Item 2. Acquisition or Disposition of Assets

On April 2, 2004, Renal Care Group, Inc. ("Renal Care Group") completed its acquisition of National Nephrology Associates, Inc. ("NNA") in accordance with the terms and conditions of the Agreement and Plan of Merger dated February 2, 2004 (the "Merger Agreement"), by and among Renal Care Group, Titan Merger Subsidiary, Inc., a wholly-owned subsidiary of Renal Care Group ("Merger Sub"), NNA and certain of the equity holders of NNA.

Pursuant to the Merger Agreement, Merger Sub was merged with and into NNA and NNA became a wholly-owned subsidiary of Renal Care Group (the "Merger"). The aggregate merger consideration paid by Renal Care Group for NNA was approximately \$345 million, which included a cash payment of approximately \$167 million to NNA's equity holders and the assumption by Renal Care Group of NNA's outstanding debt, including its \$160 million of 9% senior subordinated notes due 2011, and other indebtedness, including capital leases. The merger consideration was determined by arm's length negotiations among the parties and the cash amount of the merger consideration was financed with borrowings under a credit facility entered into by Renal Care Group in February 2004 and cash on hand. Prior to the Merger, approximately 64% of the outstanding capital stock of NNA was owned by J.W. Childs Equity Partners II, L.P. ("JWC") and certain other entities and persons related to JWC (collectively the "JWC Stockholders"). Prior to the Merger, no material relationships existed between the JWC Stockholders and Renal Care Group, any affiliate of Renal Care Group, any director or officer of Renal Care Group or any associate of any such director or officer. Following the Merger, Renal Care Group merged NNA, its then wholly-owned subsidiary, into Renal Care Group and as a result Renal Care Group assumed all of the obligations of NNA under its \$160 million of 9% senior subordinated notes due 2011.

Prior to the Merger, NNA provided renal dialysis services and supplies to approximately 5,600 patients and 87 outpatient dialysis facilities in 15 states, as well as acute dialysis services at approximately 55 hospitals. Renal Care Group intends to continue the business of NNA and will now serve almost 28,000 patients at over 370 facilities in 30 states, in addition to providing acute dialysis services at more than 175 hospitals.

The foregoing description of the Merger Agreement is qualified in its entirety by reference to the full text of the Merger Agreement, a copy of which is attached to this Current Report on Form 8-K as Exhibit 2.1 and incorporated herein by reference. A copy of the press release dated April 2, 2004 announcing the completion of the acquisition of NNA is attached to this Current Report on Form 8-K as Exhibit 99.1 and incorporated herein by reference.
