We are providing this proxy statement in connection with the solicitation by the Board of Directors of Energen Corporation, an Alabama corporation (the Company, we, or us), of proxies for use at the 2004 Annual Meeting of Shareholders of the Company and at any adjournment thereof (the Annual Meeting).

You are invited to attend our Annual Meeting on April 28, 2004, beginning at 10:00 a.m., CDT. The Annual Meeting will be held at our principal office, 605 Richard Arrington Jr. Blvd. North, Birmingham, Alabama 35203-2707.

This proxy statement and form of proxy are being mailed on or about March 29, 2004.

MATTERS TO BE CONSIDERED AT THE ANNUAL MEETING

Item 1: Election of Directors

Five Directors are to be elected. Our Board of Directors is divided into three classes serving staggered terms. The terms of five of the present Directors expire at this Annual Meeting. Four of these directors, Stephen D. Ban, Julian W. Banton, T. Michael Goodrich and Wm. Michael Warren, Jr., have been nominated for re-election as Directors for terms expiring in 2007. David W. Wilson, who was appointed to the Board of Directors effective January 1, 2004, has been nominated for re-election as a Director for a term expiring in 2005.

Your Board of Directors recommends that Stephen D. Ban, Julian W. Banton, T. Michael Goodrich and Wm. Michael Warren, Jr. be elected to serve in the class with terms expiring in 2007, and that David W. Wilson be elected to serve in the class with terms expiring in 2005. Each nominee has agreed to be named in this proxy statement and to serve if elected. We expect each nominee for election as a Director to be able to serve if elected. Biographical data on these nominees and the other members of the Board of Directors is presented at page 3 of this proxy statement under the caption Governance of the Company.

Unless you otherwise direct on the proxy form, the proxy holders intend to vote your shares in favor of the above listed nominees. To be elected, a nominee must receive a plurality of the votes cast at the Annual Meeting in person or by proxy. If one or more of the nominees becomes unavailable for election or service as a Director, the proxy holders may vote your shares for one or more substitutes designated by the Board of Directors, or the size of the Board of Directors will be reduced.

Item 2: Other Business

We know of no other business that will be considered for action at the Annual Meeting. If any other business calling for a vote of shareholders is properly presented at the meeting, the proxy holders will vote your shares in accordance with their best judgment.

PROXY AND VOTING PROCEDURES

Shareholders Entitled to Vote

Holders of Company common stock of record at the close of business on March 5, 2004, are entitled to receive this notice of Annual Meeting and proxy statement and to vote their shares at the Annual Meeting. As of that date, a total of 36,346,358 shares of common stock were outstanding and entitled to vote. Each share of common stock is entitled to one vote on each matter properly brought before the Annual Meeting.

Filing of Proxies

Your vote is important. You can save us the expense of a second mailing by voting promptly. Because many shareholders cannot attend the Annual Meeting in person, it is necessary that a large number be represented by proxy. Please mark your proxy, date and sign it, and return it in the postage-paid envelope provided. The proxy holders will vote all properly completed proxies in accordance with the instructions appearing on such proxies.

Revocation of Proxies

You can revoke your proxy at any time before it is exercised by:

written notice to the Secretary of the Company;

timely delivery of a valid, later-dated proxy; or

voting by ballot at the Annual Meeting.

Voting at the Annual Meeting

Mailing your proxy will in no way limit your right to vote at the Annual Meeting if you later decide to attend in person. If your shares are held in the name of a bank, broker or other holder of record, you must obtain a proxy, executed in your favor, from the holder of record to be able to vote at the Annual Meeting.

All shares for which a proxy card has been returned and not revoked will be voted at the Annual Meeting. If you sign and return your proxy card but do not give voting instructions, the shares represented by that proxy will be voted as recommended by the Board of Directors.

Required Vote

The presence of the holders of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting, present in person or represented by proxy, is necessary to constitute a quorum. Abstentions and broker non-votes are counted as present and entitled to vote for purposes of determining a quorum. A broker non-vote occurs when a broker holding shares for a beneficial owner does not vote on a particular proposal because the broker does not have discretionary voting power for that particular item and has not received voting instructions from the beneficial owner.

Each of the nominees for Director must receive the affirmative vote of a majority of the votes cast by shareholders represented at the Annual Meeting as part of the quorum. Only votes for or withhold authority affect the outcome. Abstentions and broker non-votes are not counted for purposes of the election of Directors.

Under New York Stock Exchange Rules, if you are a beneficial owner and your broker holds your shares in its name, your broker is permitted to vote your shares on the election of Directors even if the broker does not receive voting instructions from you if the broker has complied with rules concerning the delivery of proxy materials to beneficial owners.

At the date this proxy statement went to press, we did not know of any other matters to be raised at the Annual Meeting. Except as otherwise provided by law, other matters voted on at the Annual Meeting will be determined by the majority of votes cast at the Annual Meeting in person or by proxy by shareholders entitled

2

Table of Contents

to vote on the matter. As to matters requiring the vote of a majority of the shares either present or outstanding, and entitled to vote on the matter, abstentions and broker non-votes have the same effect as a vote against the matter (unless the broker does not have discretionary authority to vote under Alabama law or New York Stock Exchange Rules).

Director Attendance

During 2003, the Board of Directors of the Company met seven times. All Directors of the Company attended at least 75% of the meetings of the Board of Directors and the committees of the Board of which they were members. We encourage and expect our Board members to attend our Annual Meeting absent extenuating circumstances, but we do not have a formal policy requiring attendance. All of our incumbent Board members, excepting a retiring Board member, and all of our Board nominees attended our Annual Meeting held in 2003.

Committees of the Board of Directors

Our Board of Directors has standing Audit, Officers Review, Finance and Governance and Nominations Committees. The members of these Committees are as follows:

Audit Committee Julian W. Banton (Chair), James S.M. French, T. Michael Goodrich, Judy M. Merritt and David W. Wilson

Officers Review Committee Wallace L. Luthy (Chair), Julian W. Banton, James S.M. French and Stephen A. Snider

Finance Committee Stephen D. Ban (Chair), J. Mason Davis, Jr., Wallace L. Luthy, Stephen A. Snider, David W. Wilson and Gary C. Youngblood

Governance and Nominations Committee J. Mason Davis, Jr. (Chair), Stephen D. Ban, T. Michael Goodrich and Judy M. Merritt Audit Committee

The Audit Committee assists the Board of Directors in fulfilling its oversight responsibilities with respect to the integrity of our financial statements, our legal and regulatory compliance and the performance of our internal and independent auditors. As part of its responsibilities, the Audit Committee is solely responsible for the appointment, compensation, retention, discharge or replacement of our independent auditors. Our Audit Committee charter describes the functions of our Audit Committee in detail, and is attached to this proxy statement as Appendix A. Our Audit Committee charter is also available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). During 2003, the Audit Committee held four meetings. The Audit Committee Report is presented at page 20 of this proxy statement under the caption 2003 Audit Committee Report.

The Board of Directors has determined that each member of the Audit Committee is independent within the meaning of applicable SEC regulations and the listing standards of the New York Stock Exchange. The Board has also determined that the Audit Committee does not include an audit committee financial expert as that term is defined in SEC regulations. In the Board's judgment, however, the Audit Committee's membership meets the financial literacy and accounting or financial management requirements of the New York Stock Exchange listing standards and has qualifications and experience which enable the Committee to provide effective audit committee oversight for the Company.

Officers Review Committee

Our Officers Review Committee (ORC) considers and makes recommendations to the Board of Directors with respect to executive succession and compensation paid to officers of the Company and its subsidiaries. The ORC also administers the Company's executive compensation plans. The charter of the ORC describes the duties and functions of the ORC in detail, and is available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). During 2003, the ORC held five meetings. The Report of the ORC is presented at page 15 of the proxy statement under the caption 2003 Compensation Committee Report.

Finance Committee

Our Finance Committee reviews financial policy, capital structure, significant oil and gas property acquisitions and exploration programs and also considers the issuance of securities necessary to finance our activities. The Finance Committee charter describes the duties of the Finance Committee in detail, and is available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). During 2003, the Finance Committee held two meetings.

Governance and Nominations Committee

The duties of the Governance and Nominations Committee are to review and advise the Board of Directors on general governance and structure issues and to review and recommend to the Board the term and tenure of Directors, consider future Board members and recommend nominations to the Board. The charter of the Governance and Nominations Committee describes the duties of the Governance and Nominations Committee in detail, and is available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). During 2003, the Governance and Nominations Committee held three meetings.

Independence Determinations

Our Board of Directors has adopted independence standards consistent with the new listing standards adopted by the New York Stock Exchange. A Director will be considered independent and found to have no material relationship with the Company if during the prior three years:

The Director has not been an employee of the Company or any of its subsidiaries;

No immediate family member of the Director has been an executive officer of the Company;

Neither the Director nor an immediate family member of the Director has received more than \$100,000 per year in direct compensation from the Company other than director and committee fees and pension or other forms of direct compensation for prior service (provided such compensation is not contingent in any way on future service);

The Director has not been affiliated with or employed by a present or former internal or external auditor of the Company;

No immediate family member of the Director has been employed as an executive officer of another company where any of the Company s present executives serve on that company s compensation committee;

The Director has not been an executive officer or employee, and no immediate family member of the Director has been an executive officer, of a company that makes payments to or receives payments from the Company for property or services in an amount which, in any single fiscal year, exceeded the greater of \$1 million or 2% of such other company s consolidated gross revenues.

In January 2004, the Board undertook a review of director independence. Based on this review and the independence standards set forth above, the Board of Directors determined that none of the director nominees and none of the current directors, with the exception of Messrs. Warren and Youngblood, have a material relationship with the Company other than in their capacities as members of the Board of Directors. Mr. Warren and Mr. Youngblood are considered inside directors due to their current or prior employment as senior executives of the Company.

Selection of Board Nominees

Our Governance and Nominations Committee identifies and evaluates Board candidates using one or more informal processes deemed appropriate for the circumstances. Our chief executive officer plays a significant role in bringing potential candidates to the attention of the Committee. Last year, he recommended David W. Wilson to the Committee. Mr. Wilson became a member of the Board January 1, 2004 and is

7

Table of Contents

standing for reelection at this meeting. A determination of whether to pursue discussions with a particular individual is made after discussion by the Committee and may be preceded by formal or informal discussions involving one or all of the other Board members. Information considered by the Committee may include information provided by the candidate, the chief executive officer and one or more Committee or Board members. The Committee seeks candidates whose qualifications, experience and independence complement those of existing Board members. Board candidates are expected to possess high personal and professional ethics, integrity and values, and be committed to representing the long-term interests of the shareholders. They are also expected to have an inquisitive and objective perspective, practical wisdom and good judgment.

Once appropriate candidates have been identified, the Committee recommends nominations to our Board and to the boards of our subsidiaries. Our Governance and Nominations Committee has not adopted a policy or procedure for the consideration of director candidates recommended by shareholders. Our Board does not recall an instance in which a shareholder (other than a shareholder serving as an officer or director) has recommended a director candidate; however, as stated in prior years, the Governance and Nominations Committee will consider timely shareholder recommendations.

Communication with the Board of Directors

Our Board has not implemented a defined process for shareholders to send communications to the Board. Based on past experience, we expect to receive and respond to shareholder communications in a variety of ways. The names, titles and committee assignments of our officers and directors, together with our mailing address and telephone number, can be found on our website under the heading Investors and subheading Corporate Governance (www.energen.com). Also under that heading is a copy of the procedure adopted by our Audit Committee for the handling of inquiries and correspondence relating to errors, deficiencies and misrepresentations in accounting, internal control and audit related matters. Such inquiries and correspondence are forwarded by our General Counsel to the Chairman of our Audit Committee.

The Chairman of our Audit Committee serves as chairman for purposes of convening meetings of our non-management Directors and presides as chairman for such meetings unless otherwise determined by the executive session participants.

Directors Compensation

Monthly Cash Retainer Fees and Meeting Fees. During 2003, non-employee Directors were paid a monthly retainer of \$1,500. Non-employee Directors also received a fee of \$1,500 for each Board meeting attended, and \$1,500 for each committee meeting attended. No Director who is an employee of the Company is compensated for service as a member of the Board of Directors or any committee of the Board of Directors.

Share Awards and Deferred Compensation. Under the Energen Corporation 1992 Directors Stock Plan, each non-employee Director receives an annual grant of six hundred shares of common stock. Annual awards are made following the last day of each fiscal year, and only non-employee Directors who are members of our Board on such date and who have been members of the Board for at least six months are eligible. The size of this annual grant is subject to adjustment in the event of a stock dividend, stock split or similar transaction. The plan also allows each non-employee Director to elect to have any part or all of the fees payable for services as a Director of the Company and its subsidiaries paid in shares of common stock. Awards under the Directors Stock Plan are in addition to the payment of monthly cash retainers and meeting fees.

Our Board of Directors administers the Directors Stock Plan. Although the plan has no fixed duration, the Board of Directors or our shareholders may terminate the plan. Our Board of Directors also may amend the plan from time to time, but any amendment that materially increases the benefits accruing to participants, increases the number of shares of common stock which may be issued or materially modifies eligibility requirements would require the approval of our shareholders.

Under the Company s 1997 Deferred Compensation Plan, members of the Board of Directors may elect to defer part or all of their director fees and annual and/or elective grants under the Directors Stock Plan. The

1997 Deferred Compensation Plan is discussed below in greater detail under the caption 2003 Compensation Committee Report 1997 Deferred Compensation Plan.

Code of Ethics

The Company has a Code of Ethics which is applicable to all of the Company s employees, including the principal executive officer, the principal financial officer and the principal accounting officer. The Code of Ethics is also applicable to all of the directors of the Company. The Code of Ethics is available on our website under the heading Investors and subheading Corporate Governance (www.energen.com). We intend to post amendments to or waivers from the Code of Ethics which are applicable to the Company s directors, principal executive officer, principal financial officer and principal accounting officer at this location on our website.

Retirement Income Plan

The Energen Corporation Retirement Income Plan, a defined benefit plan, covers our officers along with substantially all of our other employees. Our contributions to the plan on behalf of each of our executive officers are not reflected in the Summary Compensation Table, since the amount of the contribution with respect to a specified person is not and cannot readily be separately or individually calculated.

Our officers receive benefits under the plan based on years of service at retirement and on Final Earnings, the average base compensation for the highest sixty consecutive months out of the final 120 months of employment. (Average base compensation includes base salary only, and does not include bonus payments, payments in the form of contributions to other benefit plans or any other form of payment such as annual or long-term incentives.) Normal or delayed retirement benefits are payable upon retirement on the first day of any month following attainment of age 65 and continuing for life, subject to an annual cost-of-living increase of up to three percent. Section 415 of the Internal Revenue Code imposes limits on benefits payable to an employee under the plan.

We have entered into retirement supplement agreements (Supplemental Agreements) with certain officers, including each of the executive officers named in the Summary Compensation Table. Each Supplemental Agreement provides that the employee will receive a supplemental retirement benefit equal to the difference between 60% of the employee s monthly compensation and the employee s monthly retirement benefit under the Retirement Income Plan (including social security benefit). Generally, an employee s compensation will be determined based on a formula taking into account the average of the highest 36 consecutive months of base salary during the five years prior to retirement plus the average of the three highest annual incentive awards for the ten full fiscal years prior to the earlier of (1) retirement or (2) the officer s 61st birthday. We may offset benefits payable under the Supplemental Agreements with Company-sponsored officer life insurance program cash values exceeding premiums paid under the Energen Corporation Officers Split Dollar Life Insurance Plan. The Summary Compensation Table includes the value of benefits to the named officers attributable to our premium payments under the officer life insurance program.

Table of Contents

The following table presents estimated annual benefits payable from both the plan and the Supplemental Agreements upon normal or delayed retirement based on the assumptions shown. The amounts shown are subject to reduction for applicable Social Security benefits at age 62.

The amount of base compensation and the years of service credited under the plan for individuals shown in the Summary Compensation Table are as follows: Mr. Warren, \$575,000, 20 years; Mr. Ketcham, \$300,000, 22 years; Mr. McManus, \$315,000, 18 years; Mr. Reynolds, \$270,000, 23 years and Mr. Woodruff, \$230,000, 17 years.

Severance Compensation Agreements

We have entered into severance compensation agreements with Messrs. Warren, Ketcham, McManus, Reynolds and Woodruff, as well as twenty-one other officers not named in the Summary Compensation Table and seven key employees. We designed the agreements to retain the executives and provide continuity of management in the event of any actual or threatened change in control of the Company. Generally, each such agreement provides that if, within thirty-six months following a change in control of the Company (as defined in the agreements), the employee s employment is terminated in a qualified termination, then we will pay the employee an amount equal to a percentage of the employee s (a) annual base salary in effect immediately prior to the change in control, plus (b) the employee s highest additional cash compensation for the three fiscal years immediately prior to the fiscal year during which the change in control occurs. Under certain circumstances, the payment may be applicable to a termination which occurs during the period leading up to a change in control. The severance payment generally would be made in the form of a lump sum.

We established a four-tier structure in which tier-one employees receive 300% of such compensation, tier-two employees receive 200% of such compensation, tier-three employees receive 150% of such compensation and tier-four employees receive 100% of such compensation. Messrs. Warren, Ketcham, McManus, Reynolds and Woodruff are considered tier-one employees. The agreements also provide (1) the continuance of certain insurance and other employee benefits for a period of twenty-four months following any such termination of employment and (2) that if the executive receives payments that would be subject to the tax imposed by Section 4999 of the Internal Revenue Code, the executive shall be entitled to receive an additional payment in an amount necessary to put the executive in the same after-tax position as if such tax had not been imposed. For purposes of the agreements, (1) the term—qualified termination—means a termination by the Company other than for cause, by the employee for good reason or by written agreement to such effect between the employee and the Company, (2) the term—cause generally means failure to substantially perform duties, misconduct injurious to the Company or conviction of a felony, and (3) the term—good reason—generally means a reduction in the position, duties, responsibilities, status or benefits of the employee s job. For purposes of tier-one, tier-two or tier-three employee agreements, the term—qualified termination—also

includes any voluntary termination by the executive during the thirty-day period immediately following the first anniversary of a change in control

2003 COMPENSATION COMMITTEE REPORT

The Officers Review Committee (ORC) of the Board of Directors is comprised entirely of outside Directors who are not officers or employees of the Company. The ORC is responsible for overseeing and administering the Company s executive compensation program. The ORC establishes the salaries and other compensation of the executive officers of the Company, including the Chairman and CEO and other executive officers named in the Summary Compensation Table (the Executive Officers).

Compensation Policy

The Company s executive compensation program is reviewed annually by the ORC and is designed to serve the interests of the Company and its shareholders by aligning executive compensation with shareholder objectives and by encouraging and rewarding management initiatives that will benefit the Company and its shareholders, customers, and employees over the long term. Specifically, the executive compensation program seeks to:

attract and retain highly qualified executives by paying them competitively as compared with employers of comparable size and in similar lines of business:

link a substantial portion of individual compensation to superior corporate performance as measured by specific objectives compared against a peer group; and

align the interests of executives with the long-term interests of shareholders through payment of short- and long-term incentives in the form of common stock in the Company.

The ORC strives to meet these objectives through a program comprised of salary, annual cash incentive awards, and long-term stock and performance share opportunities.

Salary. As a matter of policy, the ORC administers annual salary levels to ensure they remain competitive with the industry by utilizing available compensation surveys. Each year the ORC reviews the issue of competitive pay and adjusts salary structures accordingly with the midpoint of each pay range approximating the average of the market. The ORC then considers salary adjustments for the Company s executive officers, including those named in the Summary Compensation Table. The ORC approved salary adjustments based on the performance of each executive over the prior compensation period, recognition of individual contributions to overall Company performance, internal comparability considerations, as appropriate, and the executive s placement in the salary range.

Annual Incentive Compensation. Executives are eligible each year for cash incentive awards under the Annual Incentive Compensation Plan. Awards are based upon attaining performance objectives established by the ORC. Assuming the performance objectives are met, the incentive award is based upon either a cash amount or a percentage of the salary earned by the participant during the performance year. The ORC establishes target awards and performance objectives for each performance period. The Annual Incentive Compensation Plan is designed so that all annual incentive compensation paid to executive officers will be deductible for federal income tax purposes. The Board of Directors may, in its discretion, award individual cash bonuses in addition to those paid under the Annual Incentive Compensation Plan.

Long-Term Incentive Compensation. We have in place the 1997 Stock Incentive Plan, which provides for the grant of stock options, restricted stock and performance shares. The present policy of the ORC is to use performance shares as the primary vehicle to deliver long-term incentives supplemented in certain circumstances by stock options and restricted stock. The Company s 1988 Stock Option Plan and 1992 Long-Range Performance Share Plan remain in effect for previously granted options and performance shares, but further grants are not available under these plans. The purpose of each of these plans is to provide executives and key employees an opportunity to participate in the long-term economic growth and performance of the Company. The ORC also administers the Company s recently adopted Stock Appreciation Rights Plan which provides

15

Table of Contents

for the payment of cash incentives measured by long-term appreciation in the Company s stock. Although the Company s officers are eligible for participation in the Stock Appreciation Rights Plan, it is the ORC s intention to use the Plan exclusively for non-officer key employees.

1997 Stock Incentive Plan. The 1997 Stock Incentive Plan provides for the grant of performance share awards, stock options and restricted stock, or a combination thereof, to officers and key employees all as determined by the ORC.

A performance share is the value equivalent of one share of our common stock. An award of performance shares becomes payable if the ORC determines that all conditions of payment have been satisfied at the end of the applicable award period. Except as otherwise determined by the ORC at the time of grant, an award period will be the four-year period that commences on the first day of the fiscal year in which an award is granted. According to the performance condition guidelines previously adopted by the ORC and currently in effect under the plan, payment of an award will be based on the Company s percentile ranking with respect to total shareholder return among a comparison group of companies as measured for the applicable award or interim period.

The stock option provisions of the plan provide for the grant of incentive stock options, non-qualified stock options, stock appreciation rights and dividend equivalents or a combination thereof to officers and key employees, all as determined by the ORC. If an option includes stock appreciation rights, then the optionee may elect to cancel all or any portion of the option then subject to exercise, in which event our obligation in respect of such option may be discharged by payment of an amount in cash equal to the excess, if any, of the fair market value of the shares of common stock subject to such cancellation over the option exercise price for such shares. If the exercised option includes dividend equivalents, the optionee will, in addition to the shares of common stock purchased upon exercise, receive additional consideration in an amount equal to the amount of cash dividends which would have been paid on such shares had they been issued and outstanding during the period commencing with the option grant date and ending on the option exercise date, plus an amount equal to the interest that such dividends would have earned from the respective dividend payment dates if deposited in an account bearing interest compounded quarterly at the announced prime rate of AmSouth Bank in effect on the first day of the respective quarter.

The plan also provides for the grant of restricted stock. No shares of restricted stock may be sold or pledged until the restrictions on such shares have lapsed or have been removed. The ORC establishes as to each award of restricted stock the terms and conditions upon which the restrictions shall lapse, which terms and conditions may include a required period of service or individual or corporate performance conditions.

1992 Long-Range Performance Share Plan. The 1992 Long-Range Performance Share Plan provides for the grant of performance shares on terms similar to those described above with respect to the 1997 Stock Incentive Plan. As noted above, new performance share grants are not available under the 1992 Long-Range Performance Share Plan; however, the plan remains in effect with respect to previously granted performance shares.

1988 Stock Option Plan. The 1988 Stock Option Plan provides for the grant of incentive stock options, non-qualified stock options, stock appreciation rights and dividend equivalents or a combination thereof, on terms similar to those described above with respect to the 1997 Stock Incentive Plan. As noted above, new stock option grants are not available under the 1988 Stock Option Plan; however, it remains in effect with respect to previously granted stock options.

1997 Deferred Compensation Plan. Under the Company s 1997 Deferred Compensation Plan, officers may elect to defer part or all of any one or more of the following items of compensation to the extent such item of compensation is applicable to the officer: (a) base salary; (b) annual incentive compensation plan awards; (c) grants under the 1988 Stock Option Plan; (d) awards under the 1997 Stock Incentive Plan; and (e) awards under the 1992 Long-Range Performance Share Plan. Amounts deferred by a participant under the Deferred Compensation Plan are credited to one of two separate accounts maintained for a participant, a Company stock account or an investment account. The value of a participant s Company stock account tracks the performance of our common stock, including reinvestment of dividends. At distribution, the participant s

16

Table of Contents

Company stock account is payable in the form of shares of Company common stock. The value of a participant s investment account tracks the performance of The Vanguard Group, Inc s mutual funds. At distribution, the participant s investment account is payable in cash. The Company has established trusts and has funded the trusts, and presently plans to continue funding the trusts, in a manner that generally tracks participants accounts under the Deferred Compensation Plan. Although there is generally no requirement that the trusts be so funded or invested, if a change in control of the Company occurs, the trusts must be funded in an amount equal to the aggregate value of the participants accounts at the time of the change of control. While intended for payment of benefits under the Deferred Compensation Plan, the trusts assets remain subject to the claims of our creditors.

Operating Summary

As demonstrated in the plan descriptions provided, the ORC links executive compensation directly to objective performance criteria of the Company, subsidiaries where applicable, and the individual executive s performance. By doing so, the ORC creates an environment which encourages long-term decisions which will benefit us, our shareholders, customers, and employees and at the same time allow those executives, managers, and other key employees within the Company to share in the success of those decisions and actions.

Issues Influencing Compensation Decisions During the Reporting Year (January 1, 2003 to December 31, 2003)

During 2003 Energen had net income of \$111 million (a 61% increase over the prior year), earnings per diluted share of \$3.10 (a 53% increase over the prior year), total shareholder return of 44%, and a 2.8% dividend increase. As of December 31, 2003, Energen had a five year annual earnings per share growth rate of 22% and twenty-one years of consecutive annual dividend increases. The ORC considered these and other factors in funding the incentive program, adjusting salaries, and approving payouts under the 1992 Long-Range Performance Share Plan and 1997 Stock Incentive Plan. Specifically, the ORC considered Energen s total shareholder return and earnings results for the year and evaluated the Company s total shareholder return performance against a peer group of energy and gas distribution companies.

Wm. Michael Warren, Jr. has served as the Company s Chief Executive Officer since 1997 and as its Chairman of the Board since January 1, 1998. Mr. Warren s base salary was adjusted to \$465,000 effective January 1, 2003, reflecting continuing efforts to meet market levels for the Chief Executive Officer position. The compensation philosophy for Mr. Warren s position will continue to place a greater percentage of the total compensation package at risk through the annual cash incentive plan and through the Company s stock performance by awards of stock options, restricted stock and performance shares. For the 2003 year, Mr. Warren earned a cash incentive award of \$660,000, reflecting the performance of the Company, its subsidiaries, and the incumbent himself in achieving the financial and business results of the Company. Restricted stock was granted in accordance with plan provisions and the stated compensation policy. Performance share awards were made based on a percentage of salary with the applicable percentage being a function of an executive s position with the Company. Actual payout is dependent on obtaining performance levels in accordance with previously described guidelines.

SECTION 16(a) BENEFICIAL OWNERSHIP REPORTING COMPLIANCE

Section 16(a) of the Exchange Act requires our executive officers, Directors and persons who own more than 10% of our common stock, to file initial reports of ownership on Form 3 and changes in ownership on Form 4 or Form 5 with the Securities and Exchange Commission, and to provide us with copies of all forms filed.

As reported on the Form 4 filed by Dudley C. Reynolds on December 16, 2003, in preparation of that Form 4, Mr. Reynolds discovered that prior filings had overstated his aggregate holdings by 3,284 shares. Subsequent to that filing, Mr. Reynolds reviewed his records and prior filings in an attempt to determine the source(s) of the discrepancy and has identified certain transactions reported on a Form 5 filed February 9, 2004 accounting for 1,900 shares of the aggregate holdings discrepancy. Mr. Reynolds has been unable to identify the source of the remaining 1,384 share discrepancy. Additionally, Mr. Youngblood filed a Form 5 on March 10, 2003 which included a report of a charitable gift of 323 shares on December 31, 2001. We believe, based on a review of Forms 3, 4 and 5 furnished to us, that during fiscal 2003 our executive officers, Directors and 10% shareholders complied in full with all applicable Section 16(a) filing requirements with the exception of Mr. Reynolds and Mr. Youngblood.

2003 AUDIT COMMITTEE REPORT

In compliance with the requirements of the New York Stock Exchange (NYSE), the Audit Committee has a formal written charter approved by the Board of Directors, a copy of which is attached as Appendix A to this proxy statement. The Audit Committee performs an annual review and reassessment of the adequacy of the Audit Committee charter. In connection with the performance of its responsibility under its charter, the Audit Committee has:

Reviewed and discussed the audited financial statements of the Company with management;

Discussed with the independent auditors the matters required to be discussed by Statement on Auditing Standards No. 61 (required communication by external auditors with audit committees);

Received from the independent auditors disclosures regarding the auditors independence required by Independence Standards Board Standard No. 1 and discussed with the auditors independence; and

Recommended, based on the review and discussion noted above, to the Board of Directors that the audited financial statements be included in the Company s Annual Report on Form 10-K for the year ended December 31, 2003 for filing with the Securities and Exchange Commission.

The Audit Committee has also considered whether the independent public accountants provision of non-audit services to the Company is compatible with maintaining their independence.
