REPORT OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

To the Participants and the Oriental Group Retirement Committee of
Oriental Group CODA Profit Sharing Plan:

We have audited the accompanying statements of net assets available for benefits of Oriental Group CODA Profit Sharing Plan (the Plan) as of December 31, 2003 and 2002, and the related statement of changes in net assets available for benefits for the year ended December 31, 2003. These financial statements are the responsibility of the Plan s management. Our responsibility is to express an opinion on these financial statements based on our audits.

We conducted our audits in accordance with standards of the Public Company Accounting Oversight Board (United States). Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

In our opinion, such financial statements present fairly, in all material respects, the net assets available for benefits of the Plan as of December 31, 2003 and 2002, and the changes in net assets available for benefits for the year ended December 31, 2003 in conformity with accounting principles generally accepted in the United States of America.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The accompanying supplemental schedules listed in the Table of Contents are presented for the purpose of additional analysis and are not a required part of the basic financial statements, but are supplementary information required by the Department of Labor s Rules and Regulations for Reporting and Disclosure under the Employee Retirement Income Security Act of 1974. These schedules are the responsibility of the Plan s management. Such schedules have been subjected to the auditing procedures applied in our audit of the basic 2003 financial statements and, in our opinion, are fairly stated in all material respects when considered in relation to the basic financial statements taken as a whole.

ORIENTAL GROUP CODA PROFIT SHARING PLAN

**NOTES TO FINANCIAL STATEMENTS
YEAR ENDED DECEMBER 31, 2003**

1. DESCRIPTION OF THE PLAN

The following description of Oriental Group CODA Profit Sharing Plan (the Plan) provides only general information. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.

- a. **General** The Plan is a defined contribution plan maintained by Oriental Financial Group Inc. (the Employer) for the benefit of its employees and those of its affiliated companies (Oriental Bank & Trust (the Bank), Oriental Financial Services Corp., Oriental Mortgage Corp. and FISA Insurance Agency, Inc.), who are residents of Puerto Rico, have completed six-months of service and are age twenty-one or older. The Plan was established effective January 1, 1992. Effective January 1, 2002, the Plan was amended to transfer the sponsorship of the Plan from Oriental Bank & Trust to the Employer and to change the name of the Plan from Oriental Bank & Trust Cash or Deferred Arrangement Profit Sharing Plan to Oriental Group CODA Profit Sharing Plan. This Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 (ERISA).
- b. **Contributions** Each year, participants may contribute up to 10 percent of pretax annual compensation, as defined in the Plan, not exceeding the maximum deferral amount specified by the Puerto Rico tax laws. Participants may also contribute amounts representing distributions from other qualified defined benefit or contribution plans. Participants direct the investment of their contributions into various investment options offered by the Plan. The Plan currently offers eleven mutual funds, a fund, which invests in Oriental Bank & Trust time deposits, and a fund which invests in common stock of the Employer as investment options for participants. The Employer contributes 80 percent of the first \$1,040 of the participant's contributions. The Employer's matching contributions are invested directly in the Employer common stock. Contributions are subject to certain limitations.
- c. **Participant Accounts** Each participant's account is credited with the participant's contribution and allocations of (a) the Employer's contribution and, (b) Plan earnings. Allocations are based on participant earnings or account balances, as defined. The benefit to which a participant is entitled is the benefit that can be provided from the participant's vested account.
- d. **Vesting** Participants are vested immediately in their contributions plus actual earnings thereon. The Employer's contribution portion of their accounts plus actual earnings thereon vest upon the occurrence of any of the following events: completion of three years of credited service; attaining age 65; total disability while employed by the Employer or death while employed by the Employer.
- e. **Payment of Benefits** On termination of service due to death, disability or retirement, a participant may elect to receive the value of the vested interest in his or her account in either a lump-sum distribution or a fixed period that may not exceed the participant's life expectancy. For termination of service for other reasons, a participant may receive the value of the vested interest in his or her account as a lump-sum distribution.
- f. **Loans to Participants** Loans to participants are not permitted.
- g.

Forfeited Accounts Employer contributions that are not vested upon termination of employment are forfeited and may be used to reduce future contributions to the Plan by the Employer. For the

-4-

Table of Contents

year ended December 31, 2003, forfeitures totaling \$129,847 were used to off-set current year Employer matches.

- h. **Plan Termination** Although it has not expressed any intent to do so, the Employer has the right under the Plan to discontinue its contributions at any time and to terminate the Plan subject to the provisions of ERISA. In the event of plan termination, participants will become 100% vested in their employer contributions.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Following are the significant accounting policies followed by the Plan:

- a. **Basis of Presentation** The financial statements of the Plan are prepared under the accrual method of accounting and in conformity with accounting principles generally accepted in the United States of America.
- b. **Use of Estimates** The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires the plan administrator to make estimates and assumptions that affect the participant account balances and the reported amounts of net assets available for benefits and changes therein. Actual results could differ from those estimates.
- c. **Risks and Uncertainties** The Plan utilizes various investment instruments. Investment securities, in general, are exposed to various risks, such as interest rate, credit, and overall market volatility. Due to the level of risk associated with certain investment securities, it is reasonably possible that changes in the values of investment securities will occur in the near term and that such changes could materially affect the amounts reported in the statements of net assets available for plan benefits.
- d. **Investments Valuation and Income Recognition** The Plan's investments are stated at fair value. Shares of mutual funds and common stock are valued at quoted closing market prices, which, for mutual funds, represent the Net Asset Value (NAV) of shares held by the Plan at year-end. Money market funds and time deposits are stated at fair value, which approximates cost plus accumulated interest earnings less distributions to date.

Purchases and sales of securities are recorded on a trade-date basis. Interest income is recorded on the accrual basis. Dividends are recorded on the ex-dividend date.

- e. **Payment of Benefits** Benefits are recorded when paid.
- f. **Plan Expenses** All mutual funds incur expenses that reduce earnings in the fund and are reflected in the daily NAV. The amount of these expenses, stated as a percentage of assets is called an expense ratio. The NAVs for the mutual funds are listed publicly and the same NAV applies whether the mutual fund is purchased on the open market or through the Plan. Expense ratios charged by mutual funds cover costs relating to investing, such as the mutual fund managers' asset management fees and cost related to administration of the fund. Examples of administrative costs include issuing quarterly statements, operating a service center and having toll-free numbers available for the participants. Expenses incurred by the mutual funds are netted against earnings of the respective funds in the accompanying statement of changes in net assets available for benefits.

Administrative expenses, including trustee, legal, auditing and other fees, may be paid out of the invested assets unless paid by the Employer.

Table of Contents**3. INVESTMENTS**

(the Bank), the Trustee of the Plan, accumulates all investment income (interest and dividends) together with the appreciation in fair value of the fund investments and reports the accumulation in the single unit value of each share. Since the amount of investment income is not significant, separate disclosure of investment income and appreciation in fair value of the fund investments is not presented for the mutual funds.
