COMPENSATION OF DIRECTORS

For serving on the Board of Directors, Directors who are not compensated as our employees or as consultants to us receive fees of \$1,500 per board meeting and \$500 per committee meeting, provided such committee meeting does not occur on the same day as a board meeting. Mortensen were each granted an option to purchase an aggregate of 7,500 shares of Common Stock upon re-election to our Board of Directors.

COMPENSATION COMMITTEE INTERLOCKS AND INSIDER PARTICIPATION

The Compensation Committee of our Board of Directors for the year ended December 31, 2000 consisted of Robert L. Mortensen and Robert C. Strauss. No member of the Compensation Committee has a relationship that would constitute an interlocking relationship with executive officers or directors of another entity.

REPORT OF THE COMPENSATION COMMITTEE OF THE BOARD OF DIRECTORS

The following is the Report of the Eclipse Compensation Committee, describing the compensation policies and rationale applicable to our executive officers with respect to the compensation paid to such executive officers for the year ended December 31, 2000. The information contained in the report shall not be deemed to be "soliciting material" or to be "filed" with the Securities and Exchange Commission, nor shall such information be incorporated by reference into any future filing under the Securities Act of 1933, as amended or the Securities Exchange Act of 1934, as amended, except to the extent that we specifically incorporate it by reference into such filing.

TO: Board of Directors

The Compensation Committee (the "Committee") of the Board of Directors reviews and approves Eclipse's executive compensation policies. The Committee administers Eclipse's various incentive plans, including the Stock Option Plan and the Employee Stock Purchase Plan, sets compensation policies applicable to Eclipse's executive officers and evaluates the performance of Eclipse's executive officers. The following is a report of the Committee describing compensation policies and rationale applicable with respect to the compensation paid to Eclipse's executive officers for the fiscal year ended December 31, 2000.

Two non-employee members of Eclipse's Board of Directors, Robert L. Mortensen and Robert C. Strauss, served as the Compensation Committee of the Board of Directors during 2000.

Compensation Philosophy

Eclipse's executive compensation programs are designed to attract, motivate and retain executives who will contribute significantly to the long-term success of Eclipse and the enhancement of shareholder value. In addition to base salary, certain elements of total compensation are payable in the form of variable incentive plans tied to the performance of Eclipse and the individual, and in the equity-based plans designed to closely align executive and shareholder interests.

Base Salary

Base salary for executives, including that of the chief executive officer, is set according to the responsibilities of the position, the specific skills and experience of the individual and the competitive market for executive talent. In order to evaluate the competitive position of Eclipse's salary structure, the Committee makes reference to publicly available compensation information and informal compensation surveys obtained by management with respect to cash compensation and stock option grants to officers of comparable companies in the high-technology sector, Eclipse's industry and its geographic location. Executive salary levels are set to approximate average rates, with the intent that superior performance under incentive bonus plans will enable the executive to elevate his total cash compensation levels that are above average of comparable companies. The Committee reviews salaries annually and adjusts

Edgar Filing: ECLIPSE SURGICAL TECHNOLOGIES INC - Form 10-K/A

them as appropriate to reflect changes in market conditions and individual performance and responsibilities.

Compensation to Chief Executive Officer in 2000

Pursuant to an employment agreement effective October 16, 2000, Mr. Michael Quinn, Eclipse's Chief Executive Officer, received base compensation at a rate of \$330,000, or \$66,000, during 2000.

6

9

Mr. Quinn's base salary was initially established by the Board of Directors. It was based on the Board's assessment that Mr. Quinn was uniquely qualified to lead Eclipse with his strong operational experience and history of accomplishments in the marketing and sales of products. The Board determined that his vision for Eclipse and his proven record of successful team building, would be pivotal to realizing the full potential of Eclipse.

Stock Option Plan

The Committee believes that Eclipse's Stock Option Plan is an essential tool to link the long-term interests of shareholders and employees, especially executive management, and serves to motivate executives to make decisions that will, in the long run, give the best returns to shareholders. Stock options are generally granted when an executive joins Eclipse, with subsequent grants also taking into account the individual's performance and the vesting status of previously granted options. These options typically vest over a three year period and are granted at an exercise price equal to the fair market value of Eclipse's Common Stock at the date of grant. The sizes of initial option grants are based upon the position, responsibilities and expected contribution of the individual. This approach is designed to maximize shareholder value over a long term, as no benefit is realized from the option grant unless the price of Eclipse's Common Stock has increased over a number of years.

In addition to the Stock Option Plan, executive officers are eligible to participate in Eclipse's Employee Stock Purchase Plan. This plan allows employees to purchase Eclipse's Common Stock at a price equal to 85% of the lower of the fair market value at the beginning of the offering period or the fair market value at the end of the purchase period.

Other elements of executive compensation include life and long-term disability insurance, medical benefits and a 401(k) deferred compensation plan with no employer matching contribution for the fiscal year ended December 31, 2000. All such benefits are available to all regular, full-time employees of Eclipse.

The foregoing report has been furnished by the Compensation Committee of the Board of Directors of Eclipse.
