**Item 8.01 Other Events**

As previously reported, HearUSA, Inc. (the Company) discovered improper Massachusetts Medicaid billing by a unit of the Helix business acquired by the Company in 2002. The Company discovered eight Massachusetts hearing care centers had improperly submitted claims to Medicaid for hearing aids and accessories during the period from December 2000 through August 2002 for billings submitted prior to the Company's acquisition of these centers. The Company voluntarily reported this to the Massachusetts Division of Medical Assistance, offered to repay the Commonwealth of Massachusetts the overbilled amounts, and then undertook to verify the actual amount of the overbilling. The Company cooperated fully with the Massachusetts Attorney General's Office which conducted its own inquiry into this matter. On April 10, 2006, the Massachusetts Attorney General's Office announced the resolution of this matter with the Company. The Company has repaid the overbilled amounts of \$312,873, together with interest of \$35,000 and investigative costs of \$5,000. These amounts had been fully reserved by the Company and so will have no impact on the Company's profit and losses for the quarter in which they were paid. The Company has implemented its billing systems throughout the acquired Helix centers since the 2002 acquisition and has augmented those systems with additional training and monitoring to ensure compliance with State Medicaid billing requirements.
