ITEM 8.01 OTHER EVENTS

At the request of Delphi Corporation (Delphi or the Company), the United States (U.S.) Bankruptcy Court for the Southern District of New York (the Court) has rescheduled the second day of Delphi s Disclosure Statement hearing from October 25, 2007 to November 8, 2007. Delphi s Twenty-Third Omnibus Hearing will proceed as planned on October 25, 2007. The Disclosure Statement hearing was commenced on October 3, 2007, at which time the Court disposed of the then 10 pending objections to the Disclosure Statement.

This brief adjournment will permit Delphi to continue to negotiate potential Plan of Reorganization (POR) amendments with key stakeholders, make appropriate amendments to both the General Motors Corporation settlement documentation (GM Settlement) and the Equity Purchase Commitment Agreement (EPCA), and continue discussions with potential exit lenders. Under the Court s scheduling order, Delphi will file a notice of changed pages to the Disclosure Statement on October 29, 2007 (including information regarding proposed amendments to the Disclosure Statement, POR, GM Settlement and EPCA).

Delphi is continuing to work toward emergence as soon as possible and anticipates that the above schedule will facilitate emergence during the first quarter of 2008.

FORWARD-LOOKING STATEMENTS

This Current Report on Form 8-K, including the exhibits being filed as part of this report, as well as other statements made by Delphi may contain forward-looking statements that reflect, when made, the Company s current views with respect to current events and financial performance. Such forward-looking statements are and will be, as the case may be, subject to many risks, uncertainties and factors relating to the Company s operations and business environment which may cause the actual results of the Company to be materially different from any future results, express or implied, by such forward-looking statements. In some cases, you can identify these statements by forward-looking words such as may, might, will, should, expects, plans, anticipates, believes, estimates, predicts, the negative of these terms and other comparable terminology. Factors that could cause actual results to differ materially from these forward-looking statements include, but are not limited to, the following: the ability of the Company to continue as a going concern; the ability of the Company to operate pursuant to the terms of the debtor-in-possession financing facility; the terms of any reorganization plan ultimately confirmed; the Company s ability to obtain Court approval with respect to motions in the chapter 11 cases prosecuted by it from time to time; the ability of the Company to prosecute, confirm and consummate one or more plans of reorganization with respect to the chapter 11 cases; the Company s ability to satisfy the terms and conditions of the EPCA; risks associated with third parties seeking and obtaining Court approval to terminate or shorten the exclusivity period for the Company to propose and confirm one or more plans of reorganization, for the appointment of a chapter 11 trustee or to convert the cases to chapter 7 cases; the ability of the Company to obtain and maintain normal terms with vendors and service providers; the Company s ability to maintain contracts that are critical to its operations; the potential adverse impact of the chapter 11 cases on the Company s liquidity or results of operations; the ability of the Company to fund and execute its business plan (including the transformation plan described in Item 1. Business Potential Divestitures, Consolidations and Wind-Downs of the Annual Report on Form 10-K for the year ended December 31, 2006 filed with the U.S. Securities and Exchange Commission (the SEC)) and to do so in a timely manner; the ability of the Company to attract, motivate and/or retain key executives and associates; the ability of the Company to avoid or continue to operate during a strike, or partial work stoppage or slow down by any of its unionized employees and the ability of the Company to attract and retain customers. Additional factors that could affect future results are identified in the Company s Annual Report on Form 10-K for the year ended December 31, 2006, including the risk factors in Part I. Item 1A. Risk Factors, contained therein and the Company s quarterly periodic reports for the subsequent periods, including the risk factors in Part II. Item 1A. Risk Factors, contained therein, filed with the SEC. Delphi disclaims any intention or obligation to update or revise any forward-looking statements, whether as a result of new information, future events and/or otherwise. Similarly, these and other factors, including the terms of any reorganization plan ultimately confirmed, can affect the value of the Company s various prepetition liabilities, common stock and/or other equity securities. Additionally, no assurance can be given as to what values, if any, will be ascribed in the bankruptcy cases to each of these constituencies. A plan of reorganization could result in holders of Delphi s common stock receiving no distribution on account of their interest and cancellation of their interests. In

addition, under certain conditions specified in the Bankruptcy Code, a plan of reorganization may be confirmed notwithstanding its rejection by an impaired class of creditors or equity holders and notwithstanding the fact that equity holders do not receive or retain property on account of their equity interests under the plan. In light of the foregoing, the Company considers the value of the common stock to be highly speculative and cautions equity holders that the stock may ultimately be determined to have little or no value. Accordingly, the Company urges that appropriate caution be exercised with respect to existing and future investments in Delphi's common stock or other equity interests or any claims relating to prepetition liabilities.
