Proxy Statement

This Proxy Statement is furnished in connection with the solicitation of proxies by and on behalf of the Board of Directors (the "Board of Directors" or the "Board") of BSD Medical Corporation, a Delaware corporation (the "Company" or "BSD"), for use at the annual meeting of the stockholders (the "Annual Meeting") to be held at The Grand America Hotel located at 555 South Main Street, Salt Lake City, Utah, at 9:00 a.m., Mountain Time, on February 13, 2006. This Proxy Statement, the Notice of Annual Meeting of Stockholders and Form of Proxy are first being mailed to stockholders on or about January 20, 2006.

At the Annual Meeting, the stockholders of the Company will be asked to vote on three proposals. Proposal 1 is the annual election of six directors to serve on the Company's Board of Directors. Proposal 2 is the approval of an amendment to the 1998 Director Stock Plan to extend the term of the plan and to increase director compensation thereunder. Proposal 3 is ratification of the selection of Tanner LC as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2006.

A proxy for use at the Annual Meeting is enclosed. Any stockholder who executes and delivers such proxy has the right to revoke it any time before it is exercised by delivering to the Secretary of the Company an instrument revoking it or a duly executed proxy bearing a later date, or by attending the Annual Meeting and voting in person. Subject to revocation, the proxy holders will vote all shares represented by a properly executed proxy received in time for the Annual Meeting in accordance with the instructions on the proxy. If no instruction is specified with respect to the matters to be acted upon, the shares represented by the proxy will be voted FOR each proposal in accordance with the recommendation of the Board of Directors.

The expenses of preparing, assembling, printing and mailing this Proxy Statement and the materials used in the solicitation of proxies will be borne by the Company. Proxies will be solicited through the mail and may be solicited by the Company's officers, directors and employees in person or by telephone. They will not receive additional compensation for this effort. The Company does not anticipate paying any compensation to any other party for the solicitation of proxies, but may reimburse brokerage firms and others for their reasonable expenses in forwarding solicitation material to beneficial owners.

RECORD DATE AND QUORUM REQUIREMENTS

stock were issued and outstanding. Each outstanding share of common stock will be entitled to one vote on each matter submitted to a vote of the stockholders at the Annual Meeting.

The holders of one-third of the shares of the common stock outstanding on the Record Date, present in person or by proxy, will constitute a quorum for the transaction of business at the Annual Meeting and at any adjournment or postponement thereof. Any abstentions and broker non-votes will be deemed as present for purposes of determining a quorum at the Annual Meeting. All proposals, except for the election of directors, must be approved by a majority of the votes present in person or represented by proxy at the Annual Meeting, at which a quorum is present. The six individuals receiving the most votes will be elected to serve as directors of the Company. Abstentions will have the effect of being counted as voted against any of the proposals. Broker non-votes will not have the effect of being counted as voted in favor of or against any of the proposals.

1

PROPOSAL 1: ELECTION OF DIRECTORS

At the Annual Meeting, six directors are to be elected to serve until the next annual meeting of stockholders or until a successor for such director is elected and qualified, or until the death, resignation, or removal of such director. It is intended that the proxies will be voted for the six nominees named below for election to the Company's Board of Directors unless authority to vote for any such nominee is withheld. Each of the nominees is currently a director of the Company. Each person nominated for election has agreed to serve if elected, and the Board of Directors has no reason to believe that any nominee will be unavailable or will decline to serve. In the event, however, that any nominee is unable or declines to serve as a director at the time of the Annual Meeting, the proxies will be voted for any nominee who is designated by the current Board of Directors to fill the vacancy. Unless otherwise instructed, the proxy holders will vote the proxies received by them "FOR" the nominees named below. COMPOSITION OF THE BOARD

The Board of Directors of the Company currently consists of six directors. Directors are elected at each annual meeting of stockholders to serve until the next annual meeting of stockholders or until their successors are duly elected and qualified. There are no family relationships among any of the Company's directors, officers or key employees.

Affirmative Determinations Regarding Director Independence

The Board of Directors has determined each of the following directors to be an "independent director" as such term is defined in Section 121A of the Rules of the American Stock Exchange:

Michael Nobel
Douglas P. Boyd
Steven G. Stewart

In this Proxy Statement, these three directors are referred to individually as an "Independent Director" and collectively as the "Independent Directors."

MEETINGS AND COMMITTEES OF THE BOARD OF DIRECTORS

During fiscal year 2005, the Company's Board of Directors met four times and no director attended fewer than 75% of meetings of the Board or any of the Board committees of which a director was a member.

The Board of Directors has formed the following committees:

The Audit Committee. The Audit Committee, which held three meetings during fiscal year 2005, is responsible for reviewing and monitoring the Company's financial statements and internal accounting procedures, recommending

3

the selection of an independent registered public accounting firm by the Board, evaluating the scope of the annual audit, reviewing audit results, consulting with management and the Company's independent registered public accounting firm prior to presentation of financial statements to stockholders and, as appropriate, initiating inquiries into aspects of the Company's internal accounting controls and financial affairs. The Audit Committee acts pursuant to a written charter adopted by the Board of Directors, which is available at the Company's website and attached to this Proxy Statement as Appendix A.

The members of the Audit Committee are Messrs. Steven G. Stewart, Gerhard W. Sennewald and Michael Nobel. The Audit Committee has determined that Mr. Stewart is a financial expert, as such term is defined in Item 401(e)(2) of Regulation S-B promulgated by the Securities and Exchange Commission. All members of the Audit Committee are Independent Directors, except Dr. Sennewald.

The Nominating Committee. The Company does not have a standing nominating committee. Each director participates in decisions relating to making the Company's nominations for directors. The Board of Directors believes that, considering the size of the Company and the Board of Directors, nominating decisions can be easily made on a case-by-case basis and there is no need for the added formality of a nominating committee. Based on criteria established by the American Stock Exchange relating to director independence, Messrs. Nobel, Boyd and Stewart are the Company's only Independent Directors.

Edgar Filing: BSD MEDICAL CORP - Form DEF 14A

The Board of Directors does not have an express policy with regard to the consideration of director candidates since the Board believes that it can adequately evaluate nominees on a case-by-case basis. The Board has not previously received any recommendations for director candidates from stockholders, and has not adopted a formal process for considering director candidates who may be recommended by stockholders. However, the Company's policy is to give due consideration to any and all such candidates, and in evaluating director nominees, the Board considers the appropriate size of the Board, the needs of the Company, the skills and experience of its directors, and a candidate's familiarity with the Company's industry. The Company does not pay fees to any third parties to assist it in identifying potential nominees.

Although the Company does not have a formal policy regarding attendance by directors at the Company's Annual Meeting, it encourages directors to attend. The Board will give consideration to establishing a formal policy so as to maximize attendance by directors, taking into account the directors' schedules and the timing requirements of applicable law, as necessary. At the Company's last annual meeting, held January 14, 2005, all directors were in attendance.

The Compensation Committee. The Company has a standing compensation committee consisting of Messrs. Sennewald, Nobel and Stewart. All members of the Compensation Committee are Independent Directors, except Dr. Sennewald. The Compensation Committee, which held one meeting during fiscal year 2005, is responsible for reviewing, and making recommendations to the Board of Directors, regarding the salaries, bonuses and other compensation of our executive officers and reviewing and administering any stock option plan, stock purchase plan, stock award plan and employee benefit plan or arrangement established by the Board of Directors for the benefit of the executive officers, employees and the Independent Directors of the Company.

COMMUNICATIONS WITH DIRECTORS

The Company has not adopted a formal process for stockholder communications with the Board. Nevertheless, the Company has tried to ensure that the views of stockholders are heard by the Board or individual directors, as applicable, and that appropriate responses are provided to stockholders in a timely manner. The Company believes its responsiveness to stockholder communications to the Board has been good.

DIRECTOR COMPENSATION

Director compensation is determined pursuant to the 1998 Director Stock Plan ("Director Stock Plan"). The Director Stock Plan currently provides each non-employee director with an annual cash retainer of \$20,000 (the "Annual Retainer") and an option to acquire 25,000 shares of the Company's common stock at an exercise price equal to eighty-five percent (85%) of the fair market value of the common stock as of the date of the grant (the "Option"). Of the Annual Retainer, a cash payment of \$10,000 is made in arrears to each non-employee director, payable in equal installments of \$5,000 each on March 1 and September 1 of each year in which each non-employee director continues to serve as a member of the Board. Pursuant to Proposal 2 of this Proxy Statement, the Company's stockholders are being asked to approve an amendment to the Director Stock Plan to increase the Annual Retainer and to price the Option as further described hereafter. The portion of the Annual Retainer not paid in cash is paid in the form of common stock (the "Common Stock Payments"). The total number of shares of common stock included in each Common Stock Payment will be determined by dividing the amount of the Annual Retainer that is to be paid in common stock by the fair market value of a share of common stock. The fair market value of the common stock is determined by the Board. The Common Stock Payments are paid on March 1 and September 1 of each year. The Company has reimbursed directors for out-of-pocket expenses incurred in attending Board meetings. Paul F. Turner and Hyrum A. Mead are the only members of the Board of Directors who are employed by the Company. Messrs. Turner and Mead do not receive separate compensation for services performed as directors.

5

CODE OF ETHICS

The Company has adopted a code of ethics that applies to each of the directors, officers and employees of the Company. The code of ethics is available at the Company's website at www.bsdmc.com/ethics.htm.

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS OF

6

PROPOSAL 2: AMENDMENT OF THE 1998 DIRECTOR STOCK PLAN TO EXTEND THE TERM OF THE PLAN AND TO INCREASE THE COMPENSATION PAID TO DIRECTORS UNDER THE PLAN

The Board has amended the 1998 Director Stock Plan (the "Director Stock Plan"), subject to approval by the Company's stockholders at the Annual Meeting. The affirmative vote of the holders of a majority of the shares of Common Stock present, in person or by proxy, and entitled to vote at the Annual Meeting is required to amend the Director Stock Plan. If the amendment to the Director Stock Plan is not so approved, it will not become effective.

The purpose of the Director Stock Plan is to provide for a method of compensation for the members of the Board who are not employees of the Company (the "Non-Employee Directors") that will strengthen the alignment of their financial interests with those of the Company's stockholders. The following is a summary of the principal provisions of the Director Stock Plan, a copy of which is attached to this Proxy Statement as Appendix B, and the effect of the proposed amendment. This summary is qualified in its entirety by express reference to the complete text of the Director Stock Plan.

The Director Stock Plan currently provides each Non-Employee Director with an annual compensation retainer of \$20,000 (the "Annual Retainer") and an option to acquire 25,000 shares of the Company's Common Stock at an exercise price equal to eighty-five percent (85%) of the fair market value of the Common Stock as of the date of the grant (the "Option"). Of the Annual Retainer, a cash payment of \$10,000 is made in arrears to each Non-Employee Director, payable in equal installments of \$5,000 each on March 1 and September 1 of each year in which each Non-Employee Director continues to serve as a member of the Board.

If the amendment to the Director Stock Plan is approved and becomes effective, the Annual Retainer would be increased to \$30,000 for Non-Employee Directors, other than the Chair of the Audit Committee, who would receive \$35,000. Of the Annual Retainer, a cash payment of \$15,000 would be made in arrears to each Non-Employee Director, other than the Chair of the Audit Committee, who would receive a cash payment of \$20,000, payable in equal installments on March 1 and September 1 of each year in which each Non-Employee Director continues to serve as a member of the Board.

The portion of the Annual Retainer not paid in cash currently is and, if the amendment to the Director Stock Plan is approved, will continue to be, paid in the form of Common Stock (the "Common Stock Payments"). The total number of shares of Common Stock included in each Common Stock Payment will be determined by dividing the amount of the Annual Retainer that is to be paid in Common Stock by the fair market value of a share of Common Stock (with any resulting fractional shares to be paid in cash). The fair market value of the Common Stock will be determined by reference to the twenty (20) day average closing prices for the Common Stock prior to the payment dates, as reported by the American Stock Exchange, or the market makers in the Company's Common Stock, or by the Board. The Common Stock Payments will be made on March 1 and September 1 of each year.

The Director Stock Plan currently provides and, if the amendment to the Director Stock Plan is approved, will continue to provide, each Non-Employee Director with an annual Option to acquire shares of Common Stock on September 1

Edgar Filing: BSD MEDICAL CORP - Form DEF 14A

of each year. The total number of shares of Common Stock included in the annual Option granted to each Non-Employee Director will be increased to 30,000. Each Option will vest in five equal and annual installments, and will expire ten years from the date of grant. Portions of the Option which have vested in the Non-Employee Director may be exercised at the fair market value of the common stock at the date the Option is granted, as calculated with respect to the Annual Retainer. The exercise price may be paid in cash, or by exchange of the vested and exercised portion of the Option for the number of shares of Common Stock equal in value to the difference in the fair market value of one share of Common Stock as of the date the Option is exercised and the fair market value of one share of Common Stock on the date the Option is granted, multiplied by the number of shares of Common Stock for which the Option is being exercised.

7

Annual grants under the Director Stock Plan may be made out of the authorized but unissued shares of Common Stock or by transfer of shares of Common Stock previously reacquired by the Company. There will be no vesting or similar conditions applicable to shares following the applicable Common Stock Payment. The aggregate number of shares of Common Stock which may be granted during the term of the Director Stock Plan is 1,000,000. The number of shares issuable in connection with any annual grant and the aggregate number of shares remaining available for issuance under the Director Stock Plan will be proportionately adjusted to reflect any subdivision or combination of outstanding shares of Common Stock.

The Director Stock Plan expired by its terms on August 31, 2003. In 2004, the Board of Directors extended the Director Stock Plan until the shareholders could formally approve a new term. Approval of the amendment to the Director Stock Plan would extend the term of the Director Stock Plan to August 31, 2011, unless it is terminated prior to that time by action of the Board. Going forward, each Non-Employee Director will continue to receive such annual grants and payments as long as the director has the status of Non-Employee Director. If a Non-Employee Director no longer serves as a director of the Company for any reason, that director will be entitled to all unpaid portions of his or her Annual Retainer which will have accrued on a daily basis through the date of such termination.

The Board may from time to time amend, modify, or suspend the Director Stock Plan for the purpose of meeting or addressing any changes in legal requirements or for any other purpose permitted by law except that (i) no amendment or alteration shall be effective prior to approval by the Company's stockholders to the extent such approval is then required by applicable legal requirements and (ii) the Director Stock Plan shall not be amended more than once every six months to the extent such limitation is required by Rule 16b-3 (or any successor provision) under the Securities Exchange Act of 1934, as then in effect.

Certain Federal Income Tax Consequences

The following is a summary of the principal U.S. federal income tax consequences generally applicable to awards under the Director Stock Plan.

Annual Retainer. A director must recognize ordinary income upon receipt of cash pursuant to the Annual Retainer, and the Company will be entitled to a deduction for the same amount if and to the extent that the amount satisfies general rules concerning deductibility of compensation. A director must also recognize ordinary income equal to the fair market value of the shares of Common Stock received (determined as of the date the shares are released from escrow) pursuant to the Annual Retainer, and the Company will be entitled to a deduction for the same amount at the same time.

Edgar Filing: BSD MEDICAL CORP - Form DEF 14A

Options. The grant of an option should not result in any taxable income for a director. If a special election is made pursuant to Section 83(b) of the Internal Revenue Code upon exercise of an option, a director will recognize ordinary income equal to the excess of the fair market value of the shares of Common Stock acquired on the date of exercise over the exercise price, and the Company will be entitled at that time to a tax deduction for the same amount. If the special election under Section 83(b) of the Internal Revenue Code is not made, shares of Common Stock received pursuant to the exercise of an option may be treated as restricted as to transferability and subject to a substantial risk of forfeiture for a period of up to six months after the date of exercise. Accordingly, the amount of any ordinary income recognized, and the amount of the Company's tax deduction, may be determined as of the end of such period. The tax consequence to a director upon a disposition of shares of Common Stock acquired through the exercise of an option will depend on how long the shares have been held. Generally, there will be no tax consequences to the Company in connection with the disposition of shares acquired pursuant to an option.

8

NEW PLAN BENEFITS

The following table lists the benefits that will be received by or allocated to certain persons and groups under the Director Stock Plan.

1998 Director Stock Plan(1)

Name and Position -----	Dollar Value -----	Number of Units -----
Non-Executive Director Group	Not Determinable(2)	132,000(3)

- (1) Other than as listed in this table, awards under the Director Stock Plan will be made by the Board at a future time, so the Company is currently unable to determine the potential benefits to any other individuals under the Director Stock Plan.
- (2) These grants are contingent upon the election of non-employee directors at the Annual Meeting and will occur at a future date. Accordingly, at this time, the dollar value of such grants is not determinable.
- (3) Under the Director Stock Plan, each non-employee director who continues to serve on the Board will automatically receive an annual grant of an option to acquire 30,000 shares of the Company's Common Stock. Each such option will vest in five equal and annual installments, and will expire ten years from the date of grant. In addition, non-employee directors receive an amount of common stock determined by dividing \$15,000 by the fair market value of a share of Common Stock, as described in the Director Stock Plan. Assuming an average price per share of \$5, this annual grant would amount to 3,000 shares per director.

RECOMMENDATION OF THE BOARD OF DIRECTORS

THE BOARD OF DIRECTORS UNANIMOUSLY RECOMMENDS THAT THE STOCKHOLDERS OF THE COMPANY VOTE FOR THE AMENDMENT TO THE DIRECTOR STOCK PLAN.

9

Edgar Filing: BSD MEDICAL CORP - Form DEF 14A

PROPOSAL 3: RATIFICATION OF INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

The Company is asking the stockholders to ratify the selection of Tanner LC as the Company's independent registered public accounting firm for the fiscal year ending August 31, 2006. The affirmative vote of the holders of a majority of the shares of common stock present, in person or by proxy, and entitled to vote at the meeting will be required to ratify the selection of Tanner LC.

In the event the stockholders fail to ratify the appointment, the Audit Committee of the Board of Directors will consider it as a direction to select other auditors for the subsequent year. Even if the selection is ratified, the Board or Audit Committee in their discretion may direct the appointment of a different independent registered public accounting firm at any time during the year if the Board determines that such change would be in the best interest of the Company and its stockholders.

Tanner LC audited the Company's financial statements for fiscal years ending August 31, 2005 and 2004. Its representatives may be present at the annual meeting, and if present will have the opportunity to make a statement if they desire to do so and will be available to respond to appropriate questions.

AMENDED AND RESTATED
1998 DIRECTOR STOCK PLAN

PART A. PLAN ADMINISTRATION AND ELIGIBILITY

1. Purpose.

The purpose of this 1998 Director Stock Plan (the "Plan") of BSD Medical Corporation (the "Company") is to encourage ownership in the Company by outside directors of the Company (each, a "Non-Employee Director," or collectively, the "Non-Employee Directors") whose continued services are considered essential to the Company's continued progress and thus to provide them with a further incentive to remain as directors of the Company.

2. Administration.

The Board of Directors (the "Board") of the Company or any committee (the "Committee") of the Board that will satisfy Rule 16b-3 of the Securities Exchange Act of 1934, as amended (the "Exchange Act"), and any regulations promulgated thereunder, as from time to time in effect, including any successor rule ("Rule 16b-3"), shall supervise and administer the Plan. The Committee shall consist solely of two or more non-employee directors of the Company, who shall be appointed by the Board. A member of the Board shall be deemed to be a "non-employee director" only if such member satisfies such requirements as the Securities and Exchange Commission may establish for non-employee directors under Rule 16b-3. No member of the Board or the Committee shall receive additional compensation for services in connection with the administration of the Plan.

The Board or the Committee may adopt such rules or guidelines as it deems appropriate to implement the Plan. All questions of interpretation of the Plan or of any shares issued under it shall be determined by the Board or the Committee and such determination shall be final and binding upon all persons having an interest in the Plan.

3. Participation in the Plan.

Each member of the Board who is not an employee of the Company or any of its subsidiaries or affiliates shall receive payment for his or her Annual Retainer (as defined in Section 6 below) under the Plan, and shall receive an Option annually, for so long as he or she serves as a director of the Company.

4. Stock Subject to the Plan.

The maximum number of shares of the Company's common stock, par value \$0.01 per share ("Common Stock"), which may be issued under the Plan, either as a Common Stock Payment, as defined below, or upon exercise of Options, as defined below, shall be one million (1,000,000). The limitation on the number of shares which may be issued under the Plan shall be subject to adjustment as provided in Section 9 of the Plan.

PART B. TERMS OF THE PLAN

5. Effective Date of the Plan.

The Plan shall be effective as of September 1, 1998, subject to the approval and ratification of the Plan by the shareholders of the Company. The Plan shall terminate on August 31, 2011, unless earlier terminated by the Board of Directors or the Committee.

6. Terms and Conditions.

- a. Compensation. During the term of the Plan, the Company shall pay to each Non-Employee Director for each year in which the Non-Employee Director serves as a Non-Employee Director of the Company, annual compensation in the amount of Thirty Thousand Dollars (\$30,000) (the "Annual Retainer"); provided, however, that any Non-Employee Director qualifying as a "financial expert" pursuant to Item 401(e)(2) of Regulation S-B promulgated under the Securities Exchange Act of 1934, as amended ("Financial Expert"), shall receive an Annual Retainer of Thirty-five Thousand Dollars (\$35,000). If a Non-Employee Director no longer serves as a director of the Company, for any reason including death or disability, such Non-Employee Director shall be entitled to all unpaid portions of his or her Annual Retainer which shall have accrued (on a daily basis) through the date of such termination.
- b. Cash Payments. Each Non-Employee Director shall receive annually from the Company, as part of the Annual Retainer, Fifteen Thousand Dollars (\$15,000) in cash (the "Cash Payment"); provided, however, that the Financial Expert shall receive an annual Cash Payment of Twenty Thousand Dollars (\$20,000). The Cash Payment shall be made in arrears in equal semi-annual installments on March 1 and September 1 of each year (or if such day is not a business day, on the next succeeding business day), with the first Cash Payment to be made on or about March 1, 1999.
- c. Common Stock Payments.
 - (i) Number of Shares Subject to Common Stock Payment. Each Non-Employee Director shall receive annually and automatically from the Company the balance of the Annual Retainer in the form of shares of Common Stock (the "Common Stock Payment"). The Common Stock Payment shall be made in arrears in semi-annual installments on March 1 and September 1 of each year (or if such day is not a business day, on the next succeeding business day), with the first Common Stock Payment to be made on or about March 1, 1999. The number of shares of Common Stock included in each Common Stock Payment shall be determined by dividing Fifteen Thousand Dollars (\$15,000) by (i) the preceding twenty (20) day average of the closing prices for the Common Stock as reported by the American Stock Exchange, if available, on the date in question (or, if such day is not a business day, on the next succeeding business day), (ii) the average of the prices quoted by the then market makers in the Company's Common Stock on such dates or (iii) by such amount as the Board or Committee determines in good faith to be the fair value of a share of Common Stock (each, the "Fair Market Value"). The amount of each

Edgar Filing: BSD MEDICAL CORP - Form DEF 14A

installment shall be equal to the largest number of whole shares determined as follows:

$$\frac{\$15,000}{\text{Fair Market Value on Date of Award}} = \text{Number of Shares}$$

B-2

Any payment for a fractional share automatically shall be paid in cash based upon the Fair Market Value on the date of the respective award of such fractional share.

- (ii) Holding Period for Common Stock Payment Shares. The shares of Common Stock included in each Common Stock Payment shall be deposited in certificate or book entry form in escrow with the Company's Secretary until the six-month anniversary of the date of issuance. The Non-Employee Director shall retain all rights in the shares while they are held in escrow, such as voting rights and the right to receive dividends, but the Non-Employee Director shall not have the right to pledge, sell or otherwise transfer such shares until after the six-month anniversary of the issuance date, at which time the Company's Secretary shall release the shares from escrow and deliver any applicable stock certificates to the Non-Employee Director or release any applicable restrictions on the Non-employee Director's book entry account.

d. Options.

- (i) Annual Grant. In addition to the Annual Compensation, during the term of the Plan, the Company shall grant to each Non-Employee Director for each year in which the Non-Employee Director serves as a Non-Employee Director of the Company, an option to purchase 30,000 shares of Common Stock (the "Option"). The Option shall be granted effective September 1 in each year, beginning in 1998. The Option shall not qualify as an "incentive stock option" as defined in Section 422 of the Internal Revenue Code of 1986. If a Non-Employee Director no longer serves as a director of the Company, for any reason including death or disability, such Non-Employee Director shall be entitled to the portion of his or her Option which shall have accrued (on a daily basis) through the date of such termination.
- (ii) Purchase Price. The purchase price of the Common Stock issued pursuant to an exercise of the Option shall be the Fair Market Value of the Common Stock at the date the Option is granted (the "Purchase Price"), with such fair market value to be determined as provided in Section 6.c.(i) above. The Purchase Price shall be payable upon the exercise of the Option and may be paid by (i) cash or check payable to the Company, (ii) the delivery to the Company of the number of outstanding shares of Common Stock equal in Fair Market Value to the Purchase Price, or (iii) receiving from the Company in exchange for the Option the number of shares of Common Stock equal in value to the excess of the Fair Market Value of one share of Common Stock of the Company over the Purchase Price per share of Common Stock, multiplied by the number of shares of Common Stock

Edgar Filing: BSD MEDICAL CORP - Form DEF 14A

underlying the Option.

- (iii) Term and Vesting. Except as otherwise set forth herein, unless earlier exercised, each Option shall terminate and expire upon the tenth anniversary of the date such Option is awarded. Twenty percent (20%) of each Option granted to a Non-Employee Director shall vest on each anniversary of the effective date of the award, provided that the Non-Employee shall have remained a director of the Company since the date of the award. In the event a Non-Employee Director ceases to serve as a director of the Company for any reason, any Option granted to a Non-Employee Director which has (i) not vested in accordance with this section shall be forfeited without compensation by the Company, and all rights of the Non-Employee Director in respect of such non-vested portion of the Option shall terminate and be of no further force or effect, and (ii) vested in accordance with this section shall remain exercisable for a period of one hundred eighty days following the last day such Non-Employee Director is a director of the Company, after which period the Option shall terminate and be of no further force or effect.
