PROXY STATEMENT

We are furnishing this proxy statement and related materials to Pediatrix's shareholders as part of the solicitation of proxies by Pediatrix's Board of Directors for use at Pediatrix's 2006 Annual Shareholders' Meeting and at any postponement or adjournment of the meeting. In this proxy statement, we refer to Pediatrix Medical Group, Inc. as Pediatrix, we, our and the Company.

QUESTIONS AND ANSWERS ABOUT OUR ANNUAL MEETING

What Is the Date, Time and Place of the Annual Meeting?

Pediatrix's 2006 Annual Shareholders' Meeting will be held on Thursday, May 4, 2006, beginning at 10:00 a.m., local time, at the Sheraton Suites Plantation, 311 North University Drive, Plantation, Florida 33324.

What Is the Purpose of the Annual Meeting?

At the annual meeting, Pediatrix's shareholders will be asked to:

elect nine Directors, each for a term expiring at the next annual meeting or until his successor has been duly elected and qualified; and

consider and act upon such other business as may properly come before the meeting.

Who Is Entitled to Vote at the Annual Meeting?

Only holders of record of Pediatrix common stock at the close of business on March 15, 2006, the record date for the meeting, are entitled to notice of, to attend and to vote at the annual meeting, or any postponements or adjournments of the meeting. At the close of business on March 15, 2006, 24,196,488 shares of Pediatrix common stock were issued and outstanding and were held by approximately 161 holders of record.

What Are the Voting Rights of Pediatrix's Shareholders?

Pediatrix's shareholders have one vote per share of Pediatrix common stock owned on the record date for each matter properly presented at the annual meeting. Therefore, if you owned 100 shares of Pediatrix common stock on the close of business on March 15, 2006, for example, you can cast 100 votes for each matter properly presented at the annual meeting.

What Constitutes a Quorum?

A quorum will be present at the meeting if holders of a majority of the issued and outstanding shares of Pediatrix common stock on the record date are represented at the meeting in person or by proxy. If a quorum is not present at the meeting, Pediatrix expects to postpone or adjourn the meeting to solicit additional proxies. Abstentions, including broker non-votes (as described below), will be counted as shares present and entitled to vote for the purposes of

determining the presence or absence of a quorum.

What Are Broker Non-Votes ?

Broker non-votes occur when shares held by a brokerage firm are not voted with respect to a proposal because the firm has not received voting instructions from the shareholder and the firm does not have the authority to vote the shares at its discretion. Under the rules of the New York Stock Exchange, brokerage firms may have the authority to vote their customers' shares on certain routine matters for which they do not receive voting instructions, including the uncontested election of directors. If other matters are properly brought before the meeting and they are

Table of Contents

not considered routine under the applicable New York Stock Exchange rules, shares held by brokerage firms will not be voted on such non-routine matters by the brokerage firms unless they have received voting instructions and, accordingly, any such shares will be broker non-votes and will not be counted with respect to such matters.

Will my Shares be Voted if I do not Provide my Proxy?

If your shares are held in the name of a brokerage firm, they may be voted by the brokerage firm (as described above) even if you do not give the brokerage firm specific voting instructions. If you are a registered shareholder and hold your shares directly in your own name, your shares will not be voted unless you provide a proxy or fill out a written ballot in person at the meeting.

How do I Vote?

You can vote in any of the following ways.

To vote by mail:

Mark, sign and date your proxy card; and

Return it in the enclosed envelope.

To vote in person if you are a registered shareholder:

Attend our annual meeting;

Bring valid photo identification; and

Deliver your completed proxy card or ballot in person.

To vote in person if you hold in street name:

Attend our annual meeting;

Bring valid photo identification; and

Obtain a legal proxy from your bank or broker to vote the shares that are held for your benefit, attach it to your completed proxy card and deliver it in person.

What Vote Is Required to Elect Directors at the Annual Meeting?

Assuming that a quorum is present at the annual meeting, Director nominees receiving the greatest number of affirmative votes from holders of Pediatrix common stock will be elected as Directors of Pediatrix.

How Does the Board of Directors Recommend I Vote on the Proposal?

The Board of Directors recommends that you vote **FOR** the election of each of the nominees for Director named in this proxy statement.

How will my Proxy Holders Vote?

The enclosed proxy designates Roger J. Medel, M.D., our Chief Executive Officer, Thomas W. Hawkins, our Senior Vice President, General Counsel and Secretary, and Karl B. Wagner, our Chief Financial Officer, each with full power of substitution, to hold your proxy and vote your shares. Dr. Medel and Messrs. Hawkins and Wagner will vote all shares of Pediatrix common stock represented by properly executed proxies received in time for the annual meeting in the manner specified by the holders of those shares. Dr. Medel and Messrs. Hawkins and Wagner intend to vote all shares of Pediatrix common stock that are properly executed by the record holder but otherwise do not contain voting instructions as follows:

FOR the election of each of the nominees for Director named in this proxy statement; and

in accordance with the recommendation of Pediatrix's Board of Directors, FOR or AGAINST all other matters as may properly come before the annual meeting.

Table of Contents

Can I Change My Vote After I Have Voted?

The grant of a proxy on the enclosed proxy card does not preclude a shareholder from voting in person at the meeting. A shareholder may revoke a proxy at any time prior to its exercise by filing with Pediatrix's corporate secretary a duly executed revocation of proxy, by submitting a duly executed proxy to Pediatrix's corporate secretary bearing a later date or by appearing at the meeting and voting in person. Attendance at the meeting will not itself constitute revocation of a proxy.

Who Pays for the Preparation of the Proxy Statement?

Pediatrix will bear the cost of the solicitation of proxies from its shareholders. In addition to solicitations by mail, Pediatrix's Directors, officers and employees, and those of its subsidiaries and affiliates, may solicit proxies from shareholders by telephone or other electronic means or in person but will receive no additional compensation for soliciting such proxies. Pediatrix will cause banks and brokerage firms and other custodians, nominees and fiduciaries to forward solicitation materials to the beneficial owners of Pediatrix common stock held of record by such custodians, nominees and fiduciaries. Pediatrix will reimburse such banks, brokerage firms, custodians, nominees and fiduciaries for their reasonable out-of-pocket expenses in doing so.

PROPOSAL: ELECTION OF PEDIATRIX'S DIRECTORS

Pediatrix's Articles of Incorporation and Bylaws, each as amended and restated, provide that the number of directors constituting Pediatrix's Board of Directors will be determined from time to time by resolution adopted by Pediatrix's Board of Directors. During 2005, Pediatrix's Board of Directors consisted of eight members. Effective March 13, 2006, Pediatrix's Board of Directors increased the size of Pediatrix's Board of Directors to nine members and appointed Pascal J. Goldschmidt, M.D. to fill the newly created Board of Directors' seat.

All of Pediatrix's incumbent Directors have been nominated by Pediatrix's Board of Directors as Directors to be elected at the annual meeting in 2006 by the holders of Pediatrix common stock.

The nominees for Director are as follows:

Roger J. Medel, M.D., who has served as a Director since 1979;

Cesar L. Alvarez, who has served as Chairman of the Board since May 2004 and as a Director since March 1997;

Waldemar A. Carlo, M.D., who has served as a Director since June 1999;

Michael B. Fernandez, who has served as a Director since October 1995;

Roger K. Freeman, M.D., who has served as a Director since May 2002;

Paul G. Gabos, who has served as a Director since November 2002;

Pascal J. Goldschmidt, M.D., who has served as a Director since March 2006;

Lawrence M. Mullen, who has served as a Director since May 2004; and

Enrique J. Sosa, Ph.D., who has served as a Director since May 2004.

Please see below under Directors, Executive Officers and Key Employees for the biographies of these nominees for Director.

Each Director elected will serve for a term expiring at Pediatrix's 2007 Annual Meeting of Shareholders, which is expected to be held in May 2007, or until his successor has been duly elected and qualified.

Pediatrix's Board of Directors has no reason to believe that any nominee will refuse to act or be unable to accept election; however, in the event that a nominee for a directorship is unable to accept election or if any other unforeseen contingencies should arise, proxies will be voted for the remaining nominees and for such other person as may be designated by Pediatrix's Board of Directors, unless the proxies provide otherwise.

Table of Contents

If a quorum is present and voting at the annual meeting, the nine nominees receiving the highest number of votes FOR election will be elected to the Board of Directors of Pediatrix. Proxies will be voted FOR all such nominees absent contrary instructions.

GOVERNANCE AND RELATED MATTERS

Our business, property and affairs are managed under the direction of our Board of Directors, except with respect to those matters reserved for our shareholders. Our Board of Directors establishes our overall corporate policies, reviews the performance of our senior management in executing our business strategy and managing our day-to-day operations and acts as an advisor to our senior management. Our Board's mission is to further the long-term interests of our shareholders. Members of the Board of Directors are kept informed of Pediatrix's business through discussions with Pediatrix's management, primarily at meetings of the Board of Directors and its committees, and through reports and analyses presented to them. Significant communications between our Directors and senior management occur apart from such meetings.

Questions and Answers About Our Corporate Governance Practices

What Committees Has Our Board of Directors Established?

The standing committees of Pediatrix's Board of Directors are the Executive Committee, the Audit Committee, the Compensation Committee and the Nominating and Corporate Governance Committee. Copies of the charters for the latter three committees are attached to this Proxy Statement and you may also find copies of these committee charters, as well as our corporate governance principles, on our website at www.pediatrix.com. Our Internet Website and the Information Contained Therein, Other Than Material Expressly Referred to in This Proxy Statement, or Connected Thereto Are Not Incorporated into This Proxy Statement. A copy of our committee charters and corporate governance principles are also available upon request from Pediatrix's Secretary at 1301 Concord Terrace, Sunrise, FL 33323.

How Many Times Did Our Board of Directors Meet During 2005?

During 2005, Pediatrix's Board of Directors held nine meetings and took various actions by unanimous written consent. Committees of the Board held a combined total of twenty-four meetings and also took action by unanimous written consent. Each incumbent Director attended at least 75% of the total number of meetings of Pediatrix's Board of Directors and its committees held during 2005 during the period he was a member thereof. Although Pediatrix has no formal policy with respect to its Directors' attendance at Pediatrix annual shareholders' meetings, in 2005 all of our incumbent Directors attended the annual shareholders' meeting.

Are a Majority of Our Directors Independent?

Our Board of Directors has recently reviewed information about each of our non-employee Directors and made the determination that we have a majority of independent Directors on our Board. In arriving at this conclusion, our Board of Directors made the affirmative determination that each of Drs. Carlo, Freeman and Goldschmidt and Messrs. Alvarez, Fernandez, Gabos, Mullen and Sosa met the Board of Directors' previously adopted categorical standards for determining independence in accordance with the New York Stock Exchange's corporate governance rules.

Who Is the Presiding Director ?

Following each annual meeting of the shareholders, Pediatrix's Board of Directors designates a non-management Director as Chairman of the Board or, alternatively, as Presiding Director. In addition to other responsibilities, the Chairman of the Board or Presiding Director presides over meetings of our non-management Directors. Following our 2005 annual meeting of the shareholders, our Board of Directors appointed Mr. Alvarez to serve as Chairman of the Board. During 2005, all of our non-management Directors were also independent in

Table of Contents

accordance with the Securities and Exchange Commission's and New York Stock Exchange's corporate governance rules.

How Can Shareholders Communicate With the Board of Directors?

Anyone who has a concern about Pediatrix's conduct, including accounting, internal accounting controls or audit matters, may communicate directly with our Chairman of the Board of Directors (or Presiding Director), our non-management Directors, the Chairman of the Audit Committee or the Audit Committee. Such communications may be confidential or anonymous, and may be submitted in writing to the Chief Compliance Officer, Pediatrix Medical Group, Inc., 1301 Concord Terrace, Sunrise, Florida 33323 or reported by phone at 877-835-5764. All such concerns will be forwarded to the appropriate Directors for their review, and will be simultaneously reviewed and addressed by Pediatrix's General Counsel or Chief Compliance Officer in the same way that other concerns are addressed by us. Pediatrix's Code of Conduct, which is discussed below, prohibits any employee from retaliating or taking any adverse action against anyone for raising or helping to resolve an integrity concern.

Has Pediatrix Adopted a Code of Conduct?

Pediatrix has adopted a Code of Conduct that applies to all Directors, officers, employees and independent contractors of Pediatrix. The text of the Code of Conduct is available at, and Pediatrix intends to disclose any amendments to, or waivers from, any provision of the Code that applies to any of Pediatrix's executive officers or Directors by posting such information on, our website at www.pediatrix.com.

Pediatrix has also adopted a Code of Professional Conduct – Finance that applies to all employees with access to, and responsibility for, matters of finance and financial management, including Pediatrix's Chief Executive Officer and Chief Financial Officer. The text of the Code of Professional Conduct – Finance is also available on the Pediatrix website. Pediatrix intends to disclose any amendments to, or waivers from, any provision of the Code that applies to any of Pediatrix's Chief Executive Officer, Chief Financial Officer, principal accounting officer or controller or persons performing similar functions by posting such information on our website at www.pediatrix.com.

Report of the Audit Committee

The following report of the Audit Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of Pediatrix's filings under the Securities Act of 1933, as amended (the Securities Act), or the Securities Exchange Act of 1934, as amended (the Exchange Act), except to the extent that we specifically incorporate such report by reference.

We act under a written charter that has been adopted by Pediatrix's Board of Directors. While we have the responsibilities set forth in this charter, it is not our duty to plan or conduct audits or to determine that Pediatrix's financial statements are complete, accurate or in compliance with generally accepted accounting principles. This is the responsibility of Pediatrix's management and independent auditors.

Our primary function is to assist the Board of Directors in their evaluation and oversight of the integrity of Pediatrix's financial statements, the qualifications and independence of Pediatrix's independent auditors and the performance of Pediatrix's audit functions. In addition, while we are also responsible for assisting the Board of Directors in their evaluation and oversight of Pediatrix's compliance with applicable laws and regulations, it is not our duty to assure compliance with such laws and regulations or Pediatrix's Compliance Plan and related policies.

We also oversee Pediatrix's auditing, accounting and financial reporting processes generally. Management is responsible for Pediatrix's financial statements and the financial reporting process, including the system of internal

controls. We also review the preparation by management of Pediatrix's quarterly and annual financial statements. Pediatrix's independent auditors, who are accountable to us, are responsible for expressing an opinion as to whether the consolidated financial statements present fairly, in all material respects, the financial position, results of operations and cash flows of Pediatrix in conformity with generally accepted accounting principles in the United States. Pediatrix's independent auditors are also responsible for auditing and reporting on management's assessment of, and the effective operation of, Pediatrix's internal control over financial reporting. We are responsible for

Table of Contents

retaining Pediatrix's independent auditors, and maintain sole responsibility for their compensation, oversight and termination. We also are responsible for pre-approving all non-audit services to be provided by the independent auditors, and on an annual basis discussing with the independent auditors all significant relationships they have with Pediatrix to determine their independence.

In fulfilling our oversight role, we met and held discussions with Pediatrix's management and independent auditors. Management advised us that Pediatrix's consolidated financial statements were prepared in accordance with generally accepted accounting principles, and we reviewed and discussed the consolidated financial statements, the Management's Discussion and Analysis of Financial Condition and Results of Operations sections of Pediatrix's periodic reports, key accounting and reporting issues and the scope, adequacy and assessments of Pediatrix's internal controls and disclosure controls and procedures with management and Pediatrix's independent auditors. We discussed privately with the independent auditors matters deemed significant by the independent auditors, including those matters required to be discussed pursuant to *Statement on Auditing Standards No. 61 (Communication with Audit Committees)*, as amended.

The independent auditors also provided us with the written disclosures and the letter required by *Independence Standards Board Standard No. 1 (Independence Discussions with Audit Committees)*, and we discussed with the independent auditors matters relating to their independence. We also reviewed a report by the independent auditors describing the firm's internal quality-control procedures and any material issues raised in the most recent internal-quality control review or external peer review or inspection performed by the Public Company Oversight Board.

Based on our review with management and the independent auditors of Pediatrix's audited consolidated financial statements and the independent auditors' report on such financial statements, and based on the discussions and written disclosures described above and our business judgment, we recommended to the Board of Directors that the audited consolidated financial statements be included in Pediatrix's Annual Report on Form 10-K for the year ended December 31, 2005 for filing with the Securities and Exchange Commission.

The Nominating and Corporate Governance Committee assists the Board of Directors with respect to nominating new Directors and committee members and taking a leadership role in shaping the corporate governance of Pediatrix. To fulfill its responsibilities and duties, the committee, among other things, reviews the qualifications and independence of existing Directors and new candidates; assesses the contributions of current Directors; identifies and recommends individuals qualified to be appointed to committees of the Board; considers rotation of committee members; reviews the charters of the committees and makes recommendations to the full Board of Directors with respect thereto; develops and recommends to the Board of Directors corporate governance principles, including a code of business conduct; and evaluates and recommends succession plans for Pediatrix's chief executive officer and other senior executives.

Although the Nominating and Corporate Governance Committee does not solicit director nominations, the committee will consider candidates suggested by shareholders in written submissions to Pediatrix's Secretary in accordance with

the procedures described below in the section entitled Information Concerning Shareholder Proposals. In evaluating nominees for Director, the committee does not differentiate between nominees recommended by shareholders and others. In identifying and evaluating candidates to be nominated for Director, the committee reviews the desired experience, mix of skills and other qualities required for appropriate Board composition, taking into account the current Board members and the specific needs of Pediatrix and its Board. This process is designed so that the Board of Directors includes members with diverse backgrounds, skills and experience, and represents appropriate financial, clinical and other expertise relevant to the business of Pediatrix. At a minimum, Director candidates must meet the following qualifications: high personal and professional ethics,

integrity and values and a commitment to the representation of the long-term interests of our shareholders. Although the committee's charter permits the committee to engage a search firm to identify Director candidates, Pediatrix did not pay any third parties a fee to assist in the process of identifying or evaluating Director candidates in 2005.

Certain Relationships and Related Transactions

The following is a summary of certain agreements and transactions among related parties and us. It is our policy that any such agreements and transactions must be entered into in good faith and on fair and reasonable terms that are no less favorable to us than those that would be available to us in a comparable transaction in arms-length dealings with an unrelated third party. We believe that all agreements and transactions described below met that standard at the time they were effected.

In March 1997, Mr. Alvarez was appointed to Pediatrix's Board of Directors. Mr. Alvarez is the President and Chief Executive Officer of Greenberg Traurig, P.A., which serves as one of Pediatrix's outside counsels and receives customary fees for legal services. In 2005, Pediatrix paid Greenberg Traurig, P.A. approximately \$475,000 for such services and currently anticipates that this relationship will continue.

Deborah Medel-Guerrero, the daughter of Dr. Medel, Pediatrix's Chief Executive Officer, is employed by Pediatrix as its Director of Practice Integration and is responsible for matters relating to the integration of newly acquired physician practice groups into the operations of Pediatrix. In 2005, Pediatrix paid Ms. Medel-Guerrero \$93,355 in salary and bonus, granted her a restricted stock award of 1,167 shares of Pediatrix common stock and provided her certain health and other benefits customarily provided to similarly situated Pediatrix employees.

Virginia Turnier, M.D., the wife of Dr. Medel, Pediatrix's Chief Executive Officer, was our Regional Vice President of Medical Operations until September 30, 1999, and continues to provide certain professional and administrative services to Pediatrix as an employee and as an officer and director for certain of our affiliated professional corporations. As compensation for her continuing services, Dr. Turnier's options to purchase shares of Pediatrix common stock, which she received when she served as our Regional Vice President of Medical Operations, remain exercisable in accordance with their terms.

DIRECTOR COMPENSATION

In 2005, each non-employee Director and Director who is not associated with any of Pediatrix's principal shareholders received the following: (i) an annual retainer fee of \$50,000, payable quarterly, (ii) an annual fee of \$7,500 for attendance at meetings, payable quarterly, (iii) an additional retainer fee of \$50,000, payable quarterly, for the Chairman of the Board, (iv) an additional retainer of \$20,000, payable quarterly, for the chair of the Audit Committee, and (v) an additional retainer of \$10,000 per committee, payable quarterly, for the chair of any committee of the Board other than the Audit Committee. In addition, it is Pediatrix's policy to award annually (on the date of each annual shareholders' meeting) each non-employee Director immediately vested and exercisable options to purchase 4,000 shares of Pediatrix common stock at an exercise price equal to the market price on the date of grant.

It has also been and continues to be Pediatrix's policy to award each non-employee Director upon his or her initial appointment to the Board of Directors an option to purchase 10,000 shares of Pediatrix common stock effective on the date of such non-employee Director's appointment, at an exercise price equal to the market price on the date of the grant with a three year vesting period. We grant stock options to purchase Pediatrix common stock to our Directors because we believe that it helps foster a long-term perspective and aligns our Directors' interests with that of our shareholders. Pediatrix also reimburses all of its Directors for out-of-pocket expenses incurred in connection with the rendering of services as a Director.

See Executive Compensation Employment and Other Agreements for information regarding Dr. Medel's compensation as Chief Executive Officer of Pediatrix.

Employment and Other Agreements

On November 11, 2004, Pediatrix entered into employment agreements with Roger J. Medel M.D., the Company's Chief Executive Officer, Joseph M. Calabro, the Company's President and Chief Operating Officer, Karl B. Wagner, the Company's Chief Financial Officer and Treasurer, and Thomas W. Hawkins, the Company's Senior Vice President, General Counsel and Secretary. The employment agreements for Messrs. Calabro, Hawkins and Wagner each have a one-year term, and Dr. Medel's employment agreement has a five-year term. Each employment agreement is subject in

all cases to automatic renewals for successive one-year terms. Pursuant to their employment agreements, Dr. Medel and Messrs. Calabro, Wagner and Hawkins will receive annual base salaries of \$675,000, \$450,000, \$375,000 and \$350,000, respectively, subject to annual review by the Compensation Committee of the Board of Directors, and each is eligible to receive an annual performance bonus in accordance with Compensation Committee approved incentive programs, with a targeted bonus payment of at least 100% of his respective base salary upon the fulfillment of reasonable performance objectives set by the Compensation Committee. In 2006, the Compensation Committee reviewed the base salaries under these employment agreements and determined to increase such salaries to the following amounts: Dr. Medel, \$800,000; Mr. Calabro, \$515,000; Mr. Wagner, \$430,000 and Mr. Hawkins, \$400,000. Under their respective employment agreements, Dr. Medel and Mr. Calabro are provided with the use of Pediatrix's corporate aircraft for personal matters when the aircraft is not being used or needed for business-related matters. The number of hours for such use is limited unless approved in advance by the Compensation Committee.

Depending upon the basis for termination, each employment agreement provides for severance payments of up to 12 months' base salary plus, in certain cases, a Pro Rata Bonus (as defined below) and the continuation of

Table of Contents

specified fringe benefits. However, if an individual is terminated by the Company without cause or if he terminates his employment with Good Reason (as defined in each employment agreement), he would be entitled to receive (1) a continuation of his base salary for 24 months, (2) the payment on the first and second anniversaries of his termination (or a lump sum payment if terminated in connection with a Change in Control as defined in the employment agreements) of an amount equal to the lesser of (x) his Average Annual Performance Bonus (as defined in each Employment Agreement) and (y) his bonus for the year immediately preceding his termination and (3) with respect to the fiscal year in which termination occurs, a pro rata portion of the bonus that the individual would have received had he not been terminated (such portion, the Pro Rata Bonus). Also, certain fringe benefits must be continued for specified periods.

Furthermore, upon a Change in Control, all unvested stock options, restricted stock and other incentive awards will automatically vest and, in the case of stock options, become immediately exercisable. In connection with a Change in Control, Pediatrix is also required to increase or gross up any amounts payable to a terminated individual if such amount is subject to certain excise taxes under the Internal Revenue Code of 1986, as amended (the Internal Revenue Code).

Each of the employment agreements provides for customary protections of Pediatrix s confidential information and intellectual property and that each individual shall not, during his employment term and following his termination for a period of 12 to 30 months (depending on the basis for termination), compete with Pediatrix, hire away from or solicit to leave Pediatrix, its employees and independent contractors, or interfere in Pediatrix s relationships with its hospitals, other healthcare facilities, vendors, clients and other third parties.

Compensation Committee Interlocks and Insider Participation

During 2005, there were no Compensation Committee interlocks or insider participations.

Report of the Compensation Committee on Executive Compensation

The following report of the Compensation Committee does not constitute soliciting material and should not be deemed filed or incorporated by reference into any of Pediatrix's other filings under the Securities Act or the Exchange Act, except to the extent that we specifically incorporate such report by reference.

Compensation Philosophy. Pediatrix's executive compensation program primarily consists of the following elements:

- an annual base salary;
- an annual performance-based bonus; and
- an annual equity compensation award.

Our general philosophy with respect to the compensation of Pediatrix's executive officers is to offer competitive compensation programs designed to attract, motivate, reward and retain highly-skilled executives critical to the long-term success of Pediatrix and to recognize an individual's contribution and personal performance.

We believe that this approach serves Pediatrix's shareholders' best interests by tying a significant portion of Pediatrix's executive compensation to the achievement of predetermined objectives that are aligned with Pediatrix's corporate goals and its financial performance.

In establishing the executive compensation program, we take into account the financial performance of Pediatrix and compensation trends for comparable companies, and gauge achievement of corporate financial and individual financial and non-financial objectives. Performance bonus opportunities are structured to reinforce the achievement of both short and long-term Pediatrix objectives. Pediatrix uses equity compensation to foster a long-term perspective aligned with that of its shareholders. We have reviewed all components of Pediatrix's executive officers' compensation, including salary, bonus, equity awards, the dollar value of all perquisites and other potential personal benefits and the projected payout obligations in the case of severance and change-in-control scenarios, and have determined that the executive compensation packages have been fixed at levels that we believe are competitive to retain and motivate key executives and, in the aggregate, are reasonable and not excessive.

We consider the anticipated tax treatment of various payments and benefits when determining executive compensation and administer the executive compensation program in a manner that maximizes the tax deductibility of compensation paid to Pediatrix's executives to the extent possible. Section 162(m) of the Internal Revenue Code, limits the tax deduction to \$1 million for compensation paid to Pediatrix's five most highly compensated executive officers, unless certain requirements are met. In order to comply with Section 162(m), the Amended and Restated Stock Option Plan and the 2004 Incentive Compensation Plan limit the number of shares underlying options awardable during the terms of these plans to any plan participant, are administered by our committee which consists of only outside directors (as defined in Section 162(m)) and provide for awards based on performance criteria that should qualify such awards as performance based compensation not subject to the limit on tax deductibility by Pediatrix under Section 162(m). While the tax impact of any compensation is one factor to consider, we believe that Pediatrix's priority is to attract and retain highly skilled executives to manage the Company and, in some cases, the loss of a tax deduction may be necessary to accomplish that goal.

The following is a summary of the considerations underlying each component of compensation paid to Pediatrix's executive officers for 2005.

Base Salary. We review and recommend to the Board of Directors the base salaries for executive officers, taking into account plan designs approved by the Board of Directors and financial results reviewed by the Audit Committee. In 2004, based upon the advice of a consulting firm, we recommended that Pediatrix enter into new employment agreements providing for increased salaries for Pediatrix's executive officers. In 2005, we reviewed these base salaries and decided to leave executive base salaries unchanged during 2005 since Pediatrix had just entered into new employment agreements with these executive officers in late 2004.

Performance Bonus. We set performance goals for performance-based compensation to executive officers, review performance goals and executive officer performance, determine whether performance goals and any other material terms were met, and make recommendations to the Board of Directors with respect to performance-based compensation for executive officers. On March 29, 2005, we adopted specific performance criteria for the

Table of Contents

determination of 2005 executive officer performance bonuses. Pursuant to these criteria, Messrs. Calabro, Wagner and Hawkins were eligible to receive performance bonuses in an amount equal to a varying percentage of their base salaries based on the percentage increase of Pediatrix's 2005 income from operations over its 2004 income from operations after adding back any expense recognized for equity based compensation.

For the year ended December 31, 2005, Pediatrix recorded a one-time charge relating to an agreement in principle as to the financial amount for a settlement of a pending national Medicaid and TRICARE investigation. The amount of the settlement relates to services provided by Pediatrix from January 1996 to December 1999. Because of this charge, Pediatrix's operating income for 2005 was reduced to a level at which none of Messrs. Calabro, Hawkins or Wagner was eligible to receive a performance bonus under the established performance bonus criteria. However, because Messrs. Calabro, Hawkins and Wagner met all of their individual performance objectives, we recommended that the Board award each a discretionary bonus equal to the percentage of his base salary to which he would have been entitled based on the percentage increase of Pediatrix's 2005 income from operations over its 2004 income from operations after adding back the charge related to the Medicaid and TRICARE investigation and any expense recognized for equity based compensation. We determined that the executive officers' performance should be measured without regard to the effect of the charge related to the Medicaid and TRICARE investigation due to the nature of this charge and to the fact that it was unrelated to the 2005 performance of Pediatrix's executive officers and instead related to periods of more than six years ago. See the Annual Compensation Table above for the aggregate bonus amounts awarded to each executive officer.

Equity Compensation. We supervise the administration of Pediatrix's Amended and Restated Stock Option Plan and 2004 Incentive Compensation Plan and recommend and approve equity compensation awards to Pediatrix's executives. We believe that awarding equity compensation awards to our executive officers will foster a long-term perspective and align our executive officers' interests with those of our shareholders. In July 2005, Messrs. Calabro, Wagner and Hawkins were granted 25,000, 18,750 and 16,667 shares of Pediatrix restricted common stock, respectively, which vest in three equal installments on June 1, 2006, 2007, and 2008. In addition, in July 2005, we determined to grant to Messrs. Calabro and Wagner 30,000 and 22,500 shares of Pediatrix restricted common stock, respectively, which vest two thirds on the later of January 1, 2006 and the date on which Pediatrix's operating income for any six-month period equals or exceeds a predetermined threshold and one third on the later of June 1, 2006 and the date on which Pediatrix's operating income for any six-month period equals or exceeds a predetermined threshold, in order to make-up for the executives not having been granted any equity compensation in 2003. Based on the recommendation of a consulting firm, we concluded that this make-up award should be made in order to properly incentivize Messrs. Calabro and Wagner and better align their long-term interests with those of Pediatrix's shareholders.

2005 Compensation for the Chief Executive Officer. We review and approve Pediatrix's goals and objectives relevant to our Chief Executive Officer's compensation, evaluate the Chief Executive Officer's performance in light of Pediatrix's goals and objectives, and set the Chief Executive Officer's compensation level based on this evaluation.

Like the other executive officers, we determined to leave Dr. Medel's base salary unchanged at \$675,000 for 2005. Due to the charge relating to the national Medicaid and TRICARE investigation, Dr. Medel was not eligible to receive a performance bonus under the established performance bonus criteria. However, because Dr. Medel met all of his individual performance objectives, we recommended that the Board award him a discretionary bonus of \$715,500 which is equal to the percentage of his base salary to which he would have been entitled to based on the percentage increase of Pediatrix's 2005 income from operations over its 2004 income from operations after adding back the charge related to the Medicaid and TRICARE investigation and any expense recognized for equity based compensation. We determined that Dr. Medel's performance should be measured without regard to the effect of the charge related to the Medicaid and TRICARE investigation due to the nature of this charge and to the fact that the charge was unrelated to Dr. Medel's 2005 performance and instead related to periods of more than six years ago. Dr. Medel also received 33,333 shares of Pediatrix restricted common stock which vest in three equal installments on June 1, 2006, 2007, and

2008.

Table of Contents**SHARE OWNERSHIP INFORMATION****Section 16(a) Beneficial Ownership Reporting Compliance**

Section 16(a) of the Exchange Act requires Pediatrix's executive officers and Directors, and persons who own more than 10% of Pediatrix's common stock, to file with the Securities and Exchange Commission reports of ownership and changes in ownership of Pediatrix common stock. Our executive officers, Directors and greater than 10% shareholders also are required by rules promulgated by the Securities and Exchange Commission to furnish Pediatrix with copies of all Section 16(a) forms they file.

Based solely on a review of the copies of such reports furnished to Pediatrix, the absence of a Form 3, 4 or 5, or representations from certain reporting persons that no Forms 5 were required, Pediatrix believes that all Section 16(a) filing requirements applicable to its officers, Directors and greater than 10% beneficial owners were complied with during the fiscal year ended December 31, 2005.
