve or recommend, any acquisition proposal;

execute or enter into, or approve or recommend, or publicly propose to approve or recommend, any letter of intent, agreement in principle, merger agreement, asset purchase or share exchange agreement, option agreement or other similar agreement related to any acquisition proposal; or

publicly propose or agree to do any of the foregoing.

Table of Contents

In addition, the parties to the voting agreement who are stockholders of Ameritrade have agreed they will not:

agree to release, or release, any person from any obligation under any existing standstill agreement or arrangement relating to Ameritrade; or

unless Ameritrade has effected a change in recommendation with respect to the acquisition of TD Waterhouse as permitted under the share purchase agreement, participate in a solicitation of proxies or powers of attorney or similar rights to vote, or seek to advise or influence any person with respect to the voting of any shares of Ameritrade common stock in connection with any vote or other action on any matter, other than to recommend that Ameritrade stockholders vote in favor of the Ameritrade Stock Issuance and the amendment and restatement of our certificate of incorporation and other matters reasonably requested by TD in connection with the acquisition of TD Waterhouse.

The parties to the voting agreement who are stockholders of Ameritrade have also agreed, subject to certain exceptions, not to sell or otherwise transfer the Ameritrade common stock and options owned or acquired, either directly or indirectly, by them, or their voting rights with respect to such shares, until the earlier of the termination of the share purchase agreement or the completion of the acquisition of TD Waterhouse, unless such transfer is made in compliance with the terms of the voting agreement. However, the parties to the voting agreement are permitted to engage in hedging transactions that have the effect of reducing or eliminating their economic risk with respect to those shares, provided that those shares continue to be voted in accordance with the terms of the voting agreement. On August 18, 2005, TA Associates, Inc. filed a Form 144 with the SEC that indicates an intention to hedge shares of Ameritrade common stock, and TA Associates has informed us that entities affiliated with TA Associates may, subject to market conditions, enter into a hedging transaction with respect to all or a portion of the shares of Ameritrade common stock that are held by such entities. Such a hedging transaction may include forward sales of shares of Ameritrade common stock, which could involve short sales of Ameritrade common stock by the counterparty (or an affiliate of such counterparty) in such hedging transaction. Such a hedging transaction may be executed before the special meeting. Subsequent to Ameritrade's announcement of its proposed acquisition of TD Waterhouse and Citigroup's rendering of its opinion, Citigroup was approached by TA Associates with respect to a possible forward sale transaction involving shares of our stock held by TA Associates. Ameritrade has consented to the participation by Citigroup (or an affiliate of Citigroup) in the execution of any such hedging transaction.

In addition, the voting agreement provides for the termination of an existing stockholders agreement, dated as of April 6, 2002, among Ameritrade and the parties to the voting agreement, which termination becomes effective immediately prior to the completion of the acquisition of TD Waterhouse.

The voting agreement will terminate on the earlier to occur of the termination of the share purchase agreement or the completion of the acquisition of TD Waterhouse.

Stockholders Agreement

In connection with the transactions contemplated by the share purchase agreement, Ameritrade, the Ricketts holders and TD entered into a stockholders agreement, which, among other things, contains certain governance arrangements and various provisions relating to board composition, stock ownership, transfers by TD and the Ricketts holders, voting and other matters. The stockholders agreement also contemplates changes to Ameritrade's certificate of incorporation and bylaws to give effect to and facilitate the provisions contained in the stockholders agreement. Other than with respect to certain provisions relating to limitations on acquisitions and restrictions on transfer of Ameritrade securities and the selection of initial outside independent directors of TD Ameritrade, the stockholders agreement does not become effective until the closing of the acquisition of TD Waterhouse.

The following is a summary of selected provisions of the stockholders agreement. The description of the stockholders agreement in this proxy statement has been included to provide you with information regarding its terms. While Ameritrade and TD believe this description covers the material terms of the

Table of Contents

stockholders agreement, it may not contain all of the information that is important to you and is qualified in its entirety by reference to the stockholders agreement, which is attached as Appendix F to this proxy statement and is incorporated by reference in this proxy statement. We urge you to read the entire stockholders agreement carefully.

Governance of TD Ameritrade

Following the completion of the acquisition of TD Waterhouse, the board of directors of TD Ameritrade will continue to be classified into three classes, with each class serving staggered, three-year terms. The board of directors will consist of twelve members, and the persons to be nominated for election as directors of TD Ameritrade will be designated as follows:

the Ricketts holders will have the right to designate three of the directors, initially J. Joe Ricketts, J. Peter Ricketts and Thomas S. Ricketts (each of whom will be assigned to a different class of directors, as designated by the Ricketts holders);

TD will initially have the right to designate five of the directors (one of whom will be a class I director, two of whom will be class II directors and two of whom will be class III directors, as designated by TD);

the individual serving as chief executive officer of TD Ameritrade, initially Joseph H. Moglia (who will be a class I director); and

three of the directors will be outside independent directors, who will initially be Michael D. Fleisher, Glenn H. Hutchins and Michael J. Bingle (each of whom will be assigned to a different class of directors, as mutually agreed among themselves prior to the closing of the acquisition of TD Waterhouse).

Following the completion of the acquisition of TD Waterhouse, the number of directors designated by the Ricketts holders (which directors we refer to as the Ricketts directors) may increase or decrease from time to time depending on the ownership position of the Ricketts holders. Generally, the number of Ricketts directors relates to the Ricketts holders' ownership as set forth in the table below, subject to specified cure periods in the event of a decrease in ownership from one threshold to another and minimum holding periods in the event of an increase in ownership from one threshold to another. Any vacancy resulting from the reduction of the number of Ricketts directors will be filled with an outside independent director, effective immediately prior to the following annual meeting of TD Ameritrade stockholders. In the event that the number of Ricketts directors increases as a result of an increase in the Ricketts holders' ownership position, the corresponding number of outside independent directors will be removed and replaced with new Ricketts directors.

Ricketts Holders Ownership Level	Total Number of Ricketts Directors
Greater than 20.83%	3
Greater than 12.50% to 20.83%	2
Greater than 4.17% to 12.50%	1
4.17% or less	0

If, on the first anniversary of the date of the closing of the acquisition of TD Waterhouse, the Ricketts holders do not beneficially own at least 20.83% of the outstanding voting securities of TD Ameritrade, and the number of Ricketts directors has not already been reduced, then one of the Ricketts directors must resign from the board of directors of TD Ameritrade, and the resulting vacancy will be filled by an outside independent director, effective immediately prior to the following annual meeting of TD Ameritrade stockholders.

Generally, the number of TD directors relates to TD's ownership as set forth in the table below, subject to specified cure periods in the event of a decrease in ownership from one

threshold to another and minimum holding periods in the event of an increase in ownership from one threshold to another. Any vacancy resulting from the reduction of the number of TD directors will be filled with an outside independent director, effective immediately prior to the following annual meeting of TD Ameritrade stockholders. Greater than 12.50% to 20.83%	2
Greater than 4.17% to 12.50%	1
4.17% or less	0

If, on the first anniversary of the date of the closing of the acquisition of TD Waterhouse, TD's percentage ownership of the outstanding voting securities of TD Ameritrade is not at least 37.5%, and the number of TD directors has not already been reduced, then one of the TD directors must resign from the board of directors of TD Ameritrade, and the resulting vacancy will be filled by an outside independent director, effective immediately prior to the following annual meeting of TD Ameritrade stockholders.

The stockholders agreement also sets forth procedures by which outside independent directors are selected. A committee of the board of directors of TD Ameritrade comprised solely of all of the outside independent directors, referred to as the outside independent director committee, will have the sole authority on behalf of the board of directors to nominate candidates for election to serve as outside independent directors, except that TD and the Ricketts holders will have the right to reject a director candidate, but not without a reasonable basis for doing so.

Subject to applicable laws and certain conditions, TD Ameritrade will cause each committee of its board of directors (other than the outside independent director committee and a committee of the board of directors comprised solely of all directors who are not TD directors) to initially consist of two TD directors, one Ricketts director, and two outside independent directors. These levels of committee representation are subject to adjustment from time to time based on TD's and the Ricketts holders' maintenance of specified ownership levels.

The parties to the stockholders agreement have agreed to vote their shares of TD Ameritrade common stock in favor of the election of each director nominated for election in the manner provided for in the stockholders agreement and in favor of the removal of each director designated for removal in the manner provided for in the stockholders agreement, and agreed not to vote in favor of any candidate for director who is not nominated in accordance with the stockholders agreement. The Ricketts holders (other than the Ricketts Grandchildren Trust) and TD irrevocably appointed an officer of Ameritrade as their respective proxy and attorney-in-fact to vote in accordance with the terms of the stockholders agreement in the event they fail to comply with its terms. Ameritrade agreed to take all actions within its control to effectuate the corporate governance provisions of the stockholders agreement.

Tender Offer and Share Ownership

Following the completion of the acquisition of TD Waterhouse, TD (and J. Joe Ricketts, if he elects to participate as a co-bidder) will commence a cash tender offer pursuant to which TD will offer to purchase a number of shares of TD Ameritrade common stock such that, upon successful completion of the offer, TD will own 39.9% of the outstanding voting securities of TD Ameritrade. If J. Joe Ricketts elects to participate in the tender offer, he may offer to purchase up to the number of shares of TD Ameritrade common stock such that, upon successful completion of the tender offer, he and other members of the Ricketts holders collectively own up to 29% of the voting securities of TD

Ameritrade.

Table of Contents

The offer price will be no less than \$16 per share and the offer will not be subject to any minimum condition on the number of shares tendered.

Following the tender offer described above:

TD may acquire additional shares of TD Ameritrade common stock only up to an aggregate beneficial ownership interest of 39.9% of the outstanding voting securities of TD Ameritrade for a period of three years following completion of the acquisition of TD Waterhouse, and up to an aggregate beneficial ownership of 45% for the remaining term of the stockholders agreement; and

the Ricketts holders may acquire additional shares of TD Ameritrade common stock only up to an aggregate beneficial ownership interest of 29% of the outstanding voting securities of TD Ameritrade.

Notwithstanding the limitations on TD's ownership described above, TD may make a non-public proposal to the board of directors of TD Ameritrade to acquire additional shares pursuant to a tender offer, merger or other business combination for 100% of the outstanding shares of TD Ameritrade common stock not owned by TD, and TD may complete such a transaction, subject to the approval of a majority of the outside independent directors and the holders of a majority of the outstanding shares of TD Ameritrade common stock not affiliated with TD. TD will not, subject to certain exceptions, solicit proxies with respect to TD Ameritrade common stock.

If TD Ameritrade receives a bona fide inquiry or proposal from a third party that could result in a proposal with respect to a merger, acquisition or other business combination involving TD Ameritrade or its subsidiaries in which more than 25% of the voting securities or consolidated assets of TD Ameritrade would be acquired or received by the third party, TD Ameritrade must promptly notify TD of receipt of the inquiry or proposal and offer TD the opportunity to participate in parallel discussions with TD Ameritrade, and must consider proposals from TD regarding a comparable transaction.

Right to Purchase Securities

TD and the Ricketts holders will have the right to purchase up to their respective proportionate share of future issuances of TD Ameritrade common stock, options, warrants or other debt or equity securities that are convertible into or exchangeable or exercisable for TD Ameritrade common stock, other than issuances of TD Ameritrade common stock as consideration in connection with an acquisition by TD Ameritrade and certain other issuances specified in the stockholders agreement. If TD Ameritrade proposes to issue shares as consideration in an acquisition, TD Ameritrade will discuss in good faith with TD and the Ricketts holders alternative structures in which a portion of such shares would be sold to TD or the Ricketts holders, with the proceeds of such sale used to fund the acquisition. The stockholders agreement also generally requires TD Ameritrade to repurchase its common stock from time to time following consummation of the acquisition of TD Waterhouse to offset dilution from stock option exercises.

Transfer and Other Restrictions

In general, absent approval of a majority of the independent directors, TD and the Ricketts holders may not transfer shares of Ameritrade common stock to any holders of 5% or more of the outstanding shares of Ameritrade common stock, subject to certain exceptions.

For so long as TD and TD Ameritrade constitute the same audit client for audit independence purposes under applicable law, TD will not engage the auditor of TD Ameritrade to provide any non-audit services to TD and TD Ameritrade will not engage the auditor of TD to provide specified non-audit services to TD Ameritrade.

Information Rights

TD will be entitled to access to and information regarding TD Ameritrade's business, operations and plans as TD may reasonably require to appropriately manage and evaluate its investment in TD Ameritrade and to comply with its obligations under U.S. and Canadian laws. This access shall be subject to confidentiality and nondisclosure obligations of TD. Likewise, TD is required to provide TD Ameritrade with any information regarding TD that is reasonably required for TD Ameritrade to

Table of Contents

comply with applicable laws. These information rights terminate on the first date that TD no longer owns at least 15% of the outstanding shares of TD Ameritrade.

Obligation to Repurchase Shares

If, at any time after the completion of the acquisition of TD Waterhouse, TD Ameritrade issues shares of its common stock pursuant to any compensation or similar program or arrangement, then TD Ameritrade will, subject to certain exceptions, use its reasonable efforts to repurchase a corresponding number of shares of its common stock in the open market within 120 days after any such issuance.

Non-Competition Covenants

Subject to certain exceptions described below, none of J. Joe Ricketts (so long as he is serving as a director of TD Ameritrade), TD or any of their respective affiliates, may participate in or own any portion of a business engaged in the business of providing securities brokerage services in the U.S. (or, solely in the case of Mr. Ricketts and his affiliates, in Canada) to retail traders, individual investors and registered investment advisors. If TD acquires indirectly such a competing business as a result of its acquisition of a non-competing business, TD must offer to sell the competing business to TD Ameritrade at its appraised fair value as determined in accordance with the terms of the stockholders agreement. If TD Ameritrade decides not to purchase the competing business, TD must use commercially reasonable efforts to divest the competing business within two years.

J. Joe Ricketts, TD and their respective affiliates will be permitted under the terms of the stockholders agreement to own a passive investment representing less than 2% of a class of equity securities of a competing business so long as the class of equity securities is traded on a national securities exchange in the U.S. or the Toronto Stock Exchange or quoted on the Nasdaq National Market. In addition, neither TD nor any of its affiliates will be prohibited from engaging in the following activities in the ordinary course of their banking and securities businesses:

securities underwriting, placement, dealing, investment banking, financial structuring, securitization or syndication;

acquiring ownership of any equity interest in any person pursuant to normal course broker/ dealer activity;

originating, arranging, purchasing, selling or dealing in secured or unsecured loans, conditional sales agreements, capital and other leases, debt instruments, or any participation interests and any related liquidity, credit enhancement or hedging facilities;

investments made by hedge funds, investment funds and similar pooled investment vehicles in which TD or its affiliates participate as a limited partner or as a member of a limited liability company and do not control the management of the entity;

actions taken to secure or collect debts or other obligations previously contracted by TD or its affiliates in the ordinary course of their business;

full-service brokerage operations conducted by specified subsidiaries of TD, to the extent that such services are provided solely in support of and as a complement to (and not operated separately from) such subsidiaries other investment banking and broker-dealer businesses, but in all cases excluding the provision of securities brokerage services to retail investors and investment advisors which services are offered primarily through the internet or other on-line media;

securities brokerage activities, including offering and selling shares of open and closed end mutual funds (including exchange traded funds, but in all cases excluding the provision of securities brokerage services to retail investors and investment advisors which services are offered primarily through the internet or other on-line media), conducted or carried on by TD Banknorth Inc., any insured depository institution or holding company of which TD Banknorth Inc. or TD acquires control, or any subsidiaries of such entities; and

purchasing, holding, selling or otherwise dealing in securities of other persons in its trust, custodial, investment fund, investment management, brokerage or similar businesses.

Table of Contents

In addition, TD Ameritrade may not hold or acquire control of a bank or similar depository institution except:

incidentally in connection with the acquisition of an entity not principally engaged in the banking business; or

in the event that TD does not control any bank or similar depository institution which is able to offer money market deposit accounts to clients of TD Ameritrade as a designated sweep vehicle or TD has indicated that it is not willing to offer such accounts to clients of TD Ameritrade through one or more of any banks or similar depository institutions it controls.

Termination of the Stockholders Agreement

The stockholders agreement will terminate (1) with respect to the Ricketts holders, when their aggregate ownership of TD Ameritrade common stock falls below approximately 4% of the outstanding voting securities of TD Ameritrade, and (2) upon the earliest to occur of:

the consummation of a merger, tender offer or other business combination pursuant to which TD offers to acquire 100% of the TD Ameritrade common stock not owned by TD;

the 10th anniversary of the consummation of the acquisition of TD Waterhouse;

the date on which TD's ownership of TD Ameritrade common stock falls below approximately 4% of the outstanding voting securities of TD Ameritrade;

the commencement by a third party of a tender offer or exchange offer for not less than 25% of TD Ameritrade common stock unless the TD Ameritrade board recommends against such tender offer or exchange offer and continues to take all reasonable steps to oppose such tender offer or exchange offer (as reasonably determined by TD);

the approval by the TD Ameritrade board of a business combination that would result in another party owning 25% of the voting securities or consolidated assets of TD Ameritrade or which would otherwise result in a change of control of TD Ameritrade; or

the acquisition of 20% of the voting securities of TD Ameritrade by a third party.

For a period of up to one year following a termination due to events described in the fourth, fifth or sixth bullet points above, TD and the Ricketts holders will be prohibited from acquiring shares of TD Ameritrade common stock that would cause TD's aggregate ownership to exceed 45% of the outstanding voting securities of TD Ameritrade (39.9% in the first three years) or the aggregate ownership of the Ricketts holders to exceed 29% of the outstanding voting securities of TD Ameritrade, except that either TD or the Ricketts holders may exceed these thresholds in connection with a merger, tender offer or other business combination for 100% of the outstanding shares of TD Ameritrade common stock approved by the holders of a majority of the outstanding shares of TD Ameritrade common stock (other than the Ricketts holders and TD). Furthermore, during that period of up to one year following such termination, the provisions of the stockholders agreement relating to the designation and election of directors, transfer restrictions and certain other provisions will remain in effect. In the event that TD's beneficial ownership of TD Ameritrade common stock falls below approximately 4% of the outstanding voting securities of TD Ameritrade, TD must cause each of the TD directors to immediately resign as directors of TD Ameritrade.

Amended and Restated Registration Rights Agreement

Concurrently with entering into the share purchase agreement, Ameritrade, the Ricketts holders, the SLP holders, the TA holders and TD entered into an amended and restated registration rights agreement, or the registration rights agreement, to, among other things, include TD as a party to the existing registration rights agreement among Ameritrade and the Ricketts holders, the SLP holders and the TA holders. The registration rights agreement is substantially the same as the existing registration rights agreement except for the provision of registration rights to TD, the elimination of the term of the registration rights and the potential provision of additional registration rights to

the Ricketts holders. The registration rights agreement becomes effective only upon the closing of the acquisition of TD Waterhouse,

Table of Contents

at which time it will supersede the existing registration rights agreement. The following is a summary of selected provisions of the registration rights agreement.

Demand Registrations

Ameritrade has granted the Ricketts holders, the SLP holders, the TA holders and TD, collectively, the right to demand registration of the shares of Ameritrade common stock held by them on 11 separate occasions. Six of the eleven demand rights, including two shelf registrations, are allocated to TD, three of the eleven demand rights, including one shelf registration are allocated to the SLP holders and the TA holders, and two of the eleven demand rights, including one shelf registration, are allocated to the Ricketts holders. In the event that the SLP holders or the TA holders withdraw from the registration rights agreement in accordance with its terms or no longer own any securities of Ameritrade registrable under the registration rights agreement, the Ricketts holders will be allocated one additional demand registration right.

Piggy Back Registrations

Ameritrade has also agreed to provide TD, the Ricketts holders, the SLP holders and the TA holders with piggy back registration rights, such that if at any time Ameritrade proposes to file a registration statement with respect to any offering of its securities for its own account or for the account of any stockholder who holds its securities (subject to certain exceptions) then, as expeditiously as reasonably possible (but in no event less than 20 days prior to the proposed date of filing such registration statement), Ameritrade shall give written notice of such proposed filing to all holders of securities subject to registration rights pursuant to the registration rights agreement, or registrable securities, and such notice shall offer the holders of such registrable securities the opportunity to register such number of registrable securities as each such holder may request in writing.

The registration rights granted in the registration rights agreement are subject to customary restrictions such as minimums, blackout periods and limitations on the number of shares to be included in any underwritten offering imposed by the managing underwriter. In addition, the registration rights agreement contains other limitations on the timing and ability of stockholders to exercise demands.

Expenses

Ameritrade has agreed to pay all registration expenses, including the legal fees of one counsel for the stockholders exercising registration rights under the registration rights agreement, but excluding underwriting discounts, selling commissions, stock transfer taxes and any other legal fees of such stockholders.

Ameritrade Canada Purchase Agreement

Concurrently with entering into the share purchase agreement, Ameritrade, Datek Online Holdings Corp., a wholly owned subsidiary of Ameritrade, or Datek, TD and TD Waterhouse Canada Inc., or TD Waterhouse Canada, entered into the Canadian purchase agreement. Under the Canadian purchase agreement, TD Waterhouse Canada agreed to acquire all of the shares of Ameritrade Canada in exchange for \$60,000,000 in cash, subject to adjustments based on the final net tangible book value of Ameritrade Canada. We refer to this transaction as the Canadian share purchase in this proxy statement.

Regulatory Approvals

As members of the Investment Dealers Association of Canada (a self-regulatory organization for Canadian registered dealers), TD Waterhouse Canada and Ameritrade Canada are required to provide notice to the Secretary of the Investment Dealers Association and obtain approval for the various steps relating to the acquisition of Ameritrade Canada by TD Waterhouse Canada.

Ameritrade Canada and TD Waterhouse Canada are registered in all Canadian provinces and territories as investment dealers. Pursuant to the securities laws and regulations of certain provinces of Canada, TD Waterhouse Canada and Ameritrade Canada are required to provide notice to, or obtain approval from, a number of the applicable provincial securities commissions regarding the acquisition of Ameritrade Canada by TD Waterhouse Canada.

Table of Contents

Representations and Warranties

The Canadian purchase agreement contains customary representations and warranties made by Ameritrade and Datek, on the one hand, to TD and TD Waterhouse Canada, on the other hand, regarding aspects of the business, financial condition and structure of Ameritrade Canada.

Certain of these representations and warranties are qualified as to materiality or material adverse effect. In addition, Ameritrade and Datek on the one hand and TD and TD Waterhouse Canada on the other hand have each agreed to indemnify the other parties for any damages incurred as a result of breaches of their respective representations and warranties. However, the parties will not be entitled to further indemnification for any claims already made under the indemnification provisions set out in the share purchase agreement.

Conditions to Closing

The respective obligations of each party to the Canadian purchase agreement are subject to the satisfaction by the closing date of certain customary closing conditions.

Termination

The Canadian purchase agreement may be terminated at any time before the completion of the Canadian share purchase by mutual written consent of TD Waterhouse Canada and Datek. Either TD Waterhouse Canada or Datek may terminate the Canadian purchase agreement if:

any governmental entity which must grant requisite regulatory approval has denied an approval required to consummate the transactions contemplated by the Canadian purchase agreement and such denial has become final and nonappealable;

any governmental authority of competent jurisdiction shall have issued a final nonappealable order enjoining or otherwise prohibiting the consummation of the transactions contemplated by the Canadian purchase agreement; and

the closing shall not have occurred on or before the earlier of March 31, 2006 and within 90 days following the completion of the acquisition of TD Waterhouse.

Any party may terminate the Canadian purchase agreement: (1) in the event of a breach by another party of its representations, warranties or covenants contained in the Canadian purchase agreement, which breach either is not cured within 30 days after the giving of written notice or is of a nature which cannot be cured prior to closing; or (2) if the share purchase agreement is terminated in accordance with its terms prior to completion of the acquisition of TD Waterhouse.

Trademark License Agreement

Concurrently with entering into the share purchase agreement, Ameritrade and TD entered into a trademark license agreement, which requires Ameritrade to use the TD trademark and logo as part of Ameritrade's corporate identity, TD Ameritrade, following the completion of the acquisition of TD Waterhouse. The following is a summary of selected provisions of the trademark license agreement.

The TD Ameritrade Name

Pursuant to the terms of the trademark license agreement, Ameritrade is required to use the TD Ameritrade name in the U.S. as its exclusive corporate entity name and to use the TD logo in connection with the TD Ameritrade name in the U.S. in corporate identity and marketing materials. Ameritrade has further agreed to use the TD Ameritrade name and, in conjunction with it, the TD logo, in other countries unless Ameritrade reasonably determines such use would not be consistent with or to the benefit of Ameritrade's business in a particular country.

The trademark license agreement grants Ameritrade a worldwide (except in Canada) license to use the name and trademark TD as part of the trademark, service mark, trade name, corporate name or domain name

TD AMERITRADE in connection with Ameritrade's business of providing securities brokerage services to retail traders, individual investors and registered investment advisers. Pursuant to the

Table of Contents

terms of the trademark license agreement, TD has agreed not to use the TD mark or any trademarks, service marks, trade names, corporate names and domain names incorporating the TD mark in connection with any business or activity providing securities brokerage services to retail traders, individual investors and registered investment advisers in the U.S.

Ownership and Protection of the TD Ameritrade Name

Pursuant to the terms of the trademark license agreement, TD and Ameritrade will jointly own the TD Ameritrade name. Ameritrade has agreed to be responsible for the registration, maintenance and prosecution of any trademark applications and registrations for the TD Ameritrade name. Ameritrade has further agreed to use commercially reasonable efforts to keep TD informed and to allow TD to provide reasonable input as to the registration, maintenance and prosecution strategy in connection with the TD Ameritrade trademark. Pursuant to the terms of the trademark license agreement, Ameritrade and TD have each agreed to be responsible for 50% of the costs and expenses associated with the registration, maintenance and prosecution of the TD Ameritrade trademark.

Indemnification

Pursuant to the terms of the trademark license agreement, Ameritrade has agreed to indemnify TD for liability incurred by TD as a result of Ameritrade's (and any of its sublicensees') breach of its obligations under the trademark license agreement. TD has agreed to indemnify Ameritrade for liability incurred by Ameritrade so long as Ameritrade's actions are in accordance with the terms of the trademark license agreement and Ameritrade's use of the TD Ameritrade name or the TD logo, as the case may be, is in a jurisdiction where TD has trademark applications or registrations or is using or has used the TD trademark or logo, as the case may be.

Term; Termination

The term of the trademark license agreement is 10 years, and is automatically renewable for additional periods of 10 years each, unless earlier terminated. Under the terms of the trademark license agreement, Ameritrade and TD can each terminate the trademark license agreement upon any of the following events: if the other party becomes insolvent, makes an assignment for the benefit of creditors, a trustee or receiver is appointed for a material part of the other party's assets, or a proceeding in bankruptcy is not dismissed within 90 days; if the other party fails to cure a material breach within 60 days of the initial notice of material breach; if the other party is subject to a decree dissolving such other party which has been in effect for more than 30 days; if there is a change of control of the other party that results in such other party being controlled by a competitor; if TD beneficially owns voting securities representing 4.17% or less of the total voting power of TD Ameritrade; if a third party bona fide tender or exchange offer for not less than 25% of the outstanding shares of common stock of TD Ameritrade is consummated; if the Ameritrade board of directors consummates a takeover proposal from a third party; or if the TD trademark or logo becomes materially damaged by the other party.

Effects of Termination

Upon termination of the trademark license agreement, Ameritrade has agreed to stop all new uses of the TD mark within six months and discontinue all use of the TD mark within 12 months. Neither Ameritrade nor TD shall be entitled to use the TD Ameritrade name after the trademark license agreement terminates, and all trademark applications and registrations for the TD Ameritrade trademark shall be expressly abandoned.

Money Market Deposit Account Agreement

Concurrently with entering into the share purchase agreement, Ameritrade, TD and certain subsidiaries of TD Waterhouse agreed to enter into a money market deposit account agreement, or the MMDA agreement, pursuant to which money market deposit accounts will be made available as designated sweep vehicles to clients of TD Ameritrade through TD Waterhouse Bank. One of the subsidiaries of TD Waterhouse will provide marketing and support services with respect to the money market deposit accounts. In exchange for providing marketing services relating to the money market

Table of Contents

deposit accounts, TD Waterhouse Bank will pay TD Ameritrade a marketing fee calculated in accordance with the terms of the MMDA agreement. Subject to limited exceptions, the MMDA agreement has an initial term of two years and is automatically renewable for successive two year terms, provided that following the first anniversary of the agreement, the agreement may be terminated by any party upon one year's notice. TD Ameritrade may terminate the MMDA agreement upon 90 days notice if:

the stockholders agreement terminates because TD's ownership percentage of TD Ameritrade falls below a specified level;

TD breaches certain of the representations or covenants it made in the MMDA agreement;

TD Waterhouse Bank fails to maintain certain levels of capitalization; or

TD Waterhouse Bank breaches any of the covenants, obligations or other agreements it made in the MMDA agreement and fails to cure such breaches within the time periods allocated in the MMDA agreement.

The MMDA agreement will not be executed or become effective until the closing of the acquisition of TD Waterhouse.

Services Agreement

Concurrently with entering into the share purchase agreement, Ameritrade, an affiliate of TD and certain subsidiaries of TD Waterhouse agreed to enter into a services agreement, pursuant to which certain funds will be made available as money market sweep or direct purchase options to TD Ameritrade clients, and TD Ameritrade will perform marketing support services with respect to those funds. In consideration for offering the funds and performing the marketing support services, an affiliate of TD will compensate TD Ameritrade in accordance with the provisions of the services agreement. Pursuant to the terms of the services agreement, TD Ameritrade will assume and perform certain services for the applicable funds pursuant to certain preexisting agreements. In exchange for assuming and performing these obligations, TD Ameritrade will receive the fees set forth in those agreements. The services agreement has an initial term of two years and is automatically renewable for successive two year terms (so long as certain related agreements are in effect), provided that following the first anniversary of the agreement, the agreement may be terminated by any party thereto upon one year's prior written notice. TD Ameritrade may terminate the services agreement upon 120 days notice if it does not earn monthly fees greater than a specified level.

The services agreement will not be executed or become effective until the closing of the acquisition of TD Waterhouse.

Post-Transaction Bylaws of TD Ameritrade

In connection with the transactions contemplated by the share purchase agreement, Ameritrade and TD have agreed to a number of governance rights and restrictions relating to TD's investment in Ameritrade, as set forth in the stockholders agreement. The proposed form of bylaws that will govern Ameritrade following the completion of the proposed acquisition of TD Waterhouse, or the Post-Transaction Bylaws, contains provisions necessary to implement some of the terms of the stockholders agreement and other governance terms agreed to by TD and Ameritrade, as well as other changes approved by the board of directors of Ameritrade, and accordingly differs in material respects from Ameritrade's existing bylaws.

The following is a summary of selected provisions of the post-transaction bylaws. While Ameritrade and TD believe that this description covers the material terms of the Post-Transaction Bylaws which differ materially from Ameritrade's existing bylaws, it may not contain all of the information that is important to you and is qualified in its entirety by reference to the Post-Transaction Bylaws, which are attached as Appendix D to this document and are incorporated by reference in this document. We urge you to read the entire Post-Transaction Bylaws carefully.

Table of Contents

Article II Stockholders

Article II of the Post-Transaction Bylaws has been amended to (1) provide the Ameritrade board of directors with the discretion to determine that any meeting of stockholders may be held solely by means of remote communication, (2) provide that special meetings of the stockholders may only be called in accordance with Article 5 of the amended and restated certificate of incorporation following the proposed acquisition of TD Waterhouse, and (3) provide that at all meetings of stockholders for the election of directors at which a quorum is present, a plurality of the votes cast shall be sufficient to elect.

Article III Directors

Article III of the Post-Transaction Bylaws has been amended to (1) provide for the appointment of an Outside Independent Directors Committee consisting of such members as may be required by the stockholders agreement, (2) provide for the appointment of a Non-TD Directors Committee consisting of such members as may be required by the stockholders agreement, (3) eliminate the concept of an Executive Committee, (4) provide for consents and waivers by the board of directors to be conveyed by electronic transmission and (5) eliminate the nine member board provisions in a manner consistent with the amended and restated certificate of incorporation following the proposed acquisition of TD Waterhouse.

Article IV Officers

Article IV of the Post-Transaction Bylaws has been amended to (1) provide that, so long as the corporate governance provisions of the stockholders agreement remain in effect, any new Chief Executive Officer of TD Ameritrade may be appointed only with the approval of at least two-thirds of all of the directors then serving on the board of directors, and (2) provide for the following additional positions: Vice Chairman of the board of directors, a President, a Chief Operating Officer, one or more Executive Vice Presidents and one or more Senior Vice Presidents.

Article VII Nomination of Directors and Presentation of Business at Stockholder Meetings

Article VII of the Post-Transaction Bylaws has been amended to provide that, so long as the corporate governance provisions of the stockholders agreement remain in effect, any stockholder then entitled to designate or nominate one or more directors of Ameritrade under the terms of the stockholders agreement may nominate persons for election as directors at any meeting of the stockholders without complying with the advance notice provisions. This right is currently granted under Ameritrade's existing certificate of incorporation to the Ricketts holders and certain entities affiliated with the TA holders and the SLP holders. This amendment incorporates in the bylaws the provision that appears in the proposed amendment and restatement of our certificate of incorporation, which is substantially the same as the provision in Ameritrade's existing certificate of incorporation, and extends this right to TD.

Article IX Amendments

Article IX of the Post-Transaction Bylaws has been amended to provide that the Chief Executive Officer appointment provision (discussed above under Article IV) may only be amended by (1) the unanimous vote of the Board of Directors or (2) the affirmative vote of the holders of at least 80% in voting power of the shares of capital stock of the corporation issued and outstanding and entitled to vote thereon.

**PROPOSAL NO. 2,
INCLUDING SUB-PROPOSAL NOS. 2A-2F
THE POST-TRANSACTION CERTIFICATE OF INCORPORATION**

In connection with TD's investment in Ameritrade under the share purchase agreement, Ameritrade and TD agreed that Ameritrade would amend and restate its certificate of incorporation and bylaws to implement a number of governance and other changes. We refer to the amended and restated certificate of incorporation in this section as the Post-Transaction Certificate of Incorporation. At the special meeting you will be asked to consider and vote to approve the Post-Transaction Certificate of Incorporation. In order to comply with applicable rules of the SEC relating to proxy statements, we are also presenting Sub-Proposal Nos. 2A through 2F to Ameritrade stockholders as separate proposals for approval. As a matter of state law, only the approval of the Post-Transaction Certificate of Incorporation, as a whole, is required. **However, because we are required to present the sub-proposals separately and because all of the revisions to Ameritrade's existing certificate of incorporation that are reflected in the Post-Transaction Certificate of Incorporation are considered by Ameritrade and TD to be integral parts of the overall transaction, the approval of Proposal No. 2 and each of the Sub-Proposals 2A through 2F is a condition to completion of the acquisition of TD Waterhouse. Accordingly, a vote against Proposal No. 2 or any of the related Sub-Proposal Nos. 2A through 2F is effectively a vote against the acquisition of TD Waterhouse.**

Sub-Proposal No. 2A: Proposal to approve provisions restricting the authority of TD Ameritrade to implement anti-takeover measures that would potentially conflict with the terms of the stockholders agreement.

Article 3 of the Post-Transaction Certificate of Incorporation prohibits TD Ameritrade from adopting a stockholder rights plan or other similar anti-takeover measure unless it both expressly excludes TD and its affiliates and the Ricketts holders from its operation to the extent any of their actions would be permitted under the stockholders agreement as well as does not impair any of their rights under the stockholders agreement. By its terms, this provision of the Post-Transaction Certificate of Incorporation will terminate upon the termination of the stockholders agreement or, if the stockholders agreement is terminated before the tenth anniversary of the completion of the acquisition of TD Waterhouse as a result of the commencement of certain tender or exchange offers by a third party, the approval of certain business combinations by the TD Ameritrade board or directors or the acquisition of a significant amount of TD Ameritrade common stock by a third party (as described in the fourth, fifth and sixth bullet points under "Certain Agreements Related to the Acquisition of TD Waterhouse" Stockholders Agreement Termination of the Stockholders Agreement beginning on page 96) upon the expiration of the post-termination period of up to one year following such termination. This provision will also terminate, with respect to the Ricketts holders, upon the earlier occurrence of the date on which Ameritrade directors designated by them are required to resign from the Ameritrade board of directors. This provision is intended to reflect the terms of the stockholders agreement, which contains specific negotiated terms and procedures that TD and the Ricketts holders must comply with if they wish to acquire additional shares of TD Ameritrade common stock.

Sub-Proposal No. 2B: Proposal to approve the increase of the authorized shares of common stock, \$0.01 par value per share, of TD Ameritrade from 650,000,000 to 1,000,000,000.

Article 4.a. of the Post-Transaction Certificate of Incorporation increases the authorized shares of common stock, \$0.01 par value per share, from 650,000,000 to 1,000,000,000. As of September 2, 2005, there were approximately 405,121,706 shares of Ameritrade common stock issued and outstanding and approximately 52,290,524 shares reserved for issuance under Ameritrade's stock benefit plans and agreements, leaving only 192,587,770 authorized shares available for future issuance. The share purchase agreement requires Ameritrade to issue 193,600,000 shares of its common stock. Therefore, unless Ameritrade's certificate of incorporation is amended to authorize additional shares of common stock, the acquisition of TD Waterhouse cannot be consummated.

Table of Contents

In addition, if this proposal to increase the authorized shares of common stock were approved, additional shares of common stock would be available for issuance in the future for such corporate purposes as the board of directors deems advisable from time to time without further action by the stockholders, unless such action is required by applicable law or by the rules of The Nasdaq Stock Market or of any stock exchange upon which the TD Ameritrade shares may then be listed. Ameritrade may need to have such shares available to provide additional flexibility to use its capital stock for business and financial purposes in the future. The additional shares may be used, without further stockholder approval in certain circumstances, for various purposes including, without limitation, raising capital, providing equity incentives to employees, officers or directors, establishing strategic relationships with other companies and expanding TD Ameritrade's business through the acquisition of other businesses or products. Ameritrade has no present oral or written agreement, commitment, plan or intent to issue any of the additional shares provided for in this proposal beyond issuances under stockholder approved equity incentive plans and the Ameritrade Stock Issuance.

Sub-Proposal No. 2C: Proposal to approve a provision which prohibits action by written consent of stockholders of TD Ameritrade.

The Post-Transaction Certificate of Incorporation would require any action to be taken by Ameritrade's stockholders to be taken at a duly called annual or special meeting of stockholders. Ameritrade's current certificate of incorporation permits Ameritrade stockholders to also act by written consent in lieu of a meeting but the Post-Transaction Certificate of Incorporation prohibits stockholder actions by written consent. The effect of this change is to require the convening of a stockholders meeting for any action to be taken by TD Ameritrade stockholders, thereby eliminating the ability of TD Ameritrade stockholders holding sufficient shares to take action on behalf of the stockholders from taking such action other than at a duly called stockholders meeting.

Because TD Ameritrade will have several significant stockholders following the transaction holding in the aggregate a majority of the outstanding shares of TD Ameritrade, our board of directors determined that it would be in the best interest of our stockholders to require that any corporate action requiring a stockholder vote be considered at an annual or special meeting at which all of our stockholders may participate.

Sub-Proposal No. 2D: Proposal to approve a provision increasing the size of the TD Ameritrade board of directors from nine members to twelve members during certain periods specified in the stockholders agreement.

The stockholders agreement provides for a twelve-member board of directors following the completion of the acquisition of TD Waterhouse. The current certificate of incorporation of Ameritrade provides for a nine-member board of directors. Accordingly, the Post-Transaction Certificate of Incorporation provides that the board of directors of TD Ameritrade will be comprised of twelve members. The Post-Transaction Certificate of Incorporation further provides that, following the occurrence of a Termination Event (or, if such Termination Event is a Specified Termination Event, following the expiration of the Post-Termination Period (as such terms are defined below)), the Ameritrade board of directors may fix and change the size of the Ameritrade board. See Articles 6.a.(i) and 6.b. of the Post-Transaction Certificate of Incorporation.

For purposes of the Post-Transaction Certificate of Incorporation,

(1) a Termination Event is generally defined as the earliest to occur of:

the consummation of a merger, tender offer or other business combination pursuant to which TD offers to acquire 100% of the TD Ameritrade common stock not owned by TD;

the tenth anniversary of the consummation of the acquisition of TD Waterhouse;

the date on which TD's ownership of TD Ameritrade common stock falls below approximately 4% of the outstanding voting securities of TD Ameritrade;

the commencement by a third party of a tender offer or exchange offer for not less than 25% of TD Ameritrade common stock unless the TD Ameritrade board recommends against such

Table of Contents

tender offer or exchange offer and continues to take all reasonable steps to oppose such tender offer or exchange offer (as reasonably determined by TD);

the approval by the TD Ameritrade board of a business combination that would result in another party owning 25% of the voting securities or consolidated assets of TD Ameritrade or which would otherwise result in a change of control of TD Ameritrade; or

the acquisition of 20% of the voting securities of TD Ameritrade by a third party;

(2) a Specified Termination Event is generally defined as a Termination Event of the type specified in the fourth, fifth and sixth bullet points above, and

(3) the Post-Termination Period is generally defined as the shortest of:

the period from the date of a Specified Termination Event until the first anniversary thereof;

the period from the date of a Specified Termination Event to the occurrence of a Termination Event of the type described in the first, second or third bullet points above; and

the period from the date of a Specified Termination Event until the consummation by TD or its affiliates or by the Ricketts holders of a merger, tender offer or other business combination for 100% of the outstanding shares of TD Ameritrade common stock (not owned by TD and its affiliates or the Ricketts holders, as applicable).

In addition, the Post-Transaction Certificate of Incorporation makes conforming changes to the provisions of the Ameritrade certificate of incorporation providing for the division of the Ameritrade board into three classes. Specifically, it provides that, rather than having each such class consist of three directors, each such class will consist as nearly as possible of one-third of the total number of directors constituting the entire TD Ameritrade board. Further, it specifies that the term of office of class I directors will expire at the first annual meeting of stockholders following the effectiveness of the Post-Transaction Certificate of Incorporation and every third succeeding annual meeting thereafter, the term of office of class II directors will expire at the second annual meeting of stockholders following the effectiveness of the Post-Transaction Certificate of Incorporation and every third succeeding annual meeting thereafter and the term of office of class III directors will expire at the third annual meeting of stockholders following the effectiveness of the Post-Transaction Certificate of Incorporation and every third succeeding annual meeting thereafter. See Articles 6.c. and 6.d. of the Post-Transaction Certificate of Incorporation.

Sub-Proposal No. 2E: Proposal to approve a provision setting forth procedures for the nomination or appointment of outside independent directors to the TD Ameritrade board of directors and the maintenance of an outside independent directors committee and a non-TD directors committee.

The stockholders agreement provides that the Ameritrade board will form an outside independent directors committee composed solely of all of the outside independent directors on the TD Ameritrade board which committee, among other things, will have the authority at certain times to nominate or appoint new outside independent directors to the TD Ameritrade board. Article 6.g.(i) of the Post-Transaction Certificate of Incorporation requires the TD Ameritrade board of directors to maintain such a committee prior to the occurrence of a Termination Event (and, following a Specified Termination Event, during any Post-Termination Period).

Article 6.a.(ii) of the Post-Transaction Certificate of Incorporation provides that, whenever this committee is authorized to nominate or appoint an outside independent director, the committee will prepare and provide to TD and a representative of the Ricketts holders (initially J. Joe Ricketts), a list of candidates for the position. Article 6.a.(ii) of the Post-Transaction Certificate of Incorporation further provides that, within ten business days of receipt of this list, each of TD and the representative of the parties to the stockholders agreement affiliated with the Ricketts holders may notify the outside independent directors committee of any candidates included on the list which they reject from consideration, provided that they may not reject a candidate without a reasonable basis for doing so. Article 6.a.(ii) of the Post-Transaction Certificate of Incorporation further provides that the outside independent directors committee will nominate or appoint for outside independent director positions, only candidates included on such a list and not

rejected by TD or the representative of the Ricketts holders.

Table of Contents

Article 6.a.(ii) of the Post-Transaction Certificate of Incorporation also provides that the outside independent directors committee will take all action available to it to ensure that, at all times, at least three outside independent directors qualify to serve as members of the audit committee of the TD Ameritrade board under Section 4350(d) of the Nasdaq National Marketplace Rules or any successor or comparable requirement.

In addition, the stockholders agreement contemplates that the TD Ameritrade board will form a committee composed of all of the directors on the Ameritrade board not designated by TD for purposes of making determinations relating to any acquisition by TD Ameritrade of a competing business held by TD. Accordingly, Article 6.g.(ii) of the Post-Transaction Certificate of Incorporation provides that, prior to a Termination Event, the Ameritrade board of directors will maintain a committee of the board comprised solely of all of the members of the TD Ameritrade board other than directors designated by TD under the stockholders agreement.

Sub-Proposal No. 2F: Proposal to approve a provision which allocates corporate opportunities between TD Ameritrade and TD.

Article 8.b. of the Post-Transaction Certificate of Incorporation expands upon an existing provision of the certificate of incorporation of Ameritrade to specifically allocate corporate opportunities between TD Ameritrade and TD until such time as TD no longer beneficially owns voting securities of Ameritrade representing at least 4.17% of the total voting power of all outstanding Ameritrade voting securities. These provisions were negotiated and agreed to by the parties because Ameritrade and TD currently engage in, and in the future may engage in, similar activities or lines of business and as a result may have an interest in the same areas and types of corporate opportunities.

The procedure for allocating corporate opportunities set forth in Article 8.b. of the Post-Transaction Certificate of Incorporation provides that if a TD Ameritrade director or officer who is also a director or officer of TD acquires knowledge of a potential transaction, matter or opportunity which may be a corporate opportunity for both TD Ameritrade and TD, the director or officer will have fully satisfied and fulfilled his or her fiduciary duty to TD Ameritrade and its stockholders with respect to such corporate opportunity if he or she acts in a manner consistent with the following agreed upon policy for the allocation of corporate opportunities:

A corporate opportunity offered to any person who is a TD Ameritrade officer and who is also a director but not an officer of TD will belong to TD Ameritrade;

A corporate opportunity offered to any person who is a director but not an officer of TD Ameritrade and who is also a director or officer of TD, will belong to TD Ameritrade if the opportunity is expressly offered to that person in writing solely in his or her capacity as a director of TD Ameritrade and otherwise will belong to TD; and

A corporate opportunity offered to a person who is an officer of both TD Ameritrade and TD will belong to TD Ameritrade if the opportunity is expressly offered to the person in writing solely in his or her capacity as an officer of TD Ameritrade, and otherwise will belong to TD.

The Post-Transaction Certificate of Incorporation provides that TD Ameritrade renounces any interest or expectancy in, or in being offered the opportunity to participate in, any corporate opportunity covered by, but not allocated to it pursuant to, the foregoing.

For purposes of this provision of the Post-Transaction Certificate of Incorporation, a TD Ameritrade director who is Chairman or Vice Chairman of the Ameritrade board of directors is not deemed to be an TD Ameritrade officer unless the director is an employee of TD Ameritrade. In addition, these provisions of the Post-Transaction Certificate of Incorporation do not limit or eliminate duties, responsibilities and obligations with respect to TD Ameritrade's proprietary information and do not amend or modify any written contractual arrangements between TD Ameritrade stockholders or their affiliates and TD Ameritrade or its affiliates.

This provision for allocating corporate opportunities may only be amended by the affirmative vote of the holders of at least 80% of the voting power of Ameritrade's issued and outstanding capital stock that is

Table of Contents

entitled to vote on that matter, and any such amendment (or any adoption of any inconsistent provision in our certificate of incorporation) will not apply to any matter occurring prior to such amendment or adoption.

Vote Required and Board of Directors Recommendation

The required vote to approve Proposal No. 2, including Sub-Proposal Nos. 2A through 2F, is the affirmative vote of the holders of a majority of outstanding shares of Ameritrade common stock entitled to vote at the special meeting. The approval of Proposal No. 2, including Sub-Proposal Nos. 2A through 2F, is a condition to completion of the acquisition of TD Waterhouse, and thus a vote against Proposal No. 2, or any of Sub-Proposal Nos. 2A through 2F, effectively will be a vote against the acquisition of TD Waterhouse.

Ameritrade's board of directors has unanimously approved the Post-Transaction Certificate of Incorporation, has concluded that it is advisable and in the best interests of Ameritrade and its stockholders and unanimously recommends that Ameritrade stockholders vote *FOR* Proposal No. 2, including each of Sub-Proposal Nos. 2A-2F.

Additional Changes to the Certificate of Incorporation

In addition to the amendments to the certificate of incorporation in Sub-Proposal Nos. 2A-F, if Proposal No. 2 is approved, Ameritrade's current certificate of incorporation will also be amended to (1) change the corporate name of Ameritrade to TD Ameritrade Holding Corporation, (2) to make changes to the provisions relating to the calling of special meetings of stockholders, and (3) conform certain procedures for the nomination and removal of directors to the terms of the stockholders agreement. These amendments are described in detail below.

We are not asking for separate approval of these additional amendments to our certificate of incorporation because these changes do not represent material changes in the rights of Ameritrade stockholders. According to applicable SEC rules, corporations are only required to seek separate stockholder approval for amendments to their charter documents that materially affect the rights of their stockholders. While we are not required to obtain separate stockholder approval for these additional amendments to the certificate of incorporation, these amendments are part of the changes that are proposed to be made to Ameritrade's certificate of incorporation under Proposal No. 2, and stockholders may find the following summary of these additional amendments to be informative and relevant in evaluating that proposal.

Amendment to change the corporate name of Ameritrade to TD Ameritrade Holding Corporation.

Ameritrade's current certificate of incorporation provides that the name of Ameritrade is Ameritrade Holding Corporation. The Post-Transaction Certificate of Incorporation provides that the name of Ameritrade will be TD Ameritrade Holding Corporation. See Article 1 of the Post-Transaction Certificate of Incorporation.

Amendment to the provisions relating to the calling of special meetings of stockholders.

Under Ameritrade's current certificate of incorporation, a special meeting of stockholders may be called by holders of 25% or more of the outstanding shares of Ameritrade common stock, by the chairman of the board of directors of Ameritrade, by the chief executive officer of Ameritrade or by a majority of the members of the board of directors of Ameritrade. The Post-Transaction Certificate of Incorporation eliminates the right of the chairman of the board of directors or the chief executive officer to call a special meeting of stockholders. Accordingly, a special meeting of stockholders may be called only by the holders of record of 25% or more of the outstanding shares of Ameritrade common stock or by a majority of the members of the board of directors of Ameritrade. In addition, the Post-Transaction Certificate of Incorporation specifies that business transacted at special meetings shall be confined to the purpose or purposes stated in the notice of meeting for that meeting. See Article 5 of the Post-Transaction Certificate of Incorporation.

Table of Contents

Amendments to conform certain procedures for the nomination and removal of directors to the terms of the stockholders agreement.

Ameritrade's current certificate of incorporation provides that, until certain dates specified in the current Ameritrade stockholders agreement (which agreement will be superseded by the stockholders agreement to be entered into in connection with the acquisition of TD Waterhouse), members of the Ameritrade board of directors may be removed without cause. The Post-Transaction Certificate of Incorporation conforms these time periods to the terms of the new stockholders agreement and, accordingly, specifies that prior to a Termination Event (and, following a Specified Termination Event, during any Post-Termination Period), members of the Ameritrade board may be removed without cause by the holders of a majority of the outstanding shares of Ameritrade common stock. See Article 6.e. of the Post-Transaction Certificate of Incorporation.

Similarly, Ameritrade's current certificate of incorporation provides that provisions in Ameritrade's certificate of incorporation or bylaws requiring advance notice for the designation or nomination of members of Ameritrade's Board of directors will not apply at certain times to Ameritrade stockholders entitled to nominate directors under Ameritrade's current stockholders agreement. The Post-Transaction Certificate of Incorporation conforms these provisions to the terms of the new stockholders agreement. Accordingly, Article 6.f. of the Post-Transaction Certificate of Incorporation provides that prior to a Termination Event (and, following a Specified Termination Event, during any Post-Termination Period), any stockholder entitled to designate or nominate one or more TD Ameritrade directors under the stockholders agreement may do so without complying with any advance notice provisions in TD Ameritrade's certificate of incorporation or bylaws.

**PROPOSAL NO. 3
APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE
1996 LONG-TERM INCENTIVE PLAN**

At the special meeting, the stockholders will be asked to approve an amendment and restatement of the Ameritrade Holding Corporation 1996 Long-Term Incentive Plan. We refer to this plan as the 1996 Plan in this proxy statement. The board of directors originally adopted the 1996 Plan effective as of October 1, 1996 and amended and restated the 1996 Plan as of September 9, 2002.

The board of directors believes that Ameritrade must offer a competitive equity incentive program if it is to continue to successfully attract and retain the best possible candidates for positions of responsibility within Ameritrade. The board of directors expects that the 1996 Plan will continue to be an important factor in attracting, retaining and rewarding the high caliber employees essential to our success and in motivating these individuals to strive to enhance our growth and profitability.

The board of directors of Ameritrade has determined, contingent upon stockholder approval, to increase the share reserve under Ameritrade's 1996 Long-Term Incentive Plan by 19,000,000 shares, as requested in this Proposal No. 3, to increase the share reserve under Ameritrade's 1996 Directors Incentive Plan by 1,000,000 shares, as requested in Proposal No. 4, and to decrease the share reserve under Ameritrade's 1998 Stock Option Plan by a total of 20,000,000 shares. This will help ensure that Ameritrade (1) has a reasonable number of shares available to grant incentive awards under the 1996 Long-Term Incentive Plan and the 1996 Directors Incentive Plan and (2) has the most flexibility with respect to the types of incentive awards which may be granted.

To enable Ameritrade to continue to offer a competitive equity incentive program, the Compensation Committee of the board of directors (or the Committee) approved this amendment and restatement, subject to stockholder approval, to reserve an additional 19,000,000 shares for issuance under the 1996 Plan. Accordingly, the share reserve increase of 19,000,000 shares under the 1996 Plan will consist entirely of shares previously authorized for issuance under the 1998 Plan. This share increase under the 1996 Plan and the corresponding reduction in the 1998 Plan share reserve will therefore result in no net additional shares being reserved for issuance under Ameritrade stock plans.

As of September 2, 2005, there were 20,000,000 shares reserved for issuance under the 1996 Plan, and only 4,425,482 shares remained available for the future grant of awards under the 1996 Plan, a number that the board of directors believes to be insufficient to meet Ameritrade's anticipated needs. Therefore, the board of directors has unanimously adopted, subject to stockholder approval, this amendment and restatement of the 1996 Plan and the corresponding reduction in the share reserve under the 1998 Plan.

Summary of the 1996 Plan

The following summary is qualified in its entirety by the specific language of the 1996 Plan, a copy of which is attached to this Proxy Statement and which may also be accessed from the SEC's website at <http://www.sec.gov>. In addition, a copy of the 1996 Plan, as amended and restated, may be obtained upon written request to Ameritrade.

General. The purpose of the 1996 Plan is to advance the interests of Ameritrade by providing an incentive program that will enable Ameritrade to attract and retain employees upon whose judgment, interest and efforts Ameritrade's success is dependent and to provide them with an equity interest in the success of Ameritrade in order to motivate superior performance. These incentives are provided through the grant of stock options (including discounted stock options), stock appreciation rights, restricted stock awards and performance units.

Authorized Shares. Prior to the approval by stockholders of this amendment and restatement, 20,000,000 shares of our common stock, subject to adjustment as described below, have been reserved for the granting of awards. These shares may be currently authorized but unissued or currently held or subsequently acquired by Ameritrade as treasury shares, including shares purchased in the open market or in private transactions. If any award expires, lapses or otherwise terminates for any reason without having been exercised or settled in full, or if shares subject to forfeiture or repurchase are forfeited or repurchased by Ameritrade, any such shares that are reacquired or subject to such a terminated award will again

Table of Contents

become available for issuance. After the approval by stockholders of this amendment and restatement, the share reserve will be increased in an amount equal 19,000,000 shares such that the share reserve will be increased from 20,000,000 shares to 39,000,000 shares. In addition, after the approval by stockholders of this amendment and restatement, the Committee will also take such action as is necessary to amend the share reserve under the 1998 Plan to reduce its share reserve by 19,000,000 shares.

Adjustments to Shares Subject to the 1996 Plan. In the event of any merger, consolidation, reorganization, spinoff, stock dividend, stock split, reverse stock split, exchange or other distribution with respect to shares of Ameritrade common stock or other change in the corporate structure or capitalization affecting Ameritrade common stock, the number of shares of stock reserved, the type and number of shares of stock which are subject to outstanding awards and the terms of any such outstanding awards (including the price at which shares of stock may be issued pursuant to an outstanding award) shall be equitably adjusted by the board of directors or the Committee, in its sole discretion, to preserve the value of benefits awarded or to be awarded to participants. The Committee has previously authorized that all outstanding awards under the 1996 Plan, and the 1996 Plan share reserve (to the extent necessary to give effect to the adjustment to such outstanding awards), will be adjusted to preserve the economic value of such outstanding awards as determined immediately prior to the special dividend distribution which is discussed elsewhere in this Proxy Statement.

Administration. The 1996 Plan will be administered by the Committee. In the case of awards intended to qualify for the performance-based compensation exemption under Section 162(m) of the Code, administration must be by a compensation committee comprised solely of two or more outside directors within the meaning of Section 162(m). Subject to the provisions of the 1996 Plan, the Committee determines in its discretion the persons to whom and the times at which awards are granted, the types and sizes of such awards, and all of their terms and conditions. The Committee may, subject to certain limitations on the exercise of its discretion required by Section 162(m), amend, cancel, renew, or grant a new award in substitution for, any award, waive any restrictions or conditions applicable to any award, and accelerate, continue, extend or defer the vesting of any award. However, the 1996 Plan forbids, without stockholder approval, the cancellation or modification of any outstanding stock option for the purpose of reissuing an additional stock option to the option holder at a lower exercise price. The Committee will interpret the 1996 Plan and awards granted thereunder, and all determinations of the Committee will be final and binding on all persons having an interest in the 1996 Plan or any award.

Eligibility. Awards may only be granted to employees of Ameritrade or any present or future parent or subsidiary corporations of Ameritrade. Incentive stock options may be granted only to employees who, as of the time of grant, are employees of Ameritrade or any parent or subsidiary corporation of Ameritrade. As of August 26, 2005, Ameritrade had approximately 2,026 employees, including nine executive officers, who would be eligible for awards.

Stock Options. Each option granted must be evidenced by a written agreement between Ameritrade and the optionee specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the requirements of the 1996 Plan.

The exercise price of each incentive stock option may not be less than the fair market value of a share of common stock on the date of grant. However, any incentive stock option granted to a person who at the time of grant owns stock possessing more than 10% of the total combined voting power of all classes of stock of Ameritrade or any parent or subsidiary corporation of Ameritrade (a Ten percent Stockholder) must have an exercise price equal to at least 110% of the fair market value of a share of common stock on the date of grant. The exercise price of each nonstatutory stock option will be determined by the Committee in its sole discretion at the time of grant and may be less than the current fair market value of a share of Ameritrade common stock on the date of grant, however, in no event shall such exercise price be less than 75% of such fair market value on the date of grant. Generally, the fair market value of the common stock is the closing market composite price per share on the date of grant as quoted on the Nasdaq National Market. On September 2, 2005, the closing price of Ameritrade's common stock on the Nasdaq National Market was \$20.06 per share. Ameritrade has never granted discounted stock options pursuant to the 1996 Plan.

Table of Contents

An option's exercise price may be paid in cash, by check, by the assignment of the proceeds of a sale with respect to some or all of the shares being acquired upon the exercise of the option (a cashless exercise), to the extent legally permitted, by tender of shares of Ameritrade common stock owned by the optionee having a fair market value not less than the exercise price, or by any combination of these. No option may be exercised unless the optionee has made adequate provision for federal, state, local and foreign taxes, if any, relating to the exercise of the option.

Options will become vested and exercisable at such times or upon such events and subject to such terms, conditions, performance criteria or restrictions as specified by the Committee. The maximum term of any option is ten years, provided that an incentive stock option granted to a Ten percent Stockholder must have a term not exceeding five years. The Committee will specify in each written option agreement, and solely in its discretion, the period of post-termination exercise applicable to each option.

Stock options are nontransferable by the optionee other than by will or by the laws of descent and distribution, and are exercisable during the optionee's lifetime only by the optionee.

Stock Appreciation Rights. Each stock appreciation right must be evidenced by a written agreement between Ameritrade and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the 1996 Plan.

A stock appreciation right gives a participant the right to receive the appreciation in the fair market value of Ameritrade common stock between the date of grant of the award and the date of its exercise. Ameritrade may pay the appreciation either in cash or in shares of common stock. The Committee may grant stock appreciation rights in tandem with a related stock option or as a freestanding award. A tandem stock appreciation right is exercisable only at the time and to the same extent that the related option is exercisable, and its exercise causes the related option to be canceled. Freestanding stock appreciation rights vest and become exercisable at the times and on the terms established by the Committee. Stock appreciation rights are generally nontransferable by the participant other than by will or by the laws of descent and distribution, and are generally exercisable during the participant's lifetime only by the participant. Ameritrade has not granted any stock appreciation rights pursuant to the 1996 Plan.

Restricted Stock Awards. Each restricted stock award granted must be evidenced by a written agreement between Ameritrade and the participant specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the requirements of the 1996 Plan. Restricted stock awards may be subject to vesting conditions based on such service or performance criteria as the Committee specifies, and the shares acquired may not be transferred by the participant until vested. Unless otherwise provided by the Committee, a participant will forfeit any shares of restricted stock as to which the restrictions have not lapsed prior to the participant's termination of service. Participants holding restricted stock will have the right to vote the shares and to receive any dividends paid, except that dividends or other distributions paid in shares will be subject to the same restrictions as the original award. Ameritrade has not granted any restricted stock awards pursuant to the 1996 Plan.

Performance Units. The Committee may grant performance units which represent a right to receive value for the units at the end of a performance period to the extent provided under the award. Each performance unit must be evidenced by a written agreement between Ameritrade and the participant specifying the terms and conditions of such award, consistent with the requirements of the 1996 Plan. The number of units earned, and the value received for the awards, will be contingent on the degree to which the performance measures established at the time of grant of the award are met. The Committee determines the terms and conditions of performance unit awards. The Ameritrade Executive Deferred Compensation Program may award performance units and such awards under that deferred compensation program will be issued from under this 1996 Plan.

Individual Award Limitations. The maximum aggregate number of shares of Ameritrade common stock that may be granted, subject to any award under the 1996 Plan, to any employee for any calendar year shall be 6,000,000 and the maximum aggregate cash payment to any covered employee as defined in Section 162(m) of the Code which may be made under the 1996 Plan with respect to any award for any calendar year shall be \$2,500,000.

Termination or Amendment. The 1996 Plan will continue in effect until the first to occur of (1) its termination by the Committee, or (2) the date on which all shares available for issuance have been issued and all restrictions on such shares have lapsed. However, no incentive stock option may be granted on or after October 1, 2006. The Committee may terminate or amend the 1996 Plan at any time, provided that no amendment may be made without stockholder approval if the Committee deems such approval necessary for compliance with any applicable tax or securities law or other regulatory requirements, including the requirements of any stock exchange or market system on which the common stock of Ameritrade is then listed. No termination or amendment may affect any outstanding award unless expressly provided by the Committee, and, in any event, may not adversely affect an outstanding award without the consent of the participant unless necessary to comply with any applicable law, regulation or rule.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the 1996 Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

Incentive Stock Options. An optionee recognizes no taxable income for regular income tax purposes as a result of the grant or exercise of an incentive stock option qualifying under Section 422 of the Code. Optionees who do not dispose of their shares within two years following the date the option was granted or within one year following the exercise of the option will normally recognize a capital gain or loss equal to the difference, if any, between the sale price and the purchase price of the shares. If an optionee satisfies such holding periods upon a sale of the shares, Ameritrade will not be entitled to any deduction for federal income tax purposes. If an optionee disposes of shares within two years after the date of grant or within one year after the date of exercise (a disqualifying disposition), the difference between the fair market value of the shares on the determination date (see discussion under Nonstatutory Stock Options below) and the option exercise price (not to exceed the gain realized on the sale if the disposition is a transaction with respect to which a loss, if sustained, would be recognized) will be taxed as ordinary income at the time of disposition. Any gain in excess of that amount will be a capital gain. If a loss is recognized, there will be no ordinary income, and such loss will be a capital loss. Any ordinary income recognized by the optionee upon the disqualifying disposition of the shares generally should be deductible by Ameritrade for federal income tax purposes, except to the extent such deduction is limited by applicable provisions of the Code.

The difference between the option exercise price and the fair market value of the shares on the determination date of an incentive stock option (see discussion under Nonstatutory Stock Options below) is treated as an adjustment in computing the optionee's alternative minimum taxable income and may be subject to an alternative minimum tax which is paid if such tax exceeds the regular tax for the year. Special rules may apply with respect to certain subsequent sales of the shares in a disqualifying disposition, certain basis adjustments for purposes of computing the alternative minimum taxable income on a subsequent sale of the shares and certain tax credits which may arise with respect to optionees subject to the alternative minimum tax.

Nonstatutory Stock Options. Options not designated or qualifying as incentive stock options will be nonstatutory stock options having no special tax status. An optionee generally recognizes no taxable income as the result of the grant of such an option. Upon exercise of a nonstatutory stock option, the optionee normally recognizes ordinary income in the amount of the difference between the option exercise price and the fair market value of the shares on the determination date (as defined below). If the optionee is an employee, such ordinary income generally is subject to withholding of income and employment taxes. The determination date is the date on which the option is exercised unless the shares are subject to a substantial risk of forfeiture (as in the case where an optionee is permitted to exercise an unvested option and receive unvested shares which, until they vest, are subject to Ameritrade's right to repurchase them at the original exercise price upon the optionee's termination of service) and are not transferable, in which case the determination date is the earlier of (1) the date on which the shares become transferable or (2) the date on which the shares are no longer subject to a substantial risk of forfeiture. If the

Table of Contents

determination date is after the exercise date, the optionee may elect, pursuant to Section 83(b) of the Code, to have the exercise date be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the option is exercised. Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. No tax deduction is available to Ameritrade with respect to the grant of a nonstatutory stock option or the sale of the stock acquired pursuant to such grant. Ameritrade generally should be entitled to a deduction equal to the amount of ordinary income recognized by the optionee as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

Stock Appreciation Rights. In general, no taxable income is reportable when a stock appreciation right is granted to a participant. Upon exercise, the participant will recognize ordinary income in an amount equal to the amount of cash received and the fair market value of any shares of our common stock received. Any additional gain or loss recognized upon any later disposition of the shares would be capital gain or loss.

Restricted Stock Awards. A participant acquiring restricted stock generally will recognize ordinary income equal to the fair market value of the shares on the determination date (as defined above under Nonstatutory Stock Options). If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the determination date is after the date on which the participant acquires the shares, the participant may elect, pursuant to Section 83(b) of the Code, to have the date of acquisition be the determination date by filing an election with the Internal Revenue Service no later than 30 days after the date the shares are acquired. Upon the sale of shares acquired pursuant to a restricted stock award, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. Ameritrade generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Performance Units Awards. A participant generally will recognize no income upon the grant of a performance units award. Upon the settlement of such awards, participants normally will recognize ordinary income in the year of receipt in an amount equal to the cash received and the fair market value of any cash or nonrestricted shares received. If the participant is an employee, such ordinary income generally is subject to withholding of income and employment taxes. If the participant receives shares of stock, the participant generally will be taxed in the same manner as described above (see discussion under Restricted Stock Awards). Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the determination date (as defined above under Nonstatutory Stock Options), will be taxed as capital gain or loss. Ameritrade generally should be entitled to a deduction equal to the amount of ordinary income recognized by the participant on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Required Vote and Board of Directors Recommendation

The affirmative vote of the holders of a majority of the shares of Ameritrade common stock present in person or represented by proxy and voting on the matter is required to approve this amendment and restatement of the 1996 Plan. If you hold your shares in your own name and abstain from voting on this matter, your abstention will have no

effect on the vote. If you hold your shares through a broker and you do not instruct the broker on how to vote on this proposal, your broker will not have authority to vote your shares. Abstentions and broker non-votes will each be counted as present for purposes of determining the presence of a quorum but will not have any effect on the outcome of the proposal.

The board of directors believes that the amendment and restatement of the 1996 Plan is in the best interests of Ameritrade and its stockholders for the reasons stated above. **THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS A VOTE FOR APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE 1996 PLAN.**

**PROPOSAL NO. 4
APPROVAL OF THE AMENDMENT AND RESTATEMENT OF THE
1996 DIRECTORS INCENTIVE PLAN**

At the special meeting, the stockholders will be asked to approve an amendment and restatement of the Ameritrade Holding Corporation 1996 Directors Incentive Plan. We refer to this plan as the Director Plan in this proxy statement. The board of directors originally adopted the Director Plan effective as of March 4, 1997, amended and restated the Director Plan as of September 9, 2002 and again as of February 12, 2003.

The board of directors believes that Ameritrade must offer a competitive equity incentive program if it is to continue to successfully attract and retain as members of the board of directors individuals who are not employees of Ameritrade or of any subsidiary or parent of Ameritrade (Outside Directors) whose abilities, experience and judgment can contribute to the continued progress of Ameritrade and its subsidiaries and to facilitate the Outside Directors ability to acquire a proprietary interest in Ameritrade. The board of directors expects that the Director Plan will continue to be an important factor in attracting, retaining and rewarding the high caliber Outside Directors.

As described above in Proposal No. 3, the board of directors has determined that in order to ensure that Ameritrade has a reasonable number of shares available to grant incentive awards under the Director Plan that the share reserve under the 1998 Plan will be reduced by 20,000,000 shares, contingent upon stockholder approval of the share reserve increases to the 1996 Plan, as requested in Proposal No. 3, and the Director Plan, as requested in this Proposal No. 4.

Specifically, in order to enable Ameritrade to continue to offer a competitive equity incentive program to its Outside Directors, the Committee approved this amendment and restatement, subject to stockholder approval, to reserve an additional 1,000,000 shares for issuance under the Director Plan. Accordingly, the share reserve increase of 1,000,000 shares under the Director Plan will consist entirely of shares previously authorized for issuance under the 1998 Plan. This share increase under the Director Plan and the corresponding reduction in the 1998 Plan share reserve will therefore result in no net additional shares being reserved for issuance under Ameritrade stock plans.

As of September 2, 2005, there were 1,460,000 shares reserved for issuance under the plan, and only 561,241 shares remained available for the future grant of awards under the Director Plan, a number that the board of directors believed to be insufficient to meet Ameritrade s anticipated needs particularly in light of the planned increase of the size of the board of directors from nine members to twelve members. Therefore, the board of directors has unanimously adopted, subject to stockholder approval, this amendment and restatement of the Director Plan and the corresponding reduction in the share reserve under the 1998 Plan.

Summary of the Director Plan

The following summary is qualified in its entirety by the specific language of the Director Plan, a copy of which is attached to this Proxy Statement and which may also be accessed from the SEC s home page (www.sec.gov). In addition, a copy of the Director Plan, as amended and restated, may be obtained upon written request to Ameritrade.

General. The Director Plan provides to Outside Directors the (1) grant of nonstatutory stock options upon such Outside Directors initial election to the board of directors, (2) grant of restricted stock upon such Outside Directors initial election to the board of directors, (3) discretionary grant of nonstatutory stock options which may be granted other than upon initial election to the board of directors, (4) grant of cash or stock based retainer awards, in such amounts as determined in the sole discretion of the board of directors, and (5) discretionary ability to defer cash director retainers and other fees into either stock based director fee awards or a deferred cash account.

Authorized Shares. Prior to this amendment and restatement, 1,460,000 shares of our common stock have been reserved for the granting of awards. If any award expires, lapses or otherwise terminates for any reason without having been exercised or settled in full, or if shares subject to forfeiture or repurchase are forfeited or repurchased by Ameritrade, any such shares that are reacquired or subject to such a

Table of Contents

terminated award will again become available for issuance. After the approval of stockholders of this amendment and restatement, the share reserve shall be increased in an amount equal to 1,000,000 shares such that the share reserve shall be increased from 1,460,000 shares to 2,460,000 shares. In addition, after the approval of stockholders of this amendment and restatement, the Committee will also take such action as is necessary to amend the share reserve under the 1998 Plan to reduce its share reserve by 1,000,000 shares.

Adjustments to Shares Subject to the Director Plan. In the event of any merger, consolidation, reorganization, spinoff, stock dividend, stock split, reverse stock split, exchange or other distribution with respect to shares of stock or other change in the corporate structure or capitalization affecting Ameritrade common stock, the number of shares of stock reserved, the type and number of shares of stock which are subject to outstanding awards and the terms of any such outstanding awards (including the price at which shares of stock may be issued pursuant to an outstanding award) shall be equitably adjusted by the Committee, in its sole discretion, to preserve the value of benefits awarded or to be awarded to Outside Directors. The Committee has previously authorized that all outstanding awards under the Director Plan, and the Director Plan share reserve (to the extent necessary to reflect the adjustment to such outstanding awards), will be adjusted to preserve the value of such outstanding awards as determined immediately prior to the special dividend distribution which is discussed elsewhere in this Proxy Statement.

Administration. The Director Plan will be administered by the board of directors to the extent provided by the terms of the Director Plan and by the Committee for all other purposes. The Director Plan will be administered in a manner intended to permit awards to be exempt from Section 16(b) of the Securities Exchange Act of 1934 in accordance with Rule 16b-3 thereunder. The Committee will approve forms of award agreements for use under the Director Plan, determine the terms and conditions of awards consistent with the requirements of the Director Plan, and construe and interpret the terms of the Director Plan and awards granted under it.

Eligibility. Only members of the board of directors of Ameritrade who are Outside Directors at the time of grant are eligible to participate in the Director Plan. Currently, Ameritrade has seven Outside Directors.

Initial Grant of Stock Options. Stock options will be granted to each Outside Director upon his or her initial election to the board of directors. The number of shares subject to this initial stock option will be determined by the Chairman of the Board of directors and approved by the board of directors.

Discretionary Grant of Stock Options. Outside Directors may also be awarded stock options other than upon their initial election to the board of directors as determined from time to time by the members of the board of directors.

Terms and Conditions of Stock Options. Each stock option will be evidenced by a written agreement specifying the number of shares subject to the option and the other terms and conditions of the option, consistent with the provisions of the Director Plan.

The per-share exercise price for each option will be equal to the fair market value of a share of our common stock on the date of grant. Generally, the fair market value of the common stock is the closing composite price per share on the date of grant as quoted on the Nasdaq National Market. The closing price of our common stock as reported on the Nasdaq National Market on September 2, 2005 was \$20.06 per share.

An option's exercise price may be paid in cash, by check or by tender of shares of common stock owned by the Outside Director having a fair market value not less than the exercise price, or by any combination of these.

Stock options will generally become vested and exercisable in three equal annual installments beginning on the first anniversary of the date of grant, subject to the Outside Director's continuous service on our board of directors. Notwithstanding an Outside Director's termination of service on the board of directors, stock options shall continue to vest over a period of three years unless the Outside Director was terminated for cause. If an Outside Director's service as a director terminates for cause, stock options shall continue to vest for a period of one year following such termination. Unless earlier terminated under the

Table of Contents

terms of the option agreement, each option will have an expiration date which will be the earlier of the 10-year anniversary of the date of grant or the one-year anniversary of the date on which the Outside Director's service as a director terminates for cause.

Stock options are nontransferable by the Outside Director other than by will or by the laws of descent and distribution, and are exercisable during the Outside Director's lifetime only by the Outside Director.

Initial Grant of Restricted Stock. An award of restricted stock will be granted to each Outside Director upon his or her initial election to the board of directors. The number of shares subject to this initial restricted stock award will be determined by the Chairman of the board of directors and approved by the board of directors, however, the fair market value of such award shall equal approximately \$20,000 or such other amount as determined by the board of directors from time to time.

Terms and Conditions of Restricted Stock. Each award of restricted stock will be evidenced by a written agreement specifying the number of shares subject to the award and the other terms and conditions of the award, consistent with the provisions of the Director Plan.

An award of restricted stock will generally become vested in three equal annual installments beginning on the first anniversary of the date of grant, subject to the Outside Director's continuous service on our board of directors. All shares of restricted stock which are not vested on the earlier of the 10-year anniversary of the date of grant or the one-year anniversary of the date on which the Outside Director's service as a director terminates for cause shall be forfeited.

Restricted stock may not be sold or otherwise transferred or pledged until the stock has vested. Outside Directors holding restricted stock will have the right to vote the shares and to receive all dividends and other distributions, except that any dividends or other distributions paid in shares will be subject to the same restrictions as the original award. An Outside Director may elect, in accordance with the terms of the Director Plan, to defer receipt of an award of restricted stock. If any Outside Director elects to defer receipt of any restricted stock, the deferred portion of such award will be deemed an award of deferred stock units (as discussed below) and the Outside Director will not be entitled to receive any other compensation, whether in cash or common stock, from Ameritrade in lieu of such deferral.

Director Fee Awards. Ameritrade may award Outside Directors contributions to the Director Plan in the form of cash retainers or stock award retainers in such amounts as determined from time to time by the board of directors. In addition to these board of directors determined retainer contributions, Outside Directors may also elect whether to receive their retainers and other fees in cash or in shares of Ameritrade common stock and may elect to defer receipt of all or a portion of such retainer and other fees otherwise payable to the Outside Director, including those amounts that would otherwise be payable to the Outside Director in the form of Ameritrade common stock. Amounts deferred pursuant to an Outside Director's election are credited to a bookkeeping account which consists of a Cash Subaccount reflecting amounts that would otherwise have been payable to the Outside Director in cash and a Stock Subaccount reflecting amounts that would otherwise have been payable to the Outside Director in Ameritrade common stock. Outside Director compensation not deferred will be paid in cash in accordance with Ameritrade's normal payment procedures.

As of the first day of each fiscal quarter, the Cash Subaccount is adjusted to reflect contributions and distributions during the preceding fiscal quarter and is credited with interest computed at the prime rate as reported by the Wall Street Journal for that date (or, if that day is not a business day, the next preceding business day). The Stock Subaccount is credited with stock units as of each day that a deferred amount would otherwise have been payable to the Outside Director in Ameritrade common stock, is charged with stock units as of each day on which amounts are distributed from the Stock Subaccount and is credited with stock units as of each record date to reflect dividends paid on the common stock. A stock unit is an unfunded bookkeeping entry representing a right to receive one share of our common stock in accordance with the terms and conditions of the Director Plan. Outside Directors are not required to pay any additional cash consideration in connection with the settlement of a stock unit award.

Deferred amounts are payable to Outside Directors as of a distribution date elected by the Outside Director at the time of deferral. If no distribution date is specified, payments begin as of the first business

Table of Contents

day of January of the year following the date on which the Outside Director ceases to be a member of the board of directors of Ameritrade for any reason. Distributions of deferred amounts can be made in ten annual installments commencing on the distribution date elected. An Outside Director may also elect to have payments made in a single lump sum or in any number of annual payments not exceeding 10. If an Outside Director dies prior to the full payment of his or her deferral account, the balance will be paid in a lump sum to a beneficiary designated by the Outside Director.

Stock unit awards may be either (1) fully vested upon grant if such award results from the Outside Director's deferral of compensation or (2) subject to such vesting terms and conditions, as determined in the sole discretion of the board of directors, if an Ameritrade contribution, and every stock unit will be settled by distribution to the Outside Director of a number of whole shares of common stock equal to the number of stock units subject to the award. A holder of stock unit has no voting rights or other rights as a stockholder until shares of common stock are issued to the Outside Director in settlement of the stock unit. Prior to settlement, no stock units award may be assigned or transferred other than by will or the laws of descent and distribution.

Change in Control. The Director Plan defines a Change in Control of Ameritrade as the occurrence of any of the following: (1) any person (as such term is used in Sections 13(d) and 14(d) of the Securities Exchange Act of 1934, as amended) becomes the beneficial owner (as defined in Rule 13d-3 under said Act), directly or indirectly, of securities of Ameritrade representing 30% or more of the total voting power of Ameritrade; or (2) any tender offer (for which a filing has been made with the SEC) is made for the stock of Ameritrade, which has not been negotiated and approved by the board of directors; or (3) individuals who were nominees of the board of directors for election as directors of Ameritrade immediately prior to a meeting of the stockholders involving a contest for the election of directors shall not constitute a majority of the board of directors following the election.

If a Change in Control occurs, all stock options, restricted stock and deferred stock units will be 100% vested and settled, as applicable, prior to the effective date of any Change in Control.

Termination or Amendment. The Director Plan will continue in effect until the earlier of its termination by the board of directors or the date on which all of the shares of common stock available for issuance have been issued and all restrictions on such shares have lapsed. The board of directors may terminate or amend the Director Plan at any time, provided that no amendment may be made without stockholder approval if the board of directors deems such approval necessary for compliance with any applicable tax or securities law or other regulatory requirements, including the requirements of any stock exchange or market system on which the common stock of Ameritrade is then listed. No termination or amendment may affect any outstanding award unless expressly provided by the board of directors, and, in any event, may not adversely affect an outstanding award without the consent of the Outside Director unless necessary to comply with any applicable law.

Summary of U.S. Federal Income Tax Consequences

The following summary is intended only as a general guide to the U.S. federal income tax consequences of participation in the Director Plan and does not attempt to describe all possible federal or other tax consequences of such participation or tax consequences based on particular circumstances.

Nonstatutory Stock Options. All stock options shall be nonstatutory stock options having no special tax status. An Outside Director generally recognizes no taxable income upon receipt of such an option. Upon exercising a nonstatutory stock option, the Outside Director normally recognizes ordinary income equal to the difference between the exercise price paid and the fair market value of the shares on the date when the option is exercised or such later date as the shares become vested and free of any restrictions on transfer (the later of such dates being referred to as the determination date). Upon the sale of stock acquired by the exercise of a nonstatutory stock option, any gain or loss, based on the difference between the sale price and the fair market value of the shares on the determination date, will be taxed as capital gain or loss. Ameritrade generally should be entitled to a tax deduction equal to the amount of ordinary income recognized by the Outside Director as a result of the exercise of a nonstatutory stock option, except to the extent such deduction is limited by applicable provisions of the Code.

Table of Contents

Restricted Stock. Acquisitions of restricted stock receive tax treatment that is similar to that of exercises of nonstatutory stock options. An Outside Director acquiring restricted stock normally recognizes ordinary income equal to the difference between the amount, if any, the Outside Director paid for the restricted stock and the fair market value of the shares on the determination date. The Outside Director may elect, pursuant to Section 83(b) of the Code, to treat the acquisition date as the determination date by filing an election with the Internal Revenue Service. Upon the sale of restricted stock, any gain or loss, based on the difference between the sale price and the fair market value of the shares on the determination date, will be taxed as capital gain or loss. Ameritrade generally should be entitled to a tax deduction equal to the amount of ordinary income recognized by the Outside Director as a result of the acquisition of restricted stock, except to the extent such deduction is limited by applicable provisions of the Code.

Director Fee Awards. An Outside Director generally will recognize no income upon the grant of a stock unit award or deferred cash award. Upon the settlement of such awards, the Outside Directors normally will recognize ordinary income in the year of settlement in an amount equal to the cash received and the fair market value of any unrestricted shares received. Upon the sale of any shares received, any gain or loss, based on the difference between the sale price and the fair market value on the determination date, will be taxed as capital gain or loss. Ameritrade generally should be entitled to a deduction equal to the amount of ordinary income recognized by the Outside Director on the determination date, except to the extent such deduction is limited by applicable provisions of the Code.

Awards Granted to Outside Directors. The number of options or other awards (if any) that an Outside Director may receive under the Director Plan is in the discretion of the Committee and therefore cannot be determined in advance. 1. Organization and Description of Business

TD Waterhouse Group, Inc. (the Company or TDW Group), a Delaware holding company, is a wholly owned subsidiary of The Toronto-Dominion Bank (TD Bank) directly and through certain of TD Bank's subsidiaries, which through its operating subsidiaries is a leading provider of online financial services to investors in the U.S. and Canada.

The Company was formerly a public company which was 89.3% owned by TD Bank through its wholly owned subsidiary, TD Waterhouse Holdings, Inc. (TDW Holdings). On November 26, 2001, TD Bank completed the merger of the Company with its former parent, TDW Holdings, and the Company is the surviving entity of the merger. The merger was the second step in a two-step acquisition. The first step, a cash tender offer for all outstanding shares of the Company at \$9.50 per share, was completed on November 14, 2001, and a subsequent offering period was completed on November 21, 2001.

The Company is the U.S. holding company for TD Bank's U.S. and Canadian discount brokerage and U.S. retail banking operations. During the year ended October 31, 2004, R.J. Thompson Holdings, Inc., TD Waterhouse Advertising, Inc., and TD Waterhouse Technology Services ceased to be operating entities.

The Company's primary operating subsidiaries in the discount brokerage business and banking business are detailed below:

TD Waterhouse Investor Services, Inc. (TDW US), formerly Waterhouse Securities, Inc., a wholly-owned U.S. registered broker-dealer which provides discount brokerage services to retail customers in the U.S.

National Investor Services Corp. (NISC), a wholly-owned U.S. registered broker-dealer which provides execution and clearance services for affiliates, including TDW US, and third party broker-dealers.

TD Waterhouse Asset Management (TDWAM), formerly Waterhouse Asset Management, a wholly-owned U.S. registered investment advisor which provides investment advice to a series of affiliated mutual funds.

TD Waterhouse Investor Services (Canada) Inc. (TDW Canada), an approximately 90% owned registered broker-dealer which provides discount brokerage services to customers in Canada. On July 1, 2002, TDW Canada issued additional common shares and paid cash consideration to acquire the assets and liabilities of the full service brokerage and financial planning operations of a TD Bank affiliate. This merger of entities under common control has been accounted for in a manner similar to a pooling of interests by retroactively combining the net assets, operations and cash flows of these entities with the Company's for all periods presented.

TD Waterhouse Bank, NA (TDW Bank), formerly Waterhouse National Bank, is a wholly-owned federally chartered banking institution and a member of the Federal Deposit Insurance Corporation (FDIC). TDW Bank provides banking services to the customers of its affiliate, TDW US. TDW Bank offers checking accounts, checking accounts with overdraft protection and certificates of deposit. TDW Bank also offers credit cards and mortgages through unaffiliated third parties. In addition, TDW Bank provides brokerage customers the ability to keep un-invested funds in an FDIC insured money market account with check writing and debit card options.

CTUSA, Inc. (CTUSA), is the wholly-owned holding company of TD Bank USA, F.S.B. (TDB USA), a Federal Savings Bank chartered under Section 5 of the Home Owners' Loan Act and regulated by the Office of Thrift Supervision.

TD Waterhouse Capital Markets, Inc. (TDW CM), operates as a Boston Stock Exchange, Inc. (BSE) specialist in listed securities and a market maker in over-the-counter equity securities,

primarily those traded on the NASDAQ Stock Market and the OTC Bulletin Board. TDW CM is a wholly-owned securities brokerage firm registered with the Securities and Exchange Commission (SEC) and is a member of the National Association of Securities Dealers, Inc. (NASD), and the BSE.

2. Summary of Significant Accounting Policies***Basis of consolidation and form of presentation***

The accompanying consolidated financial statements include the accounts of the Company and its majority owned subsidiaries. All significant inter-company transactions have been eliminated in consolidation. The approximately 10% non-controlling interest in TDW Canada is reflected net of tax in the consolidated balance sheet as minority interest and separately in the consolidated statements of income.

Use of estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and the disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates. Certain reclassifications have been made to 2003 and 2002 amounts to conform to the current year's presentation.

Cash and cash equivalents

The Company considers all highly liquid investments with original maturities of three months or less (except for amounts designated as investment securities) to be cash equivalents, including cash due from banks and money market investments.

Preferred Stock

TDW Canada has 17,100 shares of Class B preferred stock issued and outstanding. Holders of the Class B preferred shares are entitled to receive floating rate preferential cumulative cash dividends payable quarterly. The Company may at any time following May 20, 2005, the fifth anniversary of the issuance of the Class B preferred shares, redeem the shares for CDN\$1,000 per share.

Investment securities

Investment securities classified as *held to maturity* and *available for sale* are accounted for in accordance with Statement of Financial Accounting Standard (SFAS) 115, *Accounting for Certain Investments in Debt and Equity Securities* (SFAS 115). Pursuant to SFAS 115, in instances where the Company has the positive intent and ability to hold to maturity, debt investment securities are carried at cost, adjusted for amortization of premiums and accretion of discounts using the interest method over the period of maturity. Debt and equity investment securities classified as *available for sale* are carried at fair value with unrealized gains and losses, net of income tax effects, reported as a net amount within accumulated other comprehensive income, until realized. These securities are predominantly fixed rate mortgage-backed securities denominated in Canadian dollars and strategic equity investments. Gains or losses on sales of securities are recognized by the specific identification method and are recorded in other income. The fixed interest rates and currency risks inherent in the mortgage-backed securities have been hedged by cross currency interest rate swap contracts.

These cross currency interest rate swap contracts are accounted for in accordance with SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133), which establishes accounting and reporting standards for all derivative instruments and hedging activities, and SFAS No. 149, *Amendment of Statement 133 on Derivative Instruments and Hedging Activities*.

Table of Contents

TD WATERHOUSE GROUP, INC.
NOTES TO CONSOLIDATED FINANCIAL STATEMENTS (Continued)
(in thousands, except share data)

SFAS 133 requires that all derivative instruments be recorded on the balance sheet at their fair value, as either assets or liabilities. The Company has designated the cross currency interest rate swap contracts as hedges of the fair value of the underlying Canadian dollar mortgage-backed securities. Changes in fair value of a derivative that is highly effective and that is designated and qualifies as a fair value hedge, along with changes in fair value of the hedged asset and liability that are attributable to the hedged risk, are recorded in current period earnings. The cross currency interest rate swap contracts are structured such that the terms of the contracts mirror those of the underlying mortgage-backed securities. Market value gains and losses on the swaps are expected to offset market value gains and losses on those securities with no net impact on earnings.

Trading securities are comprised of Canadian dollar fixed rate mortgage-backed securities held by TDW Canada, which are managed by interest rate swap contracts; corporate stocks; bonds; and U.S. government securities owned by the broker-dealer subsidiaries. These instruments are carried at fair value with unrealized gains and losses reported in income.

Financing transactions

Deposits paid for securities borrowed and deposits received for securities loaned are recorded at the amount of cash collateral advanced or received. Deposits paid for securities borrowed transactions require the Company to deposit cash with the lender. With respect to deposits received for securities loaned, the Company receives collateral in the form of cash in an amount generally in excess of the market value of the securities loaned. The Company monitors the market value of the securities borrowed and loaned on a daily basis, with additional collateral obtained or refunded, as necessary.

Securities purchased under resale agreements consist of the purchase of a security with a commitment by the Company to resell the security to the original seller at a specified price. Securities purchased under resale agreements are carried at cost. The difference between the cost of the purchase and the predetermined proceeds the Company receives on a resale agreement is recorded as interest income.

Customers securities transactions

Customers securities transactions are recorded on a settlement date basis with related commission income and expenses recorded on a trade date basis. Fees consist primarily of commissions for directing order executions and clearing fees. Proprietary securities transactions are recorded on a trade date basis.

Restricted investment securities

Federal Reserve Bank Stock and Federal Home Loan Bank Stock are classified as restricted securities and recorded at cost (par value). Their carrying values at October 31, 2004 were \$25,440 and \$7,255, respectively, and at October 31, 2003 were \$16,740 and \$5,870, respectively. These securities are not readily marketable, but can be sold back to the issuer or to another member institution at par value.

Loans and allowances for losses

Loans are carried at their principal amount outstanding. Unearned income on loans is accreted to interest income using a method that approximates a level yield over the life of the loan. Loan origination fees and certain direct loan origination costs are deferred and amortized over the appropriate lending period as a component of interest income.

Loans are placed on non-accrual status when there is doubt as to collectibility or if payment of principal or interest is contractually 90 days past due. However, at the judgment of senior credit management, loans that are 90 days past due, but which are well collateralized and in the process of collection, may continue to be recorded on an accrual basis. Interest accrued, but not collected at the date a loan is placed in non-accrual status, is reversed against interest income. Interest income on non-accrual loans is recognized only as cash is received. However, where there is doubt regarding the ultimate

collectability of the loan principal, cash receipts are applied to reduce the carrying value of the loan. Loans are restored to accrual status only when interest and principal payments are brought current and future payments are reasonably assured.

TDW Bank establishes an allowance for loan losses to reflect management's best judgment of the net realizable value of the loans. The allowance for loan losses is increased by charges to income and decreased by charge-offs (net of recoveries). TDW Bank's periodic evaluation of the adequacy of the allowance is based on TDW Bank's past loan loss experience, known and inherent risks in the portfolio, adverse situations that may affect the borrower's ability to repay, the estimated value of any underlying collateral, and current economic conditions.

The Company's broker-dealer subsidiaries establish an allowance for losses on receivables from customers to reflect management's best judgment of the level of non-collectible receivables that will be experienced.

Furniture and equipment and lease accounting

Leasehold improvements are amortized on a straight-line basis over the lesser of the lease terms or their estimated useful lives. Depreciation of capitalized furniture and equipment is provided on a straight-line basis generally using estimated useful lives of three to five years. Leases with escalating rents are expensed on a straight-line basis over the life of the lease.

Capitalized software

In accordance with Accounting Standards Executive Committee (AcSEC) Statement of Position 98-1, *Accounting for the Costs of Computer Software Developed or Obtained for Internal Use*, the Company capitalizes all direct costs associated with the application development of this software including software acquisition costs, consulting costs, and internal payroll costs. The Statement requires these costs to be amortized once the application development stage is complete. Amortization is provided on a straight-line basis generally using estimated useful lives of two to seven years. At October 31, 2004 and 2003, these capitalized costs had a book value of \$30,637 and \$29,649, respectively, net of \$67,263 and \$52,660 of accumulated amortization, respectively. The expense related to these costs was \$15,055, \$12,987 and \$15,057 for the years ended October 31, 2004, 2003 and 2002, respectively.

Business Combinations, Goodwill and Intangible Assets

For business combinations that have been accounted for under the purchase method, the excess of the purchase price over the fair value of the net assets acquired has been recorded as goodwill in the consolidated statement of financial condition. Pursuant to the purchase method, the results of operations, changes in equity and cash flows of acquired companies and businesses are included in operations from the date of acquisition. There were no significant acquisitions during the years ended October 31, 2004 and 2003.

The Company applies SFAS No. 142, *Goodwill and Intangible Assets* (SFAS 142). Under the standard, all goodwill and intangibles, including goodwill acquired before initial application of the standard, are not amortized, but should be tested for impairment at least annually. The Company performed its impairment test and no impairment was identified for the year ended October 31, 2004. In fiscal year 2003, the Company determined that goodwill related to its international business sold had become impaired. Accordingly, the Company recorded a \$11,104 impairment charge that is included in other expenses in the consolidated statements of income. In fiscal year 2002, the Company recorded a \$9,212 impairment charge related to the performance of its Australian operations. This charge is included in discontinued operations in the consolidated statements of income.

Intangible assets other than goodwill are amortized over their useful lives. At October 31, 2004 and 2003, the net book value of intangible assets was \$12,409 and \$14,827 net of accumulated amortization of \$4,040 and \$0 respectively, the majority of which relates to intangibles from the November 2001 R.J. Thompson Holdings, Inc. acquisition which are being amortized over a three year useful life which began in February 2004. Amortization expense for the years ended October 31, 2004 and 2003 was \$4,040 and \$0, respectively.

Estimated future amortization expense for existing identifiable intangible assets is set forth below:

2005	\$ 5,332
2006	\$ 5,332
2007	\$ 1,636
2008	\$ 109

Recent accounting pronouncements

EITF Issue No. 03-1, The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments. In March 2004, the FASB reached a consensus regarding the application of an impairment model to determine whether investments are other-than-temporarily impaired. The provisions of this rule are required to be applied prospectively to all current and future investments accounted for in accordance with SFAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities*. On September 15, 2004, the FASB issued proposed FASB Staff Position (FSP) EITF 03-01-a *Implementation Guidance for the Application of Paragraph 16 of EITF Issue No. 03-1, The Meaning of Other-Than Temporary Impairment and Its Application to Certain Investments* (FSP EITF 03-1-a) to provide guidance in the application of paragraph 16d of EITF 03-1 to debt securities that are impaired because of interest rate and/or sector spread increases. On September 30, 2004, the FASB issued FSP EITF Issue 03-1-1 *Effective Date of Paragraphs 10-20 of EITF Issue No. 03-1, The Meaning of Other-Than Temporary Impairment and Its Application to Certain Investments* (FSP EITF 03-1-1), which deferred the effective date of the impairment measurement and recognition provisions contained in specific paragraphs of EITF 03-1 and expanded the scope of proposed FSP EITF 03-1 to include all securities, not only debt securities. The comment period for proposed FSP EITF 03-1-a ended on October 29, 2004 and the effective date has been deferred indefinitely. The Company does not expect the new rules to have a material impact on its results of operations at the time of adoption.

Mutual fund and related revenue

Mutual fund and related revenue consists of fees earned for providing investment advisory services to a series of related mutual funds and trailer fees for services provided to third-party mutual funds and affiliated mutual funds. Such revenue is recorded when earned. During the years ended October 31, 2004, 2003 and 2002, the Company earned \$202,735, \$144,713 and \$113,734, respectively, in such fees, net of fees waived which approximated \$11,227, \$17,488 and \$17,794, respectively. Fees earned from mutual funds managed by an affiliated investment advisor for the years ended October 31, 2004, 2003 and 2002 were \$50,928, \$55,587 and \$52,827, respectively.

Advertising and promotion

Advertising production costs are expensed when the advertising campaign commences. Costs of communicating advertising are expensed as the services are received. Other promotion costs are expensed as incurred.

Stock based compensation

The Company's employees are eligible for participation in the stock-based compensation plan of TD Bank, which is described more fully in Note 14. Effective November 1, 2002, the Company adopted the fair value recognition provisions of SFAS No. 123, *Accounting for Stock-Based Compensation* (SFAS 123), prospectively to all employee awards granted, modified, or settled after November 1, 2002, in line with the adoption of SFAS 123 by its parent, TD Bank. Therefore, the cost related to stock-based

employee compensation included in the determination of net income for 2004 is less than that which would have been recognized if the fair value method had been applied to all awards since the effective date of SFAS 123. The revision of SFAS No. 123 was issued in December 2004. The Company is evaluating the new pronouncement and believes there would be no significant impact on the Company's results of operations or financial condition.

The following table illustrates the effect on net income if the Company had applied the fair value recognition provisions of SFAS 123, to all outstanding and unvested stock option-based employee compensation awards.

The underlying assumptions to these fair value calculations are discussed in Note 14.

	For the Year Ended October 31

Income taxes

In the United States, the Company files a consolidated federal income tax return along with combined state and local income tax returns. The Company also files separate income tax returns in other countries, as required.

The Company records deferred tax assets and liabilities for the difference between the tax basis of assets and liabilities and the amounts recorded for financial reporting purposes, using current tax rates. Deferred tax expenses and benefits are recognized in the consolidated statement of income for changes in deferred tax assets and liabilities.

The Company reviews its deferred tax assets for realizability. A valuation allowance is established when the Company believes that it is more likely than not that some portion of its deferred tax assets will not be realized. Changes in valuation allowance are included in the Company's income tax provision in the period of change.

On October 22, 2004, the President of the United States signed the American Jobs Creation Act of 2004, which gives a temporary incentive for U.S. companies to repatriate accumulated foreign earnings with a potential 85% dividend received deduction. The dividend received deduction is subject to a number of limitations, including a requirement to re-invest the dividend in the United States. The dividend received deduction could be used by the Company in either year ended October 31, 2004 or 2005. The dividend received deduction was not utilized during fiscal year 2004.

Because of available foreign tax credits, the Company's preliminary evaluations indicate that it will not utilize the American Jobs Creation Act of 2004 dividend received deduction. However, that evaluation may not be completed until the income tax return is filed in July 2006.

Foreign currency translation

Assets and liabilities of international subsidiaries are translated based on the end-of-period exchange rates from local currency to U.S. dollars. Results of operations are translated at the average exchange rates in effect during the period. The resulting translation losses or gains are reported as a component of accumulated other comprehensive income in the consolidated statement of financial condition.

3. Restatement of Financial Statements

The Company has restated its consolidated financial statements as of October 31, 2003 and 2002 and for the years then ended to correct its accounting for leases, stock compensation, certain intercompany eliminations, the 2002 disposition of two wholly owned subsidiaries, and the July 1, 2002 acquisition of the full service brokerage and financial planning operations of TD Securities, Inc. (TD Evergreen), a subsidiary of TD Bank, and TD Investment Services, Inc. (TDIS) by TDW Canada (the TD Evergreen Acquisition).

Subsequent to the issuance of the Company s consolidated financial statements for the year ended October 31, 2003, the Company undertook a review of its lease accounting policies and has corrected its method of accounting for certain property leases. The correction involves recording expense for leases with escalating rents and free rent periods on a straight-line basis over the lease term, rather than as paid. This correction resulted in a reduction of retained earnings of \$1,453 at October 31, 2001 and increases of deferred tax assets of \$1,466 and other liabilities of \$3,960 at October 31, 2003. The correction reduced net income by \$571 and \$471, for the years ended October 31, 2003 and 2002, respectively.

The Company s 2003 and 2002 consolidated financial statements have also been restated to properly reflect the TD Evergreen Acquisition. On July 1, 2002, the Company s consolidated subsidiary, TDW Canada, issued 7,159,237 additional common shares and paid \$56,500 to acquire the assets and liabilities of the full service brokerage and financial planning operations of TD Evergreen and TDIS. After the transaction, the Company s ownership percentage in TDW Canada was reduced to approximately 90%, however, the change in reporting entity and recapitalization, including minority interest in TDW Canada, was not reflected retroactively in the previously issued consolidated financial statements. The error resulted in the overstatement (understatement) of stockholders equity at October 31, 2003, 2002 and 2001 of \$51,813, \$41,052, and (\$15,568), respectively, and the understatement of minority interest of \$51,813 at October 31, 2003. The correction reduced net income by \$5,828 and \$1,386 for the years ended October 31, 2003 and 2002, respectively. In addition, as discussed in Note 1, the consolidated financial statements have been restated for all periods presented to report the transaction retroactively as a merger of entities under common control.

The Company s 2003 consolidated financial statements have also been restated to recognize additional compensation expense related to the TD Bank stock option plan described in Note 13. TD Bank did not allocate the correct SFAS 123 expense to the Company. The effect of this correction was an increase in additional paid in capital and reduction in net income of \$750 at October 31, 2003 and for the year then ended.

The Company s 2003 and 2002 consolidated financial statements have also been restated to eliminate intercompany receivable and payable balances resulting from certain TDW Canada customer accounts being cleared by NISC. The related NISC receivable from TDW Canada and the TDW Canada payable to NISC of \$49,818 at October 31, 2003 and \$5,688 at October 31, 2002, were not previously eliminated in consolidation.

Additionally, the Company s 2002 consolidated financial statements have been corrected to properly account for the disposal of two businesses. Specifically, the previously issued financial statements improperly netted the revenues and expenses of these two subsidiaries and excluded certain cash balances and changes in assets and liabilities associated with these two subsidiaries. As part of the restatement, the investing cash flow line item entitled Proceeds from disposals of businesses, net has been restated to reflect a reduction of \$287 million of proceeds received from the sale of the subsidiaries net of cash transferred to the buyer and the Company s 2002 consolidated statement of income has been restated to reflect these subsidiaries net revenue of \$30,588, operating expenses of \$50,908, and income tax benefit of \$6,764 within their appropriate line items.

The restatement also includes the recording of other adjustments that were identified during the year-end closing process that had no effect on net income and were not material to the consolidated financial statements of the Company.

The following table summarizes each of the restated amounts in the Company's consolidated financial statements as of October 31, 2003 and October 31, 2002 and for the years then ended:

4. Business Dispositions

In fiscal year 2003, the Company further reduced its international operational exposure with a view to eliminating loss generating operations and re-directing its focus on North American operations.

In May 2003, the Company completed the sale of TD Waterhouse Australia, its discount brokerage operations in Australia, to the Commonwealth Bank of Australia Group for \$16,915, generating a pre-tax

loss of \$26,227 from the June 1999 acquisition to the date of disposal. The sale generated a loss on disposal of \$19,602.

In June 2003, the Company completed the sale of TD Waterhouse Holdings BV to TD Bank for \$293,000, which approximated net book value. Prior to the sale, the Company recorded an impairment charge of \$49,300 to write down the value of its investment in joint ventures held by TD Waterhouse Holdings Europe BV. In July 2003, the Company sold 23% of its 50% ownership interest in DBS TD Waterhouse Holdings PTE LTD (DBS TDW) to DBS Vickers Securities Holdings PTE LTD, reducing its ownership to 27%. The Company recognized a \$2,300 pre-tax loss on the sale. In October 2003, the Company sold the remaining investment in DBS to TD Bank at net book value of \$2,300.

The disposal of these businesses and related charges are reflected in the consolidated statements of income as discontinued operations and can be summarized as follows:

	2003	2002
Losses from operations	\$ 3,011	\$ 16,896
Loss on disposal	61,650

Mortgage-backed securities may mature earlier than their stated maturities because of principal repayments. Actual cash flows can be expected to differ from scheduled maturities due to prepayment or earlier call provisions of the issuer.

Proceeds from the sale of available-for-sale securities and gross realized losses have been included in earnings. For the years ended October 31, 2004, 2003 and 2002, gross losses of \$231, \$244 and \$357, respectively, were realized on sales of available-for-sale securities.

10. Financing Activities

Bank loans and overdrafts primarily represent short-term borrowings in the United States, which bear interest at rates based primarily on the U.S. Federal funds rate. The loans are generally collateralized by customers' margin securities. The following is a summary of comparative bank loan data:

	As at October 31,	
	2004	2003
Average amount outstanding during period	\$ 18,899	\$ 8,699
Maximum amount outstanding during period	225,000	163,000

Weighted average interest rate at end of period	0.00%	0.00%
Weighted average interest rate during period	1.47%	1.46%

At October 31, 2004 and 2003, NISC maintained available bank credit lines totaling \$1,605,000 and \$1,825,000, respectively of which \$1,000,000 is with TD Bank. All the lines require collateralization when drawn upon and bear interest at a rate based on the U.S. Federal funds rate. NISC had no borrowings outstanding under these credit lines at October 31, 2004 and 2003. TDW Canada has an irrevocable letter of credit of \$75,000 from Harris Bank deposited with Options Clearing Corporation at October 31, 2004 and 2003. TDW Canada paid an administration fee of \$266 and \$243 for the years ended October 31, 2004 and 2003, respectively, on the letter of credit.

Deposits received for securities loaned primarily represent short-term collateralized financing transactions, which bear interest based on prevailing market rates (average rates of 0.90%, 0.50% and 1.45% for the years ended October 31, 2004, 2003 and 2002, respectively). In addition, TDW Canada acts

as an intermediary between lenders and borrowers of securities and earns a net interest spread on stock loan and stock borrow transactions.

Interest bearing deposits primarily represent money market accounts without a stated maturity date which bear interest based on prevailing market rates (average rates of 0.18%, 0.20% and 0.60% for the years ended October 31, 2004, 2003 and 2002, respectively).

11. Subordinated Debt

On October 31, 1997, TDW Holdings entered into an agreement with an affiliate, pursuant to which TDW Holdings would issue Subordinated Debt Series B Notes (the Notes) in the aggregate amount of \$100,000. On November 7, 1997, the affiliate purchased Notes in the aggregate amount of \$30,000. The Notes are redeemable after 15 years from the issuance date. For the first ten years, the Notes bear a fixed rate of interest based on 10 year Treasury Notes (determined on the Notes issuance date) plus 75 basis points. For the final five years, the Notes bear a variable rate of interest based on U.S. dollar LIBOR plus 100 basis points.

As a result of the merger of TDW Holdings into TDW Group, the Notes became an obligation of the Company. The Notes are unsecured and subordinated with an original weighted-average maturity of more than five years and therefore qualify as risk-based capital for regulatory capital purposes.

12. Fair Value of Financial Instruments

Fair value is defined as the amount at which a financial instrument could be exchanged in a current transaction between willing parties, other than in a forced sale or liquidation, and is best evidenced by a quoted market price, if one exists.

The following summary presents the methodologies and assumptions used to estimate fair value of the Company's financial instruments. Some of the information used to determine fair value is highly subjective and judgmental in nature and, therefore, the results may not be precise. The subjective factors include estimates of, among other things, cash flows, risk characteristics, credit quality, restriction discounts, and interest rates, all of which are subject to change. Changes in assumptions could significantly affect the estimates. The fair value is estimated as of the balance sheet date, therefore, the amounts which will actually be realized or paid upon settlement or maturity of the various instruments could be significantly different.

Financial assets

The fair value of investment securities are based on quoted market prices or dealer quotes.

The fair values of cash and cash equivalents, loans and accrued interest receivable and other investment security positions approximate their respective carrying amounts due to their short-term nature.

Financial liabilities

Deposits without a stated maturity include money market interest checking accounts and demand deposit accounts and other customer balances. At October 31, 2004 and 2003, these checking and deposit accounts and customer balances amounted to \$8,624,381 and \$5,800,163, respectively, and are reported at their carrying values, which approximate their fair values at the reporting dates. At October 31, 2004 and 2003, the carrying value for certificates of deposit of \$7,540 and \$7,870, respectively, approximates their fair values.

Other liabilities have fair values which approximate their carrying amounts due to their short-term nature.

13. Financial Instruments with Off-Balance Sheet Risk

In the normal course of business the Company is exposed to off-balance sheet risk. The Company executes, as agent, securities transactions on behalf of its customers. If either the customer or the counter-party fails to perform, the Company may sustain a loss if the market value of the security is different from the contract value of the transaction.

The Company may deliver securities as collateral in support of various collateralized financing sources such as bank loans and deposits received for securities loaned. In addition, the Company delivers customer securities as collateral to satisfy margin deposits of various clearing organizations. In the event the counter-party is unable to meet its contracted obligation to return customer securities delivered as collateral, the Company may be obligated to purchase the securities in order to return them to the owner. In such circumstances, the Company may incur a loss up to the amount by which the market value of the securities exceeds the value of the loan or other collateral received by, or in the possession or control of, the Company.

For transactions in which the Company extends credit to customers and counter-parties, the Company seeks to control the risks associated with these activities by requiring customers to maintain margin collateral in compliance with various regulatory and internal guidelines. The Company monitors required margin levels daily and, pursuant to such guidelines, requests customers to deposit additional collateral or reduce securities positions when necessary.

The Company has a North American retail customer base. The Company conducts business with brokers and dealers, clearing organizations and depositories that are primarily located in the United States and Canada. The majority of the Company's transactions and, consequently, the concentration of its credit exposures are with customers, broker-dealers and other financial institutions in the United States and Canada. This results in credit exposure in the event that the counter-party fails to fulfill its contractual obligations. The Company's exposure to credit risk can be directly affected by volatile securities markets, which may impair the ability of counter-parties to satisfy their contractual obligations. The Company seeks to control its credit risk through a variety of reporting and control procedures, including establishing credit limits based upon a review of the counter-party's financial condition and credit rating. The Company monitors collateral levels on a daily basis for compliance with regulatory and internal guidelines, and requests changes in collateral levels as appropriate.

The Company, through TDW Bank, is a party to financial instruments with off-balance sheet risk to reduce its own exposure to fluctuations in foreign currency rates, interest rates and movements in equity indices. These financial instruments include forward foreign exchange contracts, cross currency interest rate swaps and equity derivative contracts. These instruments involve elements of credit risk, counterparty risk and market risk in excess of the amounts recognized on the consolidated balance sheet. The contract or notional amounts of these instruments reflect the extent of involvement the Company has in particular classes of financial instruments.

Creditworthiness is evaluated on a case-by-case basis in accordance with credit policies.

Forward foreign exchange contracts and cross currency interest rate swaps

The Company, through TDW Bank, has entered into forward foreign exchange contracts and cross currency interest rate swap agreements which have been designated and are effective as fair value hedges that mitigate the impact of changes in foreign exchange and interest rates on its Canadian Dollar mortgage-backed securities. Market value gains and losses on these contracts and agreements are currently recognized in other revenue. The portion of the change in the hedged securities' fair value attributable to changes in interest rate and foreign exchange risk are reflected as a basis adjustment of the amortized cost of the securities and also are reported in current earnings, effectively offsetting gains and losses on the contracts and agreements. Other changes in the fair value of the hedged securities are reported through

Other Comprehensive Income net of the related tax effects in accordance with the requirements for available for sales securities. These agreements and contracts effectively convert the returns on the fixed rate Canadian dollar mortgage-backed securities to U.S. dollar floating rates of return. Outstanding forward foreign exchange contracts were \$0 and \$2,968 at October 31, 2004 and 2003, respectively.

At October 31, 2004 and 2003, the Company, through TDW Bank, had 104 and 44, respectively, cross currency interest rate swap agreements outstanding, having a total notional principal amount of \$5,671,709 and \$4,747,896, respectively. These agreements are used to hedge foreign currency risk exposure as well as to provide floating rates of return on its Canadian Dollar mortgage-backed securities.

Interest rate swaps

The Company, through TDW Canada, has entered into Canadian Dollar interest rate swap agreements to mitigate the impact of changes in interest rates on Canadian Dollar mortgage-backed securities held by TDW Canada. Market value gains and losses are recognized in the income statement, and offset market value gains and losses on those securities. At October 31, 2004 and 2003, the Company, through its Canadian subsidiary, had 23 and 34, respectively, interest rate swap agreements outstanding, having a total notional principal amount of \$1,720,037 and \$1,166,819, respectively. These agreements are used to manage the change in market value and prepayment risk exposure as well as provide floating rates of return on its Canadian Dollar mortgage-backed securities.

Equity derivative contracts

The Company, through TDW Bank, has entered into equity derivative agreements that are designed to provide equity returns on its equity-linked certificates of deposit. Market value gains and losses are recognized currently and the resulting credits and debits offset market value gains and losses on the embedded derivatives in those certificates of deposit. At October 31, 2004 and 2003, four equity derivative agreements were outstanding, having total notional principal amounts of \$1,102 and \$1,152, respectively. The equity derivative agreements mirror the lives of the underlying equity-linked certificates of deposit.

In conjunction with share based compensation awards, the Company has entered into swap agreements with its parent, TD Bank, designed to mitigate the risk of market price fluctuations. The swaps are designated as cash flow hedges and have been determined to be highly effective. Market fluctuations in TD Bank common shares are reflected in Compensation Expense with the offsetting gain or loss on the swap reported in Other Revenue, for the pro-rata portion of the awards that have vested. Gain or loss on unvested units is recorded in Other Comprehensive Income. At October 31, 2004 and 2003, the notional amount of all equity compensation swaps was \$11,329 and \$5,292, respectively.

14. Stock Options

TD Bank operates a stock option plan for eligible employees of TD Bank and its subsidiaries, including the Company. These options provide holders the right to purchase common shares of TD Bank at a fixed price equal to the closing market price of the TD Bank shares on the day prior to the date the options were issued. TD Bank's first plan, the 1993 stock option plan, expired in 2000 and there will be no further issuance of stock options from this plan. The successor plan, the 2000 stock incentive plan, was in effect as of December 2000. Under both plans, options with a term of 10 years to purchase TD Bank common shares are periodically granted to eligible employees and non-employee directors of the Company. The options vest over a 4-year period and are exercisable at the market price of the shares on the date the options were issued and provide for a cashless exercise feature. During the fiscal year ended October 31, 2000, all option holders signed legally binding waivers to forfeit their right to the cashless exercise resulting in a new measurement date under APB 25. Compensation expense was recorded for the intrinsic value of the stock options. Effective December 2003, new stock options were granted with a 7-year term and vesting over a four-year period. However, because the awards contain cash settlement features, pursuant to

SFAS 123, the Company records compensation expense based on the annual change in the intrinsic value of the cash settled awards. At October 31, 2004, outstanding options have exercise prices ranging from \$14.33 to \$34.24, have a weighted average remaining contractual life of 6.26 years, and expire on dates ranging from March 2005 to December 2012. At October 31, 2003, outstanding options have exercise prices ranging from \$8.96 to \$31.62, have a weighted average remaining contractual life of 7.04 years, and expire on dates ranging from March 2004 to December 2012. At October 31, 2002, outstanding options have exercise prices ranging from \$6.50 to \$26.31, have a weighted average remaining contractual life of 6.92 years, and expire on dates ranging from March 2004 to December 2011.

A summary of the Company's portion of stock options activity is as follows:

Under SFAS 123, TD Bank has elected to adopt on a prospective basis the fair value method of accounting for all stock option awards. Under this method TD Bank recognizes compensation expense based on the fair value of the options on the date of grant, which is determined using an option-pricing model. The fair value of the options is recognized over the vesting period of the options granted.

The Company has estimated the fair value of each option grant issued by TD Bank on the date of grant using the Black-Scholes option-pricing model with the following assumptions used for options granted during the year: 2004; a dividend yield of 2.93%; expected volatility of 27.60%; risk-free interest rate of 4.58%; and an expected life of 6.26 years; 2003; a dividend yield of 3.5%; expected volatility of 33.79%; risk-free interest rate of 4.54%; and an expected life of 7.04 years for all grants; and 2002; a dividend yield of 3.7%; expected volatility of 40.3%; risk-free interest rate of 5.04%; and an expected life of 6.9 years for all grants.

The Company has recorded as compensation expense \$2,392 and \$1,650 for the fair value of the options granted to its employees in the years ended October 31, 2004 and 2003, respectively. In fiscal year 2002, the Company applied APB Opinion No. 25, *Accounting for Stock Issued to Employees*, in accounting for its stock option plan and accordingly did not record compensation cost in the consolidated financial statements. Had the Company recognized compensation cost in accordance with SFAS No. 123, the Company's net income for 2002 would have been reduced by \$2,628.

15. Commitments and Contingent Liabilities

The Company leases office space and equipment under non-cancelable operating leases with third parties and affiliates extending for periods in excess of one year. The Company also sublets office space

2009	17,998	2,042
Thereafter	53,680	1,658
	\$ 190,593	\$ 12,113

For the years ended October 31, 2004, 2003 and 2002 rental expense amounted to approximately \$42,345, \$51,088 and \$51,741 net of sublease income of \$2,320, \$1,337 and \$1,754 respectively.

At October 31, 2004, the Company's commitments to extend credit, which included credit cards as well as other consumer and commercial loans, amounted to \$57,924.

Securities sold, not yet purchased, represents obligations of the Company to purchase securities at a future date. The Company may incur a loss if the market value of the securities subsequently increases.

In the normal course of conducting its securities business, the Company has been named as a defendant in certain lawsuits, claims and legal actions. In the opinion of management, after consultation with outside legal counsel, the ultimate outcome of pending litigation and inquiries will not have a material adverse effect on the financial condition or results of operations of the Company.

16. Capital Adequacy

The Company and TDW Bank are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct adverse material effect on the Company's and TDW Bank's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Company and TDW Bank must meet specific capital guidelines that involve quantitative measures of their assets, liabilities and certain off-balance-sheet items as calculated under regulatory accounting practices. The related capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors. Prompt corrective action provisions are not applicable to the Company.

Quantitative measures established by regulation to ensure capital adequacy require the Company and TDW Bank to maintain minimum amounts and ratios (set forth in the table below) of total and Tier I capital (as defined in the regulations) to risk-weighted assets (as defined), and of Tier I capital (as defined) to average assets (as defined). Management believes, as of October 31, 2003 and October 31, 2004, the Company and TDW Bank met all capital adequacy requirements to which they are subject.

As of October 31, 2004, the most recent notification from the Office of the Comptroller of the Currency categorized TDW Bank as well capitalized under the regulatory framework for prompt corrective action. To be categorized as well capitalized, TDW Bank must maintain minimum total risk-based, Tier I risk-based and leverage ratios as set forth in the table.

17. Profit Sharing, 401(k) Plans and Other Stock-Based Compensation

Prior to July 1, 2004, the Company maintained separate profit sharing and 401(k) plans. The Company's profit sharing plan (the Profit Sharing Plan), which became effective October 16, 1996, was a defined contribution retirement plan sponsored by the Company and was generally available to all U.S. employees of the Company, and any affiliated company thereof, which adopted the Profit Sharing Plan. The Profit Sharing Plan was an amendment, restatement and continuation of The Waterhouse Investor Services, Inc. Employee Stock Ownership Plan, which was in effect immediately prior to October 16, 1996. Effective July 1, 2004, the Company merged its profit sharing plan into its 401(k) plan, and the resulting plan was amended and restated and continued as the TD Waterhouse 401(k) Profit Sharing Plan (the Plan).

The amount of the Company's annual profit sharing contribution to the Plan is determined at the discretion of the Company's Board of Directors. The Company's contributions may be in the form of cash or shares of TD Bank. Funds in a participant's profit sharing account in the Plan may be invested in TD Bank stock and various mutual fund investments. The total expense recognized by the Company with respect to the Profit Sharing Plan for the years ended October 31, 2004, 2003 and 2002 was \$5,097, \$4,862 and \$6,809, respectively.

Historically, employees in the U.S. contributed to the Company's 401(k) plan, and since July 1, 2004, have contributed to the 401(k) portion of the Plan. In Canada, the Company has an Employee Savings Plan (ESP) in which employees of the Company in that country may participate. The Company makes matching contributions to the 401(k) portion of the Plan of one-half of the employee contribution up to 6% per pay period. Under the ESP, employees may contribute up to 6% of their annual base earnings to a maximum of Cdn\$5 (approximately US \$4) per calendar year toward the purchase of TD Bank common shares and the Company matches 50% of the employee contribution amount. The total expense recognized by the Company with respect to the 401(k) portion of the Plan and the ESP plan for the year ended October 31, 2004, 2003 and 2002 was approximately \$5,265, \$4,848 and \$4,506, respectively.

The Company also has restricted share unit plans offered to certain employees. Restricted share units are phantom share units with a value equivalent to the Toronto Stock Exchange closing price of TD Bank common shares on the day before the award issuance. These awards vest and mature on the third or fourth anniversary of the award date at the average of the high and low prices for the 20 trading days preceding the redemption date. The redemption value, after withholdings, is paid in cash. Under these plans participants are granted phantom share units equivalent to TD Bank's common stock that are cliff vested over three or four years. TD Bank administers the plans for the grants that were awarded for year 2000 and 2001 and invoices the company on a quarterly basis. The Company administers its own plans for grants that were awarded subsequent to 2001 and entered into swap contracts with TD Bank to mitigate the impact of changes in share price. The total expenses related to these plans recognized by the Company are \$8,725, \$9,489 and \$5,448 for the years ended October 31, 2004, 2003 and 2002, respectively. The approximate number of units outstanding under all the plans including unvested units at October 31, 2004, 2003 and 2002 is 850,802, 713,991 and 596,710, respectively, with an approximate value of \$33,403, \$23,067, and 11,415, respectively.

The Company also has share unit plans that are offered to certain employees. Under these plans participants are granted units of stock appreciation rights (SARs) equivalent to TD Bank's common stock that generally vest over four years. At the maturity date, the participant receives cash representing the appreciated value of the units between the grant date and the redemption date. A liability is established by the Company related to the share units awarded and an incentive compensation expense is recognized in the consolidated statements of operations over the vesting period. The number of phantom shares outstanding under this plan at October 31, 2004 and 2003 is 1,040,610 and 697,100, with an approximate value of \$9,104 and \$4,245, respectively. The total expense recognized by the Company for these share units for the years ended October 31, 2004 and 2003 was \$6,196 and \$4,497, respectively.

A Senior Executive Deferred Share Unit Plan is offered to eligible executives of the Company. This is a deferred compensation plan which is administered mainly through a deferred share unit plan for the most senior executives of the Company. Under this plan, a percentage of earned annual cash incentive award is deferred into phantom deferred share units. The deferred share units will only be redeemed for cash in a period of time that follows the executive's departure from the Company, either through retirement or termination. As of October 31, 2004 and 2003, a total of 43,966 and 18,800 deferred share units were outstanding, respectively. The annual cash incentive award is recorded as compensation expense in the consolidated statements of operations in the year they are paid and the deferred portion is paid to TD Bank as the plan administrator. The Company paid \$45, \$17 and \$36 to TD Bank for the years ended October 31, 2004, 2003 and 2002, respectively, for the administering of the plan. The Company paid to TD Bank and recorded compensation expenses of \$90, \$150 and \$0 for the years ended October 31, 2004, 2003 and 2002, respectively, for the financial deferred share unit plan.

Substantially all of the Company's Canadian employees are eligible to participate in TD Bank's pension plan, which is a defined benefit plan funded by contributions from TD Bank and its members. Each year, actuarial valuations are made of the pension plans maintained by TD Bank to determine the present value of the accrued pension benefits. Pension plan assets are valued at market values. Pension costs are determined based upon separate actuarial valuations using the projected benefit method prorated on service and TD Bank management's estimates rather than on valuation for funding purposes. There is no separate actuarial valuation for the Company, but the Company is charged its portion of pension expense by TD Bank. Pension expense/(income) includes the cost of pension benefits for the current year's service, interest expense on pension liabilities, income on plan assets, and the amortization of pension adjustments on a straight-line basis over the expected average remaining service life of TD Bank's employee group. The company's pro-rata share of TD Bank's pension expense was \$2,900, \$2,939 and \$2,548 for the years ended October 31, 2004, 2003 and 2002, respectively.

18. Income Taxes

The Company and its U.S. subsidiaries file a consolidated Federal income tax return on a fiscal year basis. The Company recognizes both the current and future income tax consequences of all transactions that have been recognized in the financial statements. Future income tax assets and liabilities are determined based on tax rates that are expected to apply when the assets or liabilities are reported for tax purposes. The Company records a valuation allowance when it is not more likely than not that all of the future tax assets recognized will be realized prior to their expiration. At October 31, 2004, the Company has capital loss carryforwards of \$30,847 that expire in 2008, for which a 100% valuation allowance has been recorded. The Company has determined that it is not more likely than not that the loss carryforwards will be realized in future tax periods. The Company has determined that no valuation allowance against other deferred tax assets as at October 31, 2004 was necessary.

21. Subsequent Events

On March 30, 2005, the Company redeemed its Class B Common Stock shares outstanding, which were owned by a TD Bank affiliate, for approximately \$200,000, based on a preliminary valuation, subject to adjustment. Subsequently, the final valuation identified the value to be approximately \$41,400 lower than the preliminary estimate. As a result, a receivable was recorded as of April 30, 2005, as a due from affiliates in anticipation of the return of the excess amount paid. Such amount was received by the Company in August 2005.

On June 22, 2005, TD Bank entered into an Agreement of Sale and Purchase (the Purchase Agreement) with Ameritrade Holding Corporation (Ameritrade), pursuant to which Ameritrade agreed to purchase from TD Bank (the Share Purchase) all of the capital stock of the Company, in exchange for 193,600,000 shares of Ameritrade common stock and \$20,000 in cash. The shares of Ameritrade issuable to TD Bank in the Share Purchase will represent approximately 32% of the outstanding shares of Ameritrade after giving effect to the transaction.

The Purchase Agreement specifies that, prior to the consummation of the Share Purchase, the Company will conduct a reorganization in which it will transfer all of its non-US and non-brokerage businesses to TD Bank such that, at the time of consummation of the Share Purchase, the Company will retain only its U.S. retail securities brokerage business. The Company will distribute to TD Bank excess capital above thresholds specified in the Purchase Agreement, prior to the consummation of the Share Purchase.

NOTES TO CONDENSED CONSOLIDATED FINANCIAL STATEMENTS

(Unaudited)

1. Basis of Presentation

The condensed consolidated financial statements include the accounts of TD Waterhouse Group, Inc. and its wholly owned subsidiaries (the Company). All significant intercompany balances and transactions have been eliminated.

These financial statements have been prepared pursuant to the rules and regulations of the Securities and Exchange Commission (SEC) and, in the opinion of management, reflect all adjustments, which are all of a normal recurring nature, necessary for a fair statement of the financial position, results of operations and cash flows for the periods presented in conformity with accounting principles generally accepted in the United States of America. These financial statements should be read in conjunction with the consolidated financial statements and notes thereto included in this filing for the fiscal years ended October 31, 2004 and 2003.

Certain items in prior year condensed consolidated financial statements have been reclassified to conform to the current presentation.

EITF Issue No. 03-1, *The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments*. In March 2004, the FASB reached a consensus regarding the application of an impairment model to determine whether investments are other-than-temporarily impaired. The provisions of this rule are required to be applied prospectively to all current and future investments accounted for in accordance with SFAS No. 115, *Accounting for Certain Investments in Debt and Equity Securities*. On September 15, 2004, the FASB issued proposed FASB Staff Position (FSP) EITF 03-01-a Implementation Guidance for the Application of Paragraph 16 EITF Issue No. 03-1, *The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments* (FSP EITF 03-1-a) to provide guidance in the application of paragraph 16 EITF 03-1 to debt securities that are impaired because of interest rate and/or sector spread increases. On September 30, 2004, the FASB issued FSP EITF Issue 03-1-1 Effective Date of Paragraphs 10-20 of EITF Issue No. 03-1, *The Meaning of Other-Than-Temporary Impairment and Its Application to Certain Investments* (FSP EITF 03-1-1), which deferred the effective date of the impairment measurement and recognition provisions contained in specific paragraphs of EITF 03-1 and expanded the scope of proposed FSP EITF 03-1 to include all securities, not only debt securities. The comment period for proposed FSP EITF 03-1-a ended on October 29, 2004 and the effective date has been deferred indefinitely. The Company does not expect the new rules to have a material impact on its results of operations at the time of adoption.

Effective November 1, 2002, the Company adopted the fair value recognition provisions of SFAS No. 123, *Accounting for Stock-Based Compensation* (SFAS 123), prospectively to all employee awards granted, modified, or settled after November 1, 2002, in line with the adoption of SFAS 123 by its parent, TD Bank Financial Group. Therefore, the cost related to stock-based employee compensation included in the determination of net income is less than that which would have been recognized if the fair value method had been applied to all awards since the effective date of SFAS 123, (see note 3). The revision of SFAS No. 123, *Accounting for Stock-Based Compensation* (SFAS 123R) was issued in December 2004. The Company is evaluating the new pronouncement and believes there would be no material impact on the Company's results of operations or financial condition.

2. Net Capital

The Company and TDW Bank are subject to various regulatory capital requirements administered by the federal banking agencies. Failure to meet minimum capital requirements can initiate certain mandatory and possibly additional discretionary actions by regulators that, if undertaken, could have a direct adverse material effect on the Company's and TDW Bank's financial statements. Under capital adequacy guidelines and the regulatory framework for prompt corrective action, the Company and TDW Bank must

meet specific capital guidelines that involve quantitative measures of their assets, liabilities and certain off-balance-sheet items as calculated under regulatory accounting practices. The related capital amounts and classification are also subject to qualitative judgments by the regulators about components, risk weightings and other factors. Prompt corrective action provisions are not applicable to the Company.

Quantitative measures established by regulation to ensure capital adequacy require the Company and TDW Bank to maintain minimum amounts and ratios (set forth in the table below) of total and Tier I capital (as defined in the regulations) to risk-weighted assets (as defined), and of Tier I capital (as defined) to average assets (as defined). Management believes, as of April 30, 2005, the Company and TDW Bank met all capital adequacy requirements to which they are subject.

As of April 30, 2005, the most recent notification from the Office of the Comptroller of the Currency categorized TDW Bank as well capitalized under the regulatory framework for prompt corrective action. To be categorized as well capitalized, TDW Bank must maintain minimum total risk-based, Tier I risk-based and leverage ratios as set forth in the table.

The Company's and TDW Bank's actual capital amounts and ratios are also presented in the following table:

TDB USA has maintained capital in excess of the capital adequacy requirements to which it is subject.

As registered broker-dealers and members of the New York Stock Exchange, TDW US and NISC are subject to the SEC's Uniform Net Capital rule (the Rule), which requires the maintenance of

minimum net capital. At April 30, 2005, TDW US and NISC were both in compliance with their respective capital requirements. TDW US had net capital of \$33,995 at April 30, 2005 which was \$27,473 in excess of its required net capital. NISC had net capital of \$504,954 at April 30, 2005 which was \$430,451 in excess of its required net capital.

As a registered broker-dealer and a NASD member, TDW CM is also subject to the Rule, which requires the maintenance of minimum net capital. TDW CM has elected to use the basic method, permitted by the Rule, which requires that minimum net capital equal to the greater of \$1,000 or 6²/₃% of aggregate indebtedness be maintained. At April 30, 2005, TDW CM had net capital of \$8,269 which was \$7,269 in excess of required capital.

TDW Canada is a member of the Investment Dealers Association of Canada (IDA) and is required to meet the risk-adjusted capital rules, which require the maintenance of minimum risk-adjusted capital of Cdn\$250 (US\$198,700 at April 30, 2005). At April 30, 2005 TDW Canada was in compliance with such requirements, with Cdn\$573,300 (US\$457,100) in excess of required capital.

3. Stock Based Compensation

Effective November 1, 2002, the Company adopted the fair value based method of accounting for stock-based compensation under SFAS No. 123, using the prospective transition method of SFAS No. 148, Accounting for Stock-Based Compensation Transition and Disclosure, an amendment of FASB Statement No. 123. Stock-based employee compensation expense for the three months and six months ended April 30, 2005 was \$510 and \$1,080, respectively. Pro forma information regarding stock-based compensation expense and net income is required by SFAS No. 148. This information is presented as if the Company had accounted for its stock-based awards under the fair value method for all periods:

	2005	2004
For the six month period ended April 30,		
Net income, as reported	\$ 99,872	\$ 103,738
Add: Stock-based employee compensation expense included in reported net income, net of related tax effects	723	706
Deduct: Total stock-based employee compensation expense determined under fair value based method for all awards, net of related tax effects	(857)	(1,166)
Pro forma net income	\$ 99,738	\$ 103,278

4. Comprehensive Income

SFAS No. 130, Reporting Comprehensive Income, establishes standards for the reporting and display of comprehensive income, which includes net income and changes in equity except those resulting from investments by, or distributions to, stockholders. Comprehensive income is as follows:

	2005	2004
For the six month period ended April 30,		
Net income, as reported	\$ 99,872	\$ 103,738
Net change in appreciation on investment securities, available for sale, held by bank subsidiaries net of related tax effects	(4,472)	(641)
Translation adjustment arising during the period, net of related tax effects	48,332	22,119

5. Income Taxes

On October 22, 2004 the President of the United States signed the American Jobs Creation Act of 2004, which gives a temporary incentive for U.S. companies to repatriate accumulated foreign earnings with a potential 85% dividend received deduction. The dividend received deduction is subject to a number of limitations, including a requirement to re-invest the dividend in the United States. The dividend received deduction could be used by the Company in either year ended October 31, 2004 or 2005. The dividend received deduction was not utilized during fiscal year 2004.

Because of available foreign tax credits, the Company's preliminary evaluations indicate that it will not utilize the American Jobs Creation Act of 2004 dividend received deduction. However, that evaluation may not be completed until the income tax return is filed in July 2006.

6. Equity

On March 30, 2005, the Company redeemed its Class B Common Stock shares outstanding, which were owned by a TD Bank affiliate, for approximately \$200,000, based on a preliminary valuation, subject to adjustment. Subsequently, the final valuation identified the value to be approximately \$41,400 lower than the preliminary estimate. As a result, a receivable was recorded as of April 30, 2005, as a due from affiliates in anticipation of the return of the excess amount paid. Such amount was received by the Company in August 2005.

7. Commitments and Contingent Liabilities

On December 7, 2004, the Company signed a fifteen year lease at 32 Old Slip in downtown Manhattan to house its New York operations. Rent payments on this operating lease begin in July, 2006 and end at its contractual end of February, 2021, with a provision for two five year renewal options at the Company's discretion. Payments under this lease are as follows:

2008		4,395
2009		4,433

Results of Operations***Six Months Ended April 30, 2004 Compared to Six months Ended April 30, 2005***

Net income after minority interest decreased 4 percent from \$103.7 million for the first six months of fiscal year 2004 to \$99.9 million for the comparable period in fiscal year 2005 mainly due to a reduction in trading activity, which was offset by an increase in net interest income. Total net revenues increased 5 percent from \$758.9 million for the first six months of fiscal year 2004 to \$795.7 million for the comparable period in fiscal year 2005, as the decline in commission income was more than offset by the increase in net interest income largely due to an increase in the net interest rate spread on deposits, which is calculated by subtracting the weighted average cost of average interest-bearing liabilities from the weighted average yield on average interest-earning assets. Operating expenses increased 8 percent from \$582.9 million for the first six months of fiscal year 2004 to \$627.0 million for the comparable period in fiscal year 2005 largely due to an increase in employee compensation and benefits expenses.

Net Revenues

Commissions and fees include commissions earned for executing customer trades, payments received for order flow, and fees for providing clearance services. Commissions and fees decreased 13 percent from \$408.6 million for

the first six months of fiscal year 2004 to \$357.4 million for the comparable period in fiscal year 2005 primarily due to a 14 percent decrease in average trades per day from 134,056 to 115,083, which was partially offset by a 1 percent increase in average commission per trade from \$24.44 to \$24.69. In the US, average trades per day decreased 18 percent from 92,306 for the first six months of fiscal year 2004 to 75,652 for the comparable period in fiscal year 2005, while average commission per trade was down 9 percent from \$17.64 to \$16.01, as we lowered commissions for certain segments of our customer base to stay in line with competition. In Canada, average trades per day decreased 6 percent from 41,750 for the first six months of fiscal year 2004 to 39,431 for the comparable period in fiscal year 2005, while average commission per trade increased 5 percent from \$39.49 to \$41.34 due to an increase in investment advice trades that generate higher commissions.

Mutual fund and related revenue represents fees from third party mutual funds and funds managed by an affiliated investment advisor. Such fees are primarily based on the daily net asset value of our

Table of Contents

proprietary and third-party money market and mutual funds. Mutual fund and related revenue increased 4 percent from \$106.3 million for the first six months of fiscal year 2004 to \$110.3 million for the comparable period in fiscal year 2005. In the US, proprietary money market and mutual funds revenues decreased 10 percent from \$63.2 million for the first six months of fiscal year 2004 to \$57.2 million for the comparable period in fiscal year 2005 due to a \$10.5 million decrease in proprietary money market funds revenue resulting from the migration of customer assets from off-balance sheet proprietary money market accounts to the on-balance sheet FDIC insured money market fund. The revenue from the FDIC insured money market fund is reported in net interest revenue. This decrease in US proprietary money market and mutual funds revenues was partially offset by an increase of third-party mutual fund fees of \$4.2 million. In Canada, mutual fund trailer fees received from external fund companies increased 23 percent from \$43.0 million for the first six months of fiscal year 2004 to \$52.9 million for the comparable period in fiscal year 2005 as a result of an increase in the sale of mutual funds. In Canada, mutual fund assets under administration increased 10 percent from \$10.1 billion as of April 2004 to \$11.1 billion as of April 2005.

Gain on principal transactions mainly consists of proprietary trading as a NASDAQ registered market maker and specialist of listed and OTC securities. Gain on principal transactions decreased 26 percent from \$16.8 million for the first six months of fiscal year 2004 to \$12.5 million for the comparable period in fiscal year 2005 primarily due to lower trading volumes and decreased spreads.

Other revenues consist of various fees we collect from customers, such as account maintenance fees, fees from affiliates which are primarily mutual fund trailer fees received by TD Waterhouse Canada from TD Asset Management, and gain or loss on sale of available for sale securities. Other revenues increased 20 percent from \$61.2 million for the first six months of fiscal year 2004 to \$73.3 million for the comparable period in fiscal year 2005. Fees from affiliates increased 51 percent from \$22.0 million for the first six months of fiscal year 2004 to \$33.3 million for the comparable period in fiscal year 2005. The increase was largely attributable to a 19 percent increase in total assets under administration for TD Asset Management from \$9.9 billion as of April 30, 2004 to \$11.8 billion as of April 30, 2005. Loss on available for sale securities was immaterial for the first six months of fiscal year 2004 and the comparable period in fiscal year 2005. Other revenues were nearly unchanged, going from \$39.2 million for the first six months of fiscal year 2004 to \$40.0 million for the comparable period in fiscal year 2005 in the US and Canada.

Interest revenue consists of interest earned on interest-earning assets (primarily customer margin balances and investment securities). Interest revenue increased 65 percent from \$223.2 million for the first six months of fiscal year 2004 to \$368.0 million for the comparable period in fiscal year 2005 primarily due to a 75 percent increase in the average investment rate earned from 1.44 percent to 2.52 percent, as well as a 27 percent increase in average investment securities balances from \$10.2 billion to \$13.0 billion. Average customer margin balances increased 6 percent from \$5.1 billion for the first six months of fiscal year 2004 to \$5.4 billion for the comparable period in fiscal year 2005, while average margin yield increased 32 percent from 3.93 percent for the first six months of fiscal year 2004 to 5.18 percent for the comparable period in fiscal year 2005. In the US, average customer margin balances remained flat at \$3.6 billion, while average margin yield increased 45 percent from 3.63 percent for the first six months of fiscal year 2004 to 5.26 percent for the comparable period in fiscal year 2005 due to several increases in the short-term federal funds rate by the Federal Reserve during the period. Investment securities balances increased 40 percent from \$7.2 billion for the first six months of fiscal year 2004 to \$10.1 billion for the comparable period in fiscal year 2005 largely due to the migration of a portion of our customer assets from off-balance sheet proprietary money market balances to the FDIC insured money market accounts on TD Waterhouse Bank's balance sheet, while the average interest rate earned on investment securities increased 116 percent from 1.16 percent to 2.51 percent. In Canada, average customer margin balances increased 20 percent from \$1.5 billion for the first six months of fiscal year 2004 to \$1.8 billion for the comparable period in fiscal year 2005, while average margin yield increased 8 percent from 4.64 percent to 5.03 percent, and average investment securities balances decreased 4 percent from \$3.0 billion to \$2.9 billion, while average rate earned on investment securities increased 20 percent from 2.13 percent to 2.55 percent.

Table of Contents

Interest expense consists of interest paid on interest-bearing liabilities, primarily customer deposits, deposits received for securities loaned, and other borrowings. Total interest expense increased 120 percent from \$57.2 million for the first six months of fiscal year 2004 to \$125.7 million for the comparable period in fiscal year 2005, as total deposits increased 27 percent from \$11.3 billion to \$14.4 billion and the average interest rate paid on deposits increased by 134 percent from 0.47 percent to 1.10 percent. In the US, average interest-bearing customer deposits increased 36 percent from \$7.7 billion for the first six months of fiscal year 2004 to \$10.5 billion for the comparable period in fiscal year 2005, as we continued to migrate a portion of our customer assets from off-balance sheet proprietary money market balances to the FDIC insured money market accounts on TD Waterhouse Bank's balance sheet, while the average interest rate paid on deposits increased 664 percent from 0.11 percent to 0.84 percent in large part due to the rising interest rate environment. In Canada average deposit balances increased 11 percent from \$3.6 billion for the first six months of fiscal 2004 to \$4.0 billion for the comparable period in fiscal 2005, while the average interest rate increased 40 percent from 1.26 percent to 1.77 percent.

Operating Expenses

Employee compensation and benefits increased 17 percent from \$263.2 million for the first six months of fiscal year 2004 to \$306.9 million for the comparable period in fiscal year 2005. In the US, the increase was primarily attributable to merit increases of \$3.0 million, an increase in variable compensation plan expense of \$2.0 million due to increases in TD Bank's stock price, and \$4.0 million in severance expense due to the closing of the San Diego Call Center. In Canada, the increase was due to \$6.0 million for the salaries and benefits costs for 109 new Financial Planners and \$13.0 million for the implementation of a new compensation model in the full service brokerage and advisory businesses in addition to an increase in commission payouts in conjunction with increased commissionable revenues. Also included was an \$8.5 million increase for moving back-office support operations from another entity within TD Bank to TD Waterhouse Canada.

Floor brokerage, exchange and clearing fees expense increased 22 percent from \$58.4 million for the first six months of fiscal year 2004 to \$71.5 million for the comparable period in fiscal year 2005 primarily due to \$10.8 million in new services provided by TD Waterhouse Canada to support non-brokerage business.

Occupancy expense increased 17 percent from \$32.1 million for the first six months of fiscal year 2004 to \$37.6 million for the comparable period in fiscal year 2005 in part due to a \$1.0 million increase in property maintenance costs in the US. In Canada, the increase was due to \$1.0 million in occupancy costs for 109 new Financial Planners and \$1.3 million in new services provided by TD Waterhouse Canada to support non-brokerage business.

Advertising and marketing expense increased 13 percent from \$56.7 million for the first six months of fiscal year 2004 to \$63.8 million for the comparable period in fiscal year 2005 due to management's determination to increase discretionary advertising spending.

Depreciation and amortization expense decreased 3 percent from \$27.1 million for the first six months of fiscal year 2004 to \$26.2 million for the comparable period in fiscal year 2005 due to reduced capital spending in the first half of fiscal year 2005.

Equipment expense decreased 5 percent from \$19.1 million for the first six months of fiscal year 2004 to \$18.1 million for the comparable period in fiscal year 2005 primarily due to lower equipment rental costs and savings on data-lines.

Communications and data processing expense decreased 14 percent from \$30.6 million for the first six months of fiscal year 2004 to \$26.2 million for the comparable period in fiscal year 2005 largely due to savings as a result of the MCI contract re-negotiations.

Professional fees expense increased 7 percent from \$27.8 million for the first six months of fiscal year 2004 to \$29.7 million for the comparable period in fiscal year 2005 in part due to \$1.4 million in new services provided by TD Waterhouse Canada to support non-brokerage business.

Table of Contents

Stationery and postage expense increased 9 percent from \$19.6 million for the first six months of fiscal year 2004 to \$21.3 million for the comparable period in fiscal year 2005 largely due to \$1.9 million in new services provided by TD Waterhouse Canada to support the non-brokerage business.

Other expenses decreased 46 percent from \$48.1 million for the first six months of fiscal year 2004 to \$25.7 million for the comparable period in fiscal year 2005 due to the recoveries for the new services provided by TD Waterhouse Canada to support the non-brokerage business that were largely expensed under employee compensation and benefits (\$8.5 million), execution and clearing (\$10.8 million), occupancy (\$1.3 million), stationery and postage (\$1.9 million), and professional fees (\$1.4 million).

Fiscal Year Ended October 31, 2003 Compared to Fiscal Year Ended October 31, 2004

Net income after minority interest increased 253 percent from \$44.8 million in fiscal year 2003 to \$158.1 million in fiscal year 2004 partly due to improved operating performance, as discussed later in this section, but primarily because fiscal year 2003 included a \$54.9 million net loss from discontinued operations, as we eliminated loss-generating investments in Australia, Europe and Hong Kong. Total net revenues increased 17 percent from \$1.2 billion in fiscal year 2003 to \$1.4 billion in fiscal year 2004 largely due to increased trading volumes and margin loan balances, while operating expenses increased 11 percent from \$1.0 billion in fiscal year 2003 to \$1.1 billion in fiscal year 2004 mainly due to increased employee compensation costs and advertising and marketing spending.

Net Revenues

Commissions and fees increased 4 percent from \$653.2 million in fiscal year 2003 to \$681.9 million in fiscal year 2004 primarily due to an 11 percent increase in average trades per day from 100,246 to 110,957 and a 1 percent increase in average commissions per trade from \$24.18 to \$24.54. This was partially offset by the reclassification of proprietary mutual fund investment management fees in 2004 totaling \$34.6 million from commissions and fees to mutual fund revenues. Also, fiscal year 2003 included \$3.5 million in revenue for providing clearance services to Trimark Securities. In the US, average trades per day increased 7 percent from 70,627 in fiscal year 2003 to 75,572 in fiscal year 2004, while the average commission per trade was down 2 percent from \$17.90 to \$17.50. In Canada, average trades per day increased 19 percent from 29,619 in fiscal year 2003 to 35,385 in fiscal year 2004, while the average commission per trade increased slightly from \$39.15 to \$39.43.

Mutual fund and related revenue increased 40 percent from \$144.7 million in fiscal year 2003 to \$202.7 million in fiscal year 2004. This was in part due to the reclassification of \$34.6 million of proprietary mutual fund investment management fees from commissions and fees in fiscal year 2003 to mutual fund revenues in fiscal year 2004. In the US, proprietary and non-proprietary mutual fund revenues increased by \$2.7 million due to a slight increase in net assets. In Canada, mutual fund trailer fees received from external fund companies increased 33 percent from \$61.7 million in fiscal 2003 to \$82.3 million in fiscal 2004 as a result of strong mutual fund sales activity. Assets under administration for mutual funds increased 25 percent from \$8.7 billion in fiscal year 2003 at 2004 exchange rate to \$9.4 billion in fiscal year 2004.

Gain on principal transactions increased 61 percent from \$21.1 million in fiscal year 2003 to \$34.0 million in fiscal year 2004 primarily due to the internalization of a larger portion of our order flow and the expansion of our external customer base.

Total other revenues increased 39 percent from \$90.2 million in fiscal year 2003 to \$125.0 million in fiscal year 2004. Fees from affiliates increased 61 percent from \$30.0 million in fiscal year 2003 to \$48.2 million in fiscal year 2004. The increase was largely attributable to a 27 percent increase in assets under administration for TD Asset Management from \$7.5 billion in fiscal year 2003 at 2004 exchange rate to \$9.5 billion in fiscal year 2004. Loss on available for sale securities decreased 73 percent from \$0.8 million in fiscal year 2003 to \$0.2 million in fiscal year 2004. Other revenues increased 26 percent from \$61.0 million in fiscal year 2003 to \$77.0 million in fiscal year 2004 in part due to an increase in foreign exchange spread and fees earned by the Investment Advice group in Canada.

Table of Contents

Interest revenue increased 24 percent from \$384.8 million in fiscal year 2003 to \$478.1 million in fiscal year 2004 primarily due to a 42 percent increase in average customer margin balances from \$3.6 billion to \$5.1 billion and an 18 percent increase in average investment securities balances from \$9.4 billion to \$11.1 billion. Average margin yield decreased 3 percent from 4.24 percent in fiscal year 2003 to 4.11 percent in fiscal year 2004, while the average interest rate received on investment securities decreased slightly from 1.81 percent to 1.80 percent. In the US, average customer margin balances increased 40 percent from \$2.5 billion in fiscal year 2003 to \$3.5 billion in fiscal year 2004 in part due to improved investor confidence in the market, while average margin yield increased 3 percent from 3.83 percent to 3.95 percent. Average investment securities balances in the US increased 27 percent from \$6.4 billion in fiscal year 2003 to \$8.1 billion in fiscal year 2004 largely due to the migration of customer assets from off-balance sheet proprietary money market accounts to the on-balance sheet FDIC insured money market fund, while the average interest rate earned on investment securities decreased 3 percent from 1.38 percent to 1.34 percent. In Canada, average customer margin balances increased 45 percent from \$1.1 billion in fiscal year 2003 to \$1.6 billion in fiscal year 2004, while the average margin yield decreased 14 percent from 5.18 percent to 4.48 percent. There were no significant changes in the investment securities revenues in Canada.

Interest expense increased 21 percent from \$103.5 million in fiscal year 2003 to \$125.3 million in fiscal year 2004 primarily due to a 24 percent increase in average interest-bearing customer deposits from \$9.9 billion to \$12.3 billion due to the movement of customer assets from off-balance sheet proprietary money market accounts to the on-balance sheet FDIC insured money market fund. This was offset by a 31 percent decrease in the average rate paid on deposits from 0.68 percent in fiscal year 2003 to 0.47 percent in fiscal year 2004. In the US, average interest-bearing customer deposits increased 26 percent from \$6.9 billion in fiscal year 2003 to \$8.7 billion in fiscal year 2004, while the average interest rate paid decreased 14 percent from 0.21 percent to 0.18 percent. In Canada, average interest-bearing customer deposits increased 20 percent from \$3.0 billion in fiscal year 2003 to \$3.6 billion in fiscal year 2004, while the average interest rate paid decreased 34 percent from 1.77 percent to 1.17 percent.

Operating Expenses

Employee compensation and benefits expense increased 15 percent from \$456.6 million in fiscal year 2003 to \$527.2 million in fiscal year 2004 largely due to increases in incentive compensation as a result of our increased profits, temporary help added during fiscal year 2004 to accommodate increased client trading volumes, and a \$7.0 million charge for executive severance.

Floor brokerage, exchange and clearing fees expense increased 21 percent from \$86.5 million in fiscal year 2003 to \$104.6 million in fiscal year 2004 due to higher client trading volumes and a \$10.1 million reclassification of brokerage and exchange fees to the floor brokerage, exchange and clearing fees expense category, previously reported in the communication and data processing category. Also, fiscal year 2003 included a \$3.7 million sale of unsecured receivables, which were previously fully reserved.

Occupancy expense decreased 5 percent from \$71.8 million in fiscal year 2003 to \$68.4 million in fiscal year 2004 largely due to the closing of 13 branches.

Advertising and marketing expense increased 37 percent from \$66.8 million in fiscal year 2003 to \$91.3 million in fiscal year 2004, as spending on advertising campaigns increased due to an effort to increase the number of new accounts.

Depreciation and amortization expense increased 1 percent from \$55.7 million in fiscal year 2003 to \$56.2 million in fiscal year 2004 due to a slight increase in capital spending.

Equipment expense increased 3 percent from \$37.8 million in fiscal year 2003 to \$39.0 million in fiscal year 2004 due to higher capital spending.

Communications and data processing expense decreased 26 percent from \$77.4 million in fiscal year 2003 to \$57.5 million in fiscal year 2004, as fiscal year 2004 included a \$10.1 million reclassification of miscellaneous brokerage and exchange fees from the data processing and communication category to the

Table of Contents

execution and clearing category. Communication costs also decreased \$6.0 million due to the renegotiation of long distance and data network contracts.

Professional fees expense increased 36 percent from \$43.0 million in fiscal year 2003 to \$58.3 million in fiscal year 2004 largely due to credit investigations for PATRIOT Act regulations, legal and consulting expenses related to potential merger activity, and legal expenses and technology consulting due to the integration of our active trader platform.

Stationery and postage expense increased 10 percent from \$33.8 million in fiscal year 2003 to \$37.0 million in fiscal year 2004 primarily due to increased customer mailings in conjunction with increased marketing efforts.

Other expenses increased 2 percent from \$101.8 million in fiscal year 2003 to \$103.8 million in fiscal year 2004 primarily due to a recognition of a legal contingency of \$4.0 million in the U.S. and a \$4.6 million Investment Dealers Association of Canada litigation settlement. Also, fiscal year 2003 included \$5.0 million in accruals for legal contingencies and write-offs of uncollectible receivables.

Fiscal Year Ended October 31, 2002 Compared to Fiscal Year Ended October 31, 2003

Net income after minority interest increased 26 percent from \$35.4 million in fiscal year 2002 to \$44.8 million in fiscal year 2003 due to improved operating results, as discussed later in this section. Net revenues increased 9 percent from \$1.1 billion in fiscal year 2002 to \$1.2 billion in fiscal year 2003 mainly due to increased commissions, net interest income and mutual fund revenues. Operating expenses remained unchanged at \$1.0 billion.

Net Revenues

Commissions and fees increased 14 percent from \$573.6 million in fiscal year 2002 to \$653.2 million in fiscal year 2003 primarily due to a 6 percent increase in average trades per day from 94,938 to 100,246, and a 14 percent increase in average commissions per trade from \$21.21 to \$24.18. In the US, average trades per day increased slightly from 70,449 in fiscal year 2002 to 70,627 in fiscal year 2003, and average commission per trade increased 1 percent from \$17.65 to \$17.90. In Canada, average trades per day increased 21 percent from 24,489 in fiscal year 2002 to 29,619 in fiscal year 2003, while average commission per trade increased 24 percent from \$31.46 to \$39.15. For fiscal year 2002, commission and fee revenue relating to the merger of entities under common control is reflected in other revenue as described below. Also, fiscal year 2002 included \$23.6 million of commissions and fees for the UK operations that were discontinued in June 2002.

Mutual fund and related revenue increased 27 percent from \$113.7 million in fiscal year 2002 to \$144.7 million in fiscal year 2003. During fiscal year 2003, we held in excess of \$5.9 billion in customer assets in no-load, no fee mutual funds sponsored by third parties, up 13 percent from the fiscal year 2002 average balance of \$5.2 billion. In Canada, mutual fund and related revenue increased 74 percent from \$35.4 million in fiscal year 2002 to \$61.7 million in fiscal year 2003 primarily due to the purchase of TD Bank's full service brokerage and advisory businesses by TD Waterhouse Canada in July 2002. Assets under administration for mutual funds in Canada increased 8 percent from \$7.5 billion in fiscal year 2002 to \$8.1 billion in fiscal year 2003.

Gain on principal transactions was \$21.1 million in fiscal year 2003. There was no gain on principal transactions in fiscal year 2002 because the program to internalize order flow began in fiscal year 2003.

Total other revenues decreased 47 percent from \$169.8 million in fiscal year 2002 to \$90.2 million in fiscal year 2003. Fees from affiliates increased 56 percent from \$19.2 million in fiscal year 2002 to \$30.0 million in fiscal year 2003 due to a 14 percent increase in the assets under administration for TD Asset Management from \$6.1 billion in fiscal year 2002 to \$7.0 billion in fiscal year 2003. Loss on available for sale securities decreased 41 percent from \$1.4 million in fiscal year 2002 to \$0.8 million in fiscal year 2003. Other revenues decreased 60 percent from \$152.0 million in fiscal year 2002 to \$61.0 million in fiscal year 2003 largely due to the recording of \$96.6 million of other revenues in fiscal year 2002 regarding the acquisition of businesses by TD Waterhouse Canada for the eight months

Table of Contents

preceding the merger of entities under common control. Such amount principally includes commissions and fee income. This decrease was partially offset by gains on foreign exchange spread in Canada.

Interest revenue increased 3 percent from \$372.6 million in fiscal year 2002 to \$384.8 million in fiscal year 2003 primarily due to a 3 percent increase in average customer margin balances from \$3.5 billion to \$3.6 billion and a 19 percent increase in average investment securities balances from \$7.5 billion to \$8.9 billion. Average yield on customer margin balances decreased 2 percent from 4.33 percent to 4.24 percent, while the average interest rate earned on investment securities decreased 20 percent from 2.11 percent to 1.68 percent. Also, fiscal year 2002 included a \$12.6 million adjustment to interest income regarding the acquisition of businesses by TD Waterhouse Canada.

Interest expense increased 7 percent from \$96.4 million in fiscal year 2002 to \$103.5 million in fiscal year 2003 primarily due to an 11 percent increase in interest-bearing customer deposit balances from \$8.9 billion to \$9.9 billion, offset by a 20 percent decrease in the average interest rate paid on deposits from 0.85 percent to 0.68 percent. In the US, average interest-bearing customer deposits increased 3 percent from \$6.7 billion in fiscal year 2002 to \$6.9 billion in fiscal year 2003, while the average rate paid decreased 70 percent from 0.70 percent to 0.21 percent. In Canada, average interest-bearing customer deposits increased 36 percent from \$2.2 billion in fiscal year 2002 to \$3.0 billion in fiscal year 2003, and the average rate paid increased 34 percent from 1.32 percent to 1.77 percent.

Operating Expenses

Employee compensation and benefits expense increased 23 percent from \$372.6 million in fiscal year 2002 to \$456.6 million in fiscal year 2003 primarily due to the integration of TD Bank's full service brokerage and advisory businesses by TD Waterhouse Canada as of July 1, 2002 (see other expenses below), and partly due to the expansion of our financial planning services where we added staff to accommodate increased trading activities. Also, fiscal year 2002 included \$20.5 million of employee compensation and benefits expense for the UK operations that were discontinued in June 2002.

Floor brokerage, exchange and clearing fees expense increased 63 percent from \$53.1 million in fiscal year 2002 to \$86.5 million in fiscal year 2003 primarily due to additional trading volumes from a full twelve months of costs from the TD Waterhouse Canada full service brokerage and advisory businesses in fiscal year 2003 versus four months in fiscal year 2002, as all operating expenses associated with the merger of entities under common control by TD Waterhouse Canada for the eight months preceding the acquisition date were recorded in other expenses. This increase was partially offset by the sale of \$3.7 million in unsecured receivables in 2003, which were previously fully reserved.

Occupancy expense increased 8 percent from \$66.7 million in fiscal year 2002 to \$71.8 million in fiscal year 2003 primarily due to write-downs in fiscal year 2003 for closing a call center and a sub-tenant default.

Advertising and marketing expense decreased 27 percent from \$91.1 million in fiscal year 2002 to \$66.8 million in fiscal year 2003 due to management's determination to decrease discretionary advertising spending.

Depreciation and amortization expense increased 3 percent from \$57.4 million in fiscal year 2002 to \$55.7 million in fiscal year 2003 primarily due to higher intangible asset write-offs in fiscal year 2003.

Table of Contents

Equipment expense decreased 20 percent from \$47.0 million in fiscal year 2002 to \$37.8 million in fiscal year 2003 due to lower equipment rental costs.

Communications and data processing expense decreased 6 percent from \$82.5 million in fiscal year 2002 to \$77.4 million in fiscal year 2003 largely due to decreased news and quotes costs.

Professional fees expense increased 3 percent from \$41.9 million in fiscal year 2002 to \$43.0 million in fiscal year 2003 largely due to higher legal and audit fees of TD Waterhouse Canada associated with the acquisition of the full service brokerage business from TD Bank Financial Group.

Stationery and postage expense decreased 10 percent from \$37.7 million in fiscal year 2002 to \$33.8 million in fiscal year 2003 primarily due to fewer customer mailings in conjunction with lower marketing spending.

Other expenses decreased 46 percent from \$190.2 million in fiscal year 2002 to \$101.8 million in fiscal year 2003 primarily due to the recording of \$109.2 million of other expenses in fiscal year 2002 regarding the merger of entities under common control by TD Waterhouse Canada for the eight months preceding the merger date. In 2003 such expenses are primarily reflected in employee compensation and floor brokerage, exchange and clearing fees. Also, fiscal year 2003 included a \$4.8 million provision of legal fees for the class action foreign exchange issue in Canada, as well as the addition of the full service brokerage and advisory business from TD Bank Financial Group to TD Waterhouse Canada.

Liquidity and Capital Resources

Historically, we have financed our customer securities operations primarily through customer credit balances, deposits received for securities loaned, and other short-term borrowings. As of October 31, 2004, 93 percent of our assets consisted of cash and cash equivalents or assets readily convertible into cash (principally receivables from customers, receivables from brokers and dealers, deposits paid for securities borrowed, and securities owned). Receivables from customers consist primarily of margin loans to customers, which are secured by customers' readily marketable securities. Receivables from brokers and dealers consist of amounts receivable from pending securities transactions. Deposits paid for securities borrowed represent cash deposits placed with brokers securing marketable securities borrowed by us. Securities owned consist primarily of US and Canadian government securities and other securities that trade in highly liquid markets.

Capital expenditures and investments in new technology, services and advertising have been primarily financed to date through earnings from operations.

Our broker-dealer subsidiaries are subject to regulatory requirements intended to ensure their general soundness and liquidity, which require that broker-dealers comply with certain minimum capital requirements. These regulations, which differ in each country, generally prohibit our broker-dealer subsidiaries from repaying borrowings from TD, paying cash dividends, making loans to us or to affiliates, or otherwise entering into transactions which would result in significant reductions in their regulatory capital positions without prior notification and/or the approval of the broker-dealers' principal regulator. Our capital structure is designed to provide each entity and business with capital liquidity consistent with its business and regulatory requirements.

Cash Flow

Net income plus depreciation and amortization was \$94.6 million, \$100.5 million and \$214.3 million for the fiscal years ended October 31, 2002, 2003 and 2004, respectively. Depreciation and amortization expense, which relates to fixed assets, leasehold improvements and goodwill, was \$59.2 million, \$55.7 million and \$56.2 million for the fiscal years ended October 31, 2002, 2003 and 2004, respectively. Capital expenditures were \$47.9 million, \$31.2 million and \$38.1 million for the fiscal years ended October 31, 2002, 2003 and 2004, respectively, and represented 4 percent, 3 percent and 3 percent, respectively, of net revenues for each period.

Off-Balance Sheet Arrangements

TD Waterhouse, through TD Waterhouse Bank, is a party to financial instruments with off-balance sheet risk to reduce its own exposure to fluctuations in foreign currency rates, interest rates and equity indices. TD Waterhouse itself is a party to financial instruments with off-balance sheet risk to reduce its own exposure to fluctuations in the stock price of TD.

These financial instruments include forward foreign exchange contracts, cross currency interest rate swaps and equity derivative contracts. These instruments involve elements of credit risk, counter party risk and market risk in excess of the amounts recognized on the consolidated balance sheet. The contract or notional amounts of these instruments reflect the extent of involvement TD Waterhouse has in those classes of financial instruments.

Canadian Dollar Forward Foreign Exchange Contracts***Cross Currency Interest Rate Swaps***

TD Waterhouse, through TD invests a substantial portion of its money market sweep deposit balance in fixed rate Canadian Dollar denominated Canadian mortgage backed securities. The fixed coupon interest rates and currency risks inherent in the mortgage-backed securities have been hedged by forward foreign exchange contracts and cross currency interest rate swap contracts entered into with TD. These forward foreign exchange and cross currency interest rate swap contracts are accounted for in accordance with SFAS No. 133, *Accounting for Derivative Instruments and Hedging Activities* (SFAS 133), which establishes accounting and reporting standards for all derivative instruments and hedging activities, and SFAS No. 149, *Amendment of Statement 133 on Derivative Instruments and Hedging Activities*. SFAS 133 requires that all derivative instruments be recorded on the balance sheet at their fair value, as either assets or liabilities. The Forward Foreign Currency Contracts are only used in months in which there is a purchase of Canadian mortgage backed securities. They are designed to mitigate the currency exposure on the coupon interest purchased and accrued until the end of the month in which Canadian mortgage backed securities are purchased, when the cross currency interest rate swaps become effective. TD Waterhouse, through TD, has designated the cross currency interest rate swap contracts as hedges of the fair value of the underlying Canadian Dollar mortgage-backed securities. Changes in fair value of a derivative that is highly effective, and that is designated and qualifies as a fair value hedge, along with changes in fair value of the hedged asset and liability that are attributable to the hedged risk, are recorded in current period earnings.

The cross currency interest rate swap contracts are structured such that the terms of the contracts mirror those of the underlying mortgage-backed securities. Market value gains and losses on the swap contracts are expected to offset market value gains and losses on those securities with no net impact on earnings. Market value gains and losses on these contracts and agreements are currently recognized in other revenue. The portion of the change in the hedged securities fair value attributable to changes in interest rate and foreign exchange risk are reflected as a basis adjustment of the amortized cost of the securities and also are reported in current earnings, effectively offsetting gains and losses on the contracts and agreements. Other changes in the fair value of the hedged securities are reported through other comprehensive income net of the related tax effects. These agreements and contracts effectively convert the returns on the fixed rate Canadian dollar mortgage-backed securities to U.S. dollar floating rates of return. No

forward foreign exchange contracts were due as of October 31, 2004.

Table of Contents

At October 31, 2004, TD Waterhouse, through TD Waterhouse Bank, had 104 cross currency interest rate swap agreements outstanding, having a total notional principal amount of \$5.7 million. In addition to hedging foreign currency risk exposure, the swaps provide floating rates of return on its Canadian dollar mortgage-backed securities.

Equity derivative contracts

TD Waterhouse, through TD Waterhouse Bank, has entered into equity derivative agreements that are designed to provide equity returns on its equity-linked certificates of deposit. Market value gains and losses are recognized currently and the resulting credits and debits offset market value gains and losses on the embedded derivatives in those certificates of deposit. As of October 31, 2004, four equity derivative agreements were outstanding, having total notional principal amounts of \$1.1 million. The equity derivative agreements mirror the lives of the underlying equity-linked certificates of deposit.

TD Waterhouse has restricted share unit plans offered to certain employees. Restricted share units are phantom units of TD stock traded on the Toronto or New York Stock Exchanges, whose value is the average of the high and low prices for the 20 trading days preceding the redemption date. These awards vest and mature on the third anniversary of the award date. The redemption value, after withholdings, is paid in cash. TD Waterhouse has entered into swap contracts with TD Bank to mitigate the impact of changes in TD's share price on the cost to TD Waterhouse of the restricted share unit plans. The swaps are designated as cash flow hedges and have been determined to be highly effective. Market fluctuations in the price of TD common shares are reflected in compensation expense with the offsetting gain or loss on the swap reported in other revenue, for the pro-rata portion of the awards that has vested. Gain or loss on unvested units is recorded in other comprehensive income. At October 31, 2004, the notional amount of all equity compensation swaps was \$11.3 million.

Quantitative And Qualitative Disclosures About Market Risk

Market risk generally represents the risk of loss that may result from the potential change in the value of a financial instrument as a result of fluctuations in interest rates and market prices. We have established policies, procedures and internal processes governing our management of market risks in the normal course of our business operations.

As a part of our brokerage business, we hold short-term interest-earning assets (mainly margin loans to customers). These assets totaled \$5.1 billion and \$4.5 billion at October 31, 2004 and October 31, 2003, respectively, of which \$1.6 billion and \$1.3 billion, respectively, were denominated in Canadian dollars. These interest earning assets are financed by short-term interest-bearing liabilities in the form of customer balances and deposits received for stock loaned. We earn a net interest spread on the difference between amounts earned on customer margin loans and amounts paid on stock loan and customer credit balances. Since we establish the rate paid on customer cash balances, a substantial portion of our interest rate risk is under our direct management. We generally move rates earned on customer margin loans in lockstep with rates paid on stock loans and customer balances to maintain a consistent net interest spread, and, therefore, do not anticipate that changes in interest rates will have a material adverse effect on our earnings.

We seek to control the risks associated with our customer activities by requiring customers to maintain margin collateral in compliance with regulatory and internal guidelines. We monitor required margin levels daily and, pursuant to such guidelines, require our customers to deposit additional collateral, or to reduce positions, when necessary. We seek to control risks associated with our securities lending and borrowing activities by requiring credit approvals for counterparties, by monitoring the market value of securities loaned and collateral values for securities borrowed on a daily basis and requiring additional cash as collateral for securities loaned or return of collateral for securities borrowed when necessary.

We are also exposed to market risk in our trading portfolio where we are active participants as market makers, seeking to realize returns through careful management of our positions and daily inventories. We held short-term securities totaling \$1.8 million and \$1.3 million at October 31, 2004 and October 31, 2003, respectively. We seek to manage trading risk by enforcing trading limits where our primary measure for

Table of Contents

setting trading limits is Value at Risk. Value at Risk measures the adverse impact the potential changes in market rates and prices could have on the value of the portfolio in addition to notional limits based on business need. Risk positions and limits are strictly enforced and monitored daily. Trading limits that have been exceeded are reported, escalated, and approved as appropriate.

Further, in brokerage, we also have market risk exposure due to retention of fixed income securities for the purpose of retail distribution. We held investment grade short-term fixed income securities totaling \$2.8 million and \$1.8 million at October 31, 2004 and October 31, 2003, respectively. Our primary measure for setting fixed-income trading limits is Value at Risk, which measures the adverse impact the potential changes in market rates and prices could have on the value of the portfolio, in addition to notional limits based on business need. Risk metrics are also employed through the monitoring of interest rate delta limits and notional limits by product categories. Risk positions and limits are strictly enforced and monitored daily.

As a fundamental part of TD Waterhouse Bank we hold short-term interest earning assets; mainly Canadian Mortgage Backed Securities (MBS) and U.S. Government Sponsored Agency Securities. These assets totaled \$11.9 billion and \$8.2 billion at October 31, 2004 and October 31, 2003, respectively. This increase relates primarily to the increase in customer balances on deposit. Derivative financial instruments are used to fully mitigate currency (Canadian) and interest rate risk associated with the MBS. In no instance does TD Waterhouse Bank trade derivatives for its own account.

For TD Waterhouse Bank we regularly perform sensitivity analyses to estimate the impact of changes in interest rates on earnings (Earnings at Risk) and the market value of interest sensitive assets and liabilities (Market Value at Risk). The sensitivity of these results is determined by calculating the impact of alternative interest rate scenarios based on an immediate and sustained increase and decrease in rates in 100 basis-point increments.

The sensitivity of net interest income and economic value of equity to TD Waterhouse Bank as of October 31, 2004 and October 31, 2003 are listed below:

**Change in Earnings at Risk (EAR) and

(2) after-tax

A portion of our brokerage operations consists of brokerage services in Canada. As a result, our results of operations could be adversely affected by factors, such as changes in foreign currency exchange rates or economic conditions in the Canadian market in which we provide our services. When the US dollar strengthens against these currencies, the US dollar value of non-US dollar based revenues decreases. Accordingly, changes in exchange rates may adversely affect our consolidated operating margins as expressed in US dollars. For the years ended October 31, 2003 and 2004, 43 percent and 45 percent, respectively, of our consolidated revenue and 57 percent and 58 percent, respectively, of our consolidated pre-tax income was derived from our Canadian brokerage operations. We do not hedge our risk to Canadian dollar fluctuations. For the year ended October 31, 2004, a 10 percent strengthening and

weakening of the US Dollar against the Canadian dollar would have impacted consolidated revenues and consolidated pre-tax income as follows:

	Revenue	Pre-Tax Income
10% Strengthening of the US Dollar	\$ (57.4) million	\$ (13.4) million
10% Weakening of the US Dollar	\$ 63.2 million	\$ 14.7 million

The value of the TD Ameritrade common stock to be issued reflects the issuance of 193.6 million shares of common stock to TD, which will equal approximately 32 percent of the total shares of TD Ameritrade common stock upon completion of the acquisition of TD Waterhouse. The value of the shares is calculated using the \$16.816 average closing market price of Ameritrade common stock for a short period before and after June 22, 2005, the date the proposed acquisition of TD Waterhouse was agreed to and announced, less the proposed \$6.00 per share special cash

dividend. The special dividend is deducted from the average market price because the shares issued to TD will not include the right to receive the special dividend.

Cash acquired, net of cash paid consists of \$404.5 million of cash of TD Waterhouse at closing to fund \$1.00 per share of the special dividend, less \$20,000 in cash consideration paid to TD and approximately \$72.6 million of cash paid to TD based on a comparison of Ameritrade's net tangible book value to its minimum net tangible book value as specified in the share purchase agreement. The

calculation of Ameritrade's net tangible book value deficit is based on the June 24, 2005 consolidated balance sheet. The actual net tangible book value deficit, if any, will be based on Ameritrade's consolidated balance sheet as of the closing date of the acquisition of TD Waterhouse.

2. Pro Forma Adjustments

The following adjustments have been reflected in the unaudited pro forma combined condensed financial statements:

(a) Reflects the sale of Ameritrade Canada to TD pursuant to the Canadian Purchase Agreement, net of income tax effects. Under the Canadian Purchase Agreement, the sale price consists of cash equal to the sum of \$60 million plus Ameritrade Canada's net tangible book value. The sale of Ameritrade Canada would result in a gain on the sale of approximately \$60.0 million and an estimated income tax liability of approximately \$24.0 million based the June 24, 2005 Ameritrade Canada balance sheet.

(b) Reflects, pursuant to the Reorganization, the sale of all TD Waterhouse non-U.S. and non-brokerage businesses to TD and the distribution to TD of excess capital of TD Waterhouse above the sum of 6 percent of aggregate debit items (calculated for each registered broker-dealer as of any given date on the same basis as the amount set forth in Box 4470 of the Form X-17A-5 that is completed by such entity) plus \$1.00 per share of Ameritrade common stock.

(c) Reflects the recording of the acquisition of TD Waterhouse under the purchase method of accounting. The total purchase price has been allocated to the tangible and intangible assets and liabilities of TD Waterhouse based on their estimated fair values. The amounts and components of the purchase price, along with the preliminary allocation of the purchase price, are presented in Note 1.

(d) Reflects liabilities recorded for Ameritrade's estimated acquisition costs of \$15.8 million.

(e) Reflects the issuance of \$1.9 billion of long-term debt and estimated debt issuance costs of approximately \$23.8 million or 1.25 percent of the principal. Ameritrade expects to fund the proposed \$6.00 per share special dividend with up to approximately \$0.4 billion from cash on hand and short-term investments, approximately \$0.4 billion from excess capital in TD Waterhouse at closing and the remaining \$1.6 billion to \$2.0 billion by issuing private or public long-term debt.

(f) Reflects the payment of the \$6.00 per share special dividend.

(g) Reflects the deletion of Ameritrade Canada's results of operations.

(h) Reflects the deletion of all TD Waterhouse non-U.S. and non-brokerage results of operations.

(i) Reflects amortization resulting from the portion of the TD Waterhouse purchase price allocated to the estimated fair value of the TD Waterhouse client base. The pro forma adjustment assumes the intangible asset is amortized on a straight-line basis over an estimated life of 20 years. The amount allocated to this intangible asset was based on Ameritrade management's preliminary estimate of the value of the TD Waterhouse client base. The actual amount to be allocated to the value of the TD Waterhouse client base will be based on an independent valuation. A hypothetical \$100 million change in the amount allocated to this intangible asset would result in a \$5.0 million and \$3.8 million pre-tax effect on amortization expense for the fiscal year and nine-month periods presented, respectively.

(j) Reflects estimated interest expense and amortization of debt issuance costs associated with the long-term debt to be incurred to fund the special dividend as discussed under pro forma adjustment (e). Pro forma interest expense is based on an estimated annual interest rate of 7.0 percent. Debt issuance costs are assumed to be amortized over an expected term of seven years. The assumed interest rate and term of the long-term debt are based on estimates provided by Ameritrade's lead debt underwriter and do

not represent a firm commitment. Actual results may differ. A hypothetical $\frac{1}{8}$ percent change in the annual interest rate would result in a \$2.4 million and \$1.7 million pre-tax effect on interest expense for the fiscal year and nine-month periods presented, respectively.

(k) Reflects the income tax effect of pro forma adjustments (i) and (j), computed at 39.0 percent for the year ended September 24, 2004, which was Ameritrade's marginal tax rate for the period.

(l) Reflects the impact of shares of TD Ameritrade common stock issued as consideration in the acquisition of TD Waterhouse as if outstanding from the beginning of the period.

(m) Reflects the income tax effect of pro forma adjustments (i) and (j), computed at 38.5 percent for the nine months ended June 24, 2005, which was Ameritrade's marginal tax rate for the period.

Neither Ameritrade nor any of its Subsidiaries is subject to any agreement, order, judgment, decree, letter or memorandum by or with any Governmental Authority or third party imposing any material liability or obligation pursuant to or under any Environmental Law that would reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect on Ameritrade. Notwithstanding the generality of any other representations and warranties in this Agreement, the representations and warranties in this Section 4.19 shall be deemed the only representations and warranties of Ameritrade in this Agreement with respect to matters relating to Environmental Laws or to Hazardous Materials.

Section 4.24. *Accounting Controls.* (a) Ameritrade and its Subsidiaries have devised and maintained systems of internal accounting controls sufficient to provide reasonable assurances that (i) all transactions, receipts and expenditures are executed only in accordance with management's general or specific authorization, (ii) all transactions are recorded as necessary to permit the preparation of financial statements in conformity with GAAP and to maintain proper accountability for items, (iii) access to their property and assets is permitted only in accordance with management's general or specific authorization, and (iv) the recorded accountability for items is compared with the actual levels at reasonable intervals and appropriate action is taken with respect to any differences, except with respect to (i) through (iv) for such failures as would not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect on Ameritrade. Ameritrade (A) has designed disclosure controls and procedures (within the meaning of Rules 13a-15(e) and 15d-15(e) of the Exchange Act) to ensure that material information relating to Ameritrade and its consolidated Subsidiaries is made known to the management of Ameritrade by others within those entities as appropriate to allow timely decisions regarding required disclosure and to make the certifications required by the Exchange Act with respect to the Ameritrade SEC Documents, and (B) has disclosed, based on its most recent evaluation of internal control over financial reporting prior to the date hereof, to Ameritrade's auditors and the audit committee of Ameritrade's Board of Directors (1) all significant deficiencies and material weaknesses in the design or operation of internal controls over financial reporting (as defined in Rule 13a-15(f) of the Exchange Act) which are reasonably likely to adversely affect in any material respect Ameritrade's ability to record, process, summarize and report financial information and (2) any fraud, whether or not material, that involves management or other employees who have a significant role in Ameritrade's internal controls over financial reporting. Ameritrade has made available to TD a summary of any such disclosure described in clauses (1) and (2) of the preceding sentence made by management to Ameritrade's auditors and audit committee since September 27, 2002. Ameritrade has initiated its process of compliance with Section 404 of the Sarbanes-Oxley Act and, as of the date hereof, Ameritrade expects to be in full compliance therewith by the SEC mandated compliance date. Each Subsidiary of Ameritrade that is registered as a broker-dealer has adopted record keeping systems that comply in all material respects with the requirements of applicable law (including, in the case of U.S. broker-dealer entities, Section 17 of the Exchange Act and the rules and regulations thereunder) and the rules of all self-regulatory organizations having jurisdiction over such Ameritrade Subsidiary, and maintains its records in substantial compliance therewith.

To the knowledge of Ameritrade, since June 1, 2002, neither Ameritrade nor any of its Subsidiaries has encountered any labor union organizing activity or had any actual or threatened employee strikes, work stoppages, slowdowns or lockouts, other than any such events that would not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect on Ameritrade. Except with respect to instances that would not reasonably be expected to have, individually or in the aggregate, a Material Adverse Effect on Ameritrade, Ameritrade and each of its Subsidiaries (a) is, and since June 1, 2002, has been in, compliance with all applicable laws relating to employment and employment practices, occupational safety and health standards, terms and conditions of employment and wages and hours, and (b) is not, and since June 1, 2002, has not, engaged in any unfair labor practice. Section 5.3. *Ameritrade Stockholders Meeting.* (a) Ameritrade shall duly take all lawful action to call and give notice of, and shall use all reasonable efforts to convene and hold, a meeting of its stockholders as promptly as practicable after the date of this Agreement for the purpose of obtaining the Ameritrade Required Votes and any Additional Votes, and, subject to Section 5.3(c), shall use all reasonable efforts to solicit the approval of the Ameritrade Stock Issuance, the Ameritrade Restated Charter and any Additional Proposals by such stockholders. Ameritrade shall not fix, announce or change the record date for such meeting of its stockholders without TD's prior written consent, which shall not be unreasonably withheld. The Board of Directors of Ameritrade shall recommend approval by such stockholders of the Ameritrade Stock Issuance, the Ameritrade Restated Charter and any Additional Proposals (the *Ameritrade Recommendation*), shall cause the Ameritrade Recommendation to be included in the Proxy Statement, and shall not (nor shall any committee thereof) publicly withdraw, modify or qualify in any manner adverse to TD such recommendation (any such withdrawal, modification or qualification, a *Change in Ameritrade Recommendation*), except as and to the extent expressly permitted by Section 5.3(c). Notwithstanding any Change in Ameritrade Recommendation, unless this Agreement is terminated pursuant to Article VII, the Ameritrade Stock Issuance, the Ameritrade Restated Charter and any Additional Proposals shall be submitted to the stockholders of Ameritrade at the Ameritrade Stockholders Meeting for the purpose of approving the Ameritrade Stock Issuance, the Ameritrade Restated Charter and any Additional Proposals, and nothing contained in this Agreement shall be deemed to relieve Ameritrade of such obligation, unless this Agreement is terminated pursuant to Article VII. Notwithstanding anything to the contrary contained in this Agreement, Ameritrade may adjourn or postpone the Ameritrade Stockholders Meeting to the extent necessary to ensure that any supplement or amendment to the SEC Proxy Statement required by law is provided to its stockholders in advance of a vote on the Ameritrade Stock Issuance, the Ameritrade Restated Charter and any Additional Proposals or if as of the time for which the Ameritrade Stockholders Meeting is originally scheduled there are insufficient shares of Common Stock represented (either in person or by proxy) to constitute a quorum necessary to conduct the business of the Ameritrade Stockholders Meeting or there are insufficient affirmative votes to obtain the Ameritrade Required Votes and any Additional Votes. In addition to the foregoing, Ameritrade shall not submit to the vote of its stockholders any Acquisition Proposal other than the transactions contemplated by this Agreement unless this Agreement is terminated pursuant to Article VII.

(b) In addition to the proposals to approve the Ameritrade Stock Issuance and the Ameritrade Restated Charter, Ameritrade shall submit to its stockholders for a vote at the Ameritrade Stockholders Meeting, shall include in the SEC Proxy Statement and, subject to Section 5.3(c), shall use all reasonable efforts in compliance with applicable law to solicit the approval of its stockholders of, such other matters related to this Agreement, the Transaction Agreements and the transactions contemplated hereby and thereby as TD may reasonably request, consistent with this Agreement and the Transaction Agreements and subject to the consent of Ameritrade, which shall not be unreasonably withheld, conditioned or delayed (collectively, the *Additional Proposals*). Unless otherwise required by law or the bylaws of Ameritrade or mutually agreed by TD and Ameritrade, the vote required to approve any Additional Proposals shall be the affirmative vote of the holders of a majority of the shares of Common Stock having voting power present in person or represented by proxy and voting at a meeting at which the holders of a majority of the shares of Common Stock are present (in person or represented by proxy) (collectively, the *Additional Votes*).

(c) Notwithstanding the foregoing, prior to obtaining the Ameritrade Required Votes and any Additional Votes, Ameritrade and its Board of Directors may effect a Change in Ameritrade Recommendation if and only to the extent that:

(i) Ameritrade has not materially breached its obligations under the second sentence of Section 5.4(c);

(ii) Ameritrade's Board of Directors, after consultation with its outside counsel and acting upon the recommendation of the Special Committee, determines in good faith that failure to take such action would be inconsistent with its fiduciary duties under applicable law; and

(iii) Ameritrade (A) has received, on or after the date of this Agreement, a *bona fide* written Acquisition Proposal, not solicited in material violation of Section 5.4(a), from a third party which Ameritrade's Board of Directors (acting upon the recommendation of the Special Committee) concludes in good faith constitutes a Superior Proposal (as defined below) after giving effect to all of the adjustments which may be offered by TD pursuant to clause (C) below, (B) has notified TD, at least five Business Days in advance, of its intention to effect a Change in Ameritrade Recommendation, specifying the material terms and conditions of any such Superior Proposal and furnishing to TD a copy of the relevant proposed transaction agreements, if such exist, with the Person making such Superior Proposal and all other material documents relating to such Superior Proposal and (C) during the period of not less than five Business Days following Ameritrade's delivery of the notice referred to in clause (B) above and prior to effecting such a Change in Ameritrade Recommendation, has negotiated, and has used all reasonable efforts to cause its financial and legal advisors to negotiate, with TD in good faith (to the extent that TD desires to negotiate) to make such adjustments in the terms and conditions of this Agreement so that such Acquisition Proposal ceases to constitute a Superior Proposal.

Section 5.4. *No Solicitations.* (a) Ameritrade agrees that neither it nor any of its Subsidiaries shall, and that it shall use all reasonable efforts to cause its and its Subsidiaries' directors, officers, employees, agents and representatives (including any investment banker, financial advisor, attorney, accountant or other representative or agent (collectively, *Representatives*) retained by it or any of its Subsidiaries) not to, directly or indirectly, (i) initiate, solicit or knowingly encourage or facilitate any inquiries or the making of any proposal or offer with respect to, or a transaction to effect, (A) a merger, reorganization, share exchange, consolidation, business combination, recapitalization, liquidation, dissolution or similar transaction involving Ameritrade or any of its Subsidiaries, other than any such merger, share exchange, consolidation or other business combination resulting in or involving (x) the purchase or other acquisition by, or the sale or issuance to, any Person of securities representing (or convertible into or exchangeable for securities that would represent) less than 15% of the total voting power of Ameritrade or any of its Subsidiaries or (y) the purchase or sale of assets representing less than 15% of the aggregate fair market value of the consolidated assets (including stock of Ameritrade's Subsidiaries) of Ameritrade and its Subsidiaries, taken as a whole or (B) any purchase or sale of assets representing 15% or more of the aggregate fair market value of the consolidated assets (including stock of Ameritrade's Subsidiaries) of Ameritrade and its Subsidiaries, taken as a whole, or (C) any purchase or sale (by merger or otherwise) of, or tender or exchange offer for, securities of Ameritrade that, if consummated, would result in any Person beneficially owning securities representing 15% or more of the total voting power of Ameritrade or any of its *Significant Subsidiaries* (as defined in Rule 1-02 of Regulation S-X) (any such proposal, offer or transaction (other than a proposal or offer made by TD or an Affiliate thereof) being hereinafter referred to as an *Acquisition Proposal*), (ii) have any discussions with or provide any confidential information or data to any Person relating to an Acquisition Proposal, or engage in any negotiations concerning an Acquisition Proposal, or knowingly facilitate any effort or attempt to make or implement an Acquisition Proposal, (iii) approve or recommend, or publicly propose to approve or recommend, any Acquisition Proposal (except as permitted by Section 5.3(c)), (iv) execute or enter into, or (except as permitted by Section 5.3(c)) approve or recommend, or publicly propose to approve or recommend, any letter of intent, agreement in principle, merger agreement, asset purchase or share exchange agreement, option agreement or other similar agreement related to any Acquisition Proposal, (v) grant any approval pursuant to Section 203(a)(1) or Section 203(a)(3) of the DGCL or (vi) publicly propose or agree to do any of the foregoing. Ameritrade shall advise its and its Significant Subsidiaries' directors and executive officers (as such term is defined in Rule 3b-7 under the Exchange Act, *Executive Officers*) and its and their Representatives of the restrictions contained in this Section 5.4 and shall instruct such Persons to comply herewith. Notwithstanding the foregoing, in the event that after the date of this Agreement and prior to obtaining the Ameritrade Required Votes and any Additional Votes, Ameritrade receives a *bona fide* Acquisition Proposal not solicited in material violation of Section 5.4(a) and its Board of Directors (acting upon the recommendation of the Special Committee) concludes in good faith that such Acquisition Proposal constitutes or is reasonably likely to result in a Superior Proposal, Ameritrade may,

and may permit its Subsidiaries and its and their Representatives to, furnish or cause to be furnished confidential information or data to the Person making such Acquisition Proposal and participate in negotiations or discussions with such Person regarding such Acquisition Proposal if and to the extent that the Ameritrade Board of Directors (acting upon the recommendation of the Special Committee) concludes in good faith, after consultation with its outside counsel, that failure to take such action would be inconsistent with its fiduciary duties under applicable law; *provided* that prior to providing (or causing to be provided) any confidential information or data permitted to be provided pursuant to this sentence, Ameritrade shall have entered into a confidentiality agreement with such third party on confidentiality terms no less favorable to Ameritrade than the Confidentiality Agreement, dated November 7, 2004, between TD and Ameritrade (the *Confidentiality Agreement*); and *provided further*, that Ameritrade shall also provide to TD a copy of any such confidential information or data that it is providing to any third party pursuant to this Section 5.4 to the extent not previously provided or made available to TD.

(b) For purposes of this Agreement, *Superior Proposal* means a *bona fide* written Acquisition Proposal which the Ameritrade Board of Directors (acting upon the recommendation of the Special Committee) concludes in good faith, after consultation with its outside financial and legal advisors, and taking into account all legal, financial, regulatory and other aspects of the proposal and the Person making the proposal (including any break-up fees, expense reimbursement provisions and conditions to consummation), (x) is more favorable to the stockholders of Ameritrade, from a financial point of view, than the transactions contemplated by this Agreement (taking into account the Ameritrade Board of Directors' good faith assessment of the prospective synergies and cost savings anticipated to be realized from and following the Share Purchase and the other transactions contemplated hereby) and (y) is fully financed or reasonably capable of being fully financed and otherwise reasonably capable of being completed on the terms proposed; *provided* that for purposes of this definition of *Superior Proposal*, the term *Acquisition Proposal* shall have the meaning assigned to such term in Section 5.4(a), except that in the definition of *Acquisition Proposal* (i) the reference to 15% in clauses (A)(y) and (B) shall be deemed to be a reference to 70%, (ii) the reference to 15% in clauses (A)(x) and (C) shall be deemed to be a reference to 40% and (iii) in order to qualify as an *Acquisition Proposal* under clauses (A)(x) or (C) a transaction must involve voting securities only of Ameritrade (and not of its Subsidiaries or Significant Subsidiaries), as the case may be (other than indirectly through the acquisition of voting securities of Ameritrade) (it being understood that an *Acquisition Proposal* need only meet any of clauses (A), (B) or (C) of the definition thereof (as modified by the foregoing proviso) in order to be eligible to be determined to be a *Superior Proposal* as provided above).

(c) (i) Ameritrade will, and will cause its Subsidiaries to, and will use all reasonable efforts to cause its and their respective directors, officers, employees, agents and Representatives to, immediately cease and cause to be terminated any activities, discussions or negotiations conducted before the date of this Agreement with any Persons other than TD with respect to any *Acquisition Proposal* and (ii) Ameritrade will use all reasonable efforts to enforce (and will not release any third party from its obligations under) any standstill, confidentiality or similar agreement relating to an *Acquisition Proposal*, including by requiring the other parties thereto to promptly return or destroy any confidential information previously furnished by Ameritrade thereunder and by using all reasonable efforts if reasonably requested by TD to seek injunctions or other equitable remedies to prevent or restrain any breaches of such agreements and to enforce specifically the terms and provisions thereof in a court of competent jurisdiction. Ameritrade will (x) promptly (but in no event more than two Business Days) following receipt of any *Acquisition Proposal*, or of any inquiry which Ameritrade concludes in good faith has a reasonable possibility of leading to an *Acquisition Proposal*, advise TD of the material terms thereof (including the identity of the Person making such *Acquisition Proposal* or inquiry in respect thereof), (y) keep TD apprised of any related developments, discussions and negotiations on a current basis (and in any event, within 48 hours of the occurrence of such developments, discussions or negotiations), and (z) furnish TD with a copy of any proposed transaction agreements and related documents with or from the Person making such *Acquisition Proposal* or inquiry in respect thereof promptly after the receipt by Ameritrade thereof. Without limiting the foregoing, Ameritrade shall provide TD with at least 48 hours prior notice (or such lesser prior notice

as is provided to the Ameritrade Board of Directors) of any meeting of the Ameritrade Board of Directors at which meeting the Board of Directors is reasonably expected to consider an Acquisition Proposal.

(d) Nothing contained in this Agreement shall prevent Ameritrade or its Board of Directors from complying with Rule 14d-9 and Rule 14e-2 under the Exchange Act with respect to an Acquisition Proposal, *provided* that such Rules will in no way eliminate or modify the effect that any action pursuant to such Rules would otherwise have under this Agreement; and *provided, further*, that any such disclosure (other than a stop, look and listen or similar communication of the type contemplated by Rule 14d-9(f) under the Exchange Act) shall be deemed to be a Change in Ameritrade Recommendation unless the Ameritrade Board of Directors expressly reaffirms the Ameritrade Recommendation in such disclosure.

(e) Ameritrade agrees that any violation of the restrictions set forth in this Section 5.4 by any director, officer, employee, agent or Representative of Ameritrade or its Subsidiaries, at the direction or with the consent of Ameritrade or its Subsidiaries, shall be deemed to be a breach of this Section 5.4 by Ameritrade. For the avoidance of doubt, it is understood and agreed that participation by Ameritrade and its duly authorized directors, officers, employees, agents or Representatives in negotiations and discussions in compliance with the provisions of paragraph (a) of this Section 5.4 with respect to an Acquisition Proposal following the receipt thereof shall not be deemed to constitute the solicitation of an Acquisition Proposal if such initial receipt was not initiated, solicited, encouraged or facilitated in violation of this Section 5.4, and notwithstanding any changes to such Acquisition Proposal that may result from such discussions or negotiations.

Section 5.5. *Legal Conditions.* (a) Subject to the terms and conditions of this Agreement, each of TD and Ameritrade shall, and shall cause its respective Subsidiaries to, use all reasonable efforts (i) to take, or cause to be taken, all actions necessary to comply promptly with all legal requirements which may be imposed on such party or its Subsidiaries with respect to the transactions contemplated by this Agreement and to consummate the transactions contemplated by this Agreement as promptly as practicable and (ii) to obtain (and to cooperate with the other party to obtain) any consent, authorization, order or approval of, or any exemption by, any Governmental Authority and any other third party which is required to be obtained or made by TD, Ameritrade or any of their respective Subsidiaries in connection with the Share Purchase and the other transactions contemplated by this Agreement. Without limiting the generality or effect of the foregoing, Ameritrade and/or TD, as applicable, shall, as soon as practicable, make any initial filings required under the HSR Act and the Competition Act (Canada) (the *Competition Filings*). The parties shall consult and cooperate with one another, and consider in good faith the views of one another, in connection with any analyses, appearances, presentations, memoranda, briefs, arguments, opinions and proposals made or submitted by or on behalf of any party hereto in connection with proceedings under or relating to the Competition Filings; *provided*, that with respect to any such analyses, appearances, presentations, memoranda, briefs, arguments, opinions or proposals, each of Ameritrade and TD need not supply the other (or its counsel) with copies (or in case of oral presentations, a summary) to the extent that any law, treaty, rule or regulation of any Governmental Authority applicable to such party requires such party or its subsidiaries to restrict or prohibit access to any such information.

(b) Each party will notify the other promptly upon the receipt of: (i) any comments from any officials of any Governmental Authority in connection with any filings made pursuant hereto, and (ii) any request by any officials of any Governmental Authority for amendments or supplements to, or additional information regarding, any such filings. Whenever any event occurs that is required to be set forth in an amendment or supplement to any filing made pursuant to this Section 5.5, each party will promptly inform the other of such occurrence and cooperate in filing with the applicable Governmental Authority such amendment or supplement. In addition, Ameritrade and TD shall, to the extent permitted by law and the applicable Governmental Authority and except as otherwise provided in the last sentence of Section 5.5(a), permit the other party to review in advance any communication intended to be given by it to, and consult with the other party in advance of any meeting or conference with, a Governmental Authority or any other Person in connection with any proceeding by a private party, and to the extent permitted by

such Governmental Authority or other Person, give the other party the opportunity to attend and participate in such meetings and conferences.

(c) Each of Ameritrade and TD shall use all reasonable efforts to resolve such objections, if any, as may be asserted by any Governmental Authority with respect to the transactions contemplated by this Agreement under the HSR Act, the Sherman Act, as amended, the Clayton Act, as amended, the Federal Trade Commission Act, as amended, the Competition Act (Canada), and any other federal, state or foreign statutes, rules, regulations, orders or decrees that are designed to prohibit, restrict or regulate actions having the purpose or effect of monopolization or restraint of trade (collectively, *Antitrust Laws*). Each of Ameritrade and TD shall use all reasonable efforts to take such action as may be required to cause the expiration of the notice periods under the HSR Act, apply for an Advance Ruling Certificate or no-action letter from the Commissioner of Competition (Canada), and comply with other Antitrust Laws with respect to the transactions contemplated by this Agreement as promptly as practicable after the execution of this Agreement. Ameritrade and TD shall use all reasonable efforts to take any and all of the following actions to the extent necessary to obtain the approval of any Governmental Authority with jurisdiction over the enforcement of any applicable laws regarding the transactions contemplated hereby: (i) entering into negotiations, (ii) providing information required by law or governmental regulation, and (iii) complying with any second request for information pursuant to the Antitrust Laws.

(d) Notwithstanding anything to the contrary contained in this Agreement (except as expressly provided in this Section 5.5(d)), neither Ameritrade nor TD shall be under any obligation to make proposals, execute or carry out agreements or submit to orders providing for a Divestiture. *Divestiture* shall mean (A) the sale, license or other disposition or holding separate (through the establishment of a trust or otherwise) of any material assets or categories of assets of Ameritrade or Waterhouse or any of their respective Affiliates, as applicable, (B) the imposition of any material limitation or restriction on the ability of Ameritrade or Waterhouse or any of their respective Affiliates, as applicable, to freely conduct their business or own such assets, or (C) the holding separate of the shares of Waterhouse Common Stock or any limitation or regulation on the ability of Ameritrade or any of its Affiliates to exercise full rights of ownership of the shares of Waterhouse Common Stock. In the event that the Commissioner of Competition applies, threatens in writing to apply, or advises TD or Ameritrade that it proposes to apply to the Competition Tribunal (Canada) for an order (including an injunction) with respect to the transactions contemplated in this Agreement, TD and Ameritrade shall negotiate in good faith with each other, and confer with the Commissioner of Competition, to arrange for the consummation of the transactions contemplated by this Agreement subject to the holding separate of Ameritrade Canada, Inc. by the parties following the Closing (and prior to consummation of the transactions contemplated by the Ameritrade Canada Purchase Agreement). If the parties are unable to reach agreement with the Commissioner of Competition regarding such a hold separate transaction, then Ameritrade shall effect a sale or other disposition of Ameritrade Canada, Inc. prior to the Closing on commercially reasonable terms.

(e) Notwithstanding anything to the contrary contained in this Agreement, nothing in this Section 5.5 shall limit a party's right to terminate this Agreement pursuant to Section 7.1(b) so long as such party has until such date complied with its obligations under this Section 5.5.

(f) Notwithstanding anything to the contrary contained in this Section 5.5, TD shall be under no obligation pursuant to this Section 5.5 to provide Ameritrade with any nonpublic information regarding TD or its Affiliates, other than Waterhouse and the Business Subsidiaries.

(g) Subject to the terms and conditions of this Agreement, each of TD and Ameritrade agrees to use all reasonable efforts to take, or cause to be taken, all actions, and to do, or cause to be done, all things necessary, proper or advisable to consummate, as soon as practicable after the date of this Agreement, the transactions contemplated hereby (including the Reorganization, *provided* that the Reorganization need only be completed prior to or concurrent with the Closing), including using all reasonable efforts to (i) modify or amend any contracts, plans, or arrangements to which Waterhouse or any of the Business Subsidiaries, or Ameritrade or any of its Subsidiaries, as the case may be, is a party (to the extent permitted by the terms hereof) if necessary in order to satisfy the conditions to closing set forth in

Article VI hereof, (ii) lift or rescind any injunction or restraining order or other order adversely affecting the ability of the parties to consummate the transactions contemplated hereby and (iii) defend any Litigation seeking to enjoin, prevent or delay the consummation of the transactions contemplated hereby or seeking material damages in connection therewith (in which Litigation Ameritrade shall provide TD the reasonable opportunity to participate).

Section 5.6. *Employee Benefit Plans.*

(a) Ameritrade and TD agree to cooperate reasonably during the period prior to the Closing Date to ensure the continuity of the workforce of Ameritrade and Waterhouse and to preserve the human resources thereof. Between the date of this Agreement and the Closing Date, TD agrees that Waterhouse shall not terminate any employee of Waterhouse and the Business Subsidiaries for any reason other than unsatisfactory job performance or misconduct. For a transition period beginning on the Closing Date and ending on the later of (i) the first anniversary of the Closing Date or (ii) 30 days following the clearing conversion of all Waterhouse client accounts following the Closing Date, as certified to TD by an Executive Officer of Ameritrade (such period, the *Transition Period*), Ameritrade shall, or shall cause its Subsidiaries to, provide each employee of Waterhouse and the Business Subsidiaries, including any such employee who, on the Closing Date, is absent from work by reason of vacation, injury, sick leave, short-term disability, long-term disability, or due to authorized leave of absence or military service (collectively, the *Affected Employees*), with (x) base salary and/or wage levels and bonus compensation at least equal to that provided to such Affected Employee immediately prior to the Closing Date, and (y) other employee benefits, including defined contribution pension benefits and equity based compensation, that are no less favorable in the aggregate than such employee benefits provided by Ameritrade to similarly situated employees of Ameritrade after the Closing Date. Nothing in this Section 5.6(a) shall obligate Ameritrade or any of its Subsidiaries to continue the employment of any Affected Employee for any period following the Closing Date.

(b) During the Transition Period, Ameritrade shall, or shall cause its Subsidiaries to maintain a severance pay practice, program or arrangement for the benefit of each Affected Employee, including levels of severance and terms of severance, that is no less favorable than that provided by Waterhouse under such practice, program or arrangement in effect immediately prior to the Closing Date with respect to such Affected Employee, subject to Section 5.6(g) hereof. Notwithstanding the foregoing, in the event that, during the Transition Period:

(i) Ameritrade determines that it will terminate any Affected Employee to whom TD has a written or legal obligation of repatriation to Canada, Ameritrade agrees to negotiate in good faith with TD regarding the impact of any such termination, *provided, however*, that (A) (1) Ameritrade shall not be obligated to pay any severance to such Affected Employee who accepts employment in Canada with TD and (2) Ameritrade shall pay one-half of the reasonable costs associated with such repatriation (intended to primarily represent relocation expenses) and (B) (1) Ameritrade shall be obligated to pay any severance to such Affected Employee who will not be employed in Canada with TD and (2) TD shall pay one hundred percent of the reasonable costs associated with such repatriation (intended to primarily represent relocation expenses); and

(ii) Ameritrade terminates any Affected Employee during a quarterly or annual bonus period, Ameritrade agrees that, subject to Section 5.6(f), such Affected Employee shall be entitled to a pro rata bonus calculated by multiplying (A) the average of his or her bonus for the prior two quarterly or annual bonus periods (as applicable) times (B) a fraction, the numerator of which is the amount of days within the quarterly or annual bonus period, as applicable, that have elapsed prior to such Affected Employee's date of termination, and the denominator of which is the total number of days in such bonus period.

(c) Ameritrade shall, or shall cause its Subsidiaries to, give Affected Employees full credit for purposes of eligibility and vesting and benefit accrual (except for benefit accruals under any defined benefit pension plan) under such employee benefit plans or arrangements maintained by Ameritrade or its Subsidiaries in which such Affected Employees participate for such Affected Employees' service with

Waterhouse or its Business Subsidiaries (or its predecessors) to the same extent recognized by Waterhouse or the Business Subsidiaries immediately prior to the Closing Date. None of the provisions contained in this Section 5.6(c) shall operate to duplicate any benefit provided to any Affected Employee.

(d) Ameritrade shall, or shall cause its Subsidiaries to, (i) waive all limitations with respect to the Affected Employees as to preexisting conditions, exclusions and waiting periods with respect to participation and coverage requirements under any welfare benefit plan maintained by Ameritrade after the Closing Date, to the extent such Affected Employees were not subject to such preexisting condition, exclusion and waiting period under the comparable Waterhouse Benefit Plan as of the time immediately preceding the Closing, and (ii) provide each Affected Employee with credit for any co-payments and deductibles paid prior to the Closing Date in satisfying any applicable deductible or out-of-pocket requirements under any welfare plans that such Affected Employees are eligible to participate in after the Closing Date.

(e) Ameritrade shall, or shall cause its Subsidiaries to, expressly assume or retain, all liabilities and obligations under or relating to the termination protection agreements set forth in Section 5.6(e) of the TD Disclosure Schedule and Ameritrade agrees to honor such termination protection agreements in accordance with their terms, subject to Section 5.6(g) hereof.

(f) In respect of the quarterly and annual bonuses payable to Affected Employees for service rendered in TD's fiscal years 2005 and 2006 (the *Waterhouse 2005 and 2006 Bonus Program*), Ameritrade shall, or shall cause its Subsidiaries to, consistent with this Section 5.6(f), continue to honor the terms and conditions of all obligations existing as of the Closing Date. Notwithstanding the foregoing, Ameritrade, or its Subsidiaries, shall only be responsible to pay its proportional share of any quarterly and annual bonuses under the Waterhouse 2005 and 2006 Bonus Program determined following the Closing Date, based on the ratio of the number of days elapsed in the quarterly or annual bonus period, as applicable, after the Closing Date, to the total number of days in such quarterly or annual bonus period, as applicable. TD shall retain responsibility to pay its proportional share of all such quarterly and annual bonuses under the Waterhouse 2005 and 2006 Bonus Program, based on the ratio of the number of days elapsed in the quarterly or annual bonus period, as applicable, prior to and including the Closin
