**Item 1.01 Entry Into a Material Definitive Agreement.**

On September 8, 2008, RTI International Metals, Inc. ( RTI or the Company ) entered into a first amended and restated credit agreement (the Credit Facility ) in the amount of \$425,000,000 with the lenders thereto, National City Bank as Administrative Agent, and PNC Bank, National Association, as the Documentation Agent and Issuing Bank. The Credit Facility replaces the revolving credit facility that the Company put in place on September 27, 2007. The new Credit Facility includes a new term loan advanced on the closing date in the principal amount of \$225,000,000 and a revolving credit facility in the amount of \$200,000,000 with has a \$15,000,000 swing line sub-limit and a \$40,000,000 letter of credit sub-facility. These sub-limits are included in the \$200 million dollar revolving credit total and any unused portions are available for borrowing as revolving credit. The principal under the term loan will amortize in quarterly installments commencing in 2010, such that 20% of the principal balance will be repaid in 2010, 20% will be repaid in 2011 and the remaining 60% will be repaid in 2012. The maturity date for the revolving credit portion of the Credit Facility remains at September 27, 2012, but the maturity date may be extended each year for an additional year subject to approval by the lenders. RTI may, no more than once a year, request to increase the total size of the revolving credit facility in minimum increments of \$10,000,000 to an aggregate amount not in excess of \$300,000,000. No lender is obligated to increase its commitment. RTI also has the ability from time to time to voluntarily reduce the commitment in an amount of not less than \$10,000,000.

The existing credit facilities between RTI s Claro subsidiary and National City Bank s Canada Branch and Investissement Quebec remain in place, but the National City Canadian facility (the Canadian Facility ) was amended to permit the new Credit Facility.

The Credit Facility is guaranteed by the material domestic subsidiaries of RTI which include: RMI Titanium Company; Tradco, Inc.; RTI Energy Systems, Inc.; Extrusion Technology Corporation of America (d/b/a RTI-Fabrications); New Century Metals Southeast, Inc. (d/b/a RTI-LA); RTI Finance Corp., and any domestic subsidiary which in the future owns 5% or more of the consolidated assets of RTI and its subsidiaries. RTI pledged in favor of National City Bank, as Administrative Agent, 65% of the outstanding capital stock of RTI-Claro, Inc. and 65% of the outstanding capital stock of RTI Europe Limited.

Interest will be either (i) the base rate (National City prime) or (ii) the LIBOR rate plus, in either case, an applicable margin based upon the ratio of RTI s consolidated net debt to consolidated EBITDA. The interest rate election is at RTI s discretion. RTI has currently chosen the LIBOR rate option for the term loan. A facility fee, which is also based upon the leverage ratio described above, is payable on the revolving credit commitments.

The Credit Facility contains customary affirmative and negative covenants for credit facilities of this type, including limitations on indebtedness, liens, distributions, mergers and acquisitions, and disposition of assets. The Credit Facility also contains financial covenants for RTI including a leverage ratio of Net Debt to EBITDA no greater than 3.25 to 1.00 and a ratio of consolidated EBITDA to consolidated Interest Expense of not less than 2.0 to 1.0. These financial covenants are tested at the end of each fiscal quarter and the calculation is based primarily on GAAP definitions of EBITDA and debt.

The Credit Facility provides for customary events of default with corresponding grace periods, including, but not limited to, failure to pay any principal or interest when due, failure to comply with covenants, material breaches of representations or warranties, defaults relating to other indebtedness, insolvency or bankruptcy and a change in control of the Company.

A copy of the Credit Facility is filed as Exhibit 10.1 to this Form 8-K. A copy of the amendment to the Canadian Facility is filed as Exhibit 10.2 to this Form 8-K. The Company's press release announcing the Credit Facility is attached as Exhibit 99.1

**Item 3.03 Material Modification to Rights of Security Holders.**

The Credit Facility states that except in connection with (i) share purchase programs of RTI, (ii) employee stock purchase programs of RTI and its Subsidiaries and (iii) certain compensation and benefit plans, RTI shall not, and shall not permit any of its Subsidiaries to, make or pay, or agree to become or remain liable to make or pay, any dividend or other distribution of any nature (whether in cash, properties, securities or otherwise) on account of or in respect of its shares of capital stock if an event of default exists under the Credit Facility.

**Item 9.01 Financial Statements and Exhibits.**
