Item 1. Security and Issuer.

This Amendment No. 7 to Schedule 13D amends the statement on Schedule 13D originally filed by Norsk Hydro ASA (“Norsk Hydro”) and Norsk Hydro Produksjon AS (“Produksjon”) on March 13, 2007 and amended on June 18, 2007, August 17, 2007, October 15, 2007, March 14, 2008, March 28, 2008 and October 9, 2008 (as amended, the “Schedule 13D”) with the Securities and Exchange Commission (the “SEC”), relating to the common shares, par value \$0.0001 per share (the “Shares”), of Ascent Solar Technologies, Inc., a Delaware corporation (the “Company”).

Item 2. Identity and Background.

Item 2 of this Schedule 13D is hereby amended by replacing the fourth paragraph thereof with the following:

“The name, business address, present principal occupation or employment and citizenship of each of the executive officers and directors of Norsk Hydro and Produksjon are set forth in Schedule A hereto and are incorporated by reference herein.”

Item 5. Interest in Securities of the Issuer.

Item 5 of this Schedule 13D is hereby amended and restated in its entirety to read as follows:

The responses of Norsk Hydro and Produksjon to Rows (7) through (13) of the cover pages of this Schedule 13D and the information set forth in Item 3 are hereby incorporated by reference in this Item 5.

Pursuant to the Securities Purchase Agreement, on the First Closing, Produksjon acquired 1,600,000 Shares, representing 23.0% of the Company’s outstanding Shares as of the date of the First Closing. Each of Norsk Hydro and Produksjon is deemed to beneficially own these 1,600,000 Shares.

On the Initial Warrants Closing, Produksjon acquired (i) 934,462 Shares, which, together with the 1,600,000 Shares owned by Produksjon, represented 23.0% of the Company’s outstanding Shares as of the date of the Initial Warrants Closing and (ii) 1,965,690 Class B Warrants.

On the March 28 Closing, Produksjon acquired 2,341,897 Shares and 1,689,905 Class B Warrants.

On the October 8 Closing, Produksjon acquired 2,421,801 Shares.

In aggregate, Produksjon therefore holds 7,298,160 Shares and 3,655,595 Class B Warrants. Because the Class B Warrants held by Produksjon are exercisable within 60 days, Produksjon is deemed to own the 3,655,595 Shares underlying these 3,655,595 Class B Warrants by applicable SEC rules. Therefore, each of Norsk Hydro and Produksjon beneficially own, as of the date hereof, 10,953,755 Shares, which represents 44.1% of the Company’s issued and outstanding Shares.

The percentage of the class of securities identified pursuant to Item 1 beneficially owned by each of Norsk Hydro and Produksjon is based on 21,157,261 Shares outstanding as of September 23, 2009, as provided by the Company, and an additional 3,655,595 Shares issuable to Produksjon upon exercise of the Class B Warrants it holds, for an aggregate of 24,812,856 Shares currently issued and outstanding.

In addition, the Shares deemed beneficially owned by each of Norsk Hydro and Produksjon with respect to which such person (i) has sole voting power, (ii) shares voting power, (iii) has sole dispositive power and (iv) shares dispositive power are listed in the responses to Items 7, 8, 9 and 10, respectively, of the cover page of this Schedule 13D relating to such person.

Except as disclosed in this Schedule 13D, neither Norsk Hydro nor Produksjon nor, to the best of their knowledge, any of the persons listed in Schedule A hereto, beneficially owns any Shares or has the right to acquire any Shares.

Except as disclosed in this Schedule 13D, neither Norsk Hydro nor Produksjon nor, to the best of their knowledge, any of the persons listed in Schedule A hereto, presently has the power to vote or to direct the vote or to dispose or direct the disposition of any of the Shares that they may be deemed to beneficially own.

Except as disclosed in this Schedule 13D, neither Norsk Hydro nor Produksjon nor, to the best of their knowledge, any of the persons listed in Schedule A hereto, has effected any transaction in the Shares during the past 60 days.

To the best knowledge of Norsk Hydro and Produksjon, no other person has the right to receive or the power to direct the receipt of dividends from, or the proceeds from the sale of, the Shares beneficially owned by Norsk Hydro and Produksjon.

Item 6. Contracts, Arrangements, Understandings or Relationships with Respect to Securities of the Issuer.

Item 6 of the Schedule 13D is hereby amended and supplemented by adding the following text after the third paragraph of Item 6:

“On September 29, 2009, Produksjon and the Company entered into a Securities Purchase Agreement (the “Second Securities Purchase Agreement”), a copy of which is attached as Exhibit G hereto. The description of the Second Securities Purchase Agreement contained herein is qualified in its entirety by reference to Exhibit G, which is incorporated herein by reference. Pursuant to the Second Securities Purchase Agreement, the Company agreed to issue to Produksjon, and Produksjon agreed to purchase, accept and acquire from the Company such number of Shares as is determined by dividing \$5,000,000 by the price per Share for which Shares are sold in the anticipated underwritten public offering of the Company pursuant to an effective shelf registration statement on file with the SEC (the “Public Offering”). The acquisition of Shares by Produksjon pursuant to the Second Securities Purchase Agreement is conditional on the Public Offering having been completed and will close, if at all, concurrently with the Public Offering. The Second Securities Purchase Agreement may be terminated by Produksjon if the Public Offering has not been completed by October 31, 2009. Produksjon expects that the funds for the subscription price for the Shares to be acquired pursuant to the Second Securities Purchase Agreement will be obtained by Produksjon from its working capital.”
