PROXY STATEMENT

This proxy statement is furnished on behalf of the board of directors of Homestore, Inc., a Delaware corporation, for use at Homestore's annual meeting of stockholders to be held on May 29, 2003 at 9:30 a.m., local time, and at any postponement or adjournment thereof. The annual meeting will be held at the Crowne Plaza Los Angeles Airport located at 5985 W. Century Blvd., Los Angeles, California 90045-5463.

These proxy solicitation materials were first mailed on or about April 25, 2003 to all stockholders entitled to vote at the annual meeting.

ABOUT THE MEETING

What is the purpose of the annual meeting?

At the annual meeting, stockholders will vote on the matters outlined in the accompanying notice of annual meeting of stockholders on the cover page of this proxy statement, including the election of a Class I director.

Who is entitled to vote?

Only stockholders of record at the close of business on the record date, April 10, 2003, are entitled to vote at the annual meeting or any postponement or adjournment of the meeting.

What are the board of directors' recommendations on the proposals?

The board of directors recommends a vote FOR the nominee.

How do I vote?

Sign and date each proxy card you receive and return it in the postage-prepaid envelope enclosed with your proxy materials. If you are a registered stockholder and attend the annual meeting, then you may deliver your completed proxy card in person or you may vote in person at the annual meeting.

If your shares are held in street name by your broker or bank, you will receive a form from your broker or bank seeking instructions as to how your shares should be voted. If you do not instruct your broker or bank how to vote, your broker or bank will vote your shares if it has discretionary power to vote on a particular matter.

Can I change my vote after I return my proxy card?

Yes, you have the right to revoke your proxy at any time before the annual meeting by notifying our corporate secretary in writing, returning a later-dated proxy card, or voting in person at the annual meeting.

Who will count the votes?

Mellon Investor Services LLC will count the votes and act as the inspector of election.

What shares are included on the proxy card(s)?

The shares on your proxy card(s) represent ALL of your shares. If you do not return your proxy card(s), your shares will not be voted.

Table of Contents

What does it mean if I get more than one proxy card?

If your shares are registered differently and are in more than one account, you will receive more than one proxy card. Sign and return all proxy cards to ensure that all of your shares are voted. We encourage you to have all accounts registered in the same name and address (whenever possible). You can accomplish this by contacting our transfer agent, Mellon Investor Services LLC (800-356-2017), or, if your shares are held in street name, by contacting the broker or bank that holds your shares.

How many shares can vote?

As of the record date, 118,432,756 shares of common stock, our only voting securities, were issued and outstanding. Every stockholder is entitled to one vote for each share of common stock held.

What is a quorum?

The presence at the meeting in person or by proxy of the holders of a majority of the shares of stock entitled to vote at the meeting will constitute a quorum for the transaction of business. Proxies marked as abstaining on any matter to be acted upon by shareholders and broker non-votes will be treated as present for purposes of determining a quorum. A broker non-vote occurs when you fail to provide voting instructions for shares you hold in street name. Under those circumstances, your broker may be authorized to vote for you on some routine items but is prohibited from voting on other items. Those items for which your broker cannot vote result in broker non-votes.

What is required to approve each proposal?

The nominee for director who receives a plurality of the votes will become a Class I director.

If a broker indicates on its proxy that it does not have discretionary authority to vote on a particular matter, the affected shares will be counted as shares present for the purpose of determining the presence of a quorum. Broker non-votes will be treated as not present and not entitled to vote with respect to the election of a director.

What happens if I abstain?

Proxies marked abstain will be counted as shares present for the purpose of determining the presence of a quorum, but for purposes of determining the outcome of a proposal shares represented by these proxies will not be treated as affirmative votes. For proposals requiring an affirmative vote of a majority of the shares present, an abstention is equivalent to a no vote.

How will Homestore solicit proxies?

We have retained Mellon Investor Services to assist in the distribution of proxy materials. The costs and expenses of preparing and mailing proxy solicitation materials for the annual meeting and reimbursements paid to brokerage firms and others for their reasonable out-of-pocket expenses for forwarding proxy solicitation materials to stockholders will be borne by us. We have not retained a proxy solicitation service to assist in soliciting proxies. If, however, a proxy solicitation service is retained, the costs will be borne by us. Proxies may also be solicited in person, by telephone, or by facsimile by our directors, officers, and employees without additional compensation being paid to these persons.

ITEM 1 ELECTION OF DIRECTOR

Our bylaws provide that the authorized number of directors may be fixed by resolution of the board of directors from time to time. Pursuant to our bylaws, the board has the authority to fix the number of directors that serve on the board. Currently, the board has fixed the number of directors at seven. However, the board has indicated its desire to reach a size of eight members. When a candidate has been identified by the board, the board will resolve to increase its size to eight directors and then elect the candidate as a director pursuant to an affirmative vote of a majority of the directors then in office. Our bylaws also provide for the board to be divided into three classes as nearly equal in size as possible with staggered three-year terms. The term of office for Class I, Class II, and Class III directors will expire at the annual meeting of stockholders to be held in 2003, 2004, and 2005, respectively. The term of office for the Class I director elected at this annual meeting will expire at the annual meeting of stockholders to be held in 2006 or upon his earlier death, resignation or removal.

Unless otherwise instructed, the proxy holders will vote the proxies received by them for the nominee named below. If our nominee is unable or declines to serve as a Class I director at the time of the annual meeting, the proxies will be voted for any nominee designated by the present board of directors to fill the vacancy. The nominee has agreed to serve as director, if elected.

The nominee for election as a Class I director is:

Bruce G. Willison; Director since December 2002

Mr. Willison has served as one of our directors since December 2002. Since 1999, Mr. Willison has served as Dean of The Anderson School of Management at UCLA. Meetings and Committees of the Board of Directors

The board of directors held a total of 19 meetings during the year ended December 31, 2002. During that period, each director attended at least 75% of the aggregate of the total number of meetings of the board (held during the period for which he has been a director) and the total number of meetings of all committees of the board on which that director served (during the periods that he served), except for Mr. McDermott. The board has an audit committee, a management development and compensation committee, and a governance and nominating committee.

Audit Committee

The audit committee's principal functions are to:

independently and objectively monitor the periodic reporting of our financial condition and results of operations;

monitor reviews of the adequacy of the accounting and financial reporting processes and systems of internal control conducted by our independent auditors and financial and senior management;

review and evaluate the independence and performance of our independent auditors;

retain and manage the relationship with our independent auditors; and

facilitate communication among our independent auditors, management and the board of directors.

Our audit committee consists of Kenneth K. Klein, William E. Kelvie and Bruce G. Willison. Each member of the audit committee is an independent director as defined in applicable rules and regulations of the Securities and Exchange Commission (the "SEC") and The NASDAQ SmallCap Market and as determined by the board of directors' independence review process. The audit committee held 44 meetings during 2002. The charter of the audit committee, reflecting amendments made to the charter by the board in 2003, is included as Appendix A to this proxy statement.

Management Development and Compensation Committee

The management development and compensation committee's principal functions are to:

review the ongoing development of our leadership development programs, succession planning, mission statement and operating values;

Table of Contents

review, evaluate and make recommendations to the board of directors with respect to management's proposals regarding our overall compensation policies, including as they relate to the board, our chief executive officer and other executive officers, and senior officers and employees; and

administer and make recommendations to the board with respect to our incentive-compensation plans and equity-based compensation plans.

Our management development and compensation committee consists of Joe F. Hanauer, L. John Doerr, and Bruce G. Willison. The management development and compensation committee held eleven meetings during 2002.

Governance and Nominating Committee

The governance and nominating committee's principal functions are to:

identify and make recommendations to the board of directors on individuals qualified to serve as our board members;

develop and recommend to the board a set of governance guidelines applicable to us;

review and recommend the re-nomination of incumbent directors;

review and recommend appointments to other committees;

lead the board in its annual review of the board's performance; and

perform other tasks, such as studying the size, committee structure, or meeting frequency of the board.

Our governance and nominating committee consists of Joe F. Hanauer, L. John Doerr, William E. Kelvie, and Terrence McDermott. The governance and nominating committee was originally constituted as a nominating committee and functioned in that capacity until its governance functions were added in December 2002. The committee, in both nominating committee and governance and nominating committee forms, held four meetings during 2002.

Director Compensation

Historically, directors did not generally receive cash compensation for their services as directors, but were reimbursed for their reasonable and necessary expenses in attending meetings of board of directors and committees of the board. Compensation for services was provided solely in the form of stock options. However, in connection with the board's investigation of previously announced accounting matters, we began to pay cash compensation in addition to stock options and the reimbursement of these expenses because these activities involved significant additional efforts and time commitments. We intend to continue to pay cash compensation in addition to equity compensation and expense reimbursements to directors due to the directors' increased time commitments as well as increased corporate governance responsibilities.

With respect to 2002, each non-employee director (other than any director who is entitled to a seat on our board of directors on a contractual basis) was granted an option to purchase 30,000 shares of our common stock under our 1999 Stock Incentive Plan. Mr. Hanauer, in his capacity as chairman of the board, was granted an option to purchase an additional 35,000 shares under that plan. In addition, each of the directors who was a member of the audit committee as of April 19, 2002 was granted 12,000 restricted shares of our common stock under that plan. Each option has an exercise price equal to the fair market value of our common stock on the date of grant and a ten-year term, but will terminate within a specified time, as defined in the 1999 Stock Incentive Plan, following the date the option holder ceases to be a director or employee of, or consultant to, us. Each restricted share will vest one year after the grant date. All options and restricted stock will immediately vest if the director is not nominated for re-election, is nominated for re-election and is not elected, or must resign due to health reasons, or upon such member's death. Upon a director's resignation or termination for other reasons, including but not limited to business conflicts with us, all of the director's unvested options and restricted stock will be terminated immediately. As of February 2002, each of these directors received \$1,400 in cash per meeting for each board meeting attended during 2002, and for each

Table of Contents

committee meeting attended during 2002 that required a significant commitment of time, except that, beginning in March 2002, each member of the audit committee received \$2,500 in cash per meeting for each audit committee meeting attended that required a significant commitment of time. From February 2002 through January 2003, we paid Mr. Hanauer an additional \$120,000 in his capacity as chairman of the board. This additional compensation was paid one-third in cash and two-thirds in restricted stock, which will vest in February 2006.

With respect to 2003, each non-employee director (other than any director who is entitled to a seat on our board of directors on a contractual basis) was granted 35,000 restricted shares of our common stock and an option to purchase 15,000 shares under our 1999 Stock Incentive Plan. Mr. Willison, as a new board member, was granted an additional 25,000 restricted shares of our common stock and an option to purchase an additional 25,000 shares under that plan. Mr. Hanauer, in his capacity as chairman of the board, was granted an additional 52,500 restricted shares and an option to purchase an additional 22,500 shares under that plan. Each option has an exercise price equal to the fair market value of our common stock on the date of grant and a ten-year term, but will terminate within a specified time, as defined in the 1999 Stock Incentive Plan, following the date the option holder ceases to be a director or employee of, or consultant to, us. Each restricted share will vest three years after the grant date. All options and restricted stock will immediately vest if the director is not nominated for re-election, is nominated for re-election and is not elected, or must resign due to health reasons, or upon such member's death. Upon a director's resignation or termination for other reasons, including but not limited to business conflicts with us, all of the director's unvested options and restricted stock will be terminated immediately. These directors also receive an annual retainer of \$25,000 in cash, to be paid in quarterly installments. Each committee chair receives an additional annual retainer of \$5,000 in cash, except the chairman of the audit committee receives \$10,000 in cash. Mr. Hanauer, in his capacity as chairman of the board, receives an additional annual retainer of \$70,000 in cash, to be paid in quarterly installments. Each of these directors also will receive \$1,500 in cash per meeting for each board and committee meeting attended during 2003 that required a significant commitment of time, except that members of the audit committee will receive \$2,000 for each committee meeting attended that required a significant commitment of time.

Code of Conduct and Business Ethics

We have a strong commitment to business ethics and to complying with the laws that govern the conduct of our businesses. We believe that a commitment to honesty and integrity is a valuable asset that builds trust with our customers, suppliers, employees, stockholders and the communities in which we operate. To implement our commitment, in 2002 we developed a Code of Conduct and Business Ethics. The code applies to all of our employees, directors, officers, agents and consultants. We have also established a compliance program that is intended to ensure that we have in place policies and systems designed to prevent and detect violations of the code or any applicable law, policy or regulation. A copy of the code is available at our website at <http://www.homestore.com/investorrelations>.

Stock Option Grants in 2002

The following table sets forth grants of stock options to the named executive officers in 2002.

All options granted to the named executive officers in 2002 are either incentive stock options or nonqualified stock options. Some of these options are subject to acceleration upon a change of control of Homestore or termination of the optionee's employment. See

Employment-Related Agreements below. The options expire ten years from the date of grant and were granted at an exercise price equal to the fair market value of our common stock on the date of grant.

Potential realizable values are computed by (a) multiplying the number of shares of common stock subject to a given option by the exercise price per share, (b) assuming that the aggregate stock value derived from that calculation compounds at the annual 5% or 10% rates shown in the table for the entire ten-year term of the option, and (c) subtracting from that result the aggregate option exercise price. The 5% and 10% assumed annual rates of stock price appreciation are mandated by the rules of the SEC and do not represent our estimate or projection of future common stock prices.

Operating Agreement with the National Association of REALTORS®

In November 1996, we entered into an operating agreement with the National Association of REALTORS® (the NAR), which governs how our subsidiary, RealSelect, Inc., operates the REALTOR.com® web site on behalf of the NAR. For a description of the operating agreement, please see our annual report on Form 10-K for 2002, filed with the SEC.

Under our operating agreement with the NAR, we must make quarterly royalty payments of up to 15% of RealSelect's operating revenue in the aggregate to the NAR and the entities that provide us the information for the our real property listings (data content providers).

However, in 2002 we and the NAR amended the NAR operating agreement such that we now must make fixed payments to the NAR as follows:

For 2002, we paid \$1,175,000 in two installments of \$587,500 on June 1, 2002 and December 15, 2002.

For 2003, we must pay \$1,300,000 in four installments of \$325,000 due on the last day of each calendar quarter of 2003.

For 2004, we must pay \$1,400,000 in four installments of \$350,000 due on the last day of each calendar quarter of 2004.

For 2005, we must pay \$1,500,000 in four installments of \$375,000 due on the last day of each calendar quarter of 2005.

For 2006, we must pay \$1,500,000 plus or minus, as the case may be, the percentage change in the Consumer Price Index for 2005, in four equal installments due on the last day of each calendar quarter of 2006.

For 2007 and beyond, we must pay the amount due during the prior calendar year plus or minus, as the case may be, the percentage change in the Consumer Price Index for the prior calendar year, in four equal installments due on the last day of each calendar quarter for that calendar year.

Cendant Corporation

In connection with our acquisition of Move.com, Inc. and Welcome Wagon International, Inc. (the Move.com Group) from Cendant in 2001, we entered into a number of agreements with Cendant and one of its subsidiaries. Revenue of \$31.2 million related to these transactions was recognized in 2002. During 2002, we received approximately \$12.0 million of cash and recorded at December 31, 2002 deferred revenue of approximately \$13.5 million related to these agreements. This deferred revenue will be recognized over the next two years. During 2002, we amended certain of these agreements and recorded other income of approximately \$10.8 million for the year ended December 31, 2002. This other income resulted from the amendments, which relieved us of certain future delivery obligations under those agreements.

In connection with the Move.com Group acquisition, Cendant received the right to designate one person for election as a member of our board of directors and to designate one non-voting observer, and pursuant to this right Richard A. Smith was appointed as one of our directors in 2001. Mr. Smith resigned from the board in March 2002, and as of April 10, 2003 Cendant has not designated his replacement.

**REPORT OF THE MANAGEMENT DEVELOPMENT AND
COMPENSATION COMMITTEE**

To The Board of Directors:

The Management Development and Compensation Committee (the Committee) of the Board of Directors of Homestore, Inc. (the Company) makes final decisions regarding compensation and stock option grants to executive officers and employees. The Committee is composed of three non-employee directors, none of whom have any interlocking relationships as defined by the Securities and Exchange Commission.

General Compensation Policy

The Committee acts on behalf of the Board of Directors to establish the general compensation policy of the Company. The Committee reviews base salary levels and target bonuses for the chief executive officer (CEO) and other executive officers of the Company each year. The Committee also administers the Company's incentive and equity plans, including the Company's 1999 Employee Stock Purchase Plan, 1999 Stock Incentive Plan and 2002 Stock Incentive Plan. The Committee believes that, to help the Company become a strong, profitable, and attractive enterprise, a proper combination of cash and equity compensation provides the best incentive to attract talented management, encourage outstanding performance and align management and stockholder interests.

The Committee's philosophy in compensating executive officers and certain other key employees of the Company is to relate compensation to corporate, business unit and individual performance, and increases in shareholder value, while providing a total compensation package that is competitive and enables the Company to attract, motivate, reward and retain key executives and employees. Consistent with this philosophy, annual salary adjustments and the cash incentive component of executive officer compensation is determined after a review of the Company's and individual's performance for the previous year. The long-term equity incentives for executive officers may be stock options and restricted stock granted under the Company's stock incentive plans. In order to ensure that the compensation program was competitive and appropriate for 2002, in late 2001, the Committee retained an independent consulting firm to review the compensation policy for its executives compared to other companies considered comparable to the Company in terms of size, type of business, performance, position and compensation philosophy. The Committee also uses salary surveys obtained from time to time for reference purposes, but does not target salaries to a specific level of comparable compensation.

2002 Executive Compensation

Executive compensation for 2002 included base salary, cash bonuses, and stock option grants. Base salaries for the Company's executive officers are evaluated annually and are based on the executive's contribution to Company performance, level of responsibility, experience and breadth of knowledge. In the second quarter of 2002, the Committee approved a bonus plan for the Company's executives for performance based on the following measures: Company results of operations, Company financial position, and the executive's individual contribution to the Company's results.

The Company in the past has relied heavily on long-term equity-based compensation to compensate and incentivize its executive officers. In 2002, stock options were granted to executive officers to aid in retaining them and to align their interests with those of the stockholders. Stock options typically have been granted to executive officers when the executive first joined the Company, in connection with the significant change in responsibilities and, occasionally, to achieve equity within the executive's peer group and comparable companies. The number of shares subject to options granted is within the discretion of the Committee and is based on anticipated future contribution to corporate and/or business unit results, past performance, and work consistency within the executive's peer group.

2002 CEO Compensation

As described in the section of the Company's proxy statement in which this Report is to be included entitled "Employment-Related Agreements," the Company entered into an employment agreement with Mr. Long with respect to his services as CEO commencing in January 2002. The Committee's compensation philosophy applies in all respects to Mr. Long. The Committee believes that Mr. Long's base salary for 2002 was commensurate with the compensation paid to chief executive officers with similar experience at comparable companies. Mr. Long was awarded a \$500,000 bonus in 2002 related in large part to his contribution to the Company's restructuring and integration plan, in addition to a signing bonus of \$500,000.

Dr. Wolff, our previous CEO, resigned from the Company in January 2002.

Option Exchange Program

In August 2002, the Company offered its employees holding options the opportunity to exchange (the "Exchange Offer") all outstanding options (the "Old Options") to purchase shares of Company common stock granted to such employees (or assumed by the Company) between August 5, 1999 (the date of the Company's initial public offering) and December 31, 2001 under the Homestore.com, Inc. 1999 Stock Incentive Plan, the Move.com, Inc. 2000 Stock Incentive Plan, the 1997 Stock Incentive Plan of Cendant Corporation, Cendant Corporation Move.com Group 1999 Stock Option Plan, The Hessel 2000 Stock Option Plan, the HomeWrite Incorporated 2000 Equity Incentive Plan or the SpringStreet 1997 Stock Option Plan (collectively, the "Plans") for new options (the "New Options") that the Company would grant. Those individuals who were issued options anytime after January 24, 2002 through March 31, 2003 were not eligible to participate in the Exchange Offer.

In accordance with the Exchange Offer, the number of New Options an individual could receive equals 10% of the number of Old Options tendered by that individual; provided, however, that Old Options that were not in round lots of ten shares were rounded up to the nearest lot of ten for purposes of calculating the number of New Options to be issued. The New Options were granted on March 31, 2003. The exercise price of the New Options is equal to \$0.56 per share, the closing price of the Company's common stock on the March 31, 2003, with vesting of 1/36 of the New Options on the monthly anniversary of the grant beginning on April 30, 2003.

The Company offered this program on a voluntary basis to allow its employees to choose whether to keep their Old Options at their current exercise price, or to cancel their Old Options and receive in exchange New Options as described above. The Company made the Exchange Offer because a considerable number of its employees have stock options, whether or not they are currently exercisable, that have exercise prices significantly above the current and recent trading prices of the Company's common stock. The Company believes that the Exchange Offer provided its employees with the opportunity to hold options that over time may have a greater potential to increase in value, which the Company hopes will improve retention and create better performance incentives for its employees and will maximize the value of its common stock for its current stockholders, because reduction in the number of options outstanding may reduce the amount of dilution upon those options' exercise.

Compliance with Section 162(m) of the Internal Revenue Code of 1986

The Company has endeavored to structure its compensation plans to achieve maximum deductibility under Section 162(m) of the Internal Revenue Code of 1986. Each of the 1999 Stock Incentive Plan and the 2002 Stock Incentive Plan is in compliance with Section 162(m) by limiting the amount of stock awards that may be made to named executive officers. The Company did not award any cash compensation for 2002 or grant options in 2002 that would not be deductible by the Company. However, since corporate objectives may not always be consistent with the requirements for full deductibility, it is conceivable that in the future the Company may award compensation to its executive officers that is not fully deductible under Section 162(m).
