Other Events.

On January 21, 2016, Cigna Corporation ("Cigna") was notified by the Centers for Medicare & Medicaid Services ("CMS") of its intent to impose intermediate sanctions suspending the enrollment of and marketing to new customers of all Cigna Medicare Advantage and Standalone Prescription Drug Plan Contracts, effective at 11:59 p.m. on January 21, 2016. The suspension does not impact current Cigna Medicare Advantage and Medicare Part D enrollees' benefits or plans.

CMS imposed sanctions due to deficiencies discovered with Cigna's operations of its Parts C and D appeals and grievances, Part D formulary and benefit administration, and compliance program. Cigna is working to resolve these matters as quickly as possible and is cooperating fully with CMS on its review. Cigna is committed to its customers and ensuring that its customers have access to the quality healthcare, customer service and prescription drugs that they need.

This Current Report, and oral statements made with respect to information contained in this report, may contain forward-looking statements within the meaning of the Private Securities Litigation Reform Act of 1995. Forward-looking statements, including those related to the timing of resolution of the issues raised by CMS, are based on Cigna's current expectations and projections about future trends, events and uncertainties. You may identify forward-looking statements by the use of words such as "believe," "expect," "plan," "intend," "anticipate," "estimate," "predict," "potential," "may," "should," "will" or other words or expressions of similar meaning, although not all forward-looking statements contain such terms.

Forward-looking statements are subject to risks and uncertainties, both known and unknown, that could cause actual results to differ materially from those expressed or implied in forward-looking statements. Such risks and uncertainties include, but are not limited to: our ability to achieve our financial, strategic and operational plans or initiatives; our ability to predict and manage medical costs and price effectively and develop and maintain good relationships with physicians, hospitals and other health care providers; our ability to identify potential strategic acquisitions or transactions and realize the expected benefits of such transactions; the substantial level of government regulation over our business and the potential effects of new laws or regulations, or changes in existing laws or regulations; the outcome of litigation, regulatory audits, including the CMS review and sanctions, investigations and actions and/or guaranty fund assessments; uncertainties surrounding participation in government-sponsored programs such as Medicare; the effectiveness and security of our information technology and other business systems; and unfavorable industry, economic or political conditions, including foreign currency movements; the timing and likelihood of completion of the proposed merger with Anthem, Inc. ("Anthem"), including the timing, receipt and terms and conditions of any required governmental and regulatory approvals for the proposed merger that could reduce anticipated benefits or cause the parties to abandon the transaction; the possibility that the expected synergies and value creation from the proposed merger will not be realized or will not be realized within the expected time period; the risk that the businesses of Cigna and Anthem will not be integrated successfully; disruption from the proposed merger making it more difficult to maintain business and operational relationships; the risk that unexpected costs will be incurred; the possibility that the proposed merger does not close, including due to the failure to satisfy the closing conditions; the risk that financing for the proposed merger may not be available on favorable terms, as well as more specific risks and uncertainties discussed in our most recent report on Form 10-K and subsequent reports on Forms 10-Q and 8-K available on the Investor Relations section of www.cigna.com as well as on Anthem's most recent report on Form 10-K and subsequent reports on
