Report of Independent Accountants

To the Participants and Administrator of
CMI Corporation Employees' Tax Savings Thrift Plan

In our opinion, the accompanying statements of net assets available for benefits and the related statement of changes in net assets available for benefits present fairly, in all material respects, the net assets available for benefits of CMI Corporation Employees' Tax Savings Thrift Plan (the "Plan") at December 31, 2001 and 2000, and the changes in net assets available for benefits for the year ended December 31, 2001 in conformity with accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Plan's management; our responsibility is to express an opinion on these financial statements based on our audits. We conducted our audits of these statements in accordance with auditing standards generally accepted in the United States of America, which require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements, assessing the accounting principles used and significant estimates made by management, and evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

Our audits were conducted for the purpose of forming an opinion on the basic financial statements taken as a whole. The supplemental Schedule of Assets (Held at End of Year) is presented for the purpose of additional analysis and is not a required part of the basic financial statements but is supplementary information required by the Department of Labor's Rules and Regulations for Reporting and

Edgar Filing: TEREX CORP - Form 11-K

Disclosure under the Employee Retirement Income Security Act of 1974. This supplemental schedule is the responsibility of the Plan's management. The supplemental schedule has been subjected to the auditing procedures applied in the audits of the basic financial statements and, in our opinion, is fairly stated in all material respects in relation to the basic financial statements taken as a whole.

CMI Corporation Employees'
Tax Savings Thrift Plan

Notes to Financial Statements

1. Description of the Plan

The following description of the Plan is provided for general information purposes only. Participants should refer to the Plan Agreement for a complete description of the provisions of the Plan.

General

The CMI Corporation Employees' Tax Savings Thrift Plan (the "Plan"), a defined contribution plan, is available to any employee who was a participant of the CMI Employees' Retirement Plan at the date of termination of that plan or any full-time employee on the Plan's entry dates, which are the first day of January and July, following the employee's employment commencement date. Employees covered by a collective bargaining agreement other than the Load King collective

Edgar Filing: TEREX CORP - Form 11-K

bargaining agreement are excluded from participation in the Plan. The Plan is subject to the provisions of the Employee Retirement Income Security Act of 1974 ("ERISA").

Participant Accounts

A separate account is maintained for each participant. In addition to participant contributions, each participant's account may be credited with CMI Corporation's (the "Employer" or "Company") matching and profit-sharing contributions. Investment income and expense is allocated to each participant by investment fund based on that participant's share of the Plan's total fund investment. The benefit to which a participant is entitled is the benefit that can be provided from the vested portion of the participant's account.

Contributions

Participants may contribute to the Plan through payroll deductions from 1% to 17% of their compensation on a pre-tax basis, subject to various limits established in the Internal Revenue Code. Employer contributions are based on a percentage of employee contribution amounts and were determined prior to the end of each plan year at the discretion of the Retirement Committee of the Board of Directors of CMI Corporation. Employer contributions may be made under two options; matching contributions and profit sharing contributions. The employer matched 15% of each participant's contribution in 2001. No contributions were made under the profit sharing option during 2001. Employer contributions, under either option, are not required for any plan year and are limited to the maximum amount established in the Internal Revenue Code.

Vesting

Participants are immediately vested in their contributions plus earnings thereon. Employer contributions and earnings thereon are immediately vested for participants who entered the Plan prior to April 1, 1995. Vesting of employer contributions (matching and profit-sharing) and earnings thereon for participants entering the Plan subsequent to April 1, 1995 are based on years of continuous service. Vesting of employer matching and profit-sharing contributions begins after three years of credited service with full vesting occurring after seven years of credited service.

Investment Options

Participants can direct contributions into a Company common stock fund account maintained by Bank of Oklahoma and certain mutual funds as listed in the supplemental schedule. Participants can also transfer investments among these investment options.

- 4 -

CMI Corporation Employees'
Tax Savings Thrift Plan

Notes to Financial Statements

Benefit Payments and Distributions

Upon retirement at normal retirement age, disability as defined by the Plan or death of a participant, the participant or designated beneficiary is fully vested with respect to the entire amount allocated to the participant's account. Participants or the designated beneficiary may elect to receive distributions in a lump-sum or substantially equal payments in monthly, quarterly, semi-annual or

Edgar Filing: TEREX CORP - Form 11-K

annual installments including interest thereon. For termination of services due to other reasons, participants may receive the value of the vested interest in their account as a lump-sum distribution.

Loans to Participants

Participants may borrow against the vested portion of their account balances subject to certain limitations, as defined by the Plan. Loans bear interest at a fixed rate of prime plus 1% and are subject to other terms as described in the Plan. Loan repayment periods generally range from 1 to 5 years with certain exceptions.

Forfeitures

Forfeitures of Employer contributions are first used to reduce the Plan's ordinary and necessary administrative expenses for the plan year and then to reduce Employer contributions. Forfeitures of nonvested amounts for the year ended December 31, 2001 were \$49,623.

Plan Termination

CMI Corporation may terminate or amend the Plan at any time, subject to provisions set forth in ERISA and the Internal Revenue Code. In the event of Plan termination or permanent discontinuance of employer contributions, participants will become 100% vested in their accounts as of the effective date of complete termination of the Plan or permanent discontinuance of employer contributions. The assets of the Plan shall not be paid to the Employer at anytime, except that, after the satisfaction of all liabilities under the Plan, any assets remaining may be paid to the Employer, unless otherwise provided by law.

2. Summary of Significant Accounting Policies

Basis of Accounting

The Plan's financial statements are prepared on the accrual basis of accounting.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of additions to and deductions from net assets during the reporting period. Actual results could differ from those estimates.

Investment Valuation

Stock fund investments are valued at fair market value as determined by the Bank of Oklahoma (the "Trustee") based on quoted market values of the underlying assets at December 31. Mutual fund investments are valued at net asset value based on fair market at December 31 as determined by the respective mutual fund company. The cost of

- 5 -

CMI Corporation Employees'
Tax Savings Thrift Plan

Notes to Financial Statements

securities sold is based on the average cost of all such securities held at the time of sale. Investments in registered investment

Edgar Filing: TEREX CORP - Form 11-K

companies traded on a national securities exchange are valued at the latest reported sales price on the last business day of the period. If no sale has taken place, the securities are valued at the last bid price. If no bid price has been reported, or if no exchange quotation is available, the securities are valued at the quotation obtained from a reputable broker. Interest income is recorded when earned and dividend income is recorded on the ex-dividend date. Investment transactions are recorded on a trade-date basis. The loans to participants are valued at cost, which approximates fair value.

Investment securities are exposed to various risks, such as interest rate, market, and credit. Due to the level of risk associated with certain investment securities and the level of uncertainty related to changes in the value of investment securities, it is at least reasonably possible that changes in risks in the near term could materially affect the amounts reported in the Statement of Net Assets Available for Benefits.

Payment of Benefits

Benefits are recorded when paid. As of December 31, 2001 and 2000 net assets available for benefits included approximately \$0 and \$24,000, respectively, for distribution to participants who elected to withdraw plan benefits that were not distributed prior to the respective plan year end.

Administrative Expenses

All investment related costs and costs incurred related to maintaining Plan records are paid by the Plan.

3. Investments

The following presents investments that represent 5 percent or more of the Plan's net assets at December 31, 2001 and 2000:

	2001	2000
Fidelity Advisor:		
U.S. Treasury Fund	\$ 3,262,272	\$ 2,361,676
High Yield Fund	954,502	973,799
Intermediate Bond Fund	935,895	904,495
Balanced Fund	1,075,495	1,287,287
Equity Income Fund	3,083,101	3,207,592
Growth Opportunity Fund	3,514,658	4,522,438
Terex Corporation Stock Fund	1,014,126	-
CMI Corporation Stock Fund	-	669,288
Loans to participants	1,216,459	1,391,212
All other investments less than 5%	2,871,568	3,004,662
	-----	-----
Total	\$ 17,928,076	\$ 18,322,449
	=====	=====

- 6 -

CMI Corporation Employees'
Tax Savings Thrift Plan

Notes to Financial Statements

During 2001, the Plan's investments (including gains and losses on investments bought and sold, as well as held during the year)

Edgar Filing: TEREX CORP - Form 11-K

appreciated (depreciated) in value as follows:

Mutual funds	\$ (1,541,349)
Common stock	544,345

	\$ (997,004)
	=====

4. Tax Status

The Plan obtained its latest determination letter on October 28, 1992, in which the Internal Revenue Service stated that the Plan, as then designed, was in compliance with the applicable requirements of the Internal Revenue Code. The Plan has been amended since receiving the determination letter. However, the plan administrator and the Plan's tax counsel believe that the Plan is currently designed and being operated in compliance with the applicable requirements of the Internal Revenue Code.

5. Transactions with Parties-In-Interest

During the year ended December 31, 2001, the Plan bought, sold and held units of participation in separate accounts maintained by the Bank of Oklahoma, the Plan trustee. These transactions, as well as loans to participants, are allowable party-in-interest transactions under Section 408(b)(8) of the ERISA regulations.

6. Acquisition by Terex Corporation

On October 1, 2001, CMI Corporation was acquired by Terex Corporation of Westport, CT. As a result of the acquisition, all CMI Corporation common stock under this plan was exchanged for Terex Corporation common shares. No gain or loss was recorded as a result of the acquisition and all subsequent purchases and sales in the Plan's Company stock investment account are to be transacted in Terex Corporation common shares.
