 - Pre-commencement communications pursuant to Rule 13e-4(c) under the Exchange Act (17 CFR 240.13e-4(c))
-

Item 1.01 Execution of a material definitive agreement

On December 29, 2006 Federal Signal Corporation agreed to sell three of its industrial tooling businesses to Kennametal, Inc., a leading global supplier of tooling, engineered components and advanced materials consumed in production processes.

The sale includes Manchester Tool Company, On Time Machining Company (OTM) and Clapp Dico Corporation, which are leading producers of durable and consumable industrial cutting tools in North American markets. The three Ohio-based companies together generate annual sales of approximately \$40 million.

Federal Signal will continue to operate its industrial die and mold tooling businesses, Dayton Progress Corporation and PCS Company.

Federal Signal expects to receive proceeds from the sale, net of taxes, of about \$60 million and expects to recognize a gain on the transaction. It is anticipated that this divestiture will be modestly dilutive based on 2006 earnings. The transaction is expected to close in late January or early February of 2007, subject to closing conditions.

A copy of the press release is furnished herewith as Exhibit 99.1 and incorporated herein by reference.
