of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole.

THE GOODYEAR TIRE & RUBBER COMPANY
EMPLOYEE SAVINGS PLAN FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 30, 2001 AND 2000

1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

BASIS OF ACCOUNTING

The accounts of The Goodyear Tire & Rubber Company Employee Savings Plan for Salaried Employees (the "Plan") are maintained on the accrual basis of accounting and in accordance with The Northern Trust Company (the "Trustee") Trust Agreement, effective as of November 1, 1995.

PLAN YEAR

The Plan year commences on December 31 of each year and ends on the following December 30. The Plan year ended December 30, 2001 represents the period of December 31, 2000 through December 30, 2001.

TRUST ASSETS

Savings plans sponsored by The Goodyear Tire & Rubber Company and certain subsidiaries (the "Company") maintain their assets in a master trust administered by the Trustee. The Company sponsored two and four savings plans at December 30, 2001 and 2000, respectively, that participated in the master trust (See Note 4). The Plan's undivided interest in the trust is presented in the accompanying financial statements in accordance with the allocation made by the Trustee. At December 30, 2001 and 2000, the Plan's undivided interest in the master trust was 64.4% and 62.6%, respectively.

ASSET VALUATION

The majority of the assets of the Plan are valued at fair market value. Investments in the Goodyear Stock Fund are valued at the last reported sales price on the last business day of the month. If no sales were reported on that date, the shares are valued at the last bid price. Investments held in the Stable Value Fund are invested in various instruments that have a rate of return, and are reported at contract value (See Note 13). Investments in the Conservative Asset Allocation Fund, Moderate Asset Allocation Fund, Aggressive Asset Allocation Fund, S&P 500

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form 11-K

Index Stock Equity Fund, Small Capitalization Stock Equity Fund, Large Capitalization Stock Equity Fund, International Stock Equity Fund, and Self-Directed Account are valued based on units of participation in commingled funds and mutual funds as reported by the fund manager, which approximates fair market value. The allocation of assets, interest and dividend income, and realized and unrealized appreciation and depreciation is made based upon contributions received and benefits paid by each participating plan on a daily basis.

THE GOODYEAR TIRE & RUBBER COMPANY
EMPLOYEE SAVINGS PLAN FOR SALARIED EMPLOYEES
NOTES TO FINANCIAL STATEMENTS
DECEMBER 30, 2001 AND 2000

INCOME RECOGNITION

Employer and employee contributions are recognized in Plan equity on the accrual basis of accounting.

Dividend income is recorded on the ex-dividend date.

Interest income is recorded as earned.

Appreciation or depreciation on Goodyear common stock distributed to participants is the difference between the weighted average cost and the current market value at the time of distribution.

CONCENTRATION OF CREDIT RISK

The Stable Value Fund of the Plan invests part of the fund in investment contracts of financial institutions with strong credit ratings and has established guidelines relative to diversification and maturities that maintain safety and liquidity (See Note 13).

USE OF ESTIMATES

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the amounts reported in the basic financial statements and related notes to financial statements. Changes in such estimates may affect amounts reported in future years.

2. GENERAL DESCRIPTION AND OPERATION OF THE PLAN:

INCEPTION

The Plan is a defined contribution plan which became effective July 1, 1984.

ELIGIBILITY

Effective December 30, 2001, all salaried, hourly, and U.S. expatriate employees, including officers, of the Company are eligible to participate in the Plan as of the first enrollment date after completing three months of continuous service with the Company. At the end of the 2001 plan year, approximately 16,869 employees (17,712 in 2000) of the Company were eligible with approximately 13,030 employees (13,539 in 2000) participating in the Plan, including employees transferred from The Goodyear Tire & Rubber Company Employee Savings Plan for Hourly Employees, The Goodyear

-5-

NOTES TO FINANCIAL STATEMENTS
DECEMBER 30, 2001 AND 2000

VESTING

Employee contributions are fully vested. Employer matching contributions become vested after the participant has completed four years of continuous service with the Company (See Note 8).

CONTRIBUTIONS

Eligible employees may elect to contribute any whole percent from 1% to 22% of earnings, including wages, bonuses, commissions, overtime and vacation pay into the Plan. Participating employees may elect to have their contributions invested in the Stable Value Fund, Conservative Asset Allocation Fund, Moderate Asset Allocation Fund, Aggressive Asset Allocation Fund, S&P 500 Index Stock Equity Fund, Small Capitalization Stock Equity Fund, Large Capitalization Stock Equity Fund, International Stock Equity Fund, Goodyear Stock Fund, and Self-Directed Account or in any combination of these ten funds in multiples of 1%. The Company calculates and deducts employee contributions from gross earnings each pay period based on the percent elected by the employee. Employees may change their contribution percent any time up to the 15th day of the month for changes to be effective on the 1st day of the following month. Employees may transfer amounts attributable to employee contributions from one fund to the other on a daily basis. Eligible employees may enroll in the Plan effective on the 1st day of the month by enrolling by the 15th day of the prior month. Employees may suspend their contributions at any time effective immediately.

Employees who are 52 years of age or older are able to transfer employer contributions from the Goodyear Stock Fund into the Plan's other investment funds.

The Plan has been established under section 401 of the Internal Revenue Code. Therefore, employee and employer contributions to the Plan are not subject to federal withholding tax, but are taxable when they are withdrawn from the Plan.

The Board of Directors of the Company determines the matching percent used as the employer contribution for each Plan year. The Company matching contributions are limited to the first 6% of employee contributions at the rate of 50% and employee contributions are limited to \$10,500 in 2001 and 2000, respectively.

The Plan provides the Company the ability to establish a minimum contribution level for each Plan year. The minimum contribution is first satisfied from employee contributions and the remainder is satisfied by employer contributions. In the event the minimum contribution level exceeds the sum of the employee contributions and employer matching contributions, the excess is allocated to the participants' accounts to the extent permitted. The remainder is held in a suspense account which is applied to

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form 11-K

reduce employer contributions in the following Plan years. The calculation of the Company's matching contributions is not impacted by this minimum contribution level.

NOTES TO FINANCIAL STATEMENTS
DECEMBER 30, 2001 AND 2000

All assets of each self-directed account will be held and administered as a separate trust fund.

Allocation Fund, Aggressive Asset Allocation Fund, S&P 500 Index Stock Equity Fund, Small Capitalization Stock Equity Fund, Large Capitalization Stock Equity Fund, International Stock Equity Fund, Loan Investment Fund, and Goodyear Stock Fund have been established for each participant in the Plan. All accounts are valued daily by the Trustee.

PLAN WITHDRAWALS AND DISTRIBUTIONS

Participants may withdraw vested amounts from their accounts if they:

- Attain the age of 59 1/2, or
- Qualify for a serious financial hardship.

The Internal Revenue Service (IRS) issued guidelines governing financial hardship. Under the IRS guidelines, withdrawals are permitted for severe financial hardship. Contributions to the Plan are suspended for 12 months subsequent to a financial hardship withdrawal (See Note 8).

Participant vested amounts are payable upon retirement, death or other termination of employment.

All withdrawals and distributions are valued as of the end of the month they are processed, and are subject to federal income tax upon receipt. Any non-vested Company contributions are forfeited and applied to reduce future contributions by the Company. During 2001 and 2000, the Plan had forfeiture credits in the amounts of \$181,221 and \$145,904, respectively.

LOAN INVESTMENT FUND

Eligible employees may borrow money from their participant accounts. The minimum amount to be borrowed is \$1,000. The maximum amount to be borrowed is the lesser of \$50,000 reduced by the highest outstanding balance of any loan during the preceding twelve month period, or 50% of the participant's vested account balance. Participants may have up to two loans outstanding at any time. The interest rate charged will be a fixed rate which will

be established at the time of the loan application. The interest rate at the beginning of the 2001 Plan year was 10.50%, which decreased throughout the year to 6.00% at December 30, 2001. The interest rate at the beginning of the 2000 Plan year was 9.50%, which increased throughout the year to 10.50% at December 30, 2000.

Loan repayments, with interest, are made through payroll deductions. If a loan is not repaid when due, the loan balance will be treated as a taxable

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form 11-K

distribution from the Plan.

ROLLOVERS

Employees, Plan participants, or former Plan participants may transfer eligible cash distributions from any other employer sponsored plan qualified under Section 401 of the Internal Revenue Code into the Plan by a direct transfer from such other plan.

EXPENSES

Expenses of administering the Plan were paid partly by the Company and partly by the Trust. The payment of Trustee's fees and brokerage commissions associated with the Company Stock Fund are paid by the Company. Expenses related to the asset management of the investment funds are paid from such Funds which reduces the investment return reported and credited to participant accounts.

TERMINATION PROVISIONS

The Company anticipates and believes that the Plan will continue without interruption, but reserves the right to discontinue the Plan. In the event of termination, the obligation of the Company to make further contributions ceases. All participants' accounts would then be fully vested with respect to Company contributions.

3. RELATED PARTY TRANSACTIONS:

The Trustee serves as the fund manager of the S&P 500 Index Stock Equity Fund.

The Goodyear Stock Fund is designed primarily for investment in common stock of the Company.

4. PLAN MERGER:

Effective November 30, 2001, certain participants of the Brad Ragan, Inc. Retirement Savings Plan were merged into the Plan. In conjunction with this merger, 467 participants and assets totaling \$9,267,000 were transferred to the Plan in December 2001, and are included in Transfers Between Plans on the Statement of Changes in Net Assets Available for Plan Benefits. The provisions of the Plan and its related trust now govern with respect to the interests of the participants transferred from the Brad Ragan, Inc. Retirement Savings Plan.

Effective December 30, 2001, The Goodyear Tire & Rubber Company Employee Savings Plan for Hourly Employees and The Goodyear Tire & Rubber Company Employee Savings Plan for Salaried Expatriate Employees were merged into the Plan. In conjunction with these mergers, 675 and 375 participants and assets totaling \$41,675,000 and \$26,699,000 were transferred from The Goodyear Tire & Rubber Company Savings Plan for Hourly Employees and The Goodyear Tire & Rubber Company Savings Plan for Salaried Expatriate

Edgar Filing: GOODYEAR TIRE & RUBBER CO /OH/ - Form 11-K

Employees, respectively, to The Goodyear Tire & Rubber Company Savings Plan for Salaried Employees in January 2002 and are included in Transfers Between Plans on the Statement of Changes in Net Assets Available for Plan Benefits. The provisions of The Goodyear Tire & Rubber Company Savings Plan for Salaried Employees and its related trust now govern with respect to the interests of the participants transferred from The Goodyear Tire & Rubber Company Savings Plan for Hourly Employees and The Goodyear Tire & Rubber Company Savings Plan for Salaried Expatriate Employees.

5. TAX STATUS OF PLAN:

As described in Notes 2 and 8, the Plan has been amended since receipt of the last determination letter dated May 22, 1995. On May 22, 1995, the IRS advised that the Plan is qualified in accordance with the appropriate sections of the Internal Revenue Code, and the trust established with the Plan constitutes a qualified trust and is therefore exempt from federal income taxes. The Plan administrator is in the process of applying for a new determination letter and does not anticipate that changes in the Plan or other events occurring after the receipt of the IRS ruling will affect the qualification of the Plan or the tax exempt status of the Trust.

6. TRANSFER OF PARTICIPANT ACCOUNTS:

In April 2001, certain Goodyear employees who were participants in the Plan were transferred to Wingfoot Commercial Tires, LLC, a new joint venture created by the Company. As a result of the transfer, the participants' individual accounts and assets in the Plan totaling \$24,839,000 were transferred to the Wingfoot Commercial Tires, LLC Savings and Retirement Plan in April and May 2001 and are included in Transfers Between Plans on the Statement of Changes in Net Assets Available for Plan Benefits.

provide for certain other changes. Among the changes, the amendment provides for the following: the maximum employee contribution percentage increases from 22% to 50%; the period to fully vest in employer matching contributions reduces from four years to three years; authorizes catch-up contributions by participants who have attained age 50 by December 31 of each year, subject to certain limitations of the Internal Revenue Code; and reduces the period during which the recipient of a hardship withdrawal cannot make additional contributions from twelve months to six months. In addition, the amendment converts that portion of the Plan that consists of matching employer contributions into an employee stock ownership plan (ESOP). Under the ESOP, participants may elect to receive in cash the dividend on the Goodyear stock held in their employer match account. Participants should refer to the Plan agreement for a more complete description of the Plan's provisions.
