PROXY STATEMENT

This Proxy Statement and the accompanying form of proxy are being mailed on or about April 3, 2003, in connection with the solicitation by the Board of Directors of Computer Task Group, Incorporated of proxies to be voted at the annual meeting of shareholders on May 8, 2003, and any adjournment or postponement of the meeting. The mailing address of the Company's executive office is 800 Delaware Avenue, Buffalo, New York 14209.

The Board has selected the close of business on March 26, 2003 as the record date for the determination of shareholders entitled to vote at the annual meeting. On that date, the Company had outstanding and entitled to vote 20,868,834 shares of common stock, par value \$.01 per share.

Each outstanding share of common stock is entitled to one vote. Shares cannot be voted at the meeting unless the shareholder is present or represented by proxy. If a properly executed proxy in the accompanying form is returned, the shares represented thereby will be voted at the meeting in accordance with the instructions contained in the proxy, unless the proxy is revoked prior to its exercise. Under the New York Business Corporation Law and the Company's By-laws, the presence, in person or by proxy, of one-third of the outstanding common stock is necessary to constitute a quorum of the shareholders to take action at the annual meeting. The shares that are present at the meeting, or represented by a proxy, will be counted for quorum purposes regardless of whether or not a broker with discretionary authority exercises its discretionary voting authority with respect to any particular matter. Once a quorum is established, under the BCL and the Company's By-laws, the directors standing for election may be elected by a plurality of the votes cast. For voting purposes, all votes cast "for," "against," "abstain," or "withhold authority" will be counted in accordance with such instructions as to each item. Broker non-votes will not be counted for any item.

ELECTION OF DIRECTORS

At the annual meeting of shareholders, three persons are to be elected to

The shares represented by properly executed proxies will be voted, in the absence of contrary instructions, in favor of the election of the following nominees as Class III directors -- Randall L. Clark, John M. Palms and Daniel J. Sullivan.

THE BOARD OF DIRECTORS RECOMMENDS THAT SHAREHOLDERS VOTE FOR THE NOMINEES FOR CLASS III DIRECTORS

All nominees have consented to serve as directors, if elected. However, if at the time of the meeting any nominee is unable to stand for election, the persons who are designated as nominees intend to vote, in their discretion, for such other persons, if any, as may be designated by the Board.

Independent Public Accountants and Fees

The Company has engaged Deloitte & Touche LLP ("Deloitte") as the principal accountants to audit the Company's financial statements since July 7, 1998.

A representative of Deloitte will be present at the annual meeting of shareholders of the Company. The representative will be given the opportunity to make a statement if the representative desires to do so, and will be available to respond to appropriate questions. To the best of the Company's knowledge, no member of that firm has any past or present interest, financial or otherwise, direct or indirect, in the Company or any of its subsidiaries. Matters involving auditing and related functions are considered and acted upon by the Audit Committee. The Audit Committee has determined that the provision of services described under "All Other Fees," below is compatible with maintaining the principal accountant's independence.

Audit Fees -- The aggregate fees billed for professional services rendered for the audit of the Company's annual financial statements for the most recent fiscal year, including the Company's foreign subsidiaries, and the reviews of the financial statements included in the Company's Form 10-Q's are approximately \$187,313.

Financial Information Systems Design and Implementation Fees -- Deloitte did not render any services related to financial information systems design and implementation for the most recent fiscal year.

All Other Fees -- Aggregate fees billed for all other services rendered by Deloitte for the most recent fiscal year are approximately \$26,500 for tax software and \$86,267 for tax preparation services.

Officers, directors and greater than 10% shareholders are required by SEC regulation to furnish the Company with copies of all Section 16(a) forms they file.

The Company believes that all Section 16(a) filing requirements applicable to its officers, directors and beneficial owners of more than 10% of its outstanding common stock were complied with for 2002. This belief is

7

based solely on the Company's review of copies of the reports furnished to it and written representations that no other reports were required.

COMPENSATION COMMITTEE REPORT ON EXECUTIVE COMPENSATION

The Compensation Committee of the Board of Directors is composed of R. Keith Elliott (Chairman), George B. Beitzel and John M. Palms, each of whom are "non-employee directors" within the meaning of Rule 16b-3 under the Securities Exchange Act of 1934. The Committee is responsible for overseeing the administration of the Company's employee stock and benefit plans, establishing policies relating to the compensation of employees and setting the terms and conditions of employment for executive officers. This Committee report describes the various components of the Company's executive officer compensation program and the basis on which 2002 compensation was paid to such executive officers, including the executive officers named in the compensation tables set forth above.

Compensation Policy -- The Committee's compensation policies are designed to maintain a direct relationship among executive pay, financial performance of the Company and the creation of shareholder value. Such policies seek to:

- Provide compensation opportunities that enable the Company to attract and retain qualified executives;
- Provide compensation that is directly related to the performance of both the Company and the individual;
- Integrate the compensation programs with the Company's annual and long-term financial and operating objectives; and
- Align the interests of executive officers with the long-term interests of the Company's stockholders through stock-based award opportunities that can result in ownership of the Company's common stock.

The Company's executive compensation program attempts to achieve the foregoing objectives by integrating annual base salary with annual cash and stock-based incentives based on both Company and individual performance. Measurement of Company performance is based on operating and financial objectives set at the beginning of each year. As a result, executive compensation tends to be higher in years in which the performance goals are achieved or exceeded. In addition, as an executive's level of responsibility increases, a substantial portion of his or her annual compensation is based on performance incentives. Accordingly, there will be greater variability in an executive's total compensation from year to year based on both the individual's and the Company's actual performance.

Components of Executive Compensation -- The compensation paid to the Company's executive officers, as reflected in the tables set forth in this Proxy Statement, consisted of annual base salary, annual cash incentive compensation, long-term stock-based incentive compensation and deferred compensation.

Annual Base Salary -- With respect to determining the base salary of executive officers, the Committee takes into consideration a variety of factors including the executive's level of responsibility, individual performance and the salaries of similar positions in the Company and in comparable companies both within and outside our industry who compete for executive talent. The

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

Committee also engages a compensation consultant to advise it with respect to such matters.

Annual Cash Incentive Compensation -- Each executive officer's total annual compensation consists in part of annual cash incentive compensation. Awards of cash incentive compensation are based on the attainment of one or more specified targeted levels of (i) gross profit, (ii) operating income, (iii) specific assigned objectives, (iv) earnings per share, and (v) individual objectives. The Committee, in awarding cash incentive compensation, considers the recipient's individual contribution toward Company operating profitability, cost containment, leadership, teamwork and the successful implementation of business strategy. The objective of this form of annual compensation is to provide an incentive to certain executives to achieve operating and financial objectives that the Committee believes are primary determinants of shareholder value over time.

Long-Term Stock-Based Incentive Compensation -- The third component of executive compensation consisted of grants of stock options under the Company's 2000 Equity Award Plan. In making grants of stock options, the Committee considered an executive's contribution toward past and the expected contribution toward future Company performance. Any value that might be received from an option grant depends upon increases in the price of the Company's common stock. Accordingly, the amount of compensation to be received by an

9

executive is directly aligned with increases in shareholder value. Grants of stock options are made to key employees of the Company who, in the opinion of the Committee, have had and are expected to continue to have a significant impact on the long-term performance of the Company. The awards are also intended to reward individuals who remain with the Company and to further align their interests with those of the Company's shareholders. The Committee strongly believes that stock ownership by management and stock-based performance compensation are beneficial in aligning management's and shareholders' interests in the enhancement of shareholder value.

Stock Options Granted During 2002 -- The Committee granted stock options to one executive officer named in the following table (see Options/SAR Grants in 2002). In general, recipients of the stock options receive the right to purchase shares of common stock of the Company in the future at a price equal to their fair market value determined on the date of grant. The Committee determines the dates and terms upon which option may be exercised, as well as whether the options will be incentive stock options or nonqualified stock options. In determining whether to grant an individual stock options, the Committee considers an executive's contribution toward Company performance, expected future contribution and the number of options and shares of common stock presently held by the executive.

Deferred Compensation -- The fourth component of executive compensation may consist of the Company's contribution under the CTG Non-Qualified Key Employee Deferred Compensation Plan for those executives chosen to participate in the Plan. Executives chosen to participate in the Plan are eligible to elect to defer a percentage of their annual cash compensation. In addition, executives are also eligible to receive a Company contribution under the Plan in an amount equal to a specified percentage of the sum of the executive's 2002 base salary and bonus compensation. The Company's contribution percentage and criteria used to determine performance targets are based on the recommendations of the Chairman, President and CEO, subject to the approval of the Committee. The contribution is made in cash or CTG common stock, as determined by the Committee. No contributions were made in 2002 under this Plan.

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

Chief Executive Officer Compensation -- The Committee, in setting the compensation for the position of Chief Executive Officer, sought to provide a compensation package which depended in part upon the attainment of both annual and long-term objectives, thereby linking the annual compensation of the CEO to individual performance and the Company's performance. Compensation for the position of CEO consisted of the following: (i) annual base compensation established by the Committee, (ii) cash incentive compensation measured by Company financial performance and the CEO's attainment of specific strategic and organizational objectives, together with an assessment by the Committee and the Board of Directors of the effectiveness of the CEO, (iii) long-term stock-based incentive compensation, and (iv) a contribution under the CTG Non-Qualified Key Employee Deferred Compensation Plan.

Mr. Boldt's 2002 compensation consisted of base compensation of \$400,000.

Section 162(m) of the Internal Revenue Code -- Section 162(m) of the Code, adopted as part of the Omnibus Budget and Reconciliation Act of 1993, generally limits to \$1 million the deduction that can be claimed by any publicly held corporation for compensation paid to any "covered employee" in any taxable year beginning after December 31, 1993. The term "covered employee" is defined as the Chief Executive Officer and the four other highest paid executive officers of the corporation. The Committee has determined that the 2000 Equity Award Plan meets the requirements for deductibility. The Committee will, however, continue to study whether it is desirable to cause compensation arrangements in the future to qualify as deductible compensation. To the extent that the Committee's compensation objectives can be achieved in a manner which maximizes the deductibility of compensation paid by the Company, it will seek to do so.

COMPANY PERFORMANCE GRAPH

The following graph shows a five-year comparison of cumulative total shareholder returns for the Company's common stock, the S&P 500 Index, and a Peer Group, assuming a base index of \$100 at the end of 1997. The cumulative total return for each annual period within the five years presented is measured by dividing (1) the sum of (A) the cumulative amount of dividends for the period, assuming dividend reinvestment, and (B) the difference between the Company's share price at the end and the beginning of the period by (2) the share price at the beginning of the period. The calculations exclude trading commissions and taxes.

Executive Supplemental Benefit Plan

The Company maintains an Executive Supplemental Benefit Plan (Supplemental Plan) which provides one current and certain former executives with deferred compensation benefits. The Supplemental Plan was amended as of December 1, 1994 in order to freeze the then current benefits, provide no additional benefit accruals for participants and to admit no new participants. As a result of this action, the Company reduced its annual Supplemental Plan expense from approximately \$1.1 million in 1994 to approximately \$0.6 million in 2002. Generally, the Supplemental Plan provides for retirement benefits of up to 50% of a participating employee's base compensation at termination or as of December 1, 1994, which ever is earlier, and pre-retirement death benefits calculated using the same formula that is used to calculate normal and early retirement benefits. Benefits are based on service credits earned each year of employment prior to and subsequent to admission to the Supplemental Plan through December 1, 1994. Retirement benefits and pre-retirement death benefits are paid during the 180 months following retirement or death, respectively, while disability benefits are paid until normal retirement age. Normal retirement is age 60. For any participant who is a member of a successor plan, the normal retirement age is increased to 65.

On November 30, 1994, the Supplemental Plan was also amended to provide that in the event of a change of control, participants employed at that time shall be entitled to receive a lump sum benefit equivalent to the present value of 50% of their base compensation as of the date of the change of control. A change of control will occur if (1) any person (other than the Company, any trustee or other fiduciary holding securities under an employee benefit plan of the Company, or any company owned, directly or indirectly, by the stockholders of the Company in substantially the same proportions as the ownership of stock of the Company) is or becomes the beneficial owner, directly or indirectly, of securities of the Company representing 30% or more of combined voting power of the Company's then outstanding voting securities; (2) during any period of 24 consecutive months, individuals who at the beginning of the period constitute the Board and any new director whose election by the Board, or whose nomination for election by the Company's stockholders, was approved by a vote of at least two-thirds of the directors (other than in connection with the contested election), before the beginning of the period cease, for any reason, to constitute at least a majority thereof; or (3) the stockholders of the Company approve a plan of complete liquidation of the Company or the sale or disposition by the Company of all or substantially all of the Company's assets unless the acquirer of the assets or its directors shall meet the conditions for a merger or consolidation described in the Supplemental Plan.

Plan participants may request the Committee to begin the payment of retirement benefits beginning at age 55. It is within the discretion of the Compensation Committee as to whether or not a participant will be permitted to receive early retirement benefits.

Mr. Boldt did not participate in the Supplemental Plan. There is one current and 19 former employees that are covered by the Supplemental Plan.

Non-Competition and Employment Agreements

On July 16, 2001, the Company entered into an employment agreement with Mr. Boldt. The agreement will continue in effect until either party provides 60 days prior written notice to the other that it does not wish to continue Mr. Boldt's employment. The agreement provides for an annual base salary of \$400,000. In the

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

event the Company terminates Mr. Boldt's employment for other than cause (as defined in the agreement) or Mr. Boldt terminates his employment for good reason (as defined in the agreement) or he dies or becomes disabled, the Company will pay as severance to Mr. Boldt an amount equal to the average annual total compensation paid to Mr. Boldt during the three prior years (which includes the current year). The severance is payable in 26 consecutive bi-weekly installments. The Company will also continue certain medical benefits during such period. If at the end of the twelve-month period, Mr. Boldt is not employed, he will continue to receive such compensation and benefits for up to an additional six months. The agreement also prohibits Mr. Boldt from competing with the Company for a period of one-year following the termination of employment.

Change in Control Agreements

On July 16, 2001, the Company entered into a change in control agreement with Mr. Boldt. The agreement provides that upon the occurrence of a change in control, Mr. Boldt will become fully vested in and entitled to exercise immediately all stock related awards he has been granted under any of the Company's plan. The Agreement goes on to provide that upon the termination of Mr. Boldt's employment (a) without cause by the Company or by himself with good reason within 24 months following a change in control or (b) by himself for any reason within 6 months after a change in control, Mr. Boldt will receive three times his full salary and bonus as well as a lump sum to cover fringe benefits. A change in control will occur if (1) the Company's stockholders approve (a) the dissolution or liquidation of the Company, (b) the merger or consolidation or other reorganization of the Company with any other entity other than a subsidiary of the Company, or (c) the sale of all or substantially all of the Company's business or assets or (2) any person other than the Company or its subsidiaries or employee benefit plans becomes the beneficial owner of more than 20% of the combined voting power of the Company's then outstanding securities or (3) during any period not longer than two consecutive years, individuals who at the beginning of such period constituted the Board cease to constitute at least a majority thereof, unless the election of each new Board member was approved by a vote of at least three-quarters of the Board members then still in office who were Board members at the beginning of such period.

Each of the named executives in the cash compensation table have entered into a change of control agreement with the Company. These agreements contain provisions that are generally similar to that of Mr. Boldt except that in the event their employment is terminated by the Company without cause by themselves with good reason within 24 months after a change in control, such executives would receive two times their salary and bonus.

Non-Qualified Key Employee Deferred Compensation Plan

On February 2, 1995 the Compensation Committee approved the creation of a Non-Qualified Key Employee Deferred Compensation Plan. The Deferred Compensation Plan is intended as a successor plan to the Supplemental Plan. Participants in the Deferred Compensation Plan are eligible to (1) elect to defer a percentage of their annual cash compensation and (2) receive a Company contribution of a percentage of their base compensation and annual bonus if the Company attains annual defined performance objectives.

The Chief Executive Officer, subject to the approval of the Compensation Committee, recommends (1) those key employees who will be eligible to participate and (2) the percentage of a participant's base and bonus compensation which will be contributed each year to the Deferred Plan if the Company attains annual defined performance objectives. All amounts credited to the participant are invested, as determined by the Compensation Committee, and the participant is credited with actual earnings of the investments. Company contributions, including investment earnings, may be cash or the stock of the

Edgar Filing: COMPUTER TASK GROUP INC - Form DEF 14A

Company.

Plan participants have a 100% nonforfeitable right to the value of their corporation contribution account after the fifth anniversary of the employment with the Company. If a participant terminates employment due to death, disability, retirement at age 65, or in the event a change of control (as defined in the CTG Executive

13

Supplemental Benefit Plan previously recited) occurs, the participant or his or her estate will be entitled to receive the benefits accrued for the participant as of the date of such event. Company contributions will be forfeited in the event a participant incurs a separation from service for cause. Participants are 100% vested in their own contributions. All amounts in the Deferred Plan, including elective deferrals, are held as general assets of the Company and are subject to the claims of creditors of the Company. In 2002, as the Company did not attain defined operating income objectives, no award for eligible participants was made to the plan.

Directors' and Officers' Liability Insurance

The Company indemnifies its directors and officers to the extent permitted by law in connection with civil and criminal proceedings against them by reason of their service as a director or officer. As permitted by Section 726 of the New York Business Corporation Law, the Company has purchased directors' and officers' liability insurance to provide indemnification for the Company and all its directors and officers. The current liability insurance policy, with a policy period effective April 1, 2002, was issued by The Chubb Group of Insurance Companies at an annual premium of approximately \$295,000.

Certain Relationships and Related Transactions

During 2002 Mr. Marks, a director of the Company, received an annual sum of \$90,000 payable monthly under the terms of the Supplemental Plan. Under the terms of a non-competition agreement that covered the period from March 1984 through October 1995, Mr. Marks also receives the same medical benefits as those provided to officers of the Company. The Company also paid the premiums on a life insurance policy for Mr. Marks with a face value of \$300,000.
