ITEM 1.01. Entry Into a Material Definitive Agreement

On February 13, 2006, Dick's Sporting Goods, Inc. (the Company or Dick's) (NYSE: DKS) entered into an Aircraft Sublease Agreement with Corporate Air, LLC (Corporate Air). Under that sublease the Company will charter for business use an aircraft owned by EWS, LLC (EWS), an entity owned by Dick's Chairman and Chief Executive Officer, Edward W. Stack (Mr. Stack and certain members of his family also control approximately 79% of the combined voting power of Dick's common stock and Class B common stock). Corporate Air, an independent airline charter company, has a master lease with EWS under which Corporate Air operates and maintains this aircraft, hires pilots and other staff for flight operations and also may act to charter the aircraft for use by third parties. Corporate Air also serves as an independent airline charter company for other aircraft, including other aircraft leased directly by Dick's and its affiliates, where Corporate Air offers similar services for those aircraft. During the Dick's/Corporate Air five (5) year sublease term, Dick's has the right use this aircraft on a flight available basis for one thousand five hundred (1,500) hours for Dick's travel purposes. The sublease may be terminated on certain conditions as set forth in the sublease and terminates automatically if Corporate Air no longer has the right to operate the aircraft under the master lease.

Under this arrangement, Dick's will pay Corporate Air (i) a base fee of \$150,000 per month and (ii) an hourly charter rate of \$1,900 per block hour of actual usage. The hourly charter rate is subject to a fuel surcharge adjustment, as set forth in the sublease. We believe the cost to the Company on an hourly basis to charter this aircraft (the hourly rate per usage and the yearly fee) is below market as compared to fees of other providers chartering comparable aircraft on comparable routes. The Company received an independent opinion to this effect, which the Company's board of directors and audit committee used in approving this arrangement. Mr. Stack continues to be eligible to use other leased or owned aircraft of the Company under the Board approved Travel Policy for Non-Business Use of Corporate Aircraft. This policy effectively requires an executive who uses such aircraft for non-business use to pay the aggregate incremental cost of such use.
